ORCHESTRATING ECOSYSTEMS **TO DELIVER GROWTH**

Annual Report 2025

PT Bank Mandiri (Persero) Tbk

ORCHESTRATING ECOSYSTEMS TO DELIVER GROWTH

The year 2025 marked a defining phase in which Bank Mandiri further reinforced its role as a key driver within the national economic ecosystem. Amid global uncertainty, resilient domestic fundamentals created space for disciplined, impactful leadership. Bank Mandiri stands not only as a financial institution, but as a strategic pillar that aligns liquidity, financing, technology, and trust into a unified orchestration.

The Company's growth is driven by Wholesale Banking dominance as its core competence, sustained expansion in the Retail Banking segment, and strategic synergies with Subsidiaries that strengthen the ecosystem value chain in a comprehensive manner. This orchestration is realized through strengthened financing to productive and priority sectors, comprehensive support for MSMEs nationwide, and active participation in government strategic programs that directly impact the real economy and broader society. Our intermediation role is guided by a disciplined balance between expansion and quality, between growth and resilience.

While the industry navigates liquidity pressures and evolving risk dynamics, Bank Mandiri upholds prudence, safeguards asset quality, and maintains strong capital and funding structures. The growth we pursue is disciplined, measured, and anchored in robust governance.

Digital transformation serves as the connective backbone of our growth orchestration. Through integrated platforms, millions of businesses and individuals, including those in non-urban and remote regions, are connected within an inclusive and productive transaction network. Our technology is not merely innovation; it is economic infrastructure that expands access and accelerates value creation.

Our sustainability commitment continues to strengthen. International recognition of our governance and ESG risk management places Bank Mandiri alongside leading institutions in the region. We do not only finance growth; we enable a transition toward a greener, more inclusive, and responsible economy.

For Bank Mandiri, orchestrating ecosystems means aligning the strengths of government, enterprises, and communities into a shared momentum of progress. This is the essence of advancing the nation through synergy, growth that reinforces fiscal foundations, empowers the people's economy, and builds a more resilient future for Indonesia.

THEME SUSTAINABILITY

2025

ORCHESTRATING ECOSYSTEMS TO DELIVER GROWTH

The year 2025 marked a defining phase in which Bank Mandiri reinforced its role as a key driver within the national economic ecosystem. Amid global uncertainty, the Bank stands as a strategic pillar integrating liquidity, financing, technology, and trust into a purposeful orchestration of growth. Growth is driven by Wholesale Banking dominance as its core competence, sustained expansion in Retail Banking, and strategic Subsidiary synergies that strengthen the ecosystem value chain, realized through financing to productive and priority sectors, comprehensive MSME support, and active participation in national strategic programs. Through disciplined risk management, inclusive digital transformation, and internationally recognized sustainability commitments, Bank Mandiri delivers growth that is measured, high-quality, and resilient, in line with the spirit of advancing the nation through synergy.

2024

LEADING TODAY, CHAMPIONING THE FUTURE

In 2024, Bank Mandiri continues to strengthen its position as a leading financial institution by accelerating growth across all potential sectors. To navigate market dynamics and intensifying competition, the Bank has outlined four key strategic focuses: expanding wholesale and retail segments, optimizing digital platforms to enhance transactional CASA and customer engagement, and strengthening synergy with subsidiaries through cross-selling and streamlined business processes. These initiatives are designed to drive sustainable growth, ensuring resilience, innovation, and long-term value creation for stakeholders while reinforcing Bank Mandiri's position as a leading financial institution today and in the future.

2023

THE RESILIENT INDUSTRY LEADER: ALWAYS DELIVER ALWAYS AHEAD

Bank Mandiri's consistency as a frontrunner in keeping up with the times is demonstrated by its continued transformation into the forefront of establishing a green digital ecosystem, providing seamless experiences, and developing a digital lifestyle. Bank Mandiri continues to accelerate the development of innovative digital products with reliable features on Super App Livin' by Mandiri, Digital Super Platform KOPRA By Mandiri including Branchless Banking which is supported by reliable, available, scalable and secure Information Technology that is accessible at all times from anywhere, including while travelling overseas. Bank Mandiri is also at the forefront in fostering the achievement of Sustainable Development Goals through Sustainable Banking, Sustainable Operation, and Sustainability Beyond Banking practices; with eight major sustainability initiatives. The Bank implements corporate strategy by upholding its commitment to implementing best governance practices which are regularly assessed internally and by trusted independent institutions using the latest assessment methods. Despite the sluggish growth of international trade and the economy on a national and global scale, Bank Mandiri persevered with a remarkable and rewarding performance in an uncertain 2023. Bank Mandiri's total assets grew to Rp2,174 trillion, the largest in Indonesia, with loans portfolio and net profit growing by double digits, with practically all performance indicators outperformed the national banking industry average. Bank Mandiri aspires to be declared "The Resilient Industry Leader: Always Deliver, Always Ahead".

2022

DIGITAL TRANSFORMATION WITH EXCELLENT RESULTS

Bank Mandiri is committed to accelerating digital transformation in an inclusive and efficient way so as to remain in the digital ecosystem's orbit. In 2022, Bank Mandiri placed special attention to and be aggressive in working on the digital banking segment to promote digital transformation as a sustainable business by capitalizing on opportunities in all sectors and prospective segments. The Bank's mission to enforce digital innovation does not conclude with the introduction of Livin' and KOPRA. In 2022, Bank Mandiri enhanced the features of Livin' and Kopra and simultaneously introduced a Smart Branch, further solidifying the Bank's position as one of the industry leaders in digitalization through a more thorough corporate transformation. The tireless transformation spirit of Bank Mandiri in digital has yielded excellent results and continues to develop new added value, which have a significant positive influence on the Bank's overall performance in 2022. This background has allowed us to present "Digital Transformation with Excellent Results" as the theme for our 2022 Annual Report.

2021

ENHANCING DIGITAL BANKING TRANSFORMATION & INNOVATION

Bank Mandiri saw the challenges of the COVID-19 pandemic as a momentum to accelerate digital transformation in 2021. The shift in people's behavior to become more digitally minded demanded fast, efficient, safe, and convenient financial services. Digitalization had undeniably become one of today's society's fundamental needs. Therefore, Bank Mandiri was fully committed to digital transformation and innovation to be able to compete and meet customer needs. Bank Mandiri believes that digital technology would continue to change Indonesia's banking landscape in the future, along with the rapid migration of people's activities to digital channels. This was reflected in the significant increase in the use of digital financial products and services such as internet banking and mobile banking. As evidence, the Super App Livin' by Mandiri and the Wholesale Digital Super Platform Kopra by Mandiri have both been received extremely well by customers and the public in general since their launch in the second semester of 2021. The strong push for digitalization by the majority of banks in Indonesia has also driven customer demand for integrated digital financial services, which Bank Mandiri has addressed very well through Livin' and Kopra by Mandiri. With that in mind, strengthening and optimizing digital channels have become increasingly important in building loyalty and growing business. Bank Mandiri believes that digital banking penetration would continue to increase in line with Indonesia's economic growth and financially mature customers. For this reason, Bank Mandiri brought the theme "Enhancing Digital Banking Transformation and Innovation" for its 2021 Annual Report.

BANK MANDIRI'S SIGNIFICANT PARTICIPATION IN VARIOUS NATIONAL STRATEGIC PROGRAMS

IMPACT

- **Reinforce Bank Mandiri's role as an enabler of national development**
- **Expand financing access for MSMEs, enhance community welfare, and stimulate real economic activity across regions**
- **Driving economic growth to become more inclusive, sustainable, and aligned with national development priorities**

Throughout 2025, Bank Mandiri actively participated in various National Strategic Programs through the placement of government funds fully channelled to support the people's economy. Under the People Business Loans (KUR) program, the Bank expanded financing access to hundreds of thousands of MSMEs across Indonesia. Support was also extended to the Free Nutritious Meal program and the *Koperasi Desa Merah Putih* initiative, reaching millions of beneficiaries and tens of thousands of cooperatives.

BANK MANDIRI MARKET CAPITALIZATION FOR 2024-2025

CORPORATE ACTION

Transfer of All of the Series B shares owned by the Republic of Indonesia to PT Biro Klasifikasi Indonesia (Persero)

Based on Government Regulation No. 15 of 2025 concerning the Additional State Equity Participation of the Republic of Indonesia into the Share Capital of Perusahaan Perseroan (Persero) PT Biro Klasifikasi Indonesia (BKI) (which, as of 5 June 2025, has changed its name to PT Danantara Asset Management (DAM)) for the Establishment of an Operational Holding (Government Regulation No. 15 of 2025 dated 21 March 2025), and Deed No. 121 dated 22 March 2025 concerning the Capital Participation through In-Kind Contribution in a Limited Liability Company made before Jose Dima Satria, S.H., M.Kn., the Republic of Indonesia made an additional state equity participation in DAM derived from the transfer of all Series B shares owned by the Republic of Indonesia in the Bank to DAM, totaling 48,533,333,333 Series B shares. Following the transfer of all Series B shares owned by the Republic of Indonesia, the Republic of Indonesia retains one Series A Dwiwarna share and maintains control over the Bank. The recording of the change in share ownership became effective on 24 March 2025.

Issuance of Euro Medium Term Notes V of 2025

On 24 March 2025, Bank Mandiri issued the fifth Euro Medium Term Notes (EMTN), with a nominal value of USD800,000,000 (full amount). The bond carries a 3-year tenor with a fixed coupon of 4.90% and is listed on the Singapore Exchange (SGX). The issuance received strong demand from global investors, recording 3.5 times oversubscription. Proceeds from the issuance were used to strengthen medium-term funding and support Bank Mandiri's sustainable business expansion.

Issuance of Bank Mandiri Shelf Registration Environmental Bonds I Phase II Year 2025

On 25 March 2025, Bank Mandiri issued Continuous Green Bond I Bank Mandiri Phase II Year 2025 ("Continuous Green Bond I Phase II") with nominal value of Rp5,000,000, which consist of 2 (two) series. Continuous Green Bond I Phase II is offered at 100% (one hundred percent) of the principal amount of bonds. The proceeds were allocated to finance sustainable projects, including renewable energy, green infrastructure, and inclusive economic development. This corporate action reflects Bank Mandiri's commitment to sustainable finance and complies with the Green Bond Principles and ASEAN Sustainability Bond Standards, as outlined in the Bank Mandiri Sustainability Bond Report 2025.

Buyback Plan of the Company's shares And the Transfer of the Shares Resulted from the Buyback Which Are Kept as the Treasury Stock

On 25 March 2025, the Annual General Meeting of Shareholders approved the Company's Share Buyback Plan with a maximum total value of Rp1.17 trillion, inclusive of related execution costs and in accordance with applicable laws and regulations. The meeting also approved the transfer of treasury shares resulting from the buyback for the implementation of the Employee, Board of Directors, and Board of Commissioners Share Ownership Programs, as well as other transfers approved by the Financial Services Authority (OJK). The Board of Directors was authorized to execute and/or terminate the buyback process and manage the transfer of treasury shares in compliance with prevailing regulations and with the approval of the Series A Dwiwarna Shareholder.

Issuance of Bank Mandiri Shelf Registration Sustainability Bonds I Phase I Year 2025

ANALYST REPORT

No.	Securities	Recommendations	Target	Resume	Date
1.	J.P. Morgan	Underweight	3,600	J.P. Morgan maintains an Underweight rating on Bank Mandiri following its post–2Q25 model update, citing weaker non-interest income and elevated operating costs. The bank lowered its FY25–FY27 EPS estimates by 1–3%, with FY25–27 earnings now 3–7% below consensus. While 2026 EPS remains broadly unchanged, J.P. Morgan expects profitability pressure from margin compression and higher credit costs, with ROE forecast at 17.4% in FY25, gradually improving to 18.3% by FY27. The price target is kept at Rp3,600 (Dec-26), based on a Dividend Discount Model with a normalized ROE of 17% and cost of equity of 16.8%. From a fundamental perspective, J.P. Morgan highlights growing risks related to liquidity tightness, slowing loan growth, and emerging asset quality pressures, particularly among MSME borrowers. Loan growth is expected to decelerate sharply in 2025, while NIM is projected to compress by 29 bps to 4.86% before a modest recovery in 2026. Although Bank Mandiri benefits from its scale and strong payments franchise, rising funding costs, higher NPLs, and elevated credit costs are expected to weigh on earnings and valuation. Upside risks include a meaningful improvement in system liquidity, better-than-expected asset quality, and stronger fee or trading income recovery.	24 October 2025
2.	Macquire	Outperform	4,950	Macquarie upgrades Bank Mandiri to Outperform from Neutral, citing its strong positioning as a wholesale-focused lender amid deteriorating consumer credit trends. With consumer loan NPLs rising sharply (+25% YoY in 3Q25), Macquarie prefers banks with higher exposure to corporate, SOE, and medium-commercial segments, where credit stress remains contained. Bank Mandiri has the highest wholesale loan mix among major Indonesian banks, which Macquarie views as a key buffer against prolonged weakness in retail lending. While near-term pressures on NIM and costs persist in 2025, these are expected to stabilise in 2026, allowing loan growth to re-emerge as the main earnings driver. From a valuation perspective, Macquarie raises Bank Mandiri's target price by 13% to Rp4,950, based on an adjusted price-to-book approach that assumes a sustainable ROE of ~18%. Although Mandiri carries relatively lower loan loss allowances compared to peers, its improving corporate asset quality and declining legacy loan exposure mitigate this risk. The bank's earnings estimates are broadly in line with consensus, and Macquarie sees limited downside risk relative to other state-owned peers, aside from potential policy-driven lending and higher cost of capital sensitivity to sovereign yield movements. Overall, Mandiri is viewed as one of the better-positioned SOE banks into 2026.	17 November 2025
3.	Verdhana	BUY	6,000	Verdhana highlights the potential deconsolidation of Bank Syariah Indonesia (BRIS) from Bank Mandiri's financial statements following the planned transfer of BRIS's golden share from BMRI back to Danantara by end-2025. If deconsolidation occurs, BRIS would be accounted for as an associate rather than fully consolidated, resulting in broadly unchanged headline net profit for BMRI but lower reported NIM, given BRIS's higher margin profile. The impact on capital adequacy is expected to be limited and manageable. Verdhana views this move as a simpler and cleaner resolution that allows Danantara to exercise full control over BRIS, while improving transparency of BMRI's core banking metrics.	28 November 2025

No.	Securities	Recommendations	Target	Resume	Date
				Beyond the technical accounting change, Verdhana has turned more constructive on Bank Mandiri's medium-term outlook. The firm expects government programs to be more effectively executed in 2026, supporting stronger loan growth, while margin pressures that have persisted since 2022 are seen as largely priced in, with 4Q25 likely marking the NIM trough. Verdhana reiterates its Buy rating on Bank Mandiri with a target price of Rp6,000, based on a DuPont valuation assuming a CAR-adjusted ROAE of 18.5%. Key risks include macroeconomic deterioration, tighter liquidity competition, and higher-than-expected credit costs or operating expenses.	
4.	CGS International	ADD	5,600	CGSI views Bank Mandiri as one of the key beneficiaries of Indonesia's improving banking cycle into 2026, supported by stronger wholesale loan growth, easing funding costs, and potential foreign fund inflows. BMRI is positioned to benefit from the government's liquidity injections into SOE banks, which have allowed it to reduce reliance on high-cost special deposits and improve its cost of funds. Loan growth is expected to rebound to around 9–10% in 2026, driven mainly by corporate and commercial segments, while management remains cautious on consumer lending amid still-elevated system retail NPLs. CGSI also highlights Bank Mandiri's focus on fee-based income and transactional banking as an additional earnings lever. From a valuation perspective, CGSI believes Bank Mandiri is well placed for a re-rating once foreign investors rotate back into Indonesian banks. Foreign ownership in BMRI has declined significantly from peak levels in 2023–24, leaving room for renewed inflows as policy clarity improves and earnings growth recovers. CGSI maintains an Add rating on Bank Mandiri with a target price of Rp5,600, supported by an attractive FY26 dividend yield of around 8% and a forecast ROE recovery to ~18%. Asset quality is expected to remain stable, with NPLs around 1.0–1.1% and manageable credit costs, reinforcing BMRI's status as one of CGSI's top sector picks.	9 December 2025
5.	BRI Danareksa	BUY	5,500	BRI Danareksa expects Bank Mandiri's earnings to rebound in FY26, with net profit projected to rise 5.6% yoy to Rp52.3 trillion after a weak FY25 base. The recovery is driven by stronger loan growth of around 12% yoy, primarily from the wholesale segment, and a meaningful reduction in operating expenses as one-off costs in FY25 roll off. However, competition in wholesale lending is expected to keep pressure on net interest margins, with FY26 NIM guided at 4.8–5.0%, as lower asset yields may only be partially offset by easing funding costs. As a result, earnings growth is volume-led rather than margin-driven. Despite margin headwinds, BRI Danareksa sees cost efficiency as a key earnings buffer, with opex forecast to decline 7% yoy in FY26 and the cost-to-income ratio improving sharply to 41.9% from 46.5% in FY25. Asset quality in the corporate segment is expected to remain resilient, given exposure to large corporates and export-oriented sectors, while credit costs are projected to normalize. BRI Danareksa maintains a Buy rating with a higher target price of Rp5,500, reflecting a GGM-based valuation with FY26 ROE of 16.6% and a lower cost of equity assumption of 11.6%. Key risks include potential asset quality deterioration and a resurgence in operating expenses.	11 December 2025

No.	Securities	Recommendations	Target	Resume	Date
6.	Citi	Neutral	5,150	Bank Mandiri delivered a strong 4Q25 performance, with net profit of Rp18.6 trillion (+40% qoq, +35% yoy), bringing FY2025 net profit to Rp56.3 trillion (+1% yoy), exceeding Citi's and consensus estimates by 7–11%. The beat was mainly driven by robust non-interest income growth (+23% qoq / +21% yoy) and sharply lower provisions (-73% qoq / -64% yoy), partly due to a revision in ECL methodology that reduced credit costs by 20–30bps. Loan growth accelerated to +13% yoy (or +9% yoy excluding KDMP loans), led by strong corporate lending, while retail remained soft. NIM expanded slightly to 4.89% (+6bps qoq), supported by improved cost of funds (2.49%, -27bps qoq) following better liquidity and Ministry of Finance deposit injections. Asset quality remained benign, with NPL at 1.13% and credit costs at 58bps for FY2025. Looking ahead to 2026, management guides for 7–9% loan growth, NIM of 4.6–4.8% (implying 10–30bps compression), and normalized credit costs of 60–80bps. Opex growth is expected to remain in low- to mid-single digits, targeting a cost-to-income ratio of 42–43%, while capital remains strong with Tier 1 at ~17% and CAR at ~19%, supporting a 65–70% dividend payout ratio. Citi maintains a Neutral rating with a target price of Rp5,150, noting that BMRI's relatively lighter provisioning stance in 2025 versus peers may limit upside in a still-uncertain macro environment. The stock is valued at around 1.6x PBV with ~19% ROE.	5 February 2026
7	CLSA	OUTPERFORM	6,000	CLSA highlights that Bank Mandiri delivered stronger-than-expected 4Q25 and FY2025 results, but enters 2026 with less margin for execution errors due to a high earnings base. FY2025 net profit grew 0.9% yoy, beating both CLSA and consensus estimates by 8–12%, supported by solid loan growth (+13.4% yoy including Agrinas), lower opex growth, and sharply reduced provision expenses following a change in provisioning methodology. NIM for FY2025 came in at 4.89%, in line with guidance, as improvements in funding costs were offset by pressure on loan yields, particularly in the competitive wholesale segment. The strong end to 2025 leaves headline metrics healthy, but also sets a tougher comparison for 2026. For 2026, management guides for more moderate loan growth of 7–9%, NIM compression to 4.6–4.8%, and normalized credit costs of 60–80bps. CLSA cautions that continued yield competition, especially in wholesale lending, alongside potential policy rate cuts, could weigh on profitability, even as cost discipline improves with opex growth guided at low- to mid-single digits. While asset quality remains stable and capital ratios strong, supporting dividend payouts of 65–70%, CLSA notes that upside to earnings is more limited compared with prior years. Nevertheless, CLSA maintains an Outperform rating with a target price of Rp6,000, viewing current valuation as attractive at around 1.5x FY26F P/B, despite near-term execution risks.	5 February 2026
8	BNI Securities	HOLD	5,100	Bank Mandiri delivered a solid FY2025 performance, with PATMI growing 1% yoy and beating both BNI Sekuritas' and consensus estimates by around 10%, driven by stronger-than-expected loan growth and significantly lower credit costs. The standout quarter was 4Q25, where net profit surged 40% qoq and 35% yoy to a record Rp18.6 trillion. Full-year net interest income rose 4.5% yoy, supported by robust loan expansion, while NIM of 4.9% was in line with management guidance. Although PPOP declined 2% yoy, it still exceeded expectations, with 4Q25 PPOP reaching a record high of Rp26 trillion. Credit costs were exceptionally low at 60bps for FY2025 (20bps in 4Q25), well below guidance, aided by provision write-backs. Loan growth reached 13% yoy (or 10% yoy excluding Agrinas), broadly in line with guidance. Improvements in commercial loan yields helped partially offset weaker corporate yields, though blended loan yields declined 21bps yoy. Looking ahead, management guides for softer loan growth of 7–9% in 2026, NIM compression of 10–30bps, and normalization of credit costs to 60–80bps, which is expected to moderate earnings momentum. BNI Sekuritas forecasts muted profit growth of 4% yoy in 2026 and maintains a 3M Buy / 12M Hold rating, while raising its target price to Rp5,100 and revising up 2026 earnings forecasts by 5%.	5 February 2026

No.	Securities	Recommendations	Target	Resume	Date
9	Goldman Sachs	Neutral	5,450	Bank Mandiri delivered a strong 4Q25 performance with net profit of Rp18.6 trillion, up 35% yoy and 40% qoq, beating Goldman Sachs' estimates by 43%. The earnings surprise was driven by better-than-expected cost control, despite earlier guidance for elevated opex due to one-off audit-related expenses, and lower credit costs following enhancements to the ECL collateral model, which reduced credit costs by an estimated 20–30bps. Net interest income also exceeded expectations by 5%, supported by a sharp decline in funding costs after government deposit injections, which more than offset continued pressure on loan yields. Loan growth accelerated to 14% yoy, boosted by government-related project lending, while asset quality remained benign with the NPL ratio improving to 1.13%. Looking ahead to 2026, Bank Mandiri guides for loan growth of 7–9%, NIM of 4.6–4.8%, and credit costs of 60–80bps, reflecting persistent yield competition but still-solid asset quality. However, Goldman Sachs flags higher operating expense growth as a key watch point, as management's opex guidance implies mid-to-high teens underlying cost growth despite headline mid-to-low single-digit guidance. Incorporating higher costs and lower credit costs, Goldman Sachs revised up its 2026–28 earnings forecasts and raised its 12-month target price to Rp5,450, while maintaining a Neutral rating given balanced upside from earnings recovery and risks from funding, asset quality, and expense discipline.	6 February 2026
10	Indo Premier	BUY	6,400	Bank Mandiri delivered a strong FY2025 performance with net profit of Rp56.3 trillion (+1% yoy), in line with Indo Premier's estimates but beating market consensus by around 10%. The earnings outperformance was driven by robust loan growth of 13% yoy,led by corporate and commercial segments, and significantly lower credit costs of 58bps, well below FY25 guidance. Net interest income rose 4% yoy, while NIM declined 26bps yoy to 4.9% due to lower loan yields, partly offset by improved cost of funds. Asset quality remained resilient, with NPL stable at 1.1%, improving loan-at-risk metrics, and a strong recovery/ write-off ratio of 114%, indicating improving underlying credit trends. Looking ahead, management guides for more moderate loan growth of 7–9% in FY26, NIM compression to 4.6–4.8%, and normalized credit costs of 60–80bps as provisioning returns to more normal levels. Operating efficiency is expected to improve, with the cost-to-income ratio guided to normalize at 42–43% in FY26. Indo Premier maintains a Buy rating on Bank Mandiri with an unchanged target price of Rp6,400, citing attractive valuation at around 1.5x FY26F P/B and 7.9x FY26F P/E, supported by solid ROE near 19–20% and a healthy dividend outlook. Key risks remain a sudden deterioration in asset quality and higher-than-expected credit costs.x	6 February 2026

EVENT HIGHLIGHTS 2025

JANUARY

Wirausaha Muda Mandiri 2025
WMM is Bank Mandiri's flagship CSR program, implemented since 2007, aimed at helping the younger generation develop entrepreneurial skills. It also represents one of the initiatives to advance Indonesia's economy.

FEBRUARY

5 February 2025
Bank Mandiri recorded solid performance for the full year of 2024, successfully posting consolidated net profit of Rp55.8 trillion throughout 2024 and deciding to distribute dividends amounting to 78% of net profit, equivalent to Rp43.51 trillion, at the end of 2024.

MARCH

25 March 2025
Bank Mandiri continues to demonstrate its commitment and tangible contribution to the national economy. Through the 2025 Annual General Meeting of Shareholders, Bank Mandiri determined that 78% of its 2024 consolidated net profit, or Rp43.51 trillion, would be distributed as dividends to shareholders.

APRIL

22 April 2025
Bank Mandiri has established a new facility at Pondok Pesantren Al-Inaaroh Al-Hikam, located in Buntet Village, West Java, as a manifestation of Bank Mandiri's commitment to religion-based social development.

APRIL

29 April 2025
Public Expose of the Quarterly Financial Statements of PT Bank Mandiri (Persero) Tbk.

MAY

19 May 2025
Mandiri Macro and Market Brief 2Q25 Indonesia Economic Outlook: Building Resilience in the Midst of Global Turbulence

Bank Mandiri projects economic growth for 2Q25 at approximately 4.92%, amid challenges from global volatility. The policy interest rate is maintained (BI Rate at 5.75%), while digitalization and domestic consumption serve as key growth drivers, alongside a focus on building resilience amid global uncertainty.

JUNE

22 June 2025
The Mandiri Jogja Marathon was successfully held in the historic Prambanan Temple area, Yogyakarta, attracting 9,200 runners from 17 countries and serving as an event that combines sports, local culture, and tourism by presenting scenic routes and support from the local community.

JULY

30 July 2025
Mandiri Sahabat Desa is a program aimed at empowering communities in Indonesia in the areas of economic development, financial inclusion, and skills enhancement.

AUGUST

4 August 2025
Bank Mandiri held an Extraordinary General Meeting of Shareholders (EGMS) with the agenda of changes to the Company's management, as part of the Company's strategy to strengthen governance and support transformation as well as sustainable business growth.

AUGUST

18 August 2025
Bank Mandiri also enlivened the important moment of Indonesia's Independence Day by combining entertainment (music concerts), MSMEs, affordable basic food markets, and social activities under the spirit of #SinergiMemajukanNegeri to provide direct benefits to the community.

SEPTEMBER

19 September 2025
Public Expose of the Second Quarter/2025 Financial Statements of PT Bank Mandiri (Persero) Tbk

Bank Mandiri recorded solid performance in the second quarter of 2025, with assets reaching Rp2,524.68 trillion (up 11.4% yoy) and loans growing by 11% yoy to Rp1,701 trillion. This growth was driven by the productive sector and MSMEs, with gross NPL maintained at 1.08%.

SEPTEMBER

29 September 2025
Bank Mandiri provided an ambulance to Adhyaksa Hospital Jakarta as part of its CSR Program to support healthcare facilities and enhance emergency services.

OCTOBER

19 October 2025
27th anniversary on 2 October 2025. The event combines running activities with music entertainment, bazaars, culinary experiences, and various other activities.

OCTOBER

27 October 2025
Public Expose of the Third Quarter/2025 Financial Statements of PT Bank Mandiri (Persero) Tbk.

Bank Mandiri presented its financial performance by recording consolidated net profit of Rp37.7 trillion and loan growth of 11% year on year (YoY), while assets grew by 10.3% to reach Rp2,563 trillion, driven by labor-intensive and export sectors, further strengthening the Company's role as a driver of the national economy.

NOVEMBER

20 November 2025
Bank Mandiri once again reaffirmed its commitment to supporting the provision of affordable and adequate housing for Indonesian communities through collaboration with the Ministry of Housing and Settlement Areas (PKP).

DECEMBER

15 December 2025
Bank Mandiri received an award in the implementation of monitoring and evaluation of Public Information Disclosure in 2025 in the State-Owned Enterprises category.

DECEMBER

30 December 2025
Bank Mandiri supported the provision of Danantara Temporary Housing (Huntara) as a manifestation of its commitment to the nation in ensuring sustainable post-disaster recovery.

MANAGEMENT REPORT

LEADING WITH PURPOSE, ACTING WITH IMPACT

2025 is a year of strategic execution. By orchestrating ecosystems across wholesale, retail, and subsidiaries, we strengthen our leadership as the main transaction bank while supporting national priorities. Our focus is clear: to lead with vision, act with responsibility, and create sustainable impact for all stakeholders.

BOARD OF COMMISSIONERS REPORT

We exercise our oversight responsibilities with prudence, objectivity, and independence to ensure that every strategic policy and decision of the Board of Directors is executed in a disciplined, measured, and long-term oriented manner. Amid global and domestic economic challenges, consistent governance, strong risk management, and continuous supervision remain the essential foundations for preserving stability and sustaining quality growth.

The performance achieved throughout the year reflects organisational resilience and the effective synergy between oversight and management functions. With strengthened foundations and clear strategic direction, Bank Mandiri continues to serve as a strategic partner of the Government in ensuring that national programs deliver tangible impact to the real sector, through optimised financing across SOE and Government ecosystems, priority sectors supporting public welfare, as well as MSME, micro, and individual segments. At the same time, the Bank reinforces its leadership in advancing sustainability objectives through responsible financing that balances growth, asset quality, and benefits to the environment and communities, thereby remaining at the forefront of driving resilient, inclusive, and sustainable economic growth for Indonesia.

ZULKIFLI ZAINI

President Commissioner/Independent Commissioner

Dear Distinguished Shareholders and Stakeholders,

With gratitude to God Almighty, the Board of Commissioners hereby presents its Supervisory Report on the management of the Company for the 2025 financial year. Amid evolving global and domestic dynamics throughout the year, PT Bank Mandiri (Persero) Tbk maintained business resilience and performance stability through disciplined strategy execution and prudent risk management.

This Report outlines the Board of Commissioners' assessment of the Board of Directors' performance in carrying out its duties and responsibilities, including the basis for such evaluation. It also sets out our oversight of the formulation and implementation of strategy, our view on the business prospects prepared by the Board of Directors in consideration of both external and internal developments, as well as our evaluation of the implementation of Good Corporate Governance principles and the effectiveness of the governance organs in performing their supervisory functions comprehensively.

GLOBAL AND NATIONAL ECONOMIC CONDITIONS

The year 2025 unfolded in a global landscape marked by heightened uncertainty, shaped by prolonged geopolitical fragmentation in Europe and the Middle East, as well as the United States' protectionist tariff measures introduced in early Q2 that escalated trade tensions. These developments increased volatility in global financial markets, reflected in weaker global equity indices, a stronger US dollar, and moderated global growth during mid-year. This dynamic formed the strategic backdrop requiring prudence and resilience across the financial sector.

Conditions began to stabilize following the postponement of tariff implementation and the reopening of negotiations with trading partners. In its January 2026 World Economic Outlook, the IMF revised global growth upward to 3.3%, with inflation declining to 4.1%. The disinflation trend provided room for major central banks, including the Federal Reserve, the European Central Bank, the Bank of England, and the People's Bank of China, to gradually reduce policy rates, easing global pressures toward year-end.

Slowing global economy led to significant decline in energy commodity prices, affecting particularly the exporting economies. Heightened financial market uncertainty also redirected capital flows toward safe haven assets, strengthening the US dollar and pushing gold prices to new highs. These developments underscored the continued importance of stability in global economic decision-making.

In the national context, Indonesia's economy demonstrated solid resilience. The economy grew by 5.11% in 2025, up from 5.03% in the previous year, with inflation maintained at 2.92%. A trade surplus of US$41.05 billion led to an increasing foreign reserves to US$156.5 billion. The Rupiah closed the year at Rp16,675/USD, while Bank Indonesia gradually reduced the BI Rate to 4.75% to safeguard currency stability while sustaining growth momentum.

Amid these dynamics, the Board of Commissioners acknowledges the well-coordinated policy response of the Government of Indonesia and Bank Indonesia. The synergy between fiscal and monetary measures effectively preserved macroeconomic stability while supporting domestic demand. Economic transformation efforts have continued through implementation of government programs, food and energy security and downstreaming initiatives to enhance domestic value creation and national competitiveness.

STABILITY AND RESILIENCE OF INDONESIA'S FINANCIAL SERVICES SECTOR

Throughout 2025, Indonesia's financial services sector continue to show stability and resilience amid global and domestic dynamics. Bank Indonesia implements an accommodative monetary policy mix to encourage growth while maintaining the stability of the Rupiah, payment system, and financial system stability (SSK). Macroprudential policy also continues to be directed to encourage credit growth and strengthen financial inclusion. This synergy is strengthened by the Government's fiscal management through the acceleration of spending and the implementation of government programs, thereby encouraging real sector activities, increasing consumer confidence, domestic consumption, and financing demand.

The banking industry recorded credit growth of 9.69% in 2025, supported by investment loans growing by 21.06% year-on-year (yoy), consumer loans 6.58% (yoy), and working capital loans by 4.52% (yoy). Credit quality remained sound, with NPL ratio (gross) of 2.05%, relatively stable from 2.08% in December 2024, while the capital adequacy ratio (CAR) remained strong at 25.89%, compared with 26.69% in December 2024. Third-party funds (DPK) grew by 13.83%, outpacing credit growth, driven by current accounts (giro) at 19.1% (yoy), savings at 8.2%(yoy), and time deposits at 14.3% (yoy). Liquidity remained ample, with AL/NCD at 126.15% and AL/DPK at 28.57%, well above the regulatory thresholds of 50% and 10%, respectively, and a liquidity coverage ratio (LCR) of 200.97%.

The non-bank financial institution sector demonstrated relatively stable performance. Finance companies recorded moderate receivables growth while maintaining a sound risk profile. The insurance and pension fund industries also reported asset expansion, supported by strong capitalization well above regulatory minimum requirements. Insurance industry assets grew by 5.95% to IDR 1,201.33 trillion, while pension fund assets increased by 11.35% yoy to IDR 1,679.46 trillion.

In the capital market, fundraising activity remained solid, supported by an expanding investor base and stronger overall equity market performance, although foreign investor participation remained volatile.

Total funds raised reached IDR 274.80 trillion, including 26 IPOs valued at IDR 18.11 trillion. The composite stock index rose by 22.10% to 8,644.26 from 7,079.91 in December 2024, with market capitalization increasing to IDR 15,849 trillion from IDR 12,336 trillion in the previous year. The number of investors grew to 20.32 million, up 36.65% from 14.87 million, including 8.59 million equity investors, up 34.65% from 6.38 million.

Overall, the Board of Commissioners assesses that Indonesia's financial services sector in 2025 remained stable and resilient, supported by effective policy coordination, strong capital structures, and increasing participation by domestic investors.

BOARD OF DIRECTORS' PERFORMANCE ASSESSMENT

The Board of Commissioners' assessment of the Board of Directors' performance is reflected in the Directors' Key Performance Indicators (KPI), both individually and collectively, and is reported to Shareholders through the General Meeting of Shareholders.

Overall, the Board of Commissioners considers effective performance of duties and responsbilities by the Board of Directors throughout 2025. This is evidenced by the Company's performance achievement in line with the targets set in the Corporate Work Plan and Budget and other established criteria, with the realisation of the Board of Commissioners' KPI reaching 103.4% and the Board of Directors' KPI realization reaching 99.89%.

Amid prevailing challenges and uncertainties, Bank Mandiri maintained strong performance, with most indicators exceeding industry averages. Consolidated loans grew by double digits at 13.44% (yoy), while gross NPL (bank only) was maintained at 0.96%, compared with banking industry loan growth of 9.63% and gross NPL of 2.05%.

The Company also preserved liquidity competitiveness, recording double-digit TPF growth of 23.95% (yoy), well above industry TPF growth of 12.0%. The consolidated CASA ratio remained strong at 67.97%, reflecting a solid and sustainable funding structure.

The Board of Commissioners views these achievements as the result of the Board of Directors' consistent implementation of adaptive and agile strategies, optimization of the Wholesale Banking core competence ecosystem, proactive capture of opportunities in potential segments, and acceleration of digital transformation across nearly all operational phases. Improved efficiency and business volume growth across segments enabled the Company to close 2025 with consolidated income of Rp56.29 trillion, increased from Rp55.78 trillion in the previous year.

OVERSIGHT OF THE THE BOARD OF DIRECTORS' STRATEGY FORMULATION AND IMPLEMENTATION

The Board of Commissioners conducts oversight on the Board of Directors' strategy formulation and implementation by monitoring the Bank's Business Plan (RBB) application align with OJK Regulation No. 5/ POJK.03/2016 on Bank Business Plans, which, among others, covers management policies and strategies. The Supervisory Report on the implementation of RBB is submitted to the Financial Service Authority by

semester. The Board of Commissioners also submits a quarterly Supervisory Report on the achievement of the Company's performance and KPIs.

The Supervisory Report on RBB implementation submitted to OJK, with the Board's responses to performance and KPI achievement, includes:

1. The Board of Commissioners' assessment of the implementation of Bank Mandiri's Business Plan, covering both quantitative and qualitative aspects of the realisation of the RBB.
2. The Board's assessment of factors affecting Bank Mandiri's overall performance, particularly capital, earnings, and risk profile, including credit risk, market risk, and liquidity risk.
3. The Board's assessment of measures taken to improve Bank Mandiri's performance in the event that, based on its evaluation, performance declines as referred to in point 2 above.

These assessments are further complemented by an evaluation of external factors affecting the Bank's performance, ensuring that oversight is conducted in a comprehensive and balanced manner.

VIEW ON THE COMPANY'S BUSINESS PROSPECTS PREPARED BY THE BOARD OF DIRECTORS

Despite continued global and domestic uncertainty, the Board of Commissioners concurs with the Board of Directors' confidence and optimism regarding Bank Mandiri's prospects for the coming year. We observe that the global landscape will remain influenced by the impact of United States protectionist policies, which have significantly reshaped global trade dynamics and economic structures.

Referring to the IMF January 2026 WEO and Bank Indonesia assessments, global growth is expected to remain under pressure. The continuation of US protectionist tariffs may reduce global trade volumes and reinforce bilateral and regional cooperation trends. Global growth is projected to moderate due to slower growth in the US and China, although the European Union, India, Indonesia, and several key trading partners are expected to remain relatively resilient. Slower disinflation may limit monetary policy flexibility. On the other hand, elevated government debt and interest rates in advanced economies as a consequence of fiscal deficits may keep interest rates at high levels and increase the fiscal burden of developing countries through exchange rate fluctuations. The rapid expansion of private cryptocurrencies and stablecoins alongside digitalisation has also not been fully matched by adequate regulation and supervision.

While these dynamics may exert pressure on Indonesia, however consistent anticipative and adaptive monetary and macroprudential policies by Bank Indonesia, alongside pro-growth fiscal policy and continued investment climate improvements, are expected to sustain resilience. In 2026, economic growth, according to OCE BMRI, is projected to reach 5.18% yoy, higher than 5.11% in 2025. Investment growth is expected to strengthen non-oil and gas exports, maintain the trade surplus, and reinforce Rupiah stability. Inflation is projected within 2.5 ± 1%, providing room for Bank Indonesia to maintain or reduce policy rates. Financial sector stability is also projected to remain sound, supported by strong capital, adequate liquidity, and manageable risk profiles.

Taking these dynamics into account, the Board of Commissioners believes there remains ample room for Bank Mandiri and its Subsidiaries to grow soundly and sustainably across business lines. We support the Board of Directors' strategic direction to position Bank Mandiri as a strategic partner of the Government in ensuring effective implementation of national programs and directly benefit the real sector and society in general. We also encourage continued lending to productive, priority, and labour-intensive sectors, including MSMEs as key drivers of national growth.

At the same time, we continue to remind the Board of Directors to strengthen risk management, including mitigating risks arising from accelerated digitalisation and increasing cyber threats. By maintaining balance between business expansion and asset quality, and building upon its strong performance track record, we remain confident that Bank Mandiri will continue contributing significantly to the banking industry and sustainable national economic growth.

CORPORATE GOVERNANCE IMPLEMENTATION OVERSIGHT

Bank Mandiri has consistently demonstrated a strong commitment in implementing best practices in Good Corporate Governance (GCG) across all operational stages. This consistency is reflected in the results

of the Individual Governance Self-Assessment, the Integrated Governance Self-Assessment, as well as external assessments through the ASEAN Corporate Governance Scorecard (ACGS) and the Corporate Governance Perception Index (CGPI) throughout 2025.

The Individual Governance Self-Assessment was conducted in reference with OJK Regulation No. 17 of 2023 and SEOJK No. 13/SEOJK.03/2017, as refined by OJK Circular Letter No. 14/SEOJK.03/2025 on Governance Implementation for Commercial Banks, and was carried out twice a year (June and December). The Semester I 2025 Self-Assessment resulted in a score of 1 (one), which following OJK feedback was adjusted to 2 (two). The Semester II 2025 Self-Assessment resulted in a score of 1 (one), and as of this report, Bank Mandiri has not yet received feedback from OJK on this assessment.

The Integrated Governance Self-Assessment referred to OJK Regulation No. 18/POJK.03/2014 and OJK Circular No. 15/SEOJK.03/2015 on Integrated Governance, involving all Financial Services Institutions within Bank Mandiri's Financial Conglomeration and carried out twice a year (June and December). Both Semester I and Semester II 2025 assessments resulted in a score of 1 (one), indicating that the implementation of integrated governance across the Financial Conglomeration was considered very good.

In terms of external assessment, Bank Mandiri In the external assessment, Bank Mandiri is entrusted as a company assessed using the ASEAN Corporate Governance Scorecard (ACGS) method, which refers to governance principles developed by the Organisation for Economic Co-operation and Development (OECD) and endorsed by the ASEAN Capital Market Forum (ACMF).). In 2025, Bank Mandiri received recognition as one of the ASEAN Top 50 Public Listed Companies (PLCs), Top 5 PLCs in Indonesia, and ASEAN Asset Class PLCs, based on its fulfilment of ACGS parameters.

In addition, Bank Mandiri has participated in the Corporate Governance Perception Index (CGPI) research and rating program for 22 consecutive times since 2004. For the CGPI 2024 rating conducted in 2025, Bank Mandiri received the "Most Trusted" predicate with a score of 95.36.

Overall, the Board of Commissioners assesses that Bank Mandiri's governance implementation in 2025 has been conducted consistently, systematically, and in alignment with regulatory requirements and regional best practices.

Advisory Mechanism to the Board of Directors

The Board of Commissioners actively exercises its oversight function through periodic monitoring and advisory and recommendations to the Board of Directors, supported by the Board Committees. This mechanism ensures strategic policies and decisions remain aligned with the Company's prudential principles, sound governance practices, and long-term interests.

The monitoring and advisory are carried out through the Board of Commissioners meetings as well as joint meetings between the Board of Commissioners and the Board of Directors. Throughout 2025, the Board of Commissioners held 31 Internal Meetings, 12 Joint Meetings with the Board of Directors, 23 Audit Committee meetings, 33 Risk Oversight Committee meetings, 14 Remuneration and Nomination Committee meetings, and 3 Integrated Governance Committee meetings. The frequency of these meetings met and exceeded the minimum requirements of OJK Regulation No. 17/2023 on Commercial Banks Governance Implementation.

Risk Management Implementation

Bank Mandiri has implemented proactive risk management through policies aligned with Bank Indonesia Regulations (PBI), OJK Regulations, Basel standards, and other international best practices. These policies are periodically reviewed to address evolving business conditions, regulatory developments, Bank's internal conditions, and social and environmental impacts.

Bank Mandiri applies Consolidated Risk Management pursuant to PBI No. 8/6/PBI/2006, subsequently replaced by POJK No. 38/POJK.03/2017, and Integrated Risk Management in reference with POJK No. 17/POJK.03/2014 referring to POJK No. 18/POJK.03/2014 on Integrated Governance. The framework is supported by the Integrated Risk Committee (IRC), comprising members of the Board of Directors and Company executives together with Directors and/or executives

of Subsidiaries, and supported by the Integrated Risk Management Unit (SKMRT) reporting directly to the Director of Risk Management.

The Bank continues to implement Basel II, Basel III, and Enterprise Risk Management (ERM) in line with OJK and BCBS (Basel Committee on Banking Supervision) standards, covering Credit Risk, Market Risk, Liquidity Risk, Interest Rate Risk in the Banking Book Position, Operational Risk, Capital Management and ICAAP, Stress Testing, as well as Recovery Plan and Resolution Plan. Stress testing is conducted periodically both individually and in integration with Subsidiaries, based on scenarios developed by the Office of Chief Economist, and through participation in regulatory Bottom-up Stress Testing to assess regional banking resilience amid economic slowdown and global uncertainty.

Bank Mandiri also updates its Recovery Plan align with OJK Regulation No. 5 of 2024 on the Determination of Supervisory Status and Handling of Commercial Bank Issues, and has established a Resolution Plan pursuant to LPS Regulation No. 2 of 2024 on Resolution Plans for Commercial Banks as an anticipatory measure should recovery efforts fail to meet minimum regulatory requirements.

Overall, the Board of Commissioners assesses that Bank Mandiri has actively conducted identification, measurement, monitoring, and control of Mandiri Group risks through self-assessment supported by the integrated Risk Assessment Consolidation Generator (RACER) System, ensuring consistent and integrated risk governance.

Internal Control System Effectiveness

The Board of Commissioners is granted an authority to approve the Internal Control System (ICS) established by the Board of Directors and actively evaluates its implementation through the Audit Committee by reviewing Internal Audit findings to ensure its effectiveness. Based on assessments conducted throughout 2025, the Board considers that Bank Mandiri's ICS has been adequate and effective. Nevertheless, in line with the expansion of business scale and increasing complexity of challenges, continuous strengthening and enhancement remain necessary to ensure the ICS remains relevant and adaptive.

Anti-Corruption Policy and Anti-Fraud Strategy Practices

Bank Mandiri has obtained ISO 37001:2016 Anti-Bribery Management System certification, expanded to cover Procurement, Vendor Management, and Internal Audit Process, reflecting its ongoing commitment to corruption prevention. In compliance with OJK Regulation No. 12 of 2024 concerning the Implementation of Anti-Fraud Strategies for Financial Services Institutions and as part of strengthening Internal Control policies, the Bank continues to update regulations and policies in line with best practices and regulatory standards, including improvements to Standard Operating Procedures (SOP), Technical Operating Guidelines, and other internal regulations. The Bank's Anti-Fraud Strategy encompasses four pillars: Prevention; Detection; Investigation, Reporting, Sanctions and Legal Process; and Monitoring, Evaluation and Follow-up, ensuring a robust and adaptive fraud prevention and control framework.

Oversight of Anti-Money Laundering (AML), Counter-Terrorism Financing (CTF), and Counter-Proliferation Financing of Weapons of Mass Destruction (CPF) Implementation

Bank Mandiri has demonstrated a strong commitment to mitigating the risks of money laundering, terrorism financing, and proliferation financing of weapons of mass destruction. Strengthening of risk mitigation is carried out through active oversight by the Board of Directors and Board of Commissioners, policies and procedures aligned with national regulations and international standards, enhancement of systems and internal controls, optimization of management information systems, as well as continuous development of human capital through ongoing training. The Bank also ensures that the Board of Directors exercises effective oversight and implements continuous improvements to enhance the effectiveness of AML, CTF, and CPF programs.

The AML, CTF, and CPF programs implementation has been carried out effectively and has delivered measurable results. This is evidenced by Bank Mandiri's involvement in national strategic programs and its achievement of highest rating in the Financial Integrity Rating on Money Laundering & Terrorism Financing (FIR on ML/TF), as well as in 2025 Effectiveness Index Assessment of the AML–CTF Regime.

Awards received by Bank Mandiri in 2025:

- Achieved the highest rating in the 2025 FIR on ML/TF with a score of 9.55 (predicate: "Very Good") in the Bank Group Based on Core Capital 4 category. Bank Mandiri's score exceeded the aggregate score of National Commercial Banks at 8.95 and the aggregate score of all National Reporting Parties (500 reporting entities) at 8.03.
- Achieved the highest rating in the 2025 Effectiveness Index Assessment of the AML–CTF Regime with a score of 8.56 (predicate: "Effective"), exceeding the national aggregate score of 6.53 (predicate: "Fairly Effective").

View on the Whistleblowing System Implementation

Bank Mandiri has established whistleblowing policies and mechanisms through the Letter to CEO (WBS-LTC) channel as a Detection pillar to support the implementation of the code of ethics and the Anti-Fraud Strategy (SAF). Implemented since 2009, the WBS-LTC Technical Guidelines were last updated on 28 November 2025 and are managed with the involvement of an independent party to ensure a safe environment for employees and stakeholders to report concerns. The Bank also conducted Renewal of the Secure Socket Layer (SSL) for the Whistleblowing System on Corruption (WBSTPK) to maintain access to the KPK Whistleblowing System (KWS) application, as part of its Anti-Corruption Strategy and support for corruption prevention and enforcement efforts. The Board of Commissioners considers that the implementation of the WBS throughout 2025 has been well executed.

ASSESSMENT OF THE BOARD OF COMMISSIONERS' COMMITTEES

In carrying out its functions of direction, oversight, monitoring, and advisory over the Company's management, the Board of Commissioners is supported by 4 (four) Board Committees: the Audit Committee, the Remuneration and Nomination Committee, the Risk Oversight Committee, and the Integrated Governance Committee. The Charters of these Committees are periodically updated to ensure alignment with regulatory developments and governance requirements. The Board considers that all four Committees have effectively performed their duties in line with the 2025 Work Plan, and that their recommendations serve as key considerations in decision-making regarding proposals from the Board of Directors as well as in the formulation of strategic directives and advice.

The Board further assesses that the Committees' reports and recommendations are supported by adequate in-depth review through meetings, discussions, and site visits to obtain clarification from Management. The Committees have demonstrated good communication and coordination in addressing strategic issues within the Mandiri Group and in monitoring follow-up of the Board's recommendations and decisions. The following summarises the activities of each Committee during 2025.

The Audit Committee assists the Board of Commissioners in providing opinions on reports and other matters submitted by the Board of Directors and in identifying issues requiring the Board's attention, particularly in Financial Reporting, Internal Control, and Compliance. Throughout 2025, the Committee conducted Committee meetings, internal and joint discussions with relevant units, reviewed financial reports and disclosures for publication, examined reports/proposals from the Board of Directors requiring written approval from the Board of Commissioners, prepared quarterly Committee activity reports, prepared the Evaluation Report on the Provision of Audit Services for Annual Historical Financial Information of Bank Mandiri, conducted site visits, and performed other activities relevant to its duties.

The Remuneration and Nomination Committee assists the Board of Commissioners in ensuring nomination processes for strategic positions and remuneration determination are conducted objectively, effectively, and align with OJK rules. In 2025, the Committee provided recommendations and proposed qualified candidates for the Board of Commissioners and Board of Directors to be submitted to the GMS, gathered and analysed data of potential candidates from executive talent one level below the Board of Directors, and identified individuals eligible for Board member positions. The Committee also supported the formulation of remuneration systems for the Board of Directors and Board of Commissioners, including salary/honorarium structures, benefits, and 2025 fiscal year bonus (tantiem) system.

The Risk Oversight Committee assists the Board in ensuring the Bank's risk management framework, procedures, and methodologies remain robust and adequate, enabling business activities to operate within acceptable risk limits and align with strategic objectives. During 2025, the Committee conducted meetings, internal discussions and joint discussions with relevant units and the Audit Committee, reviewed risk management reports, examined proposals from the Board of Directors requiring Board approval, prepared quarterly reports, conducted site visits, and carried out other related activities.

The Integrated Governance Committee assists the Board of Commissioners in overseeing the implementation of integrated governance across all Financial Services Institutions within Bank Mandiri's Financial Conglomeration in line with the Integrated Governance Guidelines, and oversight of the Board of Directors' performance. The Committee provides direction and advices on the implementation of Integrated Governance Guidelines and evaluates and recommends improvements. These duties are carried out through Committee meetings, internal and cross-unit discussions, and evaluations of internal control adequacy and integrated risk management.

COMPOSITION CHANGES OF THE BOARD OF COMMISSIONERS

In 2025, through the Annual General Meeting of Shareholders (Annual GMS) and Extraordinary General Meetings of Shareholders (Extraordinary GMS), changes were made to the composition of the Board of Commissioners, as summarised below:

Annual GMS dated 25 March 2025

Based on the resolution of the Annual GMS on 25 March 2025, the Meeting approved to:
- Honorably dismissed Mr. M. Chatib Basri as President Commissioner, Ms. Loeke Larasati Agoestina as Independent Commissioner, Mr. Muliadi Rahardja as Independent Commissioner, Mr. Heru Kristiyana as Independent Commissioner, Mr. Rionald Silaban as Commissioner, Mr. Faried Utomo as Commissioner, Mr. Arif Budimanta as Commissioner, and Mr. Tedi Bharata as Commissioner.
- Appointed Mr. Kuswiyoto as President Commissioner/Independent Commissioner, Mr. Zainudin Amali as Vice President Commissioner/Independent Commissioner, Ms. Mia Amiati as Independent Commissioner, Mr. Luky Alfirman as Commissioner, and Mr. Yuliot as Commissioner.

Extraordinary GMS dated 4 August 2025

Based on the resolution of the Extraordinary GMS on 4 August 2025, the Meeting approved the appointment of Mr. Zulkifli Zaini as Independent Commissioner.

Extraordinary GMS dated 19 December 2025

Based on the resolution of the Extraordinary GMS on 19 December 2025, the Meeting approved to:
- Honorably dismissed Mr. Kuswiyoto as President Commissioner/Independent Commissioner and Mr. Zainudin Amali as Vice President Commissioner/Independent Commissioner.
- Reassigned Mr. Zulkifli Zaini from Independent Commissioner to President Commissioner concurrently serving as Independent Commissioner, as previously appointed under the EGMS resolution dated 4 August 2025.
- Appointed Mr. Rudy Salahuddin Ramto as Vice President Commissioner and Mr. B. Bintoro Kunto Pardewo as Independent Commissioner.

As such, the composition of the Board of Commissioners as of 31 December 2025 is as follows:

Name	Position
Zulkifli Zaini*	President Commissioner/Independent Commissioner
Rudy Salahuddin Ramto*	Vice President Commissioner
Muhammad Yusuf Ateh	Commissioner
Yuliot	Commissioner
Luky Alfirman*	Commissioner
Mia Amiati	Independent Commissioner
Bintoro K. Pardewo*	Independent Commissioner

*) Effective upon receiving approval and passing the fit and proper test by OJK

APPRECIATION

The Board of Commissioners extends its appreciation to the Board of Directors and all Mandirians for the commitment, integrity, and dedication in carrying out their duties and responsibilities throughout 2025. In a dynamic and uncertain business environment, the Board of Directors, management, and employees succeeded in maintaining performance continuity while strengthening the Bank's business foundations sustainably.

The achievements in 2025 reflect organisational resilience and consistency in strategy execution. The Board of Commissioners believes that these achievements not only reinforce Bank Mandiri's position and its contribution to national economic development, but also affirm the Bank's readiness to move forward with greater momentum, capture growth opportunities, and build a stronger and more sustainable future.

Jakarta, March 2026

BOARD OF DIRECTORS REPORT

Our 2025 performance reflects consistent strategy execution and disciplined management. Bank Mandiri recorded total asset growth of 16.6% reaching Rp2,829.9 trillion and exceeding the industry average. This growth was driven by loan expansion focused on productive and priority sectors, supported by growth in third-party funds with a strong low-cost funding composition. Accelerated digital transformation further enhanced operational efficiency and strengthened non-interest income contribution, enabling the Bank to deliver consolidated net income of Rp56.3 trillion.

This achievement represents more than financial growth; it reflects our ability to orchestrate an integrated ecosystem. By strengthening both wholesale and retail capabilities and expanding inclusive digital services, Bank Mandiri continues to reinforce its role as a strategic partner in financing the real sector and supporting broader economic welfare. This ecosystem-based approach ensures diversified, high-quality, and sustainable growth.

At the same time, our sustainability commitment continues to advance through strengthened governance and disciplined ESG risk management. The upgrade of our MSCI rating to AA affirms the quality of our sustainability implementation. The sustainable portfolio grew by 8% year-on-year to Rp316 trillion, dominated by the green portfolio amounting to Rp166 trillion, reflecting a strong position with a market share of over 35% in Indonesia. For us, ecosystem orchestration is not merely a business strategy, but a foundation for driving inclusive, resilient, and sustainable national economic growth.

RIDUAN

President Director

Dear Esteemed Shareholders and Stakeholders

With gratitude to God Almighty, the Board of Directors presents the Management Report of PT Bank Mandiri (Persero) Tbk for the 2025 financial year. This year marked an important phase for the Company in strengthening business fundamentals, accelerating transformation, and sustaining growth momentum amid an evolving business landscape.

Throughout 2025, Bank Mandiri delivered commendable performance driven by consistent strategy execution, disciplined risk management, and the collective commitment of management and all Mandirians in creating value for customers and stakeholders. In line with our mission to provide reliable, practical, inclusive, and trusted digital banking solutions as part of customers' lifestyles, the Bank continued to strengthen its capabilities and service ecosystem to remain responsive to increasingly complex needs. This report reflects the Board of Directors' accountability in managing the Bank prudently, adaptively, and with a clear focus on healthy and sustainable growth.

GLOBAL AND NATIONAL ECONOMIC CONDITIONS

The year 2025 was marked by heightened global uncertainty, driven by prolonged geopolitical conflicts and unilateral U.S. trade tariff policies that pressured global market stability. These measures triggered volatility and a slowdown in economic activity, before easing as negotiation channels reopened. The International Monetary Fund (IMF), in its January 2026 World Economic Outlook (WEO), revised global growth to 3.3%, with global inflation declining to 4.1%. In response, several major central banks lowered policy interest rates to ease economic pressures.

Amid these dynamics, Indonesia's economy demonstrated resilience, growing by 5.11%, up from 5.03% in the previous year. Growth was supported by stronger performance in the services and manufacturing sectors, while national inflation remained well controlled at 2.92%.

Economic resilience was underpinned by adaptive and pro-growth macroeconomic policies. Bank Indonesia gradually lowered the BI Rate to 4.75% by the end of 2025 to maintain exchange rate stability and support growth momentum. External performance also remained strong, with the trade surplus increasing to USD 41.05 billion, contributing to foreign exchange reserves reaching USD 156.5 billion. The Rupiah closed at IDR 16,675 per USD, reflecting global market dynamics throughout the year.

In responding to these conditions, the Board of Directors remains confident that strong domestic fundamentals and coordinated policy measures provide a solid foundation for banking sector growth. Bank Mandiri responded adaptively by strengthening liquidity management, safeguarding asset quality, and optimising growth in resilient sectors. Through disciplined strategy execution and prudent risk management, we remain optimistic in sustaining healthy and sustainable performance.

NATIONAL BANKING AND NON-BANK FINANCIAL INDUSTRY CONDITIONS

The national banking sector demonstrated solid resilience throughout 2025 in supporting economic growth. Bank lending grew by 9.69% year on year to IDR 8,590 trillion, mainly driven by investment loans which increased by 21.06% yoy, as well as consumer loans which grew by 6.58% yoy, while working capital loans expanded by 4.52% yoy. This credit expansion was supported by growth in Third-Party Funds of 13.83% (yoy, December) to Rp10,059 trillion, reflecting sustained public confidence in the banking system.

Asset quality and capitalization remained sound. The gross NPL ratio stood at 2.05% (December), indicating manageable credit risk, while the CAR remained strong at 25.89%, with Loan at Risk (LaR) recorded at 8.77%. The combination of moderate loan growth, adequate liquidity, and strong capital buffers provided a solid foundation for national financial system stability.

The non-bank financial institution sector demonstrated relatively stable performance. Finance companies recorded moderate receivables growth while maintaining a sound risk profile. The insurance and pension fund industries also reported asset expansion, supported by strong capitalization well above regulatory minimum requirements. Insurance industry assets grew by 5.95% to IDR 1,201.33 trillion, while pension fund assets increased by 11.35% yoy to IDR 1,679.46 trillion.

In the capital market, fundraising activity remained solid, supported by an expanding investor base and stronger overall equity market performance, although foreign investor participation remained volatile.

Total funds raised reached IDR 274.80 trillion, including 26 IPOs valued at IDR 18.11 trillion. The composite stock index rose by 22.10% to 8,644.26 from 7,079.91 in December 2024, with market capitalization increasing to IDR 15,849 trillion from IDR 12,336 trillion in the previous year. The number of investors grew to 20.32 million, up 36.65% from 14.87 million, including 8.59 million equity investors, up 34.65% from 6.38 million.

Overall, these developments indicate that Indonesia's financial services sector has been able to maintain a balance between growth and stability amid external uncertainties. In this context, Bank Mandiri continues to capitalize on industry momentum in a measured manner by strengthening the quality of growth, maintaining liquidity resilience, and ensuring adequate capitalization to support healthy and sustainable expansion.

COMPANY PERFORMANCE ANALYSIS

Throughout 2025, Bank Mandiri demonstrated resilience in navigating business dynamics and consistently delivered performance above industry averages. As of December 2025, consolidated total assets grew by 16.6% (yoy) to Rp2,829.9 trillion from Rp2,427.2 trillion in 2024, significantly outperforming the industry growth of 8.56%, while maintaining its position as the largest bank in Indonesia by assets.

This growth was supported by healthy and quality credit expansion. Consolidated loans grew 13.4% (yoy) to Rp1,895.0 trillion from Rp1,670.5 trillion, exceeding industry growth of 9,63%. Asset quality remained strong, with gross NPL (bank only) at 0.96%, well below the industry average of 2.05%, reflecting disciplined risk management and a focus on sustainable growth.

Wholesale Banking, as the Bank's core competence, recorded loans of Rp1,092 trillion, increased 19.6% (yoy), driven by Corporate loans of Rp764 trillion (+23.1%) and Commercial loans of Rp328 trillion (+12.1%). Growth was primarily supported by financing within the SOE and Government ecosystem, which grew approximately 25.7% (yoy), reinforcing the Bank's role in supporting national strategic sectors.

In the Retail segment, total loans reached Rp404 trillion (+1.8%), comprising SME loans of Rp85 trillion (-2.1%), Micro & Payroll loans of Rp195 trillion (+3.97%), and Consumer loans of Rp124 trillion (+1.4%). Subsidiaries contributed Rp411 trillion (+11.4%). Through this segment, Bank Mandiri continued to strengthen support for MSMEs and national strategic programs, including the Free Nutritious Meal Program, Koperasi Desa Merah Putih, 3 Million Houses Program, and Kredit Usaha Rakyat (KUR).

Expansion remained balanced with strengthened consolidated asset quality, as reflected in a consolidated NPL ratio of 1.13%, NPL Coverage Ratio of 231%, and Cost of Credit maintained at 0.58%.

On the funding side, consolidated Third-Party Funds grew 23.9% (yoy) to Rp2,105.8 trillion, supported by low-cost funds reaching Rp1,431.4 trillion (+12.6%) with a CASA ratio of 68.0%, reflecting strong customer confidence and a competitive funding structure.

The combination of healthy loan growth, strong asset quality, robust liquidity, and digital banking optimisation, which improved efficiency and non-interest income, ultimately resulted in consolidated net profit of Rp56.3 trillion, strengthening Bank Mandiri's foundation for sustainable growth.

Optimizing Digital Capabilities to Support Nationwide Growth

Bank Mandiri continues to accelerate the development of its digital capabilities to expand service reach across Indonesia. Our digital transformation is designed to ensure that millions of customers are connected through reliable, comprehensive, and seamless services. Through Kopra by Mandiri, Livin' by Mandiri, and strengthened Smart Branch and Branchless Banking initiatives, the Bank delivers integrated solutions for both business and individual segments while unlocking economic potential across all layers of society.

In the business segment, Kopra by Mandiri was utilized by more than 318 thousand users as of end-2025, with approximately 85% originating from MSMEs. Growth in user base was accompanied by increasing transaction volume and value, reflecting broader digital adoption among businesses of various scales.

On the retail side, Livin' by Mandiri reached more than 37 million users, with an average daily acquisition of over 25 thousand new users. Beyond banking transactions, the platform supports lending, lifestyle, and investment needs, with both transaction frequency and value increasing throughout 2025.

To advance financial inclusion, Livin' Merchant provides an affordable payment solution for MSMEs, with 3 million registered users, 63% of whom are located in non-urban areas. Transaction volume doubled during 2025, demonstrating that the Bank's digital services have effectively penetrated remote regions across the country.

These digital capabilities not only expand access and inclusion but also contribute to interest income and fee-based income growth, manage an optimal CASA ratio, and maintain competitive funding costs. By strengthening value chains across wholesale and retail ecosystems, we remain committed to executing Bank Mandiri's digital roadmap in a disciplined and measurable manner to sustain long-term growth.

STRATEGY AND STRATEGIC POLICIES

Strategy and Strategic Policies

The formulation of Bank Mandiri's strategy is aligned with the national development agenda as outlined in the Government's Medium-Term Development Plan, which aims to promote sustainable economic growth, enhance the quality of human capital, and strengthen overall societal welfare. In line with this direction, Bank Mandiri has established its Corporate Plan 2025–2029 vision: "To Become the Best Financial Institution in Southeast Asia".

To realize this vision, Bank Mandiri has defined its mission: "Providing integrated and innovative financial solutions based on technology with excellent service, focused on customer satisfaction, financial inclusion, and increasing value for shareholders, to drive Indonesia's economic growth to be competitive on a global level".

As a national financial institution with comprehensive capabilities across both wholesale and retail segments, Bank Mandiri continues to strengthen its role as the primary financial partner for corporations, State-Owned Enterprises (SOEs), financial institutions, government entities, and businesses of various scales. Business development is carried out through an ecosystem-based approach to optimize value chain potential and foster sustainable growth. At the same time, Bank Mandiri consistently expands access to financing and capacity-building initiatives for Micro, Small, and Medium Enterprises (MSMEs) as the backbone of the national economy, including through the enhancement of productive financing, service digitalization, and integration of MSMEs within the wholesale and retail customer ecosystem. The Bank also continues to develop comprehensive, technology-driven retail banking solutions through strengthened digital capabilities, wealth management services, and productive micro segments, while enhancing Mandiri Group synergy and reinforcing corporate fundamentals through human capital development, technology and operational transformation, implementation of Environmental, Social & Governance (ESG) principles, and disciplined and prudent risk management.

In pursuing its vision and mission, Bank Mandiri has established its 2025 strategic focus under the theme Integrated Strategic Growth and Transformational Leadership Driven by Orchestrating the Ecosystem. This strategic focus is directed toward strengthening Bank Mandiri's position as the bank of choice in fulfilling ecosystem-based transaction and financing needs, while enhancing the Bank's competitiveness and long-term resilience.

The strategic focus is translated into three Strategic Objectives for 2025 as follows:

1. Becoming the "Main Transaction Bank" for both wholesale and retail customers, where Bank Mandiri aims to dominate transaction market share by providing high-quality products and services, supported by a strong relationship management framework for principals, merchants, and individuals.
2. Establishing itself as the "Leader in Low Cost Funding", positioning Bank Mandiri as the preferred bank for transactions and the primary operational account for customers.
3. Becoming the "Largest Lender" in wholesale and retail lending based on an ecosystem approach while maintaining an optimal yield level

Role of the Board of Directors in Strategy Formulation

The Board of Directors plays a central role in formulating Bank Mandiri's strategies and strategic policies by ensuring alignment with the Bank's vision, mission, and long-term direction as stipulated in the Corporate Plan and the Bank Business Plan (RBB). In carrying out this role, the Board of Directors actively engages in strategic communication and discussions with shareholders and across all levels of the organization to ensure alignment in execution.

The strategy formulation process is conducted comprehensively by considering the Bank's internal conditions, banking industry dynamics, macroeconomic developments, regulatory landscape, as well as various risk factors and opportunities that may affect the Company's performance. The Board of Directors, together with the Board of Commissioners, also takes into account external developments that need to be anticipated to ensure that strategies remain relevant and effectively implemented. The agreed strategies are subsequently formalized in the Bank Business Plan (RBB) and further elaborated in the Sustainable Finance Action Plan (RAKB).

The preparation and implementation of the RAKB reflect the Bank's response to the increasing emphasis on Environmental, Social & Governance (ESG) aspects, as well as its commitment to supporting the national development agenda and the achievement of the Sustainable Development Goals (SDGs). The Board of Directors ensures that sustainability initiatives go beyond regulatory compliance and are fully integrated into business decision-making and overall risk management.

Furthermore, the Board of Directors, together with the Board of Commissioners, establishes key performance parameters and indicators for all strategic programs set forth in the RBB and RAKB. These performance measures are determined in accordance with good corporate governance principles, aligned with the Company's core values, and supported by objective and measurable reward and consequence mechanisms. Through this approach, strategy implementation can be monitored and evaluated periodically to ensure optimal target achievement and sustainable value creation for all stakeholders.

Process Undertaken by the Board of Directors to Ensure Strategy Implementation

Under the direction and supervision of the Board of Commissioners, the Board of Directors coordinates the implementation of all strategic programs through a structured governance framework. Authority is delegated in accordance with the respective roles and responsibilities of each unit, while monitoring is conducted periodically through Board of Directors meetings and Executive Committee forums involving Division and Department Heads. This approach ensures that all initiatives remain aligned with the approved business strategy, risk appetite, and policies, thereby enabling disciplined, adaptive, and measurable strategy execution.

COMPARISON OF REALISATION AND TARGETS

In 2025, Bank Mandiri once again delivered positive performance, exceeding the targets set in the RKAP. Total assets (bank only) reached Rp2,228.1 trillion, growing 18.7% (yoy) from Rp1,877.3 trillion in 2024, and surpassing the 2025 RKAP target of Rp2,133.3 trillion.

Net profit (bank only) amounted to Rp51.5 trillion, increasing 0.8% (yoy) from Rp51.1 trillion in the previous year, surpassing the 2025 RKAP target of Rp51.4 trillion. This achievement was primarily supported by Net Interest Income of Rp78.3 trillion, growing 3.3% (yoy), reflecting effective management of earning assets and funding structure.

On asset quality, the consistent application of prudent lending principles and regular monitoring resulted in an improvement of the gross NPL ratio (bank only) to 0.96% at year-end 2025, declining 1 bps from 0.97% in 2024, and outperforming the RKAP 2025 target of 1.05%. This performance underscores disciplined risk management and sustainable growth quality.

CHALLENGES AND MITIGATION MEASURES

The year 2025 marked by challenges including limited long-term funding sources, global trade tariff tensions, and the strengthening US dollar, which contributed to tight industry liquidity and pressure on asset quality. Nevertheless, these conditions were effectively managed by Bank Mandiri, as reflected in the stable CASA ratio, LDR, and sound gross NPL levels.

As part of mitigation efforts, Bank Mandiri consistently maintained prudent Allowance for Impairment Losses to anticipate potential deterioration in credit quality. The Bank also implemented action plans for debtors with potential downgrades in collectibility and continues to implement intensive recovery efforts. This proactive and measured approach enabled the Bank to maintain performance stability while reinforcing resilience against future risks.

BUSINESS PROSPECT ANALYSIS

The January 2026 WEO stated that global economic growth in 2026 is projected at 3.3%, relatively stable compared with 2025. Growth is supported by increased investment in technology sectors, including artificial intelligence, particularly in North America and Asia, alongside more adaptive fiscal and monetary policies across major economies. Global inflation is expected to decline from 4.1% in 2025 to 3.8% in 2026, creating potential for advanced economy central banks, including the Federal Reserve, to continue policy rate reductions.

Indonesia's key trading partners, including China, Singapore, Malaysia, South Korea, Vietnam, and the Philippines, are projected to record moderate growth in the range of 2.0%–8.0%, while the US economy is forecast to grow 2.4% in 2026, higher than 2.1% in the previous year.

Indonesia's economy is projected to remain resilient, growing within the range of 5.10%–5.40% (yoy), supported by strong domestic consumption, rising

investment, and increasingly coordinated fiscal and monetary policies. Higher investment is expected to support non-oil-gas exports, strengthen the trade balance, and reinforce Rupiah stability. Inflation is projected to remain controlled within the range of 2.5% ±1%, providing Bank Indonesia with flexibility to maintain or reduce policy rates. The financial services sector is also expected to remain stable, supported by strong capitalization, adequate liquidity, and manageable risk profiles.

Within this context, Bank Mandiri views its business prospects positively. By strengthening established strategic focus, maintaining disciplined risk management, and prioritizing quality growth, the Bank remains confident in maintaining and enhancing business scale sustainably, transforming challenges into value-creating opportunities for all stakeholders.

GOOD CORPORATE GOVERNANCE IMPLEMENTATION

In carrying out its duties and responsibilities, and in ensuring the application of best management practices amid evolving business dynamics, the Board of Directors conducted 58 (fifty-eight) meetings throughout 2025, consisting of 55 (fifty-five) Board of Directors meetings and 3 (three) joint meetings with the Board of Commissioners. These forums served as key mechanisms to ensure decision-making quality, effective strategy implementation, and strengthened internal oversight.

Bank Mandiri also actively participated in external governance assessments to obtain constructive feedback. Evaluations were conducted by The Indonesian Institute for Corporate Governance (IICG) through the Corporate Governance Perception Index (CGPI) and by the ASEAN Capital Market Forum (ACMF) through the ASEAN Corporate Governance Scorecard (ACGS). The Bank continues to enhance its GCG implementation in a structured and sustainable manner in line with its established roadmap.

Implementation of Anti-Money Laundering (AML), Counter-Terrorism Financing (CTF), and Counter-Proliferation Financing of Weapons of Mass Destruction (CPF) Programs

Bank Mandiri continues to demonstrate its commitment to mitigating financial crime risks by strengthening the implementation of Anti-Money Laundering (AML), Counter-Terrorism Financing (CTF), and Counter-Proliferation Financing of Weapons of Mass Destruction (CPF) programs. Risk mitigation efforts are enhanced through the refinement of policies and procedures, strengthening of internal controls, optimization of management information systems, as well as continuous development of human capital through ongoing training. In addition, to improve effectiveness and strengthen the risk-based approach, in 2025 Bank Mandiri also undertook a reorganization by establishing an independent AML & CFT Group unit.

In addition to strengthening its internal capabilities, Bank Mandiri takes an active role in national strategic programs through its participation in studies, research, surveys, as well as AML, CTF, and CPF-related initiatives organized by regulators and law enforcement authorities. The consistent implementation of these programs has resulted in external recognition. In 2025, Bank Mandiri achieved the highest rating with a score of 9.55 in the Financial Integrity Rating on Money Laundering & Terrorism Financing and the highest rating with a score of 8.56 in the AML–CTF Regime Effectiveness Index.

Bank Soundness Level

In 2025, Bank Mandiri conducted a self-assessment of its Bank Soundness Level (TKB) in reference with POJK No. 4/POJK.03/2016 using the Risk-Based Bank Rating approach. As of 31 December 2025, the Bank achieved Composite Rating 1 (PK-1), indicating a very healthy condition and strong capacity to withstand adverse business and external factors. The assessment covered risk profile, governance implementation, profitability, and capital adequacy, all of which were rated very good, with any identified weaknesses manageable within normal business operations.

Assessment of the Board of Directors' Committees

In performing its management function, the Board of Directors is supported by 12 Executive Committees. Throughout 2025, these Committees effectively carried out their duties and responsibilities, supporting strategic decision-making and ensuring that policy implementation remained aligned with the Bank's strategy and governance framework.

CHANGES IN THE COMPOSITION OF THE BOARD OF DIRECTORS

In 2025, based on the resolutions of the Annual General Meeting of Shareholders (Annual GMS) and the Extraordinary General Meeting of Shareholders (Extraordinary GMS), changes occurred in the Board of Directors' composition, summarised as follows:

Annual GMS 25 March 2025

Referring to the resolutions of the Annual GMS held on 25 March 2025, the Meeting approved the following:

- Ratification of the honorable dismissal of Mr. Aquarius Rudianto as Director of Network and Retail Banking, Mr. Rohan Hafas as Director of Institutional Relations, and Mr. Agus Dwi Handaya as Director of Compliance and HR.
- Honorable dismissal of Ms. Alexandra Askandar as Vice President Director, Mr. Sigit Prastowo as Director of Finance and Strategy, and Mr. Toni Eko Boy Subari as Director of Operations.
- Reassignment of Mr. Riduan from Director of Corporate Banking to Vice President Director; Ms. Eka Fitria from Director of Treasury and International Banking to Director of Human Capital and Compliance; and Mr. Danis Subyantoro from Director of Risk Management to Director of Risk Management.
- Appointment of the following members of the Board of Directors: Mr. Jan Winston as Director of Network and Retail Funding, Ms. Novita Widya Anggraini as Director of Finance and Strategy, Mr. Ari Rizaldi as Director of Treasury and International Banking, Mr. Mochamad Rizaldi as Director of Corporate Banking, Mr. Saptari as Director of Consumer Banking, and Mr. Toni Eko Boy Subari as Director of Operations.

The appointments and reassignments became effective upon obtaining approval and passing the fit and proper test conducted by the OJK.

Extraordinary GMS 4 August 2025

Based on the resolutions of the Extraordinary GMS held on 4 August 2025, the Meeting approved the following:

- Honorable dismissal of Mr. Darmawan Junaidi as President Director and Mr. Toni Eko Boy Subari as Director of Operations.
- Reassignment of Mr. Riduan from Vice President Director to President Director, and Mr. Timothy Utama from Director of Information Technology to Director of Operations.
- Appointment of Mr. Henry Panjaitan as Vice President Director and Mr. Sunarto as Director of Information Technology.

Extraordinary GMS dated 19 December 2025

- Honorably dismissed Mr. Kuswiyoto as President Commissioner/Independent Commissioner and Mr. Zainudin Amali as Vice President Commissioner/Independent Commissioner.
- Reassigned Mr. Zulkifli Zaini from his previous role as Independent Commissioner to President Commissioner concurrently serving as Independent Commissioner, as appointed based on the resolution of the Extraordinary GMS dated 4 August 2025, with the term of office continuing the remaining tenure in accordance with relevant GMS appointment resolution.
- Appointed Mr. Rudy Salahuddin Ramto as Vice President Commissioner and Mr. B. Bintoro Kunto Pardewo as Independent Commissioner.

As such, the composition of the Board of Directors as of 31 December 2025 was as follows:

Nama	Jabatan
Riduan	President Director
Henry Panjaitan	Vice President Director
Timothy Utama	Operations Director
Eka Fitria	Human Capital and Compliance Director
Danis Subyantoro	Risk Management Director
Totok Priyambodo	Commercial Banking Director
Mochamad Rizaldi	Corporate Banking Director
Saptari	Consumer Banking Director
Ari Rizaldi	Treasury and International Banking Director
Novita Widya Anggraini	Finance and Strategy Director

Nama	Jabatan
Jan Winston	Network and Retail Funding Director
Sunarto	Information Technology Director

ENVIRONMENTAL, SOCIAL, AND GOVERNANCE MANAGEMENT

Bank Mandiri consistently strengthened its commitment to sustainable finance principles under its 2024–2028 Sustainability Framework, aspiring to become "Indonesia's Sustainability Champion for a Better Future." The implementation of ESG initiatives throughout 2025 demonstrated measurable progress and received recognition from leading global rating agencies.

Bank Mandiri's MSCI ESG rating improved by two notches from BBB to AA (Leader category), reflecting strengthened governance, transparency, risk management, and ESG integration across business processes and operations. Moreover, Sustainalytics ESG Risk Rating classified Bank Mandiri within the "Negligible Risk" category with a score of 9.8, indicating robust ESG risk management, where lower scores represent stronger sustainability performance.

These achievements were driven by three core sustainability pillars: Sustainable Banking, Sustainable Operation, and Sustainability Beyond Banking.

Under Sustainable Banking, the sustainable portfolio grew 8% to Rp316 trillion. The green portfolio increased 11.7% to Rp166 trillion, while the social portfolio grew 4.1% to Rp150 trillion, with NPL quality remaining sound. Bank Mandiri maintained its leadership position in green portfolio market share at over 35% among the three largest national banks. Beyond wholesale financing, the Bank expanded sustainable retail financing products, including Green Mortgage and electric vehicle financing.

On Sustainable Operation, the Bank successfully reduced operational emissions by 32% compared to 2019 baseline through green building initiative, electric and hybrid vehicle utilization, solar panel installation, and other carbon-neutral initiatives. Sustainability commitment is also reflected in an inclusive workplace culture, with 46% of managerial above positions held by female. Governance enhancement continues through strengthened data protection and cybersecurity frameworks to safeguard customers and operational resilience.

Through Sustainability Beyond Banking, Bank Mandiri advanced financial inclusion, particularly for MSMEs. As of December 2025, 62.7% of Livin' Merchant users were located in non-urban areas, equivalent to 1.9 million users. The Bank's Social and Environmental Responsibility programs are also directed toward underserved communities, aligned with the Sustainable Development Goals.

Through this integrated approach, Bank Mandiri remains committed to strengthening sustainability performance while generating long-term positive impact for society, the environment, and the national economy.

Social and Environmental Responsibility

Bank Mandiri's Social and Environmental Responsibility (TJSL) initiatives are structured around four main pillars: Environmental, Economic, Legal and Governance, and Social, in alignment with the Regulation of the Minister of State-Owned Enterprises No. PER-01/MBU/03/2023 concerning the Social and Environmental Responsibility Program of SOEs. This framework ensures that TJSL programs are focused, measurable, and aligned with national development priorities.

In 2025, Bank Mandiri realized total TJSL disbursement of Rp251.1 billion, relatively in line with the previous year. Of this amount, Rp138.4 billion or 55.1% was allocated to the Social Pillar; Rp111.4 billion or 44.4% to the Environmental and Economic Pillars; and Rp1.3 billion or approximately 0.5% to the Legal and Governance Pillar.

Throughout the year, the Bank implemented 1,174 TJSL programs, comprising 553 programs under the Social Pillar, 258 under the Economic Pillar, 346 under the Environmental Pillar, and 17 under the Legal and Governance Pillar. These initiatives reflect the Bank's continued commitment to delivering tangible and sustainable impact for communities and the environment.

HUMAN CAPITAL MANAGEMENT AND DEVELOPMENT

Bank Mandiri positions Human Capital as a primary enabler in achieving its 2025 Strategic Focus, Integrated Strategic Growth and Transformational Leadership Driven by Orchestrating the Ecosystem. Human Capital management is directed toward strengthening leadership capabilities, accelerating business transformation, and ensuring alignment between human capital strategy and corporate strategy.

This approach supports the three 2025 Strategic Objectives: dominating transaction banking, leading in low-cost funding, and maintaining the position as the largest lender, by ensuring that every Mandirian evolves collectively as part of a cohesive and adaptive organization.

In 2025, Bank Mandiri employed a total of 38,732 employees, comprising 18,444 male and 20,288 female, with the majority holding undergraduate to postgraduate degrees, S-1 to S-3. To enhance competencies, the Bank implemented 6 (six) development programs delivered through 12,260 batches, with total participation of 735,067 employees and a cumulative training duration of 3,535,976 hours. Total competency development expenditure in 2025 amounted to Rp326.4 billion.

Beyond technical and leadership development, the Bank also strengthened mindset and behavioral development through the internalization of the AKHLAK core values (Trustworthy, Competent, Harmonious, Loyal, Adaptive, and Collaborative). This initiative is designed to cultivate resilient Mandirians as Strategic Business Leaders and to realize Bank Mandiri's Employee Value Proposition (EVP): Learn, Synergize, Grow, and Contribute to Indonesia.

APPRECIATION

On behalf of the Board of Directors, we extend our sincere appreciation to the Board of Commissioners for their guidance, counsel, and oversight in the management of the Company. We also express our gratitude to our shareholders and customers for their continued trust, which has enabled Bank Mandiri to sustain significant and consistent growth while delivering commendable operational and financial performance amid a dynamic and challenging environment. Our appreciation also goes to regulators and all stakeholders for their constructive support and collaboration throughout 2025.

We convey our highest appreciation to all employees for their dedication, professionalism, and collaborative spirit that form the foundation of Bank Mandiri's strength. The strong performance achieved this year reflects the collective commitment of all Mandirians and serves as a core platform for advancing with greater clarity and resilience. With this spirit, we remain committed to realizing our vision of becoming "The Best Financial Institution in Southeast Asia," while delivering tangible contribution to creating sustainable prosperity and a better future for generations to come.

Finally, to all of our customers and business partners, it is a privilege for the entire Bank Mandiri family to serve and support your journey. We will continue to provide relevant, innovative, and trusted financial solutions in line with the evolving scale of business and dynamic lifestyles.

COMPANY AT A GLANCE

PT Bank Mandiri (Persero) Tbk. hereinafter referred to as Bank Mandiri was established on 2 October 1998 in the Republic of Indonesia under notary deed of Sutjipto, S.H., No. 10 in conjunction to Government regulation No. 75 Year 1998 dated 1 October 1998. The Deed of Establishment was ratified by the Minister of Justice of the Republic of Indonesia in Decree No.C2-16561.HT.01.01.Th.98 dated 2 October 1998, and was announced on the State Gazette of the Republic of Indonesia No. 97 dated 4 December 1998 and Supplement No. 6859.

Bank Mandiri was established through the merger of PT Bank Bumi Daya (Persero) (BBD), PT Bank Dagang Negara (Persero) (BDN), PT Bank Ekspor Impor Indonesia (Persero) (Exim Bank) and PT Bank Pembangunan Indonesia (Persero) (Bapindo) (hereinafter collectively referred to as Merged Bank). Pursuant to Clause 3 of the Articles of Association of Bank Mandiri, the scope of activities of Bank Mandiri is to conduct business in the banking sector in accordance with the prevailing laws and regulations. Bank Mandiri commenced its operations on 1 August 1999. The Bank's Parent Entity is the Government of the Republic of Indonesia through the Ministry of State-Owned Enterprises which is the Ministry within the Indonesian Government in charge of fostering state-owned enterprises.

The Articles of Association of Bank Mandiri have been amended several times, as lastly amended based on the Deed No. 07 dated 03 April 2024, made before Utiek R. Abdurachman, S.H., M.Kn., Notary in Jakarta.

The amendment has been ratified by the Minister of Law and Human Rights of the Republic of Indonesia in accordance with the letter of receipt of notification No. AHU-AH.01.03-0085149 and decree AHU-0022201. AH.01.02. Tahun 2024 dated 07 April 2024 and registered in the Company Register No. AHU-0072626. AH.01.11.Tahun 2024 dated 05 April 2024.

INFORMATION ON BUSINESS MERGER

PAt the end of February 1998, the Government of the Republic of Indonesia (hereinafter referred to as the Government) announced a plan to restructure the Merged Bank. In connection with the restructuring plan, the Government established Bank Mandiri in October 1998 by carrying out equity investment and transferring shares to the Merged Bank. The difference between the transfer price and book value of shares at restructuring period was not calculated due to impracticality. All losses incurred during the restructuring period were recognized in the Recapitalization Program.

The restructuring plan was designed to incorporate the Merged Banks' business into Bank Mandiri in July 1999 and Bank Mandiri's recapitalization. The structurization of the Merged Bank into Bank Mandiri also includes:

- Restructuring of loan;
- Restructuring of non-credit assets;
- Rationalization of domestic and overseas branch offices;
- Rationalization of human resource.

Under the notarial deed made by Sutjipto, S.H., No. 100 dated 24 July 1999, the Merged Banks were legally incorporated into Bank Mandiri. The Deed of Merger was ratified by the Minister of Justice of the Republic of Indonesia under the Decree No. C-13.781. HT.01.04.TH.99 dated 29 July 1999 and approved by Bank Indonesia Governor under the Decree No. 1/9/ KEP.GBI/1999, dated 29 July 1999. Such merger was deemed valid by the Head of Department of Industry and Trade of South Jakarta through Decree No. 09031827089 dated 31 July 1999 that was an effective date of the merger.

On the effective date of the merger:

- All assets and liabilities of the Merged Banks were transferred to Bank Mandiri as the Surviving Bank;
- All operations and business activities of the Merged Banks were transferred and operated by Bank Mandiri;
- Bank Mandiri received an additional paid-in capital at Rp1,000,000 (one million Rupiah) (full value) or equivalent to 1 (one) share of the remaining shares owned by the Government in each Merged Banks. On such effective date, the Merged Banks were legally dissolved without any liquidation process and Bank Mandiri as the Surviving Bank received all rights and liabilities of the Merged Banks.

INFORMATION OF NAME CHANGE

In line with the brief history, Bank Mandiri has not changed its name since its inception to date. However, the Bank has made changes to its original status of a company from private company to a public company hence the Company name became PT Bank Mandiri (Persero) Tbk. The amendment was effective as of 19 April 2004 in accordance with the Decree of Senior Deputy Governor of Bank Indonesia No. 6/11/KEP. DGS/2004 dated 19 April 2004.

MILESTONES

1824-1998

The establishment of Bank Mandiri began with the extensive journey of 4 (four) State-Owned Banks, namely Bank Ekspor Impor Indonesia, Bank Dagang Negara, Bank Bumi Daya, and Bank Pembangunan Indonesia.

1998

Established on 2 October 1998, Bank Mandiri was part of a banking restructuring program implemented by the Government of Indonesia.

1999

In July 1999, 4 (four) State-Owned Banks, Bank Ekspor Impor Indonesia, Bank Dagang Negara, Bank Bumi Daya, and Bank Pembangunan Indonesia were merged into one entity called Bank Mandiri.

2003

Bank Mandiri conducted the Initial Public Offering (IPO).

2005

Became a turning point period by launching Transformation **Phase 1** to 2010, to become the bank of excellent at the regional level (regional champion). Transformation was carried out with 4 (four) main strategies, which are cultural implementation, aggressive control of non-performing loans, improving business growth that exceeds market growth averages, and developing and managing alliance programs between directorates.

2006 & 2007

Bank Mandiri implemented the "Back on Track" Transformation Program as part of Transformation **Phase 1** which focused on reconstructing the fundamentals of Bank Mandiri.

2008-2009

Bank Mandiri implemented Transformation Program **Phase 2** "Outperform the Market" which focused on business expansion to ensure significant growth in various business segments and achieve the level of profitability that exceeds the market average target.

2010

The last phase of Transformation "Shaping the End Game" which had been implemented since 2005, where Bank Mandiri aimed to become the leading regional bank through consolidation of the financial services business and prioritize opportunities for non-organic growth strategies. Through this transformation process, Bank Mandiri had consistently managed to improve its performance as reflected in improvements of various financial indicators.

2011

- Bank Mandiri conducted a rights issue by issuing 2,336,838,591 shares at a price of Rp5,000 per share.
- The initial stage of the implementation of the Advanced Transformation of 2010-2014. Bank Mandiri had revitalized its vision of becoming the "most admired and progressive Indonesian Financial Institution".

2012

Continued transformation in 2012 was carried out through Business Transformation, which focused on 3 (three) main areas, namely Wholesale Transaction, Retail Deposit and Payment and Retail Financing.

2014

Bank Mandiri successfully carried out the second phase of the transformation and prepared to implement Corporate Plan 2015- 2020.

2015

The new chapter in Transformation **Phase 3** to become "The Best Bank in ASEAN 2020." The Transformation **Phase 3** (three) would bring Bank Mandiri to be regional players that is ready to compete in the ASEAN market to provide the best financial services for all customers and the community as well as to be the pride of Indonesia as the ASEAN best financial institution.

2016

Bank Mandiri carried out several corporate actions such as the issuance of sustainability bonds, Asset Backed Securities in the form of Participation Letters (EBA-SP) and the total asset value of Rp1,000 trillion.

2017

Bank Mandiri began implementing the Corporate Plan Restart which was announced in September 2016. As a result, Bank Mandiri's annual net profit grew significantly by 49.5%.

2018

- Bank Mandiri implemented the new culture in early 2018. The application of new culture has enabled the Bank to reach 11th place out of 500 world's best companies in terms of work environment or "The World Best Employers 2018" by Forbes Magazine version.
- Bank Mandiri issued the Bank Mandiri Sustainable Bonds Phase III Year 2018 of Rp3 trillion. The Bank also issued Bank Mandiri Medium Term Notes I in 2018 with the total of Rp500 billion.

2019

Bank Mandiri issued Euro Medium Term Notes (EMTN) with a par value of USD750,000,000 (full amount) on the Singapore Exchange (SGX). This is the highest Global Bond transaction made by an Indonesian bank hitherto.

2020

Bank Mandiri issued Bank Mandiri Bonds II Phase I 2020 with a nominal value of Rp1,000,000.

2021

- Launching of Livin' by mandiri
- Launching of Kopra by mandiri
- Issuance of Bank Mandiri first Sustainability Bond with a nominal value of USD300 million.

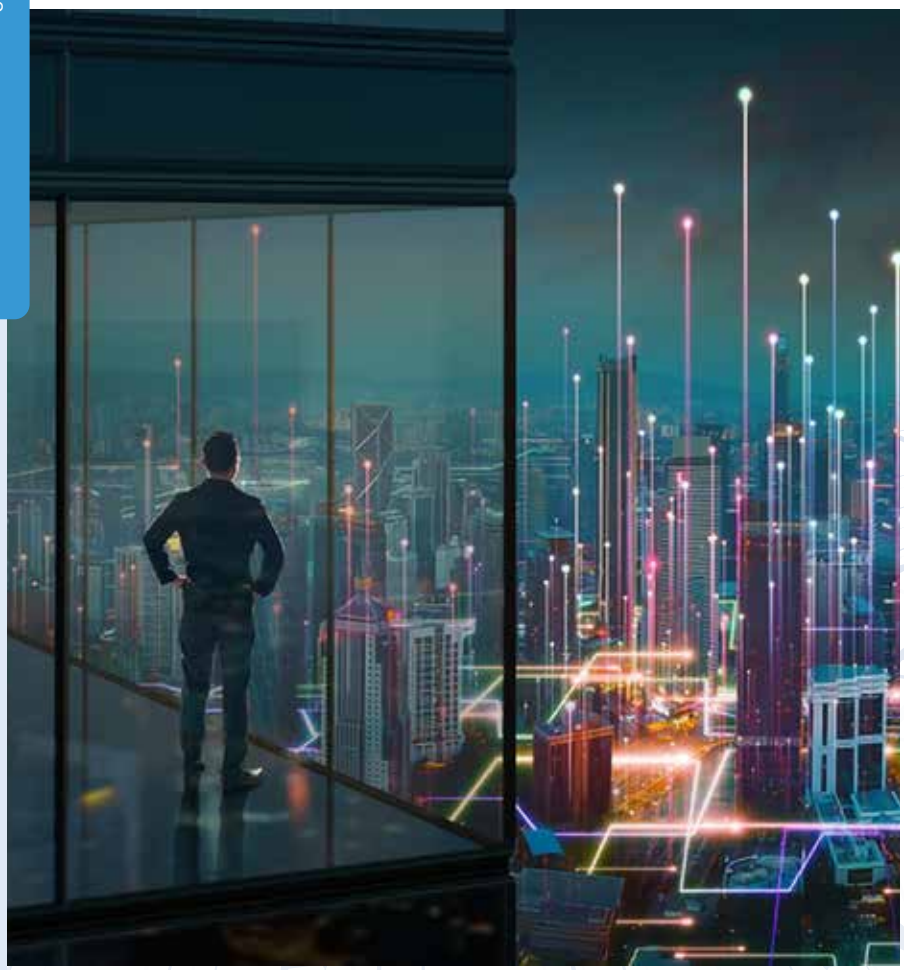
2022

- Bank Mandiri refined the Livin' by Mandiri application by launching the Livin' Sukha feature as a one-stop solution for all your lifestyle, which provides easy transactions in customers' daily lives.
- Bank Mandiri's share price reached an All-time high level of Rp 10,900 per share on 6 December 2022 and as of 30 December 2022 posted a growth of 41.3% YoY.
- Bank Mandiri has exercised equity investment addition to PT Bank Syariah Indonesia Tbk amounted to Rp2.8 trillion to support business and operations activities, as well as to foster Indonesia's sharia economy.
- Execution of the first Environmental, Social, and Governance (ESG) Repurchase Agreement (Repo) transaction in Indonesia with a nominal value of USD500.

2023

- Bank Mandiri realized a solid performance by achieveing Third-Party Funds (TPF) of Rp1,242.15 trillion (bank only), grew 4.11% YoY. This achievement was driven by an increase in low-cost funds which reached 6.46% YoY (bank only) with the composition of low-cost funds or current account and saving account (CASA) reaching 79.40%, the highest since Bank Mandiri was established.
- Bank Mandiri held the mandiri ESG Festival by launching digital carbon insetting, the first pre-paid recycle card, and NZE Operational 2030 commitment.
- For 25 years, Bank Mandiri has consistently contributed to the people of Indonesia. Bank Mandiri's commitment to continue to provide the best service and performance has received appreciation from various parties, including LinkedIn Top Companies 2023 as the Best Place to Work to Develop a Career in Indonesia, Forbes World's Best Bank 2023 as the Number 1 State-Owned Bank in Indonesia, and AIBP Innovation Awards 2023 from the ASEAN Innovation Business Platform.
- Digital transformation continues to be carried out, this is done with the launch of the new Livin' Sukha 2.0 feature which provides a more interesting experience in accessing entertainment content and daily lifestyle transactions. As of October 2023, Livin' by Mandiri has been downloaded 34 million times, with its transaction value reaching Rp2,600 trillion or an increase of 36% year on year.
- Bank Mandiri also presents a new innovation Kopra beyond borders in meeting the needs of corporate customers abroad, to ensure convenience access to an integrated digital financial for the customer ecosystem. As of August 2023, a total of 677 transactions totaling Rp12.466 trillion have been managed by Bank Mandiri. Kopra by Mandiri's growth also increased 133% year-on-year (yoy) to 146,000 users within one year
- Bank Mandiri became the market leader in disbursing green financing of Rp115 trillion, up 9.5% year on year (YoY). This is a tangible form of the implementation of sustainable finance by Bank Mandiri, as well as a form of our commitment to support Indonesia's transition to net zero emission (NZE) by 2060 and the achievement of the United Nations Sustainable Development Goals (UN SDGs).
- Issuance of first Bank Mandiri Green Bonds I Phase I Year 2023 ("Green Bonds I Phase I") with nominal value of Rp5,000 billion.

2024



- Bank Mandiri has once again made breakthroughs in digital service innovation to meet the increasingly diverse needs of society with high mobility. This is achieved through its contactless products: Mandiri Debit Contactless, Mandiri Kredit Contactless, and Tap to Pay. These products can be used with the "Tap" method on EDC machines.
- Bank Mandiri has successfully achieved outstanding performance throughout 2024, as evidenced by its consolidated net profit of Rp42 trillion as of the third quarter, marking a 7.56% year-on-year (YoY) increase.
- Bank Mandiri recorded positive performance with a 14.9% YoY growth in third-party funds (TPF) during 2024, reaching Rp1667.5 trillion. The Bank also successfully maintained its current account and savings account (CASA) ratio at 73.85%. Meanwhile, the Company's asset quality remained strong, with a non-performing loan (NPL) ratio at 0.97%.
- As part of its efforts to optimize business in the international arena, Bank Mandiri has launched the Livin' by Mandiri Timor-Leste application, reflecting its commitment to meeting the financial transaction service needs of customers in Timor-Leste. The presence of Livin' by Mandiri Timor-Leste is expected to serve as a digital financial solution for all segments of society in Timor-Leste.

2025

- In March 2025, the Government of Indonesia transferred its 52% shareholding to PT Danantara Asset Management (Persero), while retaining control through the Series A Dwiwarna share.
- Throughout 2025, Bank Mandiri recorded consolidated assets of Rp2,839 trillion, representing a 16.5% year-on-year (yoy) increase, positioning Bank Mandiri as the largest bank by assets in Indonesia.
- On 25 March 2025, Bank Mandiri issued Continuous Green Bond I Bank Mandiri Phase II Year 2025 with nominal value of Rp5,000,000, which consist of 2 (two) series.

DIGITAL BANKING

Livin' by Mandiri

Livin' by Mandiri is a financial super app that delivers comprehensive banking services seamlessly through smartphones. Livin' by Mandiri provides a holistic digital banking experience supported by beyond-banking capabilities, service excellence, and seamless ecosystem integration. The platform now offers more than 150 features designed to meet both the financial and non-financial needs of customers. Key functionalities include digital account opening in over 120 countries, cardless cash deposits and withdrawals, e-wallet integration, smart payment options, BI-FAST instant transfers, QR payments and digital receipts, Tap to Pay and QRIS Tap, PayLater services, foreign exchange and cross-border transfers, investment product purchases, and a comprehensive suite of retail lending solutions. These capabilities are further complemented by lifestyle and engagement platforms such as Livin' Sukha and Livin' Loyalty, as well as new offerings including loans secured by time deposits, secondary bond transactions, insurance referrals, and e-money top-up services, collectively designed to enhance transaction convenience and elevate the overall customer experience.

Livin' Merchant

Livin' Merchant is Bank Mandiri's integrated Point of Sale (POS) application with no subscription fee, designed to support the digitalization of business operators' operations. This platform provides an end-to-end solution covering sales recording, stock and catalog management, automatic transaction reports, as well as multi-outlet management within a single application. Livin' Merchant also supports various payment methods, including cash, QRIS, and cards, with real-time and on-demand fund disbursement to help maintain smooth business cash flow. Equipped with sector-specific solutions such as F&B as well as access to stock purchases from selected distributors, this platform plays a role in improving operational efficiency, expanding business growth opportunities, and promoting digital literacy and inclusion for business operators in Indonesia.

Livin' Sukha

Livin' Sukha stands out as a key feature within Livin' by Mandiri, designed to cater to customers' diverse lifestyle needs. Leveraging Bank Mandiri's extensive customer ecosystem and collaborations with more than 170 curated partners, Livin' Sukha provides integrated access to a wide range of lifestyle services, including travel, entertainment, healthcare, shopping, and food and beverage ordering. Livin' Sukha also delivers engaging entertainment and educational content through articles, live streaming, and reels, while serving as a preferred platform for major concerts and flagship product launches, thereby offering a comprehensive and value-driven lifestyle experience for customers.

Mandiri e-Money

Mandiri e-Money is a chip-based Electronic Money solution issued by Bank Mandiri, designed as a secure alternative to cash for various payment transactions. It serves as a convenient payment method for services such as toll roads, parking facilities, TransJakarta, trains, grocery stores, and various other merchants.

Mandiri Paylater

Mandiri Paylater is a loan facility provided by Bank Mandiri to support payments for QR and Virtual Account (VA) transactions across all merchants, as well as item payments at Livin' Sukha merchants. The service offers flexible repayment tenors of 1, 3, 6, 9, or 12 months and can be applied for digitally through the Livin' by Mandiri application.

Mandiri Direct Debit

Mandiri Direct Debit is a service that streamlines the acceptance of Mandiri Credit Card transactions, whether at merchants e-commerce in collaboration with Bank Mandiri. This service delivers a seamless transaction experience through an integrated payment flow.

Mandiri Chat Banking

Mandiri Chat Banking is a communication service connecting Bank Mandiri with customers through our official WhatsApp business account at +6281184140000. This service facilitates the exchange of information, notifications, and interactions through live chat between Bank Mandiri and its customers. Additionally, customers can inquire about Bank Mandiri's products and services by using the same WhatsApp number.

Mandiri Chat Banking also provides balance inquiries, transaction history checks, and debit card blocking services.

Mandiri ATM

Mandiri ATM provides customers with convenient access to their accounts, allowing for various actions such as cash transactions, balance inquiries, transfers, and payments using Mandiri Cards. Mandiri ATMs are integrated with both domestic and international payment networks, facilitating transactions with cards from other banks. Furthermore, Bank Mandiri has upgraded its ATMs to accommodate cash deposit and withdrawal transactions.

Mandiri Customer Service Machine (CSM)

Mandiri Customer Service Machine (CSM), fully integrated with the Livin' by Mandiri, represents Bank Mandiri's cutting-edge digital banking service It offers convenient card issuance and replacement services, allowing customers to change card types, replace damaged cards, or address lost cards. Additionally, customers can efficiently open new accounts through these machines. The CSM enables self-service transactions with simplified steps, eliminating the necessity for form filling. It operates 24/7, ensuring fast and efficient service without the need to wait at the branch.

Mandiri EDC

Electronic Data Capture (EDC) machine provisioning service available at shops/merchants that cooperate with Bank Mandiri. Mandiri EDC facilitate purchasing and payment transactions through contact and contactless methods using Mandiri Cards or other Banks electronically through the Domestic Network, International Payment Network, and the Bank Mandiri Network. Mandiri EDC supports contactless payments using QR codes, QRIS Tap, and smartphone with NFC, while also providing e-money top-up services.

Mandiri ATM Deposit-Withdrawal

Mandiri ATM Deposit-Withdrawal is a type of ATM machine that provides a range of banking transaction services, including cash deposit, cash withdrawal, interbank transfers, as well as payment and purchase transactions for Bank Mandiri customers. All other banking transaction services available at Mandiri ATMs can also be accessed through Mandiri ATM Setor Tarik machines.

Mandiri E-Commerce

Mandiri e-Commerce is a card payment acceptance service for online merchants partnering with Bank Mandiri, supporting transactions using Mandiri Cards as well as cards issued by other banks. The service provides a seamless and integrated payment flow within the transaction process, eliminating the need to access separate banking channels. Customers can transact using Mandiri Cards or other bank cards connected to international payment networks.

Mandiri QRIS

Mandiri QRIS is a QR Code–based payment acceptance service for Bank Mandiri merchants, supporting cashless transactions through server-based electronic money and other funding sources. The QR Code is standardized by Bank Indonesia and the Indonesian Payment System Association (ASPI), thereby it enables an interoperability transaction with Livin' by Mandiri or other apps of the Bank and/or Non-Banks (fintech) registered and approved by Bank Indonesia. Mandiri QRIS expands access to convenient and inclusive digital payment solutions, while enhancing the ease of cashless transactions for merchants.

Mandiri Application Programming Interface

Mandiri Application Programming Interface (API) provided easy access to banking products and services for players of the digital ecosystem integrated into the Partner application to take advantage of banking services conveniently and safely.

BUSINESS

KOPRA by Mandiri is a wholesale super digital platform that serves as a single hub for financial information and transaction activities for wholesale segment customers. Through this platform, Bank Mandiri provides integrated solutions encompassing Cash Management, Supply Chain Financing, Guarantee, as well as Trade Finance, all of which can be accessed within a single globally standardised digital ecosystem.

To accommodate the diverse operational needs of customers, KOPRA can be accessed through the following two connectivity channels:

Kopra Portal

A front-end digital service variant in the form of a single sign-on portal that enables customers to access all KOPRA services through an integrated web-based interface. This channel is available for all solutions offered within the KOPRA platform, ranging from Cash Management, Supply Chain Financing, Guarantee, and Trade, to transactional information services.

Kopra Host-to-Host (H2H)

A service variant based on integration between the customer's internal system and Bank Mandiri's system. Through this channel, all transaction instructions in the context of Cash Management, Supply Chain Financing, Trade Finance, as well as transactional information services can be transmitted automatically and in real time without manual intervention. Kopra H2H is the preferred solution for large corporate customers with high transaction volumes and complex system integration requirements.

Through both channels above, corporate customers can leverage the following suite of solutions:

CASH MANAGEMENT

KOPRA Cash Management solutions are designed to support corporate customers in managing the entire cash flow cycle efficiently and in an integrated manner. These solutions encompass five main clusters, namely collections, payments, liquidity management, physical cash services, as well as transaction information and monitoring services.

1. **Collections: Funds Collection and Identification**

   Mandiri Bill Collection
   A service for identifying and reconciling bill payments using a unique number as the payment reference for the payer. This service enables corporate customers to monitor payment status accurately and efficiently without manual processes.

   Mandiri Auto Debit
   from the customer's account to the company's account based on predefined agreements. This service supports structured recurring billing while reducing the risk of delayed payments.

2. **Payments: Payments and Disbursement**

   Payment Services
   A comprehensive payment solution covering transfers to counterparties through both domestic and international methods, payroll processing, tax payments, utility payments, and purchases of Pertamina products. All corporate payment needs can be managed within a single integrated digital ecosystem through the KOPRA platform.

3. **Liquidity Management: Liquidity Management and Optimization**

   KOPRA Liquidity Management solutions provide three cash management approaches that can be tailored to the account structure and operational needs of corporate customers.

   Mandiri Smart Account
   A transactional virtual account (VA) service with budget or limit settings per VA. Funds from all VAs are centralised into a single master account with an accurate and flexible budgeting scheme, enabling structured and centralised optimisation of interest income.

   Cash Concentration
   A liquidity management product based on real accounts with active physical fund movements between accounts, available as a feature in the Kopra Portal. Customers can select three operational modes based on their needs: pooling (sweeping funds to the master account), disbursement (transferring funds from the master account), and range balance (maintaining balances within a predefined range).

Notional Pooling
A liquidity management product based on real accounts without physical fund movements between accounts. Balances across all accounts are aggregated notionally for centralised interest optimisation, while maintaining operational independence of each account.

Kopra Investment
A deposit investment management service through the KOPRA platform, covering account opening, monitoring, early withdrawal, as well as setting and modifying deposit rollover instructions. This service enables customers' idle cash to be managed more productively in a structured manner.

4. **Physical Cash Services**

Kopra *Layanan Antar Jemput Uang* (LAJU)
A cash pick-up and delivery service for customers to and from the bank, with all request and processing conducted digitally through the KOPRA platform. This service minimises operational risks in managing customers' physical cash.

5. **Information and Monitoring Services: Transaction Information Services**
Supporting services that provide comprehensive visibility over account activities and transactions accurately and in real time.

Online Notification
A real-time notification service for transaction activities and fund movements in customer accounts. This service is accessible through the Kopra Host-to-Host (H2H) channel.

Mandiri Electronic Banking Statement (MEBS)
A service providing financial information in the form of electronic bank statements to support reconciliation and financial reporting needs of corporate customers. This service is accessible through both the Kopra Portal and Kopra Host-to-Host (H2H).

SUPPLY CHAIN FINANCING

Bank Mandiri's Supply Chain Financing solutions facilitate financing within customers' supply chain ecosystems, covering relationships between principals, distributors, and suppliers, from invoice creation and acceptance to financing application and settlement. These solutions can be accessed through the Kopra Portal or Kopra Host-to-Host (H2H), depending on customers' operational needs and system integration requirements.

The key advantages of KOPRA Supply Chain Financing solutions include:
- Transaction security through a certified system with an authorization matrix applied to every transaction.
- Ease of monitoring limits and transactions in real time, supported by transaction data storage and reporting capabilities.
- Process efficiency in billing, payment initiation, and financing applications, which can be conducted anytime and anywhere.

Mandiri Distributor Financing (Account Payable Financing)

A financing facility provided by the Bank to distributors of a principal that has entered into a cooperation agreement with the Bank. This facility is intended to finance or defer payments for payables arising from the purchase or distribution of goods or services from the principal.

Mandiri Supplier Financing (Account Receivable Financing)

A financing facility provided to suppliers that are business partners of the Bank's principal customers, in the form of receivables purchase. This enables suppliers to receive accelerated payments prior to the invoice due date.

TRADE SERVICE & FINANCE

Bank Mandiri's Trade solutions are designed to support the seamless execution of customers' trade activities, both domestic and international, through comprehensive services covering document handling, trade payment instruments, and financing. All Trade Finance solutions can be accessed through the Kopra Portal as well as Kopra Host-to-Host (H2H), in accordance with customers' integration requirements.

1. EXPORT

Bank Mandiri provides export services and financing solutions to support exporters in managing liquidity from order receipt, document preparation, and document presentation to the acceleration of export proceeds. Bank Mandiri's Trade Specialists across Indonesia also assist customers in executing international trade transactions through various payment methods, including Letter of Credit (LC), Documentary Collection, and Open Account.

Export Services

- Outward Documentary Collection: A service for collecting shipping documents from customers to importers without a Letter of Credit, in export or domestic trade transactions, to obtain payment or acceptance.
- Letter of Credit Advising: A service for notifying customers of received LCs (an irrevocable written undertaking by a bank) or their amendments, including assurance of payment to the beneficiary upon submission of documents compliant with the LC terms and conditions.
- Letter of Credit Confirmation: As a Confirming Bank, Bank Mandiri adds its payment undertaking to an LC issued by another bank, provided that the documents submitted comply with the LC terms and conditions.

Export Financing

- Pre-Export Financing: Trade financing provided to exporters to support preparation for export shipments (pre-shipment financing), based on either LC or non-LC transactions.
- Export Bill Purchase: A short-term trade financing facility that accelerates exporters' receivables by providing advances with recourse against export bills, for both LC and non-LC transactions.
- Forfaiting: A transaction involving the purchase of receivables between Bank Mandiri and customers or correspondent

banks based on deferred trade documents under an LC, at a discounted price without recourse.

2. IMPORT

Bank Mandiri provides solutions that enable customers to purchase goods more securely through document-based payment mechanisms. These solutions offer flexibility for customers to negotiate payment terms while maintaining credibility with suppliers. In addition to facilitating the issuance of Letters of Credit (LC), Bank Mandiri also provides financing support for import purchases as well as domestic trade transactions.

Import Services

- Inward Documentary Collection: A service for receiving and delivering shipping documents to customers as buyers in import or domestic trade transactions, ensuring that document release is carried out in accordance with the instructions of the remitting bank.
- Banker's Acceptance (Avalist) – Inward Documentary Collection: An unconditional commitment from the Bank to guarantee payment of time/ usance documents at maturity, arising from bills of exchange, promissory notes, or inward documentary collections with documents released against acceptance (D/A).
- Issuance of Import Letter of Credit: An irrevocable written payment undertaking issued by Bank Mandiri to the seller, subject to presentation of documents that comply with the terms and conditions of the Letter of Credit.
- Shipping Guarantee: A solution that enables the early release of goods from the port even when original shipping documents have not yet been received, based on a commitment issued by Bank Mandiri to the shipping company. This helps reduce the risk of cargo damage and additional charges such as detention, demurrage, and storage.

Import Financing

- Trust Receipt: Post-import or post-shipment trade financing that enables customers, as buyers, to settle payment obligations under Letters of Credit (LC) at maturity.
- Deferred Payment: Post-import or post-shipment financing that enables customers to settle payment obligations arising from open account transactions or inward documentary collections at maturity.

3. DOMESTIC TRADE

Differences in industrial, agricultural, and infrastructure capacities across regions make domestic trade an important mechanism in meeting national demand, stabilizing the supply of goods, and maintaining competitive pricing. Bank Mandiri's domestic trade solutions provide payment certainty, protection against default risk, and ease in managing transaction documentation.

Domestic Letter of Credit (SKBDN)

An irrevocable written undertaking issued by the Bank at the request of a customer for domestic trade transactions. The Bank guarantees payment to the beneficiary, provided that the documents presented comply with the terms and conditions of the SKBDN and its amendments. Services include issuance, advising, amendment, document examination, and payment settlement.

Domestic Trade Financing Solutions

1. **Account Receivable Financing:**
   - Receivables Financing: Trade financing provided to sellers to support preparation for goods delivery and to accelerate payment collection from buyers for the sale of goods or services in domestic trade transactions. This includes Purchase Order Financing and Invoice Financing.
   - Bill Purchase: Trade financing in the form of accelerated receivables for sellers based on bills,

applicable to both SKBDN and non-SKBDN transactions.
- SKBDN Forfaiting: A transaction involving the purchase of receivables between Bank Mandiri and customers or correspondent banks based on deferred trade documents under SKBDN, at a discounted price without recourse.

2. **Account Payable Financing:**
   - Trust Receipt: Post-shipment trade financing based on SKBDN provided to customers as buyers, to settle their obligations under SKBDN at maturity.
   - Deferred Payment: Post-shipment financing product to settle customers' obligations as buyers arising from domestic open account transactions or SKBDN issued by other banks.

4. BANK GUARANTEE

Bank Mandiri's Bank Guarantee is a guarantee issuance service in which the Bank undertakes to pay a specified amount to the beneficiary if the customer fails to fulfil its obligations in accordance with the agreed terms or contract. Bank Guarantees can be issued through the Kopra Portal or Kopra Host-to-Host (H2H), depending on customer needs and system integration arrangements.

The key advantages of Bank Mandiri's Bank Guarantee services include:
- Online issuance through the Kopra Portal or Kopra Host-to-Host (H2H).
- A wide network of issuing branches across Indonesia.
- Flexibility in collecting guarantee documents at branches different from the issuing branch.
- Same day service standards.
- A wide range of guarantee coverage options tailored to customer needs.
- Bank Guarantee confirmation through QR code scanning via the KOPRA mobile app, Mandiri Call 14000, and inquiries through KOPRA by Mandiri.

Bank Mandiri also provides various guarantee deposit schemes with competitive requirements as part of its support for national development initiatives and the acceleration of budget absorption. In addition, Bank Mandiri can collaborate with beneficiaries to expedite the Bank Guarantee confirmation process through system interconnection.

EMPLOYEES COMPETENCE DEVELOPMENT

To enhance employee competencies and achieve global competitiveness, Bank Mandiri has implemented a series of continuous development initiatives aimed at developing exceptional talent. The focus on improving employee competencies aligns with the importance of comprehensive career development.

Employee Career Development

Bank Mandiri's approach to employee career development is based on the Talent Management and Succession program, founded on the principle of fair opportunity. This ensures that every employee has an equal chance to grow and advance while considering the Bank's needs, individual capabilities, employee performance appraisals, employee potential, talent classification, position, and other relevant factors. The program is designed to prepare employees to take on key management positions within the Bank.

Bank Mandiri's Talent Management and Succession Strategy is structured around the framework, which comprises five key elements: Technical Capability, Leadership Capability, Culture, Learning Agility, and Purpose. This framework serves as the foundation for talent development, ensuring that all five aspects are implemented in a balanced and comprehensive manner.

For a detailed overview of HR development initiatives, please refer to the Human Capital Chapter of this Annual Report.

SUBSIDIARIES, SUB-SUBSIDIARIES AND/OR ASSOCIATES

SUBSIDIARIES – BANKING

PT Bank Syariah Indonesia (Persero) Tbk

Sharia Banking

Shareholding	**51.47%**
Establishment	**2021**
Operational Status	**Operating**
Total Assets	**Rp456,192 (billion)***

Company Profile

PT Bank Syariah Indonesia (Persero) Tbk (Bank Syariah Indonesia) was established as a result of the merger of three sharia banks owned by the SOEs Banks (HIMBARA), namely PT Bank Syariah Mandiri, PT Bank BNI Syariah, dan PT Bank BRIsyariah Tbk, which commenced its commercial operations on 1 February 2021. The merger was uniting three forces of sharia banks and aimed at optimizing the huge potential of Indonesian sharia financial and economics.

Fostered by holding entities (Mandiri, BNI, BRI), as well as the government commitment through the Ministry of SOEs, Bank Syariah Indonesia has the vision to become one of the top 10 sharia banks in the world by market capitalization in the next 5 years.

Bank Syariah Indonesia is a public company listed at the Indonesia Stock Exchange (ticker code: BRIS). Post-merger, Bank Syariah Indonesia becomes the largest sharia bank in Indonesia. As of December 2025, Bank Syariah Indonesia total assets stood at Rp456.19 trillion, third-party funds reached Rp380.49 trillion, and total net profit of Rp7.57 trillion.

Bolstered by this financial performance, Bank Syariah Indonesia is included in the list of top 10 largest banks in Indonesia by assets. On networks, Bank Syariah Indonesia is supported by more than 1,100 outlets more than 5.000 ATM and CRM networks across Indonesia.

These assets and forces will be optimized by Bank Syariah Indonesia to provide a one-stop comprehensive sharia financial services and products to provide various needs of the customers of various segments, from MSMEs, retail, commercial, wholesale, and corporate in the country or overseas.

In relation to system migration of three Sharia Banks of State-Owned, namely Bank Syariah Mandiri, BRIsyariah, and BNI Syariah into PT Bank Syariah Indonesia Tbk, the transfer's bank codes for 2 (two) ex-Legacy Banks namely BNIS (427) and BRIS (422) have now been closed and the naming of the bank code of ex-legacy BSM/ BRIS/BNIS has changed into BSI with the bank code of 451. The customer may contact the call centre of Bank Syariah Indonesia to 14040 for any transaction's issues.

PT Bank Mandiri Taspen

Banking Services

Shareholding	**51.098%**
Establishment	**2008**
Operational Status	**Operating**
Total Assets	**Rp73,018 (billion)***

Company Profile

PT Bank Mandiri Taspen (hereinafter referred to as Bank Mantap) was established in Denpasar on 3 November 1992, under the Deed of Establishment No. 4, made before Ida Bagus Alit Sudiatmika, S.H., a Notary in Denpasar, bearing the name of PT Bank Sinar Harapan Bali. The establishment was an upgrade of legal entity status, from previously an Indonesian Joint-Stock Company (Maskapai Andil Indonesia or MAI) into a Limited Liability Company (Perseroan Terbatas or PT). The deed of establishment was ratified by the Minister of Justice of the Republic of Indonesia under Decree No. C2-4581 HT.01.01 Th.93 dated 12 June 1993.

On 3 May 2008, Bank Sinar was officially acquired by PT Bank Mandiri (Persero) Tbk in order to comply with the provisions of capital regulation as a commercial bank. The acquisition marked the beginning of Bank Mandiri's ownership of Bank Sinar and furthermore the management of Bank Sinar is carried out separately as a stand-alone bank with the status of Subsidiary focusing mainly on micro business and small business development.

On 24 July 2015, the Financial Services Authority approved the change of name of PT Bank Sinar Harapan Bali into PT Bank Mandiri Taspen Pos and granted permission to conduct business activities under the name of Bank Mantap. The name change was accompanied by a license for logo change from Financial Services Authority on 31 July 2015. The changes of name and logo were announced to the public on 7 August 2015.

On 9 October 2017, Bank Mandiri Taspen Pos held Extraordinary General Meeting of Shareholders (EGMS) that approved the change of shareholders composition into Bank Mandiri (59.44%), PT Taspen (40%), and individuals (0.56%). The EGMS also approved the change of company name from PT Bank Mandiri Taspen Pos to PT Bank Mandiri Taspen.

On 16 December 2020, the Shareholders of Bank Mandiri Taspen signed the Circular decision to approved the changes of shareholders composition to become Bank Mandiri (51.098%), PT Taspen (48.437%) and individual shareholders (0.465%).

SUBSIDIARIES – MULTI-FINANCE

PT Mandiri Tunas Finance (MTF)

Motor Vehicle and Multipurpose Financing Services

Shareholding	**51.00%**
Establishment	**2009**
Operational Status	**Operating**
Total Assets	**Rp28,009 (billion)***

Company Profile

The track record of PT Mandiri Tunas Finance, also known as the "Company" or "MTF", began in 1989 with the establishment of PT Tunas Financindo Corporation as stated in the deed of Limited Liability Company PT Tunas Financindo Corporation No. 262 dated 17 May 1989 which was made before Misahardi Wilamarta, S.H., Notary in Jakarta and was approved by the Minister of Justice and Human Rights of the Republic of Indonesia (formerly Minister of Justice of the Republic of Indonesia) in accordance with Decree No. C2-4868.HT.01.01.TH'89 dated 1 June 1989 and has been registered in the register book of the Central Jakarta District Court under No. 1206/1989 dated 21 June 1989 and has been published in the State Gazette of the Republic of Indonesia No. 57, dated 18 July 1989, Supplement No. 1369.

On its early establishment, the Company was engaged in motor vehicle financing, which was initially aimed for consumers from the dealer network owned by the Tunas Ridean Group. In line with the growth of its business portfolio, PT Tunas Financindo Corporation changed its name in 2000 to PT Tunas Financindo Sarana based on the PT Tunas Financindo Corporation Limited Liability Company Deed Number 49, dated 18 August 2000 and was approved by the Minister of Law and Legislation of the Republic of Indonesia Number C-21195 HT.01.04. TH. 2000 dated 22 September 2000. And further made a name change in 2009 to PT Mandiri Tunas Finance based on the Deed of PT Tunas Financindo Sarana based on Number 181 dated 26 June 2009 and was approved by the Minister of Justice and Human Rights of the Republic of Indonesia Number AHU-40506. AH.01.02 Year 2009 dated 20 August 2009. From its initial establishment until 2009, the Company's share ownership was owned by PT Tunas Ridean, which was currently the largest independent automotive group with more than 100 branches across Indonesia.

In 2009, the Company took strategic measures as part of business development to expand market reach and strengthen capital structure hence to optimize the potential to compete in the Indonesian automotive financing industry. The action taken was the acquisition of the Company by PT Bank Mandiri (Persero) Tbk as one of the State-Owned Enterprises in the banking sector with an extensive business network and expansive customer-base. PT Bank Mandiri (Persero) Tbk made an acquisition of 51.00% shares of the Tunas Ridean Group and changed the Company's name to PT Mandiri Tunas Finance which was followed by a change in the Company's logo. With the acquisition, the share percentage of PT Tunas Ridean stood at 49.00%.

In the automotive financing segment, the Company provides financing for new cars, large motorbikes, commercial vehicles and heavy equipment. In following up the Financial Services Authority Regulation No. 35/POJK.05/2018 in lieu of the Financial Services Authority Regulation No. 07/POJK.05/2022 in order to create a resilient, contributive, inclusive financing industry and takes a role in maintaining a stable and sustainable financial system, the Company offers other financing types, among others, Investment, Working Capital and Multipurpose Financing.

The Company provides easy, innovative and competitive financing facilities and solutions for consumers in helping to realize the dream of owning a new car, large motorbike, commercial vehicles and heavy equipment to support business activities, financing and leasing as well multipurpose by means of funding facilities for education, home renovation, weddings, traveling and health. The Company continues to prioritize service to consumers by providing convenience particularly the support of branch offices throughout Indonesia, quality human resources and adequate infrastructure facilities.

SUBSIDIARIES – INSURANCE

PT AXA Mandiri Financial Services (AXA Mandiri)

Life Insurance

Shareholding	**51.00%**
Establishment	**2003**
Operational Status	**Operating**
Total Assets	**Rp43,425 (billion)***

Company Profile

AXA Mandiri, which is engaged in the life insurance business, has obtained a business license in the life insurance business from the Directorate General of Financial Institutions through Decree No. KEP-605/KM.13/1991 dated December 4, 1991, which was granted to PT Asuransi Jiwa Staco Raharja, and then transferred to PT Asuransi Jiwa Mandiri through Decree of the Directorate General of Financial Institutions No. S-131/MK.6/2002 dated May 3, 2002. The transfer of the insurance business license was in line with the name change of PT Asuransi Jiwa Staco Mandiri to PT Asuransi Jiwa Mandiri and the entry of PT Bank Mandiri (Persero) Tbk as a shareholder. The name change was set forth in Notarial Deed No. 17, dated March 25, 2002, made before Notary Muhani Salim, S.H., Notary in Jakarta and approved by the Minister of Justice and Human Rights of the Republic of Indonesia in accordance with Decree No. C-07463 HT.01.04.TH.2002 dated April 30, 2002.

Based on Notarial Deed of Aulia Taufani, S.H., Substitute Notary of Notary Sutjipto, S.H., No. 23 dated November 5, 2003, PT Asuransi Jiwa Mandiri changed its name to PT AXA Mandiri Financial Services after National Mutual International Pty. Limited as part of AXA Group officially became one of the Shareholders of PT AXA Mandiri Financial Services.

This change was approved by the Minister of Law and Human Rights through Decree No. C-28747 HT.01.04.TH.2003 dated December 10, 2003 and announced in the official gazette of the Republic of Indonesia No. 64, Supplement No. 7728, dated August 10, 2004. Accordingly, on February 11, 2004, through Letter No. S-071/MK.6/2004, the Directorate General of Financial Institutions transferred the insurance business license issued since the establishment of PT Asuransi Jiwa Mandiri to PT AXA Mandiri Financial Services.

On 20 August 2010, Bank Mandiri signed a sale and purchase agreement for the purchase of 2,027,844 shares or 2.00% of the issued and fully paid shares of NMI before the notary Dr. A. Partomuan Pohan. S.H., LLM. The addition of ownership in AXA Mandiri had been approved by Bank Indonesia through its letter No. 12/71/DPB1/TPB1-1 dated 22 July 2010. Following the purchase, Bank Mandiri's ownership percentage in AXA Mandiri increased to 51.00%.

AXA Mandiri underwent several changes including changes to the Articles of Association. One of the amendments to the Articles of Association was made to comply with the Limited Liability Company Law No. 40/2007, which had been ratified by the Notary Deed of Wahyu Nurani, S.H., No. 35 dated 29 July 2008 relating to Deed No. 8 dated 20 November 2008 which was approved by the Minister of Justice and Human Rights of the Republic of Indonesia through Decree No. AHU-08941.AH.01.02. year 2009 dated 23 March 2009.

The latest amendment to the Articles of Association was ratified by the Notary Deed of Mala Mukti S.H., LL.M., No. 86 dated 26 July 2023 which has been accepted and registered in the Legal Entity Administration System of Ministry of Law and Human Rights of the Republic of Indonesia based on Decree No. AHU-AH.01.03-0099062 dated 31 July 2023 and was approved by the Minister of Law and Human Rights of the Republic of Indonesia through Decree No. AHU-0044090.AH.01.02.Years 2023 dated July 31, 2023.

Changes in the composition of the Board of Directors and Board of Commissioners of AXA Mandiri have been authorized by Notarial Deed Mala Mukti S.H., LL.M. No. 85 dated 29 October 2025 which has been accepted and recorded in the Legal Entity Administration System of the Ministry of Law and Human Rights of the Republic of Indonesia based on Decree No. AHU-AH.01.09-0358356 dated 20 November 2025.

In general, AXA Mandiri is currently offered several business solutions categories in the form of life insurance for the customers of Bank Mandiri including Bank Mandiri Group which are Bank Syariah Indonesia, Mandiri Tunas Finance etc, which are:

1. Providing traditional insurance products that provide protection for life, critical illness as well as health coverage. In addition, provide insurance endowment product to help customer prepare the financials plan on child education and pension;
2. Providing unit link insurance products on life insurance protection with investment part;
3. Providing insurance protection for credit card holders, savings customers, consumer loan customers as well as micro credit customers of Bank Mandiri and Bank Mandiri subsidiaries; and
4. Providing corporate Solution insurance products for the company employees.

PT Mandiri Sekuritas

Investment Banking

Shareholding	**99.99%**
Establishment	**31 July 2000**
Operational Status	**Operating**
Total Assets	**Rp5,998 (billion)***

Company Profile

PT Mandiri Sekuritas (Mandiri Sekuritas or Company) is a securities company resulting from the merger of several securities companies within PT Bank Mandiri (Persero) Tbk, namely PT Bumi Daya Sekuritas, PT Exim Securities, and PT Merincorp Securities Indonesia which were formed on 31 July 2000 with the value of paid-in capital of Rp638 billion. Mandiri Sekuritas has the following business license:

1. Securities Trading Intermediary based on Bapepam and LK Approval Letter Kep-13/PM/1992 dated 23 January 1992.
2. Underwriter based on Bapepam and LK Approval Letter No. Kep-12/PM/1992 dated 23 January 1992.

Mandiri Sekuritas is one of the largest investment banks and most active brokers in the Indonesian capital market industry. As part of one of the largest financial institutions in Indonesia, PT Bank Mandiri (Persero) Tbk, Mandiri Sekuritas serves as a trusted partner for clients/customers in the capital market investment solutions.

Mandiri Sekuritas is supported by 2 (two) subsidiaries, namely PT Mandiri Manajemen Investasi (MMI), which is an investment management company founded in 2004 and Mandiri Securities Pte. Ltd. (Mandiri Securities Singapore) which was established on 15 May 2017. The presence of Mandiri Securities Singapore has made Mandiri Sekuritas the first Indonesian securities company which has Asia regional business capabilities.

Mandiri Sekuritas operates three business lines, which are Investment Banking, Capital Market and Retail. On Investment Banking, Mandiri Sekuritas provides securities underwriter and financial advisory services (underwriter and advisory). On Capital Market, the Company provides brokerage services in bond and stock transactions in the primary and secondary markets for institutional clients, while in Retail, it provides the same services (brokerage for bond and stock trnsactions) for individual customers.

SHARES LISTING CHRONOLOGY

Bank Mandiri has issued only one Series A Dwiwarna Share, which is owned by the Republic of Indonesia and is non-transferable. The shares issued by Bank Mandiri consist of the Series A Dwiwarna Share and Series B Registered Ordinary Shares. All Series B Registered Ordinary Shares offered comprise divestment shares of the Republic of Indonesia, which grant their holders equal rights and rank pari passu in all respects with the other Series B Registered Ordinary Shares of Bank Mandiri that have been issued and fully paid.

Initial Public Offering

On 14 July 2003, Bank Mandiri conducted an Initial Public Offering (IPO) of 4,000,000,000 Ordinary Shares B Series es with a par value of Rp500 (full amount) per share sold at Rp675 (full amount) per share. The IPO to the public was a divestment of 20.00% of Bank Mandiri's shares owned by the Government.

On 14 July 2003, 19,800,000,000 of Bank Mandiri's Ordinary Shares B Series es have been listed on Jakarta and Surabaya Stock Exchanges based on the letter of approval from Jakarta Stock Exchange No. S-1187/BEJ.PSJ/07-2003 dated 8 July 2003 and Surabaya Stock Exchange No. JKT-028/LIST/BES/VII/2003 dated 10 July 2003.

Shareholding Divestment by the Government

On 11 March 2004, the Government divested an additional 10.00% ownership in Bank Mandiri or amounted to 2,000,000,000 Ordinary Shares B Series es through private placements.

Limited Public Offering

To strengthen its capital structure, Bank Mandiri increased the issued and paid-up capital through Limited Public Offering (Rights Issue) with Pre-Emptive Rights. With regards to this Rights Issue, Bank Mandiri has submitted the first and second registration statements to Bapepam-LK on 26 December 2010 and 18 January 2011. Bapepam-LK under the Chairman of Bapepam and LK's Letter No S-807/BL/2011 dated 27 January 2011 stated that the LPO registration with Bank Mandiri's Rights Issue has been effective and also obtained approval from the shareholders in accordance with the decision result of the Extraordinary GMS on 28 January 2011.

Bank Mandiri has issued 2,336,838,591 shares with pre-emptive rights with par value of Rp500 (full amount) per share determined on 25 January 2011 and trading period starting 14 February 2011 to 21 February 2011 with an offering price of Rp5,000 (full amount) per share.

The Government of the Republic of Indonesia as Bank Mandiri's majority shareholder did not exercise their right to acquire the Rights Issue, however transferred the shares to other public shareholders, hence the Government's shareholding percentage composition was reduced or diluted from 66.68% prior to the Rights Issue period to 60.00% following the implementation of the Rights Issue.

Implementation of the Stock Split

Pursuant to the resolutions of the Extraordinary GMS dated 21 August 2017 as set forth in the Deed No. 36 dated 24 August 2017, made before Ashoya Ratam SH, Mkn, the shareholders of Bank Mandiri, among others, approved the stock split of the Company from Rp500 (full amount) per share to Rp250 (full amount) per share hence the issued capital became 46,666,666,666 shares consisting of 1 share of Dwiwarna Series es A and 46,666,666,665 shares of Series es B. The implementation of the stock split was effective on 13 September 2017.

BANK MANDIRI STOCK SPLIT IN 2017

Description	Shareholders (Number of Outstanding Shares)				Nominal (Rp)	Total Outstanding Shares
	Government		Public			
	Total	%	Total	%		
Before stock split	14,000,000,000	60	9,333,333,333	40	500	23,333,333,333
After stock split	28,000,000,000	60	18,666,666,666	40	250	46,666,666,666

The Government further divested 10.00% of its shareholding in Bank Mandiri or 2,000,000,000 Common Shares B Series es through private placements. This action did not increase the number of outstanding shares in public. The Government also divested 20.00% of its shares in Bank Mandiri as an initial public offering to the public amounted to 4,000,000,000 shares, hence not increasing the number of outstanding shares. After the stock split, the share price of Bank Mandiri share stood at Rp6,700 from the previous Rp13,400, with a stock split ratio of 1: 2.

Based on the resolution of the Annual GMS dated 14 March 2023 as set forth in the Deed No. 12, dated 16 March 2023, made before Utiek R. Abdurachman S.H., MLI., M.Kn., the shareholders of Bank Mandiri, among others, approved the Bank's stock split from Rp250 (full value) per share to Rp125 (full value) per share, hence the issued capital becomes a total of 93,333,333,332 shares consisting of 1 (one) Series es A Dwiwarna share and 93,333,333,331 Series es B shares. The Series es A Dwiwarna shares owned by the Government of the Republic of Indonesia will be retained 1 (one) share and the rest will be calculated to add Series es B shares owned by the Government of the Republic of Indonesia. The stock split will be effective on 6 April 2023.

BANK MANDIRI STOCK SPLIT IN 2023

Description	Shareholders (Number of Outstanding Shares)				Nominal (Rp)	Total Outstanding Shares
	Government		Public			
	Total	%	Total	%		
Before stock split	28,000,000,000	60	18,666,666,666	40	250	46,666,666,666
After stock split	48,533,333,334	52	44,799,999,998	48	125	93,333,333,332

TRANSFER OF SHAREHOLDING BY GOVERNMENT

As of 31 December 2025, the majority shareholder of Bank Mandiri is PT Danantara Asset Management (Persero), holding 52% of the Bank's Series B shares, acting as the operational holding entity under Daya Anagata Nusantara Investment Management Agency (Danantara). The Republic of Indonesia, through the Series A Dwiwarna share, retains special rights over key corporate decisions and remains the ultimate beneficial owner of Bank Mandiri. The remaining shares are owned by the public, each holding less than 5% of the total shares.

MANAGEMENT DISCUSSION AND ANALYSIS

STRENGTHENING LEADERSHIP THROUGH PERFORMANCE AND INTEGRATED ECOSYSTEMS

Bank Mandiri has maintained its dominant position in the industry through consistent growth in assets, loans, and third-party funds, outperforming the national banking sector average, supported by strong operational efficiency and solid profitability. This advantage is further strengthened by disciplined cost management and sustained asset quality. With continuous digitalization, product innovation, and a focus on strengthening customer ecosystems, Bank Mandiri remains on an optimistic path to reinforce its position as a market leader and a key driver of growth in Indonesia's banking industry.

ECONOMIC REVIEW

The year 2025 was shaped by a complex global economic and geopolitical landscape. Global economic growth remained moderate, with an uneven recovery amid trade fragmentation pressures, rising geopolitical risks, and a phase of monetary policy rate cuts across many countries. Domestically, Indonesia's economy demonstrated resilience, supported by macroeconomic stability, a resilient external sector, and responsive fiscal and monetary policies. With inflation under control, external stability maintained, and a responsive policy mix in place, 2025 reflected a phase of economic consolidation for Indonesia, aimed at sustaining growth amid a still challenging global environment.

GLOBAL ECONOMIC ANALYSIS

Overall, global economic growth in 2025 remained moderate. The World Economic Outlook released by the International Monetary Fund in October 2025, as well as the OECD Economic Outlook – Interim Report published in September 2025, projected global economic growth at around 3.2% throughout 2025. Nevertheless, global economic performance during the year reflected an uneven recovery. The World Bank also noted that global growth in 2025 continued to face downside risks, particularly related to rising trade fragmentation and heightened geopolitical uncertainty.

The impact of trade policies in advanced economies, particularly the United States, emerged as one of the main sources of global uncertainty in 2025. The increasingly protectionist stance of U.S. trade policy disrupted global trade performance, amid persistently volatile international trade dynamics throughout the year. At the same time, geopolitical tensions remained elevated, notably the Russia–Ukraine conflict, Iran and Israel War, and the ongoing trade tensions between the United States and China.

These global dynamics kept the pace of global economic growth on a relatively slower trajectory compared with the pre-pandemic period.

Throughout 2025, global inflation gradually began to decelerate. Several advanced economies continued to experience relatively elevated inflationary pressures, particularly from the services sector and import-related costs, prompting central banks to adopt a more cautious stance in easing monetary policy.

The US economy continued to record resilient but uneven growth. Weakening labor market conditions in the United States during 2025 increased market expectations for further room to cut the Federal Funds Rate (FFR). However, concerns over rising inflation stemming from the implementation of the US reciprocal tariffs limit the scope for additional FFR cuts.

Meanwhile, in China, fiscal policy support and economic stabilization measures helped improve economic activity in the second half of 2025, although their overall impact on the global economic recovery remained limited.

Amid rising uncertainty in the global economy and financial markets throughout 2025, capital flows to emerging market economies became more volatile, contributing to heightened financial market volatility. Consequently, these global dynamics underscored the need for more vigilant and coordinated policy responses to safeguard economic stability in an increasingly challenging global environment.

In the third quarter of 2025, Indonesia's economy continued to show resilient growth despite a moderation in momentum. Economic growth reached 5.04% year-on-year in 3Q25, slowing from 5.12% year-on-year in 2Q25, reflecting a normalization of economic activity following the period of elevated spending in the first half of 2025.

Growth was primarily supported by higher government spending, which expanded by 5.49% year-on-year, as well as an improvement in net export performance, while household consumption and investment moderated. Household consumption grew by 4.89% year-on-year, lower than in the previous quarter, in line with easing seasonal spending, particularly in food and beverages as well as transportation and communication.

Meanwhile, investment (gross fixed capital formation) slowed to 5.04% year-on-year, reflecting the normalization of capital formation after strong growth in 2Q25, although investment in machinery and equipment continued to post double-digit growth. On the external front, exports increased sharply by 9.91% year-on-year, while imports decelerated to 1.18% year-on-year, resulting in a higher contribution of net exports to overall economic growth.

Inflation in Indonesia throughout 2025 remained within Bank Indonesia's target corridor of 2.5% ± 1%, despite showing an uptick toward the end of the year. Inflation rose to 2.92% year-on-year in December 2025, up from 2.72% year-on-year in November 2025 and higher than the 2024 realization of 1.57% year-on-year. On a month-to-month basis, December 2025 inflation stood at 0.64%, driven by increased

INDONESIAN ECONOMIC ANALYSIS

year-end consumption as well as higher volatile food prices due to supply disruptions and seasonal factors. Commodities that contributed most to inflation in 2025 included gold jewelry, in line with rising global gold prices, as well as red chili, fresh fish, and rice, which were affected by weather-related dynamics. Core inflation also strengthened gradually, reflecting improving momentum in domestic consumption.

On the external front, Indonesia's current account balance for full-year 2025 is projected to record a small deficit, improving compared with the 2023–2024 period. As of September 2025, Indonesia's current account still posted a surplus of USD1.1 billion. This positive outcome was supported by a 39.2% year-on-year increase in the goods trade surplus to USD39.7 billion. These developments indicate that, despite elevated global geopolitical uncertainty, Indonesia's external stability has remained resilient.

Amid declining global commodity prices and increasing challenges on the revenue side, Indonesia's 2025 state budget (APBN) was managed prudently during the government transition period. The Government maintained a balance between fiscal consolidation and support for priority programs by keeping the fiscal deficit at a controlled level of 2.92% of GDP. Fiscal spending was managed selectively, alongside strengthened policy coordination with Bank Indonesia, including the placement of excess budget balances (SAL) in the banking system to help support economic growth.

Throughout 2025, Bank Indonesia (BI) pursued an expansionary monetary policy by cutting its policy rate by a total of 125 basis points to 4.75% to support economic growth. In December, BI decided to keep the BI-Rate unchanged at 4.75%, with the Deposit Facility rate at 3.75% and the Lending Facility rate at 5.50%.

This decision reflected BI's focus on maintaining rupiah exchange rate stability amid rising global uncertainty, while ensuring that the transmission of earlier monetary easing continued to operate effectively. To support exchange rate stability, BI strengthened its interventions in the offshore NDF market and the onshore spot market, and conducted purchases of government bonds (SBN) in the secondary market.

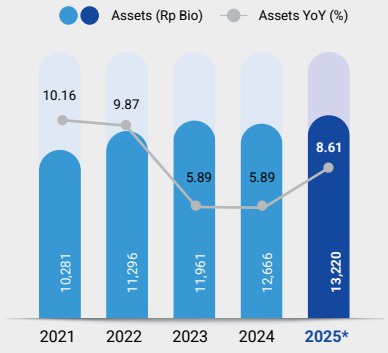
On the liquidity front, BI reduced outstanding Bank Indonesia Rupiah Securities (SRBI) and introduced additional measures, including remuneration on excess reserves and the strengthening of the Macroprudential Liquidity Policy (KLM), to encourage further declines in lending rates.

From a financial system stability perspective, the Financial Services Authority (OJK) and the Financial System Stability Committee (KSSK) reported that the financial system remained resilient throughout 2025. OJK noted that capital adequacy, liquidity, and Non-Performing Loan (NPL) ratios were relatively well contained. However, OJK also emphasized the need for intensive supervision of the banking sector's foreign exchange exposures, higher-risk corporate financing, as well as the importance of maintaining strong governance and investor protection. KSSK underscored the importance of inter-agency synergy to safeguard Financial System Stability (SSK) while continuing to support economic recovery.

Overall, Indonesia's economy throughout 2025 faced several key challenges, including escalating global trade tensions and ongoing geopolitical conflicts worldwide.

These developments contributed to a slowdown in the global economy and a decline in commodity prices, which posed risks to Indonesia's export performance. At the same time, heightened financial market volatility triggered capital outflows and exerted depreciation pressure on the rupiah. On the other hand, the acceleration of government programs, economic stimulus measures, and supportive accommodative monetary policies helped sustain domestic demand and played an important role in preserving the resilience and sustainability of Indonesia's economic growth throughout 2025 and into the period ahead.

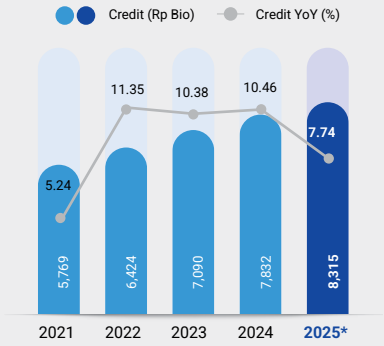
BANKING INDUSTRY ANALYSIS



Amid the dynamic challenges in both global and national economies throughout 2025, Indonesia's banking industry continued to demonstrate solid performance. Total assets of commercial banks recorded positive annual growth of 8.61% year-on-year, reaching Rp13,220 trillion as of October 2025.

With a stable risk profile and adequate liquidity, banking intermediation also continued to perform well. As of November 2025, commercial bank lending grew by 7.74% year-on-year to Rp8,314 trillion. By type of use, investment loans recorded the strongest expansion at 15.72% as of October 2025, followed by consumer loans, which moderated to 7.03%, while working capital loans further decelerated to 2.39% year-on-year.

By segment, corporate lending expanded by 11.53%, while loans to Micro, Small, and Medium Enterprises (MSMEs) contracted slightly by 0.11% year-on-year. Banking system liquidity remained sound, as reflected in the decline of Loan-to-Deposit Ratio (LDR) to 84.00% as of November 2025.



Positive loan growth was accompanied by well-maintained credit quality. As of November 2025, commercial banks' gross and net Non-Performing Loan (NPL) ratios stood at 2.21% and 0.86%, respectively. The Loan at Risk (LaR) ratio also remained at a manageable level of 9.22%.

On the funding side, Third-Party Funds (TPF) grew by 12.03% year-on-year to Rp9,899 trillion. This improved banking liquidity condition, reflected in the relatively sound liquidity indicators. As of November 2025, the Liquid Assets to Non-Core Deposits (AL/NCD) ratio reached 131.49% and the Liquid Assets to Third-Party Funds (AL/TPF) ratio stands at 29.67%, both well above their respective thresholds of 50% and 10%. Liquidity Coverage Ratio (LCR) remained strong at 210.38%.

From a capital standpoint, the Capital Adequacy Ratio (CAR) of commercial banks remained high at 26.15%. This reflects the strong resilience of the banking sector and serves as a solid risk-mitigation foundation in navigating global uncertainty.

From a profitability perspective, commercial banks recorded a net profit after tax of Rp131 trillion as of September 2025, grew 3.84% yoy compared with the same period last year. Profitability, as reflected by the Return on Assets (ROA) ratio, remained positive at 2.53%, while Net Interest Margin (NIM) reached 4.58% in September 2025. These indicated sound, strong, and efficient banking industry continuous results. However, operating expenses to operating income ratio (BOPO) edged up to 85.65% as of September 2025.

ANALYSIS OF BANK MANDIRI POSITION IN THE BANKING INDUSTRY

Overall, Bank Mandiri's performance in 2025 delivered growth that was significantly higher than the national banking industry average, particularly in assets and loan disbursement. Bank Mandiri's assets grew by 16.6%, far above the industry's 9.51% while loans increased by 13.4% compared with the industry average of 9.63%. Third-Party Funds (TPF) also recorded strong growth at 23.95%, reflecting solid customer confidence despite continued tight liquidity competition in the market.

From a funding structure perspective, Bank Mandiri's low-cost funds (CASA) grew 12.6%, indicating the Bank's ability to maintain an efficient cost of funds amid increasing global and domestic interest rate trends. On the other hand, Bank Mandiri's interest expenses grew substantially at 17.6%, reflecting the effects of monetary policy normalisation and competition in deposit rates.

Comparison of Consolidated Financial Performance Growth of Bank Mandiri (as of December 2025) vs the Banking Industry (Commercial Banks) as December 2025 (yoy)

Performance	Banking Industry (Commercial Banks)	Bank Mandiri (Consolidated)
Assets	9,51%	16,6%
Loans	9,63%	13,4%
Third Party Funds	13,83%	23,9%

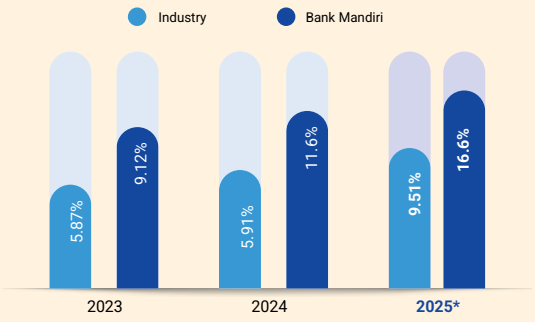
****) the total of Net Interest Income and Fee-Based Income;
*****) includes allowance for impairment losses costs.

In terms of Net Interest Income (NII), Bank Mandiri recorded growth of 2.38%, slightly below the industry trend of 4,09%. However, this was offset by stronger Fee-Based Income growth of 15.0%, indicating a more robust diversification of non-interest revenue. This reflects positive progress in the Bank's strategy to enhance transaction-based income and digital financial services.

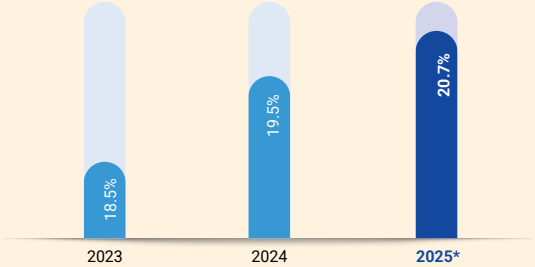
Operational efficiency remained a challenge. Operating expenses excluding interest increased by 11.9%, reflecting pressure on profitability. However, Bank Mandiri continued to deliver positive growth, with net profit and net profit grew by 0.33% and 0.92%, respectively. This indicates that the Bank's performance remained comparatively stronger than the industry, where commercial banks recorded overall net profit growth of only 2.74%

Overall, Bank Mandiri's 2025 performance reflects positive expansion in both intermediation and fund mobilisation. Strengthening efficiency and optimising non-interest income will remain key to preserving margins and profitability amid an economy still adjusting to post-normalisation monetary conditions.

MARKET SHARE OF BANK MANDIRI CONSOLIDATED FINANCIAL PERFORMANCE INDICATORS IN THE BANKING INDUSTRY (COMMERCIAL BANKS)



ASSETS



From 2023 to 2025, Bank Mandiri consistently recorded asset growth that outperformed the national banking industry average. As of December 2025, Bank Mandiri maintained strong asset growth at 16.6% yoy, compared with the industry's 9.51% yoy. This consistent outperformance reflects the Bank's ability to sustain intermediation momentum amid an economic environment still influenced by global and domestic monetary policy normalisation.

Subsequently, Bank Mandiri's assets market share increased significantly to 20.7% as of December 2025. This growth underscores the effectiveness of the Bank's sustainable expansion strategy, supported by service digitalisation, expansion in the wholesale and retail segments, and solid liquidity management. With these achievements, Bank Mandiri not only continues to scale its business, but also strengthens its systemic dominance in Indonesia's banking industry in the years ahead.

ASSETS GROWTH

BANK MANDIRI ASSETS MARKET SHARE

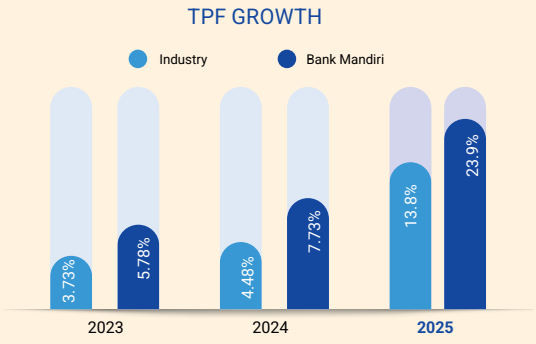
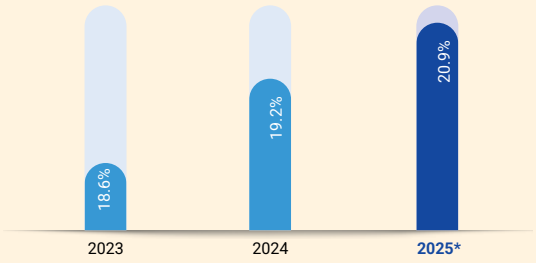
LOANS

Bank Mandiri's loan growth during the 2023–2025 period demonstrated strong performance, consistently staying above the national banking industry average. As of December 2025, loan growth remained positive at 13.4%, even as the industry slowed to 9.63%. This performance reflects the Bank's success in maintaining an aggressive yet prudent lending strategy, particularly in the corporate, retail, and productive loan segments, amid a declining-interest-rate environment and selective credit demand.

The improvement in loan performance is also reflected in Bank Mandiri's loan market share, which reached 22.1% as of December 2025. This indicates that over the past two years, Bank Mandiri has successfully expanded its dominance in the national credit market and strengthened its position as the bank with the largest loan portfolio in Indonesia. The increase in market share affirms the effectiveness of the Bank's expansion strategy, which focuses on quality growth, support for corporate and SOE ecosystems, and integrated digital financial services that broaden access to productive sectors and MSMEs.





Source: OJK as of December 2025, Bank Mandiri Publication Report as of December 2025

THIRD-PARTY FUNDS

Throughout the 2023–2025 period, Bank Mandiri delivered solid Third-Party Funds (TPF) growth that consistently outperformed the national banking industry average. As of December 2025, Bank Mandiri recorded annual TPF growth of 23.9% yoy, higher than the industry's 13.83%. This performance reflects the Bank's ability to mobilise liquidity effectively amid tight interest rate competition and dynamic money market conditions. In addition, TPF growth that exceeds the industry average demonstrates strong customer confidence and the success of the Bank's funding strategy, which leverages digital-based mobilisation and an integrated network expansion across the wholesale and retail banking ecosystems.

Bank Mandiri's strong TPF performance was also reflected in its growing market share, which reached 20.9% as of December 2025. This increase over the past two years reinforces the Bank's position as one of the largest holders of liquidity in Indonesia's banking industry.

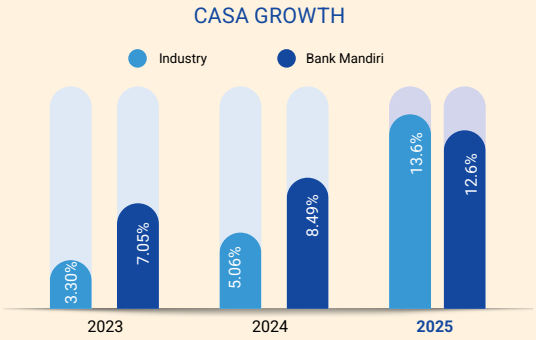
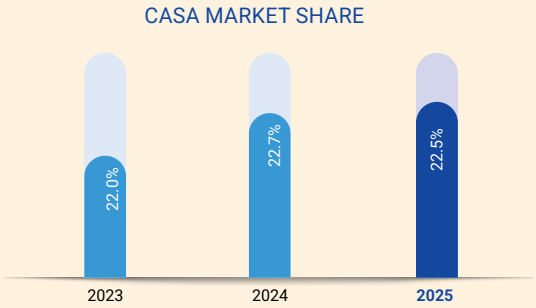
Bank Mandiri Publication Report as of December 2025



CASA RATIO

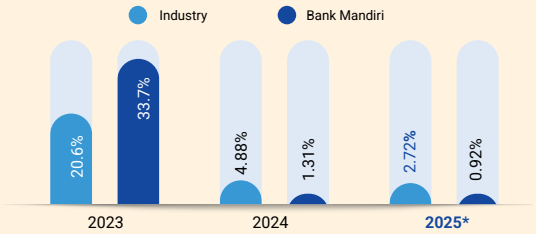


Throughout the 2023–2025 period, Bank Mandiri maintained a strong position in mobilising low-cost funds (CASA), although growth began to moderate by September 2025 in line with tightening liquidity conditions in the banking sector. Bank Mandiri's total CASA increased from Rp1,271 trillion in 2024 to Rp1,431 trillion as of December 2025, recording annual growth of 12.6% yoy.

Compared with the broader banking industry, Bank Mandiri's CASA growth up to December 2025 was lower than the industry average of 13.6%. Although, In nominal terms, Bank Mandiri's CASA level indicates strong liquidity, with a stable low-cost funding ratio that remains a key pillar of the Bank's efficient funding structure.

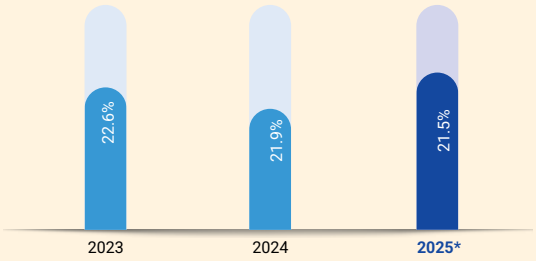
From a market share perspective, Bank Mandiri remains one of the leading players in CASA, although its share recorded a slight decrease from 22.7% in 2024 to 22.5% as of December 2025. This decline was partly driven by intensifying competition among banks in mobilising low-cost funds, particularly from digital banks and other financial institutions offering competitive interest rates for retail deposits.

Overall, Bank Mandiri's CASA performance remained solid and continued to support an efficient Cost of Fund amid shifting customer behaviour and evolving interest rate dynamics. The Bank's focus on digital transformation, enhanced customer experience, and strengthened payment ecosystems will remain key factors in sustaining CASA growth in the periods ahead.



Source: OJK as of December 2025, Bank Mandiri Publication Report as of December 2025

NET PROFIT



During the 2023–2025 period, Bank Mandiri recorded fluctuating profitability amid challenging economic and market conditions. Net profit stood at Rp55.0 trillion in 2023, increased to Rp55.8 trillion in 2024, and to Rp56.3 trillion in 2025.

The increase of profit in 2025 primarily driven by lower provision expenses, reflecting improved asset quality and better credit risk management. Despite the decrease, Bank Mandiri's net profit market share posted a significant decrease from 21.9% in 2024 to 21.5% in 2025. This indicates that the Bank's performance remained comparatively stronger than the industry, where commercial banks recorded overall net profit growth of only 2.74%. In other words, while profitability pressures were broadly felt across the banking sector, Bank Mandiri was able to maintain a dominant position with relatively better efficiency than its peers.

Comparison of Financial Ratios between Bank Mandiri (Bank Only) and the Banking Industry

Performance	Banking Industry (Commercial Banks)	Bank Mandiri
Capital Adequacy Ratio (CAR)	25.89%	19.36%
Non-Performing Loan Gross (Gross NPL)	2.05%	0.96%
Non-Performing Loan Net (Net NPL)	0.79%	0.40%
Return on Assets (ROA)	2.53%	3.19%
Net Interest Margin (NIM)	4.56%	4.59%
Operating Expenses to Operating Income (BOPO)	72.96%	60.23%
Loan to Deposit Ratio (LDR)	85.35%	88.92%

Source: OJK Integrated Financial Services Sector Data and Metadata Portal as of December 2025, Bank Mandiri Publication Report as of December 2025.

Overall, Bank Mandiri's financial ratios reflect a highly solid and efficient position compared with the national banking industry average, demonstrating strong risk management, high operating efficiency, and above-average profitability.

From a capital perspective, the Bank's Capital Adequacy Ratio (CAR) stood at 19.36%, lower than the industry average of 25.89%. However, this level remains well above the regulatory minimum, indicating a healthy capital structure and an optimised leverage strategy to support aggressive loan expansion.

In terms of asset quality, Bank Mandiri posted a significantly stronger risk profile than the industry. Gross NPL stood at only 0.96% and Net NPL at 0.40%, far below the industry averages of 2.05% and 0.79%. This highlights the effectiveness of the Bank's risk management policies and its ability to maintain sound credit quality despite strong loan growth over the past two years.

On profitability, Bank Mandiri's Return on Assets (ROA) reached 3.19%, higher than the industry's 2.53%, indicating greater efficiency in generating earnings from its asset base. The Bank's Net Interest Margin (NIM) was 4.59%, slightly higher than the industry average of 4.56%, reflecting its ability to maintain net interest margins amid competition and cost-of-fund pressures.

The BOPO ratio (Operating Expenses to Operating Income) stands out as one of Bank Mandiri's key strengths, recorded at 60.23% compared with the industry's 72.96%. This reflects a very high level of operating efficiency, driven by digitalised business processes, large economies of scale, and effective cost management.

Meanwhile, Bank Mandiri's Loan to Deposit Ratio (LDR) reached 88.92%, higher than the industry's 85.35%, indicating more aggressive loan disbursement and efficient utilisation of third-party funds. The ratio remains well within OJK's safe limits, reflecting a balanced position between liquidity and profitability.

Overall, these financial ratios demonstrate that Bank Mandiri is in a healthy, efficient, and productive position, with well-managed risks and strong competitiveness within the national banking industry. Bank Mandiri has proven its ability to maintain strong performance despite macroeconomic pressures and monetary policy normalisation throughout 2025.

CORPORATE STRATEGY

Entering the first year of the 2025–2029 Corporate Plan, Bank Mandiri reinforces its commitment to achieving the Vision of becoming "The Best Financial Institution in Southeast Asia." 2025 serves as an important foundation for this five-year journey. Through focused and collaborative strategic measures, Bank Mandiri aims to strengthen its position as a modern, resilient, and highly competitive bank in the Southeast Asian region, while continuing to deliver optimal value for customers and stakeholders.

Bank Mandiri's 2025–2029 strategy is built on its corporate identity, Vision, Mission, and Purpose, as the foundation of its transformation direction. With the vision "The Best Financial Institution in Southeast Asia," the Bank is committed to strengthening its position as a leading regional financial institution through quality services, competitiveness, and sustainable performance. The Mission underscores the Bank's role in providing integrated and innovative technology-based financial solutions with excellent service, while focusing on customer satisfaction, financial inclusion, and value creation for shareholders, in order to support Indonesia's economic growth and enhance its competitiveness at the global level. As a national financial institution with strong capabilities in both the wholesale and retail segments, Bank Mandiri continues to strengthen its role as a financial partner for corporations, state-owned enterprises, financial institutions, the government, and business actors through the development of ecosystem-based business models aimed at optimizing value chains and supporting sustainable growth. Bank Mandiri also expands financing and support for MSMEs by strengthening productive financing, digitalizing services, and integrating them into customer ecosystems. At the same time, the Bank continues to develop technology-driven retail banking solutions, strengthen Mandiri Group synergies, enhance human capital development, transform operational capabilities, implement ESG principles, and uphold prudent risk management.

OUR IDENTITY

Vision	**"The Best Financial Institution in Southeast Asia"**
Mission	"Providing integrated and innovative financial solutions based on technology with excellent service, focused on customer satisfaction, financial inclusion, and increasing value for shareholders, to drive Indonesia's economic growth to be competitive on a global level".
Purpose	**"Prosperous spirit."**

2025 STRATEGIC FOCUS

In 2025, Bank Mandiri focuses on strengthening transaction dominance across principal, merchant, and individual segments to build solid low-cost funding, ensuring strong liquidity and maintaining its position as the biggest lender while supporting government-sector business acquisitions aligned with the new administration's programs. To achieve this, the Bank develops Leaders as "ecosystem orchestrators" capable of managing the entire customer business ecosystem. Accordingly, the 2025 strategic focus carries the theme Integrated Strategic Growth and Transformational Leadership Driven by Orchestrating the Ecosystem, outlined in three Strategic Objectives for 2025.

1. To be the **"Main Transaction Bank"** for both Wholesale and Retail customers, where Bank Mandiri will dominate the transaction market by providing high-quality products and services supported by a strong relationship management framework for principals, merchants, and individuals.

2. To be a leader in low-cost funding, becoming the **"Leader in Low-Cost Funding."** As the preferred bank for transactions, Bank Mandiri aims to become the primary operational account provider for its customers. Furthermore, the Bank seeks to acquire and retain customers who value quality service and long-term relationships rather than focusing solely on pricing.

3. To be the **"Largest Lender"** in Wholesale and Retail credit within an ecosystem-based framework, maintaining an optimal yield level. With access to low-cost funding, Bank Mandiri can expand its credit portfolio and strengthen its position as the leading lender in the market while minimizing pressure on the NIM.

To achieve these objectives, Bank Mandiri has formulated strategic pillars derived from the Corporate Plan 2025–2029 strategies, which include:

1. **Solidify Wholesale Dominance to Uphold Market Leadership,** strengthening Bank Mandiri's position as a market leader in the wholesale segment by consistently driving wholesale credit growth above the industry average and maintaining its market share. Enhancing the Bank's presence in the wholesale segment also expands the customer ecosystem base, which in turn becomes a source of growth for the retail segment. Moreover, complete domination of the wholesale business is pursued by driving growth in transactional demand deposits through increased transactional float.

2. **Orchestrate Captive Ecosystem to Scale Up the Retail Business,** leveraging the full potential of the retail value chain from the captive ecosystem of wholesale customers and increasing Bank Mandiri's market share in every region by mastering territorial control. Additionally, retail banking serves as an urban leader by offering integrated business solutions, acting as a key driver of regional economic growth and financial inclusion. In terms of fund collection, retail banking will focus on retail transaction services to boost market share in savings accounts and merchant transactions.

3. **Intensify Subsidiaries Synergy to Expand Growth Pathways,** Bank Mandiri also emphasizes creating strong synergy among the entities within the Mandiri Group. The goal of this integration is to build a more efficient, innovative, and leading financial conglomerate. The synergy between business units is expected to enhance shareholder value and provide broader societal benefits by offering more integrated products and services that create a holistic and resilient financial ecosystem.

FOCUS ON STRENGTHENING SUSTAINABLE BUSINESS

Bank Mandiri applies a structured sustainability framework to support its commitment to becoming Indonesia's Sustainability Champion for a Better Future. The framework is built on three pillars, Sustainability Beyond Banking, Sustainable Operation, and Sustainable Banking, ensuring sustainability is embedded across the Bank's business, operations, and social contributions.

Under Sustainable Banking, Bank Mandiri advances the transition to a low-carbon economy by integrating ESG principles and expanding sustainable portfolios and products. As of December 2025, sustainable financing exceeded Rp315 trillion, supported by growth in green financing, social financing, and sustainable financial instruments.

Through Sustainable Operation, Bank Mandiri continues to reduce its operational carbon footprint to support the Net Zero Emission (NZE) Operation by 2030 target. Initiatives include green building, energy efficiency, electric vehicles, renewable energy use, and digital carbon tracking, which have generated significant emission reductions.

Under Sustainability Beyond Banking, Bank Mandiri expands its social impact through empowerment programs for young entrepreneurs, migrant workers, MSMEs, and digital entrepreneurship initiatives that support financial inclusion and strengthen vulnerable groups. The Bank also builds an inclusive work culture by advancing diversity, equality, and inclusion.

All initiatives are supported by strengthened ESG governance, internal capacity building, and transparent reporting, ensuring accountable delivery of sustainability commitments. Sustainability is an integral part of Bank Mandiri's long-term strategy, reinforcing its contribution to inclusive and resilient development.

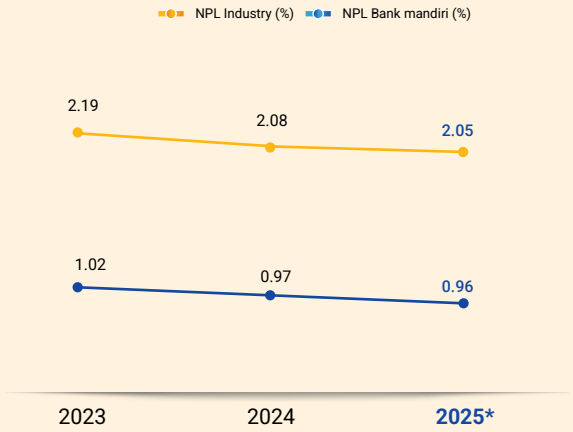
CONSISTENT DIGITAL TRANSFORMATION

Bank Mandiri's 2025 digital transformation roadmap becomes more mature and integrated, centering on strengthening its three core platforms, Livin' by Mandiri, Kopra by Mandiri, and Livin' Merchant, as the Bank's digital ecosystem anchors. Livin' aims to grow its indvidual user base, increase transaction volumes, and deepen account integration. Kopra is positioned as an ecosystem-based digital solution to address the transaction needs of both domestic and cross-border customers, while Livin' Merchant is developed to support financial inclusion and MSMEs' digitalisation of MSMEs.

This transformation is supported by front-end and back-end automation to enhance cost efficiency and accelerate internal processes. Bank Mandiri also begins leveraging artificial intelligence, including Generative AI, to deliver personalize recommendations, improve digital marketing efficiency, and enhance user experience consistently across all channels.

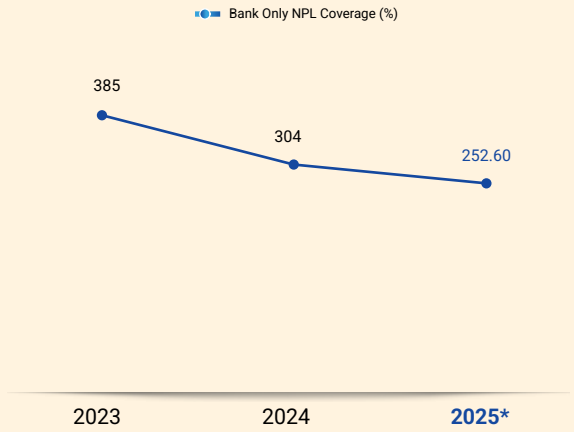
Customer experience is a key pillar, highlighted through Livin's interactive features, gamification, and innovations, which enhance service relevance and open opportunities for industry recognition. One of the key improvements is the refreshed homescreen, designed to be more streamlined and intuitive, enhancing simplicity and discoverability.

This customer-experience-driven approach is applied not only to the retail segment but is also extended to the corporate segment through the strengthening of Bank Mandiri's wholesale solutions. Kopra by Mandiri, as a solution for corporate customers, not only delivers comprehensive services but also provides a best-in-class transaction experience that continues to be enhanced to address the increasing complexity of business needs. As a result, Kopra has become the platform of choice for customers, as reflected in its largest transaction market share in Indonesia.



Overall, digitalisation has become the foundation of Bank Mandiri's business strategy, operational efficiency, and sustainability. Nevertheless, Bank Mandiri continues to proactively manage the accompanying challenges, including technology investment requirements, cybersecurity, and adoption across customer segments.

ASSET QUALITY WELL MAINTAINED



Bank Mandiri's asset quality remained solid throughout 2025, with an NPL ratio of 0.96%, which is better than the industry level of 2.05%. This demonstrates Bank Mandiri's strong ability to maintain the quality of its credit portfolio, conduct active credit monitoring, and continuously enhance the recovery of non-performing loans.

On the other hand, the NPL Coverage Ratio, or the provision ratio against non-performing loans, remained at a very strong level of 252.60%. This level continues to indicate a highly adequate provisioning buffer to anticipate potential credit risks. The decline in the coverage ratio reflects the relatively stable NPL quality, resulting in a lower need for additional provisions, as well as the optimization of existing reserves in line with improvements in debtor quality.

NPL RATIO
BANK MANDIRI VS INDUSTRY

NPL COVERAGE
BANK MANDIRI (BANK ONLY)

With a consistently low NPL ratio and high coverage level, Bank Mandiri is in a strong position to maintain the quality of its assets. Disciplined credit risk management, a well-diversified portfolio, and the application of prudent credit processes have all contributed to the stability of asset quality throughout 2025.

FEE-BASED INCOME GROWTHSTRATEGY FOR 2025

Bank Mandiri continues to strengthen its strategy to grow Fee Based Income (FBI) throughout 2025 by advancing its digital transformation and expanding its integrated service ecosystem. Growth in commission-based or non-interest income is driven by the Bank's three core platforms: Livin' by Mandiri for retail customers, Kopra by Mandiri for corporate clients, and Livin' Merchant for merchants and business owners.

Digital channels contributed approximately Rp7.68 trillion in Fee Based Income as of September 2025, supported by the strong performance of these platforms. Livin' by Mandiri recorded rapid retail activity, with around 37 million users, 4.71 billion transactions, and a cumulative transaction value of Rp4,448 trillion as of December 2025.

In the merchant segment, Livin' Merchant has onboarded approximately 3 million merchants, strengthening fee income from non-cash payments, acquiring, and settlement activities, including from non-urban areas. Meanwhile, in the corporate segment, Kopra by Mandiri has recorded significant growth in transaction value and volume, further increasing fee contributions from cash management, trade finance, and other corporate services.

Bank Mandiri strengthens this strategy by building digital customer trust through convenience, security, and a seamless transaction experience, which in turn drives the two key contributors to FBI growth: transaction frequency and transaction value.

The increasing number of new accounts acquired digitally expands the user base and opens greater potential for future FBI growth. At the same time, the Bank's large-scale digital model provides operational efficiency, allowing commission income to grow without a significant increase in costs.

Diversifying non-interest income sources is also a strategic focus for Bank Mandiri, pursued through the development of value-added services across its digital ecosystem to ensure that fee income is not concentrated in a single segment. Supported by consistent digital innovation, Bank Mandiri has been able to sustain healthy FBI growth momentum throughout 2025, while strengthening a resilient foundation for sustainable revenue amid intensifying industry competition.

RESPONSE TO CHANGES IN MONETARY POLICY DIRECTION

Throughout 2025, Bank Indonesia (BI) has lowered the BI-Rate by a total of 125 basis points to 4.75%. The Deposit Facility rate was set at 3.75% and the Lending Facility rate at 5.50%. This decision was consistent with inflation developments throughout 2025, which remained within the target range of 2.5% ± 1%, as well as BI's efforts to preserve rupiah exchange rate stability amid elevated global uncertainty. Moreover, the policy stance reflected BI's focus on ensuring that the transmission of earlier monetary easing remained effective, while safeguarding macroeconomic and financial system stability.

In line with its interest rate policy, Bank Indonesia continued to strengthen its monetary and macroprudential policy mix toward the end of 2025 to enhance liquidity and support credit expansion. BI reduced outstanding monetary operation instruments, introduced remuneration on excess reserves, and reinforced Macroprudential Liquidity Policy (KLM) to encourage lower lending rates and improve policy transmission to the real sector. Meanwhile, payment system policies remained directed toward supporting economic activity through broader digital payment adoption, strengthening the payment system industry structure, and enhancing the reliability and resilience of the national payment system infrastructure.

Amid the trend of declining benchmark interest rates, Bank Mandiri's Prime Lending Rate (Suku Bunga Dasar Kredit/SBDK) as of December 2025 remained unchanged from December 2024. The base lending rate for Corporate loans remained at 8.50%, Middle loans at 10.00%, Small loans at 10.50%, Micro loans at 13.50%, consumer loans for mortgages/apartments (KPR/KPA) at 12.50%, and non-mortgage consumer loans remained at 12.00%. Accordingly, Bank Mandiri maintained its existing Prime Lending Rate levels.

Bank Indonesia			Bank Mandiri		
Interest Rate Benchmark	October 2025	December 2025	Basic Rupiah Lending Rate	December 2025	December 2024
BI-Rate	4.75%	5.75%	Corporation	8.50%	8.50%
Deposit Facility	3.75%	5.00%	Retail	N/A	N/A
Loan Facility	5.50%	6.50%	Medium	10.00%	10.00%
			Small	10.50%	10.50%
			Micro	13.50%	13.50%
			Mortgage	12.50%	12.50%
			Non-Mortgage	12.00%	12.00%

Bank Indonesia (BI) implemented a comprehensive policy mix encompassing monetary, macroprudential, and payment system policies to maintain stability and support sustainable economic growth, as outlined below:

1. Strengthening pro-market monetary operation strategies To further enhance the effectiveness of interest rate transmission, increase liquidity, and accelerate deepening of the money and foreign exchange (FX) markets, BI undertook the following measures:
   a. Managing the interest rate structure of monetary instruments and FX swaps in line with monetary liquidity expansion to accelerate reductions in deposit and lending rates;
   b. Increasing liquidity in the money market and banking system through reductions in Bank Indonesia Rupiah Securities (SRBI) and calibrated purchases of Government Securities (SBN) in the secondary market;
   c. Expanding repo underlying instruments in BI's monetary operations to include other high-quality securities issued by government-established financial institutions to support public welfare programs;
   d. Issuing BI Floating Rate Notes (BI-FRN) and developing Overnight Index Swap (OIS) instruments with tenors beyond overnight to help establish a transaction-based interest rate structure in the money market;
   e. Expanding the investor base for SukBI to include banks and non-bank institutions, including non-residents;
   f. Strengthening the role of Primary Dealers to enhance secondary market SRBI transactions and inter-market repurchase agreement (repo) activity.

2. Strengthening the rupiah exchange rate stabilization strategy BI reinforced rupiah stabilization in line with economic fundamentals through interventions in both the spot market and Domestic Non-Deliverable Forward (DNDF) in the onshore market, as well as Non-Deliverable Forward (NDF) transactions in offshore markets. These measures were accompanied by secondary-market purchases of Government Securities (SBN) to enhance liquidity and maintain financial market stability;

3. Strengthening performance-based and forward-looking Macroprudential Liquidity Incentives (KLM) Effective from 1 December 2025, BI enhanced KLM through:
   g. Incentives for banks based on commitments to channel credit/financing to specific sectors (lending channel) and to set lending rates aligned with BI's policy rate (interest rate channel);
   h. KLM incentives comprising a lending channel incentive of up to 5% of Third-Party Funds (TPF) and an interest rate channel incentive of up to 0.5% of TPF, with total incentives capped at 5.5% of TPF.
   i. Priority sectors eligible for lending channel incentives, including: (i) agriculture, manufacturing, and downstream industries; (ii) services, including the creative economy; (iii) construction, real estate, and housing; and/or (iv) MSMEs, cooperatives, inclusion-oriented and sustainable sectors, in line with government growth priorities;
   j. Incentive calibration based on adjustments reflecting realized credit/financing growth relative to prior commitments;
   k. Interest rate channel incentives assessed based on the speed at which banks adjust new lending rates in response to BI's policy rate.

4. Maintaining accommodative macroprudential policy BI continued to maintain an accommodative stance by preserving: (i) Countercyclical Capital Buffer (CCyB) ratio of 0%; (ii) a Macroprudential Intermediation Ratio (RIM) within the range of 84–94%; (iii) a Loan-to-Value/Financing-to-Value (LTV/FTV) ratio for property loans/financing of up to 100%, and a minimum down payment of 0% for motor vehicle loans/financing, effective from 1 January to 31 December 2026; (iv) a Net Open Position Ratio for banks' foreign funding (RPLN) capped at 35% of bank capital; and (v) a Macroprudential Liquidity Buffer (PLM) of 4% with repo flexibility of 4%, and Sharia PLM of 2.5% with repo flexibility of 2.5%.

5. Enhancing transpazrency of Base Lending Rate (SBDK) assessments BI strengthened the publication of Base Lending Rate (SBDK) assessments, with deeper analysis of sector-based lending rates aligned with priority sectors covered under the KLM framework.

6. Expanding digital innovation and acceptance BI promoted digital payment innovation and adoption through the Festival of Indonesia's Digital Economy and Finance, in synergy with the Indonesia Fintech Summit and Expo 2025 (FEKDI & IFSE 2025), including initiatives such as: (i) Launch of QRIS Tap In/Tap Out; (ii) Initiation of a cross-border QRIS sandbox between Indonesia and South Korea; (iii) Kick-off of capacity building and literacy programs under the Acceleration and Expansion of Regional Digitalization Synergy (KATALIS P2DD); and (iv) Announcement of winners of the BI-OJK Hackathon 2025 and QRIS Jelajah Budaya Indonesia.

7. Strengthening and expanding international cooperation BI enhanced international cooperation in central banking, including payment system connectivity and local currency transaction frameworks, as well as facilitating investment and trade promotion in priority sectors in collaboration with relevant institutions.

Bank Indonesia continues to strengthen policy coordination with the Financial System Stability Committee (KSSK) to safeguard financial system stability. Policy synergy between BI and the Government has also been reinforced to maintain stability and support economic growth in line with the Government's Asta Cita agenda.

STRATEGIC FOCUS FOR 2026

In 2026, Bank Mandiri strengthens the strategic direction outlined in the Corporate Plan 2025–2029 by focusing on enhancing profitability through solid business growth to maintain healthy and sustainable performance.

1. **Synergy Across Wholesale, Retail, and Subsidiaries**
   Bank Mandiri is committed to reinforcing ecosystem synergy across the Wholesale, Retail, and Subsidiary segments to drive sustainable business growth. The focus is on optimizing the value chain between segments to create an integrated financial ecosystem that enhances credit distribution, increases third-party funds (DPK), and expands the customer base through cross-entity product and service collaboration across the Mandiri Group.

2. **Acceleration of Transactional Activities and Recurring Fee-Based Income**
   Bank Mandiri will prioritize strengthening transactional services by optimizing the Livin' and Kopra digital platforms and expanding treasury transaction capabilities. This strategy aims to maintain an efficient cost of funds, support sustainable CASA growth, and ensure healthy liquidity. Strengthened transactional services are also designed to boost recurring fee-based income through enhanced capabilities of Livin', Kopra, and other digital channels, as well as treasury business optimization by expanding forex, bonds, and client-based transactions to increase volume and profit margins.

3. **Digital Transformation & Efficient Operations**
   Bank Mandiri will intensify productivity through end-to-end digitalization, capability enhancement of employees, and strengthened execution discipline focused on results and value creation. This strategy aims to reduce operational bottlenecks, improve business process stability, and enhance organizational agility in responding to market dynamics and challenges. Through integrated digital transformation and efficiency improvements across all lines, Bank Mandiri is committed to building a more adaptive, productive, and competitive operating model to reinforce the foundation for sustainable growth.

4. **Excellence in Healthy and Sustainable Growth**
   Bank Mandiri remains committed to maintaining a balance between business growth, risk levels, and capital strength to ensure healthy and sustainable expansion. This approach is executed through prudent portfolio management, optimization of capital structure, and adaptive risk management aligned with economic and regulatory developments. As a result, growth will not only focus on volume but also on long-term quality and resilience.

The breakdown of the 2026 business strategy is as follows:

1) Continuing to drive wholesale credit growth and its derivative businesses (ecosystem-based growth)
2) Maintaining adequate liquidity through the growth of low-cost funds and strengthening the CASA ratio to manage the cost of funds
3) Optimizing fee-based income as a key revenue driver
4) Maintaining optimal Coverage Ratio and Cost of Credit to anticipate asset quality deterioration
5) Controlling operational expenses
6) Empowering Micro, Small, and Medium Enterprises (MSMEs).

BUSINESS OUTLOOK

The outlook for the global economy is expected to remain on a moderate growth trajectory going forward. Global economic growth is likely to slow compared with the pre-pandemic period and continues to be overshadowed by trade policy uncertainty, inflationary pressures that have yet to fully subside, and geopolitical risks. On the other hand, investment activity in the technology sector including the development of artificial intelligence (AI) and digital infrastructure has begun to provide growth support in several advanced economies. Nevertheless, the World Bank has emphasized that risks to the global economy remain significant should trade tensions escalate or global financial conditions tighten further. For the banking sector, these dynamics call for heightened vigilance toward financial market volatility, exchange rate fluctuations, and shifts in global trade performance that may affect revenues and commodity-related exposures.

Amid these global dynamics, Indonesia's economy demonstrated relatively strong resilience throughout 2025. Statistics Indonesia reported economic growth of 5.04% yoy in the fourth quarter of 2025, supported by government spending and improvements in net exports, despite moderation in household consumption and investment. Bank Indonesia maintained an appropriate mix of monetary and liquidity policies to support macroeconomic stability and facilitate the ongoing, gradual transmission of monetary easing. The manufacturing, trade, and export sectors remained key drivers of business activity, although external risks such as slowing growth among trading partners and volatility in commodity prices continue to warrant close monitoring. Overall, Indonesia's economic conditions in 2025 provided a relatively conducive foundation for business activity and credit expansion, while still requiring prudent risk management in response to external factors.

Stability in Indonesia's financial services sector is also expected to be well maintained. Steady economic growth, adequate banking system liquidity, and increasingly integrated supervision by the Financial Services Authority (OJK) form the core foundations of stability. Bank Indonesia continues to balance inflation control and liquidity management, while OJK strengthens regulatory oversight to minimize systemic risks through close monitoring of asset quality and capital adequacy. Digital transformation offers opportunities to enhance efficiency and expand the customer base, although cybersecurity risks must remain a key area of attention. With disciplined risk management and strong provisioning, Indonesia's financial services sector is well positioned to remain stable despite external pressures.

Entering 2025, Bank Mandiri possessed several competitive advantages, including a large asset base, a strong corporate market share, an expanding digital platform, and healthy capital ratios. As of December 2025, Bank Mandiri continued to record positive performance, supported by consolidated credit growth, a strong CASA position, and a focus on accelerating digitalization and sustainable financing. At the same time, the bank remained vigilant toward potential risks, particularly the need to maintain asset quality amid credit expansion. With these solid fundamentals, Bank Mandiri's business outlook remains positive, supported by strong, healthy, and efficient growth potential.

PROJECTIONS OF INDONESIA'S ECONOMY & BANKING INDUSTRY IN 2026

MARKETING ASPECT

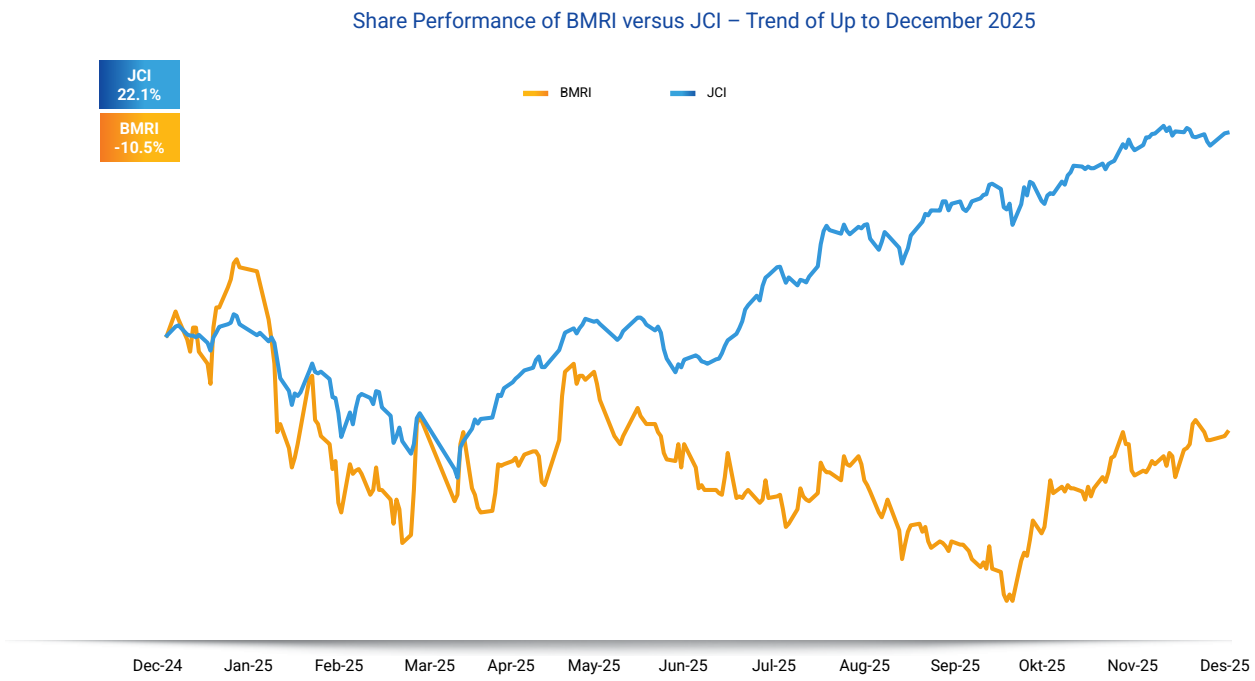
MARKETING STRATEGY

Throughout 2025, Bank Mandiri's marketing strategy becomes more integrated with a strong focus on digital transformation and data-driven personalization. The Bank expands customer reach through product innovation, improved customer experience, and the growing strength of digital channels. The marketing direction aims not only to acquire new customers but also to deepen engagement with existing customers, increase FBI, and reinforce the Bank's position as the most comprehensive financial and digital ecosystem.

The 2025 strategy emphasizes data-driven marketing, precise segmentation, and product integration into digital ecosystems and customer supply chains. Product offerings are strengthened through tailored bundling for MSMEs, retail, and corporate segments. Livin' and Kopra are optimised as primary marketing gateways, enabling automated, real-time acquisition, cross-selling, and retention, delivering higher product penetration and more efficient marketing costs.

Strategic partnerships are expanded with e-commerce platforms, fintech companies, and SOE ecosystems. Sustainability-led marketing is also strengthened, especially for green products such as green financing and sustainability-linked loans, reinforcing Mandiri's role as Indonesia's Sustainability Champion.

Marketing opportunities in 2025 expand across three key areas: increasing digital transactions through Livin' and Kopra that boost FBI; stronger MSME financial inclusion supporting KUR, micro financing, and cash management; and strengthening of non-interest income from wealth management, bancassurance, and investment products.



Expansion into digital ecosystems, paylater offerings, and lifestyle partnerships enables deeper reach into younger segments (millennials–Gen Z), increasing long-term customer lifetime value.

Bank Mandiri also enhances its omnichannel approach, strengthening digital platforms alongside physical channels such as branches and Mandiri Prioritas. Marketing activation is broadened through social media, the website, digital campaigns, ecosystem collaborations, and loyalty programs. For corporates and MSMEs, the Bank hosts business matching, industry forums, and partnerships with strategic partners. The synergy of digital, physical, and ecosystem channels creates a more measurable, efficient, and relevant marketing model.

MARKET SHARE

Bank Mandiri remains one of the largest banks in Indonesia by assets. With consolidated assets exceeding Rp2,830 trillion, the Bank continues to maintain its scale and strategic position in the national banking industry. As of December 2025, Bank Mandiri's market share of total assets increased significantly to 20.74%, reflecting strong competitiveness among major banks. The Bank's market share in loans, Third-Party Funds (TPF), and CASA also reached 17.44%, 16.65%, dan 18.64%., respectively.

BMRI SHARE PERFORMANCE 2025

Based on last closing price at the period of 30 December 2024-30 December 2025

Throughout 2025, Bank Mandiri's share price movement reflected varied market dynamics amid evolving global and domestic sentiment. Against a backdrop of volatility during the year, BMRI began to show more stable movement in the final quarter. Although its overall performance remained below that of the Jakarta Composite Index (JCI), Bank Mandiri's fundamentals remained solid, as reflected in loan growth, sound asset quality, and strong liquidity. Going forward, BMRI is expected to retain its appeal, supported by an attractive dividend policy, ongoing digital transformation, and growth opportunities arising from selective financing expansion and the domestic economic outlook.

BUSINESS REVIEW

Throughout 2025, Bank Mandiri demonstrated a resilient business model and the successful execution of its transformation, focusing on strengthening the Wholesale ecosystem, accelerating digital banking across all segments, and delivering quality loan growth. Strong performance in the corporate, commercial, and institutional segments further reinforced Bank Mandiri's position as a leading bank in financing productive sectors. The increase in digital transactions and the expansion of technology-based services also enhanced efficiency and strengthened customer loyalty in the Retail segment. Supported by strong capital foundations, well-maintained asset quality, and expansion strategies that remain adaptive to economic dynamics, Bank Mandiri continues to strengthen its role as a key driver of national economic growth and a leading financial institution in the region.

Bank Mandiri navigated a dynamic economic environment throughout 2025, marked by both challenges and opportunities. Amid shifting macroeconomic conditions and increasingly intense competition within the banking industry, Bank Mandiri maintained solid performance through a consistent strategy focused on strengthening digital capabilities, enhancing service quality, and implementing prudent risk management. The year 2025 marked an important phase in Bank Mandiri's corporate journey to reaffirm its position as a bank with strong fundamentals while accelerating progress toward its long-term vision of "Becoming the Best Financial Institution in Southeast Asia."

Within the Wholesale Banking segment, Bank Mandiri successfully sustained loan growth momentum in priority sectors while maintaining asset quality. Both the commercial and corporate segments recorded positive performance, supported by increasingly mature strategies and the continued integration of the Kopra by Mandiri platform. Despite ongoing liquidity pressures and global interest rate volatility, Bank Mandiri was able to maintain a healthy funding structure through diversified funding sources, increased CASA, and stronger synergies with key institutional customers.

From the Retail Banking perspective, business growth was driven by the expanding capabilities of Bank Mandiri's digital banking services. Livin' by Mandiri continued to serve as the backbone of customer acquisition and engagement while evolving into a more comprehensive financial services ecosystem. The optimization of data analytics enabled Bank Mandiri to enhance product penetration, expand its customer base, and drive higher-value transactions in the consumer and Micro, Small and Medium Enterprises (MSME) segments. Stable retail loan growth, increasing digital transactions, and rising Fee-Based Income reflect the consistent execution of the Bank's strategic initiatives.

The micro business and financial inclusion initiatives of Bank Mandiri also recorded significant progress in 2025. The disbursement of People's Business Credit (KUR) and micro loans continued to expand while maintaining sound financing quality. In addition, the branchless banking network through Mandiri Agen further strengthened Bank Mandiri's role in expanding access to financial services, including in remote areas. These initiatives not only contributed to the growth of the micro business segment but also supported the Government's agenda to enhance national financial inclusion.

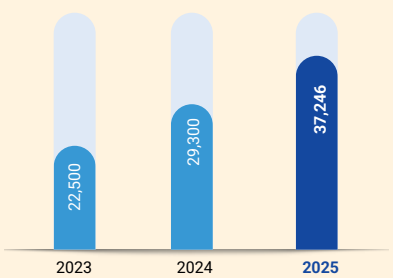
In global markets and treasury management, Bank Mandiri maintained its position as one of the leading banks in foreign exchange transactions and international banking services in Indonesia. Effective liquidity management, strengthened diversification of financial market instruments, and the development of various treasury solutions for corporate customers contributed steadily to the Bank's overall revenue. The expansion of the international network and enhanced trade finance services also supported the growth of Bank Mandiri's international business in 2025.

Overall, 2025 reaffirmed the resilience of Bank Mandiri's business model while demonstrating the effectiveness of the transformation strategy implemented over the past several years. With a solid financial foundation, sustainable growth across multiple segments, and increasingly strong digital capabilities, Bank Mandiri enters the coming years with positive prospects to achieve its long-term strategic targets and strengthen its role as a key driver of national economic growth. The Bank remains committed to delivering the best services to all stakeholders while continuing to innovate and transform in response to the evolving challenges ahead.

DIGITAL BANKING

IMPORTANT HIGHLIGHTS

- Strong and increasingly dominant digital transaction growth across both the Retail and Wholesale segments reflects the continued expansion of Bank Mandiri's digital activity throughout 2025. This is evident in the increase in transaction volume and value across Livin', Livin' Merchant, and Kopra by Mandiri. These digital channels have become key contributors to customer acquisition, stronger engagement, and improved service process efficiency.



- Livin' by Mandiri continues to strengthen its financial and lifestyle ecosystem. Livin' Merchant is expanding the QRIS acceptance base and application-based payment services for micro, small, and retail businesses. Meanwhile, Kopra has further reinforced its role as a corporate and institutional transaction platform with features such as supply chain and liquidity management. These three platforms demonstrate expanding capabilities and increasingly comprehensive digital solutions while also supporting the growth of Bank Mandiri's Fee-Based Income throughout 2025.

- Digitalization has enhanced Bank Mandiri's service quality and operational efficiency, enabling lower service costs, faster processes, and reduced reliance on physical networks. Improvements in system stability, security, and user experience have consistently increased customer satisfaction while further strengthening Bank Mandiri's position as a leader in Digital Banking in Indonesia.

DIGITAL BANKING STRATEGY & INNOVATION IN 2025

In 2025, Bank Mandiri remains committed to continuously enriching and enhancing the features of its financial super app Livin' by Mandiri, Livin' Merchant, and the super platform Kopra by Mandiri.

For the Livin' by Mandiri super app, several new innovations have been introduced, including:

1. Introducing features to expand acquisition reach toward the next generation of customers.
2. Introducing features that utilize Artificial Intelligence (AI) in financial management to enhance financial literacy across all customer segments.
3. Expanding investment product offerings to further complete the customer investment journey within Livin'.

Meanwhile, for Livin' Merchant, the new innovations introduced focus on enhancing the convenience and operational efficiency of business operators, including:

1. A customer payment feature with funds disbursed directly into the merchant's account, thereby helping maintain smooth business cash flow.
2. A feature that allows merchants to place orders directly with distributors within the Bank Mandiri ecosystem.
3. A voice notification feature that automatically announces the transaction amount to help merchants verify payments more quickly and accurately.

In response to evolving customer needs, Bank Mandiri through the Wholesale segment has established strategies to strengthen its position as a market leader in digital banking services in Indonesia. This strategy focuses on developing and strengthening a closed-loop ecosystem through Kopra Partnership, which facilitates an integrated ecosystem connecting upstream and downstream participants. This ecosystem connects principals, suppliers, distributors, retailers, and individual customers through the integration of Kopra by Mandiri and Livin' by Mandiri via the Kopra Bill Reminder feature, enabling invoices to be sent directly to Livin' by Mandiri.

In addition, to further expand services for customers, Bank Mandiri has integrated Kopra by Mandiri and Livin' by Mandiri by introducing the Kopra to Livin' Financing solution. This solution facilitates faster invoice payment receipts for individual suppliers whose accounts are directly connected to their Livin' application. The introduction of these two features is expected to address customer needs while encouraging greater adoption and utilization of both platforms.

DIGITAL BANKING CHALLENGES IN 2025

Amid increasingly intense competition in the financial industry throughout 2025, Bank Mandiri faced various challenges in strengthening and expanding the performance of its Digital Banking services. The Bank must ensure the reliability of its technology infrastructure, maintain system stability, and enhance the capacity of platforms such as Livin' to accommodate the growing surge in daily transaction volumes. In this context, one of the key challenges is meeting rising customer expectations for digital services that are fast, personalized, and seamless. Delivering a consistent and secure digital experience across all channels remains a critical challenge that Bank Mandiri must continuously address.

In addition, Bank Mandiri also faced the challenge of accelerating innovation amid increasing competition from digital banks, fintech companies, and embedded finance platforms. Non-bank competitors have aggressively introduced financial services that are more convenient, instant, and deeply integrated with digital lifestyles. In response, Bank Mandiri continues to enrich its digital features, accelerate end-to-end customer acquisition and onboarding, and simplify credit processes and other financial services to remain relevant and competitive. Internal alignment has also been strengthened to support service transformation, including enhancing employees' digital capabilities and adjusting business processes to become more agile and data-driven.

At the same time, cybersecurity risks have become increasingly significant. With the growing volume of digital transactions and the expanded use of API-based technologies and open banking, the risk of cyberattacks and potential fraud has increased substantially. These challenges have encouraged Bank Mandiri to further strengthen fraud detection and prevention systems, enhance encryption, and expand authentication capabilities based on biometric technology and artificial intelligence. In addition, educating customers on digital security practices has become a crucial element in maintaining the integrity of Bank Mandiri's services.

Overall, 2025 has been a period that requires Bank Mandiri to continuously strengthen its technological foundation, enhance the quality of the digital customer experience, and accelerate innovation in response to intensifying competition and evolving customer behavior. Despite these challenges, the evolving landscape also presents significant opportunities for Bank Mandiri to further reinforce its position as a leader in Digital Banking in Indonesia.

DIGITAL BANKING PERFORMANCE IN 2025

Retail Segment Digital Banking Performance

In 2025, Bank Mandiri's Digital Banking performance showed stronger acceleration as a result of the Bank's digital transformation carried out over the past several years. The Livin' by Mandiri application remains the primary driver of Digital Banking growth in the Retail segment, with the number of users continuing to increase and reaching more than 37.2 million users, representing growth of 27% (yoy) as of December 2025. Transaction frequency also increased by 21% (yoy), while transaction value reached Rp4,448 trillion, increasing by 10% of 2025. Through Livin' by Mandiri, more than 93% of new account openings at Bank Mandiri are now conducted digitally. This rapid growth is driven by greater transaction convenience, faster service, and consistent feature innovation such as digital account opening and integration with other financial products. It also reflects the increasing reliance of customers on digital channels as their primary means for daily banking activities.

The digitalization of services implemented by Bank Mandiri has also contributed positively to the growth of commission income from non-cash transactions. Digital Fee-Based Income generated through platforms such as Livin' recorded growth of 19% (yoy) as of December 2025. This increase in commission-based income from digital channels demonstrates that Bank Mandiri's Digital Banking has become a sustainable new source of revenue growth.

Within the retail merchant ecosystem, the continuously growing Livin' Merchant channel has also made a significant contribution. As of December 2025, the number of registered merchants had reached more than 3 million business operators, representing year-on-year growth of 31%. This achievement reflects Bank Mandiri's success in expanding access to digital payment services for business operators across various sectors. The increasingly broad adoption has also strengthened Bank Mandiri's integrated payment ecosystem, promoted financial inclusion, and opened opportunities to increase cross-selling of products and services to business operators.

Overall, 2025 demonstrated that Digital Banking has become one of the key pillars of Bank Mandiri's growth, particularly in the Retail segment. The successful expansion of the user base, increased transaction value, and stronger contribution from Fee-Based Income reaffirm Bank Mandiri's position as one of the leaders in Digital Banking in Indonesia. With a consistent innovation strategy and a comprehensive digital ecosystem, Bank Mandiri is well positioned to sustain growth and further expand the reach of its digital services.

Wholesale Segment Digital Banking Performance

Digital Banking services of Bank Mandiri's Wholesale segment in 2025 delivered solid performance, further strengthening the Bank's position as the largest provider of corporate financial transaction solutions in Indonesia. The utilization of the Wholesale Digital Super Platform Kopra by Mandiri significantly increased corporate customer transaction activity. State-Owned Enterprises (SOEs), large corporations, and commercial business players increasingly rely on Bank Mandiri's digital services to manage cash flows, supplier payments, payroll, and trade finance transactions in an end-to-end manner.

As of December 2025, the transaction value of Kopra by Mandiri reached Rp27,675 trillion, increasing from Rp22,703 trillion in the previous year. In line with this increase, the volume of Kopra transactions also increased to 1.498 billion transactions, compared to 1.312 billion transactions in 2024. In addition, the number of active Kopra users continued to increase to 131,882 users, from 117,586 users in 2024. The growth in transaction activity also contributed to an increase in fee based income from Kopra services, which reached Rp2,315 billion in 2025, compared to Rp2,053 billion in the previous year.

The growth in transaction volume and frequency in the Wholesale segment has been supported by Bank Mandiri's ability to deliver services that are increasingly automated and integrated with customers' internal systems. Strengthening API banking capabilities enables companies to perform automatic reconciliation, real-time payments, and instant cash flow monitoring, thereby reducing operational costs and improving financial control. This transformation has contributed to sustained transaction-based revenue growth amid the economic dynamics of 2025.

From an operational perspective, Bank Mandiri continues to prioritize improvements in reliability, cybersecurity, and platform availability. The implementation of biometric technology, adaptive authentication, and real-time transaction risk monitoring helps maintain corporate customer confidence in the stability of Bank Mandiri's digital services. These initiatives are critical given the high demand from corporate clients for services that are not only fast but also supported by robust security standards.

In addition, Kopra by Mandiri continues to be enhanced to provide a better user experience, focusing on its three main functions, Cash Management, Value Chain, and Trade, accessible through a single sign-on system. Kopra by Mandiri also features a personalized management dashboard that can be tailored to business needs, along with various additional digital transaction features.

Overall, the Digital Banking performance of Bank Mandiri's Wholesale segment in 2025 reflects the success of the Bank's strategy in strengthening digital capabilities as the foundation of corporate services. With an increasing number of customers adopting digital transactions and a more comprehensive service ecosystem, Bank Mandiri has strengthened its competitiveness in the Wholesale segment while also supporting greater efficiency and productivity among large corporations that serve as its key partners.

The achievements of the Wholesale segment as of December 2025 are as follows:

Year	Type	Cash Management	Trade & Bank Guarantee	Value Chain
2025	Transaction Nominal	Rp26,922 trillion	Rp656,7 trillion	Rp96,3 trillion
2024	Transaction Nominal	Rp18,363 trillion	Rp656,2 trillion	Rp74,1 trillion
2023	Transaction Nominal	Rp18,277 trillion	Rp717,2 trillion	Rp70,6 trillion

DIGITAL BANKING STRATEGY FOR 2026

In 2026, Bank Mandiri is committed to continuously enriching and enhancing its digital service capabilities through the Livin' by Mandiri financial super app, Livin' Merchant, and the KOPRA by Mandiri super platform.

The development of Livin' by Mandiri will focus on providing features and services that are increasingly relevant to the needs of the public, in order to accelerate adoption and increase the intensity of digital service utilisation by customers. Livin' by Mandiri will introduce various features that support the expansion of customer acquisition, particularly to reach the next generation of customers. In addition, Livin' by Mandiri will expand the range of financial products and services available within the platform, including the development of new types of savings products to support the strengthening of low-cost funds in line with the Bank's strategic direction, as well as the addition of more diverse investment instruments in line with the growing investment trends among the public. Development will also include the optimisation of user experience, including the utilisation of artificial intelligence to support more personalised financial management and enhance customers' financial literacy.

From a service perspective, Livin' by Mandiri will strengthen its service care capabilities to deliver faster, easier, and more efficient transaction issue resolution processes, thereby improving the overall quality of the service experience. In addition, various enhancements to existing features will continue to be implemented to ensure that the available services become increasingly convenient, seamless, and easy for customers to use.

As part of its commitment to meeting the needs of MSME business customers, Livin' Merchant will continue to be developed by introducing Payment Point Online Bank (PPOB) services that enable merchants to serve purchases of various digital products, such as prepaid mobile credit, data packages, electricity tokens, and other digital services. This development is expected to facilitate the public's digital transaction needs through a single integrated application, thereby providing a more practical and efficient experience for both merchants and consumers. This initiative forms part of Bank Mandiri's strategy to drive fee-based income growth through increasing transaction volume and diversifying digital services within the merchant ecosystem.

This customer experience-focused approach is not only applied to retail segment but is also extended to corporate segment through the strengthening of Bank Mandiri's wholesale solutions. Kopra by Mandiri, as a solution for corporate customers, not only offers comprehensive services but also delivers a best-in-class transaction experience that continues to evolve in response to the increasing complexity of business needs. This has positioned Kopra as the platform of choice for customers, as reflected in its leading transaction market share in Indonesia.

OPERATIONAL REVIEW BY BUSINESS SEGMENT

Bank Mandiri organizes its working units into three main groups: business units, support functions, and business & network units, all of which play roles in carrying out activities within the banking industry. These three main groups are further divided into several segments and subsegments.

The business units serve as the primary drivers of Bank Mandiri's business development. The operational segments within this group consist of two main segments: Wholesale Banking and Retail Banking. Support functions are responsible for supporting overall business operations. Meanwhile, the business & network units function as the sales arm responsible for delivering products and services to all Bank Mandiri customer segments. The business & network units consist of 12 Regional Offices distributed across Indonesia.

KEY HIGHLIGHTS

- Corporate Banking loan growth strengthened in 2025 with double-digit expansion and improving asset quality (lower NPL), reflecting a healthier risk profile.
- Higher Fee-Based Income indicates stronger capabilities in transaction solutions.
- Third-Party Funds were slightly pressured; however, profitability remained well maintained through a more selective corporate portfolio strategy and a focus on low-risk priority sectors.

The Corporate Banking segment focuses on serving the needs of large corporate customers, both in providing financing for large-scale and long-term projects and in facilitating fund placements. The business activities of Bank Mandiri's Corporate Banking are also supported by Mandiri Sekuritas.

The parameters for the customer profile of Bank Mandiri's Corporate Banking are as follows:

Parameter	Corporate Banking
Company Size	Companies with Gross Annual Sales (GAS) of more than Rp2 trillion, including their business groups.
Customer	Domestik: Private companies, listed State-Owned Enterprises (SOEs) and their business groups, as well as business groups or sponsors that are categorized among the leading companies in Indonesia or Asia.
	International: • Deposit customers recorded at branches in Hong Kong, Shanghai, Singapore, and the Cayman Islands. • Overseas companies affiliated with Bank Mandiri customers in Indonesia or foreign companies that meet the criteria to obtain financing in accordance with applicable regulations in Indonesia and overseas.

Corporate Banking represents a core competency and the primary driver of Bank Mandiri's performance. Therefore, amid domestic and international conditions that remain challenging, Bank Mandiri's Corporate Banking exercises prudence in extending loans.

COMPETITIVE ADVANTAGES AND INNOVATION OF CORPORATE BANKING

Bank Mandiri's Corporate Banking demonstrates competitive advantages through its ability to deliver comprehensive end-to-end financial solutions for corporate customers, covering large-scale financing needs, transaction services, and integrated liquidity management. Digital innovation also serves as a key driver, particularly through the strengthening of the Kopra by Mandiri platform and other digital solutions that enhance operational efficiency for customers. In addition, a sector-based approach and deeper client engagement enable Bank Mandiri to capture financing opportunities in strategic sectors such as energy, infrastructure, and manufacturing while maintaining sound asset quality. The combination of strong digital capabilities, robust funding capacity, and a more proactive service model strengthens the position of Bank Mandiri's Corporate Banking as a key financial partner for large enterprises in Indonesia.

CORPORATE BANKING STRATEGY IN 2025

In addressing challenges while maximizing opportunities in 2025, Bank Mandiri's Corporate Banking has implemented the following Grand Strategy:

1. **Maintaining the Position as the Largest Lender**
   Corporate Banking continues to strengthen Bank Mandiri's dominance as a leading wholesale bank by driving growth among healthy conglomerates. This strategy is balanced with optimal concentration risk management through portfolio diversification across various industry sectors, in line with prudential principles and banking best practices.

2. **Increasing Low-Cost Funds through Customer Transaction Acquisition**
   Growth in Third-Party Funds (TPF) is focused on increasing low-cost funds through customer transaction acquisition strategies. This is achieved by optimizing the use of digital channels such as Livin' and Kopra to increase floating funding from customer transactions within Bank Mandiri.

3. **Developing the Corporate Banking Customer Ecosystem**
   Supported by strong relationships and an extensive network, further strengthened by Bank Mandiri's digital platforms, Corporate Banking is expected to optimize the full potential of its customer ecosystem.

CORPORATE BANKING PRODUCTIVITY AND REVENUE

The effective implementation of these strategies plays an important role in driving the productivity and revenue of Bank Mandiri's Corporate Banking during 2025, as presented in the following table:

CORPORATE BANKING PERFORMANCE

(In Rp million)

Description	2024	2025	Growth	
			Nominal	%
Total Credit	515,387,333	636,601,990	121,214,658	23.52
Ratio NPL (%)	0.44	0.33	-	-0.11
Total Third Party Funds	329,567,976	404,596,620	66,910,669	19.81
Total Fee Based Income	3,950,298	4,185,138	234,840	5.94
Total Net interest Income	12,362,556	24,044,128	1,463,648	6.48

The performance of Bank Mandiri's Corporate Banking segment showed solid growth as of December 2025. Total corporate loans increased to Rp636.6 trillion, grew 23.52% (yoy) compared with the same period in the previous year. This achievement reflects continued strong financing demand from large corporations amid the recovery of national business activity. The growth also indicates Bank Mandiri's success in expanding relationships with top-tier clients and increasing the acquisition of large-scale financing projects across sectors such as infrastructure, manufacturing, and energy.

From the asset quality perspective, the Corporate Banking segment maintained a very healthy level. The NPL ratio declined from 0.44% as of December 2024 to 0.33% as of December 2025, reflecting borrowers' ability to maintain sound risk profiles as well as the effectiveness of Bank Mandiri's risk management in monitoring and controlling the quality of the corporate loan portfolio. Credit quality was further reinforced, with 96.52% of the portfolio classified under Col 1, while only 6.16% was categorised as loan at risk, indicating that credit risk remained at a very low level.

On funding side, Total Third Party Funds (TPF) in the corporate segment increased by 19.8% (yoy). This reflects the strengthening of the funding structure, growing customer trust, and the Bank's solid liquidity position to support credit expansion. This growth also demonstrates the success of the Bank's strategy in diversifying funding sources, particularly through its financial service ecosystem and the healthy increase in customer transaction activities.

Fee Based Income recorded growth of 5.94% (yoy), supported by increased transaction activities in Syndication, Cash Management, Forex, and other wholesale banking services. This demonstrates Bank Mandiri's success in accelerating non-interest income from value-added services for corporate customers. On the other hand, Corporate Net Interest Income also increased by 6.48% (yoy), reflecting solid financial performance driven by credit expansion and efficient management of the cost of funds.

CORPORATE BANKING LOANS BY PRODUCT

(In Rp million)

Product	2024			2025			Growth		
	Rp	Forex	Total	Rp	Forex	Total	Rp	Forex	Total
Investment Loan (IP)	196,647	104,653	301,299	310,234	125,508	435,742	113,587	20,855	134,443

The loan structure of Bank Mandiri Corporate Banking segment also reflects a financing orientation focused on Investment Loans and Working Capital Loans as of December 2025. Approximately 68.45% of the portfolio consisted of Investment Loans, while 25.87% was allocated to Working Capital Loans, and 5.68% comprised other types of loans. This composition to some extent reflects Bank Mandiri's significant role as a leading bank in financing major strategic projects.

By customer type in Bank Mandiri Corporate Banking segment as of December 2025, the portfolio was distributed between the private sector at 59.15% and SOEs at 40.85%. This portfolio allocation reflects sound diversification as well as Bank Mandiri's strong position within the national corporate ecosystem. Meanwhile, by sectoral composition, corporate loans were dominated by strategic sectors such as energy & water, construction, and mining, in line with Bank Mandiri's focus on supporting the growth of priority national industries.

The performance of Bank Mandiri's corporate loans as of December 2025 reflects a portfolio that is growing in a healthy and competitive manner, with a focus on productive sectors supported by disciplined risk management. The following table presents the outstanding loans to the top 10 largest industry sectors at the end of 2025.

	Total	**636,602**

Overall, the performance of Bank Mandiri's Corporate Banking segment throughout 2025 reflected strong loan growth momentum, consistently high asset quality, and an improving ability to generate non-interest income. Despite pressures on Third-Party Funds and interest margins, the corporate segment remained one of the key pillars supporting Bank Mandiri's overall profitability and performance stability.

CORPORATE BANKING BUSINESS OUTLOOK IN 2026

The business outlook for Bank Mandiri's Corporate Banking segment in the coming year is projected to remain strong and positive. This outlook is supported by national economic expansion, increasing corporate financing needs, and Bank Mandiri's position as one of the leaders in the Wholesale Banking segment in Indonesia. Solid corporate loan growth in 2025 provides a strong foundation for sustained performance. In line with the Government's fiscal policy direction, which continues to focus on infrastructure development, industrial downstreaming, and energy transition, financing demand from both SOEs and private corporations is expected to increase, creating significant growth opportunities for Bank Mandiri.

From an asset quality perspective, the outlook also remains favorable. The consistently low NPL ratio in the Corporate Banking segment reflects a well-maintained risk profile and demonstrates Bank Mandiri's ability to manage its portfolio prudently. This condition provides room for selective loan expansion, including financing for large-scale projects and syndicated financing. In addition, the dominance of corporate loans within the performing loan category and Stage 1 classification indicates that the Corporate Banking portfolio remains in a healthy position to support further expansion.

Bank Mandiri also benefits from the increasingly mature digital transformation of its wholesale services through Kopra by Mandiri. The growing digital adoption among corporate customers is expected to strengthen commission-based income sources, improve transaction efficiency, and deepen relationships with key corporate clients. Going forward, greater penetration of these digital solutions has the potential to become a significant driver of Fee-Based Income growth.

Overall, the business outlook for Bank Mandiri's Corporate Banking segment remains positive, supported by increasing corporate credit demand, well-maintained portfolio quality, and the acceleration of wholesale digitalization. With a strategy focused on financing national priority sectors and optimizing the corporate customer ecosystem, Bank Mandiri has strong opportunities to maintain its position as one of the leading players in corporate financing in Indonesia.

CORPORATE BANKING WORK PLAN FOR 2026

In addressing challenges while maximizing opportunities in the coming year, the Corporate Banking Grand Strategy to be implemented in 2026 is as follows:

Excellence, Sound & Sustainable Growth

Corporate Banking will continue to maintain the well-established strategy from 2025, particularly in targeting growth within top conglomerates, both SOEs and private corporates, especially those aligned with government programs. The focus will also remain on attractive and neutral sectors within multi-sector conglomerates to minimize concentration risk.

Acceleration of Transactions & Recurring Fee Income

Deposit growth (DPK) will be driven by increasing low-cost funds through a customer transaction acquisition strategy. This will be achieved by optimizing the utilization of digital channels, namely Livin' by Mandiri and Kopra by Mandiri, to enhance floating funding from customer transactions at Bank Mandiri.

Synergy of Wholesale & Retail Ecosystems, and PA

Supported by strong relationships and an extensive network, further strengthened by Bank Mandiri's digital platforms, Corporate Banking is expected to optimize the full potential of its customer ecosystem.

Digital Transformation & Operational Efficiency

Corporate Banking will continue to drive the optimization of digital platforms to create an integrated and sustainable transaction ecosystem, thereby enhancing customer convenience and transaction frequency on an end-to-end basis, improving operational efficiency, and accelerating service levels.

KEY HIGHLIGHTS

- Credit and TPF growth in Commercial Banking remained solid, driven by expansion in priority sectors and increased acquisition of productive commercial customers.
- Fee-Based Income and Net Interest Income increased, reflecting higher transaction activity and improved profitability within the Commercial Banking portfolio.
- Service quality and digitalization in the Commercial Banking segment continued to be strengthened, particularly through more competitive integrated cash management and financing solutions for medium-sized enterprises.

The Commercial Banking segment focuses on serving the needs of medium-scale industry customers with gross annual sales ranging from more than Rp50 billion to Rp2 trillion. Bank Mandiri's Commercial Banking also provides products and services in the form of comprehensive transaction solutions that facilitate customers' business activities.

The parameters for the customer profile of Bank Mandiri's Commercial Banking are as follows:

Parameter	Commercial Banking
Company size	Companies with gross annual sales of more than Rp50 billion up to Rp2 trillion or with a credit limit of more than Rp25 billion, including their business groups.
Nasabah	Loans and funds in Overseas Branches managed by GAMs under the Commercial Unit, loans and funds in Overseas Branches initiated by the Commercial Unit (Non-GAM), Regional-Owned Enterprises (BUMD) including Regional Public Hospitals (RSUD) and Regional Water Utilities (PDAM), multifinance companies, regional governments, private universities, rural banks (BPR), and other non-individual fund customers that meet the criteria to be acquired by Commercial Banking.

COMPETITIVE ADVANTAGES AND INNOVATION OF COMMERCIAL BANKING

Bank Mandiri's Commercial Banking possesses the following competitive advantages and innovations:

- Delivering optimal solutions through comprehensive product offerings covering assets, liabilities, and transaction services tailored to customer needs and supported by e-channel services.
- Providing well-structured solutions that are fit and aligned with customer requirements.

COMMERCIAL BANKING STRATEGY IN 2025

In 2025, Bank Mandiri's Commercial Banking continues to maintain its position as a Market Leader in Lending by sustaining its credit growth strategy with a focus on sector expertise. This strategy and focus are aligned with Government programs and the development of regional champions that will serve as drivers for expanding related business ecosystems. In addition, Bank Mandiri's Commercial Banking is committed to continuously improving credit profitability by maintaining a balanced portfolio composition to ensure optimal credit yield levels.

From the TPF perspective, Bank Mandiri's Commercial Banking focuses on increasing the acquisition of new customers while intensifying engagement with existing customers by enhancing the penetration of Kopra by Mandiri and other related programs. Furthermore, Bank Mandiri's Commercial Banking will continue to focus on increasing low-cost funds (CASA) as part of efforts to maintain the cost of funds at an optimal level.

COMMERCIAL BANKING PRODUCTIVITY AND REVENUE

The effective implementation of the strategies outlined above plays an important role in driving the productivity and revenue of Bank Mandiri's Commercial Banking, as presented below:

COMMERCIAL BANKING PERFORMANCE

(In Rp million)

Uraian	2024	2025	Growth	
			Nominal	%
Total Loans	287,775,568	328,309,681	40,534,113	14.09
NPL Ratio (%)	1.10	0.69	-	(0.43)
Total Third-Party Funds	165,712,185	196,187,945	30,475,761	18.39
Total Fee Based Income	1,209,565	1,400,256	190,691	15.77
Total Net Interest Income	7,068,995	9,199,707	2,130,712	30.14

The performance of Bank Mandiri's Commercial Banking segment as of December 2025 demonstrated solid growth across all key intermediation components. Total loans increased by 14.09% (yoy), from Rp287.78 trillion in December 2024 to Rp328.31 trillion in 2025. This strong increase reflects the strengthening demand for financing from commercial customers in line with improving business activity, particularly in key financing sectors such as medium-scale trade and manufacturing. The relatively strong loan growth also indicates Bank Mandiri's success in expanding penetration into the mid-corporate and emerging business segments, which historically offer more stable yields.

On the funding side, Total Third-Party Funds (TPF) also recorded an increase of 18.39% (yoy), from Rp165.71 trillion to Rp196.19 trillion. This growth reflects Bank Mandiri's strengthened capability in attracting liquidity from commercial customers through the optimisation of business current account and time deposit products. The increase in TPF further reinforces the Bank's funding structure and supports the availability of funds for sustainable loan expansion.

Non-interest income contribution through Fee-Based Income increased by 15.77% (yoy), reflecting the intensified utilisation of transactional services such as cash management, trade finance, payroll, and various other digital solutions for commercial business customers. The increase in fees demonstrates Mandiri's success in accelerating service digitalisation and deepening customer relationships through value-added services.

The most notable performance was reflected in Total Net Interest Income (NII), which increased significantly by 30.14% (yoy), from Rp7.07 trillion to Rp9.20 trillion. This growth indicates improvements in lending margins, a more optimal composition of earning assets, and a lower cost of funds in this business segment. The NII growth that significantly outpaced loan growth reflects improved pricing quality and the effectiveness of portfolio risk management and profitability strategies.

Overall, the performance of Bank Mandiri's Commercial Banking segment in 2025 showed a positive and healthy trend, supported by loan growth, increased low-cost funds, higher Fee-Based Income, and improved interest income margins. This performance reinforces the role of Bank Mandiri's Commercial Banking segment as one of the key drivers of the Bank's future profitability growth.

COMMERCIAL BANKING BUSINESS OUTLOOK IN 2026

In 2026, Bank Mandiri's Commercial Banking segment is projected to have solid business growth prospects in line with improving domestic economic activity and increasing financing demand from the medium-sized enterprise segment. The strong loan growth recorded in 2025 provides a solid foundation for business acceleration in the following year. Demand for Investment Loans and Working Capital Loans is expected to remain high, supported by increased production capacity among business players and stable domestic purchasing power.

From a funding perspective, Bank Mandiri has the opportunity to strengthen liquidity in the Commercial Banking segment through the optimization of cash management solutions and digital onboarding for mid-corporate customers. The strengthening of transaction ecosystems, integration of wholesale digital platforms with retail services, and increased utilization of Kopra by Mandiri are expected to attract more low-cost funds while enhancing customer engagement. This may help mitigate margin pressures while providing opportunities to expand the commercial segment's deposit base amid interest rate dynamics.

The outlook for non-interest income is also expected to remain positive in 2026, supported by the potential growth of digital transaction services. Through sharper segmentation strategies and broader penetration of the supply chain finance ecosystem, Bank Mandiri has the opportunity to increase Fee-Based Income from these value-added services. In addition, stronger risk management supported by consistently maintained asset quality will serve as a foundation for sustainable expansion. Overall, the combination of well-managed loan growth, increased transaction-based income, and digitalization strategies positions Bank Mandiri's Commercial Banking segment to remain competitive in 2026.

COMMERCIAL BANKING WORK PLAN IN 2026

In 2026, Commercial Banking targets loan growth with the following primary focus:
- Strengthening sector expertise and regional champions.
- Reinforcing a selective and prudent lending culture.

Meanwhile, deposit growth in 2026 will be driven through:
- Extensification of New to Bank (NTB) customers, particularly from principal partners.
- Intensification of existing customers through increasing active users of Kopra by Mandiri and digital solutions.

KEY HIGHLIGHTS

→ Maintaining market leadership of financing at Indonesian Ministry of Finance's with 49.30% share in foreign loans and 73.48% share in domestic loans.

The Institutional Relations Segment was established with the aim of becoming "the primary bank of choice for institutional customers" by providing financial solutions supported by collaboration within the Mandiri Group. This institutional segment fulfills business functions, serves as an agent of development. The Segment serves more than 3,160 customers from Ministries/Agencies, Public Service Agencies, and non-listed State-Owned Enterprises; over 77,000 value chain clients from government institutions; more than 1,100,000 government institution payroll clients.

To establish holistic relationships with over 3,160 institutional customers, the Institutional Relations Segment offers fund placement (current accounts and time deposits), financing facilities (investment and working capital), state revenue collection solutions (tax, customs, and non-tax state revenues) through the SUB-CA mechanism, as well as other transactional solutions that support the optimization of public-sector and state-owned enterprise (SoE) finances, such as disbursement mechanisms for affiliated suppliers via SPAN and the oil & gas monitoring dashboard for SKK Migas.

The segment also enables data integration with government service systems to enhance the Bank's financial services, including the integration of the Indonesian Overseas Card (KMILN) with the Ministry of Foreign Affairs for customer onboarding through Livin', and salary range validation with the Directorate General of Taxes (DJP) to accelerate and improve credit application data quality. Institutional Relations segment also acts as a collaboration leader for retail and other segments, especially in managing more than 77,000 value chain government institution customers through payroll packages, bulk pre-approved KSM, bulk approval for corporate credit cards and ID cards.

Through the management of special units, the Institutional Relations Segment is also actively supporting government initiatives as a form of the spirit to prosper the nation. The Institutional Relations Segment actively contributes to government programs, including assistance for basic food supplies, Program Keluarga Harapan (PKH), Bantuan Subsidi Upah (BSU), Social Rehabilitation Assistance Program, Rumah Sejahtera Terpadu Program, Natural Disaster & Social Disaster Social Response Assistance, Education Assistance, Makan Bergizi Gratis (MBG) and Urban Livin' Program. In its daily operations, the Institutional Relations Segment distributes to 5.08 million beneficiaries of the basic necessities program (regular necessities program, Stimulus, BLTS Kesra), 2.68 million PKH beneficiaries, 3.79 million BSU beneficiaries, 304,000 beneficiaries of ATENSI anak YAPI, 21,000 apprenticeship programs, 4,234 beneficiaries of other programs (rumah sejahtera terpadu, natural disaster and social disaster response programs, honorariums for social rehabilitation), 945,000 beneficiaries of educational assistance program, as well as 4.810 Satuan Pelayanan Penyediaan Gizi (SPPG).

INSTITUTIONAL RELATIONS STRATEGY FOR 2025

The strategy and business focus of the Institutional Relations Segment in 2025 center on growing business volumes and other operational revenues through innovative, tailor-made digital solutions. These efforts aim to support all transactions and customer needs, with 90% of customers coming from the government sector.

The Institutional Relations Segment also supports government-related transactions for the disbursement and receipt of state and non-state budgets, such as the State Treasury and Budget System (SPAN) of the Ministry of Finance of the Republic of Indonesia, the State Revenue Module (MPNG-2), and the State University Admission Selection (SBMPTN).

As a collaboration leader and gate opener, the Institutional Relations Segment establishes intensive coordination with representatives or government business heads at each regional office of Bank Mandiri. This ensures a strong focus on managing institutional relations customers within their respective regions, enabling the orchestration of business across all lines.

COMPETITIVE ADVANTAGES AND INNOVATIONS IN INSTITUTIONAL RELATIONS

The Institutional Relations Segment has innovated by shifting its business focus from a portfolio previously dominated by Institutional Customer Fundraising (DPK) to a balanced emphasis on Loans, achieving the following milestones:

- Loan Disbursement increased to Rp121.12 trillion in December 2025, a 25.73% (yoy) growth from Rp96.34 trillion in December 2024, while maintaining excellent credit quality with an NPL ratio of 0%.
- Third-Party Funds strengthened to Rp272.71 trillion in December 2025, a 164.9% (yoy) growth from Rp102.94 trillion in December 2024.
- Revenue grew 10.60% (yoy) to Rp4.24 trillion as of December 2025, compared to Rp3.83 trillion in December 2024.
- Optimization of working units and partners units by supporting SME loan disbursement to Rp6.6 trillion, with the number of SME and MDAB debtors reaching 13,900.
- Increased contribution to Consumer Loan, including Personal Loans (KSM), Mortgage Loans (KPR), and Credit Cards, through the optimization of Civil Servant Payroll, with the number of payroll accounts growing by 12.5% (yoy) to 1,146,242 CIF accounts.

The Institutional Relations Segment also performs its role as an agent of development and maintaining the top-of-mind awareness of customers/Bank products, including innovations in digitalization, with the following achievements:

- Maintaining a strong market share in defense equipment loans, achieving 49.30% share in foreign financing and 73.48% share in domestic financing.

PRODUCTIVITY AND REVENUE OF INSTITUTIONAL RELATIONS

The effective implementation of the above strategies serves a vital role in the productivity and revenue of the Institutional Relations Segment, as detailed below.

INSTITUTIONAL RELATIONS PERFORMANCE

(In Rp million)

Description	2024	2025	Growth

Total Revenue (NII + FBI)	3,626,059	4,512,150	886,091	24.44%
Revenue HBK Environment				

Loan disbursement by the Institutional Relations Segment reached Rp121.12 trillion, a 25.73% (yoy) growth compared to Rp96.34 trillion in 2024. The increase was supported by a gross expansion of Rp63.1 trillion with composition in Rupiah accounted for 41.0%, with the largest contributions coming from the defense equipment.

Description	2024	Composition	2025	Composition	Growth
	(Rp Million)	(%)	(Rp Million)	(%)	(%)
Current	96,337,445	100.00%	121,121,113	100.00%	25.73%
Of special concern	-	-	-	-	-
Less current	-	-	-	-	-
Doubtful	-	-	-	-	-
Bad	-	-	-	-	-
Total Loans	96,337,445	100.00%	121,121,113	100.00%	25.73%
NPL	0.00%	0.00%	0.00%	0.00%	0.00%

Amid this credit expansion, the credit quality of the Institutional Relations Segment remains well-maintained with zero NPL. This is driven by a highly selective financing approach, focusing on government projects/programs related to the State Budget (APBN). In addition, to maintain credit quality, Bank Mandiri also implements:

a. Periodic and disciplined reviews of collectability and watchlist analysis.
b. Monitoring the fulfillment of credit liabilities before maturity to prevent customers from falling into collectability two.
c. Ensuring compliance with the terms and conditions in loan agreements.

d. Improving business processes by enhancing the effectiveness of simultaneous loan renewal processes for customers within the same debtor group and extending loan facilities three months prior to maturity.

The Institutional Relations Segment's portfolio rebalancing strategy in loan and institutional banking has yielded results, with an Average Balance Credit of Rp97.5 trillion as of December 2025.

BUSINESS PROSPECTS FOR INSTITUTIONAL RELATIONS IN 2026

Given the crucial role of the Institutional Relations (Institutional Banking) segment in supporting government, SOEs, and other institutional financing, the business prospects of this segment at Bank Mandiri are projected to remain strong in 2026. With the right strategies, Bank Mandiri can maintain its competitive edge, seize new opportunities in the institutional market, and effectively navigate challenges.

SOEs serve a significant role in national development, and Bank Mandiri consistently fosters close relationships with other SOEs. Large-scale financing will be required for major projects such as infrastructure, energy, and transportation. As one of Indonesia's largest banks, Bank Mandiri has sufficient financing capabilities to meet the working capital and investment needs of SOEs.

Public service digitalization, energy transition, and National Strategic Projects (PSN) are ongoing development initiatives supported by the Indonesian government. Through its Institutional Relations business segment, Bank Mandiri can offer banking services such as project financing, treasury, and cash management. Moreover, demand for digital solutions for institutions, such as API banking services and payment gateways, will continue to grow. In this regard, Bank Mandiri can assist government agencies and major institutions in enhancing the efficiency of financial management.

Another factor supporting the positive outlook of Bank Mandiri's Institutional Relations business segment in 2026 is the government's increasing focus, through SOEs, on sustainable financing (green financing). Bank Mandiri will undoubtedly capitalize on this momentum to offer financing solutions for renewable energy projects, energy efficiency, and green infrastructure. Furthermore, ongoing fiscal reforms will create opportunities for new development projects requiring financial support.

INSTITUTIONAL RELATIONS WORK PLAN IN 2026

The business focus of the Institutional Relations Segment in 2026, based on Bank Mandiri's 2025–2029 Corporate Plan, includes the following:

1. Driving the growth of funds from Ministries/Agencies and SOEs and orchestrating derivative businesses in the Wholesale and Retail segments through deepening client relationships, optimizing customer transactions, providing comprehensive financial solutions, and payroll package solutions for basic salaries and performance allowances.
2. Increasing credit growth for Ministries/Agencies and SOEs with a focus on potential, healthy sectors that can generate business value chains, such as the financial, healthcare, defense, and education sectors. This sound credit growth is also supported by comprehensive monitoring, credit policies and procedures, and enhanced credit information systems from upstream to downstream.
3. Increasing fee-based income through expanded collaborations in financial services/transactions, such as custodial banking partnerships, remittance, and the distribution and receipt of APBN and Non-APBN funds through e-channel optimization.
4. Refining relationship models and account strategies by improving business processes for customers in the Ministries/Agencies and SOEs sectors, particularly in managing derivative businesses in the Wholesale and Retail segments.
5. Leading collaboration for new core business segments, Wholesale, and Bank Mandiri subsidiaries through bundled product collaborations and payroll package solutions for customers in the Ministries/Agencies and SOEs sectors.
6. Strengthening organization and risk management by enhancing the competence and capabilities of human resources, developing monitoring systems for Ministries/Agencies and SOEs customers, and providing assistance from business expertise in the Institutional Relations segment.

KEY HIGHLIGHTS

- In 2025, third-party loans in the Treasury & International Banking segment increased by 22% (yoy) compared with the previous year. The increase in loans was mainly driven by lending to banks.
- Overseas Branch was able to post Fee Based Income of USD78.24 million or increased by 33.47% compared with the previous year, and Interest Income Loan of USD462.92 million or grew 3.0% compared with the previous year.

Bank Mandiri's Treasury & International Banking segment conducts its business activities by engaging financial institutions, capital markets, and international business through the Head Office, branch offices, and subsidiaries both domestically and overseas. Financial institution and capital market activities are managed by the Financial Institutions Business (FIB) Group.

Business activities with financial institutions include transactions related to trade finance, remittances, insurance company funds, and lending to banks. Meanwhile, capital market-related activities include custodian services, trustee services, and short-term lending to securities companies. In addition, foreign exchange transactions, money market activities, securities trading, and derivatives managed under the trading or banking portfolio are also part of the Treasury & International Banking business activities. These activities form part of the Treasury business and may be conducted with interbank counterparties or Non-Bank Financial Institution (NBFI) customers.

Segments included within financial institutions consist of banks and Non-Bank Financial Institutions (NBFIs). Banks include domestic and international banks, excluding Rural Banks (BPR). Meanwhile, NBFIs include private insurance companies and their affiliated financial institutions (including insurance and reinsurance brokers), Financial Institution Pension Funds (DPLK), Employer Pension Funds (DPPK), as well as securities companies and investment managers.

Bank Mandiri's Treasury business is managed by the Treasury Group, supported by nine Regional Treasury Marketing units and four dealing rooms located across various regions in Indonesia to meet the needs of both Wholesale and Retail customer segments. Treasury activities at Bank Mandiri include foreign exchange transactions, money market operations, fixed income securities trading, international banking services, and capital market activities, serving financial institutions, corporate, commercial, and retail customers.

The Treasury & International Banking Directorate also oversees the Overseas Banking Network (OBN) Group, which supervises business synergy between Bank Mandiri as the parent entity and its overseas branches and subsidiaries.

COMPETITIVE ADVANTAGES AND INNOVATION OF TREASURY & INTERNATIONAL BANKING

Treasury & International Banking of Bank Mandiri is a key player in the treasury business segment in Indonesia, with a market share of 17.64% in national foreign exchange transaction volumes (interbank and customer transactions). Recognition of the segment's achievements is also reflected in the various awards received throughout 2025, including Best Partner Bank for the Foreign Exchange Monetary Control category, Supporting Bank for PUVA Development for the Nation as a Primary Dealer from Bank Indonesia, as well as awards from Alpha Southeast Asia 2025 for Best FX Bank for Corporates & Financial Institutions, Best FX Bank for Hedging Requirements, and Best Online FX Platform for end-to-end e-trading & eFX platform. In addition, Bank Mandiri received recognition from Global Finance as Best FX Bank in Indonesia and from Haymarket for Best FX/Hedging Solutions.

Treasury & International Banking of Bank Mandiri provides treasury transaction services to customers across Indonesia through its head office and regional treasury offices located in Medan, Palembang, Batam, Bandung, Semarang, Surabaya, Denpasar, Balikpapan, and Makassar. The Bank also offers electronic channels, namely Mandiri e-FX and Mandiri Cash Management (MCM), as solutions for customers to conduct foreign exchange transactions.

Bank Mandiri optimizes its reciprocal cooperation network with 886 correspondent banks across 71 (seventy-one) countries, resulting in increased utilization of business partnerships covering treasury, trade finance, remittance, risk sharing, and bilateral financing. In terms of funding, Bank Mandiri has secured more than sufficient financing from banks and international financial institutions, reflecting strong global confidence in the Bank.

On the other hand, to diversify rupiah investment instruments, Bank Mandiri has expanded its services to include the buying and selling of corporate securities for customers. The commitment of Treasury & International Banking to innovation in 2025 is demonstrated through the revamp of features in Kopra to enhance customer transaction services via the Kopra super platform, including shortcuts to destination pages, the My Code feature on the settlement page, and shortcuts to the settlement page post-deal. These enhancements aim to improve customer transaction experience on Kopra, based on the voice of customers since its launch in October 2021. As of 2025, the number of users has reached more than 300 thousand customers, with transaction volumes amounting to Rp27,675 trillion and a frequency of 1.5 million transactions.

In terms of regulatory compliance, Bank Mandiri consistently meets Bank Indonesia's requirements on the Minimum Reserve Requirement (GWM). As of 31 December 2025, the realization of rupiah GWM stood at 7.12%, above the Bank Indonesia requirement of 3.60%, while foreign currency GWM was recorded at 4.10%, exceeding the requirement of 4.00%.

TREASURY & INTERNATIONAL BANKING STRATEGY IN 2025

Bank Mandiri's Treasury & International Banking has prepared various strategies to maximize opportunities throughout 2025. These strategic plans aim to position Bank Mandiri as a main transaction bank while maintaining low-cost funding and strengthening its position as the largest lender. Bank Mandiri can optimize its strong liquidity position to provide financing and funding solutions, such as bank loans, while also maintaining an active role as a primary dealer. From a digital development perspective, Bank Mandiri seeks to build synergies with other domestic banks through the utilization of its infrastructure and digital ecosystem to support its mission of becoming a main transaction bank. For the Non-Bank Financial Institution (NBFI) segment, the Bank will optimize the capabilities of Livin' and Kopra as well as the retail and wholesale segments of Bank Mandiri to create a closed-loop ecosystem and expand solutions across the broader NBFI ecosystem.

Beyond business development, as digitalization trends in banking services continue to increase, the Treasury & International Banking segment will continue to innovate to create more efficient work processes and provide seamless digital services to customers. In the capital market segment, the Bank will optimize the use of the new core custody system, which will be integrated with Bank Mandiri's digital service systems to provide an improved user experience, particularly for retail customers.

From the overseas branch perspective, Bank Mandiri continues to enhance its services through system upgrades at Overseas Branch Offices, including the core banking system, Kopra beyond border enhancement, the Collateral Management System, and the implementation of a New Treasury Core System. Efforts to increase assets through loan disbursement as well as the expansion of securities and trade asset portfolios are also continuously developed. Overseas Branch Offices proactively establish cooperation with business units at the Head Office and with counterpart banks to explore business opportunities and extend loans to eligible customers. Overseas branches will also increase participation in international syndication. In addition, they will strengthen treasury transaction activities, increase trade service and financing volumes, develop cross-border supply chain business, expand wealth management services, and increase remittance transactions, particularly by providing digital services for Indonesian Migrant Workers (PMI).

TREASURY & INTERNATIONAL BANKING PRODUCTIVITY AND REVENUE

Treasury

As a key player in the foreign exchange market, both for interbank transactions and customer transactions, Bank Mandiri continues to penetrate the market with a more aggressive approach. This strategy aims to provide customers with a wider range of product options. In addition, Bank Mandiri continues to develop treasury products based on structured products to enhance yield while providing hedging protection. These products have been well received by both the wholesale and retail markets.

In 2025, total revenue from Treasury Fee-Based Income reached Rp7.04 trillion, supported by foreign exchange transaction income of Rp2.76 trillion and securities transaction income of Rp3.47 trillion.

Financial Institution Business and Overseas Banking Network

The Financial Institution Business (FIB) Group and the Overseas Banking Network (OBN) Group effectively carry out business activities, including business development with financial institution customers (banks and non-banks), both international and domestic. In addition, FIB and OBN supervise and develop the business activities of seven Overseas Branch Offices (KLN) located in Singapore, Hong Kong, Shanghai, the Cayman Islands, and Dili–Timor Leste, as well as Bank Mandiri (Europe) Limited and Mandiri International Remittance as subsidiaries. These entities contribute directly through revenue generation and indirectly as distribution channels and gateways for Bank Mandiri's overall business.

Financial Institution Business

In 2025, the FIB segment disbursed loans amounting to Rp6.82 trillion, decreased by 22% (yoy) from Rp8.75 trillion in the previous year. Meanwhile, CASA collection increased from Rp5.47 trillion in 2024 to Rp8.17 trillion in 2025, a growth of 49.4% (yoy).

Overseas Banking Network

The Overseas Banking Network (OBN) supervises and develops the business activities of seven overseas offices located in Singapore, Hong Kong, Shanghai, the Cayman Islands, and Dili–Timor Leste, as well as Bank Mandiri (Europe) Limited and Mandiri International Remittance as subsidiaries. These entities contribute directly through revenue generation and indirectly serve as distribution channels and gateways for Bank Mandiri's overall business.

In 2025, third-party funds collected by the overseas offices amounted to USD1.13 million, grew by 13.6% (yoy). Meanwhile, Fee Based Income was recorded at USD78.24 million, grew by 33.5% (yoy), while Net Interest Income stood at USD179.06 million, remaining relatively stable with a slight correction of -0.4% (yoy).

TREASURY & INTERNATIONAL BANKING BUSINESS OUTLOOK IN 2026

In 2026, the business outlook for Bank Mandiri's Treasury & International Banking segment is expected to remain solid, supported by improving banking liquidity conditions, exchange rate stability, and increasing corporate demand for more integrated hedging and cash management solutions. The increasingly dynamic domestic financial market, driven by capital inflows and expectations of gradual global interest rate easing, provides opportunities for treasury business growth across foreign exchange, bonds, and derivatives transactions. Bank Mandiri is expected to leverage its strong fundamentals to increase market-based income contributions, particularly through more customized treasury products for wholesale and large corporate customers.

On the International Banking side, the recovery of global trade activity and increasing ASEAN economic connectivity serve as positive catalysts for expanding trade finance transactions, remittances, and cross-border services. Bank Mandiri's overseas network, including its branches and subsidiaries across Asia, represents a competitive advantage in capturing opportunities in trade financing and international syndication transactions. In addition, the integration of global transaction banking services with digital wholesale platforms will further strengthen Bank Mandiri's ability to deliver faster, more secure, and tailored cash management solutions for multinational corporations and SOEs.

Overall, Bank Mandiri continues to have significant opportunities to increase Treasury and International Banking income in 2026 through the diversification of money market and foreign exchange products, enhancement of advisory capabilities, and deeper penetration into large customer segments requiring cross-border transaction solutions. By strengthening risk management capabilities, maximizing digital treasury technology, and expanding international partnerships, Bank Mandiri is strategically positioned to capture growth momentum in the financial markets and global trade in the coming year.

TREASURY & INTERNATIONAL BANKING WORK PLAN FOR 2026

Taking into account the global and domestic economic outlook, Treasury & International Banking of Bank Mandiri has prepared a range of strategies to maximize emerging opportunities. The strategic initiatives are aimed at providing an extensive one-stop solution for counterparties, both at the head office and overseas offices, as follows:

- Optimizing Bank Mandiri's liquidity strength to provide financing and funding solutions tailored to customer needs, such as bank loans or syndications. Under this initiative, Bank Mandiri also offers a wide range of liquidity solutions, asset development, transaction enhancement, and synergies across various areas with other domestic banks in Indonesia, particularly Regional Development Banks.
- Maximizing Mandiri's digital capabilities to capture the insurance and pension fund (DPLK) ecosystem by positioning the Bank as the main operating account for insurance companies and DPLK through embedded collection and payment solutions, while enhancing reciprocal business relationships with these institutions.
- Re-sharpening the penetration of capital market business by providing extensive solutions to capital market customers and enhancing seamless digital services for both wholesale and retail customers.
- Asset growth at overseas branches through both loan disbursement and expansion of securities and trade asset portfolios. Overseas offices proactively establish cooperation with business units at the head office as well as with counterpart banks to explore business opportunities and extend credit to managed customers that meet the Bank's criteria.
- Strengthening treasury transaction activities, increasing trade financing volumes, developing cross-border supply chain business, expanding wealth management services, and enhancing remittance transaction flows.
- Creating more efficient working processes and providing seamless digital services to customers.
- Enhancing other services through the provision of digital solutions for retail treasury transactions via the Livin' by Mandiri application.

KEY HIGHLIGHTS

- Loan growth in Bank Mandiri's Retail Banking remained solid, driven by the KUR and KUM segments which recorded positive expansion while maintaining relatively stable asset quality.
- Third-Party Funds in Retail Banking also remained stable, supported by a stronger composition of low-cost funds (CASA) through digital onboarding and increased retail customer transactions.
- Revenue continued to grow, supported by higher Fee-Based Income from digital transactions, investment product distribution, and the strengthening Livin' ecosystem.

Amid the dynamics of the digital banking industry and increasingly intense competition in financial services, Bank Mandiri's Retail Banking segment continued to demonstrate solid performance. The effectiveness of product development strategies and the optimization of customer ecosystems were reflected in consistent loan growth and improvements in portfolio quality. Through digital transformation driven by Livin', service capabilities continued to expand, digital transaction penetration increased, and Bank Mandiri's position as the preferred bank for retail customers was further strengthened.

Bank Mandiri successfully reinforced the long-term growth foundation of the retail segment and maintained its leadership in the domestic market, supported by an extensive distribution network, continuous service innovation, and a strong focus on customer experience. The business activities managed by Bank Mandiri's Retail Banking cover several subsegments as follows:

1. Micro Banking is responsible for managing individual customers, cooperatives, and other business entities that meet the criteria to obtain loan limits of up to Rp1 billion, as well as managing Branchless Banking Agents.
2. Small Medium Enterprises (SME) is responsible for managing individual customers, cooperatives, business entities, and legal entities that meet the criteria to obtain loan limits of up to Rp25 billion.
3. Consumer Loan is responsible for managing individual customers, cooperatives, and business entities that meet the criteria to obtain consumer financing for housing and motor vehicle purchases.
4. Credit Cards are responsible for managing individual customers and legal entities that meet the requirements to obtain credit cards.
5. Retail Deposit is responsible for managing savings and time deposits.
6. Wealth Management is responsible for managing individual customers through priority banking services (including portfolio management) and developing investment products (Mutual Funds and Securities) according to customer needs.

COMPETITIVE ADVANTAGES AND INNOVATION OF RETAIL BANKING

Bank Mandiri's Retail Banking continues to strengthen its position as a key player in the retail segment through a combination of strong digital capabilities, an extensive distribution network, and data-driven cross-selling capabilities. A key competitive advantage is reflected in the consistent success in optimizing the Livin' by Mandiri super app as an integrated financial services ecosystem that expands customer engagement and increases daily customer transactions. Enhanced analytics capabilities and AI-based personalization enable Bank Mandiri to better understand customer behavior, offer more relevant products, and manage risks with greater precision.

From an innovation perspective, 2025 marked a significant acceleration of digital transformation through the development of lifestyle ecosystem features within Livin', the expansion of Livin' Merchant for MSMEs, and more integrated financing and investment services. Bank Mandiri also strengthened process innovation through straight-through processing for retail loan applications, more seamless digital onboarding, and enhanced security through advanced biometric authentication. On the physical network side, branch optimization through the smart branch and hybrid service concepts has made services more efficient and adaptive to modern customer preferences.

In addition, Bank Mandiri maintains its competitive advantage through its large business scale, strong cross-segment synergies, and the ability to deliver comprehensive products ranging from savings and payment services to wealth management, consumer financing, and MSME services. Through the combination of aggressive digitalization and strengthened retail business fundamentals. Bank Mandiri in 2025 was able to maintain healthy growth while enhancing customer experience, positioning it as one of the most competitive and innovative retail banking service providers in Indonesia.

RETAIL BANKING STRATEGY IN 2025

To maintain the positive growth trend of the Retail Banking segment in 2025, Bank Mandiri has implemented the following strategies:

1. Growth in Bank Mandiri's retail loan portfolio continues to focus on downstream business potential from wholesale customer ecosystems through synergy between the retail and wholesale segments, while also supporting government strategic projects. Retail loan customer acquisition is optimized through customized offerings aligned with market conditions, leveraging branch networks to reach customers, and optimizing the Livin' by Mandiri application to simplify the retail

loan application process (such as KSM, Paylater, KPR, Credit Cards, and Motor Vehicle Loans), accompanied by accelerated credit analysis and seamless risk management processes to facilitate customer access while maintaining loan growth with sound credit quality.

2. Strengthening Bank Mandiri's liquidity through accelerated and aggressive customer acquisition, particularly savings customers, focusing on five main pipelines: downstream wholesale customer ecosystems, regional priority sectors, subsidiary ecosystems, global and regional communities, and strategic partners. The optimization of savings growth among retail customers focuses on payroll customers, business customers and wealth customers, as well as digitally savvy individual customers by creating a closed-loop transaction ecosystem through lifestyle community approaches and personalized offerings. This enables the Bank to deliver end-to-end financial solutions while increasing customer engagement, transaction volume, and product holding.
3. Bank Mandiri will continue to optimize transaction volume and usage value through digital platforms to position itself as the primary transaction bank through several initiatives, including:
   a. Optimizing the Livin' Super App to acquire business and individual customers, increasing activation of daily transaction usage through additional features such as debit card personalization services (issuance, replacement, blocking/unblocking), real-time foreign currency transfer features, and expanded use cases for Livin' Sukha, Livin' Investment, and Mandiri Credit Cards as sources of funds for various payment transactions.
   b. Optimizing merchant and card businesses to expand ecosystems through merchant acquisition, integrated solutions within business ecosystems, game-changer initiatives such as Livin' Merchant, digital merchant activation, encouraging cross-border transactions with competitive exchange rates, and increasing credit card instalment transactions.
4. From the operational perspective, Bank Mandiri continues to strengthen its distribution network through branch transformation, network optimization, and people development to support its role as a business orchestrator.

RETAIL BANKING PRODUCTIVITY AND REVENUE

The productivity and revenue of Retail Banking in 2025 are as follows:

RETAIL BANKING PERFORMANCE

(In Rp million)

Description	2024	2025	Growth	
			Nominal	%
Total Third-Party Funds	827,445,924	803,534,431	(23,911,493)	-2.89
Total Credit	397,399,118	404,715,061	7,315,943	1.84
Total Fee Based Income	13,919,400	14,920,246	1,000,846	7.19
Total Net interest Income	50,243,745	48,736,011	(1,496,734)	-2.98

The performance of Bank Mandiri's Retail Banking segment as of December 2025 showed moderate dynamics amid challenging market conditions. Total Third-Party Funds (TPF) decreased by Rp23.92 trillion to Rp803.52 trillion, or 2.98% (yoy) compared with 2024, mainly due to interest rate competition and a shift in customer preferences toward other investment instruments. In contrast, retail loan disbursement recorded positive growth of Rp7.32 trillion to Rp404.72 trillion, or 1.84% (yoy), indicating that financing demand remained resilient.

From Fee-Based Income perspective, annual performance increased by Rp1,000.85 billion to Rp14.92 trillion, a growth of 7.19% (yoy) as of December 2025. This reflects the success of Bank Mandiri's strategy in stimulating transaction-based initiatives and commission-based services. Meanwhile, Net Interest Income experienced slight pressure, declining by 2.98% (yoy) to Rp48.74 trillion as of December 2025, in line with margin normalization due to funding competition and shifts in the loan portfolio. Overall, Bank Mandiri's Retail Banking performance remained solid despite pressures on TPF and margins, with non-interest income serving as a key contributor supporting revenue growth.

MICRO LOANS

Micro loans, or the Micro Banking segment of Bank Mandiri, consist of Micro Business Loans (KUM), People's Business Loans (KUR), and Mandiri Multipurpose Loans (KSM). KUM and KUR are productive financing facilities that support debtors in expanding their business scale or meeting working capital financing needs. Meanwhile, KSM provides financing solutions for various customer needs without collateral. The performance of micro loans by loan type as of December 2024 – December 2025 is as follows:

MICRO LOANS BY LOANS TYPE

(In Rp million)

Description	2024		2025		Growth	
	Nominal	(%)	Nominal	(%)	Nominal	(%)
Micro Business Loans (KUM)	26,881,324	14.30	30,812,492	15.76	3,931,168	14.62
People's Business Loans (KUR)	63,913,776	33.99	68,511,187	35.05	4,957,411	7.19
Mandiri Multipurpose Loans (KSM)	97,230,136	51.71	96,165,118	49.19	(1,065,018)	-1.10
Total Loans	**188,025,236**	**100.00**	**195,488,797**	**100.00**	**7,463,561**	**3.97**

Bank Mandiri's Micro Loan performance as of December 2025 recorded solid growth, with total loans increasing by 4.91% (yoy), or approximately Rp7.46 trillion compared with 2024. This growth was primarily driven by significant expansion in People's Business Loans (KUR), which increased by 7.19% (yoy), equivalent to an additional Rp4.96 trillion. This also raised its contribution to the total micro loan portfolio from 33.99% to 35.05%. This performance reflects Bank Mandiri's success in expanding access to productive financing for the MSME segment, in line with the Government's focus on strengthening people-based financing.

Meanwhile, Micro Business Loans (KUM) also recorded positive growth of 14.62% (yoy), and its contribution to total micro loans increased from 14.30% to 15.76%. On the other hand, Mandiri Multipurpose Loans (KSM) experienced a slight decrease of 1.10% (yoy), resulting in a decline in its portfolio share from 51.71% to 49.19%, reflecting more cautious demand for consumer loans amid economic conditions that are still adjusting. Overall, Bank Mandiri's micro loan portfolio demonstrated a healthy expansion trend, with the composition increasingly shifting toward productive lending through strong growth in KUR.

BRANCHLESS BANKING

Mandiri Agent recorded consistent and solid performance in supporting Bank Mandiri's financial inclusion strategy throughout 2025. The optimization of the agent network remained a key focus in expanding the Bank's presence in areas not yet served by branch offices. During the year, the number of agents remained adequate and transaction activities continued to run well, particularly for key services such as cash deposits, cash withdrawals, account opening, bill payments, and the distribution of government assistance. This demonstrates that Mandiri Agent has become an important transaction channel for the micro segment and regional communities.

As of December 2025, total Mandiri Agents stood at 111,035 agents, of which approximately 99% consist of individual agents and the remaining are legal entity agents. Continuous optimization of Mandiri Agent population and digitalization of processes have been carried out to enhance Branchless Banking business. The results of these initiatives are reflected in agent customer transactions in 2025, which reached 73.4 million transactions with a transaction volume of Rp96,8 trillion (grew 8% yoy). As of 2025, Mandiri Agents serve more than 3,5 million (grew 9.3% yoy) customers, with total funds collected of Rp23.7 trillion (grew 10.9% yoy).

MANDIRI AGENT

2021	2022	2023	2024	2025
162,416	156,191	130,100	110,672	111,035

The Branchless Banking network continues to be strengthened through the implementation of the Mandiri Agent Application as part of the digitalisation of Branchless Banking agent products and services. Bank Mandiri also collaborates with the Ministry of SOEs and the Social Affairs Office to position Branchless Banking agents as distribution agents for social assistance programs, including the Kartu Tani program, the Keluarga Harapan Program (PKH), the Non-Cash Food Assistance Program (BPNT), as well as Village-Owned Enterprises (BUMDes).

Overall, the performance of Mandiri Agent in 2025 reflects the effectiveness of Bank Mandiri's Branchless Banking model in expanding access to financial services, supporting the growth of micro businesses, and contributing to more equitable economic development. With increasing activity levels and strengthened operational capabilities, this channel is expected to remain one of the key pillars supporting the expansion of Bank Mandiri's retail and micro business in the years ahead.

SMALL AND MEDIUM ENTERPRISES LOANS

The Small and Medium Enterprises (SME) segment provides financial support to businesses by providing Working Capital Loans and Investment Loans with loan ceilings of up to Rp50 billion. The target market of SME segment includes small and medium entrepreneurs operating in various potential sectors.

Description	2024		2025		Growth	
	(Rp million)	(%)	(Rp million)	(%)	(Rp million)	(%)
Working Capital Loans	34,971,368	40.37%	30,561,073	36.03%	(4,410,295)	-12.61%
Investment Loans	23,099,002	26.67%	23,656,779	27.89%	557,777	2.41%
KAD	28,546,098	32.96%	30,592,081	36.07%	2,045,983	7.17%
Total SME Loans	86,616,467	100.00%	84,809,934	100.00%	(1,806,533)	-2.09%

As of December 2025, Bank Mandiri's SME loan portfolio demonstrated solid fundamentals, with total outstanding loans reaching approximately Rp84.81 trillion, representing 4.43% of Bank Mandiri's total consolidated loans. Credit quality remained well maintained, as reflected by 99.01% of the portfolio classified as Performing Loans. The sectoral composition of the SME portfolio also shows healthy diversification. The trading sector remains the largest contributor, followed by household equipment and agriculture, reflecting a financing focus sectors oriented toward domestic demand, In terms of currency composition, 96.13% of loans are denominated in rupiah, indicating low foreign exchange risk exposure, in line with Bank Mandiri's prudential banking strategy for the SME segment.

From loan type perspective. Working Capital Loans accounted for 36.03% of the portfolio, indicating that SME customers rely on Bank Mandiri's financing to support the circulation of their business operational activities. Meanwhile, 27.89% is allocated to Investment Loans, reflecting the need for financing to support business expansion, equipment modernisation, and increased production capacity across key sectors.

Bank Mandiri also continues to strengthen financing penetration into the value chain ecosystem, which as of December 2025 accounted for 57.34% of the total SME portfolio. This strategy provides more stable asset quality as financing is channelled to business supply chains with more measurable transaction flows and strong business relationships. This is reflected in the SME loan composition, where 97.88% of the portfolio was classified under Stage 1, indicating a low Expected Credit Loss (ECL) and that the majority of the portfolio remains in normal condition.

Overall, Bank Mandiri's SME loan portfolio as of December 2025 demonstrated resilient and high-quality performance, aligned with the Bank's strategy to strengthen productive sectors of the national economy. With a very low restructuring rate of only 4.26%, Bank Mandiri has maintained asset quality stability while continuing to support the growth of small and medium enterprises as one of the key pillars of Indonesia's economy.

CONSUMER LOANS

Through consumer loans, Bank Mandiri offers a wide range of financing options, including home ownership financing, credit cards, and multipurpose loans. To support financing for both new and secondary home ownership, Bank Mandiri has established partnerships with leading developers at the national and regional levels, as well as several prominent brokerage agencies across Indonesia.

In vehicle financing, Bank Mandiri collaborates with two of its subsidiary entities, Mandiri Tunas Finance (MTF) and Mandiri Utama Finance (MUF). Through this collaboration, Bank Mandiri customers can apply for financing for both two-wheeled and four-wheeled vehicles, whether new or used, as well as vehicle-based multipurpose loans across Indonesia. In addition, Bank Mandiri continues to actively innovate in its retail credit card products to capture the potential increase in consumer spending in 2025. Accordingly, Bank Mandiri continues to strengthen the integration of Mandiri Credit Card services with the Livin' Super App, enabling customers to conduct digital transactions more conveniently.

As of December 2025, Bank Mandiri's consumer loan portfolio reached Rp124.42 trillion, grew by 1.35% (yoy) compared with Rp122.76 trillion as of December 2024. This reflects strengthening household financing demand in line with the recovery of the domestic economy. The growth was primarily driven by Mandiri Mortgage Loans (KPR), which increased by Rp4.38 trillion or 6.69% (yoy) to Rp69.88 trillion as of December 2025. This was followed by Consumer Loans, which increased by 12.46% (yoy) to Rp21.65 trillion from Rp19.25 trillion in the same period of the previous year.

CONSUMER OUTSTANDING LOANS PERFORMANCE

(In Rp million)

Description	2024		2025		Growth	
	Nominal	(%)	Nominal	(%)	Nominal	(%)
Mortgage Loans	65,491,544	53.34	69,875,533	56.16	4,383,989	6.69
Motor Vehicle Loans	35,004,802	28.51	29,507,581	23.72	(5,497,221)	-15.70
Credit cards	19,269,947	15.70	21,650,836	17.40	2,380,889	12.36
Others	3,008,513	2.45	3,382,379	2.72	373,866	12.43
Total Consumer Loans	**122,774,806**	**100.00**	**124,416,329**	**100.00**	**1,641,523**	**1.34**

Overall, the quality of Bank Mandiri's consumer loan portfolio remained strong, with 92.58% classified as performing loans, while loans in Category 2 accounted for 4.69%, still within a manageable range and reflecting prudently managed credit risk.

From a product composition perspective, the consumer loan portfolio continues to be dominated by the Mortgage Loan (KPR) segment, contributing 56.16%. This reflects stable demand for housing financing and Bank Mandiri's strategy to expand penetration in both the primary and secondary property markets. Meanwhile, Motor Vehicle Loans contributed 23.72%. The share of Credit Cards and other consumer loans further enhances diversification, creating a more balanced portfolio against economic cycle risks.

The majority of consumer loans are denominated in Rupiah, thereby minimizing foreign exchange risk for both borrowers and the Bank. In addition, the interest rate structure shows that 74.20% of consumer loans apply a fixed-rate scheme, providing instalment certainty for customers while ensuring stable interest income for Bank Mandiri. This composition is particularly important amid the ongoing volatility of global and domestic interest rates.

From an asset quality perspective, Bank Mandiri has maintained a healthy consumer portfolio, with 93.20% of loans classified under Stage 1, indicating a very strong risk profile and minimal pressure on asset quality. The proportion of restructured loans also remained relatively low at only 3.18%, reflecting improved repayment capacity among borrowers after the pandemic and the effectiveness of underwriting and risk management processes.

Participation of consumer loan customers within the value chain ecosystem has also continued to increase, with 18.90% of the portfolio integrated into this ecosystem. This reinforces Bank Mandiri's strategy to build more comprehensive and integrated relationships across the consumer, SME, and Wholesale segments, Such an approach strengthens customer loyalty while expanding opportunities for cross-selling financing products and non-credit services.

Overall, the performance of Bank Mandiri's Consumer Loans as of December 2025 reflects healthy growth supported by strong asset quality and a solid portfolio structure. The combination of prudent risk management and integration within the value chain ecosystem provides an important foundation for sustainable growth in Bank Mandiri's Retail Banking segment going forward.

RETAIL DEPOSIT

In fundraising, Bank Mandiri continues to focus on the retail segment, particularly in the acquisition of low-cost funds (current accounts and savings). The growth of retail low-cost deposits in 2025 showed a positive trend, with the average balance of current accounts and savings reaching Rp185.37 trillion, increasing by 8.57% compared to the 2024 average balance of Rp170.34 trillion.

Bank Mandiri recorded total retail deposits of Rp238.64 trillion, an increase of 8.20% (yoy) compared to Rp220.55 trillion in 2024.

WEALTH MANAGEMENT

Bank Mandiri recorded solid performance with significant growth in its Wealth Management business throughout 2025, as reflected by the receipt of various awards such as The Best Conventional Bank in Service Excellence 2025 (Priority Banking), Best Wealth Management Bank in Indonesia 2025 (Alpha South East Asia Awards), and Best Private Bank 2025 (Asian Banking Finance).

Funds Under Management

This performance achievement was reflected in the increase in total funds under management, which grew by 17% (YoY) to reach Rp391 trillion. The growth in funds under management was supported by an increase in Assets Under Management (AUM) across various investment products, which rose by 29% (YoY) to Rp213 trillion, in line with increasing customer interest in diverse and innovative investment product solutions supported by the strength of the Mandiri ecosystem collaboration. In particular, mutual fund products recorded significant growth, with AUM increasing to Rp52 trillion, up by 112% (YoY), reaffirming Bank Mandiri as the largest Mutual Fund Selling Agent in the industry, with the largest AUM portfolio in money market mutual funds (Rp36.1 trillion) and fixed income mutual funds (Rp12.9 trillion).

Product Variations

Through Mandiri Private and Mandiri Prioritas services, Wealth Management also offers Third-Party Funds products (Savings, Time Deposits, and Current Accounts) and various credit card product variants tailored to customer segmentation and needs to support transaction convenience for key customers.

Financing needs can also be met through mortgage, car loan, and Personal Loan products, which are offered with exclusive benefits for Private and Priority Customers. In addition, to complement customers' investment needs, Bank Mandiri's Wealth Management Group also offers a range of investment products in accordance with customers' risk profiles.

To meet customers' investment needs, Bank Mandiri Wealth Management offers a comprehensive range of investment products tailored to customers' preferences and risk profiles as investors:

- Mutual Funds
  Supported by 73 mutual fund products from 10 reputable Investment Managers, offering a complete range of products across various asset class types, including money market, fixed income, balanced, equity, and index mutual funds, accessible through a network of 273 Mutual Fund Selling Agent branches as well as digital channels via Livin' Investasi.
- SBN (Government Securities)
  Bank Mandiri also offers Retail Government Securities in the primary market as well as various other Government Debt Securities products in the secondary market through the Treasury Group to meet the investment needs of customers seeking potential returns not only from capital gains but also from regular coupon income.

- Bancassurance
  Through collaborative partnership with AXA Mandiri, Bank Mandiri provides a range of products that deliver financial protection against health and life risks, as well as support for education funding goals, retirement needs, and customers' asset protection.

- Retail Brokerage Referral Services
  Wealth Management provides Retail Brokerage Referral services through collaboration with Partner Securities Companies, offering customers access to transaction services and investment options in the capital market.

- Foreign Exchange Transactions and Structured Products
  Wealth Management also collaborates with the Treasury Group to provide Foreign Exchange transaction services and derivative product offerings such as Structured Products that offer attractive return potential, including Mandiri Deposit Swap, Mandiri Dual Currency Investment, and Mandiri Market-Linked Deposit.

- Alternative Investments
  Wealth Management also offers more specialized investment product variations, such as referral services for Discretionary Fund Management (KPD). During the year, KPD – ETF Gold USD was launched in collaboration with Mandiri Investasi to meet the more comprehensive investment needs of priority customers.

Managed Customers

The growth in funds under management was also supported by a significant increase in the number of managed customers in 2025. The number of Wealth Management managed customers reached 91 thousand customers by the end of 2025, an increase of more than 30%. This achievement reflects the continued growth in customer trust in the wealth management solutions offered by Bank Mandiri.

Digitalization

Business adaptation was also undertaken through the digitalization of investment product transactions, aimed at expanding the retail investor base and enabling more integrated management of customer funds. This included the introduction of a new feature in Livin' Investasi, namely Secondary Market Government Securities (SBN), complementing the range of investment products such as Mutual Funds, Retail SBN, and Equities that had been launched previously. The growth of Bank Mandiri's Wealth Management business through digital channels also recorded a significant increase, with the number of Livin' Investasi users reaching more than 1,6 million throughout 2025.

Partnership

Bank Mandiri continues to strengthen trust and loyalty among premium segment customers through an integrated approach, customer-centric solutions, and the excellence of professional financial advisors. This approach includes the provision of comprehensive and end-to-end solutions, ranging from investment products and protection to financial planning and intergenerational wealth management. One such initiative is a strategic collaboration with PwC Indonesia to provide tax, legal, and family office planning advisory services for key customers. The availability of this service represents a holistic solution for key customers who require a structured approach to asset management, optimization of financial strategies, and trusted asset protection planning.

Network

Bank Mandiri also strengthened its Wealth Management service network by operating 63 Priority outlets and 3 Private Offices across various cities in Indonesia. In 2025, a dedicated facility for Private customers was inaugurated through the Mandiri Private Office in Surabaya, becoming the third location after Jakarta and Medan, along with the opening of the Kediri Priority Outlet to deliver optimal services for Priority customers. These services represent the Bank's commitment to delivering a premium banking experience and enhancing services in line with customer needs.

Bank Mandiri will continue to strengthen its advisory role as a strategic partner for customers, accelerate digital transformation, and place long-term relationships built on trust as the core foundation of Bank Mandiri's Wealth Management services.

RETAIL BANKING BUSINESS OUTLOOK IN 2026

Supported by relatively stable macroeconomic conditions, the business outlook for Bank Mandiri's Retail Banking segment is expected to remain positive in 2026. Household consumption, individual credit demand, and the use of digital financial services are projected to increase in line with Indonesia's economic growth, which is estimated to range between 5,33%–5,40% in 2026. Under these conditions, Bank Mandiri sees opportunities to expand, as public demand for consumer credit products such as credit cards, home ownership loans (KPR), and transactional banking services continues to grow.

From the perspective of Indonesia's banking industry, the national credit growth projection of 8% to 12% indicates that the market will continue to expand with sufficient banking liquidity to support such growth. With its large customer base and extensive network, Bank Mandiri is well positioned to capture a significant share

of this growth. This is further supported by the Bank's consistent approach in expanding retail lending while maintaining a prudent yet progressive strategy. The expansion is expected to strengthen further alongside improvements in operational cost efficiency.

Digital transformation also serves as a key driver of Bank Mandiri's positive outlook in 2026. Significant increases in transactions through Livin', Livin' Merchant, and the Kopra ecosystem have contributed strongly to Fee-Based Income. The growth of non-interest income is important as it helps offset pressure on Net Interest Margin (NIM) resulting from higher costs of funds. With continued strong digital expansion, the Retail Banking segment is expected to become increasingly profitable and efficient, as more customers conduct transactions through digital channels.

Nevertheless, Bank Mandiri recognises that several challenges will need to be carefully managed going forward. These include potential pressure on interest margins, competition from fintech companies and other banks, as well as the possibility of slower credit demand. Overall, the outlook for Bank Mandiri's Retail Banking segment in 2026 is expected to remain stable to positive, supported by economic growth, a strong digital ecosystem, improving efficiency, and a large customer base. In addition, Bank Mandiri continues to have significant opportunities to expand across various product and service lines.

RETAIL BANKING WORK PLAN FOR 2026

To maintain positive growth trend of retail banking business in 2026, Bank Mandiri will implement the following strategies:

1. Retail loan portfolio growth will continue to focus on downstream business potential within the wholesale customer ecosystem through synergy between the retail and wholesale segments, while also supporting government strategic projects. Optimization of retail loan customer acquisition will be carried out through customized offerings aligned with market conditions, leveraging the branch network to reach customers, and optimizing the Livin' by Mandiri application to simplify the retail loan application process (such as KSM, Paylater, mortgage loans, credit cards, and motor vehicle loans). This will be accompanied by accelerated credit analysis processes and seamless risk management to further enhance customer convenience while ensuring loan growth is maintained with sound asset quality.
2. Strengthening the Bank's liquidity through accelerated and aggressive customer acquisition growth, particularly in savings customers, by focusing on five main pipelines, namely downstream business from wholesale customers, leading regional sectors, subsidiary ecosystems, global and regional communities, and strategic partners. Optimization of savings growth in retail customers will focus on maximizing payroll customers, business and wealth customers, as well as digitally savvy individual customers by creating a closed-loop transaction ecosystem based on a lifestyle community approach and personalized offerings. This approach is expected to provide end-to-end solutions for customers' financial needs while increasing customer engagement to drive higher transaction volumes and product holding.
3. The Bank will also continue to optimize transaction volumes and the value of digital platform usage among customers to position Bank Mandiri as the primary transaction bank, through several initiatives, including:
   a. Optimization of the Livin' Super App to acquire business and individual customers, increase daily transaction activation through enhanced personalized debit card service features (issuance, replacement, blocking/unblocking), as well as real-time foreign currency transfer enhancements with multi-currency options, and expanded use cases of Livin' Sukha, Livin' Investasi, and Mandiri Credit Card as a source of funds for various payment transactions.
   b. Optimization of merchant and card businesses to expand the ecosystem through merchant acquisition, integrated solutions within business ecosystems, Game Changer: Livin' Merchant, digital merchant activation, driving cross-border transactions with competitive exchange rates, and increasing credit card installment transactions.
4. From an operational perspective, distribution network enhancement will be carried out through branch transformation, network optimization, and people development to strengthen the Bank's role as a business orchestrator.

HEAD OFFICE

The Head Office segment manages assets and liabilities, including those related to the Corporate Banking, Commercial Banking, Institutional Relations, Retail Banking, and Treasury & International Banking segments. It also receives allocations of costs for centrally provided services to other segments, as well as income and expenses that are not allocated to other reporting segments. Nevertheless, the productivity and revenue of the segments discussed in this Annual Report are recorded separately from the assets and liabilities managed by the Head Office.

PRODUCTIVITY AND REVENUE OF THE HEAD OFFICE SEGMENT

Information regarding the productivity and revenue of the Head Office is presented in the Segment Profitability notes within the audited financial statements as part of this Annual Report.

Bank Mandiri's geographical segments consist of Mandiri Indonesia and Mandiri Overseas Offices (KLN). The Group's main operations are managed in Indonesia, Asia (Singapore, Hong Kong, Timor-Leste, Shanghai, Malaysia), Western Europe (United Kingdom), and the Cayman Islands.

GEOGRAPHIC SEGMENT OPERATIONS REVIEW

Mandiri Indonesia

The Mandiri Indonesia geographical segment comprises the Wholesale segment, which includes Corporate, Commercial, Financial Institution, and Institutional Relations segments; the Retail segment, which includes Small Medium Enterprise, Micro, Wealth Management, and Individual segments; as well as Subsidiaries, which consist of Sharia Subsidiaries, Insurance Subsidiaries, and Other Subsidiaries (Non-Sharia and Non-Insurance), as presented in the discussion of Operating Segments in this Annual Report.

Overseas Offices (KLN)

The explanation of the Overseas Offices (KLN) segment has been presented under the International Banking segment as well as Subsidiaries – Sharia, Subsidiaries – Insurance, and Other Subsidiaries (Non-Sharia and Non-Insurance) outside Indonesia, as described in the Operating Segments section of this Annual Report.

PRODUCTIVITY & PROFITABILITY OF GEOGRAPHICAL SEGMENTS

Bank Mandiri's consolidated interest and sharia income increased by 8.71% to Rp164.41 trillion in 2025, compared to Rp151.23 trillion in 2024. From a geographical segment perspective, Indonesia remained the main contributor to consolidated performance, posted an income of Rp103.36 trillion, up 2.60% from the previous year. In line with this, net profit attributable to owners of the parent entity in the consolidated geographical segment reached Rp56.29 trillion in 2025, an increase of 0.91% from Rp55.78 trillion in 2024.

Business volume indicators are used by Bank Mandiri to measure the productivity of its subsidiaries.

- As of December 31, 2025, Bank Syariah Indonesia (BSI) recorded the largest fund acquisition at Rp380.48 trillion, grew 16.20% (yoy), and maintained the largest asset ownership among Bank Mandiri's subsidiaries. Meanwhile, fundraised by Bank Mandiri Taspen increased to Rp55.03 trillion, a growth of 12.71% (yoy).

- From a profitability perspective, BSI and Bank Mandiri Taspen were the two subsidiaries that contributed the largest net profits. BSI's net profit increased to Rp7.57 trillion, grew 8.02% (yoy). Meanwhile, Bank Mandiri Taspen recorded net profit of Rp1.58 trillion, grew 0.22% (yoy).

The following section presents a summary of the performance of each Bank Mandiri subsidiary as of December 31, 2025, with explanations organized according to the type of business activity.

PT BANK SYARIAH INDONESIA TBK

STATEMENT OF FINANCIAL POSITION (IN RP BILLION)

Description	2024	2025	Growth	
			Rp	(%)
Assets	408,613	456,193	47,579	11.64
Liabilities	109,867	114,100	2,648	2.59
Equity	45,042	51,953	6,911	15.34

Bank Syariah Indonesia recorded positive growth in its financial performance as of December 2025 despite challenging economic conditions. Total assets increased by 11.64% (yoy), reflecting the Bank's ability to expand its business base in a measured manner through strengthening its financing portfolio and optimizing sharia-based products. This moderate asset growth also indicated that expansion was carried out prudently while maintaining financing quality and adhering to sharia prudential principles. Meanwhile, liabilities grew by 2.59%, indicating stable growth in Third-Party Funds (TPF) and sustained customer confidence in BSI's sharia banking services. BSI's TPF as of December 2025 reached Rp380.49 trillion, grew by 16.20% (yoy).

On capital, equity increased significantly by 15.34% (yoy), reflecting strong profitability and the Bank's ability to strengthen its capital structure to support long-term growth. BSI recorded net profit of Rp7.57 trillion, a growth of 8.02% (yoy) as of December 2025. The increase in equity also reflected stronger risk management and improved efficiency, which in turn enhanced the Bank's resilience against economic volatility. Overall performance as of December 2025 indicated that BSI remained on a healthy trajectory with an increasingly solid financial foundation to support the growth of sharia banking in the coming years.

STATEMENT OF PROFIT OR LOSS (IN RP BILLION)

Description	2024	2025	Growth	
			Rp	(%)
Operating Income	30,855	35,202	4,347	14.09
Expenses*	21,577	25,194	3,617	16.76
Net Profit/(Loss)	7,006	7,568	562	8.02

*Expenses are profit sharing costs, overhead costs and allowance for impairment losses costs

The increase in financing activities throughout 2025 drove BSI to record solid growth in operating income, reaching Rp35.20 trillion as of December 2025, or an increase of 14.09% (yoy) compared with the same period in the previous year. The increase in income reflected BSI's ability to capture the momentum of growing financing demand while strengthening the foundation of its core business growth. On the other hand, operating expenses also increased by 16.76% (yoy) to Rp25.19 trillion, in line with improvements in operational quality and investments in supporting technology and infrastructure. Despite the higher growth in expenses, BSI's operating performance structure continued to demonstrate resilience in maintaining profitability and efficiency.

PT BANK MANDIRI TASPEN

STATEMENT OF FINANCIAL POSITION (IN RP BILLION)

Description	2024	2025	Growth	
			Rp	(%)
Assets	66,232	73,025	6,786	10.25
Liabilities	58,444	63,627	5,179	8.86
Equity	7,788	9,397	1,607	20.63

Bank Mandiri Taspen showed relatively stable performance development as of December 2025. Total assets increased to Rp73.01 trillion; however, the increase remained moderate compared with the increasingly competitive demands for business expansion. Meanwhile, liabilities also rose to Rp63.62 trillion, reflecting additional obligations in line with ongoing funding activities, although without significant structural shifts.

At the same time, equity increased to Rp9.39 trillion, providing additional capacity for the Bank to strengthen its capital position. Overall, Bank Mandiri Taspen's performance in 2025 continued to move in a positive direction but remained within a gradual and cautious growth trajectory, as the company focused on maintaining stability amid a challenging industry landscape.

STATEMENT OF PROFIT OR LOSS (IN RP BILLION)

Description	2024	2025	Growth	
			Rp	(%)
Operating Income	6,619	6,995	376	5.67
Expenses	4,521	4,741	220	4.87
Net Profit/(Loss)	1,577	1,581	4	0.22

Bank Mandiri Taspen continued to demonstrate competitive performance throughout 2025, with operating income increased moderately to Rp6.99 trillion as of December 2025, supported by sustained lending activities. Although operating expenses increased in line with business expansion, the company maintained its cost structure at a relatively manageable level. Amid these dynamics, net profit stood at Rp1.58 trillion, grew by 0.22% (yoy) compared with the previous year.

BANK MANDIRI (EUROPE) LIMITED

STATEMENT OF FINANCIAL POSITION (IN RP BILLION)

Description	2024	2025	Growth	
			Rp	(%)
Assets	4,213	4,975	762	18.08
Liabilities	3,340	4,032	692	20.73
Equity	873	943	70	7.96

Bank Mandiri (Europe) Limited posted an increase of total assets by 18.08% (yoy) to Rp4.97 trillion as of December 2025, reflecting cautious expansion amid global market uncertainty. This increase indicated the Bank's focus on asset placements that provided returns commensurate with risk, allowing growth to remain sustainable.

Meanwhile, the liabilities and equity positions of Bank Mandiri (Europe) Limited reached Rp4.03 trillion and Rp942.74 billion, respectively, as of December 2025, increased by 20.73% (yoy) and 7.96% (yoy) compared with Rp4.21 trillion and Rp873 billion in 2024. The movement in liabilities and equity was driven by an increase in retained earnings and the depreciation of the rupiah against the USD.

STATEMENT OF PROFIT OR LOSS (IN RP BILLION)

Description	2024	2025	Growth	
			Rp	(%)
Operating Income	87	97	11	12.41
Expenses	67	72	5	7.19
Net Profit/(Loss)	17	22	5	29.85

Operating income of Bank Mandiri (Europe) Limited increased by 12.41% (yoy), from Rp86.54 billion in 2024 to Rp97.28 billion in 2025. This development was driven by the Bank's strategy to reallocate assets into higher-yield assets such as loans and to optimize liquidity in order to control interest expenses. On the other hand, through efficiency initiatives implemented by Bank Mandiri (Europe) Limited, the increase in expenses in 2025 was maintained at 7.19% (yoy), enabling net profit to grow by 29.85% (yoy) in 2025 to Rp22.14 billion.

PT MANDIRI TUNAS FINANCE

STATEMENT OF FINANCIAL POSITION (IN RP BILLION)

Description	2024	2025	Growth	
			Rp	(%)
Aset	34,425	28,008	(6,417)	-18.64
Liabiltas	29,561	23,092	(6,469)	-21.88
Ekuitas	4,864	4,916	52	1.07

In 2025, Mandiri Tunas Finance (MTF) recorded performance that reflected business adjustments amid changing conditions in the financing market. Total assets stood at Rp28.81 trillion, declined from Rp34.43 trillion in 2024, in line with the company's strategy to adopt a more selective approach in expanding its portfolio. Total liabilities also decreased to Rp23.09 trillion compared with Rp29.56 trillion in the previous year, indicating gradual adjustments to funding structure. Meanwhile, equity recorded positive growth of 1.07% (yoy), increased from Rp4.8 trillion in 2024 to Rp4.9 trillion as of December 2025. Overall, these movements reflected the company's efforts to maintain a sound financial position amid business consolidation and ongoing industry challenges.

STATEMENT OF PROFIT OR LOSS (IN RP BILLION)

Description	2024	2025	Growth	
			Rp	(%)
Operating Income	5,579	4,635	(944)	-16.92
Expenses	4,075	4,121	46	1.13

Expenses	2,983	3,152	169	5.66
Net Profit/(Loss)	300	400	99	33.08

The increase in financing activities throughout 2025 positively contributed to MUF's profitability performance. Operating income increased by 8.18% to Rp3.67 trillion in 2025. Meanwhile, MUF recorded net profit of Rp400 billion in December 2025, grew 33.08% (yoy) from Rp300 billion in December 2024.

PT AXA MANDIRI FINANCIAL SERVICES

STATEMENT OF FINANCIAL POSITION (IN RP BILLION)

Description	2024	2025	Growth	
			Rp	(%)
Assets	40,749	43,425	2,676	6.57
Liabilities	37,316	39,811	2,494	6.68
Equity	3,433	3,615	182	5.29

*) Liabilities + Participant Funds

Total assets of AXA Mandiri Financial Services (AMFS) increased by 6.57% (yoy) as of December 2025 to Rp43.43 trillion. The increase was primarily driven by the growth in investment assets.

AMFS liabilities also increased by 6.68% (yoy), from Rp37.32 trillion in 2024 to Rp39.81 trillion as of December 2025. The increase was largely attributable to liabilities to non-unit link policyholders. Meanwhile, equity recorded an increase of 5.29% (yoy) to Rp3.61 trillion from Rp3.43 trillion in 2024.

STATEMENT OF PROFIT OR LOSS (IN RP BILLION)

Description	2024	2025	Growth	
			Rp	(%)
Insurance Revenue	3.996	4.224	228	5.70%
Insurance Service Expenses	2.931	3.221	290	9.89%
Net Expenses from Reinsurance Contracts Held	65	67	3	4.27%
Net Insurance Finance Result	197	142	(55)	-27.84%
Other Income	118	214	96	80.99%
Net Profit/(Loss)	1.093	1.227	133	12.20%

On operational perspective, AMFS recorded insurance revenue of Rp4.22 trillion as of December 2025, rose 5.70% (yoy) compared with Rp3.97 trillion in December 2024. The increase was primarily driven by expected claims that were higher than actual claims realized, as well as stronger contributions from the company's health insurance products. Meanwhile, insurance service expenses increased from Rp2.93 trillion to Rp3.22 trillion, a 9.89% (yoy) increase. As such, AMFS recorded net profit of Rp1.22 trillion in December 2025, grew 12.20% (yoy) compared with Rp1.09 trillion in December 2024.

PT MANDIRI SEKURITAS

STATEMENT OF FINANCIAL POSITION (IN RP BILLION)

Description	2024	2025	Growth	
			Rp	(%)

Liabilities	2,223	3,486	1,263	56.82
Equity	2,168	2,512	344	15.87

Mandiri Sekuritas recorded notable performance dynamics as of December 2025, with total assets increased to Rp5.99 trillion, grew 36.63% (yoy) compared with 2024. The asset growth was accompanied by a significant increase in liabilities, which reached Rp3.48 trillion or grew 56.82% (yoy). Meanwhile, Mandiri Sekuritas' equity increased by 15.87% (yoy) to Rp2.5 trillion at the end of 2025.

STATEMENT OF PROFIT OR LOSS (IN RP BILLION)

Description	2024	2025	Growth	
			Rp	(%)
Operating Income	1,581	1,796	215	13.60
Expenses	1,229	1,267	38	3.09
Net Profit/(Loss)	278	367	89	32.01

Mandiri Sekuritas recorded an increase in operating income of 13.60% (yoy), rose from Rp1.58 trillion in 2024 to Rp1.79 trillion in 2025. Operating expenses also increased by 3.09% (yoy) to Rp1.26 trillion in 2025. The lower growth in operating expenses compared with operating income reflected Mandiri Sekuritas' effective cost management efforts. As a result, net profit increased by 32.01% (yoy), from Rp278 billion in 2024 to Rp367 billion in 2025.

PT MANDIRI CAPITAL INDONESIA

STATEMENT OF FINANCIAL POSITION (IN RP BILLION)

Expenses	400	518	118	29.38
Net Profit/(Loss)	103	122	19	31.64

On operating performance, MCI posted net operating income of Rp691 billion in December 2025, rose by 19.80% (yoy) compared with Rp577 billion in the previous year. Meanwhile, operating expenses increased by 29.38% (yoy) to Rp518 billion from Rp400 billion in 2024. With this operating performance, MCI recorded net profit of Rp122 billion, grew 31.64% compared with Rp103 billion in the previous year.

PT MANDIRI INTERNATIONAL REMITTANCE SENDIRIAN BERHAD

STATEMENT OF FINANCIAL POSITION (IN RP BILLION)

Description	2024	2025	Growth	
			Rp	(%)
Assets	34,51	37,39	2.88	8.3
Liabilities	12,11	11,56	(0.55)	(4.54)
Equity	22,40	25,83	3,43	15.3

Mandiri International Remittance Sendirian Berhad (MIR) recorded asset growth of 8.3% (yoy) as of December 2025, increased from Rp34.51 billion in 2024 to Rp37.39 billion. This increase was mainly driven by additional operational infrastructure. Meanwhile, MIR's liabilities decreased by 4.54% to Rp11.56 billion from Rp12.11 billion in the previous year. On equity side, MIR recorded equity of Rp25.83 billion in 2025, up 15.3% from Rp22.40 billion in 2024.

STATEMENT OF PROFIT OR LOSS (IN RP BILLION)

Description	2024	2025	Growth	
			Rp	(%)
Operating Income	19,37	19,48	0,11	0.5
Expenses	18,83	19,05	0,22	1.2
Net Profit/(Loss)	1,23	0,25	(0,98)	(79.4)

In 2025, MIR recorded operating income of Rp19.48 billion, or 0.5% higher than Rp19.37 billion in the previous year. The increase in operating income, combined with higher expenses reaching Rp19.37 billion in 2025, resulted in MIR's net profit declined by 79.4% to Rp0.25 billion.

FINANCIAL REVIEW

The consolidated financial statements of PT Bank Mandiri (Persero) Tbk and its Subsidiaries as of 31 December 2025, included in this Annual Report, referred as the basis for the analysis and discussion of financial performance. For the financial years ended on those dates, the consolidated financial statements comprise the consolidated statements of financial position, consolidated statements of profit or loss and other comprehensive income, consolidated statements of changes in equity, and consolidated statements of cash flows.

The consolidated financial statements of PT Bank Mandiri (Persero) Tbk and its Subsidiaries were audited by the Public Accounting Firm (KAP) Purwanto Susanti dan Surja (formerly Purwantono, Sungkoro & Surja, a member firm of Ernst & Young Global Limited), with the audit report signed by the auditor Yovita holding Public Accountant Practice License No. AP.0242.

The KAP's opinion stated that the consolidated financial statements of PT Bank Mandiri (Persero) Tbk as of 31 December 2025 present fairly, in all material respects, the consolidated financial position of the Group, as well as its consolidated financial performance and consolidated cash flows for the years then ended, in accordance with Financial Accounting Standards in Indonesia.

STATEMENTS OF FINANCIAL POSITION

The consolidated statement of financial position of Bank Mandiri shows consistent growth across all key performance indicators from 2023 to 2025. Total assets increased by 16.59% year to date (ytd) from December 2024 to December 2025, with nominal growth amounting to Rp402.72 trillion. Total assets reached Rp2,829.95 trillion as of December 2025. This reflects significant expansion in a number of strategic assets undertaken by Bank Mandiri during 2025.

Meanwhile, liabilities grew by 18.95% (ytd) or Rp352.52 trillion to Rp2,212.93 trillion as of December 2025, compared to Rp1,860.41 trillion in 2024. Temporary Syirkah Funds increased by 14.32%, or Rp36.28 trillion, to Rp289.62 trillion as of December 2025, indicating stable growth in Sharia funding sources.

The Company's equity increased by 4.44% (ytd) or Rp13.93 trillion to Rp327.40 trillion as of December 2025, compared to Rp313.47 trillion in 2024. The increase in equity was supported by profit growth and the support of Bank Mandiri's shareholders.

CONSOLIDATED STATEMENTS OF FINANCIAL POSITION

Cash

As of December 2025, Bank Mandiri recorded cash of Rp33.86 trillion, including cash in Automated Teller Machines (ATMs) amounting to Rp7.58 trillion. Total cash increased by Rp2.19 trillion or 6.92% (ytd) compared to Rp31.67 trillion in 2024. The increase in cash was driven by higher cash in Rupiah amounting to Rp2.67 trillion to Rp30.65 trillion, while cash in foreign currencies decreased by Rp478.12 billion or 12.96% to Rp3.21 trillion.

Current Accounts with Bank Indonesia

Current accounts with Bank Indonesia increased by Rp133.14 trillion or 126.63% (ytd) to Rp238.29 trillion as of December 2025, compared to Rp105.15 trillion in December 2024. The increase was supported by growth in Rupiah and USD balances of 140.19% (ytd) and 36.39% (ytd), respectively. Current accounts with Bank Indonesia in Rupiah amounted to Rp219.55 trillion and in USD were equivalent to Rp18.74 trillion.

Bank Mandiri (Bank only) as of December 2025 recorded a Rupiah Reserve Requirement (GWM) ratio of 7.12%, a Foreign Currency GWM ratio of 4.10%, a Macroprudential Liquidity Buffer (PLM) ratio of 14.04%, and a RIM Current Account ratio of 0.00%. These Rupiah GWM, Foreign Currency GWM, PLM, and RIM Current Account ratios were in compliance with Bank Indonesia regulations.

Current Accounts with Other Banks

Net current accounts with other banks stood at Rp60.92 trillion as of December 2025, an increase of 30.63% (ytd) compared to Rp46.64 trillion in 2024. Current accounts with other banks in foreign currencies increased by 31.27% to Rp60.73 trillion as of December 2025. Based on Bank Indonesia's collectibility classification, this account is categorized as current, with adequate allowance for impairment losses (CKPN) amounting to Rp27.62 billion. The average annual interest rate for this account was 0.00% in Rupiah and 1.84% in foreign currencies.

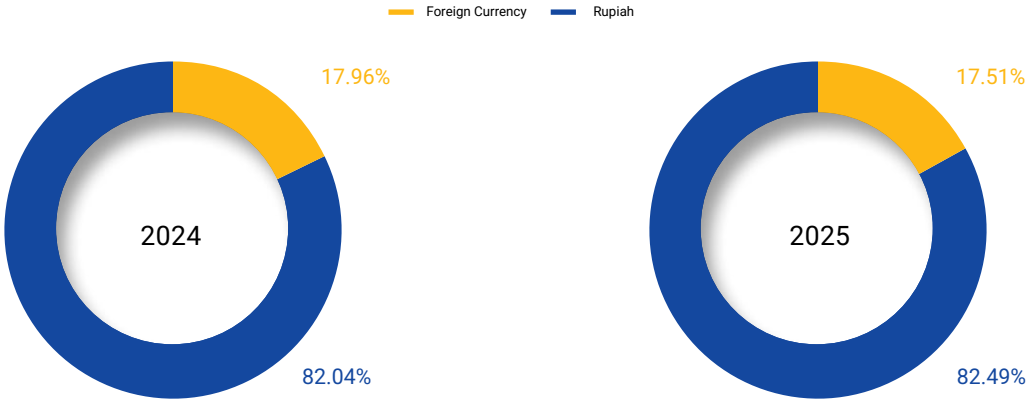
Placements with Bank Indonesia and Other Banks

Bank Mandiri recorded net placements with Bank Indonesia and other banks of Rp50.47 trillion as of December 2025, a decrease of Rp12.76 trillion or 20.18% compared to Rp63.23 trillion in 2024. The decrease was driven by a 40.43% decline in placements in Rupiah, while foreign currency placements increased by 1.29%. The average interest rate in Rupiah was 6.12% and in foreign currencies was 3.88%.

Marketable Securities

Net marketable securities amounted to Rp124.73 trillion as of December 2025, an increase of Rp29.25 trillion or 30.64% compared to Rp95.48 trillion in 2024. This increase was driven by higher third-party marketable securities of Rp31.93 trillion or 42.51% compared to Rp75.12 trillion in the previous year.

The increase in marketable securities by currency was supported by holdings in both foreign currencies and Rupiah. Marketable securities in foreign currencies increased to Rp32.39 trillion and in Rupiah to Rp92.38 trillion as of December 2025.



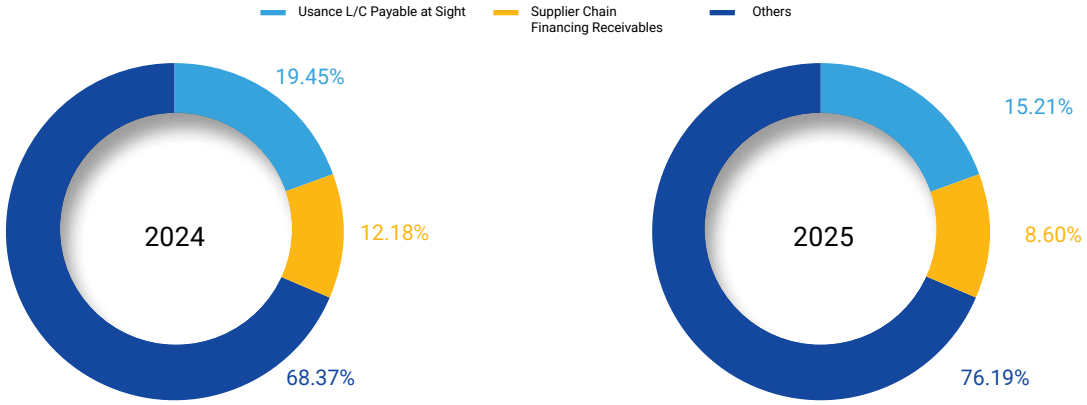
Based on issuer category, the increase in marketable securities holdings was primarily influenced by higher holdings of marketable securities issued by the central bank, grew from Rp34.29 trillion in 2024 to Rp58.57 trillion as of December 2025, by the government from Rp13.43 trillion to Rp22.50 trillion, and by banks from Rp5.55 trillion to Rp8.67 trillion. Meanwhile, Bank Mandiri's holdings in securities issued by companies decreased from Rp27.85 trillion to Rp22.49 trillion.

Based on remaining maturity, as of December 2025, the majority of Rupiah-denominated marketable securities were short-term or less than 1 (one) year, amounted to Rp59.81 trillion or 64.75% of total Rupiah marketable securities. Similarly, most foreign currency-denominated marketable securities were short-term, amounted to Rp27.25 trillion or 84.15% of total foreign currency marketable securities.

Government Bonds

Bank Mandiri's net holdings of government bonds increased by 1.93% (ytd) to Rp292.82 trillion as of December 2025, compared to Rp287.27 trillion in 2024. The increase was driven by higher holdings of government bonds in Rupiah, which rose by 2.49% from Rp235.67 trillion in 2024 to Rp241.55 trillion as of December 2025. The proportion of Rupiah-denominated government bonds as of December 2025 was 82.49%, up from 82.04% in 2024. The composition of government bonds as of December 2025 and 2024 is illustrated in the following chart:

GOVERNMENT BONDS COMPOSITIONS



Other Receivables – Trade Transactions

Bank Mandiri recorded a 7.32% (ytd) increase in net other receivables – trade transactions, from Rp28.55 trillion in December 2024 to Rp30.64 trillion in December 2025. The increase was primarily driven by third parties, which grew by 9.91% (ytd) from Rp22.92 trillion in 2024 to Rp25.19 trillion in December 2025.

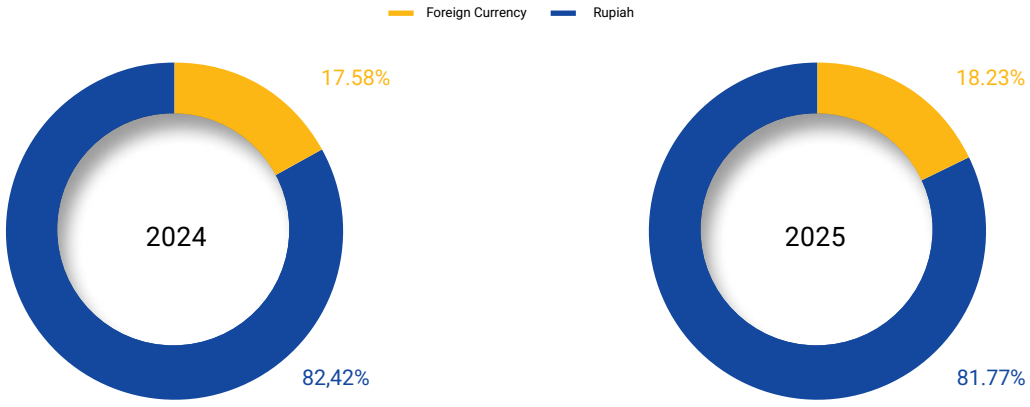
By currency, other receivables – trade transactions in Rupiah increased by 4.91% from Rp18.19 trillion in December 2024 to Rp19.08 trillion in December 2025. Similarly, other receivables – trade transactions in foreign currencies increased by 10.22% from Rp11.79 trillion in December 2024 to Rp12.99 trillion in December 2025.

By type, the increase in this account was supported by growth in other trade transaction receivables, which rose by 19.23% (ytd) from Rp20.49 trillion in 2024 to Rp24.43 trillion in December 2025. Meanwhile, Supplier Chain Financing receivables decreased by 24.43% from Rp3.65 trillion in December 2024 to Rp2.76 trillion in December 2025. Supplier Chain Financing receivables contributed 8.60% of total other receivables – trade transactions in December 2025, compared to 12.18% in 2024.

OTHER RECEIVABLES COMPOSITION - TRADE TRANSACTIONS

Securities Purchased under Agreements to Resale

The Bank's securities purchased under agreements to resale reached Rp3.90 trillion as of December 2025, a decrease of 52.91% compared to Rp8.29 trillion in 2024. There was no impairment; therefore, no allowance for impairment losses (CKPN) was established for receivables from securities purchased under agreements to resale.

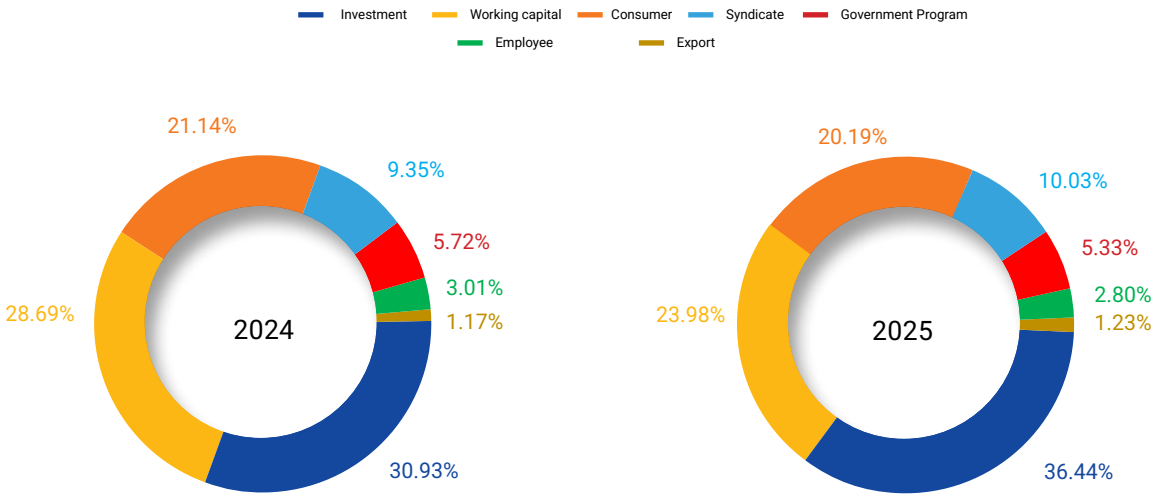


Derivative Receivables

Derivative receivables stood at Rp7.28 trillion as of December 2025, a decrease of 6.23% (ytd) compared to Rp7.76 trillion in 2024. The change was driven by third parties, which decreased to Rp4.25 trillion from Rp4.81 trillion in 2024, while related parties increased to Rp3.03 trillion compared to Rp2.95 trillion in the previous year.

Loans and Sharia Receivables/Financing

Bank Mandiri's loans and Sharia receivables/financing amounted to Rp1,849.97 trillion as of December 2025, grew by 13.97% (ytd) compared to Rp1,623.22 trillion in 2024. By currency, the increase in loans was primarily supported by Rupiah-denominated loans, which grew by 13.07% to Rp1,512.67 trillion in December 2025 from Rp1,337.84 trillion in December 2024. In proportion, Rupiah-denominated loans remained stable at 81.77% of total loans compared to 82.42% in 2024.



KREDIT YANG DIBERIKAN DAN PIUTANG/PEMBIAYAAN SYARIAH BERDASARKAN MATA UANG

By type, the growth in Bank Mandiri's loans and Sharia receivables/financing was driven by increases in loan and financing categories. There were three types of loans and financing that contributed significantly to the increase in total loans and financing, namely investment loans, which increased by Rp172.02 trillion or grew by 34.26% (ytd) to Rp674.05 trillion; syndicated loans, which increased by Rp33.77 trillion or grew by 22.26% (ytd) to Rp185.47 trillion; and consumer loans, which increased by Rp30.35 trillion or grew by 8.84% (ytd) to Rp373.48 trillion.

In addition to these loan and receivable/financing types, Bank Mandiri also extended working capital loans, government program loans, employee loans, and export loans. The breakdown of the proportion of each loan and receivable/financing type of Bank Mandiri as of December 2025 and 2024 is as follows:

PORSI JENIS KREDIT YANG DIBERIKAN DAN PIUTANG/PEMBIAYAAN SYARIAH

Loans and Sharia Receivables/Financing by Type	2024	2025
Investment	30.93%	36.44%
Working capital	28.69%	23.98%
Consumer	21.14%	20.19%
Syndicate	9.35%	10.03%
Government programs	5.72%	5.33%
Employee	3.01%	2.80%
Export	1.17%	1.23%

By economic sector, the five largest loans and Sharia receivables/financing as of December 2025 were in the industrial sector amounting to Rp217.09 trillion, agriculture Rp203.99 trillion, trade, restaurants, and hotels Rp203.65 trillion, mining Rp157.19 trillion, and transportation, warehousing, and communications Rp153.07 trillion.

Meanwhile, the five largest loans and Sharia receivables/financing by economic sector that recorded the highest percentage growth in December 2025 compared to December 2024 were electricity, gas, and water, which grew by 57.93%, agriculture 30.51%, social services 30.13%, transportation, warehousing, and communications 20.75%, and trade, restaurants, and hotels 12.79%.

Government Program Loans

Bank Mandiri actively supported the disbursement of government program loans. Several types of these loans include investment loans, permanent working capital loans, working capital loans, and subsidized housing loans under the Housing Financing Liquidity Facility (FLPP) program. The Government may provide partial or full funding for these programs.

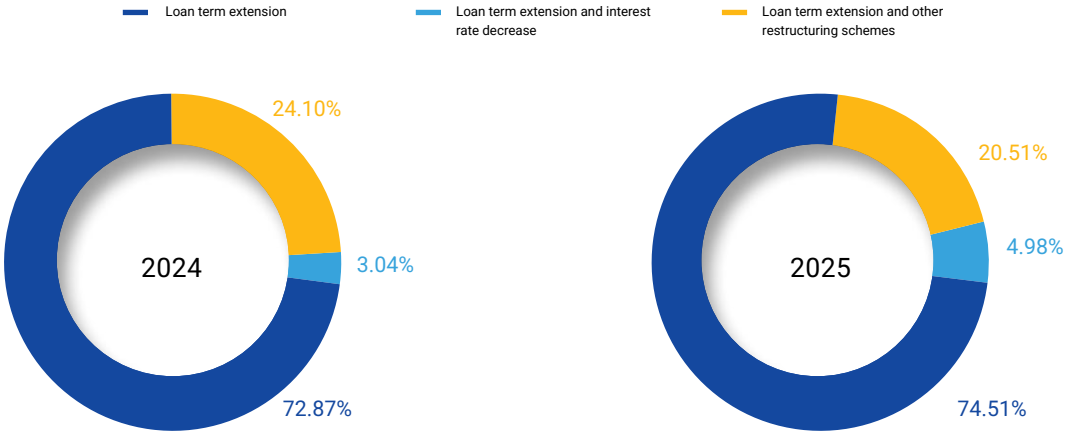
To accelerate the National Economic Recovery in 2020, the Bank participated in the disbursement of loans under the National Economic Recovery (PEN) program in accordance with the Regulation of the Minister of Finance No. 70/PMK.05/2020, which was subsequently amended through Regulation of the Minister of Finance No. 104/PMK.05/2020 dated August 6, 2020. The loan distribution program under PEN was sourced from the placement of government funds in banks, including Bank Mandiri, in the form of a 3-month deposit amounting to Rp10 trillion on June 25, 2020. These government funds were subsequently distributed as loans totaling Rp39.04 trillion until the deposit maturity date on September 25, 2020, after which the funds were returned to the Government.

Based on the evaluation and proposal submitted by Bank Mandiri, and in accordance with Regulation of the Minister of Finance No. 104/PMK.05/2020, the Government implemented the Phase II Government Fund Placement to banks, including Bank Mandiri, in the form of a 110-day deposit amounting to Rp15 trillion on September 25, 2020. The funds were distributed as loans with cumulative disbursement reaching Rp66.63 trillion until the deposit maturity date on January 13, 2021. The Phase II Government Fund Placement ended and the funds were returned to the Government on January 13, 2021.

As of 31 December 2025, outstanding government program loans at Bank Mandiri stood at Rp98.63 trillion, increased by 6.19% compared with Rp92.89 trillion in 2024.

MSME Loan Disbursement

With regard to Micro, Small, and Medium Enterprises (MSMEs) financing, Bank Mandiri also played an active role in distributing MSME loans with government credit guarantees in accordance with the Regulation of the Minister of Finance No. 71/PMK.08/2020 dated June 23, 2020. The government guarantee was provided through guarantee institutions, namely PT Jaminan Kredit Indonesia and PT Asuransi Kredit Indonesia. As of November 30, 2021, MSME loans under this government credit guarantee scheme had been distributed to 13,352 MSME debtors with total loan disbursement amounting to Rp2.84 trillion.



In 2022, the MSME credit guarantee program from the Government continued under the Regulation of the Minister of Finance No. 28/PMK.08/2022 dated March 30, 2022. As of December 31, 2022, MSME loans under this government credit guarantee scheme had been distributed to 3,030 MSME debtors with total loan disbursement amounting to Rp148.66 billion.

Loan Restructuring

Bank Mandiri implemented loan restructuring through several schemes, including extension of loan tenors, extension of loan tenors combined with reductions in lending rates, as well as other restructuring schemes. These other restructuring schemes primarily consisted of reductions in lending rates, rescheduling of overdue interest, and extensions of the payment period for overdue interest. As of 31 December 2025, Bank Mandiri had restructured loans totaling Rp99.14 trillion, increased by 11.14% compared with Rp89.20 trillion in 2024.

The composition of loan restructuring and its collectibility as of 31 December 2025 and 31 December 2024 is presented in the following chart and table.

THE COMPOSITION OF LOAN RESTRUCTURING AND ITS COLLECTABILITY

The composition of loan restructuring and its collectability	2024	2025
Loan term extension	72.87%	74.51%
Loan term extension and interest rate decrease	3.04%	4.98%
Loan term extension and other restructuring schemes	24.10%	20.51%

The amount of restructured loans by collectibility as of 31 December 2025 and 31 December 2024 was as follows:

LOANS RESTRUCTURING COLLECTABILITY (IN RP MILLION)

Description	2024	2025	Growth

Net Investment in Finance Leases

In addition to carrying out consumer financing activities, Bank Mandiri's Subsidiaries also recorded net investment in finance leases amounting to Rp4.15 trillion as of December 2025, decreased by Rp1.60 trillion or 27.85% compared with Rp5.76 trillion in the previous year. The financing contract tenors provided by the Subsidiaries for motor vehicle financing generally ranged between 12 months and 60 months.

The collectibility of finance lease receivables remained predominantly in the current category, indicating that the management of productive assets continued to be maintained effectively by the Subsidiaries. The portion of finance lease receivables classified as current reached 94.05% as of December 2025 and 92.68% as of December 2024, as illustrated in the following table.

COLLECTABILITY OF FINANCE LEASES (IN RP MILLION)

Description	2024	2025	Growth	
			Nominal	%
Current	5,335,749	3,906,449	(1,429,300)	-26.79%

The average effective interest rates charged to consumers for finance leases of cars, heavy equipment, and machinery as of December 2025 were 19.93%, 15.00%, dan 12.75%, respectively. In the previous year, the average effective interest rates were recorded at 18.75%, 11.12%, and 18.01%, respectively.

Acceptance Receivables

Bank Mandiri's acceptance receivables stood at Rp8.09 trillion as of December 2025, decreased by 13.16% compared with Rp9.31 trillion in the previous year. The decline was mainly driven by receivables from debtors, which decreased by 15.41% to Rp7.22 trillion compared with Rp8.53 trillion in December 2024, while receivables from other banks increased by 11.45% to Rp0.87 trillion compared with Rp0.78 trillion in the previous year.

Acceptance receivables from related parties and third parties decreased to Rp1.16 trillion and Rp6.93 trillion, respectively, as of December 2025, compared with Rp1.70 trillion and Rp7.62 trillion in the previous year. Likewise, based on currency type, acceptance receivables denominated in Rupiah decreased from Rp5.51 trillion in December 2024 to Rp4.01 trillion in December 2025, while those denominated in foreign currencies increased from Rp3.80 trillion in December 2024 to Rp4.08 trillion in December 2025.

Equity Investments

Bank Mandiri recorded a 2.91% decrease in equity investments, from Rp2.42 trillion in December 2024 to Rp2.35 trillion in December 2025. Of the total amount, equity investments in related parties decreased by 25.50% (ytd) to Rp0.76 trillion, while those in third parties increased by 13.65% (ytd) to Rp1.59 trillion as of December 2025.

Assets Held for Sale

Bank Mandiri recorded assets held for sale amounting to Rp0.25 trillion as of December 2025, representing assets of PT Mandiri Manajemen Investasi (MMI) in connection with Bank Mandiri's intention, through its Subsidiary PT Mandiri Sekuritas, to transfer 99.93% of its share ownership in MMI to Bank Mandiri's shareholders within the next 12 months.

Other Assets

Total other assets – net reached Rp23.69 trillion as of December 2025, increased by 32.09% compared with Rp17.93 trillion in 2024. The increase in other assets was mainly driven by higher receivables on pledged government bonds amounting to Rp1.94 trillion, customer transaction receivables amounting to Rp1.77 trillion, receivables from securities sales amounting to Rp1.70 trillion, and accrued income amounting to Rp1.28 trillion.

*) Other assets other than accrued income, receivables from pledged government bonds, customer transaction receivables, receivables from pending securities sales, receivables related to ATM and credit card transactions, and receivables from policyholders.

Prepaid Expenses

The prepaid expenses account consists of treasury transaction costs, loan transaction costs, government guarantee fees, building maintenance expenses, insurance premium expenses, personnel expenses, prepaid rent, system maintenance costs, promotion expenses, professional service fees, third-party labor service expenses, and others.

Bank Mandiri recorded prepaid expenses of Rp5.67 trillion as of December 2025, grew by 17.51% compared with Rp4.82 trillion in 2024. The increase in prepaid expenses was driven by higher credit transaction costs, which rose by 47.13% to Rp1,235.19 billion, treasury transaction costs increased by 17.21% to Rp1,569.21 billion, system maintenance costs increased by 80.29% to Rp395.57 billion, prepaid rent increased by 35.69% to Rp441.63 billion, personnel expenses increased by 15.75% to Rp224.84 billion, professional service fees increased by 206.00% to Rp26.62 billion, and other expenses rose by 7.01% to Rp628.09 billion.

Prepaid Taxes

Bank Mandiri recorded prepaid taxes of Rp851.63 billion as of December 2025, increased by 15.24% compared with Rp739.02 billion in the previous year. The increase in prepaid taxes was driven by a higher contribution from Subsidiaries. The Subsidiaries' portion increased by Rp136.65 billion, or 27.37% (ytd), to Rp635.97 billion in December 2025, while Bank Mandiri's portion decreased by Rp24.04 billion, or 10.03% (ytd), to Rp215.66 billion. In 2024, prepaid taxes attributable to Bank Mandiri amounted to Rp239.70 billion, while those attributable to Subsidiaries amounted to Rp499.31 billion.

Fixed Assets

Bank Mandiri recorded fixed assets – net of Rp72.06 trillion as of December 2025, increased by Rp9.03 trillion or 14.33% (ytd) compared with Rp63.03 trillion in 2024. The increase in fixed assets was mainly driven by higher direct ownership – net of buildings amounting to Rp1.52 trillion or 19.61% (ytd) to Rp9.28 trillion, land amounting to Rp3.74 trillion or 8.87% (ytd) to Rp45.94 trillion, office equipment and computer equipment increased by Rp3.26 trillion or 107.48% (ytd) to Rp6.29 trillion, and motor vehicles increased by Rp2.47 billion or 8.36% to Rp32.07 billion. Meanwhile, direct ownership – net of construction in progress decreased by Rp1.95 trillion, or 29.72% (ytd), to Rp4.61 trillion as of December 2025. Right-of-use assets were recorded at Rp5.90 trillion, increasing by 71.31% (ytd).

In 2024, net direct ownership of construction in progress amounted to Rp6.56 trillion, direct ownership of office equipment and computer equipment amounted to Rp3.03 trillion, buildings amounted to Rp7.76 trillion, land amounted to Rp42.20 trillion, and motor vehicles amounted to Rp29.60 billion. Meanwhile, right-of-use assets amounted to Rp3.44 trillion.

Intangible Assets

Bank Mandiri's intangible assets – net increased by 6.73% (ytd) to Rp7.52 trillion as of December 2025, compared with Rp7.04 trillion at the end of the previous year. The increase was driven by the growth in acquisition cost, which was higher than the increase in accumulated amortization expense. The acquisition cost and accumulated amortization of intangible assets increased to Rp17.77 trillion and Rp10.25 trillion, respectively. In 2024, the acquisition cost and accumulated amortization of intangible assets amounted to Rp15.74 trillion and Rp8.70 trillion, respectively.

Other Assets

Bank Mandiri recorded total other assets – net of Rp16.16 trillion as of December 2025, decreased by 16.73% compared with Rp19.41 trillion in the previous year. The decrease was mainly attributable to the reduction in unit link assets by 100.00% to RpNil billion, deferred insurance acquisition costs declined by 100.00% to RpNil billion, as well as lower balances in foreign currency term deposits from export proceeds, foreclosed collateral, management fee receivables, and ijarah receivables.

Deferred Tax Assets

Cumulatively, Bank Mandiri recorded deferred tax assets – net of Rp4.65 trillion as of December 2025, decreased by 44.28% (ytd) compared with Rp8.35 trillion at the end of the previous year. The decrease was mainly driven by the reduction in the allowance for impairment losses (CKPN) on loans and receivables/sharia financing by Rp3.08 trillion to Rp0.63 trillion, as well as unrealized gains from the increase in the fair value of securities and government bonds measured at fair value through other comprehensive income, which decreased by Rp636.04 billion to Rp288.99 billion as of December 2025. Meanwhile, the provision for employee service award benefits and reserves for employee bonuses and incentives, leave, and THR increased by Rp178.77 billion to Rp950.88 billion as of December 2025, compared with Rp772.11 billion at the end of the previous year.

Liabilities to Policyholders under Unit-Linked Contracts

This account represents liabilities of Subsidiary to policyholders under Subsidiary's insurance contracts. Cumulatively, insurance contract liabilities amounted to Rp37.85 trillion as of December 2025, rose by 6.66% compared with Rp35.49 trillion in 2024.

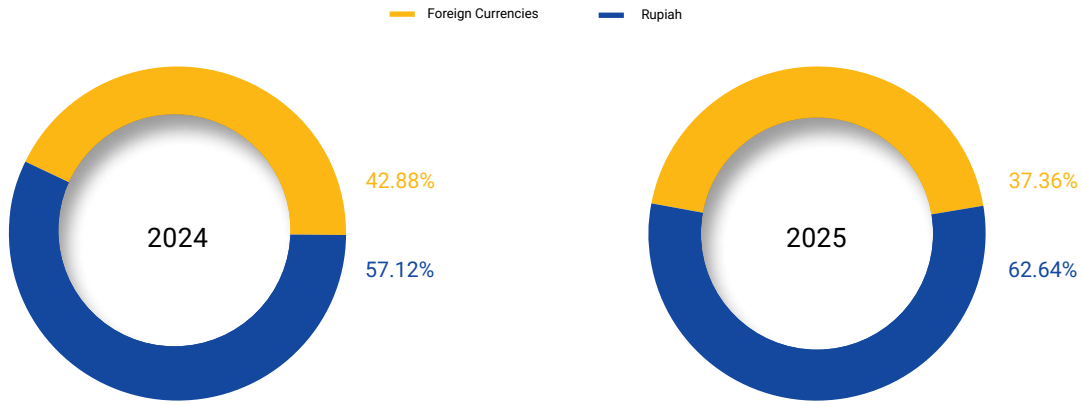
Liabilities on Securities Sold under Agreements to Repurchase

Liabilities from securities sold under agreements to repurchase was Rp39.96 trillion as of December 2025, decreased by Rp50,30 trillion or 55.73% compared with Rp90.26 trillion in 2024. The decrease was primarily driven by a reduction in liabilities from securities sold under agreements to repurchase denominated in Rupiah, which declined by 96.87% to Rp1.80 trillion compared with Rp57.59 trillion in the previous year. Meanwhile, liabilities from securities sold under agreements to repurchase denominated in foreign currencies amounted to Rp38.15 trillion as of December 2025.

Derivative Liabilities

Bank Mandiri's derivative liabilities stood at Rp6.84 trillion as of December 2025, decreased by 6.75% compared with Rp7.34 trillion in 2024. The decrease was mainly driven by a decline in derivative liabilities to third parties, which fell by 15.95% to Rp4.37 trillion in December 2025 from Rp5.20 trillion in 2024. Meanwhile, derivative liabilities to related parties increased by 15.67% to Rp2.47 trillion compared with Rp2.13 trillion in the previous year.

Acceptance Liabilities



Bank Mandiri recorded acceptance liabilities of Rp7.92 trillion as of December 2025, decreased by 13.32% (ytd) compared with Rp9.14 trillion in the previous year. The decrease was driven by lower acceptance liabilities to both related parties and third parties, which declined by 32.63% (ytd) to Rp1.73 trillion and by 5.78% (ytd) to Rp6.19 trillion, respectively, as of December 2025. In 2024, acceptance liabilities to related parties amounted to Rp2.57 trillion, while those to third parties reached Rp6.57 trillion.

Liabilities Held for Sale

Bank Mandiri recorded liabilities held for sale amounting to Rp0.13 trillion as of December 2025, representing liabilities of PT Mandiri Manajemen Investasi (MMI) in connection with Bank Mandiri's intention, through its Subsidiary PT Mandiri Sekuritas, to transfer 99.93% of its share ownership in MMI to Bank Mandiri's shareholders within the next 12 months.

Securities Issued

Consolidated net securities issued, which have not yet matured, reached Rp62.21 trillion as of December 2025, increased by 51.20% compared with Rp41.14 trillion in the previous year. Of the total amount, securities issued denominated in Rupiah amounted to Rp39.03 trillion, while those denominated in foreign currencies amounted to Rp23.28 trillion. The composition of securities issued – net denominated in Rupiah and foreign currencies is as follows:

Securities issued by Bank Mandiri, both in Rupiah and foreign currencies, are presented in the following table. Meanwhile, securities issued by the Subsidiaries are disclosed in the audited financial statements Note No. 30 of this Annual Report or in the respective financial statements and annual reports of each Subsidiary issuing the securities.

Estimated Losses on Commitments and Contingencies

Bank Mandiri recorded estimated losses on commitments and contingencies of Rp895.79 billion as of December 2025, decreased by 19.59% compared with Rp1.11 trillion in the previous year. The decrease was in line with lower beginning balance of the year, which declined from Rp1.14 trillion to Rp1.11 trillion as of December 2025.

Accrued Expenses

Accrued expenses increased by 12.85%, from Rp5.47 trillion in December 2024 to Rp6.17 trillion in December 2025. The increase in this account was mainly driven by higher interest expenses, which rose from Rp2.41 trillion in December 2024 to Rp2.81 trillion in December 2025.

Other Liabilities

As of December 2025, Bank Mandiri recorded other liabilities of Rp42.34 trillion, rose by 29.65% compared with Rp32.66 trillion in 2024. The increase in other liabilities was mainly driven by dividend liabilities, which increased from RpNil trillion in December 2024 to Rp9.32 trillion in December 2025. In addition, liabilities related to customer transfer transactions increased to Rp4.70 trillion in December 2025, compared with Rp1.58 trillion in the previous year.

Borrowings

Borrowings received by Bank Mandiri reached Rp154.67 trillion as of December 2025, rose by 4.57% compared with Rp147.92 trillion in the previous year. The increase in borrowings was driven by higher borrowings denominated in foreign currencies, which increased by 32.32% (ytd) from Rp97.21 trillion in 2024 to Rp128.63 trillion in December 2025. Meanwhile, borrowings denominated in Rupiah decreased by 48.64% from Rp50.70 trillion in 2024 to Rp26.04 trillion in December 2025.

Subordinated Loans and Marketable Securities

Cumulatively, Bank Mandiri's subordinated loans and securities amounted to Rp389.78 billion as of December 2025, decreased by 3.42% compared with Rp403.56 billion in 2024. Of this amount, Rp100 billion. represented Bank Mandiri Subordinated Medium Term Notes (MTN) II Year 2023 issued on June 23, 2023, with a tenor of five years and a fixed interest rate of 6.95% per annum, rated idAA by Pefindo. These subordinated securities will mature on June 23, 2028. The Subordinated MTN II can be recognized as a Tier 2 capital component in accordance with approval from the Financial Services Authority through Letter No. SR-51/PB.21/2023 dated July 20, 2023.

Bank Mandiri also obtained two-step loans from the Asian Development Bank through the Ministry of Finance of the Republic of Indonesia to finance the Micro Credit Project (PKM). The outstanding balance of this loan amounted to Rp90.11 billion as of December 2025, with a tenor from January 5, 2005 to July 15, 2029.

NON-FINANCIAL LIABILITIES

(In Rp million)

Interest Income

Interest income amounted to Rp139.65 trillion as of December 2025, increased by 7.72% (ytd) compared to Rp129.64 trillion in 2024. The increase was primarily driven by loan disbursement expansion, which grew by 13.97% (ytd) during the period. This was reflected in interest income from loans amounting to Rp109.87 trillion in 2025, or grew by 9.75% (yoy) from Rp100.11 trillion in the previous year. In addition, another major source of interest income was government bonds, which amounted to Rp14.15 trillion in 2025. However, interest income from government bonds decreased by 6.85% (yoy) from Rp15.19 trillion in 2024.

Sharia Income

Bank Mandiri's Sharia income amounted to Rp24.76 trillion as of December 2025, increased by 14.66% compared to Rp21.60 trillion in 2024. The increase in Sharia income was primarily driven by a 27.26% (yoy) increase in profit sharing from Musyarakah to Rp9.98 trillion and an 8.26% (yoy) increase in net Murabahah and Istishna income to Rp14.51 trillion in 2025, as shown in the following table.

(In Rp million)

Interest Expense

Bank Mandiri's total interest expense as of December 2025 increased by 17.98% (ytd) to Rp49.07 trillion, compared to Rp41.59 trillion in the previous year. The increase was primarily driven by higher interest expense on current accounts, which grew by 7.81% (ytd) to Rp15.93 trillion, and higher interest expense on time deposits, which increased by 35.45% (ytd) to Rp17.50 trillion.

Sharia Expense

Bank Mandiri's total Sharia expense as of December 2025 increased by 15.81% (ytd) to Rp9.14 trillion, compared to Rp7.89 trillion in the previous year. The increase was primarily driven by higher Mudharabah deposit expenses, which rose by 18.95% (ytd) to Rp6.59 trillion. In addition, other Sharia expense components, including Musytarakah – Mudharabah Musytarakah, Mudharabah savings, issued Sharia securities, and restricted investments, also increased compared to the previous year. However, financing received declined.

(In Rp million)

Net Interest and Sharia Income

Bank Mandiri's net interest and Sharia income as of December 2025 amounted to Rp106.21 trillion, increased by 4.38% (ytd) compared to Rp101.76 trillion in the previous year. The increase was driven by higher interest and Sharia income from loans and Sharia financing.

Net Premium Income

Bank Mandiri's net premium income amounted to Rp550.42 billion as of December 2025, a decrease of 78.17% compared to Rp2.52 trillion in 2024. The decline was due to the impact of the implementation of PSAK 117.

Net Interest, Sharia and Premium Income

Net interest, Sharia and premium income amounted to Rp106.76 trillion as of December 2025, an increase of 2.38% compared to Rp104.28 trillion in 2024.

Other Operating Income

Bank Mandiri recorded other operating income derived from fee and commission income, fair value through profit or loss – net income, and other income. Cumulatively, other operating income amounted to Rp48 trillion as of December 2025, an increase of 13.83% compared to Rp42.17 trillion in 2024.

The increase in other operating income was primarily driven by higher fee and commission income, which rose by 17.51% from Rp23.45 trillion in 2024 to Rp27.55 trillion. Fee and commission income included income from loans amounting to Rp7.02 trillion and e-channel transactions amounting to Rp5.28 trillion as of December 2025. The detailed components of fee and commission income are as follows:

(IN RP MILLION)

Description	2023	2024	2025	Growth (2024-2025)	
				Nominal	%

Allowance for Impairment Losses

Bank Mandiri recorded an allowance for impairment losses (CKPN) of Rp10.36 trillion as of December 2025, a decrease of 12.30% compared to Rp11.81 trillion in 2024. The decrease was in line with the management of earning assets and the implementation of sound credit risk management. The decline in CKPN was primarily driven by lower allowance for impairment losses on loans, which decreased from Rp10.34 trillion in 2024 to Rp8.27 trillion as of December 2025.

Reversal of Allowance for Estimated Losses on Commitments and Contingencies

The reversal of allowance for estimated losses on commitments and contingencies amounted to Rp259.68 billion as of December 2025, an increase of 667.61% compared to Rp33.83 billion in the previous year.

Establishment for Other Allowances and Operational Risk Losses

Bank Mandiri recorded an increase in provision for other allowances and operational risk losses from Rp151.05 billion in 2024 to Rp1.23 trillion as of December 2025. The increase in provision was primarily driven by the provision for other assets amounting to Rp1.14 trillion compared to Rp2.90 billion in the previous year.

Gain on Sale of Marketable Securities and Government Bonds

Bank Mandiri's gain on sale of marketable securities and government bonds increased by 208.15% (ytd) as of December 2025, from Rp150.30 billion in 2024 to Rp463.15 billion in December 2025.

Other Operating Expenses

Other operating expenses consist of salaries and allowances, general and administrative expenses, and other expenses – net. Bank Mandiri recorded a 15.31% (ytd) increase in other operating expenses from Rp58.61 trillion in 2024 to Rp67.58 trillion as of December 2025. The increase was primarily driven by higher salaries and allowances, as well as general and administrative expenses. Salaries and allowances increased by 11.02% (ytd) from Rp23.99 trillion in 2024 to Rp26.64 trillion in December 2025. During the same period, general and administrative expenses increased by 14.72% from Rp26.52 trillion to Rp30.42 trillion.

Operating Income

Bank Mandiri's operating income increased by 0.33% (ytd) from Rp76.06 trillion in 2024 to Rp76.31 trillion as of December 2025, in line with the increase in interest and Sharia income.

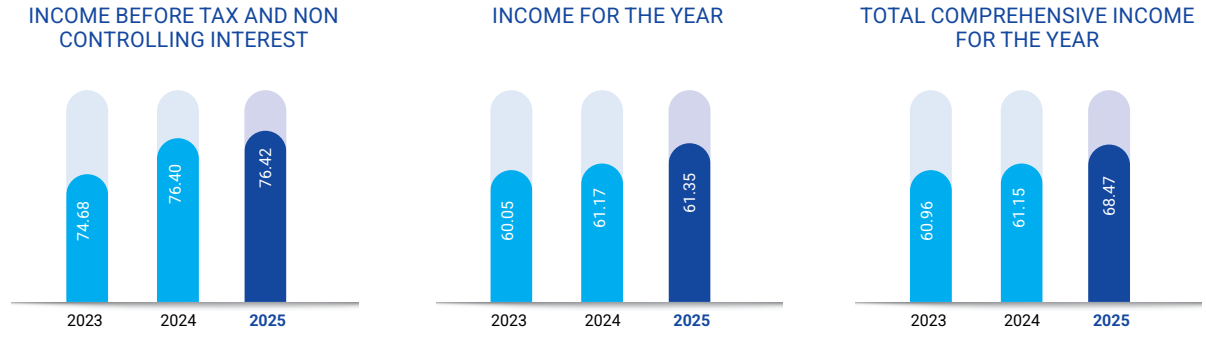
Income Before Tax and Non-Controlling Interests

After accounting for net non-operating expenses of Rp106.82 billion, Bank Mandiri recorded a 0.02% (ytd) increase in income before tax and non-controlling interests from Rp76.40 trillion in 2024 to Rp76.42 trillion as of December 2025.

Income for the Year

Bank Mandiri recorded income for the year of Rp61.35 trillion as of December 2025, an increase of 0.30% (ytd) compared to Rp61.17 trillion in 2024.

Total Comprehensive Income for the Year



Bank Mandiri's total comprehensive income for the year amounted to Rp68.47 trillion as of December 2025, an increase of 11.98% (ytd) compared to Rp61.15 trillion in 2024.

Basic and Diluted Earnings per Share

Bank Mandiri's basic and diluted earnings per share amounted to Rp603.23 as of December 2025, an increase of 0.93% (ytd) compared to Rp597.67 in the previous year. The increase was in line with higher profit for the year.

Cash Flows from Operating Activities

Net cash provided by operating activities amounted to Rp206.54 trillion as of December 2025. This was primarily driven by an increase in operating liabilities and temporary syirkah funds, including time deposits. In the previous year, Bank Mandiri recorded net cash used in operating activities of Rp79.56 trillion as of December 2024.

Cash Flows from Investing Activities

Bank Mandiri recorded net cash used in investing activities of Rp787.69 billion as of December 2025. This was attributable, among others, to a decrease in marketable securities, although there was an increase in government bonds. In the previous year, Bank Mandiri recorded net cash provided by investing activities of Rp17.73 trillion.

Cash Flows from Financing Activities

Bank Mandiri recorded net cash used in financing activities of (Rp74.63) trillion as of December 2025. This was used, among others, for repayment of borrowings and liabilities on securities sold under agreements to repurchase. In the same period of the previous year, Bank Mandiri recorded net cash provided by financing activities of Rp57.85 trillion.

Cash and Cash Equivalents at End of Period

Bank Mandiri recorded a net increase in cash and cash equivalents of Rp132.70 trillion as of December 2025. As a result, cash and cash equivalents at the end of the period increased by Rp135.84 trillion to Rp379.88 trillion compared to Rp244.04 trillion in 2024.

SOLVENCY AND RECEIVABLES COLLECTIBILITY

SOLVENCY

Bank Mandiri's ability to meet its debt obligations can be assessed from both internal and external perspectives. From an internal standpoint, measurable indicators include its liquidity and solvency profile. From an external standpoint, in relation to the MTN and bonds that have been issued, reputable global credit rating agencies such as Moody's and Fitch have assigned ratings to Bank Mandiri for its foreign currency MTN issuance listed on the Singapore Exchange. In addition, Pefindo has assigned ratings to the corporate bonds denominated in Rupiah that are listed on the Indonesia Stock Exchange, as follows:

Rating Agency	Rating Criteria	Ratings
International Rating Agencies		
Moody's (as of 23 October 2025)	Long-Term Counterparty Risk Rating	Baa1
	Long-Term Deposit	Baa2
	Long-Term Debt	Baa2
Fitch Ratings (as of 20 November 2025)	International Long-Term Rating	BBB
	National Long Term Rating	AAA(idn)
	National Short-Term Rating	F1+(idn)
Standard & Poor's (as of 8 January 2025)	Issuer Credit Rating	BBB/STABLE/A-2
National Rating Agencies		
PT Pemeringkat Efek Indonesia (as of 22 September 2025)	Long Term General Obligation	idAAA/Stable

The ratings assigned by both international and national credit rating agencies to the securities issued by Bank Mandiri serve as key indicators reflecting the Bank's capacity to meet its obligations on bonds as they mature.

Short-Term Debt Payment Ability (Bank Liquidity)

The adequacy of Bank Mandiri's liquidity can be observed through several indicators used to measure liquidity, such as the Statutory Reserve Requirement (GWM) ratio, Macroprudential Liquidity Buffer (PLM), liquidity reserves, Macroprudential Intermediation Ratio (RIM), Liquidity Coverage Ratio (LCR), and Net Stable Funding Ratio (NSFR).

- The Statutory Reserve Requirement (GWM) is determined by the central bank based on a percentage of third-party funds collected by banks, which must be maintained by the Bank in its current account with Bank Indonesia.
- Bank Mandiri has a limit in the form of a safety level limit, namely the projected liquidity reserves for the next one month. As of December 2025, Bank Mandiri's liquidity reserves were above the safety level.
- RIM is the ratio comparing loans disbursed and eligible corporate securities owned to third-party funds, eligible securities issued by banks, and eligible borrowings received.
- LCR is the ratio between High Quality Liquid Assets (HQLA) and the estimated total net cash outflows over the next 30 days under a crisis scenario. LCR aims to enhance the Bank's short-term liquidity resilience under crisis conditions, with a minimum regulatory requirement of 100%.
- NSFR is the ratio comparing available stable funding to required stable funding, with a minimum regulatory requirement of 100%.

The achievements of the above ratios (Bank only) are as follows:

Liquidity	2023	2024	2025
Rupiah Reserve Requirement	7.32%	5.21%	7.12%
Macroprudential Intermediation Ratio (MIR)	83.73%	94.83%	84.52%
Liquidity Coverage Ratio (LCR)	176.24%	139.21%	137.40%
Net Stable Funding Ratio (NSFR)	116.59%	107.65 %	109.95%

Ability to Repay Long-Term Debt (Bank Solvency)

Bank Mandiri's Capital Adequacy Ratio (CAR) reached 19.36% as of December 2025, compared with 20.10% in 2024. This ratio indicates that Bank Mandiri's solvency remains strong as it exceeds the minimum CAR requirement set by the regulator, enabling the Bank to adequately cover credit risk, market risk, and operational risk.

Bank Mandiri projects its future liquidity position using the liquidity gap methodology, which measures the maturity mismatch between asset and liability components (including off-balance sheet items). These components are categorized into time buckets based on either contractual maturity or behavioral maturity.

For the next 12 months, Bank Mandiri expects its liquidity position to remain in surplus. Nevertheless, alternative funding sources have been prepared should market liquidity conditions tighten or deviate from projections.

In addition, Bank Mandiri conducts periodic liquidity risk stress testing to assess the potential impact of changes in market and internal factors under extreme conditions. Based on the results of these stress tests, the Bank has reported that it would be able to withstand a liquidity crisis scenario. Complementing these stress tests, the Bank also maintains a Liquidity Contingency Plan (LCP), which outlines funding and pricing strategies during crisis conditions. These strategies include money market borrowings, repo transactions, bilateral loans, FX swaps, and wholesale funding. Within the LCP framework, the Bank defines liquidity conditions and funding strategies while considering both internal and external circumstances.

Ability to Repay Debt Securities Issued

Bank Mandiri has issued corporate bonds denominated in Rupiah that are listed on the Indonesia Stock Exchange. The Bank has also issued foreign currency debt securities (US Dollar) in the form of global bonds listed on the Singapore Stock Exchange and offered to investors outside the United States in accordance with Regulation S under the US Securities Act.

These debt securities have been rated by rating agencies, and periodic reassessments are conducted until the securities reach maturity. The quality of these securities is largely determined by the issuer's ability to repay the principal at maturity and to meet interest or coupon payments throughout the life of the issuance.

The structure of debt securities issued by Bank Mandiri, both in Rupiah and foreign currencies, along with their ratings, has been presented in the financial review section under securities issued.

Bank Profitability

Bank Mandiri uses Return on Assets (ROA), Return on Equity (ROE), Net Interest Margin (NIM), the Operating Expense to Operating Income Ratio (BOPO), and the Cost Efficiency Ratio (CER) to measure the Bank's profitability performance. The Bank's performance based on these ratios as of December 2025 is presented as follows:

Earnings	2023	2024	2025
Return on Assets (ROA)	4.03%	3.59%	3.19%
Return on Equity (ROE, Avg Tier 1 Capital)	27.31%	24.19%	23.15%
Net Interest Margin (NIM)	5.25%	4.93%	4.59%
Operating Expenses to Operating Income (BOPO)	51.88%	56.46%	60.23%
Cost Efficiency Ratio (CER)	35.08%	35.85%	42.78%
Cost to Income Ratio (CIR)	34.31%	35.01%	41.19%

Bank Mandiri expanded its business through loan disbursement while maintaining operational efficiency, particularly through lower interest and Sharia expenses as well as improved management of productive assets to support the Bank's profitability performance. As of December 2025, the Bank recorded ROE and ROA ratios (Bank only) of 23.15% and 3.19%, respectively, while the NIM ratio stood at 4.59%. These achievements were supported by operational efficiency reflected in BOPO and CIR ratios of 60.23% and 41.19%, respectively, as of December 2025.

Bank Receivables Collectibility

The collectibility of the Bank's receivables is measured based on the timeliness of loan repayments. Bank Mandiri reported the collectibility of receivables from its lending activities (Bank only) as follows:

(IN RP MILLION)

Category	2021	2022	2023	2024	2025
Current	764,469,150	874,645,487	1,027,406,545	1,253,085,593	1,437,664,789

NPL gross*)	23,118,888	17,443,642	10,999,536	12,609,239	14,367,697
NPL (%)	2.81%	1.88%	1.02%	0.97%	0.96%

*) NPL ratio is calculated excluding Loans to Other Banks.

Indonesia's economy recorded positive growth in 2025 with inflation remaining under control amid global uncertainty. Under these conditions, Bank Mandiri was able to maintain sustainable loan growth at a relatively high level of 14.3%, above the industry average. The lending performance was accompanied by the Bank's ability to maintain a low gross NPL ratio of 0.96% (Bank only). Bank Mandiri's growth strategy, which focuses on prospective debtors based on sectoral potential as well as the value chain of existing borrowers, contributed to improvements in credit quality and efficiency in provisioning.

In managing its lending activities, Bank Mandiri has established standard procedures. For the wholesale segment, the credit process begins with determining target markets based on prospective sectors defined in the Loan Portfolio Guideline according to Industry Classification (attractive, neutral, selective, and cautious).

Subsequently, the Bank conducts the selection and screening of target customers using tools such as Industry Acceptance Criteria and Name Clearance to build a high-quality debtor pipeline. The process continues with a credit risk assessment using a series of credit risk tools (credit risk rating, spreadsheet, CPA, NAK, and others), followed by credit approval by the Authorized Credit Decision Makers (through Credit Committee meetings) under the four-eyes principle, involving both the Business Unit and the Credit Risk Management Unit independently.

Meanwhile, for the retail or mass market segment, the credit management process is more automated through the use of credit risk scorecards, referring to the Risk Acceptance Criteria for each product, and processed through an automated workflow system (loan factory).

Bank Mandiri monitors credit performance through Portfolio Quality Reviews across each segment and product. For non-performing loan portfolios, collection and recovery processes are implemented as part of efforts to reduce exposure to problematic credit portfolios. The Bank also conducts what-if analysis on both wholesale and retail portfolios through stress testing using various macroeconomic scenarios to anticipate potential changes in national and global economic conditions.

CAPITAL STRUCTURE

Capital Structure Management Policy

Bank Mandiri manages its capital structure through the Bank's capital policy, which includes fulfilling regulatory capital requirements in a prudent manner, diversifying capital sources to anticipate long-term strategic plans, and allocating capital efficiently to potential business segments. This also includes placements and investments in subsidiaries to meet stakeholder expectations, including those of investors and regulators.

In addition, the Bank ensures adequate capital to cover credit risk, market risk, and operational risk in order to support business expansion under both normal conditions and fluctuating market environments. In calculating capital adequacy, Bank Mandiri refers to regulations issued by the Financial Services Authority (OJK), including the following:

- POJK No. 27 of 2022 dated December 28, 2022 regarding the Second Amendment to POJK No. 11/POJK.03/2016 concerning the Minimum Capital Requirement for Commercial Banks.
- POJK No. 34/POJK.03/2016 dated September 22, 2016 regarding the Amendment to POJK No. 11/POJK.03/2016 concerning the Minimum Capital Requirement for Commercial Banks.
- SEOJK No. 26/SEOJK.03/2016 concerning Minimum Capital Requirements Based on Risk Profile and the Fulfillment of Capital Equivalency Maintained Assets.
- SEOJK No. 23/SEOJK.03/2022 concerning the Calculation of Risk-Weighted Assets for Market Risk for Commercial Banks.

Bank Mandiri also applies the Basel II Standardized Approach for Credit Risk and incorporates external ratings in calculating Risk-Weighted Assets (RWA). Furthermore, the Bank has gradually conducted simulations for the Internal Ratings-Based (IRB) Approach. The method used by the Bank to measure market risk is the Basel III Standardized Approach – Fundamental Review of the Trading Book (FRTB).

Internal measurement currently uses Value at Risk (VaR); however, studies have been conducted in parallel to implement the Expected Shortfall (ES) method as a replacement for VaR. Meanwhile, operational risk is measured using the Basel II Basic Indicator Approach.

The Bank's consolidated Capital Adequacy Ratio as of 31 December 2025 and December 31, 2024, taking into account credit, operational, and market risks, stood at 20.43% and 20.82%, respectively.

The tables below present calculation results of Risk-Weighted Assets (Credit, Operational, and Market) and Capital Adequacy Ratio over the last three years (Bank only).

MATERIAL COMMITMENT FOR CAPITAL GOODS INVESTMENT

Bank Mandiri did not have any material commitments for capital expenditures as of December 2025. Therefore, the Bank does not present information related to such commitments, including the following:

1. The name of the party entering into the commitment;
2. The purpose of the commitment;
3. The source of funds prepared to fulfill the commitment;
4. The currency denomination of the commitment; and
5. The measures planned by the Bank to hedge risks arising from related foreign currency positions.

CAPITAL INVESTMENT IN FISCAL YEAR 2025

Capital Expenditures

Bank Mandiri realizes capital expenditures each year as part of its investment activities, involving the allocation of funds to acquire assets or investments expected to generate future benefits.

Types and Value of Capital Expenditures

Bank Mandiri's capital expenditures mainly consist of property and equipment, including land, buildings, office equipment and computers, motor vehicles, construction in progress, and right-of-use assets, which reached Rp9.98 trillion as of December 2025. In addition, Bank Mandiri also carried out capital expenditures for intangible assets, including software and assets under development, amounting to Rp2.05 trillion as of December 2025. These capital investments were undertaken to support the Bank's ongoing business expansion.

Capital expenditures for both property and equipment and intangible assets during the periods ended 31 December 2025 and 2024 are presented as follows:

TYPES AND VALUE OF CAPITAL INVESTMENT (IN RP MILLION)

Expansion

Bank Mandiri continued to expand its business through digital banking services and products to meet the needs of both corporate and retail customers. Kopra by Mandiri serves as a digital solution for national industries by integrating corporations and small and medium enterprises into a single-access digital ecosystem that offers comprehensive services such as Cash Management, Forex, Trade & Guarantee, Supply Chain Management, Virtual Account, and integrated financial solutions based on Application Programming Interface (API).

Retail digital services include the Livin' by Mandiri application, as well as Livin' Merchant, a cashier or Point of Sales (POS) application from Bank Mandiri designed to help businesses, particularly MSMEs, manage sales and payments. Other digital services include the Mandiri e-money prepaid card and the Mandiri Intelligent Assistant (MITA), an artificial intelligence-based information service.

Alongside the development of digital banking services and products, the Bank's physical branch network was streamlined to 139 Branch Offices (KC) and 2,030 Sub-Branch Offices (KCP).

Divestment

In 2025, Bank Mandiri did not conduct any share divestment.

Acquisition

In 2025, Bank Mandiri did not conduct any share acquisitions in other companies.

Debt and Capital Restructuring

Bank Mandiri tidak melakukan transaksi restrukturisasi utang dan/atau restrukturisasi modal selama tahun 2025.

Use of Third-Party Services

The use of third-party services to assess the fairness of investment, acquisition, divestment, and restructuring transactions is conducted in accordance with prevailing capital market regulations.

Macroeconomics Assumptions	Projection 2026
Macroeconomics Assumptions	
GDP Growth (%)	5.40%
Inflation (%)	2.50%
USD/IDR Exchange Rate (Rp)	16,500
Microeconomic Assumptions	
BI Rate (%)	4.50%-4.75%
Loan Growth (%)	9%-11%
Third-Party Funds Growth (%)	8%-10%

Comparison of 2025 Marketing Targets and Realization

Overall, Bank Mandiri's marketing activities made a positive contribution to business performance. Total TPF of Bank Mandiri reached Rp1,816.90 trillion as of December 2025, a 15.21% of the target. During the same period, Bank Mandiri's loan disbursement reached Rp1,849.97 trillion as of December 2025, or 26.00% of the targeted amount.

COMPARISON OF 2024 MARKETING TARGETS AND ACTUAL RESULTS

(In Rp billion)

Description	Target 2025 (Bank Only)	Realization 2025
Third-Party Funds	1,577,052	1,816,900
Loans	1,468,259	1,849,970
Fee Based Income (Rp trillion)	35,375	36.99

Comparison of 2025 Human Capital Development Targets and Realization

Bank Mandiri realized its commitment to human capital development through various training programs and other competency development initiatives.In 2025, the number of Bank Mandiri employees who participated in competency development training reached 38,021 active employees and 2,353 retired and terminated employees, exceeding the target with a realization of 98.16% against the set target of 80% of the total 38,732 active employees.

Meanwhile, the realization of education and training expenses amounted to Rp326.4 billion as of December 2025, representing 70.9% of the 2025 competency development budget target.

COMPARISON OF TARGET AND REALIZATION OF HR DEVELOPMENT IN 2025

Description	Target 2025	Achieved 2025	Achieved 2024	Achieved 2023
Training (employee)	30,986	40,374	40,034	39,517
Training Cost (in Rp Billion)	460.4	326.4	397.1	326.3

MATERIAL INFORMATION AND SUBSEQUENT EVENTS

Based on the audited financial statements of Bank Mandiri for the period ended 31 December 2025, prepared by Management and audited by the Public Accounting Firm Purwanto Susanti dan Surja (formerly Purwantono, Sungkoro & Surja, a member firm of Ernst & Young Global Limited) with the engagement partner Yovita, there were events occurring after the statement of financial position date of 31 December 2025 up to 31 January 2026, as presented in the Financial Statements, as follows.

- **Transfer of Bank Mandiri shares owned by PT Danantara Asset Management (Persero) to the State-Owned Enterprises Regulatory Agency**
  Based on the Share Ownership Certificate No. DE/I/26-0251 dated 7 January 2026 issued by PT Datindo Entrycom as the Share Registrar of Bank Mandiri, on 7 January 2026 a transfer of ownership of 485,333,332 Series B Shares of the Company, or 0.52% (zero point fifty-two percent) of the total issued and fully paid shares of the Company owned by PT Danantara Asset Management (Persero) ("DAM"), was recorded to the State-Owned Enterprises Regulatory Agency ("BP BUMN"). As a result, BP BUMN holds 1% (one percent) of Bank Mandiri's shares from the total ownership of the State through BP BUMN and DAM in the Company.

- **Cessation of Bank Mandiri's control over Bank Syariah Indonesia**
  Based on Letter No. S-55/BP/01/2026 dated 27 January 2026 from the State-Owned Enterprises Regulatory Agency (formerly the Ministry of State-Owned Enterprises) as the representative of the Government of the Republic of Indonesia ("BP BUMN") as the holder of Series A Dwiwarna Shares in BSI, in relation to governance adjustments over the management of BSI, a change to the Articles of Association ("AoA") of BSI was conveyed regarding the revocation of the Special Power of Attorney (Surat Kuasa Khusus/SKK) from BP BUMN to Bank Mandiri. The revocation of the SKK received by Bank Mandiri on 27 January 2026 resulted in the loss of Bank Mandiri's control over BSI in accordance with the criteria set out in the applicable financial accounting standards in Indonesia.

  Bank Mandiri continues to maintain its share ownership in BSI of 51.47% and retains significant influence over BSI.

- **Changes in the Composition of Committees under the Board of Commissioners**
  On 27 January 2026, changes in the composition of the Audit Committee, Risk Oversight Committee, Remuneration and Nomination Committee, and Integrated Governance Committee were established, with the revised compositions as follows.

1. Audit Committee
   - Zulkifli Zaini as Chairman concurrently serving as Member*);
   - Mia Amiati as Member;
   - Bintoro K. Pardewo as Member*);
   - Rasyid Darajat as Member (Independent Non-Commissioner); and
   - Rubi Pertama as Member (Independent Non-Commissioner).

2. Risk Oversight Committee
   - Mia Amiati as Chairman concurrently serving as Member;
   - Zulkifli Zaini as Member*);
   - Rudy Salahuddin Ramto as Member*);
   - Muhammad Yusuf Ateh as Member;
   - Yuliot as Member;
   - Luky Alfirman as Member*);
   - Bintoro K. Pardewo as Member*);
   - Taufik Hidayat as Member (Independent Non-Commissioner); and
   - Caroline Halim as Member (Independent Non-Commissioner).

3. Integrated Governance Committee
   - Mia Amiati as Chairman concurrently serving as Member;
   - Zulkifli Zaini as Member*);
   - Bintoro K. Pardewo as Member*);
   - Taufik Hidayat as Member (Independent Non-Commissioner);
   - Rasyid Darajat as Member (Independent Non-Commissioner);
   - Representative of the Independent Commissioner of PT Bank Mandiri Taspen**);
   - Representative of the Independent Commissioner of PT Mandiri Sekuritas**);
   - Representative of the Independent Commissioner of PT AXA Mandiri Financial Services**);
   - Representative of the Independent Commissioner of PT Mandiri Tunas Finance**);

- Representative of the Independent Commissioner of PT Mandiri Utama Finance**);
- Representative of the Independent Commissioner of PT Mandiri Capital Indonesia**);

- Sharia Supervisory Board from Subsidiaries.

4. Remuneration and Nomination Committee
   - Zulkifli Zaini as Chairman concurrently serving as Member*);
   - Rudy Salahuddin Ramto as Member*);
   - Muhammad Yusuf Ateh as Member;
   - Mia Amiati as Member;
   - Yuliot as Member;
   - Luky Alfirman as Member*);
   - Bintoro K. Pardewo as Member*); and
   - SEVP/Group Head Human Capital as Secretary concurrently serving as Member.

*) Effective upon obtaining approval from the Financial Services Authority (OJK) following the Fit and Proper Test and in accordance with the prevailing laws and regulations.
**) Subject to adjustment based on the respective officials from the relevant Subsidiaries.

DIVIDEND POLICY AND DISTRIBUTION

Dividend Policy

Bank Mandiri implements its dividend distribution policy in accordance with Law No. 40 of 2007 concerning Limited Liability Companies and the Bank's Articles of Association. Under the Law, the entire net profit after allocation for reserves may be distributed to shareholders as dividends, unless otherwise determined by the General Meeting of Shareholders (GMS).

Bank Mandiri distributes dividends once a year following the Annual General Meeting of Shareholders (AGMS), which has the authority to determine and approve dividend distribution. The Bank's dividend policy is to maintain a dividend payout ratio of approximately 45% or more of annual net profit, unless otherwise decided by the AGMS based on various considerations relating to the performance of the relevant year. In this regard, Bank Mandiri considers several important factors, including the Bank's financial health, capital adequacy level, and funding requirements for future business expansion, without prejudice to the authority of the AGMS to determine otherwise in accordance with the provisions of the Company's Articles of Association.

In addition, dividend payments derived from net profit are carried out in accordance with the applicable laws and regulations in Indonesia. Dividends (if any) are paid in cash in Rupiah and in compliance with applicable stock exchange regulations to ensure timely payment. Bank Mandiri does not have any restrictions (negative covenants) imposed by third parties that would limit dividend distribution in a manner detrimental to the rights of public shareholders.

Dividend Announcement and Payment

Bank Mandiri has announced and distributed dividends as approved at the AGMS over the past five years as presented in the following table:

DIVIDEND ANNOUNCEMENT AND PAYMENT FOR FINANCIAL YEAR 2021-2025

Dividend Announcement and Payment for Fiscal Year 2024

Bank Mandiri held its AGMS on March 25, 2025, which approved and determined the use of consolidated Net Profit attributable to owners of the parent entity for Fiscal Year 2024 amounting to Rp55,782,741,933,254.00 (fifty-five trillion seven hundred eighty-two billion seven hundred forty-one million nine hundred thirty-three thousand two hundred fifty-four Rupiah) as follows:

1. An amount of 78% or Rp43,510,538,707,938.10 (forty-three trillion five hundred ten billion five hundred thirty-eight million seven hundred seven thousand nine hundred thirty-eight Rupiah and ten cents), equivalent to Rp466.184343305 per share, was determined as Cash Dividend. The payment was carried out under the following provisions:
   a. The dividend portion for the Government of the Republic of Indonesia amounting to Rp22,625,480,128,713.50 (twenty-two trillion six hundred twenty-five billion four hundred eighty million one hundred twenty-eight thousand seven hundred thirteen Rupiah and fifty cents) was paid to the account designated by the Minister of State-Owned Enterprises.
   b. Dividends for Fiscal Year 2024 were distributed proportionally to each shareholder whose name was recorded in the Register of Shareholders on the recording date.
   c. The Board of Directors was granted authority and power, with substitution rights, to:
      i. Determine the schedule and procedures for the dividend distribution related to the payment of dividends for Fiscal Year 2024 in accordance with applicable regulations.
      ii. Deduct dividend tax in accordance with prevailing tax regulations.
      iii. Implement other technical matters related to the dividend distribution in accordance with applicable provisions.
2. The remaining 22% or Rp12,272,203,225,315.90 (twelve trillion two hundred seventy-two billion two hundred three million two hundred twenty-five thousand three hundred fifteen Rupiah and ninety cents) was allocated as retained earnings.

STOCK OPTION PROGRAMS FOR EMPLOYEE AND/OR MANAGEMENT

Based on the resolution of the Extraordinary GMS dated 29 May 2003, as stated in Notarial Deed of Sutjipto, S.H., No. 142 dated 29 May 2003, the shareholders of Bank Mandiri also approved the employee and Board of Directors share ownership plan through the Employee Stock Allocation (ESA) Program and the Management Stock Option Plan (MSOP). The ESA Program consists of a Share Plan Bonus program and a Share Purchase at Discount program. Meanwhile, the MSOP program is intended for members of the Board of Directors and managerial employees at certain grades or criteria. The costs and discounts under the ESA program are borne by Bank Mandiri, funded from reserves that have been established. The management and implementation of the ESA and MSOP programs are carried out by the Board of Directors, while supervision is conducted by the Board of Commissioners.

On 14 July 2003, the Government of the Republic of Indonesia divested 4,000,000,000 of its shares, representing 20.00% ownership in Bank Mandiri, through an Initial Public Offering (IPO). As a follow-up to Government Regulation of the Republic of Indonesia No. 27/2003 dated 2 June 2003 approving the divestment of up to 30.00% of the Government's ownership in Bank Mandiri, and based on the decision of the State-Owned Enterprise Privatization Policy Team No. Kep05/TKP/01/2004 dated 19 January 2004, the Government of the Republic of Indonesia conducted a further divestment of 10.00% ownership in Bank Mandiri, or 2,000,000,000 Series B ordinary shares, on 11 March 2004 through a private placement.

At the time of the IPO on 14 July 2003, Bank Mandiri granted share purchase options to management through MSOP Phase 1 (one) amounting to 378,583,785 options with an exercise price of Rp742.50 (full amount) per share and a nominal value of Rp500 (full amount) per share. The granting of these share options was recorded under Equity - Share Options at a fair value of Rp69.71 (full amount) per share. Options exercised under MSOP Phase 1 (one) amounted to 375,365,957 shares, resulting in an increase in Issued and Paid-up Capital of Rp187,683 and an increase in Additional Paid-in Capital of Rp117,193.

Subsequently, the Annual GMS on 16 May 2005 approved the granting of MSOP Phase 2 (two) totaling 312,000,000 share options. The exercise price per share was Rp1,190.50 (full amount) for exercise in the first year and Rp2,493 (full amount) for exercise in the second year and thereafter. The nominal value per share was Rp500 (full amount). The granting of these share options was recorded under equity – share options at a fair value of Rp642.28 (full amount) per share. Options exercised under MSOP Phase 2 (two) amounted to 311,713,697 shares, resulting in an increase in issued and paid-up capital of Rp155,857 and an increase in additional paid-in capital of Rp425,233.

The Annual GMS on 22 May 2006 approved the granting of MSOP Phase 3 (three) totaling 309,416,215 share options. The GMS also authorized the Board of Commissioners to determine the implementation and supervision policy of the MSOP Phase 3 (three) program and to report it at the next GMS. The exercise price per share for MSOP Phase 3 (three) was Rp1,495.08 (full amount) with a nominal value of Rp500 (full amount) per share. The granting of these share options was recorded under Equity – Share Options at a fair value of Rp593.89 (full amount) per share. Options exercised under MSOP Phase 3 (three) amounted to 309,415,088 shares, resulting in an increase in issued and paid-up capital of Rp154,707 and an increase in additional paid-in capital of Rp491,651.

On 27 December 2010, the Bank submitted its initial registration to the OJK (formerly the Capital Market and Financial Institution Supervisory Agency (Bapepam and LK)) in connection with a Limited Public Offering (PUT) to the Bank's shareholders through the issuance of Pre-emptive Rights (HMETD) totaling 2,336,838,591 Series B shares. This PUT obtained approval from the Board of Commissioners through its letter dated 29 April 2010. The Bank also notified Bank Indonesia regarding the PUT through a letter dated 17 September 2010. The PUT was further enacted through Government Regulation of the Republic of Indonesia No. 75 of 2010 dated 20 November 2010. The PUT received an effective statement from Bapepam and LK through Letter No. S-807/BL/2011 dated 27 January 2011, whereby the

PUT became effective after obtaining approval from shareholders at the Extraordinary General Meeting of Shareholders held on 28 January 2011. The HMETD of 2,336,838,591 shares was traded during the period of 14–21 February 2011 at an exercise price of Rp5,000 (full amount) per share, resulting in an increase in issued and paid-up capital of Rp1,168,420.
Based on the resolution of the EGMS dated 21 August 2017, the shareholders of Bank Mandiri, among others, approved the stock split of Bank Mandiri's shares from a nominal value of Rp500 (full amount) per share to Rp250 (full amount) per share, resulting in issued capital of 46,666,666,666 shares consisting of 1 (one) Series A Dwiwarna share and 46,666,666,665 Series B shares. The stock split did not result in any changes to the authorized, issued, and paid-up capital. The stock split became effective on 13 September 2017.

As a continuation of the previously distributed ESOP and MSOP programs, Bank Mandiri granted similar programs to employees and Management with established grant and vesting requirements.

Bank Mandiri has a Management Stock Ownership Program (MSOP) in the form of a share-based Long Term Incentive (LTI) measured based on the achievement of corporate performance targets (Performance Share Plan) for the Board of Directors and non-Independent Board of Commissioners, and in the form of an escrow account for Independent Commissioners to provide motivation to enhance future performance, as well as a form of appreciation in efforts to maintain and/or increase long-term share value. The LTI program for the Board of Directors and Board of Commissioners is granted based on the 2023–2025 performance period. The Performance/Vesting Period is annual (January-December) for 3 years (2023–2025). The LTI long-term incentive fully vests in the fourth year (2026) after the financial statements have been audited by an independent auditor and the Annual Report has been approved/adopted at the GMS. The calculation of performance target achievement uses a three-year average (2023–2025) based on the indicators of Total Shareholder Return (TSR), Return on Equity (RoE), and Non-Performing Loan (NPL).

Meanwhile, the Employee Stock Ownership Program (ESOP) is designed to enhance employees' sense of belonging, while encouraging them to contribute optimally and sustainably over the long term. Shares under this program are granted to eligible employees based on criteria including individual performance, talent classification, and professional track record. From 2015 to 2025, Bank Mandiri has distributed a total of 130,000,000 shares with vesting periods ranging from three to five years.

In 2026, Bank Mandiri will implement a similar share ownership program for employees and Management in the following years.

REALIZATION OF THE UTILIZATION OF PROCEEDS FROM PUBLIC OFFERINGS

On 14 July 2003, Bank Mandiri conducted an Initial Public Offering (IPO) of 4,000,000,000 Series B ordinary shares, with a nominal value of Rp500 (full amount) per share, offered at a price of Rp675 (full amount) per share. The public offering represented a divestment of 20.00% of Bank Mandiri's shares owned by the Government.

On 14 July 2003, a total of 19,800,000,000 Series B ordinary shares of Bank Mandiri were listed on the Jakarta Stock Exchange and the Surabaya Stock Exchange pursuant to the approval letters from the Jakarta Stock Exchange No. S-1187/BEJ.PSJ/07-2003 dated 8 July 2003 and the Surabaya Stock Exchange No. JKT-028/LIST/BES/VII/2003 dated 10 July 2003.

In addition to the public offering of shares, Bank Mandiri has also conducted public offerings of debt securities or corporate bonds. The latest bond series issued by Bank Mandiri was the Sustainable Bond I Bank Mandiri Phase I Year 2025, which was listed on the Indonesia Stock Exchange on 19 December 2025. All public offerings, both equity and bond issuances, have been completed, and the entire proceeds have been fully utilized and reported in accordance with the prevailing regulations.

On 25 March 2025, Bank Mandiri issued Sustainable Green Bond I Bank Mandiri Phase II Year 2025 with a nominal value of Rp5,000,000,000,000, consisting of two series: Series A amounting to Rp500,000,000,000 and Series B amounting to Rp4,500,000,000,000. The bonds were listed on the Indonesia Stock Exchange on 25 March 2025.

All proceeds obtained from the Green Bond Public Offering, after deducting issuance costs, will be fully allocated to finance or refinance activities classified under Environmentally Sustainable Business Activities (KUBL) as stipulated in POJK No. 60 of 2017 concerning the Issuance and Requirements of Green Bonds and Green Sukuk, with at least 70% (seventy percent) of the proceeds allocated to finance KUBL. The details of the utilization of proceeds from Sustainable Green Bond I Bank Mandiri Phase II Year 2025 are as follows:

Public Offering Types	Effective Date	Maturity Date	Offering Result Realization		Use of Proceeds (Rp million) as of 31 December 2025	Balance of Proceeds (as of 31 December 2025)
			Offering Price (Rp million)	Net Results		
Sustainable Green Bond I Bank Mandiri Phase II Year 2025	25 March 2025	Series A: 5 April 2026 Series B: 25 March 2028	5,000,000	4,993,160	4,993,160	0

INFORMATION ON MATERIAL TRANSACTIONS WITH CONFLICTS OF INTEREST AND/OR TRANSACTIONS WITH AFFILIATED/RELATED PARTIES

AFFILIATED TRANSACTIONS

Bank Mandiri and its Subsidiaries conduct transactions with related parties as defined in PSAK No. 224 concerning Related Party Disclosures and Financial Services Authority Regulation No. 42/POJK.04/2020 (POJK 42/2020) dated July 2, 2020 concerning Affiliated Transactions and Conflict of Interest Transactions.

A related party is a person or entity that is related to the entity preparing its financial statements (the reporting entity). Related parties include the following:

1. A person who:
   a. has control or joint control over the reporting entity;
   b. has significant influence over the reporting entity; or
   c. is a member of the key management personnel of the reporting entity or of a parent entity of the reporting entity.

2. An entity is related to the reporting entity if any of the following conditions apply:
   a. The entity and the reporting entity are members of the same business group;
   b. An entity is an associate or joint venture of the reporting entity;
   c. Both entities are joint ventures of the same third party;
   d. One entity is a joint venture of a third entity and the other entity is an associate of the third entity;
   e. The entity is a post-employment benefit plan for the benefit of employees of either the reporting entity or an entity related to the reporting entity;
   f. The entity is controlled or jointly controlled by a person identified in point 1;
   g. A person identified in point 1(a) has significant influence over the entity or is a member of the key management personnel of the entity; or
   h. The entity is controlled, jointly controlled, or significantly influenced by the Government, namely the Minister of Finance or a Regional Government that acts as a shareholder of the entity.

Article 1 paragraph (1) of POJK 42/2020 defines an Affiliation as:
a. A family relationship due to marriage or lineage up to the second degree, both horizontally and vertically;
b. A relationship between a party and the employees, directors, or commissioners of that party;
c. A relationship between two companies where one or more members of the board of directors or board of commissioners are the same;
d. A relationship between a company and a party that directly or indirectly controls or is controlled by the company;
e. A relationship between two companies that are directly or indirectly controlled by the same party; or;
f. A relationship between a company and its major shareholder.

The definition of an Affiliated Transaction in Article 1 paragraph (3) of POJK 42/2020 refers to any activity and/or transaction conducted by a public company or its controlled company with an Affiliate of the public company or an Affiliate of members of the board of directors, members of the board of commissioners, major shareholders, or the Controlling Party, including any activity and/or transaction conducted by a public company or its controlled company for the benefit of an Affiliate of the public company or an Affiliate of members of the board of directors, members of the board of commissioners, major shareholders, or the Controlling Party.

PRESENTATION OF AFFILIATED TRANSACTIONS IN 2025

As of December 2025, there are affiliated transactions that meet the criteria under Article 8 of POJK 42/2020, including affiliated transactions involving securities, money market instruments, and Repurchase Agreement/ Reverse Repurchase Agreement transactions with several affiliated companies and other SOEs. The affiliated parties are presented in the following table:

Transaction Objects	Affiliated Parties	Nature of Affiliated Relations	Transaction Value (Rp million)
Repurchase Agreement/ Reverse Repurchase Agreement Transaction	PT Bank Rakyat Indonesia (Persero) Tbk	SOEs (directly or indirectly controlled by the Government of the Republic of Indonesia)	160,895,000
Repurchase Agreement/ Reverse Repurchase Agreement Transaction	PT Bank Tabungan Negara (Persero) Tbk	SOEs (directly or indirectly controlled by the Government of the Republic of Indonesia)	6,140,000
Money Market Transaction	PT Bank Syariah Indonesia (Persero) Tbk	SOEs Subsidiaries (directly or indirectly controlled by the Government of the Republic of Indonesia)	5,418,250
Money Market Transaction	Bank Mandiri Europe Limited	SOEs Subsidiaries (directly or indirectly controlled by the Government of the Republic of Indonesia)	2,726,363
Money Market Transaction	PT Bank Rakyat Indonesia (Persero) Tbk	SOEs (directly or indirectly controlled by the Government of the Republic of Indonesia)	583,375
Money Market Transaction	PT Bank Negara Indonesia (Persero) Tbk	SOEs (directly or indirectly controlled by the Government of the Republic of Indonesia)	300,000
Money Market Transaction	PT Bank Tabungan Negara (Persero) Tbk	SOEs (directly or indirectly controlled by the Government of the Republic of Indonesia)	10,000

Statement of the Board of Directors that the Affiliated Transaction Has Followed Arms-Length Principle

The Board of Directors of Bank Mandiri states that in accordance with the provisions of Article 3 of POJK No. 42/2020, the Affiliated Transaction has followed adequate procedures to ensure that the transaction was carried out in accordance with generally accepted business practices and has fulfilled the arms-length principle.

The Board of Directors of Bank Mandiri is fully responsible for the accuracy of all information related to the affiliated transactions as described comprehensively. In accordance with the provisions of Article 10 letter (i) of POJK No. 42/2020, the Board of Directors of Bank Mandiri confirms that after conducting sufficient examination, and to the best of its knowledge and belief, the transaction does not contain any Conflict of Interest and that all information contained in this announcement is accurate and that there is no other important and relevant information that has not been disclosed which would cause the information provided in this announcement to be inaccurate and/or misleading.

Role of the Board of Commissioners and the Audit Committee in Ensuring Arms-Length Principle

The Board of Commissioners of Bank Mandiri states that in accordance with the provisions of Article 3 of POJK No. 42/2020, the Affiliated Transaction has followed adequate procedures to ensure that the transaction was carried out in accordance with generally accepted business practices and has fulfilled the arms-length principle.

The Board of Commissioners of Bank Mandiri is fully responsible for the accuracy of all information related to this affiliated transaction. In accordance with the provisions of Article 10 letter (i) of POJK No. 42/2020, the Board of Commissioners of Bank Mandiri confirms that after conducting sufficient examination, and to the best of its knowledge and belief, the transaction does not contain any Conflict of Interest and that all information contained in this announcement is accurate and that there is no other important and relevant information that has not been disclosed which would cause the information provided in this announcement to be inaccurate and/or misleading.

The affiliated transaction does not fall within the category of significant transactions as referred to in Article 3 paragraph (2) of POJK No. 17/2020 and therefore does not require shareholder approval through the General Meeting of Shareholders.

The Board of Directors and the Board of Commissioners of Bank Mandiri are fully responsible for the accuracy of all information related to this affiliated transaction. In accordance with the provisions of Article 10 letter (i) of POJK No. 42/2020, the Board of Directors and the Board of Commissioners of Bank Mandiri confirm that after conducting sufficient examination, and to the best of their knowledge and belief, the transaction does not contain any Conflict of Interest.

TRANSACTIONS WITH RELATED PARTIES

In the course of its normal business operations, Bank Mandiri conducts significant business transactions with related parties as follows:

- **Related party relationship as the main shareholder**
  The Government of the Republic of Indonesia through the Ministry.
- **Related party relationship arising from ownership and/or management**
  The nature of transactions with related parties includes equity participation, loans and receivables/sharia financing, customer deposits, bank guarantees, securities issued, as well as borrowings and subordinated securities.

- **Related Party Relationship with Government Entities**
  The nature of transactions with related parties that are government entities includes current accounts with other banks, placements with other banks, securities, government bonds, other receivables – trading transactions, receivables from securities purchased under resale agreements, derivative receivables, loans and receivables/sharia financing, consumer financing receivables, acceptance receivables, equity participation, customer deposits, deposits from other banks, derivative liabilities, acceptance liabilities, securities issued, borrowings, borrowings and subordinated securities, temporary syirkah funds, unused credit facilities, outstanding irrevocable letters of credit, as well as guarantees issued in the form of bank guarantees and standby letters of credit.

  In conducting its business activities, the Group also engages in transactions involving the purchase or use of services such as telecommunication expenses, electricity expenses, and other costs with related parties that are government entities.

  More detailed information regarding related parties that are government entities can be found in the Audited Financial Statements, Note No. 56, as attached to this Annual Report.
- **Key Management or Employees of Bank Mandiri**
  Short-term and long-term employee benefits for the Board of Commissioners, Board of Directors, Audit Committee and Risk Oversight Committee, Sharia Supervisory Board, as well as Senior Executive Vice Presidents and Senior Vice Presidents for the years ended 31 December 2025 and 2024 amounted to Rp1,24 trillion and Rp2,71 trillion, respectively, or 1,83% and 4,62% of total consolidated other operating expenses.
- **Realization of Related Party Transactions**
  Details of transaction balances with related parties as of 31 December 2025 and 2024 are further described in Note No. 56 of the Audited Consolidated Financial Statements attached to this Annual Report.

POLICY ON THE REVIEW MECHANISM FOR TRANSACTIONS AND COMPLIANCE WITH RELATED LAWS AND REGULATIONS

Bank Mandiri has established internal policies governing transactions that involve conflicts of interest and/or transactions with affiliated parties and related parties. In the case of lending transactions containing elements of affiliation and related-party relationships, such lending transactions are subject to prior approval from the Board of Commissioners.

The policy on the provision of funds to related parties must not contradict the prevailing general procedures for credit or fund provisioning and must ensure that such transactions provide reasonable benefits to Bank Mandiri. In addition, such provisions are required to obtain approval from the Board of Commissioners.

POLICY ON LOAN PROVISION FOR THE BOARD OF COMMISSIONERS AND THE BOARD OF DIRECTORS

Bank Mandiri has established internal provisions governing the extension of credit to members of the Board of Commissioners and the Board of Directors, with due observance of the prudential principle. Such credit facilities are processed in accordance with the prevailing general credit approval procedures, similar to those applied to other debtors.

Description	Loans (Rp Million)	Exceeding the Legal Lending Limit (LLL)	Violation of the Legal Lending Limit (LLL)
Board of Commissioners	195	Nil	Nil
Board of Directors	35,267	Nil	Nil

CHANGES IN LAWS AND REGULATIONS WITH SIGNIFICANT IMPACT ON THE COMPANY

Changes in Laws and Regulations and Their Impact on the Bank

The following are changes in laws and regulations that affected the Bank, along with their impacts and information on the adjustments undertaken by Bank Mandiri in response to these changes during 2025:

No.	Laws & Regulations	Key Provisions of the New Regulation or Significant Changes from the Previous Regulation	Background of the Issuance of the Regulation or Regulatory Changes	Impact on Bank Mandiri
1	Financial Services Authority Regulation (POJK) No. 26 of 2024 on the Expansion of Banking Business Activities	This POJK came into effect on the date of promulgation, 13 December 2024. This POJK regulates, among others: a. The expansion of the scope of subsidiaries of Commercial Banks conducting business activities on a conventional basis to make equity participation in other companies that support the banking industry. b. The expansion of the scope of subsidiaries of Commercial Banks conducting business activities based on Sharia Principles to make equity participation in non-financial institutions that support the Islamic banking industry and note that such participation does not contradict Sharia Principles. c. Banks are required to include a consent clause related to the transfer of receivables in credit or financing agreements between the Bank and customers. In the event that the Bank has an existing credit or financing agreement that does not yet include a consent clause related to the transfer of receivables, the Bank must obtain customer consent prior to transferring receivables to another party. d. Banks that transfer receivables are not allowed to repurchase receivables that have been transferred. e. Commercial Banks are required to conduct analysis in providing guarantee services. f. Banks acting as KUPVA operators are required to record transactions and retain documents and records related to such transactions. g. In the event that a Commercial Bank utilises Electronic Signatures in the provision of its products, the Commercial Bank must identify and classify documents and/or transactions that may use Electronic Signatures.	• As a follow-up to the issuance of Law No. 4 of 2023 on the Development and Strengthening of the Financial Sector (P2SK Law), which mandates: a. Adjustment of prevailing regulations to support collaboration between Commercial Banks and non-Financial Services Institutions (non-LJK) through equity participation activities; and b. Expansion of the business activities of Rural Banks (BPR) or Sharia Rural Banks (BPR Syariah) through equity participation in supporting institutions, transfer of bank receivables, and waqf management for banks operating based on Sharia principles. • As a form of OJK support for industry needs and regulatory harmonisation in line with recent developments, adjustments to several provisions are required, namely: - The use of electronic signatures (TTE) as a substitute for wet signatures and the implementation of electronic agreements; - More principle-based regulation on guarantees provided by Commercial Banks to align with current international standards and practices; - Regulation of Foreign Exchange Trading Business Activities (KUPVA) conducted by Banks.	Bank Mandiri made adjustments to internal provisions governing equity participation, transfer of receivables, issuance of Bank Guarantees (BG) and Domestic Letters of Credit (SKBDN), and its role as a KUPVA operator. Bank Mandiri is required to identify documents that utilise Electronic Signatures and subsequently classify such documents, with the classification set out in policies and procedures governing the use of Electronic Signatures.

No.	Laws & Regulations	Key Provisions of the New Regulation or Significant Changes from the Previous Regulation	Background of the Issuance of the Regulation or Regulatory Changes	Impact on Bank Mandiri
2	Circular Letter of the Financial Transaction Reports and Analysis Center (PPATK) No. 8 of 2024 on Indicators of Suspicious Financial Transactions Related to Green Financial Crime	This PPATK Circular Letter came into effect on the date of promulgation, 31 October 2024. This Circular Letter regulates, among others: a. The scope of Green Financial Crime (GFC), covering money laundering offences (TPPU) indicated to originate from criminal activities in the following sectors: 1. Forestry; 2. Environmental protection; 3. Flora and fauna (wildlife); 4. Mineral and energy mining; and 5. Marine and fisheries. b. For the purpose of identifying indicators of Suspicious Financial Transactions (SFT), Banks are required to have or be aware of, at a minimum, the following information: 1. Single Customer Identification File (CIF); 2. Information on prospective customers entering into a business relationship, including the presence of unusual requests from such prospective customers; 3. Information on accounts held by individuals in relation to accounts held by corporates that are inconsistent with the purpose of account opening or constitute unusual transactions; 4. Information on money laundering risks arising from Green Financial Crime.	This Circular Letter aims to ensure that Financial Service Providers (FSPs), in identifying Suspicious Financial Transactions (SFT) related to Green Financial Crime (GFC), refer to this Circular Letter in the preparation, establishment, and updating of GFC-related SFT indicators for transactions conducted by service users. Adequate identification of GFC-related SFT is expected to enhance the quality and quantity of GFC-related Suspicious Transaction Reports (STRs) submitted to PPATK, thereby providing added value and supporting efforts to prevent and combat Money Laundering (TPPU) in Indonesia.	Bank Mandiri has made adjustments to its internal provisions governing Suspicious Financial Transactions related to Green Financial Crime.
3	Financial Services Authority Regulation (POJK) No. 30 of 2024 on Financial Conglomeration and Financial Conglomeration Holding Companies	This POJK came into effect on 23 December 2024. This POJK regulates, among others: a. The criteria for Financial Conglomerations that are required to establish a Financial Conglomeration Holding Company (PIKK); b. Types of PIKK, namely Operational PIKK and Non-Operational PIKK; c. Members of a Financial Conglomeration, consisting of banks, insurance companies, securities companies, financing companies, infrastructure financing companies, guarantee institutions, pension funds, venture capital companies, pawnshops, information technology–based peer-to-peer lending service providers, information technology–based equity crowdfunding service providers, other Financial Services Institutions (FSIs), and/or non-FSI entities supporting the business activities of FSIs and/or the Financial Conglomeration; d. Documentation requirements that must be submitted to OJK upon the establishment of a PIKK; e. Capitalisation and ownership of the PIKK; f. Business activities that may be conducted by the PIKK;	The implementation of integrated supervision and financial conglomeration is expected to make a positive contribution to supporting the development and strengthening of a healthy, resilient, and competitive financial sector in Indonesia, while also playing a role in safeguarding financial system stability. Integrated supervision and financial conglomeration are also expected to support inclusive, sustainable, and equitable national economic growth toward the realisation of a prosperous, advanced, and dignified Indonesian society.	Bank Mandiri has submitted an application to OJK for the establishment of a Financial Conglomeration Holding Company (PIKK).

No.	Laws & Regulations	Key Provisions of the New Regulation or Significant Changes from the Previous Regulation	Background of the Issuance of the Regulation or Regulatory Changes	Impact on Bank Mandiri
		g. Duties and responsibilities of the PIKK in managing the Financial Conglomeration; h. The obligation of the PIKK to prepare a Financial Conglomeration strategic plan in the form of a Financial Conglomeration corporate plan; i. The obligation of the PIKK to prepare and maintain a Financial Conglomeration corporate charter signed by the Board of Directors of all members of the Financial Conglomeration; j. The obligation of the PIKK to exercise control over members of the Financial Conglomeration, including ownership and control criteria; k. Changes in ownership and/or control of the PIKK and/or members of the Financial Conglomeration; l. Governance of the PIKK, including matters related to the number of Directors and Commissioners, as well as their duties and responsibilities; m. The implementation of fit and proper tests and re-assessments for key parties within the Financial Conglomeration; n. Prohibition of cross-ownership within the Financial Conglomeration; and o. The obligation of the PIKK to submit periodic reports to OJK and incidental reports when required.		
4	Bank Indonesia Regulation (PBI) No. 3 of 2025 on the Amendment to Bank Indonesia Regulation No. 7 of 2023 concerning Export Proceeds Foreign Exchange and Import Payment Foreign Exchange	This PBI came into effect on 1 March 2025. This PBI regulates, among others: a. Changes to the amount and duration of the mandatory placement of Natural Resources Export Proceeds Foreign Exchange (DHE SDA), set at 100% for a minimum period of 12 months, except for the oil and gas sector. b. Placement of DHE SDA in banking instruments, financial instruments issued by LPEI, and instruments issued by Bank Indonesia may not be withdrawn prior to the maturity of the placement instruments. c. Provisions regarding the voluntary placement of DHE SDA for exports with an export value of less than USD250,000.00 or its equivalent are revoked. d. Specific arrangements for DHE SDA in the non-oil and gas sector.	• In promoting sustainable economic growth, the Government has adjusted the regulations on export proceeds foreign exchange to enhance the effectiveness of policies on the inflow and placement of export proceeds. • Adjustments to Bank Indonesia Regulation No. 7 of 2023 are required to align with Government Regulation No. 8 of 2025.	Bank Mandiri is required to make adjustments to its internal provisions governing Export Proceeds Foreign Exchange and Import Payment Foreign Exchange.
5	Government Regulation No. 17 of 2025 on the Governance of Electronic System Operations for Child Protection	This Government Regulation came into effect on 27 March 2025. This Government Regulation regulates, among others: a. The level of risk of products, services, and features to children; b. The obligations of Electronic System Operators in providing child protection; c. The obligations of Electronic System Operators; d. Supervision of Electronic System Operators by the Minister.	To implement the provisions of Law No. 1 of 2024 on the Second Amendment to Law No. 11 of 2008 on Information and Electronic Transactions, it is necessary to establish a Government Regulation on the Governance of Electronic System Operations for Child Protection.	Bank Mandiri is required to make adjustments to internal provisions affected by the issuance of this Government Regulation.

No.	Laws & Regulations	Key Provisions of the New Regulation or Significant Changes from the Previous Regulation	Background of the Issuance of the Regulation or Regulatory Changes	Impact on Bank Mandiri
6	Financial Services Authority Regulation (POJK) No. 7 of 2025 on Reporting by Commercial Banks as Custodians	This POJK came into effect on 27 December 2025. This POJK regulates, among others: a. The obligations of Custodian Banks to submit periodic and/or incidental reports, as well as the types of periodic and/or incidental reports of Custodian Banks; b. Procedures for the submission of periodic and/or incidental reports of Custodian Banks, including corrections to periodic and/or incidental reports; and c. Supervision of periodic and/or incidental reports of Custodian Banks.	In order to improve the efficiency and effectiveness of information disclosure in custodian bank reports, it is necessary to simplify the number of custodian bank reports submitted to the Financial Services Authority	Bank Mandiri is required to make adjustments to its internal provisions governing Custodian Bank activities.
7	Regulation of Members of the Board of Governors No. 10 of 2025 on the Amendment to Regulation of Members of the Board of Governors No. 24/21/PADG/2022 concerning the Implementing Provisions for Current Accounts at Bank Indonesia	This PADG came into effect on 8 May 2025. This PADG regulates, among others: a. If a Bank holds a Foreign Currency Current Account for other purposes, the Bank is required to zero out such Foreign Currency Current Account at the end of the day. b. Examples of ownership of a Bank's Foreign Currency Current Account for other purposes include settlement of Bank Indonesia foreign currency securities (SVBI) and Bank Indonesia foreign currency sukuk (SUVBI).	The background for the issuance of this PADG is the results of an evaluation of the implementation of Current Account administration at Bank Indonesia, to ensure that the regulation of Foreign Currency Current Account administration for other purposes supports the settlement of transactions through Foreign Currency Current Accounts held by customer banks at Bank Indonesia	Bank Mandiri is required to observe and comply with the provisions related to the implementation of Current Accounts at Bank Indonesia
8.	Regulation of Members of the Board of Governors No. 13 of 2025 on Transaction Facility Operators	This PADG came into effect on 10 June 2025. This PADG regulates, among others: a. Transaction Facility Operators, consisting of Electronic Trading Platform (ETP) Providers, including Intermarket ETP Providers, Brokerage Firms, and Systematic Internalisers. b. The functions and obligations of Transaction Facility Operators. c. Licensing requirements, feature changes and institutional changes, as well as the obligations and prohibitions for ETP Providers. d. Obligations and prohibitions for Intermarket ETP Providers. e. Licensing requirements, feature changes and institutional changes, as well as the obligations and prohibitions for Brokerage Firms. f. Licensing requirements, feature changes, as well as the obligations and prohibitions for Systematic Internalisers. g. Licensing procedures and recommendations for Transaction Facility Operators. h. The application of prudential principles, risk management, and governance. i. Data and information requirements, including reporting	In order to support the effectiveness of monetary policy, financial system stability, and collaboration in financing the national economy, a modern and advanced Money Market and Foreign Exchange Market are required. To achieve this objective, Bank Indonesia has regulated, developed, and supervised the Money Market and Foreign Exchange Market as set out in Bank Indonesia Regulation No. 6 of 2024 on the Money Market and Foreign Exchange Market. Bank Indonesia's regulation, development, and supervision on the infrastructure side are intended to ensure that Financial Market Infrastructure, whether systemic or critical in nature, is operated in accordance with the principles of security, effectiveness, efficiency, and reliability, while taking into account applicable international standards. Furthermore, the operation of Financial Market Infrastructure must also ensure interconnection, interoperability, and integration with other financial market infrastructures. One of the critical Financial Market Infrastructures that may be operated by parties other than Bank Indonesia is transaction facilities operated by ETP Providers, Brokerage Firms, and Systematic Internalisers.	Bank Mandiri is required to observe and comply with the provisions related to Transaction Facility Operations, including implementing them in BMRI's internal policies

No.	Laws & Regulations	Key Provisions of the New Regulation or Significant Changes from the Previous Regulation	Background of the Issuance of the Regulation or Regulatory Changes	Impact on Bank Mandiri
			In order to accelerate the deepening of the Money Market and Foreign Exchange Market, improvements have been made to the provisions governing Transaction Facility Operators, including the regulation of intermarket ETP operations, human capital development, strengthening of transaction facility functions, the use of financial sector technological innovations, and the harmonisation of regulations among Transaction Facility Operators.	
9	Financial Services Authority Circular Letter No. 10/ SEOJK.04/2025 on the Electronic Submission of Reports on Share Ownership or Any Changes in Share Ownership of Public Companies and Reports on Pledging Activities of Public Company Shares	This SEOJK came into effect on 5 June 2025. a. The obligation to submit reports electronically, namely: • Reports on share ownership or any changes in share ownership of Public Companies. • Reports on pledging activities of Public Company shares. b. Provision of electronic reporting systems by the Central Securities Depository and Settlement Institution. c. Provision of electronic report publication systems by the Stock Exchange.	This SEOJK was issued to follow up on the mandate and regulate the implementation provisions of Article 5 and Article 7 paragraph (4) of Financial Services Authority Regulation No. 4 of 2024 on Reports on Share Ownership or Any Changes in Share Ownership of Public Companies and Reports on Pledging Activities of Public Company Shares (POJK No. 4 of 2024), specifically to govern electronic systems for the submission and publication of reports on share ownership or any changes in share ownership, as well as reports on pledging activities of Public Company shares.	Bank Mandiri is required to observe and comply with the provisions related to the electronic submission of reports on share ownership or any changes in share ownership of Public Companies and reports on pledging activities of Public Company shares, including implementing them in BMRI's internal policies.
10.	Regulation of Members of the Board of Governors No. 11 of 2025 on the Eighth Amendment to Regulation of Members of the Board of Governors No. 21/22/ PADG/2019 on the Macroprudential Intermediation Ratio and Macroprudential Liquidity Buffer for Conventional Commercial Banks, Islamic Commercial Banks, and Sharia Business Units	This PADG came into effect on 1 June 2025. This PADG regulates, among others: a. The adjustment of the Macroprudential Liquidity Buffer (PLM) to 4% (four percent) of Third Party Funds (TPF) of Conventional Commercial Banks in rupiah. b. Securities that meet the requirements for fulfilling PLM obligations may be used in repo transactions and liquidity management transactions based on Bank Indonesia's sharia principles (PaSBI transactions) with Bank Indonesia in open market operations. The use of securities of Conventional Commercial Banks in repo and PaSBI transactions that may be counted toward PLM fulfilment is set at a maximum of 4% (four percent) of TPF of Conventional Commercial Banks in rupiah.	In order to support sustainable economic growth, Bank Indonesia encourages the expansion of bank lending or financing. Accordingly, Bank Indonesia has strengthened its macroprudential policy by reducing the Macroprudential Liquidity Buffer (PLM) ratio and the Sharia PLM ratio, aimed at increasing flexibility in liquidity management by banks to encourage the expansion of bank lending or financing. In this regard, Bank Indonesia issued Regulation of Members of the Board of Governors No. 11 of 2025 on the Eighth Amendment to Regulation of Members of the Board of Governors No. 21/22/PADG/2019 on the Macroprudential Intermediation Ratio and Macroprudential Liquidity Buffer for Conventional Commercial Banks, Islamic Commercial Banks, and Sharia Business Units (Eighth Amendment PADG on RIM and PLM).	Bank Mandiri is required to observe and comply with the provisions related to the implementation of the Macroprudential Intermediation Ratio and Macroprudential Liquidity Buffer for Conventional Commercial Banks, including implementing them in BMRI's internal policies.

No.	Laws & Regulations	Key Provisions of the New Regulation or Significant Changes from the Previous Regulation	Background of the Issuance of the Regulation or Regulatory Changes	Impact on Bank Mandiri
11.	Regulation of Members of the Board of Governors No. 12 of 2025 on the Amendment to Regulation of Members of the Board of Governors No. 7 of 2024 concerning the Implementing Provisions of the Bank's Foreign Funding Ratio	This PADG came into effect on 1 June 2025. This PADG regulates, among others: a. The adjustment of the countercyclical parameter from 0% (zero percent) to positive 5% (five percent); and b. An increase in the Foreign Funding Ratio (RPLN) limit from the previously stipulated 30% (thirty percent) to 35% (thirty-five percent), after taking into account the countercyclical parameter.	In supporting sustainable economic growth, Bank Indonesia seeks to encourage bank funding in line with economic needs while continuing to observe prudential principles. Accordingly, Bank Indonesia has strengthened macroprudential policy through adjustments to the countercyclical parameter, thereby increasing the limit of the bank's Foreign Funding Ratio (RPLN). The increase in the RPLN limit is expected to strengthen bank funding for liquidity management and optimise the expansion of lending or financing. In this regard, Bank Indonesia issued Regulation of Members of the Board of Governors No. 12 of 2025 on the Amendment to Regulation of Members of the Board of Governors No. 7 of 2024 concerning the Implementing Provisions of the Bank's Foreign Funding Ratio (PADG Amendment on RPLN).	Bank Mandiri is required to observe and comply with the provisions related to the implementation of the Bank's Foreign Funding Ratio, including implementing them in BMRI's internal policies.
12	Financial Services Authority Circular Letter No. 14/ SEOJK.03/2025 on the Implementation of Governance for Commercial Banks	This SEOJK came into effect on 24 June 2025. This SEOJK regulates, among others: a. 16 (sixteen) assessment factors for the implementation of governance, namely: 1. The implementation of the duties, responsibilities, and authorities of the Board of Directors; 2. The implementation of the duties, responsibilities, and authorities of the Board of Commissioners; 3. The completeness and performance of committee duties; 4. Handling of conflicts of interest; 5. Implementation of the compliance function; 6. Implementation of the internal audit function; 7. Implementation of the external audit function; 8. Implementation of risk management, including internal control systems; 9. Remuneration; 10. Provision of funds to related parties and large exposures; 11. Integrity of reporting and information technology systems; 12. The Bank's strategic plan; 13. Shareholder aspects; 14. Implementation of anti-fraud strategies, including anti-bribery; 15. Implementation of sustainable finance, including the application of social and environmental responsibility; and 16. Implementation of governance within a Banking Business Group (KUB. b. The scope and procedures for the submission of governance implementation reports; and c. Working papers or self-assessment matrices for governance implementation.	This SEOJK was prepared to provide guidance and implementing provisions for governance implementation by Commercial Banks following the issuance of Financial Services Authority Regulation (POJK) No. 17 of 2023 on the Implementation of Governance for Commercial Banks on 14 September 2023 and POJK No. 2 of 2024 on the Implementation of Sharia Governance for Islamic Commercial Banks and Sharia Business Units on 16 February 2024.	Bank Mandiri is required to observe and comply with the provisions related to the implementation of governance for Commercial Banks, including implementing them in BMRI's internal policies.

No.	Laws & Regulations	Key Provisions of the New Regulation or Significant Changes from the Previous Regulation	Background of the Issuance of the Regulation or Regulatory Changes	Impact on Bank Mandiri
13	Regulation of Members of the Board of Governors of Bank Indonesia No. 15 of 2025 on the Implementation of Anti-Money Laundering, Counter-Terrorism Financing, and Counter-Proliferation Financing of Weapons of Mass Destruction for Parties Regulated and Supervised by Bank Indonesia	This PADG came into effect on 30 June 2025. This PADG regulates, among others: a. Regulated parties are required to implement Anti-Money Laundering (AML), Counter-Terrorism Financing (CTF), and Counter-Proliferation Financing of Weapons of Mass Destruction (CPF-WMD) to manage risks of money laundering, terrorism financing, and proliferation financing, which at a minimum cover Customer Due Diligence (CDD), management of data/information/documents, and reporting related to AML, CTF, and CPF-WMD. b. Regulated parties are required to implement a risk management process covering Risk Identification, Risk Assessment, Risk Understanding, Risk Control, and Risk Mitigation. c. Implementation of CDD through: • Identification activities conducted by: 1. Direct submission; and/or 2. The use of adequate and accountable technological and/or electronic means. • Verification of identification activities, which include: 1. Population data from authorised authorities related to population administration and civil registration; 2. Information systems of authorised authorities related to legal entity administration and business licensing; and/or 3. Other relevant and legally valid databases. d. Reports on the implementation of AML, CTF, and CPF-WMD, which include: 1. Periodic reports consisting of: • Reports on the results of risk identification and risk assessment; and • Annual reports on the implementation of AML, CTF, and CPF-WMD. 2. Incidental reports consisting of: • Reports on changes to written policies and procedures for the implementation of AML, CTF, and CPF-WMD; • Recapitulation reports on transaction delays. e. Reports by regulated parties to PPATK, which include: 1. Suspicious Financial Transaction Reports; 2. Cash Transaction Reports; 3. Fund Transfer Transaction Reports from and to Overseas; 4. Reports on Blocking and/or Rejection of Transactions related to the Proliferation Financing Targeted Persons List (DPPSPM); 5. Nil reports related to DPPSPM; and 6. Other reports to PPATK. f. Reports by regulated parties in the implementation of AML, CTF, and CPF-WMD to the Indonesian National Police, which include: 1. Reports on Blocking and/or Rejection of Transactions related to the Terrorism Financing Targeted Persons List (DTTOT); 2. Nil reports related to DTTOT; and 3. Other reports.	This Regulation of Members of the Board of Governors (PADG) was issued as an implementing regulation derived from Bank Indonesia Regulation (PBI) No. 10 of 2024 on the Implementation of Anti-Money Laundering, Counter-Terrorism Financing, and Counter-Proliferation Financing of Weapons of Mass Destruction for Parties Regulated and Supervised by Bank Indonesia. This PADG forms part of efforts to strengthen the implementation of anti-money laundering, counter-terrorism financing, and counter-proliferation financing of weapons of mass destruction through implementing provisions that serve as further guidance for enhancing the prevention of money laundering offences, terrorism financing offences, and proliferation financing of weapons of mass destruction by parties regulated and supervised by Bank Indonesia.	Bank Mandiri already has provisions governing the implementation of AML, CTF, and CPF-WMD; however, these provisions need to be reviewed to ensure alignment with the requirements of this PADG.
14	Minister of Finance Regulation No. 49 of 2025 on Procedures for Loans in the Framework of Financing Merah Putih Village/ Subdistrict Cooperatives	This PMK came into effect on 21 July 2025. This PMK regulates, among others: a. Loan schemes; b. Criteria for loan recipients; c. Procedures for loan applications submitted by the Chairperson of the Management of Merah Putih Subdistrict Cooperatives (KKMP) / Merah Putih Village Cooperatives (KDMP);	This PMK was issued to implement the direction of the President of the Republic of Indonesia in accordance with Presidential Instruction No. 9 of 2025 on the Acceleration of the Establishment of Merah Putih Village/Subdistrict Cooperatives.	

No.	Laws & Regulations	Key Provisions of the New Regulation or Significant Changes from the Previous Regulation	Background of the Issuance of the Regulation or Regulatory Changes	Impact on Bank Mandiri
		d. Procedures for loan disbursement by Banks to KKMP/KDMP; e. Repayment of loans by KKMP/KDMP to Banks.	This initiative aims to promote national self-reliance through sustainable food self-sufficiency and village-based development for equitable economic growth, which has led to the establishment of Merah Putih Village/Subdistrict Cooperatives. In addition, financing for Merah Putih Village/Subdistrict Cooperatives is to be carried out through funding synergies between the Government and the banking sector. Accordingly, it is necessary to establish regulations governing loan procedures for Merah Putih Village/Subdistrict Cooperatives.	Bank Mandiri will incorporate this regulation into its internal policies once more detailed implementing provisions are issued by the Government.
15	Financial Services Authority Regulation (POJK) No. 14 of 2025 on the Conduct of General Meetings of Shareholders, General Meetings of Bondholders, and General Meetings of Sukukholders in Electronic Form	This POJK came into effect on 1 July 2025. This POJK regulates, among others: a. The procedures and mechanisms for conducting General Meetings of Shareholders (GMS), General Meetings of Bondholders (RUPO), and General Meetings of Sukukholders (RUPSU) in electronic form. b. Announcement, convening, and timing of the electronic GMS, RUPO, and RUPSU. c. Obligations of system providers. d. Procedures for conducting electronic GMS, RUPO, and RUPSU. e. The rights of bondholders and/or sukukholders and the granting of proxies electronically in electronic RUPO and/or RUPSU. f. Minutes of the GMS, General Meetings of Bondholders, or General Meetings of Sukukholders, and summaries of the minutes of the GMS, General Meetings of Bondholders, or General Meetings of Sukukholders. g. Announcement media and language of announcements.	In order to enhance the efficiency and effectiveness of conducting General Meetings of Shareholders, General Meetings of Bondholders, and General Meetings of Sukukholders, it is necessary to leverage developments in information technology in the electronic conduct of such meetings.	Bank Mandiri has made adjustments to its internal provisions governing the conduct of electronic General Meetings of Shareholders.
16	Financial Services Authority Regulation (POJK) No. 18 of 2025 on Transparency and Publication of Bank Reports	This POJK will come into effect on 8 February 2026. This POJK regulates, among others: a. The obligation to prepare, announce, and/or submit Publication Reports for which the Board of Directors is accountable and whose duties and responsibilities are supervised by the Board of Commissioners, comprising: • Financial Publication Reports and financial performance information; • Risk exposure and capital Publication Reports; • Publication Reports on information or material facts; • Base lending rate Publication Reports; • Sustainability reports; • Annual reports on the implementation of integrated governance for Banks acting as financial conglomeration holding companies; • Annual financial statements for Banks that are Issuers or Public Companies; and • Other reports in accordance with prevailing laws and regulations. b. The obligation to prepare financial statements in accordance with financial accounting standards. c. The appointment of an Executive Officer by a member of the Bank's Board of Directors as the preparer of financial statements.	• To enhance market discipline and reduce information asymmetry, it is necessary to strengthen the transparency and publication of reports disclosed by banks in order to increase public trust. • Available bank information transparency must be comprehensive, complete, accurate, up-to-date, integral, timely, and comparable to support the strengthening of a healthy, resilient, and competitive financial services sector and to help safeguard financial system stability. • POJK No. 37/POJK.03/2019 on Transparency and Publication of Bank Reports is no longer aligned with international standards and legal developments and therefore needs to be replaced.	Bank Mandiri has made adjustments to its publication reports and financial statements in accordance with this POJK and has also adjusted its internal provisions accordingly.

17	Financial Services Authority Circular Letter No. 20/ SEOJK.08/2025 on the Publication of Complaint Handling and Complaint Service Reports	This SEOJK will come into effect on 1 January 2027. This SEOJK regulates, among others: a. The obligation to publish brief procedures for Complaint Services and the handling of complaints received by Financial Services Institutions (PUJK) in the PUJK's annual report, website, and/or other media. b. The appointment by the PUJK of one member of the Board of Directors responsible for the publication of complaint handling in accordance with the PUJK's internal policies. c. The obligation to prepare and submit Complaint Service reports to OJK, comprising: • Reports on the types of products and/ or services and issues complained of; • Reports on complaints resolved during the reporting period; • Reports on complaint handling that has become disputes; • Reports on the causes of complaints; and • Reports on negative media coverage of products and/or services. d. Submission of Complaint Service reports on a semi-annual basis, no later than 10 July of the current year and 10 January of the following year. e. The appointment by the PUJK of one member of the Board of Directors responsible for the preparation and submission of Complaint Service reports in accordance with the PUJK's internal policies.	This SEOJK is a follow-up to the mandate of Article 6 paragraph (2) of Financial Services Authority Regulation No. 18/POJK.07/2018 on Consumer Complaint Services in the Financial Services Sector and Article 81 paragraph (4) of Financial Services Authority Regulation No. 22 of 2023 on Consumer and Public Protection in the Financial Services Sector. There is a need for PUJK to obtain guidance in implementing the publication of brief procedures for complaint services and complaint handling, as well as the format of reports and procedures for completing complaint service reports.	Bank Mandiri has made adjustments to its internal provisions governing customer complaints.
18	Financial Services Authority Regulation (POJK) No. 19 of 2025 on Facilitating Access to Financing for Micro, Small, and Medium Enterprises	This POJK came into effect on 2 November 2025. This POJK regulates, among others: a. Forms of facilitating access to MSME financing through: • the establishment of specific policies for financing to MSMEs; • the development of special financing schemes for MSMEs; • acceleration of business processes in the disbursement of financing to MSMEs; • the determination of fees related to MSME financing that are charged fairly; and/or • other forms of facilitation. b. The obligation for Banks to have a unit or function responsible for handling the provision of MSME financing access facilitation.	To encourage the expansion of financing by Banks and Non-Bank Financial Institutions (LKNB), it is necessary to be accompanied by provisions that emphasise sound governance and adequate risk management in providing access to financing for MSMEs.	• Bank Mandiri already has a unit or function responsible for facilitating access to MSME financing. • Bank Mandiri shall make adjustments to internal provisions governing the facilitation of access to MSME financing. • Bank Mandiri shall make adjustments to RBB documents related to the planned disbursement of financing to MSMEs.

No.	Laws & Regulations	Key Provisions of the New Regulation or Significant Changes from the Previous Regulation	Background of the Issuance of the Regulation or Regulatory Changes	Impact on Bank Mandiri
19	Law No. 16 of 2025 on the Fourth Amendment to Law No. 19 of 2003 on State-Owned Enterprises	This Law came into effect on 6 October 2025. This Law regulates, among others: a. The Republic of Indonesia holds a 1% (one percent) share in SOEs in the form of Series A Dwiwarna shares through the Head of BP BUMN and 99% (ninety-nine percent) in SOEs in the form of Series B shares through the Agency. b. The change in nomenclature from the Ministry of SOEs to BP BUMN. c. Members of the Board of Directors, Board of Commissioners, and Supervisory Board of SOEs are state officials. d. Members of the Board of Directors of Persero SOEs are not required to be Indonesian citizens, as determined by BP BUMN. e. The Audit Board of the Republic of Indonesia (BPK) is authorised to conduct special-purpose audits of SOEs in accordance with prevailing laws and regulations. f. Refinement of provisions related to gender composition of SOE human resources. g. SOE employees are state officials.	As part of efforts to optimise the management of Indonesia's State-Owned Enterprises and to undertake efficient institutional transformation, the House of Representatives of the Republic of Indonesia (DPR) has officially enacted Law No. 16 of 2025 on the Fourth Amendment to Law No. 19 of 2003 on State-Owned Enterprises.	• Bank Mandiri is required to adjust its internal provisions to reflect the change in nomenclature from the Ministry of SOEs to BP BUMN. • Members of the Board of Directors, Board of Commissioners, and employees of Bank Mandiri are required to submit State Officials' Wealth Reports (LHKPN).
20	Financial Services Authority Regulation (POJK) No. 22 of 2025 on Reporting by Commercial Banks through the Financial Services Authority Reporting System	This POJK came into effect on 2 October 2025. This POJK regulates, among others: a. Periodic reports consisting of reports with daily, monthly, quarterly, semi-annual, and annual data positions. b. Periodic reports containing groups of information comprising: • financial information; • risk and capital information; • product, activity, and business activity information; and • core data information. c. Incidental reports are required to be submitted in accordance with the submission deadlines as stipulated in prevailing banking sector regulations. d. Incidental reports contain groups of information comprising: • supervisory information; • institutional information; • business activity information; and • other information. e. Banks are required to submit, within the Business Plan: • reports on planned Bank product implementation; • reports on planned outsourcing. f. Banks are required to submit, within the Realisation Report of the Business Plan: • reports on overseas financial product agency activities; • periodic bancassurance reports; • reports on outstanding structured product transactions; • reports on the appointment of expatriates as experts or consultants; • reports on trust activities; • reports on problematic outsourcing; • information on evidence of settlement of rights and obligations of regional offices, branch offices, and overseas offices to customers and/or other parties in connection with the closure of regional offices, branch offices, and overseas offices; and • information on evidence of settlement of rights and obligations of sub-branch offices to customers and/or other parties in connection with the closure of sub-branch offices.	In order to enhance the effectiveness and efficiency of bank reporting and to strengthen technology-based supervision, it is necessary to simplify and digitalise reports submitted to the Financial Services Authority. Accordingly, Financial Services Authority Regulation No. 63/POJK.03/2020 on Reporting by Commercial Banks through the Financial Services Authority Reporting System needs to be replaced.	• Bank Mandiri shall prepare and submit reports to OJK in accordance with the provisions of this POJK. • Bank Mandiri shall make adjustments to its internal provisions related to the preparation and submission of reports to OJK.

No.	Laws & Regulations	Key Provisions of the New Regulation or Significant Changes from the Previous Regulation	Background of the Issuance of the Regulation or Regulatory Changes	Impact on Bank Mandiri
		g. Banks shall submit reports on the implementation of governance within the annual financial publication report and financial performance information. h. Banks shall submit the annual financial publication report and financial performance information accompanied by a management letter. i. Banks shall submit reports on changes in the Board of Directors and/or Board of Commissioners from the Bank's controlling shareholders in the form of legal entities within the report on the detailed list of related parties. j. Conventional Commercial Banks (BUK) are required to submit reports on temporary changes to the branch network. k. Conventional Commercial Banks (BUK) and Sharia Commercial Banks (BUS) are required to submit reports on amendments to the articles of association.		
21	Regulation of Members of the Board of Governors No. 19 of 2025 on Infrastructure and Participation in Monetary Operations	This PADG came into effect on 1 December 2025. This PADG regulates, among others: a. Facilities used in monetary operation transactions, comprising: • Monetary Operation transaction facilities; • Monetary Operation transaction settlement facilities (for securities settlement and fund settlement); and • Other facilities as determined by Bank Indonesia. b. Supporting infrastructure for the implementation of monetary operation transactions, comprising: • Supporting infrastructure for monitoring transaction data in the money market and foreign exchange market (managed by Bank Indonesia in the form of SISMONTAVAR); and • Other supporting infrastructure as determined by Bank Indonesia. c. SISMONTAVAR is used to obtain data on foreign exchange transactions against the rupiah (excluding foreign banknote trading transactions) conducted between Banks and between Banks and customers. d. The use of SISMONTAVAR applies to: • spot transactions, including today and tomorrow transactions, with a minimum value of USD250,000.00 (two hundred fifty thousand United States dollars) or its equivalent; and/or • derivative transactions with a minimum value of USD1,000,000.00 (one million United States dollars) or its equivalent. e. Monetary Operation Participants may conduct Monetary Operation transactions directly and/or indirectly through Intermediary Institutions. f. Intermediary Institutions consist of Brokerage Firms or Securities Companies.	In order to maintain efficient implementation of transactions and support the achievement of monetary operation objectives, it is necessary to strengthen the regulation of infrastructure used in monetary operations and participation in monetary operations through the issuance of implementing regulations on monetary operation infrastructure and participation.	Bank Mandiri shall make adjustments to its internal provisions related to the regulation of infrastructure used in Monetary Operations and participation in monetary operations.

No.	Laws & Regulations	Key Provisions of the New Regulation or Significant Changes from the Previous Regulation	Background of the Issuance of the Regulation or Regulatory Changes	Impact on Bank Mandiri
23	Regulation of Members of the Board of Governors No. 20 of 2025 on Rupiah Monetary Operations	This PADG came into effect on 20 October 2025. This PADG regulates, among others: a. Rupiah Monetary Operations consist of Rupiah Open Market Operations (OPT) (conventional and sharia) and Standing Facilities. b. OPT may be conducted through Monetary Operations via Bank Indonesia and the market. c. Conventional standing facilities consist of the Lending Facility and Deposit Facility. d. Sharia standing facilities consist of the Financing Facility and FASBIS. e. Bank Indonesia conducts Rupiah OPT through auction and non-auction mechanisms, while Standing Facilities are conducted through non-auction mechanisms. f. Conventional Rupiah OPT instruments include SBI, SDBI, SRBI, BI-FRN, conventional Rupiah term deposit transactions, reverse repo transactions, conventional Rupiah repo transactions, and outright purchases and/or sales of Government Securities (SBN) by Bank Indonesia in the secondary market. g. Sharia Rupiah OPT instruments include SBIS, SUKBI, sharia reverse repo transactions, sharia Rupiah repo transactions, PASBI transactions, and outright purchases and/or sales of Government Sharia Securities (SBSN) by Bank Indonesia in the secondary market.	In the implementation of Rupiah Monetary Operations, both conventional and sharia-based, Bank Indonesia regulates the characteristics of Rupiah Monetary Operation instruments and the procedures for conducting Rupiah Monetary Operations under normal conditions as well as abnormal and/or force majeure conditions. These provisions serve as a reference for Monetary Operation Participants in conducting Rupiah Monetary Operation transactions with Bank Indonesia. Furthermore, Bank Indonesia develops Rupiah Monetary Operation instruments through the expansion of the types of securities that may be used in Rupiah Monetary Operation transactions. This expansion is intended to align with market mechanisms (pro-market) in support of money market deepening. Accordingly, it is expected to have a positive impact on the effectiveness of monetary policy, financial system stability, and sustainable economic growth.	Bank Mandiri shall make adjustments to its internal provisions related to the characteristics of instruments and procedures for implementing Rupiah Monetary Operations through the expansion of the types of securities used in Rupiah Monetary Operation transactions.
24	Regulation of Members of the Board of Governors No. 21 of 2025 on Foreign Exchange Monetary Operations	This PADG came into effect on 20 October 2025. This PADG regulates, among others: a. Conventional Foreign Exchange Monetary Operation instruments, which include: a. Foreign Currency SBBI; b. SVBI; c. Conventional Foreign Currency Term Deposit transactions; d. Spot transactions; e. Forward transactions; f. Swap transactions; g. Hedging Swap transactions with Bank Indonesia; h. DNDF transactions; and i. Non-USD/IDR DNDF Hedging transactions with Bank Indonesia. b. Provisions governing: a. The characteristics and mechanisms for the issuance of instruments/transactions; b. Announcement of auctions/transactions; c. Submission of auction/transaction bids; d. Determination of auction winners/transaction results; e. Announcement of auction/transaction results; f. Settlement; and/or g. Settlement sanctions for instruments, for each Conventional Foreign Exchange Monetary Operation instrument. c. Requirements for transaction participants, transaction underlyings, and hedging contracts for Conventional Foreign Exchange Monetary Operation instruments (Hedging Swap transactions and Non-USD/IDR DNDF Hedging transactions), namely a minimum Bank Soundness Rating (TKB) of 3 (three) in accordance with OJK assessments.	• In formulating and implementing monetary policy, Bank Indonesia (BI) conducts monetary control to manage interest rates, exchange rates, and liquidity, one of which is through the implementation of foreign exchange monetary operations, both conventional and sharia-based. • In the implementation of foreign exchange monetary operations, Bank Indonesia establishes instruments and regulates the procedures for conducting foreign exchange monetary operations as guidance for transactions with Bank Indonesia.	Bank Mandiri shall make adjustments to its internal provisions related to the characteristics of instruments and procedures for implementing Foreign Exchange Monetary Operations in accordance with this PADG.

No.	Laws & Regulations	Key Provisions of the New Regulation or Significant Changes from the Previous Regulation	Background of the Issuance of the Regulation or Regulatory Changes	Impact on Bank Mandiri
25	Regulation of Members of the Board of Governors No. 22 of 2025 on the Amendment to Regulation of Members of the Board of Governors No. 21 of 2023 concerning the Implementing Provisions for Short-Term Liquidity Loans for Conventional Commercial Banks	This PADG came into effect on 20 October 2025. This PADG regulates, among others: a. Adjustments to the types of securities eligible as collateral for Short-Term Liquidity Loans (PLJP), namely: a. SBI; b. SBIS; c. SDBI; d. SRBI; e. BI-FRN; f. SukBI; g. SBN; h. Corporate Bonds and/or Corporate Sukuk; and i. Other highly rated securities as determined by Bank Indonesia. b. Provisions regarding Bank Indonesia Floating Rate Notes (BI-FRN), including: a. the use of high-quality securities as collateral for PLJP; b. the treatment of BI-FRN as collateral for PLJP; and c. the designation of BI-FRN as collateral for PLJP. c. Provisions regarding Highly Rated Securities.	Bank Indonesia has enhanced the availability of high-quality securities through the issuance of Bank Indonesia Floating Rate Notes (BI-FRN) as well as the purchase and sale of other high-quality securities. These high-quality securities may be used as underlying instruments for monetary operations in the money market and foreign exchange market and are therefore considered to meet the criteria for use as collateral for PLJP.	Bank Mandiri shall make adjustments to its internal provisions governing Short-Term Liquidity Loans (PLJP).
26	Regulation of Members of the Board of Governors No. 23 of 2025 on the Macroprudential Intermediation Ratio and Macroprudential Liquidity Buffer for Conventional Commercial Banks, Sharia Commercial Banks, and Sharia Business Units	This PADG came into effect on 20 October 2025. This PADG regulates, among others: a. The addition of types of securities/sharia securities that may be included in the calculation of the Macroprudential Liquidity Buffer (PLM/PLM Sharia). b. Bank Indonesia may designate other securities/sharia securities, along with their criteria or mechanisms, to be included in the calculation of the Macroprudential Intermediation Ratio (RIM/RIM Sharia). c. Provisions on corporate securities/corporate sharia securities owned by banks that are being used in repo transactions in the calculation of RIM and RIM Sharia.	Bank Indonesia has strengthened its macroprudential policy supported by enhanced regulation of credit or financing instruments for Conventional Commercial Banks (BUK), Sharia Commercial Banks (BUS), and Sharia Business Units (UUS), namely the RIM and RIM Sharia instruments, as well as strengthened regulation of liquidity risk limit instruments for BUK and BUS, namely the PLM and PLM Sharia instruments. Accordingly, refinement of the regulatory framework governing the RIM is required.	Bank Mandiri shall make adjustments to its internal provisions governing the Macroprudential Intermediation Ratio and the Macroprudential Liquidity Buffer.
27	Financial Services Authority Regulation (POJK) No. 24 of 2025 on Account Management at Commercial Banks	his POJK came into effect on 10 November 2025. This POJK regulates, among others: a. The management of Current Accounts and Savings Accounts, which are classified into Active Accounts, Inactive Accounts, and Dormant Accounts. b. Inactive Accounts, defined as accounts with no deposit, withdrawal, or balance inquiry activity for more than 360 days. c. Dormant Accounts, defined as accounts with no deposit, withdrawal, or balance inquiry activity for more than 1,800 days. d. The obligation to notify customers at the opening of Current Accounts and Savings Accounts regarding the criteria for account classification, including automatic closure of Current Accounts and Savings Accounts. e. The obligation to provide systems for the management of Current Accounts and Savings Accounts. f. The prohibition on charging account administration fees that result in negative account balances.	Account management must be conducted with due regard to sound governance to ensure customer protection and prevent fraud or misuse. Accordingly, standardisation of account management is required.	• Bank Mandiri classifies Current Accounts and Savings Accounts into Active Accounts, Inactive Accounts, and Dormant Accounts. • Bank Mandiri has made adjustments to its internal provisions on the administration of Current Accounts and Savings Accounts in accordance with the policy parameters and procedures stipulated in this POJK. • Bank Mandiri provides systems to support the management of Current Accounts and Savings Accounts.

No.	Laws & Regulations	Key Provisions of the New Regulation or Significant Changes from the Previous Regulation	Background of the Issuance of the Regulation or Regulatory Changes	Impact on Bank Mandiri
		g. The requirement to apply account classification flagging within the Bank's internal systems. h. The obligation to establish policies and procedures for the administration of Current Accounts and Savings Accounts. i. Supervision of inactive and dormant accounts where there are indications of suspicious financial transactions and/or potential fraud.		
28	Financial Services Authority Circular Letter No. 26/SEOJK.03/2025 on the Internal Liquidity Adequacy Assessment Process (ILAAP) for Commercial Banks	This SEOJK came into effect on 10 November 2025. This SEOJK regulates, among others: a. The obligation to implement the Internal Liquidity Adequacy Assessment Process (ILAAP) in accordance with the size, characteristics, and complexity of the Bank's business. b. The obligation to prepare and submit ILAAP reports to OJK. c. The implementation of the Liquidity Supervisory Review and Evaluation Process (LSREP). d. The obligation for Banks to submit the results of updates and adjustments to ILAAP as requested by OJK. e. ILAAP reports, comprising: • Semi-annual ILAAP implementation reports. • Monthly quantitative ILAAP reports. • Quarterly quantitative ILAAP reports.	• There is a need for regulations governing the implementation of ILAAP for Banks (Conventional Commercial Banks, Sharia Commercial Banks, and Sharia Business Units). • Through the implementation of ILAAP, Banks ensure that liquidity management is aligned with the level of risk assumed (risk appetite) and risk tolerance set by the Bank, while also taking into account the impact of liquidity risk on the Bank's condition.	• Bank Mandiri is required to submit the ILAAP Implementation Report, the Foreign Currency Liquidity Coverage Ratio (LCR) Report for significant currencies, the Funding Profile Report, the DCR Customer Report and Profit-Sharing Efficient Strategy Report for Sharia Commercial Banks (BUS) and Sharia Business Units (UUS), as well as the Net Stable Funding Ratio (SPM) Report, for the first time as of the end of December 2026. • Bank Mandiri shall submit the Intraday Liquidity Report, for the first time as of the end of December 2028.
29	Regulation of Members of the Board of Governors No. 26 of 2025 on Financial Derivatives with Underlying Assets in the Form of Money Market and Foreign Exchange Market Products	This PADG came into effect on 10 November 2025. This PADG regulates, among others: a. PUVA derivative products, comprising PUVA Derivative Contracts, which include: • Futures contracts; • Contracts for difference; and • Other PUVA Derivative Contracts as determined by Bank Indonesia, with underlying assets in the form of Money Market and/or Foreign Exchange Market products. b. Types of PUVA Derivative Participants, comprising: • PUVA Derivative Transaction Participants; • PUVA Supporting Institutions; • PUVA Market Professionals; and • Supporting professionals in the financial sector in the Money Market and Foreign Exchange Market. c. Financial Market Infrastructure, comprising: • PUVA Derivative Transaction Facility Operators; and • PUVA Derivative Clearing Institutions. d. PUVA Derivative Transactions, comprising: • PUVA Derivative Transactions on PUVA Derivative Exchanges; • PUVA Derivative Transactions on Alternative Trading Systems (SPA); and • PUVA Derivative Transactions through the PALN mechanism.	Pursuant to Law No. 4 of 2023 on the Development and Strengthening of the Financial Sector and Government Regulation No. 49 of 2024, the authority for the regulation and supervision of PUVA Derivatives has been transferred from the Commodity Futures Trading Regulatory Agency (Bappebti) to Bank Indonesia. In exercising its regulatory and supervisory authority over PUVA Derivatives, Bank Indonesia regulates, develops, and supervises PUVA Derivatives comprehensively across products, pricing benchmarks, PUVA participants, and the operation of Financial Market Infrastructure in PUVA Derivative transactions.	Bank Mandiri shall regulate provisions concerning PUVA supporting institutions in the form of fund custody service providers within its internal policies.

No.	Laws & Regulations	Key Provisions of the New Regulation or Significant Changes from the Previous Regulation	Background of the Issuance of the Regulation or Regulatory Changes	Impact on Bank Mandiri
		e. Licensing related to PUVA Derivatives, comprising: • Forms of licensing in the form of business licences, approvals, and certificates of registration; and • Licensing mechanisms. f. The obligation of PUVA Derivative Transaction Participants to maintain minimum equity. g. PUVA Derivative Transaction Participants intending to make changes to business activities, institutional changes, or the opening of branch offices are required to obtain approval from Bank Indonesia. h. PUVA Derivative Transaction Participants are required to submit reports, comprising: • Periodic reports (daily, monthly, quarterly, and annual reports); and • Incidental reports.		
30	Bank Indonesia Regulation (PBI) No. 9 of 2025 on Macroprudential Liquidity Incentive Policy	This PBI came into effect on 1 December 2025. This PBI regulates, among others: a. The provision of Macroprudential Liquidity Incentives (KLM) for Banks that carry out: • the distribution of Credit or Financing; and/or • other activities that support the distribution of Credit or Financing. b. The calculation of KLM is based on data obtained from bank reports, namely: • reports on commitments to planned Credit or Financing distribution; and • other reports as determined by Bank Indonesia. c. Exemptions from the provision of KLM for certain Banks. d. The calculation of KLM for Banks undertaking strategic and fundamental actions in the form of: • mergers or consolidations; • separation of UUS from BUK; and/or • changes in business activities, • carried out in accordance with the provisions for calculating the fulfilment of Reserve Requirement (GWM) obligations for Banks. e. Recalculation by Bank Indonesia of the fulfilment of GWM obligations, the fulfilment of RIM Current Account or Sharia RIM Current Account obligations, and/or GWM remuneration for BUK, or GWM incentives in the form of grants ('athaya) based on sharia principles for BUS or UUS.	• To achieve Bank Indonesia's objective of maintaining financial system stability in support of sustainable economic growth, Bank Indonesia establishes and implements macroprudential policies, including efforts to encourage balanced, high-quality, and sustainable intermediation to achieve optimal Credit or Financing targets. • To achieve optimal Credit or Financing targets, Bank Indonesia has established a macroprudential policy in the form of a macroprudential liquidity incentive policy for Banks. • The macroprudential liquidity incentive policy needs to be strengthened by regulating a performance-based and forward-looking macroprudential liquidity incentive scheme.	Bank Mandiri has made adjustments to its internal provisions governing the mechanism for granting Macroprudential Liquidity Incentives (KLM).
31	Financial Services Authority Circular Letter No. 29/ SEOJK.03/2025 on Transparency and Publication of Reports by Conventional Commercial Banks	This SEOJK came into effect on 9 February 2026. This SEOJK regulates, among others: a. The obligation for Banks to prepare, announce, and/or submit Publication Reports in the form of monthly, quarterly, semi-annual, and annual Financial Publication Reports and financial performance information. b. Submission of reports: • Monthly Financial Publication Reports and financial performance information, first applicable for the data position of October 2026. • Quarterly Financial Publication Reports and financial performance information, first applicable for the data position of September 2026. • Semi-annual Financial Publication Reports and financial performance information, first applicable for the data position of June 2026.	In connection with the enactment of Financial Services Authority Regulation No. 18 of 2025 on Transparency and Publication of Bank Reports, it is necessary to stipulate implementing provisions for Conventional Commercial Banks through this Financial Services Authority Circular Letter.	Bank Mandiri has made adjustments to the reporting submission periods.

No.	Laws & Regulations	Key Provisions of the New Regulation or Significant Changes from the Previous Regulation	Background of the Issuance of the Regulation or Regulatory Changes	Impact on Bank Mandiri
		• Annual Financial Publication Reports and financial performance information, first applicable for the data position of December 2026. c. The obligation to prepare and announce quarterly and annual Publication Reports on risk exposure and capital. d. Submission of reports: • Quarterly Publication Reports on risk exposure and capital, first applicable for the data position of September 2026. • Annual Publication Reports on risk exposure and capital, first applicable for the data position of December 2026. e. The scope of announcement of the annual Financial Publication Reports and financial performance information for the 2025 financial year shall follow POJK No. 37/POJK.03/2019 on Transparency and Publication of Bank Reports and its implementing provisions. f. Upon the effectiveness of this SEOJK, Banks shall continue to announce Financial Publication Reports and financial performance information up to the following data positions: • September 2026 for the monthly period; • June 2026 for the quarterly period; • December 2025 for the semi-annual period for Banks that are part of a business group; and • December 2025 for the annual period, in accordance with SEOJK No. 9/ SEOJK.03/2020. g. Upon the effectiveness of this SEOJK, Banks shall continue to announce Publication Reports on risk exposure and capital up to the following data positions: • June 2026 for the quarterly period; and • December 2025 for the annual period, in accordance with SEOJK No. 9/ SEOJK.03/2020.		
32	Financial Services Authority Circular Letter No. 31/ SEOJK.03/2025 on Reporting by Conventional Commercial Banks through the Financial Services Authority Reporting System	This SEOJK came into effect on 28 November 2025. This SEOJK regulates, among others: a. The obligation to prepare and submit Periodic Reports, consisting of: • Daily reports; • Monthly reports; • Quarterly reports; • Semi-annual reports; and • Annual reports. b. Information groups within Periodic Reports, comprising: • financial information group; • risk and capital information group; • product, activity, and business activity information group; and • core data information group. c. Information groups within Incidental Reports, comprising: • supervisory information group; • institutional information group; • business activity information group; and • other information group.	This SEOJK was prepared to provide more technical guidance on the implementation of Financial Services Authority Regulation (POJK) No. 22 of 2025 on Reporting by Commercial Banks through the Financial Services Authority Reporting System. This SEOJK for Conventional Commercial Banks (APOLO BUK) regulates details, formats, and guidelines for completing Periodic Reports and Incidental Reports, as well as the format of submission letters and changes to reporting officers in charge.	Bank Mandiri has made adjustments in relation to: • Consolidation of reporting; and • Reporting submission periods.

No.	Laws & Regulations	Key Provisions of the New Regulation or Significant Changes from the Previous Regulation	Background of the Issuance of the Regulation or Regulatory Changes	Impact on Bank Mandiri
33	Financial Services Authority Regulation (POJK) No. 28 of 2024 on the Management of Actors' Track Record Information through the Actors Information System (SIPELAKU)	This POJK came into effect on 17 December 2024. The key provisions of this regulation include, among others: a. The scope of parties classified as Actors and Track Record Users within SIPELAKU; b. Requirements for obtaining SIPELAKU access rights for Users; c. Criteria to be considered by Users in accessing and utilising Track Records within SIPELAKU; d. The scope and sources of data and/or information contained in Track Records within SIPELAKU; e. Obligations and prohibitions for Users.	Along with the increasing complexity of business activities in the financial services sector, Financial Services Institutions (FSIs) are increasingly exposed to the risk of fraud, which may result in losses to the financial services industry, the Government, and/or the public. To support strengthened supervision and law enforcement, as well as to enhance the integrity of the financial services sector, it is necessary to provide data and information on actors' Track Records in the financial services sector through SIPELAKU.	• Bank Mandiri shall need to apply for access rights as a SIPELAKU user. • Bank Mandiri shall need to establish policies and procedures related to SIPELAKU.
34	Regulation of Members of the Board of Governors No. 1 of 2025 on the Amendment to Regulation of Members of the Board of Governors No. 17 of 2023 on the Implementation of Bank Indonesia–Fast Payment	This PADG came into effect on 23 January 2025. Key provisions include: • Fraud Management System for BI-FAST operators, with the addition of a proactive risk manager feature. • Follow-up actions by participants on alerts delivered by the operator to participants. • The obligation for participants to submit reports on the implementation results of the proactive risk manager feature to the operator when the information (alert) or rejection of CTR forwarding constitutes a fraud transaction and is not a false positive. • The obligation for both sending and receiving participants to have fraud management arrangements, at a minimum in the form of a fraud detection system at the account and transaction levels, as a first line of defence.	To achieve Bank Indonesia's objective of maintaining payment system stability, it is necessary to enhance risk management in the implementation of BI-FAST Payment, both at the operator and participant levels, as an integrated transaction security ecosystem.	• Banks are required to have a fraud management system, at a minimum in the form of a fraud detection system at the account and transaction levels, as a first line of defence. • Bank Mandiri shall need to establish policies and procedures related to follow-up actions on information (alerts) delivered by the operator.
35	Regulation of Members of the Board of Commissioners of the Financial Services Authority of the Republic of Indonesia No. 37/PADK.08/2025 on the Provision and Disclosure of Information for the Marketing of Financial Products and Services	This PADK came into effect on 2 December 2025. Key provisions include: a. Provision of product and service information, consisting of: (1) the provision of Product and/or Service Information Summaries; and (2) the provision of information through advertisements. b. Disclosure of information for the marketing of products and services. c. Cooperation between Financial Services Business Actors (PUJK) and third parties in the provision and disclosure of information for the marketing of products and services. d. Documentation of product and service information materials by PUJK.	There is a need for Financial Services Business Actors (PUJK) to obtain more comprehensive and standardised guidance on the provision of information, disclosure of information for marketing purposes, and the presentation of Product and/or Service Information Summaries in accordance with prevailing laws and regulations.	Bank Mandiri shall prepare or adjust its internal provisions and the formats for providing product and service information in accordance with the product and/or service information summary formats and sample advertisements stipulated in this PADK.

CHANGES IN ACCOUNTING POLICIES AND IMPACTS IMPLEMENTED IN 2025

Changes in accounting policies were made in order to comply with the applicable PSAK relevant to the operations of the Bank and its Subsidiaries.

PERUBAHAN KEBIJAKAN AKUNTANSI DAN DAMPAKNYA (BERLAKU EFEKTIF PADA TANGGAL 1 JANUARY 2025)

No.	Description of Changes in Accounting Policies	Quantitative Impact of Changes in Accounting Policies on the Financial Statements	Explanation of Consequences and Adjustments Implemented
1.	PSAK 117 concerning "Insurance Contracts". This PSAK regulates the accounting and reporting of insurance contracts.	PSAK 117 adopts a measurement model that provides greater transparency regarding gains or losses arising from insurance contracts, as well as the factors influencing changes in those gains or losses. In addition, the disclosure and presentation of insurance contracts have been enhanced, particularly with respect to the reconciliation of financial statement figures and the distribution of future profits. The impact of the implementation of the new standards and the related adjustments or amendments mentioned above was not material to the Group's consolidated financial statements.	Updating Bank Mandiri's internal accounting policies in accordance with the requirements stipulated in the amendments.
2.	PSAK 109 concerning "Financial Instruments"	This PSAK governs the recognition, measurement, and disclosure of financial instruments in relation to the implementation of PSAK 117. The initial implementation of PSAK 117 and PSAK 109 resulted in an increase in net expenses after tax of Rp385.21 billion. However, this impact was not material to the Group's consolidated financial statements.	Updating Bank Mandiri's internal accounting policies in accordance with the requirements stipulated in the amendments.
3.	Amendments to PSAK 221 concerning "The Effects of Changes in Foreign Exchange Rates"	The amendment regarding lack of exchangeability clarifies the provisions related to circumstances in which a currency is not exchangeable and the related disclosures. The impact of the implementation of the new standards and the related adjustments or amendments mentioned above was not material to the Group's consolidated financial statements.	Updating Bank Mandiri's internal accounting policies in accordance with the requirements stipulated in the amendments.

BANK SOUNDNESS LEVEL

Bank Mandiri routinely assesses its risks and performance through the self-assessment of the Bank Soundness Level (TKB) using a risk-based approach (Risk-Based Bank Rating) and in accordance with OJK Regulation No. 4/POJK.03/2016 on the Assessment of Commercial Bank Soundness. The final result of the TKB self-assessment is the Composite Rating (PK), which evaluates the following factors:

1. Risk Profile
2. Good Corporate Governance (GCG)
3. Earnings
4. Capital

BANK MANDIRI SOUNDNESS LEVEL AS OF 31 DECEMBER 2025 AND 31 DECEMBER 2024 INDIVIDUALLY (SELF-ASSESSMENT)

Assessmen Factors	Assessment (Rating)	
	Per 31 December 2025	Per 31 December 2024
Risk Profile	1	1
Good Corporate Governance (GCG)	1	1
Earnings	1	1
Capital	1	1
Bank Soundness Level Composit Raring	PK-1	PK-1

As of 31 December 2025, the results of Bank Mandiri's Individual Bank Soundness Level Self-Assessment placed it at Composite Rating 1 (PK-1). This reflects the Bank's overall very sound condition, indicating its strong ability to withstand significant negative impacts from changes in business conditions and other external factors. This assessment is supported by excellent ratings across key evaluation factors, including risk profile, governance implementation, profitability aspects, and capital adequacy. Any identified weaknesses are generally manageable within normal business activities.

BUSINESS CONTINUITY INFORMATION

Indonesia's economy recorded positive growth throughout 2025 and is expected to maintain promising prospects in 2026, supported by an appropriate mix of fiscal and monetary policies as well as the Government's target of achieving 8% economic growth by 2029. Investor confidence in the financial market also improved, as reflected in the growth trend of the IDX Composite Index (IHSG). In addition, investment in the real sector is projected to strengthen in line with investor optimism regarding improvements in the domestic investment climate.

The optimistic economic outlook, accompanied by controlled inflation and a stable Rupiah exchange rate, creates a conducive environment for the banking industry. As one of the companies with large market capitalization and a leader in the national banking industry, Bank Mandiri will continue its digital transformation strategy through the Livin' by Mandiri super app and the Kopra wholesale platform to support the digital economic and financial ecosystem, while maintaining a focus on sustainability.

Past performance achievements provide an important foundation supporting Bank Mandiri's growth prospects in 2026. The Bank's profitability performance continued to grow, supported by stronger capital and solid backing from the controlling shareholder.

Bank Mandiri will optimize the momentum of economic growth through an aggressive credit growth strategy to sustain loan growth above the banking industry average. Loan disbursement will be directed toward potential productive sectors while supporting government economic programs.

Management Assessment of Matters with Significant Impact on Business Continuity

Bank Mandiri's management continuously monitors external developments that may affect the Group's business continuity. Global dynamics such as the reciprocal tariffs, geopolitical tensions in several regions, and changes in the Federal Reserve's benchmark interest rate that may trigger uncertainty are continuously observed and assessed, and subsequently mapped into risk considerations.

Apart from global conditions, Bank Mandiri's management also closely monitors domestic developments. Economic growth, public purchasing power, business optimism, Rupiah exchange rate movements, inflation trends, changes in fiscal and monetary regulations, as well as developments in the digital economy and finance remain key areas of management focus.

To safeguard business continuity, management remains focused on improving profitability performance while maintaining sound risk management. The development of human resource competencies and the strengthening of digital transformation through platforms such as Livin' by Mandiri and Kopra by Mandiri to support business activities are also continuously pursued to ensure sustainable growth. In addition, Bank Mandiri conducts its business operations in full compliance with prevailing laws and regulations as part of the implementation of good governance.

The commitment to improving economic performance is aligned with social and environmental performance. The issuance of green bonds to finance sustainability initiatives serves as one of the indicators of management's commitment to sustainability. Management considers that economic performance must be accompanied by a strong commitment to social and environmental aspects in order to strengthen sustainable business growth.

Management continues to strengthen global sustainability standards (ESG) by executing the Bank's three main ESG pillars, namely sustainable banking, sustainable operations, and sustainable beyond banking. The sustainable banking pillar is realized through ESG integration in financial sector, such as credit and lending standards, as well as implementing sustainable finance initiatives.

The sustainable operations pillar is strengthene, among others, by improving technology infrastructure and digital security, as well as HR competencies development. The sustainable beyond banking pillar is realized through commitments to inclusive financing, such as micro financing and financial literacy programs for vulnerable groups.

Assumptions Used by Management in Conducting the Assessment

Bank Mandiri adopts several assumptions as considerations in assessing business continuity, including:

a. Stronger economic growth is expected to support greater stability in the financial system.
b. Bank Mandiri's internal assessment in determining the Bank's position within the Indonesian banking industry through a Strengths, Weaknesses, Opportunities, and Threats (SWOT) analysis.
c. Bank Mandiri's overall condition remains very sound, with the Bank Health Level rated at Composite Rank 1 (one), reflecting that Bank Mandiri is considered highly capable of withstanding significant adverse impacts from changes in business conditions and other external factors.
d. Bank Mandiri's capital adequacy remains very strong, with a Capital Adequacy Ratio (CAR) (Bank only) of 19.36% in 2025.
e. Bank Mandiri is included in the ASEAN Asset Class category in the ASEAN Corporate Governance Scorecard (ACGS) assessment conducted by the ASEAN Capital Market Forum (ACMF).
f. Bank Mandiri is the first KBMI 4 bank in Indonesia to obtain ISO 22301 certification for Business Continuity Management System (BCMS) from the global certification body British Standards Institution, covering the functions of Payment, Settlement, Cash Processing, Treasury, and Information Technology.
g. Recognition of ESG implementation at Bank Mandiri, with the Bank's ESG Risk Rating by Sustainalytics improving to the Negligible Risk category in 2025.
h. Recognition of Bank Mandiri's performance through various awards, including:
    - Asian Experience Awards 2025: Indonesia Customer Experience of the Year
    - Euromoney: Awards for Excellence – Best Bank in Indonesia
    - The Digital Banker: Global Transaction Banking Innovation Awards:
        - Best Bank for Cash Management in Indonesia
        - Best Bank for Trade Finance in Indonesia
        - Best Bank for Supply Chain Finance in Indonesia
        - Best Bank for Transaction Banking Services in Indonesia
        - Best Bank for Transaction Banking Services in Southeast Asia
    - Forbes: 2025 World's Best Banks – Highest Ranked State-Owned Bank in Indonesia
    - The Banker: Top 1,000 World Banks 2025 – Ranked 115th globally.

PRIME LENDING RATE

Disclosure of the Prime Lending Rate (SBDK) refers to OJK Circular Letter No. 9/SEOJK.03/2020 concerning Transparency and Publication of Conventional Commercial Bank Reports, which requires conventional commercial banks to report and publish the Prime Lending Rate in Rupiah.

The Prime Lending Rate serves as the basis for determining the lending interest rate that will be charged by the Bank to customers. The Prime Lending Rate does not yet include the estimated risk premium component, the amount of which depends on the Bank's assessment of the risk associated with each debtor or group of debtors. Therefore, the lending interest rate applied to debtors may not necessarily be the same as the Prime Lending Rate.

Year	Basic Rupiah Lending Rate Based on Business Segment (Effective % per annum)					
	Period	Corporate Loans	Retail Loans	Micro Loans	Consumer Loans	
					Mortgages	Non-Mortgages
2025	March 2025	8.50%	N/A	13.50%	12.50%	12.00%

Non-Compliance in Tax Payments

There was no non-compliance in tax payments (NIL) by Bank Mandiri throughout 2025.

LEGAL LENDING LIMIT AND LARGE EXPOSURE LIMIT FOR COMMERCIAL BANKS

Legal Lending Limit Report as of 31 December 2025

In accordance with Financial Services Authority Regulation No. 32/POJK.03/2018 dated 26 December 2018, as last amended by POJK No. 38/POJK.03/2019 concerning amendments to Financial Services Authority Regulation No. 32/POJK.03/2018 on the Legal Lending Limit (LLL) and Large Exposures for Commercial Banks, we hereby present the LLL Report as of 31 December 2025 with the following explanation:

1. Based on the balance sheet data as of 31 December 2025 obtained from the Accounting Group, the following information is noted:
   a. The Bank's capital for the purpose of calculating the LLL amounted to Rp253,092,284 million.
   b. The Bank's Core Capital (Tier 1) for the calculation of the LLL for Non-Related Parties amounted to Rp237,881,116 million.
2. In accordance with the LLL calculation provisions under Financial Services Authority Regulation of the Republic of Indonesia No. 38/POJK.03/2019, the Bank's LLL position as of 31 December 2025 is as follows:

(In Rp Million)

Description	LLL Percentage	LLL Limit	Fund Provision	Tolerance for Fund Provision Against the LLL
LLL for Related Parties	10% of the Bank's Capital	25,309,228	15,938,440	9,370,788
LLL for Non-Related Parties – Individual Borrower / Group of Borrowers	25% of the Bank's Core Capital (Tier 1)	59,470,279	47,108,449	12,361,830
LLL for SOEs for Development Purposes	30% of the Bank's Capital	75,927,685	–	75,927,685

Description	List of Related Parties Receiving Fund Provisions	List of Largest Debtors Other than Related Parties (Borrowers)
Violation of LLL	NIL	NIL
Exceeding of LLL	NIL	NIL

Bank Mandiri confirms that there were no violations and/or exceedances of the Legal Lending Limit (LLL) in relation to the provision of funds to Related Parties. The LLL calculation was carried out in accordance with Financial Services Authority Regulation of the Republic of Indonesia No. 32/POJK.03/2018 concerning the Legal Lending Limit (LLL) and Large Exposures for Commercial Banks, as last amended by POJK No. 38/POJK.03/2019.

DERIVATIVES AND HEDGING FACILITIES

Derivative receivables represent financial assets classified as measured at fair value through profit or loss, while derivative liabilities represent financial liabilities classified as measured at fair value through profit or loss.

Gains or losses arising from derivative contracts are presented in the consolidated financial statements based on the Bank's objective in entering into the transactions, namely for (1) fair value hedges, (2) cash flow hedges, (3) hedges of net investments in foreign operations, and (4) trading instruments, as follows:

1. Gains or losses from derivative contracts designated and qualifying as fair value hedging instruments, together with gains or losses arising from changes in the fair value of the hedged assets and liabilities, are recognized in profit or loss and may offset each other within the same accounting period. Any differences arising indicate hedge ineffectiveness and are recognized directly in the consolidated profit or loss for the current year.
2. The effective portion of gains or losses from derivative contracts designated as cash flow hedges is reported in other comprehensive income. The ineffective portion of the hedge is reported in the consolidated profit or loss for the current year.
3. Gains or losses from derivative contracts designated as hedges of net investments in foreign operations are reported in other comprehensive income, to the extent that the hedging transaction is considered effective.
4. 4. Gains or losses from derivative contracts that are not designated as hedging instruments (or derivative contracts that do not meet the criteria as hedging instruments) are recognized in the consolidated profit or loss for the current year.

HUMAN CAPITAL

GROWING AS ONE, LEADING THE ECOSYSTEM FORWARD

In 2025, Bank Mandiri focused on orchestrating growth across the entire ecosystem by evolving together as one Mandirian force. Through an integrated human capital strategy, inclusive culture, and continuous learning, the Bank empowered every Mandirian to grow in harmony, connecting purpose with performance to drive innovation, collaboration, and sustainable value for Indonesia's progress.

HUMAN CAPITAL MANAGEMENT

Bank Mandiri recognizes Human Capital as a key enabler in achieving the Strategic Focus 2025 of **Integrated Strategic Growth and Transformational Leadership Driven by Orchestrating the Ecosystem.** In 2025, the Bank's Human Capital management was directed toward building strong leadership capabilities, supporting business transformation, and strengthening alignment between people and corporate strategy.

Human Capital development also supported the three Strategic Objectives of 2025, namely dominating transaction banking, leading in low-cost funding, and maintaining its position as the largest lender, by ensuring every Mandirian evolves collectively as part of one cohesive organization. The Bank emphasized continuous learning, talent mobility, and performance culture to encourage collaboration across wholesale, retail, and subsidiaries, reinforcing the spirit of One Mandirian to deliver sustainable value.

HUMAN CAPITAL FRAMEWORK

Bank Mandiri's Human Capital Framework is designed to align people strategy with business priorities and the implementation of the Corporate Plan 2025–2029. It emphasizes the development of future-ready and transformative leaders who can orchestrate collaboration, innovation, and sustainable performance across ecosystems, while strengthening organizational agility and productivity through digital integration, competency-based management, and continuous capability building. At the same time, the Bank cultivates a unified culture that connects all Mandirians under shared values of integrity, professionalism, and service excellence.

Through Mandiri Corporate University, the Bank provides an integrated learning ecosystem that combines leadership development, technical and digital skill enhancement, and values-based learning. This comprehensive framework ensures that Human Capital continues to evolve in harmony with strategic transformation, empowering every Mandirian to contribute meaningfully to innovation, operational excellence, and long-term growth.

HUMAN CAPITAL STRATEGY

THE BEST FINANCIAL INSTITUTION IN SOUTHEAST ASIA

Developing transformative business leaders who are capable of managing risks and committed to always deliver and always ahead

01 Building World Class Top Leaders Talent Factory

- Aligning the Bank's Vision and Strategy to Drive Progressive Execution
- Developing Employee Capabilities through "Beyond Learn

02 Elevating Future-Fit Organization & Highly Productive Workforce

- Transforming Organizational Structure and Employee Productivity
- Realizing Superior Talent Performance through Strategic Remuneration Schemes and PMS

03 Strengthening People Mindset & Groupwide Culture by Ethics & Integrity

- Cultivating Outstanding Mandirian through Internalization of mDNA Values
- Creating a Positive Employee Experience and Becoming the Best Place to Work

In supporting the Bank's 2025 Strategy, Human Capital focused its management on three main strategic initiatives, namely Capability (Building World-Class Top Leaders Talent Factory), Capacity (Elevating a Future-Fit Organization and Highly Productive Workforce), and Work Culture (Strengthening People Mindset and Groupwide Culture through Ethics and Integrity). These three strategic initiatives are further translated into six Human Capital game plan focuses, as described below:

1. **Capability:** Aligning the Bank's vision and strategy to drive progressive execution, as well as developing employee capabilities through a Beyond Learning approach oriented toward strengthening leadership and future business readiness.
2. **Capacity:** Transforming the organizational structure and enhancing employee productivity, as well as realizing superior talent performance through the implementation of strategic remuneration schemes and a competitive Performance Management System (PMS).
3. **Work Culture:** Developing outstanding Mandiri employees through the internalization of mDNA values, and creating a positive employee experience to strengthen engagement and position Bank Mandiri as an employer of choice.

BANK MANDIRI HUMAN CAPITAL ARCHITECTURE

Bank Mandiri Human Capital Architecture consists of 3 (three) key components:

1. **M-DNA & AKHLAK**
   Represents the specific behaviors (unique characteristics) of all Bank Mandiri employees, referred to as Mandirian DNA (m-DNA). m-DNA reflects the unique characteristics of Mandiri employees as the embodiment of the core values (Trustworthy, Competent, Harmonious, Loyal, Adaptive, and Collaborative). These specific behaviors are actualized through the collective movement of Bergerak Berdampak Mandirian to realize Mandiri employees who always deliver and always ahead in achieving Bank Mandiri's vision and aspirations.

2. **Employee Value Proposition (EVP) & Culture**
   The foundation of Mandiri Human Capital development is driven by the objective of building the AKHLAK Mandirian culture and positioning Bank Mandiri as a workplace that offers a strong Employee Value Proposition, namely opportunities to learn, grow, collaborate, and contribute meaningfully to Bank Mandiri and Indonesia.

   To enhance productivity and support the Bank's performance growth, this is reinforced through the implementation of an Employee Well-being Policy to create a productive, healthy, safe, comfortable, happy, harmonious, and inclusive working environment.

3. **Human Capital Life Cycle**
   The Employee Value Proposition (EVP) is realized through comprehensive management of all stages of the employee lifecycle, encapsulated in the "Human Capital Life Cycle." This process begins with organizational structure and capacity design, followed by recruitment, onboarding, recognition, development, and finally, retirement and exit.

   The Human Capital Life Cycle includes:
   a. ARCHITECT (Organization Structure and Capacity) – Organization Development: Organizational development which includes organizational structure design and position evaluation, career development, and employee needs planning (capacity planning).
   b. ATTRACT (Recruitment – Human Resource Fulfillment): A reliable Human Resources fulfillment system both through internal and external sources, and employee attraction (strategies to attract employees).
   c. ALIGN (Onboarding & Employee Relation – Employee Onboarding and Employment Relations System): A friendly system of employee onboarding and relations for employees and new employees.
   d. ADVANCE (Learning and Development): Training and capability development of employees to support business needs.
   e. APPRAISE (Performance – Individual Performance Management): Employee performance appraisal and feedback system that is accountable and transparent.
   f. AWARD (Reward – Reward System (Total Reward)): Competitive and accurate employee reward system.
   g. ACTUALIZE (Talent and Succession): Quality and timely talent and succession management system.
   h. ADIEU (Retire and Exit): Employee termination system and pension plan.

In addition to these three components, Bank Mandiri's employee management is supported by the strengthening of Human Capital technology infrastructure. The continuous development of HR systems and technology infrastructure is undertaken to enhance user-friendliness, thereby driving higher employee engagement through integrated end-to-end employee life cycle management.

ORGANIZATION STRUCTURE OF BANK MANDIRI HUMAN CAPITAL MANAGEMENT

ORGANIZATIONAL STRUCTURE OF HUMAN CAPITAL & COMPLIANCE DIRECTORATE

Based on this structure, the Human Capital & Compliance Directorate consists of:

- **Compliance Group,** which manages the functions of Compliance Officer, Compliance System, Corporate Governance, Liaison Officer, IT Compliance, and Financial Report Control.
- **Anti-Money Laundering – Counter Financing of Terrorism (AML–CFT) Group**, which manages AML–CFT Transaction Monitoring, AML–CFT Reporting & Liaison, AML–CFT System & Data Analytics, and AML–CFT Advisory & Business Strategy functions.
- **HC Engagement & Outsource Management Group,** which manages Industrial Relations, Outsourcing Management, Outsourcing Operation & Support, and Pension Fund & Alumni Relations functions.
- **HC Strategy & Talent Management Group,** which manages HC Strategy & Analytics, Talent Management, HC Digital & Employee Experience, Culture Activation, HC Communication & Employer Branding, Leadership Development, Management Development, and Emerging Leaders Development functions.
- **HC Performance & Remuneration Group**, which manages Reward Management, Performance & Incentives, Organization Development, Strategic Workforce Program, and Human Capital Policy & Procedure functions.
- **Mandiri University Group,** which manages the Academy (comprising Academy Wholesale Business & Recovery, Treasury & Institutional Banking, Retail Banking, Business Enabler, Risk, and Digital Banking & IT), Learning Strategy & Governance, Faculty & Program Management, Mandiri University Branding – Communication & Partnership, Learning Budget & Monitoring, Learning Operations & Process Improvement, as well as the Job Training Institute (LPK) & Certification.
- **HC Services Group,** which manages Talent Acquisition, HC Information System, HC Operations, Quality Assurance & Effectiveness Improvement, and Improvement Project functions.

- **Senior Human Capital Business Partner, consisting of four roles, covering:**
  a. Senior Human Capital Business Partner 1: HCBP Network & Retail Funding 1, HCBP Network & Retail Funding 2, HCBP Operations, and HCBP Institutional & ESG.
  b. Senior Human Capital Business Partner 2: HCBP Consumer Banking Network, HCBP IT & Digital Banking, HCBP Retail & Enterprise Risk, and HCBP Corporate Relations.
  c. Senior Human Capital Business Partner 3: HCBP Commercial Banking, HCBP Corporate Banking, HCBP Special Asset Management, HCBP Subsidiaries & Talent Exchange, and HCBP Wholesale Risk.
  d. Senior Human Capital Business Partner 4: HCBP Treasury & International Banking, HCBP Finance & Strategy and Internal Audit, and HCBP HC & Compliance.

DIVERSITIES AND EQUAL OPPORTUNITIES

In accordance with its human capital management policy, Bank Mandiri consistently demonstrates its commitment to valuing diversity and ensuring equal opportunities for all employees to advance and grow, without discrimination based on ethnicity, religion, race, or other differences in Human Capital management. The Bank ensures that Human Capital management is conducted based on competence, thereby providing equal opportunities for all employees in terms of career development, competency enhancement, remuneration, and other aspects. This commitment to equality is reflected in the relatively balanced percentage of female employees, representing 52.38% of the total workforce. Meanwhile, the proportion of women holding top-level management positions, from Assistant Vice President to SEVP, reached approximately 35.71% in the 2025 reporting year.

HUMAN CAPITAL MANAGEMENT PROGRAMS IN 2025

Bank Mandiri implements a robust and consistently applied Human Capital management program to support the realization of its Corporate Plan and strategic objectives, as outlined below:

INTERNALIZATION OF CORPORATE CULTURE

Bank Mandiri consistently and continuously implements the AKHLAK Core Values through the development of the unique characteristics of Mandirian DNA (m-DNA) as Ways of Working, which are embodied in Bank Mandiri's culture implementation framework.

Amanah

Trustworthy - Uphold the trust given

"Trustworthy" value code of conduct:

- Deliver on agreements and commitments
- Responsible for the duties, decisions and actions performed
- Firmly upholding the moral and ethical values

Kompeten

Competent - Continue to learn and develop capabilities

"Competent" value code of conduct:

- Improving self-competence to overcome ever-changing challenges
- Helping others learn
- Complete tasks of the highest quality

Harmonis

Harmonious - Care for each other and respect differences

"Harmonious" value code of conduct:

- Respect everyone regardless of background
- Fond to help others
- Building a favourable work environment

Loyal

Loyal - Dedicated and to first put the interests of the nation and the country

"Loyal" value code of conduct:

- Maintaining the good name of fellow employees, leaders, SOEs, and the Nation
- Willing to sacrifice to achieve greater goals
- Be obedient to the leadership as long as it does not conflict with law and ethics

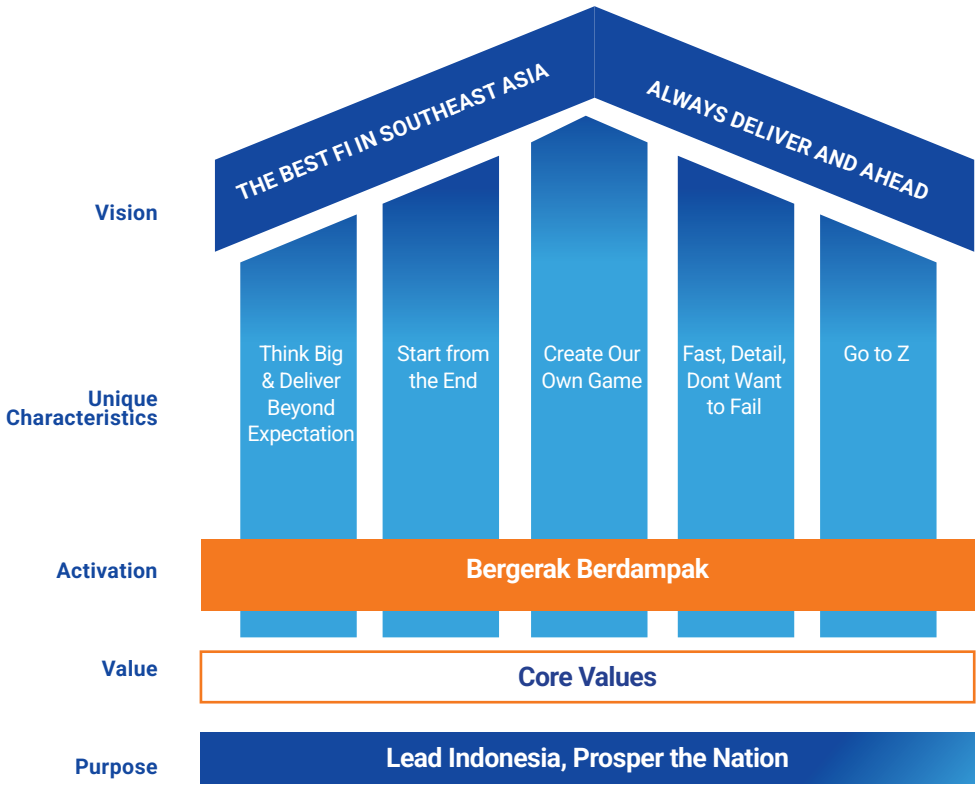
Adaptif

Adaptive - Continue to innovate & be enthusiastic in enforcing or overcoming change

"Adaptive" value code of conduct:

- Quickly adjust to perform better
- Constantly make improvements following technological developments
- Act proactively

Kolaboratif



Collaborative - Build synergistic cooperation

"Collaborative" value code of conduct:

- Provide opportunities for various parties to contribute
- Open to working together to generate added value
- Drive the utilization of multiple resources for a common goal

Bank Mandiri Culture Implementation Framework

To strengthen the sustainable implementation of the AKHLAK core values, Bank Mandiri has established a framework as the unique characteristics of all its employees, known as Mandirian DNA (m-DNA). m-DNA represents the embodiment of the core values (Trustworthy, Competent, Harmonious, Loyal, Adaptive, and Collaborative). These specific behaviors (unique characteristics) are actualized through the collective Bergerak Berdampak movement to realize Mandiri employees who always deliver and ahead (m-DNA) in achieving Bank Mandiri's vision and aspirations.

As part of cultural implementation, Bank Mandiri has established a Culture Squad (CSQ). The CSQ plays a vital role as the driving force behind cultural internalization by supporting, communicating, and actively participating in the Company's culture internalization process. The CSQ also designs, implements, and reports program initiatives aligned with the specific characteristics of each Work Unit. The CSQ holds the following strategic roles:

- **Core Influencer:** Acts as the main driving force to oversee and internalize cultural programs within each work unit, as well as to initiate and develop cultural programs, both bankwide and tailored to the specific characteristics of each unit.
- **Communication Hub:** Communicates and ensures effective knowledge transfer of cultural programs, conducts continuous monitoring of implementation, and ensures that leaders within each work unit consistently apply Bank Mandiri's culture.
- **Impact-Driven Ownership:** Facilitates ongoing change management by actively promoting a culture of innovation within work units, and partnering with the Culture Activation Department and Mandiri Club to drive continuous improvements in the implementation of cultural programs at both the unit and bankwide levels.

Board of Directors & SEVP (L1)
Serve as role models and the Advisory Board for work culture implementation, particularly within their respective supervising Directorates.

Group Heads, Regional CEOs, and Equivalent Officials (L2)
Act as role models and conceptual drivers in internalizing the work culture within their respective units.

Department Heads, Regional Heads, Area Heads, Segment Heads, and Equivalent Officials (L3)
Initiate the development, communication, implementation, and evaluation of cultural programs within their respective units.

Officers (L4)
Culture Squad (L4) members serve as agents of change to ensure the consistent implementation of work culture programs within their respective units.

FLAGSHIP PROGRAMS

The following bankwide flagship programs have been implemented during 2025, as follows:

No.	Program	Description	Purpose
1	Bergerak Berdampak – Mandirian Militancy	Refinement of the Bergerak Berdampak cultural program to ensure employees consistently live the culture and generate a significant impact on the Company's performance. From Mandiri employees who embody the AKHLAK core values, the unique characteristics of m-DNA, and the Mandirian Militant mindset, moving together with fellow Mandirians forms a collective movement known as BERGERAK BERDAMPAK.	A collective movement that delivers tangible impact for Bank Mandiri and supports the development of Mandirian Militants who are Always Deliver and Always Ahead.
2	Culture of Ownership – Bangga Pakai Mandiri	A culture of "sense of ownership" toward Bank Mandiri through the Bangga Pakai Mandiri Program, where employees are reminded to use, understand, and promote Mandiri products, thereby fostering emotional attachment and strengthening their ability to serve as role models for customers and the broader community.	This initiative builds proactive and responsible employee behavior, as well as authentic pride in Bank Mandiri's products and services, enabling all employees to contribute to business growth.
3.	Culture of Innovation	Strengthening a culture of innovation that encourages employees to think creatively in identifying new ways to enhance service quality and improve work process efficiency.	Fostering employees' strategic capabilities to deliver relevant solutions aligned with customer needs and to advance competitive digital service development.
4	Culture of Integrity	Strengthening a culture of integrity in which every employee upholds the values of honesty, compliance, and ethical conduct across all work processes, prioritising adherence to internal and external regulations, as well as the Know Your Employee (KYE) principles.	Fostering a trusted, transparent, and violation-free work environment, thereby reinforcing Bank Mandiri's reputation, safeguarding customer trust, and building a sustainable business.
5	Well-being Culture	A culture that positively contributes to employee productivity and well-being, in collaboration with Mandiri Club.	Creating a safe and supportive environment through the Mandiri Well-being Program to sustain employee productivity and long-term well-being.
6	Culture Campaign Multichannel	A campaign strategy to reinforce culture implementation through multichannel communication.	Communicating cultural messages in ways that are more accessible and easier for employees to understand.

No.	Program	Description	Purpose
7	Corporate Culture Training	Training to equip employees with an understanding of the unique Mandirian DNA characteristics and the strengthening of work culture, including RWP and behaviour based on core values.	Building a deeper understanding of the core values, the unique m-DNA characteristics, and their implementation at work.
8	Mandiri Excellence Award	The highest recognition from management for employees and/or work units that demonstrate outstanding performance and exemplify the best Mandirian behaviour. The award consists of 2 categories: the Mandatory Award, namely Mandiri Best Employee for individuals, and the Thematic Award for both individuals and work units.	Enhancing employee engagement, motivation, and pride.
9	Mandiri Best Employee Training Program	An advanced learning program for employees who receive the award, as culture role models.	• Enhancing capabilities and strengthening role as exemplars of culture implementation.
10	AKHLAK Bulletin	An internal publication forum regarding updates on AKHLAK culture and various cultural initiatives from work units.	Providing cultural inspiration and strengthening the implementation of AKHLAK values in daily activities.
11	Semangat Pagi Mandirian	Semangat Pagi Mandirian is a regular weekly program held at the beginning of each week, delivering the latest updates through a LIVE interactive session on Bank Mandiri's key initiatives and priorities. With open access for all employees, this program aims to maintain bankwide information alignment while fostering positive energy across all Mandiri employees.	Enhancing continuous understanding of corporate culture.
12	Mandiri Young Leader	A development program for prospective young leaders of Bank Mandiri.	Developing future leaders with modern leadership competencies.
13	Future MIL	An acceleration program for high-potential talents to prepare future leaders.	Enhancing managerial and leadership capabilities in a comprehensive manner.
14	My Digital Academy (MDA)	My Digital Academy (MDA) is a talent acceleration program focused on engagement and early recruitment for final-year students and fresh graduates from leading universities in Indonesia. The program is delivered through IT and Business streams aligned with Bank Mandiri's needs.	Through a targeted sourcing approach, MDA serves as a leading talent pipeline to prepare a future-ready workforce relevant to the organisation's requirements.
15	Mission Critical Role	A remuneration scheme for positions with the most significant impact on financial performance, risk exposure, and the implementation of the Bank's strategic initiatives.	Differentiating remuneration for Mission Critical Roles to encourage motivation for rotation into business functions and to fulfil organisational capacity within business functions.
16	Employee Health Facilities	Enhancement of health facilities for employees and their family members, including the extension of eligible age for employee General Check-Up, an increase in the annual limit for employees and family members, and the provision of free access to online psychological services.	Improving the well-being of employees and their families from preventive to curative aspects, ensuring that employee productivity is consistently maintained.
17	Car Ownership Program Auto-Loan	Enhancement of the four-wheel vehicle ownership program for employees at leadership level through the expansion of eligible participants, extension of the programme tenure, and more attractive benefits.	Increasing long-term employee motivation and engagement, while supporting employee mobility.

No.	Program	Description	Purpose
18	Motorcycle Ownership Program Auto-Loan	A new program for staff-level employees providing two-wheel vehicle ownership with broad eligibility coverage, flexible program tenure, and attractive benefits.	Increasing long-term employee motivation and engagement, while supporting employee mobility.
19	Hands For Charity & Sharing (HCS)	A CSR initiative organised by the Human Capital Services Group, with its main activities centred on sharing through donations as well as knowledge, information, experience, and other forms of contribution. This initiative is conducted in collaboration with SAAJA (Sekolah Alternatif Anak Jalanan).	Activities include: • Introducing proper waste sorting based on type • Introducing various professions within the community • Conducting play-and-learn sessions through educational games • Providing donations to SAAJA and its students

RECRUITMENT

Bank Mandiri has established several stages in the employee recruitment process, as outlined below:

BANK MANDIRI RECRUITMENT STAGES

An elimination system is applied at each stage of selection..

Employee recruitment at Bank Mandiri is carried out through two main channels: internal and external. Internal recruitment is conducted through internal development programs aimed at filling leadership positions, while external recruitment is carried out through fresh graduate and experienced hire (pro hire) channels for both leadership and staff positions. All recruitment processes are conducted in accordance with the Bank's manpower needs and in compliance with applicable regulations.

Internal Recruitment

Internal recruitment is managed by Human Capital Services for the Staff Development Program (SDP) positions. The guidelines for implementing the SDP are outlined in Bank Mandiri's internal regulations, as detailed below:

1. Officers and Security Officers with the top priority of the Authority Holder Employees (P3K).
2. Minimum education of Bachelor degree/ equivalent.
3. Have a professional disposition, namely: speak with respect, well dressed, well mannered, self-confidence.
4. Performance Level (PL) and Talent Classification (TC) in the past 2 (two) years must be at least PL2/ CR. PL3 is allowed provided the employee has a HIPO Talent Classification in one of those years.
5. Minimum service period of 5 years from the effective date of employment.
6. Maximum age of 45 years at the time of initial selection.
7. Attain recommendations from Head of Work Units.
8. Not in the process of audit/ investigation due to violations of employee discipline.
9. Not undergoing any examination and/or investigation. Not currently under sanction and/or not within the consequence period of any imposed sanction.
10. Have never participated in the SDP selection in the previous year.
11. Has not participated in the SDP selection process within the previous 12 (twelve) months.
12. Specifically for security staff-level employees: Authorised Staff-Level Employees (P3K) – Security/ Security Supervisor.

In 2025, a total of 816 employees participated in internal recruitment, a 41% increase from 579 employees in 2024. This increase was driven by the growing need to fill leadership positions within work units through internal pathways, particularly via the SDP program.

Description	2023	2024	2025
SDP Recruitment	538	579	816

In addition to SDP program, Internal recruitment is carried out through rotation, secondment, promotion, and demotion as part of the employee career development process. The Bank adopts a holistic approach, considering not only promotions but also capability enhancement, expansion of responsibilities, individual development, and improved remuneration.

- Rotation refers to the transfer of employees within the same unit or across different units.
- Secondment is a temporary assignment of employees for a specific period.
- Promotion involves moving an employee to a higher-ranking position, either within the same unit or across different units, where the new role has a higher level of responsibility or job grade.
- Demotion is the transfer of an employee from a higher position to a lower one, aimed at providing coaching and learning opportunities to help improve productivity in line with the Bank's business and organizational need.

BANK MANDIRI EMPLOYEE PROMOTION, DEMOTION AND ROTATION

Description	2023	2024	2025
Promotions (MPC and SPC)*	9.210	10.388	10.360
Demotion	5	14	17
Rotation	13.440	15.525	16.440

*MPC is a Main Promotion Cycle and SPC is a Secondary Promotion Cycle.

External Recruitment

External recruitment is conducted to fill positions within the Officer Development Program (ODP). The implementation guidelines for the ODP are outlined in Bank Mandiri's internal policies, as detailed below:

a. Minimum of Bachelor Degree Education Level or equivalent.
b. Candidates from the graduates of universities with the best reputation in Indonesia and overseas set by Bank Mandiri.
c. Study Programs required by the Bank
d. Maximum age at the time of following the initial selection:
   - 26.0 years for Bachelor Degree/equivalent graduates
   - 28.0 years for Master Degree graduates
e. Minimum Grade Point Average (GPA):
   - Bachelor Degree graduates: 3.00 (4.00 scale)
   - Master Degree graduates: 3.20
   - Graduates of Overseas Universities: Pass or based on certain standards according to the origin of the University
f. Unmarried and willing to be unmarried during the program.
g. Have no Criminal record from the Police or a record of misconduct from the previous company.

In 2025, total recruitment through the ODP program reached 645 participants, a 22% decrease from 829 participants in the previous year. In 2025, Bank Mandiri prioritized in fulfilling leadership positions through internal development programs or the advancement of existing employees. The ODP program continues to be implemented to meet leadership needs sourced from fresh graduate candidates. Sourcing was conducted through job fairs, campus hiring initiatives participated in by Bank Mandiri, the "Talent Hunt" program, internship programs, and the use of an Applicant Tracking System in collaboration with third-party partners.

Description	2024	2025
ODP Recruitment	829	645

CPDK (Special Regional Leadership Candidate) Recruitment

The CPDK recruitment program is specifically designed for fresh graduates who are local talents from their respective regions. Employees recruited through the CPDK pathway undergo a comprehensive and intensive development program that includes both in-class training and on-the-job learning. This program aims to provide a deep understanding of operational standards and business processes within the work units, ensuring that employees are well-prepared to perform their roles and responsibilities in their local areas.

Description	2024	2025
CPDK Recruitment	68	63

CPDK employee recruitment was placed across several Bank operating units, including the Southern Sumatra Region (Regional 2), Kalimantan and surrounding areas (Regional 9), Sulawesi and Maluku (Regional 10), Bali and Nusa Tenggara (Regional 11), and Papua & West Papua (Regional 12).

Regions	Total
Region II/South Sumatra	30
Region IX/Kalimantan	12
Region X/Sulawesi & Maluku	7
Region XI/Bali & Nusa Tenggara	9
Region XII/Papua	5
Grand Total	**63**

Recruitment of Employees With Disabilities

Bank Mandiri also has a policy to recruit employees with disabilities as part of its commitment to equal employment opportunities. Currently, employees with disabilities are recruited for positions such as Contact Center staff, Human Capital staff, and IT staff. The recruitment process for employees with disabilities is carried out by the respective work units in coordination with Human Capital and involves competent third parties to ensure an appropriate recruitment process. In addition, recruitment is conducted in collaboration with FHCI (Forum Human Capital Indonesia), a forum for Human Capital management practitioners within SOEs to interact, learn, and collaborate in enhancing Human Capital management practices. In 2025, there were 94 employees with disabilities, a 40% increase compared to 67 employees in 2024, with details as follows.

Description	2024	2025
Total Employee with Disabilities	67	94

Internship Recruitment

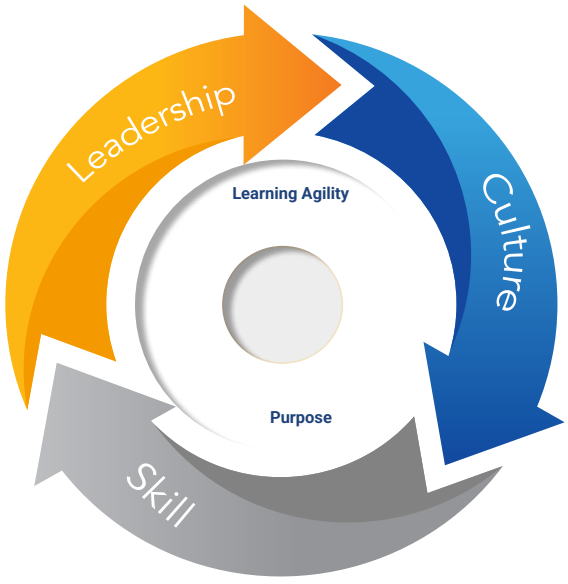
The Internship Program aims to equip and develop the competencies of school and university graduates to prepare them for the professional workplace. Internship participants who demonstrate strong skills and competencies are considered as potential candidates in Bank Mandiri's recruitment process. Bank Mandiri's internship programs that serve as recruitment pipelines consist of two main types: Kriya Mandiri and Partnership Internship Programs, which include Magang Generasi Bertalenta (MAGENTA) and the Certified Internship Program under Kampus Merdeka (MBKM) programs.

Kriya Mandiri is an integrated internship program introduced in 2012 for high school, Diploma (D3), and Bachelor's degree (S1) graduates. The program aims to provide participants with knowledge, skills, and hands-on experience in the banking industry. The learning modules cover various functions, including back-office operations, call center, customer service, and teller activities. For the contact center position, the Bank also offers a specialized internship program for participants with disabilities, known as Kriya Mandiri Contact Center, designed for applicants with a minimum education level of high school. Participants in the program undergo three structured stages: basic, intermediate, and advanced, conducted comprehensively over a three-year period according to a structured curriculum.

In 2025, there were 3,029 participants in the Kriya Mandiri program, of which 273 participants were appointed as permanent employees of Bank Mandiri. This figure represents a 67% decrease compared to 817 participants in the previous year.

The Partnership Internship Program is implemented by State-Owned Enterprises (SOEs) and the Forum Human Capital Indonesia (FHCI) for the Magenta Internship Program, as well as by the Ministry of Manpower for the National Apprenticeship Program (Kemnaker). The Magenta Internship Program commenced in 2023, while the National Apprenticeship Program (Kemnaker) began in 2025. This program is intended for fresh graduates from public and private universities registered with the Ministry of Higher Education, Science, and Technology, at both Diploma and Bachelor levels, with a maximum graduation period of one year. The six-month internship aims to enhance work experience and create broader opportunities across various industry sectors. Participants gain comprehensive and structured knowledge and skills, particularly in the banking sector. In 2025, the internship program successfully recruited 1,550 participants, with details as follows.

Internship Program	2025
Kemnaker Apprenticeship	1,345
Magenta and General Internship	205
Total	**1,550**



EMPLOYEE DEVELOPMENT

To enhance employee competencies and strengthen global competitiveness, Bank Mandiri has implemented a series of continuous development initiatives aimed at building a pool of high-performing and future-ready talents. The Bank's focus on competency enhancement is closely linked to its broader commitment to career development and long-term employee growth.

EMPLOYEE CAREER DEVELOPMENT

Bank Mandiri's approach to employee career development is guided by the Talent Management and Succession Program, which is based on the principle of fair opportunity. This ensures that every employee has an equal chance to grow and progress within the organization, while taking into account the Bank's needs, individual capabilities, performance evaluations, potential, talent classification, positions, and other relevant factors. The program is designed to prepare employees to assume key management positions and contribute effectively to the Bank's leadership pipeline.

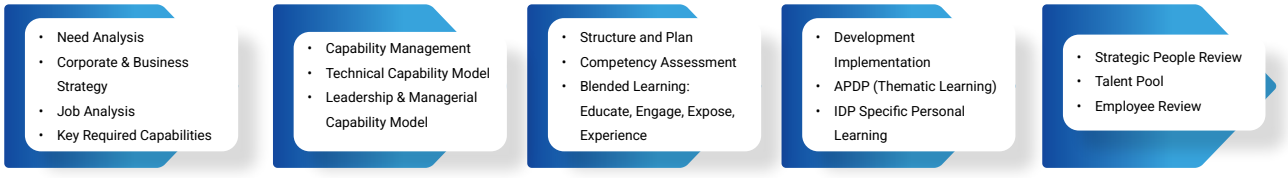
The Bank's Talent Management and Succession Strategy is structured around the Framework, which consists of five key elements: Technical Capability, Leadership Capability, Culture, Learning Agility, and Purpose. This framework serves as the foundation for talent development, ensuring that all five elements are implemented in a balanced and holistic manner to produce well-rounded, competent, and purpose-driven leaders.

In preparing top talent to become future leaders in strategic positions, Bank Mandiri implements a structured approach focused on identifying, developing, and retaining individuals with high leadership potential. This approach consists of four main stages, namely:

Talent Identification	Talent Profiling	Talent Development	Strategic People Review
TC Identification Process (Talent Classification) based on performance, Leadership Characteristics, Ability, Agility and Engagement	Talent profiling process based on track record, technical capability, leadership capability and personality aspects	Plan and execute talent development based on capability gaps	Review process of development plans and implementation to ensure optimal sustainability of succession management.

EMPLOYEE COMPETENCY DEVELOPMENT

Employee competency development at Bank Mandiri is carried out through its corporate university, Mandiri University. The program operates using a model based on the Strategic Learning Process, which is a comprehensive learning cycle that begins with analyzing business needs and employee competencies, followed by designing and implementing learning solutions, and concluding with measuring their impact on business performance outcomes.



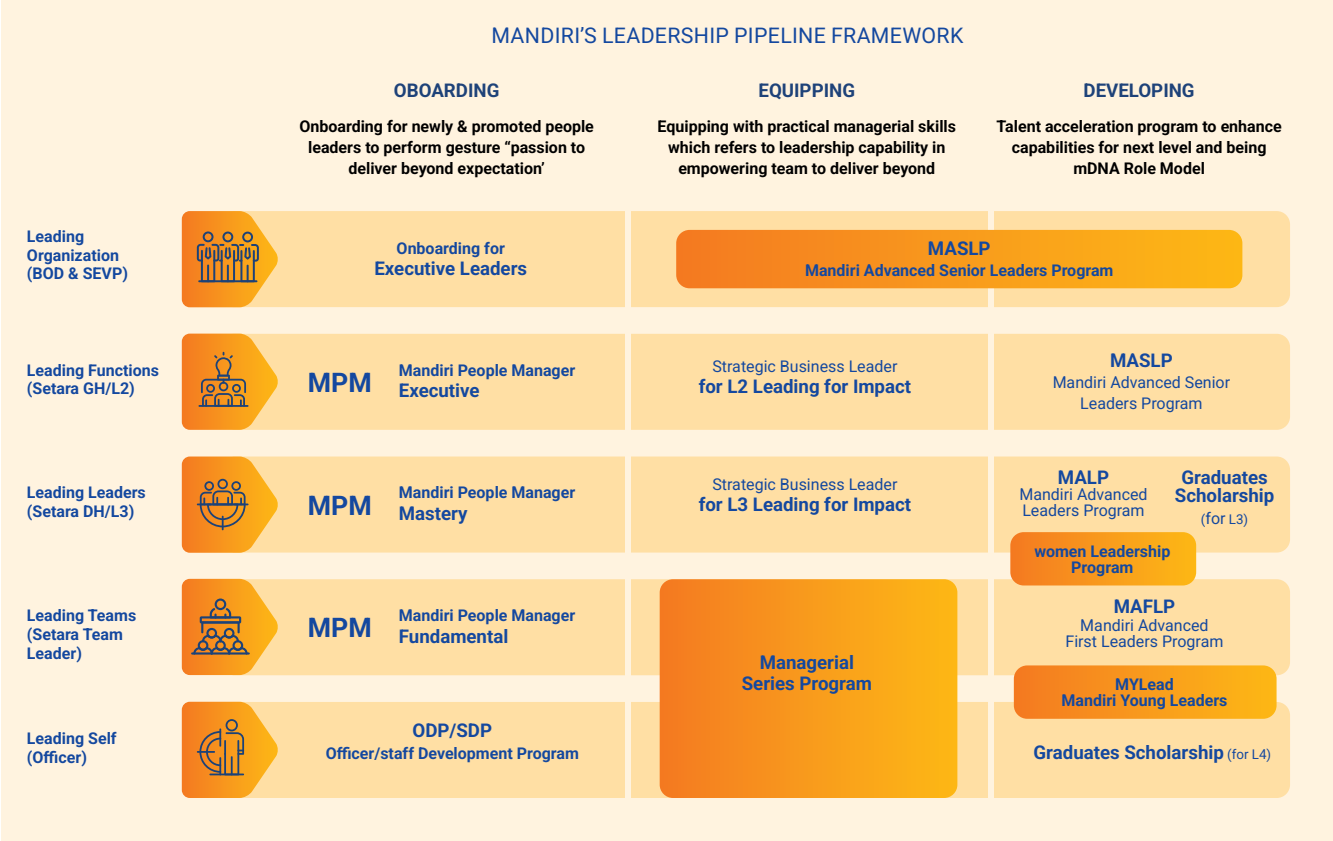
Employee development programs managed by Mandiri University are designed to support the implementation of Bank Mandiri's Corporate Plan by enhancing employee competencies aligned with the Bank's vision. To ensure alignment with the Bank's strategy, competency development is carried out across leadership, managerial, and functional areas, particularly in wholesale banking, retail, consumer banking, network IT, digital, and branch functions, as well as other general areas.

Employee competency development is implemented within Bank Mandiri's competency framework as outlined in the Leadership Capability Model (LCM) and Technical Capability Model (TCM).

In technical competencies, in addition to training programs tailored to business and employee needs, Bank Mandiri continues to focus on Reskilling, Upskilling, and Redeployment in line with the Smart Branch implementation, as well as strengthening digital capabilities for all employees. Capability development is conducted in a structured manner to meet business needs, including a top-down approach based on the Bank's strategic policies implemented efficiently, with periodic reporting of progress.

Employee development plans are formalized in the Annual People Development Plan (APDP) for each Directorate according to its specific needs. The APDP is developed systematically, from a learning needs analysis, determining learning design and solutions in the form of training modules, scheduling program implementation (learning delivery and deployment), and measuring learning impact. The APDP is developed by Mandiri University in collaboration with the relevant Work Units and HCBP, with top-down training programs aligned with organizational needs (Thematic Learning). In addition to top-down programs, Bank Mandiri also plans employee development through a bottom-up approach based on specific competency gaps (Specific Personal Learning), discussed through development dialogues with supervisors. This bottom-up program is documented in each employee's Individual Development Plan (IDP).

EMPLOYEE DEVELOPMENT FLOW IN CAPABILITY DEVELOPMENT



Mandiri University has established dedicated academies for each business segment of the Bank, enabling employees in each respective unit to receive training and development specifically tailored to their roles and responsibilities. The following academies are available at Bank Mandiri:

Academy	Segment
Wholesale Banking Academy	Focus on the development of Corporate Banking, Commercial Banking, Small Medium Enterprise and Special Asset Management
Retail Banking Academy	Focus on the development of Treasury, Internasional Banking and Institutional Relations
Operations Academy	Focus on the development of Retail Banking, Consumer Banking and Investment Management
Risk Academy	Focus on the development of Digital Banking, Information Technology and Enterprise Data Management
Digital Banking and Information Technology Academy	Focus on the development of Risk Management, Audit & Control Function, Compliance & Legal
Human Capital and Finance Academy	Focus on the development of Human Capital, Finance and Banking Operations
Leadership and Management Development Academy	Focus on leadership and managerial development at Bank Mandiri.

Bank Mandiri's competency development consists of two main programs: Leadership Development and Technical Development. Both are structured based on each job family's core competencies and capability model to support career growth, strengthen adaptability, embed corporate values, and contribute to the nation progress. The details of each program are as follows:

a. Leadership Development Program

This program provides a structured and tiered leadership development journey aligned with each employee's leadership level. The program consists of three main phases for each level of organizational leadership: Onboarding, to equip employees stepping into new roles; Equipping, to strengthen specific leadership skills based on identified gaps; and Developing, to prepare employees for the next leadership level. The program targets all leadership levels, from officers to directorsat various leadership levels, from officers to directors.

The tiered programs in the leadership development program are as follows:

- **Officer Development Program (ODP)**
  The Officer Development Program (ODP) is a flagship talent development program designed to prepare Mandirian Leaders of the Future with comprehensive banking knowledge, future-ready competencies, and strategic leadership character. Development is carried out through an experiential learning journey based on business cases, namely WholesaleX, BranchX, and DigitalX, which provide in-depth exposure to core banking businesses and hands-on experience through real-case assignments.

  Participants also receive mentorship from Top Management (SEVP and the Board of Directors) to accelerate the development of future leaders who are ready to support the achievement of Bank Mandiri's three Strategic Objectives: Main Transaction Bank, Largest Lender, and Leader in Low-Cost Funding. In 2025, a total of 681 prospective employees across 21 batches participated in the ODP development program.

.

- **Staff Development Program**
  The Staff Development Program (SDP) is a flagship talent development program designed to prepare Mandirian Leaders of the Future with comprehensive banking knowledge, future-ready competencies, and strategic leadership character. Development is delivered through an experiential learning journey based on business cases namely WholesaleX, BranchX, and DigitalX, which provide in-depth exposure to core banking businesses and hands-on experience through real-case assignments.

  Participants also receive mentorship from Top Management (SEVP and the Board of Directors) to accelerate the formation of future leaders who are ready to support the achievement of Bank Mandiri's three Strategic Objectives: Main Transaction Bank, Largest Lender, and Leader in Low-Cost Funding. In 2025, a total of 897 employees participated in the SDP across 29 batches.

- **SESPIBANK Program**
  The Bank Staff and Leadership College (SESPIBANK) is a development program in collaboration with the Indonesian Banking Development Institute for Bank Mandiri Level L3 leaders to prepare employees to the next level. The SESPIBANK curriculum consists of classical classes, general banking certification tests, benchmarking, and making papers as final evaluation material. After participating in this program, participants are expected to develop more advanced banking technical skills, as well as network with official participants from various other banks in Indonesia. In 2025, 4 (four) employees of Bank Mandiri participated in this program.

- **Mandiri People Manager (MPM) Fundamental**
  A development program designed for employees at the L4 (Officer) level to equip them with managerial capabilities and foundational leadership skills. The curriculum covers the preparation of SMART work plans, task management principles based on PDCA, performance monitoring, as well as effective communication, coordination, and work instruction. Key programs include the Mandiri Strategic Thinking Initiatives (MSTI) and the Mandiri Sticky Relationship Academy (MSRA) for L4. In 2025, a total of 247 employees participated in the MPM Fundamental program.

- **Mandiri People Manager (MPM) Mastery**
  A training program for employees at the L3 level (equivalent to Department Head) and peers, aimed at enhancing managerial capabilities, leadership skills, and team performance. The curriculum covers strategic leadership, change leadership, decision-making, driving improvement and execution excellence, as well as organizational communication and prioritizing team objectives. Key programs include the Mandiri Strategic Thinking Initiatives (MSTI) and the Mandiri Sticky Relationship Academy (MSRA) for L3. In 2025, a total of 116 employees participated in the MPM Mastery program.

- **Mandiri People Manager (MPM) Executive**
  A leadership program designed for employees at the L2 (BOD-2) and BOD-1 levels to prepare and accelerate their leadership readiness. The program covers leadership excellence, strong business motivation, executive decision-making, and industry leadership. Key programs include the Mandiri Strategic Thinking Initiatives (MSTI) and the Mandiri Sticky Relationship Academy (MSRA) for L2. In 2025, a total of 74 employees participated in this program.

- **Mandiri Advanced Senior Leaders Program (MASLP)**
  A leadership development program for top leaders (BOD-1) aimed at strengthening their strategic capabilities. The program focuses on enterprise leadership, strategic leadership,

people focus, and digital leadership in alignment with the Bank's needs and strategy.

- **Mandiri Advanced Leaders Program (MALP)**
  A Leadership Development Program for top talent at the BOD-2 level to prepare them for promotion to the next level. The development focus includes intrapreneurship, leadership agility, people focus, strategic leadership, and the Bank's strategy. Through this program, participants are expected to develop strong interpersonal strategic leadership capabilities, lead the organization strategically, and become future-ready leaders.

- **Mandiri Advanced First Leaders Program (MAFLP)**
  A leadership development program designed to prepare new emerging talents at the BOD-3 level for the next level of leadership. The program focuses on strengthening strategic leadership, enterprise leadership, and influence leadership capabilities.

- **Executive Development Program (EDP)**
  An Executive Program designed to prepare the Board of Directors, Board of Commissioners, and commissioners to navigate global challenges, emerging industries, macroeconomic conditions, and banking dynamics. The training materials cover strategic leadership, macroeconomics, digital banking transformation, and business leadership.

- **Master's Degree Scholarship Program**
  The Master's Degree Scholarship Program is a development initiative for selected top talents to pursue formal postgraduate education, either overseas or domestically.

- **Mandiri Executive Scholarship for Postgraduate (MESP)**
  A domestic Master's Degree scholarship program aimed at enhancing the knowledge and skills of top talent employees at the BOD-2 level. The program focuses on developing future skills required to support the Bank's long-term strategy.

- **Overseas Master's Degree Scholarship Program**
  an overseas Master's Degree scholarship program aimed at enhancing participants' global exposure, networking skills, and knowledge relevant to Bank Mandiri's needs. In 2025, a total of 35 employees pursued their Master's studies at Top 15 universities worldwide. Fields of study include Digital Business, Advanced Finance, Technology, and Enablers (Human Resources and Law).

b. Technical Development Program

A program to enhance employees' technical competencies in alignment with the business segments being managed. The technical capability development program is delivered through both thematic and specific approaches, aimed at strengthening employees' knowledge and skills across business units, including wholesale banking, retail banking, risk management, IT and digital banking, as well as other areas such as banking operations, finance, and human resources. Employee training and development are conducted using a Blended Learning Solution (BLS), which combines the following learning methods:

- 10% Learning by taught (classroom, virtual learning, e-learning)
- 20% Learning from others (development dialogue, mentoring)
- 70% Learning by doing, including projects, on-the-job training, and job rotation

As of December 2025, the technical program modules were attended by 126,927 participants. Several technical programs conducted during 2025 are as follows:

- **Strategic Business Leaders (SBL) Program**
  To realize Bank Mandiri's aspiration to become an Undisputed Industry Leader, one of the focuses carried out by Bank Mandiri is to develop Mandirian's capabilities as strategic business leaders. The purpose of the Strategic Business Leaders program is to equip all L3 Level employees, particularly Bank Mandiri Leaders at the head office and regions with the skills and capabilities to be able to lead in implementing the corporate strategy in achieving market dominance by creating own game in their work units. In 2025, this program was attended by 666 employees.

- **Wholesale RM Coverage Program**
  Wholesale RM Coverage is a program to develop RM Wholesale capabilities to support the Wholesale Banking business and Value Chain for employees to be able to provide end to end transaction solutions to customers. become ecosystem enablers and maintain relationships with customers both at head office and regions through training programs. In 2025, this program was attended by 6,589 employees.

- **Digital Talent Readiness for Future**
  Digital Talent Readiness for Future is a digital talent program for Bank Mandiri employees, which is implemented through 2 programs to improve the digital capabilities of Bank-wide employees as Digital Leaders, such as IT Bootcamp and Mandirian Go Digital. In 2025, this program was attended by 268 employees.

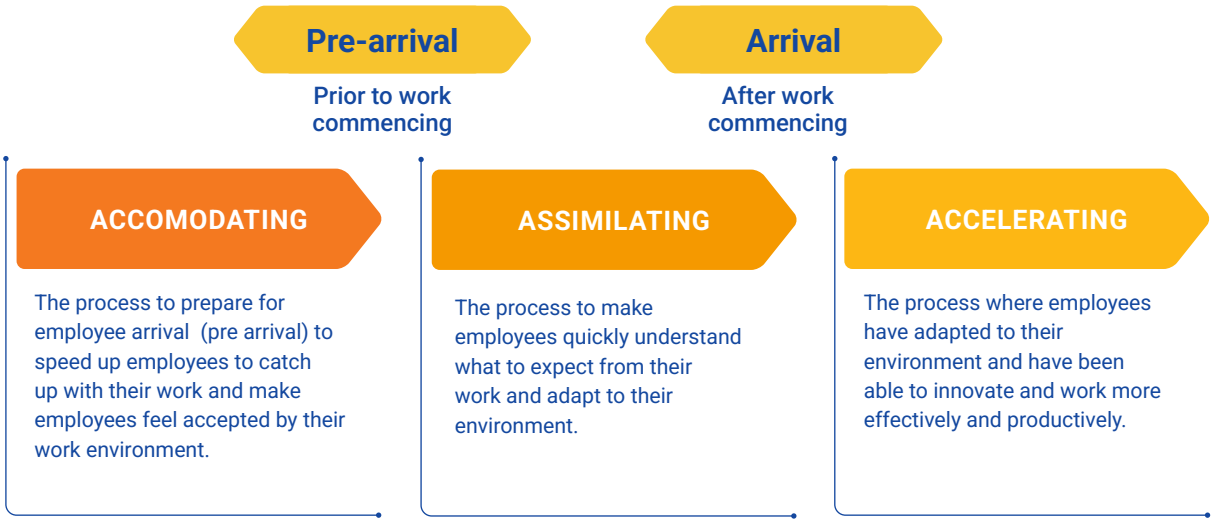
EMPLOYEE ONBOARDING SYSTEM

All new Bank Mandiri employees, whether joining through the New Hire program or promoted under New Promote (Onboarding for New at Level), are required to undergo an onboarding process to gain the knowledge, skills, and behaviors needed as Mandiri employees.



To foster digital transformation, the Bank introduced an interactive gamification-based onboarding system covering 10 learning topics over a three-month period, accessible entirely online.

The General Principles of the implementation of employee onboarding are as follows:

1. Compliance
   The Bank prepares employees to understand the basics of the provisions and policies applicable at the Bank.
2. Culture
   The Bank prepares employees to be able to accept and implement the Bank's norms including the Bank's work culture and core values.
3. Clarification
   The Bank ensures that employees understand and aware on the duties and responsibilities of their new job and the expected performance results.
4. Connection
   The Bank ensures that employees can maintain good and positive relationships between employees

Onboarding for New Hire

The Onboarding for New Hire Program is designed to help new employees adapt to their work environment and quickly understand the expected behaviors and responsibilities within their assigned units. The onboarding process begins as soon as new hires join their respective units and consists of two main stages: Pre-Arrival and Arrival, each comprising two integrated processes as described below:

The objectives of Onboarding for New Hire are as follows:

1. Accelerate the process of employees' comprehension of their work so as to increase Speed to Productivity, which begins by providing facilities and infrastructure that can support work explanation on Job Description and Goals.
2. Introducing Bank Mandiri Culture in order to gain an understanding of aligned values for employees to quickly adapt to their work environment (attach to new culture).
3. Introducing the applicable provisions and systems for employees to attain risk awareness thereby able to measure and manage the risks encountered during their work.
4. Building a Resilient Independent spirit with a pattern of Resilient Learners who are willing to learn proactively from various sources (build proactive learner).

The supporting facilities provided during Onboarding for New Hire are as follows:

1. Welcome Kit Onboarding
   A package that contains equipment to support the performance and general information about Bank Mandiri provided to New Hire. The Welcome Kit Onboarding is given to increase understanding of Bank Mandiri and the productivity and work motivation of New Hire.
2. Buddy System
   During Onboarding, New Hire will be accompanied by a Buddy. The Buddy's role in implementing the Onboarding Program is very important, particularly in introducing the work environment thereby able to speed up the New Hire adaptation process. A Buddy must have an adequate understanding related to the work unit and Bank Mandiri as its function is to always be able to provide positive and precise information to New Hire.
3. Onboarding Mission Checklist
   The Mission Checklist is a guide to onboarding activities to assist New Hire in the process of adapting to the work environment during the Onboarding implementation.

Onboarding for New at Level

Bank Mandiri conducts the Onboarding for New at Level Program to help newly promoted employees adapt quickly to their new work environment and understand their new roles. The program is intended for employees joining through the New Promote pathway and aims to help them understand job descriptions, set performance objectives, and become familiar with the Bank's corporate culture, Code of Conduct, and Business Ethics.

Stages of Onboarding for New at Level program:

1. Onboarding Development Dialog
2. Onboarding Briefing
3. Onboarding Learning
4. Mid-Review
5. Evaluation of Probation Period

The objectives of the Onboarding for New at Level Program are as follows:

1. Understand leadership & bank-wide expectations
2. Understand specific missions & responsibilities
3. Integrity Reminder & Awareness
4. Understand the conditions & objectives of the unit to be led
5. Understand the preparation of a New Unit strategic plan (including Quick Win & improvement)

EMPLOYEE COMPETENCE DEVELOPMENT EVALUATION

To ensure continuous improvement in employee competency development, Mandiri University regularly evaluates training content, instructor quality, and learning methods. This comprehensive and ongoing evaluation ensures that all training programs remain relevant, effective, and aligned with the Bank's evolving business needs. The evaluation process is as the following phases:

- Level 1 (L1) is an evaluation to assess participants' reactions to the implementation of learning carried out using the Net Promoter Score (NPS) method, which includes the suitability of the material, the ability of teachers to deliver the material, and the availability of learning facilities.
- Level 2 (L2) is an evaluation to assess the level of understanding of participants during learning using written examination methods (theory) and practical exams.
- Level 3 (L3) is an evaluation to assess the implementation of learning materials and changes in behavior before and after learning with the multirater method, namely asking for opinions/ assessments from employees, supervisors, colleagues, subordinates of employees who are the training participants. This evaluation is carried out at least 3 (three) months after learning.
- Level 4 (L4) is an evaluation to assess the impact of learning on the resulting performance. This evaluation uses the performance assessment method and is carried out at least 3 (three) months after learning period.

In 2025, Bank Mandiri conducted 12,260 training batches through various learning platforms, including in-person sessions, virtual classrooms, and e-learning. A total of 821 classroom training modules and 9,374 e-learning modules were delivered, with participation from 753,067 attendees.

For the training in 2025, Bank Mandiri has carried out an evaluation of its employee competency development programs, summarized in the following table:

Evaluation Type	Results
Net Promoter Score (NPS)	The average training participant satisfaction score reached +85.00 on a scale of -100 to +100
Level 1, Reaction	The average evaluation score was **5.64** on a scale of 1–6
Level 2, Learning	The average level of participant understanding reached **85.59** on a scale of 0–100
Level 3, Behaviour	The average evaluation score was **5.02** on a scale of 1–6
Level 4, Performance	The average impact of training on employee performance reached 40.93%, or categorized as having **a significant impact**

EMPLOYEE COMPETENCE DEVELOPMENT COSTS

In 2025, Bank Mandiri allocated Rp326.4 billion for employee competency development, a decrease from Rp397.1 billion in 2024. The following table presents the details of Bank Mandiri's employee competency development expenses.

No.	Employee Development Cost Realization Program (Rp Million)	2025 Budget	2022 Realization	2023 Realization	2024 Realization	2025 Realization
1	Executive Development Program	4,100	3,681	5,800	2,015	30
2	Leadership Development Program	195,700	88,702	176,135	212,065	215,323
3	Culture Development Program	1,660	3,695	1,342	398	-
4	Pre-Retirement	10,881	8,896	1,882	6,878	1,301
5	Strategic & Technical Skill Program	232,759	241,305	151,436	163,660	102,708
6	Elearning	15,300	17,467	15,343	12,108	7,023
Total		**460,400**	**363,746**	**351,938**	**397,124**	**326,385**

KNOWLEDGE MANAGEMENT

Bank Mandiri implements knowledge management to ensure that both explicit and tacit knowledge from employees and the organization can be effectively captured, documented, and shared. This initiative aims to preserve and enhance the Bank's competitive advantage. The activities include a series of ongoing processes, as follows:

Mandirian Learning Community

Bank Mandiri established the Mandirian Learning Community (KMP) as part of its knowledge management initiatives. This community of practice consists of Bank employees who share similar professions, expertise, or interests, with the aim of exchanging knowledge and best practices in specific areas. Through these exchanges, the community fosters innovation, generates new ideas, and improves existing work practices. The knowledge and practices produced by the Mandirian Learning Community are curated, stored, and redistributed through the Bank's internal platforms to be adopted and applied across the organization.

Currently, the following are several Mandirian Learners Community that specifically address certain fields:

- **KMP Smart Branch Knowledge (SBK) Corner** is a community of general bankers to share knowledge, experience, and best practices in Smart Branch.
- **KMP Legal Warrior** is a community of legal officers and employees of Bank Mandiri with legal education backgrounds to discuss legal knowledge and practice.
- **KMP KOPRA Community Network (KoCoNet)** is a community of Bank Mandiri employees who have an interest in sharing knowledge and experience related to KOPRA.

- **KMP Data Quality** is Bank Mandiri's data inputer community that has the same interest/concern regarding efforts to improve data accuracy.
- **KMP Let's Grow** is a community consisting of Bank Mandiri's learning partners and facilitators who have an interest in increasing knowledge and competencies related to the learning process strategy.
- **KMP Mandiri Facilitator Squad** is a community of Bank Mandiri facilitators who are expected to improve the knowledge, skills of community members in carrying out their role as a facilitator.
- **KMP Mandiri Xperience** is a Bank Mandiri employee community that develops new innovations to enhance employee work efficiency.

Mandirian Learning Community Platform

Bank Mandiri uses MY Learn as one of KMP's platforms for the community members to be able to connect, and build relationships with each other, facilitate community related activities and data management related activities.

EMPLOYEE PERFORMANCE APPRAISAL

Bank Mandiri continues to drive every employee to "Think Big & Deliver Beyond Expectations" in achieving the Bank's aspirations. At the same time, the Bank strives to implement individual performance assessments that accurately map employee contributions, foster motivation, build optimal engagement, and identify capability gaps to determine the most appropriate development programs.

The Employee Performance Evaluation System is based on the achievement of agreed Key Performance Indicators (KPIs) (Achievement) and implementation of behaviors aligned with core values and core behaviors (Attitude). Performance elements assessed consist of two components: process and result. Process reflects how targets are achieved, while Result reflects the employee's actual achievement against the targets.

Performance evaluation results are categorized into five ratings:

1. Beyond Expectations, indicating outstanding or exceptional performance.
2. Exceed Expectations, indicating highly satisfactory performance.
3. Meet Expectations, indicating performance that meets expectations.
4. Below Expectations, indicating the need for improvement to enhance performance.
5. Required Significant Attitude Improvement, indicating performance that does not meet expected standards.

Individual KPI components are divided into three areas: Main Work Targets, Value-Added Work Targets, and Capability Development Targets. This structure provides room for contributions beyond core responsibilities to be considered in performance evaluation, encourages employees to go the extra mile, and ensures continued focus on employee development. KPI determination is discussed and mutually agreed upon by the employee and the Employee Manager during the development dialogue at the Goal Setting stage, serving as the basis for the Final Performance Review.

The employee performance evaluation process at Bank Mandiri consists of three stages, refined to support the achievement of the Bank's aspirations:

1. Goal Setting at the beginning of the year through a development dialogue between the employee and the direct supervisor (Employee Manager).
2. Mid-Year Review conducted mid-year to realign with the Bank's business conditions, provide feedback, and monitor performance achievement during the first semester.
3. Final Performance Review as the year-end evaluation, where employees conduct a self-assessment of their achievements. The self-assessment is then discussed, reviewed, and validated by the Employee Manager and subsequently calibrated by the Employee Manager's Manager.

The roles involved in the employee performance evaluation process are illustrated in the following diagram.

The components of Individual KPI consist of three parts: Core Responsibilities Objectives, Value-Added Objectives, and Capability Development Objectives. This structure allows employee contributions beyond their main responsibilities to be recognized in performance assessments, encouraging all employees to go the extra mile while continuing to focus on personal growth. The KPI setting process is discussed and agreed upon between the employee and the Employee Manager through a development dialogue during the Goal Setting stage, which serves as the basis for the Final Performance Review.

The performance appraisal process of Bank Mandiri employees consists of 3 (three) stages that has been refined to foster the Bank's aspiration achievements, as follows:

1. Goal Setting
   Bank Mandiri employees first set goals at the beginning of the year through development dialogue between employees and Employee Manager.
2. Mid-Year Review
   Mid-Year Review is carried out by employees in the middle of the year to readjust to the Bank's business conditions, as a tool to give feedback and monitor on the employees' performance throughout Semester 1.

3. Final Performance Review
   At the end of the year, a final appraisal is conducted in which employees are given the opportunity to conduct a self-assessment of their achievements. The results of the self-assessment are further discussed, reviewed, and validated by the Employee Manager to be further calibrated by the Employee Manager's Manager. The parties engage in the employee performance appraisal are described in the following chart.

In 2025, approximately 38,000 employees participated in the performance appraisal process. The results serve as key considerations in determining compensation, talent classification, promotion decisions, and employee development. The continuous improvement of the performance appraisal system is expected to further enhance employee performance and ensure proper recognition of their contributions.

EMPLOYEE ENGAGEMENT

To maintain employees' emotional engagement with the Company, Bank Mandiri implements various well-being initiatives to encourage optimal productivity. These enhancements are provided in both material and non-material forms. The following outlines several employee engagement programs carried out by Bank Mandiri.

Employee Remuneration

In fostering a work environment that supports employee growth and motivation, Bank Mandiri places employee well-being as a key priority. Employee remuneration at Bank Mandiri is based on the total reward principle, whereby employees receive comprehensive compensation in both financial and non-financial forms. The Bank strives to maintain competitive remuneration aligned with its remuneration strategy to support the achievement of business objectives.

The remuneration system is designed to be fair and transparent through a performance-based approach. In addition to job level considerations, remuneration is determined based on individual performance (merit-based increase) and job risk, ensuring that the entire process is free from gender discrimination.

Bank Mandiri ensures that all employees receive wages in accordance with prevailing regulations, including compliance with the Regional Minimum Wage (UMR) in each operational area and the provision of additional cost-of-living allowances in certain regions. The entry-level salary standard at Bank Mandiri is set higher than the highest UMR in Indonesia and applies across all operational locations, with a 1:1 salary ratio between male and female employees. This demonstrates that remuneration is determined based on fair living standards without gender-based discrimination, while also reflecting competitive compensation to attract top talent and enhance employee engagement.

Allowances
Bank Mandiri provides allowances as part of its efforts to retain employee loyalty and promote productivity. These allowances are granted in various forms and serve different purposes to support employees' work and well-being. Allowances are provided based on employment status (permanent, contract, trainee), job level, type of work, work location, and other criteria aligned with the Bank's strategy.

Maternity and Paternity Leave Policy
Bank Mandiri provides maternity leave for female employees in accordance with applicable regulations, while paternity leave for male employees whose spouses give birth is granted beyond statutory requirements. During the leave period, employees continue to receive all their rights in accordance with prevailing laws and regulations. After the leave period ends, employees are entitled to return to their previous positions.

In the 2025 reporting year, a total of 1,345 employees took maternity and paternity leave, consisting of 835 female employees and 512 male employees. This represents a 5.2% decrease compared to the previous year, when 1,420 employees (900 female and 520 male) took leave. Of this total, 100% of employees returned to work after their leave period ended.

In addition, 100% of employees who took parental leave in the previous year also returned to Bank Mandiri after their leave. The high return rate after parental leave reflects Bank Mandiri's commitment to being an 'employer of choice' and providing strong support for the development of its female employees.

Retirement Program
Bank Mandiri has a retirement program that includes both a pension fund and pre-retirement training. The pension fund is managed by a dedicated Pension Fund established by the Bank, comprising defined contribution and defined benefit schemes originating from the pension funds of the merged banks.

As a form of appreciation for employees' dedication, Bank Mandiri provides pre-retirement training to help employees maintain well-being and remain productive after retirement. The training covers topics such as entrepreneurship, health, and psychology. In 2025, pre-retirement training was conducted in 38 batches, attended by a total of 840 employees who are expected to retire within the next 2 years. .

Awards
Bank Mandiri strengthens employee engagement by recognizing outstanding performance through the Mandiri Excellence Award (MEA). This annual program is held regularly with the following award categories:

- **Mandatory Award**
  Mandiri Best Employee (MBE) is the highest form of recognition granted by management to outstanding employees who consistently demonstrate excellent performance and embody the Company's culture, reflected through behaviors aligned with the Company's Core Values and the unique m-DNA characteristics. This award aims to enhance employee motivation and engagement, encouraging them to continue delivering their best contributions. In 2025, a total of 118 employees and 14 employees from Subsidiaries received the MBE award.

- **Thematic Award**
  This award recognizes Business Units or Employees who have contributed significantly and achieved excellence in supporting bank-wide initiatives. These initiatives include executing corporate strategies, driving business growth and sustainability, fostering a resilient learning mindset, and implementing the company culture. Details are as follows:

  a. **Best Business Strategy Execution**
     Appreciation for Work Units that achieve the best performance through the implementation of strategies that support Bank Mandiri's business. Sub-categories include wholesale and retail business segments, as well as Branch Units for Best Business Case Execution, Best Ecosystem Development, and Best Ecosystem Acquisition.

b. Mandiri Best Service

Appreciation for individuals (Frontliners) and work units (Branches/Areas/Regions), with the assessment process focused on service contributions that drive sustainable business performance. In 2025, the contribution of Frontliners and Branches to wholesale, retail, and investment product achievements, as well as efforts to increase market share, became one of the enhanced evaluation parameters compared to the previous year. The award consists of two sub-categories:

- National Frontliner Championship, divided into the following sub-categories: Conventional Branch (Customer Service, Teller, Security), Smart Branch (General Banker), and Priority Outlet (Relationship Manager Priority Banking), with a total of 19 winners. Of these, 15 employees will receive recognition at the Mandiri Excellence Award (MEA) 2025.
- Branch Service Award, divided into the following sub-categories: Branch, Priority Outlet, and Area, with a total of 41 winning units (24 branches, 12 areas, 2 priority outlets, and 3 regions). Of these, 10 units will receive recognition at the Mandiri Excellence Award (MEA) 2025.

Through this platform, Bank Mandiri aims to motivate all individuals and work units to further enhance awareness in delivering remarkable customer experiences that positively impact the Bank's market share and reinforce its position as the Preferred Financial Partner for Customers.

c. Mandiri Innovation eXperience (MIX)

This award recognizes Mandiri employees who successfully deliver validated solutions with the most valuable impact to address Bank Mandiri's strategic challenges (big rock problems). Evaluation parameters include problem identification, solution design, market and business relevance, unique value propositions, and performance during the pitching session. In 2025, two teams were recognized: Ide Livin Signature as 1st Place and Ide Connexion as 2nd Place.

MANDIRI SERVICE AWARD

Mandiri Service Award (MSA) 2025 is an appreciation program recognizing both individuals and work units, with the assessment process focused on service excellence that contributes to sustainable business performance. The main activities of MSA 2025 consist of two categories:

a. Individual Category: National Frontliner Championship

The National Frontliner Championship (NFC) is a nationwide competition for Bank Mandiri frontliners, covering the categories of General Banker, Customer Service, Teller, Security, and RM Priority Banking. NFC 2025 was held on 06–07 November 2025, with 60 top frontliners selected to compete at the national level from approximately 18,000 frontliners across Indonesia.

During the competition, participants demonstrate their capabilities through a series of assessments, including a knowledge test, digital mindset test, sales advisory test, and individual presentation test. The highest-scoring winners also undergo a 360-degree validation process to ensure that the competition results are aligned with the quality of service implemented in their respective work units.

b. Work Unit Category: Branch Service Award

The Branch Service Award (BSA) is an appreciation program for work units, covering the categories of Branch (conventional branch and smart branch), Priority Outlet, Best Area in each Region, and Best Region nationally.

The BSA 2025 assessment for all categories is based on survey results conducted by an external surveyor and validated against the respective unit's business contribution performance throughout 2025.

Through MSA 2025, Bank Mandiri expects that all individuals and work units will be further motivated to enhance their awareness in building a remarkable customer experience that positively contributes to Bank Mandiri's market share and consistently positions the Bank as the Financial Partner of Choice for its customers.

Bank Mandiri provides dedicated lactation rooms to enhance employee engagement and well-being, supporting breastfeeding employees at the Head Office, regional offices, and branch offices. These rooms are designed to be comfortable, clean, and private, equipped with essential facilities such as seating, cooling storage for breast milk, and other necessary amenities. This initiative ensures that breastfeeding employees have a supportive and adequate space to meet their needs.

EMPLOYEE ENGAGEMENT SURVEY

In 2025, Bank Mandiri conducted an employee engagement survey, achieving a response rate of 89.01% and a score of 90.48%, reflecting an improvement from the 2024 score of 89.93%. The survey was administered by an independent consultant and assessed various aspects, including organizational effectiveness, leadership, career development, relationships and communication, compensation and benefits, job fit, opportunities to contribute, and teamwork.

Employee Turnover

Bank Mandiri monitors the employee resignation rate annually as part of its efforts to measure employee engagement. This assessment helps the Bank understand the profile of employees who resign and the reasons behind their decisions, enabling the development of more effective employee engagement programs. The trend of Bank Mandiri's employee resignation rate from 2022 to 2025 is presented in the following table.

BANK MANDIRI'S RESIGNATION RATE TREND 2022-2024

Year	Total Resignation (person)	Total Employee (person)	Percentage
2025	1,367	38,732	3.53%
2024	1,024	38,847	2.63%
2023	1,044	38,940	2.68%
2022	1,102	38,176	2.89%

In 2025, Bank Mandiri recorded a total of 2,868 employees leaving the organization, resulting in an employee turnover rate of 3.27%.

EMPLOYEE RESIGNATION TREND

Keterangan	2022	2023	2024	2025
Total resignation (person)	1,840	2,048	2,411	2,868
Total employees at year end (person)	38,176	38,940	38,847	38,732
Turnover percentage (%)	4.82%	5.26%	6.21%	7.40%

INDUSTRIAL RELATIONS

To create a comfortable, open, and progressive work environment, Bank Mandiri manages industrial relations in accordance with Law No. 13 of 2003 on Manpower, as amended by Law No. 6 of 2023, which ratifies Government Regulation in Lieu of Law No. 2 of 2022 on Job Creation. The Bank applies this policy to build constructive relations with employees through the following approaches:

1. **Fostering Harmonious Industrial Relations:** The Bank builds and maintains well-managed industrial relations with active participation from employees, the Bank Employee Union, and recognized employee organizations.

2. **Enhancing Employee Engagement**: The Bank implements activities and programs designed to effectively increase employee engagement, positively influencing attitudes, behaviors, and overall performance, thus contributing to the Bank's success.

The Bank's industrial relations are founded on the principle of mutual respect, trust, and cooperation among Bank Mandiri, its employees, and the Employee Union. This shared commitment aims to ensure business continuity, growth, and the improvement of employee welfare.

To support these industrial relations objectives, the Bank provides several mechanisms, including:

Employee Unions

Bank Mandiri has 1 (one) labor union, known as Serikat Pegawai Bank Mandiri (SPBM), which was established in 2000 and is officially registered with the Ministry of Manpower and Transmigration of the Republic of Indonesia under No. KEP.804/M/BW/2000 and listed with the Ministry under No. 45/V/P/V/2001.

SPBM serves as a platform for employees to voice their aspirations, which are then conveyed to Management through forums regulated under the Manpower Law. The union's primary objective is to foster a harmonious industrial relationship between Management and employees.

The provisions UU No. 21/2000 have been ratified and are incorporated into Bank Mandiri's Collective Labor Agreement, emphasizing that no one is permitted to obstruct or coerce employees to form or refrain from forming, to serve or refrain from serving as administrators, to join or refrain from joining, or to participate or refrain from participating in labor union activities.

Collective Labor Agreement

Bank Mandiri has established a Collective Labor Agreement (CLA) in line with the Manpower Law. As stipulated in Article 116 of Law No. 13 of 2003, the CLA is prepared jointly by Bank Mandiri and employee's union through negotiations to reach mutual agreement. The CLA outlines employee aspirations, working conditions, and the rights and obligations of both parties in compliance with applicable laws and regulations.

In line with Pasal 123 UU Ketenagakerjaan (Labor Law), The CLA is valid for maximum 2 (two) years from the date of signing and may be extended for a maximum of one additional year, with only a single extension allowed.

The first CLA covered the period from 2004 to 2006. As of today, as part of fostering harmonious industrial relations, Bank Mandiri has reached its 10th CLA, effective for the 2023-2025 period. It has been registered and approved by the Ministry of Manpower of the Republic of Indonesia, as documented in the Decision of the Director General of Industrial Relations and Social Security No. KEP.4/HI.00.01/00.0000.231228008/B/I/2024, dated 10 January 2024.

Internal and External Regulations

Bank Mandiri consistently adheres to all applicable regulations, both external and internal. This includes the updated Operational Policy (Human Resources), approved on 7 February 2025, and the most recent Human Resources Standard Guidelines, revised in November 2025.

Bipartite Cooperation Institute

The Bipartite Cooperation Institution (LKS Bipartit) at Bank Mandiri was established in 2005 and is registered with the South Jakarta Office of Manpower and Transmigration.

Pursuant to the mandate of Law No. 13/2003 and the terms of the 2023-2025 CLA, Bank Mandiri and the Employee Union regularly hold LKS Bipartite meetings. This forum serves as a platform for communication and consultation on matters related to industrial relations. During these meetings, Bank Mandiri shares updates on Human Capital policies and key areas of business development aligned with the Bank's vision and mission. The Employee Union is also given the opportunity to provide suggestions, feedback, and communicate employee aspirations to management.

Complaints Handling

To foster a positive and conducive work environment, Bank Mandiri is committed to comprehensively managing employee concerns through effective communication forums. Bank Mandiri provides various platforms that employees can use to voice their concerns, which are promptly addressed by the Bank. By maintaining open and effective communication channels, the Bank aims to strengthen employee relations, resolve issues promptly, and enhance overall workplace harmony.

Industrial Relations Dispute Resolution

In resolving industrial relations disputes, Bank Mandiri refers to Law No. 2 of 2004 on Industrial Relations Dispute Settlement, prioritizing open communication to reach mutually beneficial agreements. This approach fosters a calm working atmosphere, maintains harmonious industrial relations, and ultimately enhances employee productivity.

HUMAN CAPITAL MANAGEMENT OUTLOOK IN 2026

In 2026, Bank Mandiri's human capital strategy will continue to focus on aligning employee development with the corporate plan and business objectives to drive sustainable growth. The main objectives of this plan are to build a strong talent base, develop high-quality leaders, and foster a culture of continuous learning and innovation throughout the organization. To achieve these objectives, the human capital development plan is structured around three main strategic pillars:

a. Capability Enabler aims to strengthen existing competencies to drive current performance productivity while also building relevant upcoming competencies to anticipate and optimize opportunities amid future business challenges.
b. Learning-to-Business Alignment aims to ensure that all development and training programs implemented will have a positive impact on the business, particularly in achieving business targets in line with the established strategy.
c. Learning Experience Design aims to build a learning mindset and learning culture for all employees, while also providing a learning experience that enhances employee engagement. By having a strong learning mindset, learning culture, and learning experience, employees will subsequently take the initiative to build their competencies independently.

Based on these three strategic pillars, Bank Mandiri has prepared a series of employee development programs and initiatives for 2026. The development focus is directed at enhancing leadership and technical competencies, covering:

a. Leadership Development: Creating future leaders through programs designed to build strategic business insight, improve decision-making skills, and strengthen people management capabilities.
b. Technical Competency Enhancement: Strengthening core technical skills across various business segments, with a focus on wholesale banking, digital innovation, information technology, and risk management.
c. Digital Talent Development: Expanding employees' digital capabilities to support the Bank's digital transformation agenda, including initiatives for upskilling, reskilling, and building expertise in new technologies.

The 2026 plan will continue to use a blended learning model that combines various learning methods for optimal results, including face-to-face classroom sessions, virtual learning, and e-learning modules tailored to specific training needs. It will prioritize learning through development dialogue, mentoring, and coaching sessions. It will also focus on direct experience through on-the-job training, job rotation, and assignment-based projects, enabling employees to apply new skills in real situations. In 2026, Bank Mandiri will continue to expand the digital learning initiatives that began in previous years. This includes enhancing the digital learning platform, introducing interactive content and gamification, and integrating a knowledge management system to collect and share best practices. The Bank will also strengthen its knowledge-sharing framework through the establishment of communities of practice, where employees can collaborate, exchange ideas, and drive innovation in specific business areas. The 2026 human capital development and management plan is designed to support Bank Mandiri's strategic vision of becoming a market leader by investing in its most important asset, namely Mandirians. By focusing on capability enhancement, alignment of learning with business needs, and the delivery of an excellent learning experience, the Bank aims to shape a skilled, adaptive, and engaged workforce capable of driving superior business performance and sustainable long-term growth.

INFORMATION TECHNOLOGY

In driving sustainable business growth, Bank Mandiri continues to strengthen the role of information technology to support the Company's digital strategy. Development initiatives are focused on enhancing the capabilities of key digital channels such as Livin' by Mandiri, Livin' Merchant, and Kopra by Mandiri, which serve as the main service and transaction platforms for customers. These efforts are supported by improvements in system capacity and reliability to ensure that services remain always on and always secure. In delivering these developments, Bank Mandiri is also strengthened by internal capabilities in managing and executing IT initiatives effectively.

In line with its mission to deliver innovative digital services, Bank Mandiri implements Information Technology Governance principles to ensure alignment between technology development and the Bank's business strategy. This governance framework functions to maintain orderly processes, ensure effective implementation, and manage risks related to IT operations. As part of implementing sound IT Governance, Bank Mandiri has established the IT & Digital Banking Committee (ITDC), which performs the role of an IT Steering Committee and serves as a cross-functional forum to support decision-making related to IT initiatives.

To support comprehensive governance implementation, Bank Mandiri also strengthens its IT security framework to ensure adequate protection of infrastructure and data through the application of layered security controls, enhanced monitoring of cyber threats, and the regular conduct of security evaluations. IT security is implemented systematically to mitigate risks and maintain service continuity. All processes are carried out with due regard to applicable regulatory requirements and industry best practices.

In addition to strengthening technology, Bank Mandiri also ensures the readiness of its IT human resources through continuous competency development. Training and certification programs are conducted to support the enhancement of technical capabilities, risk management expertise, and mastery of emerging technologies. The development of IT human capital capabilities forms an important part of maintaining effective technology management and ensuring the sustainability of digital initiatives across the organization.

INFORMATION TECHNOLOGY STRATEGIC PLAN & IMPLEMENTATION

In 2025, Bank Mandiri continued to execute its Information Technology Strategic Plan (RSTI) in a disciplined and consistent manner, aligned with the Corporate Plan 2025–2029 as outlined in the IT Strategy & Execution Plan 2025–2029, with the IT Vision defined as follows:

Strengthened IT capabilities in all disciplines through center of excellence to accelerate sustainable business growth by leveraging wholesale ecosystem and its value chain.

The IT Vision will be executed through the IT Mission, which is translated into Business Focus areas, Enablers, and People, with the following explanations:

BUSINESS FOCUS

Business Focus represents programs aimed at developing IT and digital capabilities to support the Bank's business objectives. On a continuous basis, Bank Mandiri will further enhance Kopra's capabilities to address the needs of the wholesale segment and support integrated global market expansion. In the retail segment, Bank Mandiri continues to innovate to meet the diverse needs of customers, including the merchant/SME and wealth segments, to strengthen its dominance in urban areas through the development of Livin' by Mandiri and Livin' Merchant. In addition, to optimize the potential of the Mandiri Group, Bank Mandiri continues to promote synergies between the Parent Company and its Subsidiaries.

ENABLERS

Enablers represent programs focused on the development and implementation of initiatives to enhance system capabilities and ensure the availability of IT services in supporting the Bank's business. Bank Mandiri continuously develops its capabilities through the adoption of advanced technologies to ensure systems that are reliable, secure, and efficient. In line with this, Bank Mandiri accelerates business growth and productivity through the implementation of Artificial Intelligence (AI) across various use cases in accordance with the Bank's needs to enhance efficiency and strengthen risk management. In addition, Bank Mandiri ensures the readiness of internal processes to support the implementation of these initiatives while driving improvements in operations and enterprise systems to achieve greater effectiveness and efficiency.

PEOPLE

People represents programs aimed at fostering the comprehensive development of internal capabilities to enhance the quality of the Bank's IT and digital services. The development of IT and digital resources is also undertaken to ensure the effective execution of all initiatives under the Business Focus and Enablers, including accommodating the business needs of the conglomeration ecosystem as well as sector solutions.

IMPLEMENTATION OF INFORMATION TECHNOLOGY STRATEGIC PLAN 2025

In 2025, Bank Mandiri's IT function executed the Information Technology Strategic Plan 2025–2029 through strategic programs aimed at optimizing the Bank's business potential, enhancing system capabilities, ensuring the availability of IT services, as well as fulfilling capacity requirements and strengthening IT and digital resources. These initiatives are implemented based on Business Focus areas, Enablers, and People, with the following explanations:

a. BUSINESS FOCUS

On a continuous basis, the Bank has undertaken and continues to implement initiatives to enhance the capabilities of Bank Mandiri's digital channels, namely Livin' by Mandiri, Livin' Merchant, and Kopra by Mandiri. Among these initiatives, the Bank has enhanced the capabilities of Livin' by Mandiri through the implementation of secondary bond investment features, as well as the implementation of real-time and on-demand settlement capabilities in Livin' Merchant by Mandiri. The Bank has also expanded its digital ecosystem through ongoing system integration with clients. In addition, the Bank continues to develop system capabilities and digital solutions in line with customer needs, both for corporate and government clients. Furthermore, to enhance customer experience and broaden service reach, the Bank continues to optimize the development of branch delivery system capabilities and the implementation of self-service machines.

b. ENABLERS

The Bank has undertaken initiatives to enhance technology capabilities, optimize the potential of technology utilization, and improve systems supporting internal processes. Various improvements are implemented on an ongoing basis, particularly in strengthening capabilities across IT infrastructure, applications, and security aspects, including improvements to enhance availability across channels and payment systems, as well as strengthening security operations. In addition, Bank Mandiri continues to explore and implement Artificial Intelligence across various use cases in line with the Bank's needs, such as enhancing customer experience, optimizing business value, strengthening risk management, and improving operational efficiency. These implementations are realized through the development of AI-based solutions, including personalized campaigns, smart pricing tools, a risk command center, coding assistants, content creation, and transaction risk scoring. Furthermore, Bank Mandiri ensures the readiness of internal processes to support the implementation of these initiatives while promoting automation and optimization of operational processes. Ongoing developments are carried out to support business growth and operational excellence, including initiatives undertaken to comply with regulatory and principal requirements.

c. PEOPLE

In order to enhance the quality of IT and digital services, Bank Mandiri continues to promote the comprehensive development of internal capabilities to reduce dependence on third parties. The development of IT and digital resources is also carried out to ensure adequate capacity and capability in executing all initiatives under the Business Focus and Enablers.

INFORMATION TECHNOLOGY GOVERNANCE

In executing IT initiatives, Bank Mandiri places strong emphasis on Information Technology Governance as the fundamental foundation for IT operations. Accordingly, Bank Mandiri's IT governance is supported by a governance structure comprising committees and cross-functional forums that facilitate strategic decision-making. It also includes the implementation of IT policies as guiding references for IT implementation processes, which are regularly evaluated, while ensuring the quality of IT support through compliance with applicable national regulatory requirements and the adoption of international best practices. By delivering reliable and secure technology services, Bank Mandiri implements an IT governance framework with the following explanations:

1. **Governance Structure**
   As part of implementing sound IT Governance, Bank Mandiri has established the IT & Digital Banking Committee (ITDC), which performs the function of an IT Steering Committee with a scope of authority that includes matters related to IT strategy and IT policies. In addition, several cross-functional forums have been established to support decision-making related to IT initiatives. These include the Project & Change Steering Committee, which decides on the planning and development of IT initiatives in the form of projects, including requests for changes in development scope; the Data Governance Body, which makes decisions on data governance from strategic to operational levels; the Release Control Board (RCB), which determines the implementation of migration to the production environment; and the Enterprise Architecture Forum, which decides on IT solutions and architectural designs at the early stages of IT initiative development.

2. **IT Policy**
   Policies governing the implementation of Information Technology (IT) to support the Bank's strategy are regulated in an end-to-end manner, with the following scope:

   a. **IT Planning**
      Elaborating the regulation of processes related to the formulation of objectives, strategies, architectures, and initiatives involving the use of information technology to support operations and business growth. This includes, among others, the process of preparing the IT Strategic Plan, planning IT strategic initiatives, managing IT standards, and managing IT Architecture.
   b. **IT Development**
      Elaborating the regulation of processes related to the design, development, testing, and implementation of information technology–based solutions. This includes, among others, the development of IT initiatives, the development framework (SDLC), and the use of IT service providers.
   c. **IT Operational**
      Elaborating the regulation of processes to maintain the continuity of IT services in supporting the Bank's operations and business activities. This includes, among others, System Operations Management, System Maintenance, Service Management, Capacity Management, and the Provision of IT Services by the Bank.
   d. **IT Security**
      Elaborating the regulation of the implementation of information technology security and cybersecurity, including the minimum requirements for safeguarding data and information technology, as well as end-to-end security controls. The security mechanisms established are based on a cybersecurity framework.

With regard to the adequacy of policies on data management and privacy protection, the Bank has accommodated these aspects within the end-to-end data management framework and personal data processing arrangements. Furthermore, Bank Mandiri continuously updates its internal IT-related policies by taking into account regulatory developments to ensure the adequacy of policies, standards, and procedures governing the implementation of IT.

In addition, Bank Mandiri's IT function continues to maintain the quality of IT services through the application of standard best practices in quality management, such as:

ISO 9001:2015 for Operation and Development of Data Center, DRC & IT Infrastructure

ISO 20000-1:2018 for IT Service Management

ISO 27001 for Provision and Development of Infrastructure and Operational DC, DRC, and Command Center

INFORMATION TECHNOLOGY SECURITY

Amid increasing technological complexity and stringent regulatory requirements, Bank Mandiri continues to strengthen its management of data security and protection against cyber threats. The Bank implements various proactive measures such as process automation, the enforcement of strict security policies, periodic system updates, and regular training for all employees. The risk management unit plays a role in identifying and mitigating cyber risks, ensuring compliance with regulations and best practices, while also enhancing employee awareness through various educational platforms. In addition, the Bank conducts capacity planning to maintain service availability and prepares incident handling procedures that are tested periodically. To further strengthen the quality of information security, Bank Mandiri implements a layered IT security strategy in accordance with regulatory requirements and aligned with international standards (ISO 27001) and best practices (NIST Cybersecurity Framework, COBIT Framework, PCI Security Standard), as well as other relevant frameworks. All of these initiatives are integrated into an information security management system that focuses on three main pillars: People, Process, and Technology, ensuring that the Bank remains resilient, innovative, and competitive.

The implementation of strategy and development of a layered information security management system are structured into three main areas, namely People, Process, and Technology, with the following brief explanations:

1. **People**

   Bank Mandiri continues to strengthen the People aspect of information security through security awareness programs and human capital development. Through the security awareness program, the Bank fosters a culture of information security among all employees by conducting annual security awareness certification for all staff members across all levels, both in domestic and overseas offices. The program is complemented by regular security awareness campaigns delivered through newsletters, posters, and phishing drills. Security awareness campaign materials in the form of posters are also shared with all Bank Mandiri partner companies and all entities within the Mandiri Group as a reference for implementing security awareness initiatives within their respective organizations. Several campaign topics that have been conducted include data protection, maintaining data confidentiality, the latest cyber attack trends, methods to identify and avoid phishing, and online transaction security. In addition, security awareness for customers is enhanced through educational programs delivered across the Bank's official channels, such as its website, social media platforms (Instagram, Facebook, Twitter), and other dedicated channels.

   At the same time, Bank Mandiri continuously enhances the competencies of its human resources through training and certification programs for employees, including but not limited to CISSP (Certified Information Systems Security Professional), Offensive Security Certified

Professional (OSCP), and Certified Network Defender (CND). In addition, product-based training is conducted to deepen expertise in the Bank's security systems, as well as training programs for vendor and contractor personnel who support operational activities. Soft skill development is also provided through training programs covering leadership mindset, strategic thinking, creative thinking, design thinking, problem solving, presentation skills, and negotiation skills. All training programs are delivered through both onsite and online (virtual) methods via public platforms to ensure optimal enhancement of capacity and capability.

2. **Process**

Bank Mandiri strengthens the Process aspect in managing information security through the implementation of comprehensive and layered governance mechanisms. The application of the Three Lines of Defense (3LoD) ensures a clear division of roles, starting from the CISO Office Group as the first line, which is responsible for security architecture design, policy development, as well as 24/7 monitoring and incident response operations; SOR IT as the 1.5 line, which conducts testing of the effectiveness of operational controls; the Operational Risk Group as the second line, which establishes the bank-wide risk management framework; and Internal Audit as the third line, which performs independent assurance functions.

Process strengthening is also carried out through the formulation and implementation of Security Policies and Procedures that are periodically reviewed and aligned with regulatory requirements (BI and OJK) as well as international standards such as ISO 27001, the NIST Cybersecurity Framework, CIS Benchmark, and the PCI Security Standard. These information security policies and provisions are also communicated to all entities within the Mandiri Group as references for implementation in strengthening information security governance, taking into account the complexity of systems within each respective entity.

In its cybersecurity operations, Bank Mandiri relies on a Security Operation Center (SOC) that operates 24/7 to conduct monitoring, detection, and mitigation of threats through threat intelligence and threat hunting activities. Incident response capabilities are further strengthened through the Computer Security Incident Response Team (CSIRT), which is registered with BSSN, with incident handling mechanisms covering identification, isolation, eradication, and recovery, in accordance with SEOJK No. 29/SEOJK.03/2022.

Bank Mandiri's strong commitment to monitoring information security is reflected in the direct involvement of the Board of Commissioners and the Board of Directors in this area through the Risk Oversight Committee, Audit Committee, and Integrated Governance Committee, which convene regularly. Agenda items discussed in these committee meetings include the achievement of ESG aspects related to Privacy and Data Security, the effectiveness of layered security systems, and compliance with Mandiri Group's security standards. Updates on cyber resilience across the Mandiri Group, including the fulfilment of Mandiri Group's information security standards, are also discussed, covering control measures implemented to anticipate and safeguard against cyber attacks, which are treated as non-negotiable requirements.

In order to maintain and evaluate cyber resilience and security, as well as to strengthen readiness in incident response processes, Bank Mandiri periodically conducts cyber resilience and security testing in accordance with applicable regulations (SEOJK No. 29/SEOJK.03/2022 on Cyber Resilience and Security for Commercial Banks), including:

1. Penetration Testing: Testing conducted based on vulnerability analysis of devices and applications supporting operational and business activities.
2. Phishing Drill: A simulation of social engineering attacks on employees in the form of phishing emails, aimed at testing employees' readiness to respond to phishing emails securely.
3. Adversarial Attack Simulation Exercise (AASE): A real-life hacker attack simulation conducted by independent consultants to identify potential security gaps within Bank Mandiri's IT operations.
4. Cyber Range Exercise: Cybersecurity testing based on hands-on scenario simulations within an isolated environment, aimed at enhancing technical skills through real-life experience in detecting, analyzing, and responding to cyber threats.

In addition, to anticipate information security risks arising from third parties (supply chain) that collaborate with the Bank, Bank Mandiri regularly conducts vendor security assessments on third-party organizations covering people, process, and technology aspects, in accordance with the scope of their involvement and engagement with Bank Mandiri. These reviews are carried out through several methods, including questionnaires, interviews, and/or site visits.

All of these processes collectively form a robust and measurable information security governance system that is aligned with industry standards and regulatory requirements.

3. **Technology**

Bank Mandiri maximizes the implementation of industry-leading security solutions in safeguarding digital information and assets through the adoption of a layered architecture and best-in-class technologies, including:

a. Applications accessed by customers and employees, such as Multi-Factor Authentication (MFA) and Web Application Firewall (WAF).
b. Network, such as firewalls equipped with Intrusion Prevention System (IPS) and Network Access Control (NAC).
c. Endpoints (personal computers/laptops and servers), such as Endpoint Detection & Response (EDR), antivirus and antimalware, as well as security patches.
d. Access management, such as Identity Access Management (IAM) and Privileged Access Management (PAM), complemented by Privileged Threat Analysis (PTA).
e. Data protection, such as the implementation of encryption and Data Loss Prevention (DLP).

As part of its commitment to continuous improvement, Bank Mandiri consistently enhances its IT security capabilities through strategic investments across all layers of security, further strengthened by the utilization of artificial intelligence (AI) and machine learning technologies.

INFORMATION SECURITY MANAGEMENT IMPLEMENTATION IN 2025

With the enactment of Law No. 17 of 2022 on Personal Data Protection, Bank Mandiri has designed and implemented programs to strengthen information security as part of its efforts to safeguard Personal Data. The Bank implements systems and technologies such as Data Loss Prevention and data encryption, referring to best practices in initiatives to enhance data security, particularly for personal data.

In addressing and strengthening data security against cyber threats, Bank Mandiri implements various strategic measures to respond to risks such as malware, ransomware, and data theft through the enforcement of strict security policies, regular software updates, security training for employees, and process automation to minimize human error and technological vulnerabilities. In response to evolving regulatory pressures, the Bank has established a dedicated team to monitor regulatory developments, strengthen monitoring and reporting systems, and ensure timely compliance. The complexity of technology integration is addressed through careful planning in system development, migration, and integration, as well as enhanced coordination between IT teams and business units. Meanwhile, challenges related to resource constraints are managed through optimized budget allocation, collaboration with technology service providers or fintech partners, and strengthened recruitment and training of IT personnel to meet increasingly dynamic technology needs.

Bank Mandiri recognizes the critical role of cyber resilience and security in supporting the digitalization of reliable and trusted banking services for customers. As part of its continuous improvement efforts to strengthen customer trust and safeguard its reputation, Bank Mandiri implements information security management based on regulatory requirements and global standard operations aligned with international standards and best practices, supported by relevant certifications. These certifications demonstrate the Bank's consistency in exploring potential, developing transformative innovations in services, digitalization, and products such as Livin', Kopra, and Smart Branch, while continuously prioritizing security and service quality to meet customer needs.

Several certifications and accreditations obtained and implemented by Bank Mandiri include:

a. ISO 27001:2022 Information security services provisioned by Security Operation Center to manage cyber security threats in banking systems and cyber operations.
b. ISO 27001:2022 Provision of application development and IT Operations related to Livin & Kopra by Mandiri.
c. ISO 27001:2022 The Provision of Infrastructure and Operational Data Center and Disaster Recovery Center
d. ISO/IEC 17025:2017 Digital Forensics Laboratory CISO Office Group.

IT HR DEVELOPMENT

In 2025, Bank Mandiri's Information Technology Directorate continued to strengthen the capabilities of its Information Technology Human Resources through the implementation of a structured and measurable Annual People Development Plan (APDP), aligned with Bank Mandiri's digital transformation strategy. The 2025 APDP is focused on ensuring the readiness of IT human resources to support system reliability, accelerate the delivery of digital solutions, and create sustainable business value.

The development of IT human resource capabilities in 2025 is implemented through two main programs, namely the Strategic Capability Development Program and Essential Training, which complement each other in building specialized competencies while ensuring that minimum competency standards are consistently met. Further details on these two programs are as follows:

1. The Strategic Capability Development Program is focused on strengthening advanced capabilities across all IT domains, ranging from digital product, planning, development, operations, security, to technology and innovation. This program is implemented to ensure the adequacy and capability of IT and digital resources in executing all IT initiatives on an end-to-end basis.
2. Essential Training is conducted as the foundational program for IT competency development that is mandatory and bankwide. The program includes basic and regulatory training, enhancement of awareness regarding operational and security risks, as well as strengthening capabilities that support IT operations. Essential Training ensures that all IT employees possess the fundamental knowledge and skills relevant to evolving business and regulatory requirements.

Throughout 2025, development programs were conducted across all employee levels through a combination of offline, online, and e-learning methods to effectively and efficiently address learning needs. Several training programs and certifications implemented to support the development of IT employees include Cyber Range Exercise, Certified Ethical Hacker, Fullstack Developer Program, Project Governance & Risk Awareness, Site Reliability Engineering (SRE) Foundation, Agile Leadership Transformation, Project Management (PMP), and others.

INFORMATION TECHNOLOGY PLAN 2026

In supporting the acceleration of the Bank's business growth, IT development in 2026 will continue to be guided by the IT Strategic Plan and will focus on developing relevant and adaptive digital solutions for all customer segments through the enhancement of KOPRA, Livin' by Mandiri, and Livin' Merchant. In addition, Bank Mandiri consistently ensures system reliability through the fulfilment of IT RASS aspects (Reliability, Availability, Scalability, and Security), including the modernization of IT infrastructure and the strengthening of cybersecurity systems. At the same time, the Bank optimizes the utilization of emerging technologies to create a seamless customer experience, enhance operational efficiency, and implement better risk management.

In order to enhance the quality of IT and digital services, Bank Mandiri continues to promote the comprehensive development of internal capabilities. The development of IT and digital resources is also undertaken to ensure the end-to-end execution of all initiatives. On an ongoing basis, Bank Mandiri strengthens the capabilities of its IT human resources through the preparation of the Annual People Development Plan (APDP) for 2026. Through APDP 2026, Bank Mandiri continues to build reliable and adaptive IT talent that is prepared to respond to technological dynamics, while ensuring that the IT function can contribute optimally to supporting the achievement of the Bank's business strategy and digital transformation.

CORPORATE GOVERNANCE

INTEGRITY THAT SUSTAINS LEADERSHIP

Our governance framework is the foundation of sustainable success. By ensuring transparency, accountability, and compliance with global standards, we safeguard stakeholder confidence. Strong governance not only protects value, but also reinforces Bank Mandiri's role as a leader whose influence endures through integrity.

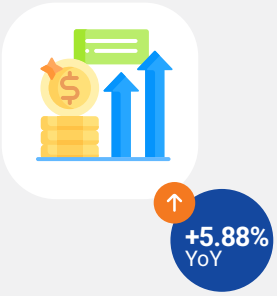
GOVERNANCE ACHIEVEMENTS 2025

AWARDS

In this event, Bank Mandiri received three awards as ASEAN Top 50 Public Listed Companies (PLCs), Top 5 PLCs Indonesia, and ASEAN Asset Class PLCs.

This achievement reflects Bank Mandiri's commitment to continuously implementing strong corporate governance practices while upholding transparency and accountability.

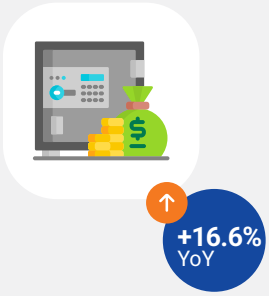
- In 2025, Bank Mandiri also received other awards for its corporate governance implementation, including the GCG Rating by The Indonesian Institute for Corporate Directorship (IICD) at the 16th IICD Corporate Governance Conference and Awards 2025, where Bank Mandiri received awards in the "Best Overall" and Top Big 50 Capitalization categories.
- Bank Mandiri also participated in the Corporate Governance Perception Index (CGPI) ranking program organized by The Indonesian Institute for Corporate Governance (IICG). In 2025, Bank Mandiri successfully maintained the "Most Trusted" predicate for the 19th consecutive time.



In 2025, Bank Mandiri received an award for its corporate governance implementation assessment based on the ASEAN Corporate Governance Scorecard (ACGS) standards at the ASEAN Corporate Governance Conference & Awards 2025, which was held in Kuala Lumpur, Malaysia on 24 July 2025.

In 2025, 5 (five) Subsidiaries within Bank Mandiri's Financial Conglomeration received the "Most Trusted" predicate and two Subsidiaries within Bank Mandiri's Financial Conglomeration received the "Trusted" predicate in the Corporate Governance Perception Index (CGPI) ranking.

In 2025, Bank Mandiri further strengthened its recognition for good corporate governance implementation by receiving the Special Award **"Best in Class Banking GCG"** at the CNBC Indonesia Awards 2025. This award reflects the Bank's ongoing commitment to implementing transparent, accountable, and integrity-driven governance practices.



CORPORATE GOVERNANCE BEST PRACTICE TO ELEVATE BANK MANDIRI'S PERFORMANCE

Bank Mandiri delivered solid performance in 2025, supported by core business growth, stronger transaction activities. and disciplined risk management. The Bank maintained a balanced approach across profitability, asset quality, and capital strength, providing a strong foundation for selective and sustainable expansion.

COMMITMENT TO CORPORATE GOVERNANCE

Bank Mandiri's commitment to good corporate governance (GCG) forms the foundation of its sustainable growth and long-term value creation. The Bank consistently upholds governance practices rooted in ethical conduct, accountability, transparency, and sustainability, ensuring that integrity guides every aspect of its operations and decision-making. These principles reflect the belief that responsible governance is essential to maintaining trust, driving performance, and strengthening the Bank's leadership as Indonesia's premier financial institution.

In alignment with the Corporate Plan 2025–2029, Bank Mandiri continues to strengthen its governance framework through enhanced internal control and integrated risk management, enabling prudent and effective decisions across the organization. The Bank also reinforces its commitment to information technology governance by prioritizing cybersecurity, data privacy, and technological reliability, key pillars supporting its role as a digital financial orchestrator. At the same time, the Bank embeds environmental, social, and governance (ESG) principles into its strategy and operations, ensuring that sustainability and risk management are integral to all business activities.

This holistic governance approach reflects Bank Mandiri's aspiration to lead with integrity, uphold transparency in all engagements, and create lasting value for stakeholders. Through continuous improvement, the Bank remains steadfast in ensuring that its governance practices align with global best standards and regulatory expectations, while reinforcing a culture where governance principles are deeply embedded in the way the organization operates.

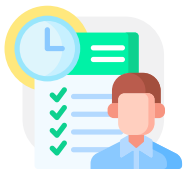
CORPORATE GOVERNANCE LEGAL REFERENCES

The legal basis of corporate governance implementation in Bank Mandiri refers to the applicable Laws and Regulations including the Financial Services Authority Regulations, these include the following:

No.	Regulations
1.	Law of the Republic of Indonesia No. 40 of 2007 concerning Limited Liability Companies as amended with Law No. 6 of 2023 on the Stipulation of Government Regulations in Lieu of Law No. 2 of 2022 concerning Job Creation into Law.
2.	Law of the Republic of Indonesia No. 10 of 1998 as amended by Law No. 4 of 2023 on the Development and Strengthening of the Financial Sector ("Law P2SK")
3.	Law of the Republic of Indonesia No. 8 of 1995 concerning Capital Market as amended by Law of the Republic of Indonesia No. 4 of 2023 on Financial Sector Development and Strengthening.
4.	Regulation of the Financial Services Authority (POJK) and Financial Services Authority Circular (SEOJK), as follows: - POJK No. 9 of 2023 concerning the Use of Public Accountant Services and Public Accountant offices in Financial Services Activities. - POJK No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks (POJK Governance). - POJK No. 17/POJK.03/2014 concerning Implementation of Integrated Risk Management for Financial Conglomerates. - POJK No.18/POJK.03/2014 concerning Implementation of Integrated Governance for Financial Conglomerates. - POJK No. 33/POJK.04/2014 on the Board of Directors and Board of Commissioners of Issuers or Public Companies. - POJK No. 34/POJK.04/2014 on the Nomination and Remuneration Committee for Issuers or Public Companies. - POJK No. 35/POJK.04/2014 on Corporate Secretary of Issuers or Public Companies. - POJK No. 21/POJK.04/2015 on Implementation of Corporate Governance Guidelines for Public Company. - POJK No. 31/POJK.04/2015 concerning Disclosure of Material Information or Facts by Issuers or Public Companies. - POJK No. 55/POJK.04/2015 concerning the Establishment and Working Implementation Guidelines for Audit Committee. - POJK No. 56/POJK.04/2015 concerning the Establishment and Guidelines for Drafting an Internal Audit Unit Charter. - POJK No. 27/POJK.03/2016 concerning Fit and Proper Test for the Main Parties of Financial Services Institutions. - POJK No. 37/POJK.03/2019 concerning Transparency and Publication of Bank Reports - POJK No. 15/POJK.04/2020 concerning the Plan and Holding of the General Meeting of Shareholders of a Public Companies. - POJK No. 4 of 2024 concerning Reports on Ownership or Any Changes in Ownership of Shares in Public Companies and Reports on Activities of Pledging Shares in Public Companies. - Financial Services Authority Regulation (POJK) No. 14 of 2025 on the Implementation of Electronic General Meetings of Shareholders, Bondholders' Meetings, and Sukukholders' Meetings. - SEOJK No. 15/SEOJK.03/2015 concerning Implementation of Integrated Governance for Financial Conglomerates. - SEOJK No. 32/SEOJK.04/2015 on Guidelines for the Governance of Public Companies. - SEOJK No. 14/SEOJK.03/2025 concerning Implementation of Governance for Commercial Banks - SEOJK No. 18/SEOJK.03/2023 concerning Procedures for Rendering the Services of Public Accountants and Public Accounting Firms in Financial Services Activities.

Bank Mandiri also applies the following Governance implementation guidelines:

1. SOE Minister Regulation No. PER-2/MBU/03/2023 regarding Governance Guidelines and Significant Corporate Activities of the State-Owned Enterprises.
2. Corporate Governance Principles developed by the Organization for Economic Cooperation and Development (OECD).
3. Indonesian Corporate Governance Guideline developed by the National Committee on Governance Policies (Komite Nasional Kebijakan Governance/KNKG).
4. Principles for Enhancing Corporate Governance issued by Basel Committee on Banking Supervision.
5. ASEAN Corporate Governance Scorecard yang dikeluarkan oleh ASEAN Capital Market Forum (ACMF).
6. The Company's Articles of Association.
7. The Company's Internal Regulations including the Company's policies regarding GCG.



IMPLEMENTATION OF CORPORATE GOVERNANCE PRINCIPLES

Bank Mandiri implements GCG principles in line with prevailing laws and regulations, as well as POJK No.17 of 2023 and SEOJK No.14/SEOJK.03/2025 concerning the Implementation of Governance for Commercial Banks. The implementation is based on the following five principles of good governance applied by the Bank:

1. Transparency: Transparency in the decision-making process and openness in the disclosure and provision of relevant and easily accessible information to Stakeholders.
2. Accountability: Clarity of functions and the implementation of accountability.
3. Responsibility: Alignment of management with prevailing laws and regulations as well as ethical values, standards, principles, and practices.
4. Independence: Independent and professional management of the Bank, free from conflicts of interest and any influence or pressure from any party that is not in accordance with laws and regulations as well as ethical values, standards, principles, and practices.
5. Fairness: Equality, balance, and justice in fulfilling the rights of Stakeholders deriving from agreements, prevailing laws and regulations, and ethical values as well as standards, principles, and practices.

Bank Mandiri also adheres to the basic principles of Corporate Governance as outlined in the Indonesia Corporate Governance General Guidelines (PUG-KI) 2021, updated by the National Committee on Governance Policy (KNKG), namely Ethical Conduct, Accountability, Transparency, and Sustainability.

CORPORATE GOVERNANCE PRINCIPLES IMPLEMENTATION IN BANK MANDIRI

Corporate Governance Principles	Explanation	Application in Bank Mandiri
 ETHICAL CONDUCT	In carrying out its activities, the corporation always consistently prioritizes honesty, treats all parties with respec, fulfills commitments, builds and maintains moral values and beliefs. The corporation pays attention to the interests of shareholders and other stakeholders based on the principles of fairness and is managed independently so that each organ of the company does not dominate each other and cannot be intervened by other parties.	1. Bank Mandiri strives to uphold Ethical Behavior in carrying out business and operational activities, as evidenced by the application of compliance principles which are supported by: a. Implementation of Anti-Money Laundering Programs. Prevention of Terrorism Financing and Prevention of Financing of Proliferation of Weapons of Mass Destruction; b. Implementation of anti-corruption practices and culture; c. Implementation of Gratification control; d. Implementation of Whistleblowing System 2. The Company considers the interests of all stakeholders based on the principle of equality and fairness (equal treatment). 3. CORPORATE GOVERNANCE PRINCIPLES IMPLEMENTATION IN BANK MANDIRI

Corporate Governance Principles	Explanation	Application in Bank Mandiri
 TRANSPARENCY	To maintain objectivity in conducting business, corporations provide material and relevant information in a way that is easily accessible and understood by stakeholders. Corporations take the initiative to disclose not only issues required by laws and regulations, but also those that are important for decision-making by shareholders, creditors and other stakeholders.	1. The Company discloses information in a timely, adequate, clear, accurate and comparable manner and can be accessed by concerned parties (stakeholders). 2. The Company discloses information which includes but not limited to the Company's vision, mission, business objectives, strategy, the Company's financial and non-financial conditions, the Board of Directors and Board of Commissioners compositions, controlling shareholders, risk management, supervisory and internal control systems, compliance functions, corporate governance as well as material information and facts that may influence investors' decisions. 3. The Company policies must be written and communicated to stakeholders who are entitled to obtain information about the policy. 4. The principle of openness shall still observe the provisions of Company secrets, position secrets and personal rights in accordance with applicable regulations.
 ACCOUNTABILITY	The corporation can account for its performance transparently and reasonably. For this reason, the Corporation must be managed correctly, measurably and in accordance with corporate interests while considering the interests of shareholders and stakeholders. Accountability is a prerequisite for achieving sustainable performance.	1. The Company sets business goals and strategies to be accountable to the stakeholders. 2. The Company establishes clear duties and responsibilities for each member of the Board of Commissioners and Board of Directors organs as well as all levels under them which are in line with the Company vision, mission, values, business objectives and strategies. 3. The Company must ensure that each member of the Board of Commissioners and the Board of Directors as well as all ranks below them to have the competence in accordance with their responsibilities and understands their role in corporate governance. 4. The Company establishes a check and balance system in its management. 5. The Company has performance standards for all levels based on agreed measurements consistent with the corporate core values, the business goals and strategies and has a rewards and punishment system.
 SUSTAINABILITY	The Corporation complies with prevailing laws and regulations and is committed to carrying out its responsibilities toward society and the environment, contributing to sustainable development through collaboration with all relevant stakeholders to improve their quality of life in a manner aligned with business interests and the sustainable development agenda.	1. The Company has established a dedicated ESG Unit under the supervision of Vice President Director to carry out coordinating function for the implementation of sustainability programs. 2. The Company has established a negative investment list and implemented Industry Acceptance Criteria (IAC) as part of fulfilling ESG principles. 3. The Company has established the Bank Mandiri ESG Governance Structure, including to set the Bank's sustainability direction related to climate change and achievement of SDGs; to oversee ESG implementation, achievement of targets, and sustainability initiatives; and to oversee implementation of integrated sustainability governance across Bank Mandiri and its Subsidiaries. 4. The Company conducts specialised training programs on sustainability aspects, which are mandatory for representatives of functions related to lending, credit supervision, risk management, and others. 5. The Company conducts periodic meetings specifically to discuss progress of sustainability programs.

CORPORATE GOVERNANCE ROADMAP

1998

Beginning of Merger

The GCG implementation awareness was driven by the banking crisis due to bad governance practices throughout the banking industry, this led to many banks needing to be bailed out and then the Board of Directors and the Board of Commissioners of the Bank had to sign a Management Contract with the World Bank which included the obligations to implement GCG.

2000 – 2001

Establishing Governance Commitment, Structure, and Mechanisms Fundamentals

Bank Mandiri responded to the Management Contract with the World Bank by issuing the following:

- Board of Directors and the Board of Commissioners Joint Decree on GCG Principles.
- Board of Directors and the Board of Commissioners Joint Decree regarding the Code of Conduct in interacting with customers. partners and fellow employees.
- Board of Directors Decree on the Compliance Policy which requires all Bank Mandiri employees to take full individual responsibility in carrying out the Bank's activities in their respective fields.
- The Bank appointed an independent consultant to conduct a diagnostic review on GCG implementation. The Independent Rating Agency has given a 6.2 GCG assessment score for 2003. an increase from the previous year score of 5.4.

2003 - 2004

Bank Mandiri's Initial Public Offering (IPO)

IPO Preparation. Bank Mandiri has improved the GCG implementation with the following steps:

1. Establishing Committees at the Board of Commissioners Level:
   - Audit Committee
   - Risk Oversight Committee
   - Remuneration and Nomination Committee
   - GCG Committee (2004)
2. Establishment of the Corporate Secretary.
3. Holding The General Meeting of Shareholders in accordance with the prevailing laws and regulations for public companies.
4. Implementing timely disclosure of information. including in the publication of Financial Statements. material information or events or facts.
5. Preparing an Annual Report that is timely, adequate, clear and accurate.
6. With due observance to the interests of minority shareholders.
7. Participated in the assessment of GCG implementation by an independent institution. namely The Indonesian Institute for Corporate Governance.

CORPORATE GOVERNANCE IMPLEMENTATION IN 2025 & PLANS FOR 2026

Corporate Governance Implementation In 2025

Bank Mandiri is continuously enhancing its governance practices throughout 2025. This has been implemented through the followings:

1. Enhancement of the implementation of Good Corporate Governance (GCG).
2. Compliance with the implementation of the ASEAN Corporate Governance Scorecard (ACGS).
3. Conducting self-assessment of individual corporate governance and self-assessment of integrated governance implementation.
4. Conducting assessment based on the Corporate Governance Perception Index (CGPI).
5. The continuous implementation of the Gratification Control and Anti-Corruption Program to strengthen the Bank's commitment to integrity and compliance.

Plans for 2026

To enhance the quality of corporate governance implementation. Bank Mandiri has developed a work plan for 2026, as follows:

1. Continuously improving the implementation of Good Corporate Governance (GCG).
2. Ensuring compliance with the ASEAN Corporate Governance Scorecard (ACGS).
3. Conducting self-assessments of Individual Governance implementation and self-assessments of Integrated Governance implementation.

CORPORATE GOVERNANCE ASSESSMENTS

Bank Mandiri conducts comprehensive governance evaluations through two mechanisms: internal assessments (self-assessment) conducted semi-annually, and external independent assessments. The external evaluations are carried out through participation in the Corporate Governance Perception Index (CGPI) and compliance with the ASEAN Corporate Governance Scorecard (ACGS) standards. These approaches ensure that Bank Mandiri's governance practices remain measurable, objective, and aligned with both national and regional best practices.

INTERNAL PARTY ASSESSMENT

INDIVIDUAL SELF-ASSESSMENT

Bank Mandiri conducts self-assessments of its Individual Governance implementation based on OJK Regulation (POJK) No. 17 of 2023 and OJK Circular Letter (SEOJK) No. 13/SEOJK.03/2017 as amended by SEOJK No. 14/SEOJK.03/2025 on Governance Implementation for Commercial Banks. These self-assessments are conducted twice a year (in June and December).

Applied Criteria

The criteria used in conducting Individual Self-Assessments are based on OJK Circular Letter No. 14/SEOJK.03/2025 on Governance Implementation for Commercial Banks. This self-assessment aims to map the strengths and weaknesses of Governance implementation, evaluated from three aspects:

1. **Governance Structure**
   The assessment of the governance structure aims to evaluate the adequacy of the Bank's governance structure and infrastructure to ensure that the implementation of good governance principles produces outcomes that meet stakeholder expectations. The Bank's governance structure includes the Board of Commissioners, the Board of Directors, Committees, and work units. Meanwhile, the governance infrastructure comprises policies and procedures, management information systems, and the main duties and functions of each organizational structure.

2. **Governance Process**
   The assessment of the governance process aims to evaluate the effectiveness of implementing good governance principles, supported by the adequacy of the Bank's governance structure and infrastructure, to ensure outcomes that align with stakeholder expectations.

3. **Governance Outcome**
   The assessment of governance outcome aims to evaluate the quality of outcomes that meet stakeholder expectations. These outcomes result from the effective implementation of good governance principles, supported by the adequacy of the Bank's governance structure and infrastructure. Governance outcomes include both qualitative and quantitative aspects, such as:

   a. Adequacy of transparency in reporting.
   b. Compliance with laws and regulations.
   c. Consumer protection.
   d. Objectivity in assessments/audits.
   e. Bank performance, including profitability, efficiency, and capitalization.
   f. Improvements or declines in compliance with applicable regulations and the resolution of issues faced by the Bank, such as fraud, violations of the Legal Lending Limit (LLL), and breaches related to regulatory reporting requirements.

Assessment Factors

The Self-Assessment of individual governance implementation covers 16 (sixteen) governance implementation assessment factors, which include:

1. Execution of duties and responsibilities of the Board of Commissioners.
2. Execution of duties and responsibilities of the Board of Directors.
3. Completeness and execution of Committee duties.
4. Management of conflicts of interest.
5. Implementation of the compliance function.
6. Implementation of the internal audit function.
7. Implementation of the external audit function.
8. Implementation of risk management, including the internal control system.
9. Remuneration.
10. Provision of funds to related parties and large exposures.
11. Integrity of reporting and information technology systems.
12. Bank's Strategic Plan.
13. Shareholder Aspects.
14. Implementation of the Anti-Fraud Strategy, including Anti-Bribery.

15. Implementation of Sustainable Finance, including the Implementation of Social and Environmental Responsibility.
16. Implementation of Governance within the KUB (Banking Business Group).

Assessors

The self-assessment process for individual governance implementation at Bank Mandiri involves the participation of the entire Board of Commissioners, Board of Directors, and work units related to the governance assessment factors.

Assessment Scores

In the first semester of 2025. Bank Mandiri conducted a self-assessment of individual governance implementation, achieving a score of 1. However, OJK provided the following feedback on the assessment:

Score	Definition of Composite
2	Reflecting that in general the Company's management had implemented a good Governance. This was reflected in the adequate fulfilment of the principles of Governance. Where there were weaknesses in the application of Governance principles, in general these weaknesses were insignificant and could be resolved by regular actions by the Bank's management.

In the second semester of 2025, Bank Mandiri conducted a self-assessment of individual corporate governance implementation, achieving a score of 1. However. OJK has not yet provided feedback on the self-assessment results for the second semester of 2025. The assessment details are as follows:

Score	Definition of Composite
1	Reflecting that in general the Company's management had implemented a very good Governance. This was reflected in the adequate fulfilment of the principles of Governance. In the event that there were weaknesses in the application of GCG principles, in general these weaknesses were insignificant and could be immediately improved by the Bank's management.

Based on the results of both assessments, the implementation of Bank Mandiri's governance in 2025 can be summarized as follows:

Strength	Weakness
STRUCTURE	
1. Bank Mandiri convened both Annual and Extraordinary GMS, with one of the agenda items being changes to the composition of the Board of Directors and the Board of Commissioners. 2. The number, structure, and composition of the Board of Directors and the Board of Commissioners were in accordance with regulatory requirements. 3. The structure of Committee membership complied with the required provisions, and adjustments to the Committee Membership Decree were made accordingly.	There was a member of the Board of Commissioners who was still undergoing the fit and proper test process.
PROCESS	
1. In carrying out duties and responsibilities of the Board of Commissioners and the Board of Directors, during 2025 a total of 31 (thirty-one) Board of Commissioners Meetings and 55 (fifty-five) Board of Directors Meetings were held. 2. Bank Mandiri's Bank Business Plan (RBB) for 2025–2027 was discussed in the joint forum of the Board of Directors and the Board of Commissioners and was submitted to OJK in accordance with the prevailing regulations. 3. Committee Meetings were held in accordance with the Bank's needs. In 2025, the Committees under the Board of Commissioners conducted meetings with the following details: a. Audit Committee: 22 (twenty-two) meetings. b. Risk Oversight Committee: 33 (thirty-three) meetings. c. Remuneration and Nomination Committee: 13 (thirteen) meetings. d. Integrated Governance Committee: 2 (two) meetings.	None
OUTCOME	
1. The Board of Directors fully implemented good Governance principles in carrying out the Bank's business activities across all organizational levels, as reflected, among others, in Bank Mandiri receiving awards as ASEAN Top 50 PLCs, Top 5 PLCs Indonesia, and ASEAN Asset Class PLCs based on the ASEAN Corporate Governance Scorecard assessment at the ASEAN Corporate Governance Conference & Awards 2025 held on 24 July 2025 in Kuala Lumpur, Malaysia. 2. The 2025 Internal Audit Annual Audit Plan was approved by the President Director and the Board of Commissioners, taking into account the recommendations of the Audit Committee. 3. The Compliance Director's Report for 2025 was submitted to OJK in accordance with the prevailing regulations.	There were still violations of the prevailing regulations.

INTEGRATED GOVERNANCE SELF-ASSESSMENT

Bank Mandiri also performs self-assessments of Integrated Governance Implementation based on POJK No. 18/POJK.03/2014 and SEOJK No. 15/SEOJK.03/2015 on Integrated Governance. These self-assessments are conducted twice a year (in June and December) and involve all Financial Service Institutions (LJK) within the Bank Mandiri Financial Conglomerate.

For the self-assessment of Integrated Governance Implementation for the first half of 2025, a score of 1 (one) was achieved, reflecting that the Financial Conglomerate is deemed to have implemented Integrated Governance generally very well. This is evident from highly adequate compliance with Integrated Governance principles. In cases where weaknesses in Integrated Governance were identified, these weaknesses were generally insignificant and could be promptly addressed by the Main Entity and/or Financial Service Institutions within the Financial Conglomerate.

The self-assessment results for Integrated Governance Implementation for the second half of 2025 also received a score of 1 (one), reflecting that the Financial Conglomerate is deemed to have implemented Integrated Governance generally very well. This is evident from highly adequate compliance with Integrated Governance principles. In cases where weaknesses in Integrated Governance principles were identified, these weaknesses were generally insignificant and could be promptly addressed by the Main Entity and/or Financial Service Institutions within the Financial Conglomerate.

EXTERNAL PARTY ASSESSMENT

CORPORATE GOVERNANCE PERCEPTION INDEX (CGPI)

Bank Mandiri participates in the CGPI research and rating program organized by The Indonesian Institute of Corporate Governance (IICG). CGPI is participated in by public companies (issuers), SOEs, banks, and other private companies, with Bank Mandiri having participated in the CGPI assessment for 22 (twenty-two) consecutive times since 2003.

Applied Criteria

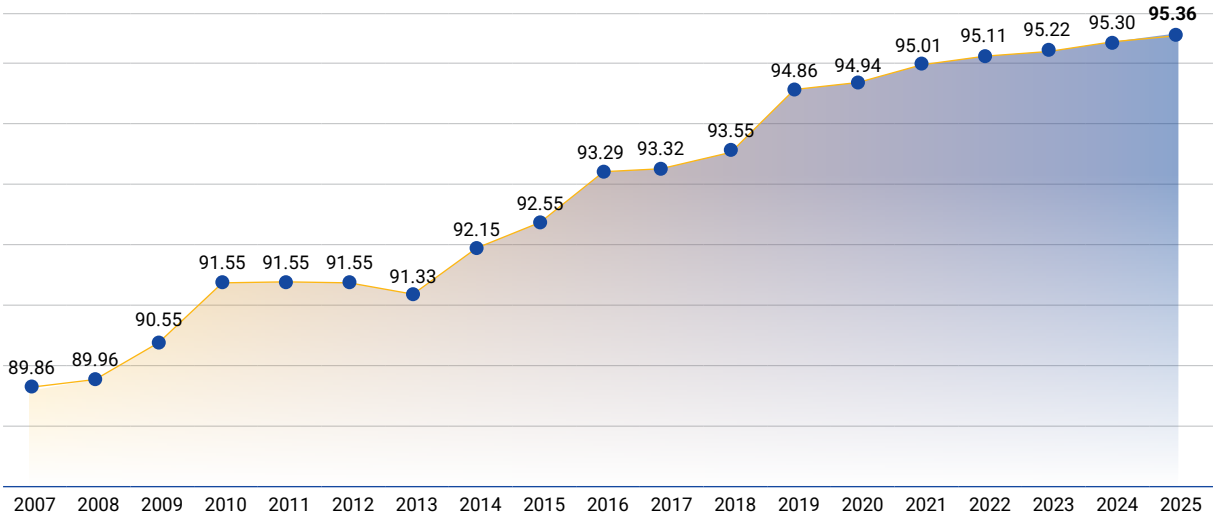
   Assessment of governance mechanisms in building the Company's dynamic capabilities in accordance with principles, values, and compliance in order to create value and ensure sustainable growth in an ethical and dignified manner. The assessment indicators for the Governance Process aspect include:
   a. Shareholders and GMS Governance Mechanism Indicators.
   b. Board of Commissioners and Board of Directors Governance Mechanism Indicators.
   c. Organizational Behavior Governance Mechanism Indicators.
   d. Disclosure and Transparency Governance Mechanism Indicators.
   e. Risk Governance Mechanism Indicators.
   f. Compliance Governance Mechanism Indicators.
   g. Internal Control Governance Mechanism Indicators.
   h. Internal and External Oversight Governance Mechanism Indicators.
   i. Strategic Planning Governance Mechanism Indicators.
   j. Corporate Resources Governance Mechanism Indicators.
   k. Sustainable Development Goals Governance Mechanism Indicators.
   l. Creativity and Innovation Governance Mechanism Indicators.
   m. Governance Mechanism Indicators for Building the Company's Dynamic Capabilities.

3. **Governance Outcome**
   Assessment of quality of outputs, achievements, impacts, and benefits that are effective and efficient from governance structures and processes in building the Company's dynamic capabilities in accordance with principles, values, and compliance, creating value and ensuring sustainable growth in an ethical and dignified manner. The assessment indicators for the Governance Outcome aspect include:
   a. Corporate Organs Governance Outcome Indicators.
   b. Organizational Behavior Compliance Governance Outcome Indicators.

c. Disclosure and Transparency Governance Outcome Indicators.
d. Risk, Compliance, Control, and Oversight Governance Outcome Indicators.
e. Sustainable Development Goals Governance Outcome Indicators.
f. Governance Outcome Indicators for Building the Company's Dynamic Capabilities.

Assessor



The assessment for CGPI is conducted by The Indonesian Institute for Corporate Governance (IICG).

Assessment Score

The results of the CGPI assessment are utilized by Bank Mandiri to evaluate and enhance the implementation of corporate governance. Bank Mandiri received the "Most Trusted" rating in the 2024 CGPI assessment held in 2025, with a score of 95.36. This recognition marks the Bank's 19th consecutive achievement in the CGPI ranking. The composition of Bank Mandiri's assessment results over the past five consecutive years is as follows:

Stages	2021 Scores	2022 Scores	2023 Scores	2024 Scores	2025 Scores
Governance Structure	33.76	26.65	31.53	31.85	25.77
Governance Process	34.26	36.24	31.24	31.61	34.85
Governance Outcome	26.99	32.22	32.45	31.84	34.74
Scores	**95.01**	**95.11**	**95.22**	**95.30**	**95.36**

CGPI assessment results in 19 (nineteen) consecutive years were as follows:

Recommendations and Follow Ups

Based on the results of the 2025 CGPI assessment. the IICG provided several recommendations regarding the implementation of corporate governance at Bank Mandiri. These recommendations will serve as input for the continuous improvement of governance implementation within the Bank.

RECOMMENDATIONS	FOLLOW-UP
GOVERNANCE STRUCTURE	
Bank Mandiri shall optimize and establish an organizational structure with clear lines of accountability and a flexible hierarchy in line with the Company's strategic plan, business needs, technological developments, and adaptability to evolving business dynamics.	Bank Mandiri has established an organizational structure designed to support the complexity of its business activities and the achievement of the Company's strategic objectives. The establishment of this organizational structure was formulated by taking into consideration the Bank's strategic plan, evolving business needs, and the utilization of technology to support the effectiveness of the Bank's business activities. Through an integrated and adaptive structural design, Bank Mandiri was able to ensure effective coordination across functions, adequate risk management, and the ability to adapt to the dynamics of the business environment and the banking industry.
Bank Mandiri shall periodically update the Company's policies and strategies through comprehensive risk-based analysis in response to the dynamics of the business and industry environment in order to optimize the Company's potential.	Bank Mandiri has periodically updated the Company's policies and strategies through comprehensive risk-based analysis, taking into account the dynamics of the business environment and the banking industry, as well as compliance with regulatory provisions and requirements. This process was carried out to ensure that the Bank's policies and strategies remain relevant, aligned with prevailing regulations, responsive to changes, and capable of effectively supporting risk management. Through this approach, Bank Mandiri was able to optimize the Company's potential on a sustainable basis in line with the achievement of strategic objectives and the application of prudential principles.
Bank Mandiri shall continuously optimize its organizational culture across all levels of the organizational structure, fostering a culture that is resilient in facing challenges, agile, flexible, adaptive, innovative, and capable of seizing well-measured opportunities.	Bank Mandiri continuously optimized its organizational culture across all levels of the organizational structure through various programs, policies, and sustainable human capital development initiatives. These efforts were aimed at fostering a spirit of resilience in facing challenges, building agile and adaptive ways of working, and encouraging continuous innovation while strengthening the capability of the Bank's people to respond to business changes and challenges. The strengthening of this organizational culture was also directed at encouraging the ability to seize opportunities in a measured manner while upholding sound risk management and prudential principles, thereby supporting the sustainable achievement of the Company's strategic objectives.
Bank Mandiri shall optimize its relationships with stakeholders to create added value through the development of an integrated, collaborative, and sustainability-oriented business ecosystem, thereby supporting the achievement of superior performance and sustainable growth.	Bank Mandiri continuously built and strengthened value-creating relationships with its stakeholders through the management of integrated partnerships and synergies. This approach was directed at creating strategic value for the Bank and its partners through structured collaboration, strong governance, and alignment with the Bank's strategic direction and overall business priorities. Through the strengthening of a collaborative and sustainability-oriented business ecosystem, Bank Mandiri was able to enhance the Company's performance while supporting sustainable growth.
GOVERNANCE PROCESS	
Bank Mandiri shall optimize the effective implementation of ethical guidelines by all members of the organization to prevent misconduct and strengthen resilience in facing business dynamics, thereby maintaining integrity and business sustainability.	Bank Mandiri implemented a code of ethics that sets out the fundamental principles of personal and professional conduct as guidance in carrying out all of the Bank's activities. The code of ethics applied to all Bank personnel, including employees, members of the Board of Directors, and members of the Board of Commissioners, and served as a reference in decision-making as well as in the execution of daily activities. The implementation of the code of ethics was carried out consistently to promote professional, responsible, fair, ethical, and trustworthy conduct in every business interaction, while also serving as a preventive measure against misconduct. Through the continuous strengthening of the implementation of the code of ethics, Bank Mandiri maintained organizational integrity, strengthened stakeholder trust, and supported the sustainability of the Bank's business.
Bank Mandiri shall strengthen its risk culture towards emerging risks in a collective and integrated manner with the Company's risk management system, enabling the Bank to detect risks more quickly, communicate more openly, and respond more adaptively to uncertainties, thereby supporting superior performance and sustainable growth.	Bank Mandiri integrated a comprehensive risk awareness culture into the development of products, services, and the utilization of technology by adhering to an adequate Risk Management System, including measures to anticipate and manage emerging risks. Prior to the launch or implementation of products and services, the Bank conducted comprehensive risk assessments and established measured mitigation actions to identify potential risks at an early stage. This approach was also reflected in the formulation of the Bank's internal policies and technical guidelines, which embedded risk awareness as a daily working attitude and behavior throughout the organization. In this way, all Bank Mandiri personnel were encouraged to pursue business growth with appropriate risk consideration and a sustainability-oriented approach. The strengthening of this risk awareness culture was supported by effective communication strategies through various adaptive and sustainable channels, aimed at fostering open, efficient, and integrated risk communication within the Company's risk management framework.

RECOMMENDATIONS	FOLLOW-UP
Bank Mandiri shall optimize mechanisms for the periodic identification and evaluation of opportunities, threats, and environmental dynamics, as well as undertake business transformation through the integration and swift adjustment of strategies and optimal allocation of resources, enabling the Company to respond to changes in a timely and adaptive manner and to create value on a sustainable basis.	Bank Mandiri formulated and maintained a corporate strategy designed to support the achievement of the Bank's objectives and vision while addressing the evolving dynamics of the banking industry. In response to changes in the business environment, Bank Mandiri continuously refined and adjusted its strategy through a structured evaluation mechanism, including the analysis of opportunities and challenges using a SWOT approach. Based on the results of this analysis, the Bank established measurable and executable strategic actions, enabling the Company to respond adaptively to industry challenges while creating value and sustaining long-term growth.
Bank Mandiri shall strengthen internal and external corporate communication to ensure that all relevant parties have a common understanding of the Company's vision, mission, and objectives, as well as to build a positive corporate image among stakeholders and the public.	Bank Mandiri continuously strengthened internal communication through structured and sustainable mechanisms to ensure alignment in the understanding of the Company's vision, mission, and objectives among all Bank personnel. Internal communication was carried out through forums, socialization programs, and the utilization of various internal communication media to ensure that strategic information and corporate policies were delivered consistently, accurately, and in a timely manner across all levels of the organization. On the external side, Bank Mandiri ensured that stakeholders had access to comprehensive and accurate information regarding the Company's performance and strategic direction. Information was delivered in a timely, transparent, and responsible manner through various communication channels, including meetings with investors and analysts, public exposes, presentations, roadshows, press releases, periodic publications, and the Company's official reports. In this regard, these efforts were undertaken as part of the Bank's commitment to uphold the principle of transparency while maintaining and enhancing Bank Mandiri's reputation among stakeholders and the public.
Bank Mandiri shall strengthen the capability and capacity of its technology resources to enhance operational efficiency, expand digital innovation, and maintain digital trust and cyber security, thereby enabling the Company to be more adaptive in responding to change while sustaining stakeholder trust and long-term growth.	Amid the dynamics of digital transformation, Bank Mandiri positioned the development and utilization of technology as one of the key foundations in driving competitive advantage and enhancing the Company's performance. This strategy was implemented through a well-planned, structured, and effective approach to technology adoption, as outlined in the Information Technology Strategic Plan (RSTI) and aligned with the Corporate Strategy. The RSTI was executed in a disciplined manner to ensure that every IT initiative delivered tangible contributions to operational efficiency, digital innovation, and healthy and sustainable business growth. In addition, Bank Mandiri implemented a comprehensive cyber security strategy covering the aspects of people, process, and technology to safeguard data security, system reliability, and IT service operations from potential cyber threats. Through this approach, the technology solutions delivered by the Bank remained innovative, reliable, and secure in meeting customer needs while maintaining stakeholder trust.
GOVERNANCE OUTCOME	
Bank Mandiri shall strengthen the Company's capabilities, capacities, and core competencies through the effective implementation of adaptive, agile, and efficient strategies to support sustainable value growth, reinforce its position within the banking industry, and contribute positively to the economy.	Bank Mandiri continuously strengthened the Company's capabilities, capacities, and core competencies through the implementation of well-planned and adaptive strategies. This strengthening was carried out by ensuring alignment between the strategic direction, resource management, and the organization's ability to respond to the dynamics of the banking industry. Through consistent and measurable strategy implementation, Bank Mandiri promoted sustainable and balanced value creation, reinforced its competitive position within the industry, and contributed positively to the economy.
Bank Mandiri shall enhance customer-oriented value growth in a consistent and proportionate manner by ensuring that every performance outcome, product, and service empowers customers while fostering a healthy financial industry ecosystem.	Bank Mandiri consistently promoted value growth oriented toward increasing benefits for customers through the provision of quality and responsible products, services, and performance. In line with this, Bank Mandiri also played an active role in fostering a healthy and sustainable financial services industry ecosystem to support the Company's business growth and strengthen stakeholder trust.
Bank Mandiri shall optimize the progressive handling of all ongoing legal cases and pursue optimal risk mitigation for all legal claims, while preventing the recurrence of corporate legal cases.	Bank Mandiri established systems and mechanisms for handling and resolving legal matters faced by the Company, as well as mitigating risks arising from legal claims.
Bank Mandiri shall ensure the achievement of innovation programs that are capable of creating added value for the Company and supporting its competitiveness amid evolving business dynamics.	Bank Mandiri managed and executed innovation programs on a continuous basis as part of the Company's strategic agenda to create tangible business value. Innovation initiatives were directed not only at the development of products and services, but also at process improvements, the utilization of technology, and the strengthening of more effective and responsive ways of working to address customer needs and market changes. Through structured innovation governance that was integrated with the Company's strategy, Bank Mandiri strengthened its competitiveness, enhanced performance, and ensured the relevance and sustainability of its business amid the dynamics of the banking industry.

In the 2024 CGPI conducted in 2025, 5 (five) Subsidiaries received the "Most Trusted" designation, while 2 (two) Subsidiaries were rated as "Trusted," with the following score details:

ASEAN CORPORATE GOVERNANCE SCORECARD (ACGS)

One of the assessments conducted in relation to the implementation of corporate governance at Bank Mandiri is the ASEAN Corporate Governance Scorecard (ACGS), which serves as a parameter for measuring governance practices. This initiative was introduced by the association/forum of capital market regulatory authorities in ASEAN, namely the ASEAN Capital Market Forum (ACMF), and was developed in collaboration with the Asian Development Bank (ADB). The ACGS parameters adopt the OECD Principles of Corporate Governance and are intended to enhance investor confidence in listed companies across ASEAN.

Applied Criteria

The components of the ACGS are as follows:
1. Rights and Equitable Treatment of Shareholders.
2. Sustainability and Resilience
3. Disclosure and Transparency
4. Responsibilities of the Board of Directors and Board of Commissioners.

Assessor

The ACGS assessment is carried out by the ASEAN Capital Market Forum (ACMF) through independent assessors known as Domestic Ranking Bodies (DRBs), which are appointed by regulators in each respective country.

Independent Party Assessment Score

In 2025, Bank Mandiri received 3 achievement categories in the ACGS assessment, namely ASEAN Top 50 PLCs, Top 5 PLCs Indonesia, and ASEAN Asset Class PLCs.

APPLICATION OF CORPORATE GOVERNANCE GUIDELINES TO PUBLIC COMPANIES

Implementation of Corporate Governance Aspects and Principles Pursuant to Financial Services Authority Regulations

Bank Mandiri implements Corporate Governance Guidelines for Public Company as stipulated in POJK No. 21/POJK.04/2015 dated 16 November 2015 on the Enactment of Governance Guidelines of Public Companies as elaborated under SEOJK No. 32/SEOJK.04/2015 dated 17 November 2015 on the Corporate Governance Guidelines of Public Companies. The following are description on the implementation:

No.	Aspects – Principles - Recommendations	Comply Or Explain
A. Aspect 1: Relationship Between Public Company And Shareholders In Ensuring The Rights Of Shareholders.		
A.1. Principle 1: Enhancing the Value of General Meeting of Shareholders (GMS).		
A.1.1 Recommendation 1 : Explanation :	The Public Company has technical means or procedure for both open and closed voting that prioritize independency and interest of Shareholders. Every issued share with voting right has one vote (one share one vote). The Shareholders may use their voting rights during the decision-making process, in particular to decision with voting mechanism. However. both open and closed voting mechanism has not been regulated in detail. The Public Company is recommended to have voting procedure in decision making of GMS agenda. Such voting procedure must maintain independency or freedom of Shareholders. As an example, an open voting mechanism is implemented by raising hand in accordance with option as offered by the GMS chairman. Whilst a close voting mechanism is conducted in any decision that required confidentiality or by request from Shareholders through voting card or electronic voting.	In the Annual General Meeting of Shareholders (GMS). Bank Mandiri has exercised open and close voting which is stated in the GMS Mechanisms. The voting mechanism at the GMS is regulated in the Bank's Articles of Association. At the Annual General Meeting of Shareholders (AGMS) for the 2025 Fiscal Year. the decision-making mechanism was carried out through deliberation to reach consensus, in accordance with Article 40 of the Financial Services Authority Regulation ("OJK") No. 15/POJK.04/2020 on the Planning and Implementation of General Meetings of Shareholders for Public Companies ("POJK No. 15/2020"). while also taking into account Article 28 of POJK No. 15/2020. If consensus could not be reached. decisions were made through voting. The voting process was conducted openly. with votes counted from those validly cast at the Meeting and via eASY.KSEI. except for the Eighth Agenda Item. where voting was carried out using unsigned closed ballot cards. Meanwhile, the Fifth Agenda Item was of a reporting nature, hence shareholder approval was not required during the Meeting. The Bank has developed the GMS Procedures that can be downloaded in the Company's website and were distributed to the Shareholders during the GMS. Remark : Comply
A.1.2. Recommendation 2 : Explanation :	Commissioners of Public Company attends the Annual GMS. The presence of all members of the Board of Directors and the Board of Commissioners of the Public Company is intended so that each member of the Board of Directors and the Board of Commissioners can pay attention to. explain, and answer directly the issues or questions as raised by shareholders related the GMS agenda.	The Annual GMS Fiscal Year 2025 was attended by all members of the Board of Commissioners and Board of Directors Remark : Comply
A.1.3. Recommendation 3 : Explanation :	The Summary of Minutes of GMS is available in the Public Company's website at least for one (1) year. Based on Article 51 jo. Article 52 of the OJK Regulation No.15/POJK.04/2020 on the Plan and Implementation of the General Meeting of Shareholders of Public Company. The Public Company is required to make summary of GMS Minutes in Indonesian and foreign language (minimum in English), and announced to the public within two (2) working days after the GMS is held. one of which is through the Public Company Website. The availability of summary of GMS Minutes in the Public Company Website provides an opportunity for shareholders who are not present. to easily obtain important information in GMS implementation. Therefore. the provision on the minimum period of availability of GMS Minutes summary in the Website are intended to provide sufficient time for shareholders to obtain such information.	The Annual GMS minutes of meeting of 2025, in both Indonesian and English language, was announced at the latest 2 (two) working days following the GMS, which is published on the Bank's website. IDX Electronic Reporting System, OJK and eASY KSEI. The Bank's website presented the GMS convention, including GMS minutes for the last 5 (five) years. In addition. Bank Mandiri has prepared GMS Highlights both in Indonesian and English which are uploaded 1 (one) working day after the GMS on the Bank Mandiri Website and proof of the announcement of the GMS results has been reported by the Company to OJK and the Indonesia Stock Exchange through Letter No. CRL.CSC/CMA.1335/2025 dated 26 March 2025 and reported through the OJK Electronic Reporting System and the Indonesia Stock Exchange. Remark : Comply

No.	Aspects – Principles - Recommendations	Comply Or Explain
A.2 Principle 2: Enhancing the Quality of Communication between Public Company with Shareholders or Investors.		
A.2.1. Recommendation 4 : Remark :	Public Company has communication policy with the Shareholders and Investors. The communication between Public Company and shareholders or investors is intended so that shareholders or investors obtain clarity of information that has been published to the public, such as periodic reports, information disclosure, business condition or prospect and performance, as well as implementation of public company governance. In addition, the shareholders or investors can also submit input and opinion to the management of Public Company. The communication policy with shareholders or investors shows the commitment of the Public Company in carrying out communication with shareholders or investors. This policy can include strategies, programs, and timing of communication implementation, as well as guideline that support shareholders or investors to participate in the communication.	The Bank has a communication policy with shareholders or investors, as stipulated in the Corporate Secretary Charter. Chapter III.A.I. Disclosures. The disclosure to the stakeholders is formulated by referring to the Capital Market regulations and other relevant laws and regulations. which can be summarized as follows: 1. Periodic and or incidental reporting to regulators (OJK, Bank Indonesia, LPS, Ministry of Justice and Human Rights, Indonesia Stock Exchange, etc) and reporting through Electronic Reporting System. 2. General Meeting of Shareholders (GMS). 3. Implemented according to laws and the Bank's Articles of Association consisted of the Annual GMS and Extraordinary GMS. 4. Organizing other activities related to corporate actions and/or disclosures such as: a. Performance Presentation (quarterly) b. Public Expose (annually) c. Analyst Meeting (quarterly) The Performance Presentation. Public Expose dan Analyst Meeting exercised quarterly and annually were aimed at disclosing information to public and investors on the Bank's conditions, business prospects, performances, as well as its corporate governance implementation. The Bank also has established specific unit that is tasked to maintain and manage good relations with investors, as well as serve as a centre of information on the Bank's performance to the investors. Remark : Comply
A.2.2. Recommendation 5 : Remark :	The Public Company discloses the Communication Policy of Public Company with shareholders or investors in Website. Disclosure of communication policy is a form of transparency on the commitment of the Public Company in providing equality to all shareholders or investors for the implementation of communication. The disclosure of information also aims to increase the participation and role of shareholders or investors in the implementation of the Public Company communication program.	The Bank has in place the communication policy on Public Company with shareholders or investors as stated in the Corporate Secretary Charter. Chapter III.A.I Disclosures. The policy is provided in the Website. The Bank also continually manages the information in the website. hence latest information is ready for the shareholders and investors, such as Products/Services, Performance, Management, and Activities. Remark : Comply
B. Aspect 2: Function and Roles of The Board Of Commissioners		
B.1 Principle 3: Strengthen the Membership composition of the Board of Commissioners.		
B.1.1. Recommendation 6 : Explanation :	Determination of total members of the Board of Commissioners takes into account the conditions of the Public Company. The total members of the Board of Commissioners may affect the effectiveness of the duties of the Board of Commissioners. Determination of total members of the Board of Commissioners of a Public Company must refer to the provisions of the prevailing law in which at least consists of two (2) people based on the provisions of the POJK No. 33/POJK.04/2 14 on The Board of Directors and Commissioners of Issuers or Public Companies. In addition, it is also necessary to consider the condition of the Public Company, which includes among other, the characteristic, capacity and size, as well as achievement of target and fulfillment of different business needs among the Public Companies. However. exorbitant Board of Commissioners has the potential to disrupt the effectiveness on the implementation function of the Board of Commissioners.	Bank Mandiri has complied with the Articles 20 POJK No. 33/POJK.04/2014 concerning the Board of Directors and Board of Commissioners of Issuers and Public Companies. namely number of members of the Board of Commissioners is more than 2 (two) members and Article 35 paragraph (1) of POJK No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks. namely that Banks are required to have members of the Board of Commissioners with at least 3 (three) personnel and at most equal to the number of members of the Board of Directors. As of 31 December 2025. the number of members of the Board of Commissioners of Bank Mandiri consisting of 4 (four) Commissioners and 3 (three) Independent Commissioners. Remark : Comply

No.	Aspects – Principles - Recommendations	Comply Or Explain
B.1.2. Recommendation 7 : Explanation :	Determination on the composition of members of the Board of Commissioners takes into account on diversity of expertise. knowledge and required experience. The composition of the Board of Commissioners is a combination of characteristics from both organ and individual perspective according to the need of respective Public Company. These characteristics can be reflected in the determination of expertise. knowledge and experience required in the implementation of supervisory and advisory duty by the Board of Commissioners of the Public Company. The composition that has taken into account the need of the Public Company is a positive. especially related to decision making related with supervisory function as carried out by considering various broader aspects.	The composition of members of the Board of Commissioners takes into account the diversity of expertise. knowledge and experience needed as disclosed in the Section of Composition and Assignment of the Bank's Board of Commissioners. Remark : Comply
B.2. Principle 4: Enhancing the Quality of Implementation of Duties and Responsibilities of the Board of Commissioners.		
B.2.1. Recommendation 8 : Explanation :	The Board of Commissioners has Self-Assessment Policy to evaluate the performance of the Board of Commissioners. The Board of Commissioners' Self-Assessment policy is a guideline that is used as a form of collegial accountability for evaluating the performance of the Board of Commissioners. Self-assessment is carried out by each member to assess the collegial performance of the Board of Commissioners, and not to assess the individual performance of each member of the Board of Commissioners. With this Self-Assessment, it is expected that each member of the Board of Commissioners can contribute in improving the performance of the Board of Commissioners on an ongoing basis. This policy can include the assessment activity as carried out along with the purpose and objective, periodic period of implementation, and benchmark or assessment criteria being used in accordance with the recommendations from the Remuneration and Nomination function of Public Company as required by OJK Regulation on the Remuneration and Nomination Committee of Issuer or Public Company.	The Board of Commissioners has in place the self-assessment policy that regulated in the BOC Charter. The Performance Assessment of the Board of Commissioners is carried out by each member of the Board of Commissioners through self-assessment mechanism based on assessment criteria of duties implementation and responsibilities of the Board of Commissioners covering the aspects of structure. directives and oversight. Remark : Comply
B.2.2. Recommendation 9 : Explanation :	The Self-Assessment Policy to evaluate the performance of the Board of Commissioners is disclosed in the Annual Report of Public Company. The disclosure of Self-Assessment Policy on performance of the Board of Commissioners is conducted not only to comply with transparency aspect as form of accountability of its duties but also to provide assurance to the Shareholders or investors on efforts that need to be done in improving the performance of the Board of Commissioners. Upon the availability of disclosure. the Shareholders or investors acknowledge the check and balance mechanism towards the Board of Commissioners.	The self-assessment policy on the Board of Commissioners' performance assessment has been disclosed in this Annual Report. Remark : Comply
B.2.3. Recommendation 10 : Explanation :	The Board of Commissioners has policy on resignation of member of the Board of Commissioner when involved in financial crime. The resignation policy of member of the Board of Commissioners being involved in financial crime is a policy that can increase the stakeholders' trust in the Public Company. so that corporate integrity will be maintained. This policy is needed to help the legal process and so that the legal process does not interfere the course of business activities. In addition, in terms of morality. this policy builds an ethical culture within the Public Company. This policy can be included in the Code or the Code of Ethics that applies to the Board of Commissioners. Furthermore. being involved in financial crimes shall means the convicted status from the authorities of respective member of the Board of Commissioners. The financial crimes are manipulation and various forms of embezzlement in financial service activities as well as Money Laundering Criminal Action as referred to Law Number 8 of 2010 on Prevention and Eradication of Money Laundering Crimes.	Bank Mandiri has in place the policy on resignation of member of the Board of Commissioners when involved in financial crime as stated in the Bank's Articles of Association. namely the tenure of the Board of Commissioners is ended upon the violations of laws and regulations and upon resignation. Referring to the Article 14 paragraph (26) letter f of the Bank's Articles of Association. the tenure of member of the Board of Commissioners is ended if no longer meet the requirements as member of the Board of Commissioners based on the Articles of Association and other laws and regulations. In the event that a member of the Board of Commissioners is resigning including if involved in the financial crime. thus a concerned member of the Board of Commissioners shall inform in writing regarding his/her intention to the Bank, and the Bank shall convene the GMS to take decision on the resignation of a member of the Board of Commissioners within 90 days after the acceptance of the resignation. Remark : Comply

No.	Aspects – Principles - Recommendations	Comply Or Explain
B.2.4. Recommendation 11 : Explanation :	The Board of Commissioners or Committee that perform the Remuneration and Nomination Function formulates the succession policy in the nomination process of member of the Board of Directors. Based on the provision of the OJK Regulation No. 34/ POJK.04/2014 on the Remuneration and Nomination Committee of Issuer or Public Company, the committee that carries out the nomination function has the task of formulating policy and criteria needed in the nomination process of potential member of the Board of Directors. Policy that can support the nomination process is the succession policy of member of the Board of Directors. The policy on succession aims to maintain the continuity of the regeneration of leadership in the company in order to maintain the business continuity and the company's long-term objective.	Bank Mandiri has established the Remuneration and Nomination Committee that assists the Board of Commissioners to propose recommendations to the shareholders of series A Dwiwarna, in terms of the following: › Developing, implementing and analyzing the nominating criteria and procedures for candidates of the Board of Commissioners and Directors. › Identifying candidates of Directors from internal and/or external of the company, and candidates of Commissioners that meet the requirements for being proposed/appointed as Director or Commissioner. To prepare future leadership regeneration. Bank Mandiri designed the Talent and Succession Management program, a succession policy for the Board of Directors which refers to SOE Minister Regulation No. PER-11/MBU/2021 concerning requirements. procedures for appointment and dismissal of SOE Board of Directors members as last amended by SOE Minister Regulation No. PER-3/MBU/03/2023. In addition, as a Public Company. the Bank's Policy also refers to POJK No. 33/POJK.04/2014 concerning the Board of Directors and Board of Commissioners of Issuers or Public Companies. The appointment and dismissal of the Bank's Board of Directors is carried out based on the principles of professionalism and Corporate Governance. Remark : Comply
C. Aspect 3: Function and Roles of The Board of Directors		
C.1. Principle 5: Strengthen the Membership composition of the Board of Directors		
C.1.1. Recommendation 12 : Explanation :	Determination of total members of the Board of Directors takes into account on the condition of the Public Company and effectiveness in decision making. Being the Company's organ that is authorized in managing the Company. the determination of total members of the Board of Directors has significant impact to the Company's performance. Thus. the determination of the total members of the Board of Directors must be done through careful consideration and refer to the provisions of the applicable regulation. whereby based on OJK Regulation No.33/POJK.04/2 14 on the Board of Directors and Board of Commissioners of Public Company, shall at least consists of 2 (two) people. In addition, the determination of total members of the Board of Directors must be based on the need to achieve the objectives and purpose of public company and being adjusted to the conditions of the public company including the characteristic, capacity and size of the public company and effectiveness of the decision making by the Board of Directors.	Bank Mandiri has complied with Article 20 POJK 33/ POJK.04/2014 on the Board of Directors and the Board of Commissioners of Issuers or Public Companies, namely the Board of Directors of Issuers or Public Companies consists of 2 (two) members and Article 6 paragraph (1) of POJK No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks, namely Banks are required to have at least 3 (three) members of the Board of Directors. As of 31 December 2025. number of the Bank's Directors are 12 (twelve) members, and has been stipulated based on complexity and requirements of the Bank. In the Board of Directors rules, the mechanism of decision making of the Board of Directors has been stipulated. Remark : Comply
C.1.2. Recommendation 13 : Explanation :	Determination on the composition of members of the Board of Directors takes into account on diversity of expertise. knowledge and required experience. Similar with the Board of Commissioners. the composition diversity of members of the Board of Directors is a combination of required characteristic from both organ and individual perspective according to the needs of respective Public Company. The combination is determined in view of expertise. knowledge and experience in accordance with segregation of tasks and functions of the Board of Directors in achieving the purpose of the Public Company. Thus, consideration of the combination of characteristics will have an impact on the accuracy of the collegial nomination and appointment of individual member of the Board of Directors or Directors.	The determination of the Bank's Board of Directors' composition has taken into account the Bank's needs and business complexity, namely by considering the diversity of skills, educational background, and professional experience, and is gender equality. The Board of Directors' structure diversity is expected to provide alternative in resolving the increasingly complex issues faced by the Bank, compared to member of Directors that are naturally homogenic, thereby delivering the best decisions in the decision-making process. Remark : Comply

No.	Aspects – Principles - Recommendations	Comply Or Explain
C.1.3. Recommendation 14 : Explanation :	Member of the Board of Directors in charge of accounting or finance has expertise and/or knowledge in accounting field. The Financial Report is a management accountability report for resources management owned by the Public Company. which must be compiled and presented in accordance with Financial Accounting Standards in Indonesia as well as related OJK regulations, including regulation in the Capital Market sector which regulates the presentation and disclosure of Public Company Financial Statement. Based on the laws and regulations in the Capital Market sector that regulates the responsibility of the Board of Directors for the Financial Report, the Board of Directors is jointly responsible for the Financial Report, signed by the President Director and member of the Board of Directors in charge of accounting or finance. As such. the financial disclosure and information presented in the financial statements will be very much dependent on the skills, and/or expertise of the Board of Directors, specifically member of the Board of Directors in charge of accounting or finance. Adequate qualifications and/or expertise in accounting that at least proficient by the concerned members of the Board of Directors, will ensure confidence in the preparation of financial statements, thereby the financial statements can be relied on by the stakeholders as a basic in decision making economically related to the concerned Public Company. The expertise and/or skills shall be affirmed by educational background, training certificates, and/or related work experiences.	The director in charge of accounting or finance at Bank Mandiri is the Director of Finance, namely Mrs. Novita Widya Anggraini with experience and competence in the field of Treasury (Finance), who in carrying out his duties requires the knowledge in accounting. In addition, to support the implementation of his duties, she often participates in forums and seminars related to finance both at home and abroad. Remark : Comply
C.2. Principle 6: Enhancing the Quality Implementation of Duties and Responsibilities of the Board of Directors		
C.2.1 Recommendation 15 : Explanation :	The Board of Directors has Self-Assessment Policy to evaluate the performance of the Board of Directors. Similar with the Board of Commissioners. the Board of Directors' Self-Assessment policy is a guideline being used as a form of accountability to evaluate collegial performance of the Board of Directors. The self-assessment is conducted by each member of the Board of Directors to assess the collegial performance of the Board of Directors, and not to assess the individual performance of each member of the Board of Directors. With this self-assessment, it is expected that each member of the Board of Directors can contribute to improve the performance of the Board of Directors on an ongoing basis. This policy can include the assessment activity as carried out along with the purpose and objective, periodic period of implementation, and benchmark or assessment criteria being used in accordance with the recommendations from the Remuneration and Nomination function of Public Company as required by OJK Regulation No. 34/POJK.04/2014 on the Remuneration and Nomination Committee of Issuer or Public Company.	The Board of Directors has a self-assessment policy. The performance assessment of the Board of Directors is carried out by each member of the Board of Directors through a self-assessment mechanism to evaluate the performance of the Board of Directors collegially, and not to assess the individual performance of each member of the Board of Directors. As described in the Annual Report in the section of the Performance Assessment of the Board of Directors. Remark : Comply
C.2.2. Recommendation 16 : Explanation :	The Self-Assessment Policy to evaluate the performance of the Board of Directors is disclosed in the Annual Report of Public Company. The disclosure of Self-Assessment Policy on performance of the Board of Directors is conducted not only to comply with transparency aspect as form of accountability of its duties but also to provide assurance to the Shareholders or investors on efforts that need to be done in improving the performance of the Board of Commissioners. Upon the availability of disclosure. the Shareholders or investors acknowledge the check and balance mechanism towards the Board of Directors.	The self-Assessment policy on the performance of the Board of Directors has been disclosed in the 2025 Fiscal Year Annual Report in the Board of Directors Performance Evaluation section. Remark : Comply

No.	Aspects – Principles - Recommendations	Comply Or Explain
C.2.3. Recommendation 17 : Explanation :	The Board of Directors has policy on resignation of member of the Board of Commissioner when involved in financial crime. The resignation policy of the Board of Directors involved in financial crimes is a policy that can increase the stakeholders' trust in the Public Company, so that corporate integrity will be maintained. This policy is needed to help the legal process and so that the legal process does not interfere with the course of business activities. In addition, in terms of morality, this policy will build an ethical culture within the Public Company. This policy can cover in the Code or the Code of Ethics that applies to the Board of Directors. Furthermore, what is meant by being involved in a financial crime is the status of being convicted of a member of the Board of Directors from an authorized party. These financial crimes include manipulation and various forms of embezzlement in financial service activities as well as the Criminal Act of Money Laundering as referred to in Law No. 8 of 2010 concerning Prevention and Eradication of Money Laundering.	Bank Mandiri has in place the policy on resignation of member of the Board of Directors when involved in financial crime as stated in the Bank's Articles of Association. Referring to the Article 14 paragraph (26) letter f of the Bank's Articles of Association, the tenure of member of the Board of Directors is ended if no longer meet the requirements as member of the Board of Directors based on the Articles of Association and other laws and regulations, including involvement in financial crime. In the event that a member of the Board of Directors is resigning including if involved in the financial crime, thus a concerned member of the Board of Directors shall inform in writing regarding his/her intention to the Bank, and the Bank shall convene the GMS to take decision on the resignation of a member of the Board of Directors within 90 days after the acceptance of the resignation. D.1.2. Recommendation 19 : Explanation :	The Public Company has the anti-corruption and anti-fraud policies. The anti-corruption policy ensures that the business activities of the Public Company are carried out legally,prudently and in accordance with the principles of good governance. The policy can be part of a code of ethics, or in a separate form. This policy may include, among others, the programs and procedures implemented in dealing with corrupt practices, kickbacks, fraud, bribery and/or gratuities in public companies. The scope of the policy must describe the prevention of the Public Company against all corrupt practices, either giving or receiving from other parties.	**Gratification Control** Bank Mandiri recognizes that controlling gratification is a crucial activity to ensure business processes are conducted in accordance with business ethics that uphold the value of integrity. In 2013, Bank Mandiri established a Gift Disclosure Statement, which was updated in 2015 with an Operational Technical Guideline (PTO) regulating the prohibition of receiving and/or giving gratification for all levels within Bank Mandiri. In the same year, the Gratification Control Unit (UPG) was formed to execute gratification control functions within the Bank. The purpose of gratification control extends beyond compliance; it aims to embed good governance values within the Bank and instill the value of integrity among all employees. This ensures that daily business activities with customers, vendors, partners, and all stakeholders are always guided by ethics, mutual trust, and accountability, As a result. business interests can proceed ethically and effectively without conflicting with gratification prohibitions. Bank Mandiri continues to strive for ongoing improvement in implementing gratification control measures. To align with prevailing regulations and current business developments while maintaining strong relationships with stakeholders. Bank Mandiri periodically refines its Gratification Control Operational Technical Guideline (PTO). The most recent revision was finalized on 14 November 2025. **Anti-Bribery Management System** To support continuous efforts in combating corruption. Bank Mandiri obtained the ISO 37001:2016 certification for its Anti-Bribery Management System on August 10, 2020. This certification was renewed on October 13, 2023, and is valid until 2026. Initially, the scope of the ISO 37001:2016 certification covered Procurement & Vendor Management. Since 2022, the scope has been successfully expanded to include Procurement, Vendor Management, and Internal Audit Processes. **Implementation of Anti-Fraud Strategy** Bank Mandiri has implemented an Anti-Fraud Strategy in accordance with OJK Regulation Number 12 of 2024 regarding the Implementation of Anti-Fraud Strategies for Financial Institutions. As part of the improvement of the Internal Control Policy, Bank Mandiri continues to make improvements to these regulations. This is also done in every policy such as Standard Operating Procedures (SPO). Technical Operational Guidelines (PTO) and other regulations. Bank Mandiri's Anti-Fraud Strategy regulates 4 pillars. namely: 1. Pillar 1 (Prevention) a. It is the responsibility of all levels of the Bank (work unit) and is part of the Fraud Control System in order to reduce the potential for fraud. Programs implemented in this pillar include: b. Anti-Fraud Awareness, such as socialization of Anti-Fraud Statement, Employee Awareness Program and Customer Awareness Program. The Employee Awareness Program is carried out by providing training, socialization, publication of fraud awareness through the Bank's internal media that reaches all employees and block leave obligations for each employee. Customer Awareness Program is carried out through the use of social media effectively, periodically and dynamically. c. Identification of Vulnerabilities, such as the application of Risk Management principles where all policies and procedures are designed with due regard to internal control, the application of GCG principles and Compliance. The implementation of work by employees in accordance with their authority and responsibilities is stated in the job description of each employee, and signed by the employee concerned. In addition, the signing of the Annual Disclosure by all employees at the beginning of the year.

		d. Know Your Employee (KYE) Policy is a principle applied by the Bank to get to know each employee well both in terms of ability and personality. KYE is carried out through a candidate selection process as well as monitoring the character and lifestyle of employees 2. Pillar 2 (Detection) a. It is the responsibility of all units, both first-line, second-line, and third-line and is part of the fraud control system in order to identify and find fraud in the bank's business activities. The programs implemented by Bank Mandiri in this pillar include: b. Whistleblowing System-Letter to CEO, which is managed by an independent party to minimize conflicts of interest and provide a sense of security to whistleblowers. c. Fraud Detection System, which has been implemented to support the Bank's detection activities which includes detection of transactional fraud and non-transactional fraud. d. Surprise Audit, whose implementation is prioritized in business units that are at high risk or prone to fraud. e. Surveillance System, which aim to monitor and review the internal control effectiveness (including fraud control system). 3. Pillar 3 (Investigation, Reporting, Sanctions and Legal Process) It is part of the Fraud Control System in the context of handling fraud that occurs through investigations and the results are reported to the President Director, Board of Commissioners, and Regulators. including the proposed imposition of sanctions and legal processes for fraudsters. In order to strengthen the function of the Third Pillar, delegation of authority for the implementation of investigations and imposition of sanctions to each region has been carried out to accelerate the process of handling cases and recovery. 4. Pillar 4 (Monitoring. Evaluation and Follow-up) It is part of the Fraud Control System in order to monitor the follow-up results of investigations and evaluation of fraud incidents, to improve weaknesses and strengthen the Internal Control System in order to prevent the recurrence of fraud due to similar weaknesses. Written reporting to the President Director and the Board of Commissioners is carried out in an orderly manner to monitor the established follow-up list. Remark : Comply
D.1.3. Recommendation 20 : Explanation :	The Public Company has policy on vendor or supplier selection and capability improvement. The Policy on vendor or supplier selection is useful to ensure that the Public Company can obtain the required goods or services at competitive prices and good quality. While the policy of increasing the capability of supplier or vendor is useful for ensuring the efficient and effective supply chain. The capability of supplier or vendor to supply/ fulfil the goods or services needed by the company will affect the quality of the company's output. Thus. the implementation of these policies can guarantee the supply continuity in terms of quantity and quality as required by the Public Company. The scope of this policy includes criteria in selecting supplier or vendor, transparent procurement mechanism, effort to improve supplier or vendor capability, and fulfil the right relating to supplier or vendor.	Bank Mandiri has a policy regarding Selection and Capacity Building for Suppliers or Vendors. namely: 1. Operational Policy (KOPR), article 205 on Operational Facilities and Infrastructure – Procurement 2. Standard Operating Guidelines (SPO) that regulate, among others (Chapter III): a. General provisions include: › Principles of Procurement › Procurement Ethics › Purpose of the Procurement Process › Monitoring of Domestic Products Use › Procurement Planning › Loading Guidelines b. Provisions for the implementation of the procurement of goods and services include: › Procurement of Goods and Services Mechanism › Procurement Process › Stages of the Procurement Process › Execution of Work and Handover of Work › Provisions for Change of Work (plus/ minus). › Provisions for the Implementation of Repeat Purchases. › Implementation of Procurement Activities to Overcome Certain Conditions. › Document and Payment Process.

IMPLEMENTATION OF CORPORATE GOVERNANCE ASPECTS AND PRINCIPLES BASED ON GUIDELINES OF CORPORATE GOVERNANCE PRINCIPLES FOR BANKS PUBLISHED BY BASEL COMMITTEE IN BANKING SUPERVISION

The Governance Guidelines cover 12 principles of corporate governance. The Governance Guidelines are the standard of best practices applied as a reference in implementing corporate governance in banks. The description of the application can be explained, as follows:

Principles	Explanation	Implementation In Bank Mandiri
Principle 1 Responsibilities of the Board of Commissioners	The Board of Commissioners has the responsibilities of amongst others approval and supervisory on the implementation of business strategy, structure and governance mechanism as well as the Corporate Culture.	In the Board of Commissioners 'code of conduct, as outlined in the Board of Commissioners Decree No. KEP. KOM/007/2025 dated 1 December 2025, it is stated that the responsibilities of the Board of Commissioners include providing opinions and approvals on the Work Plan and Annual Budget, as well as offering advice on matters deemed important by the Company, including corporate culture.
Principle 2 Qualification and Composition of the Board of Commissioners	Member of the Board of Commissioners must have the quality in accordance with duties and responsibilities as both collegial and as per individual. The Board of Commissioners shall understand the roles within the supervisory and implementation of corporate governance, as well as KOM/014/2019 to conduct a sound and objective decision process.	Members of the Board of Commissioners has adequate competence, integrity, and capability to carry out their duties and responsibilities effectively. The Board of Commissioners had a comprehensive understanding of its roles and functions in overseeing the Bank's operations and the implementation of Good Corporate Governance principles. In performing its duties, the Board of Commissioners consistently upheld independent and objective decision-making based on professional judgment to ensure the sustainability of the Company's business and interests while avoiding any form of conflict of interest.
Principle 3 Structure and Mechanism of the Board of Commissioners	The Board of Commissioners must apply the proper governance practice and structure in performing their duties and to periodically assess its effectiveness.	The Board of Commissioners established a clear and adequate governance structure and practices in carrying out its duties, covering the arrangements regarding duties, responsibilities, authorities, meeting procedures and mechanisms, including the evaluation mechanism for the effectiveness of supervisory functions. These arrangements were designed to ensure that oversight was conducted objectively, measurably, and in line with regulatory requirements as well as the Company's strategic needs. To assist and support the execution of these supervisory duties, the Board of Commissioners established committees under the Board of Commissioners, namely the Audit Committee, Risk Oversight Committee, Remuneration and Nomination Committee, and Integrated Governance Committee, each performing its role in accordance with its respective scope of responsibilities.
Principle 4 The Board of Directors	Under the direction and supervision of the Board of Commissioners. the Board of Directors manage the Bank's activities in accordance with the business strategy, risk appetite, remuneration policy and other policies that have been approved by the Board of Commissioners.	The Board of Directors manages the Company under the direction and supervision of the Board of Commissioners, as evidenced by the company's business achievements that have increased from the previous year. All policies underlying the operations of Bank Mandiri must obtain the approval of the Board of Commissioners.
Principle 5 Governance Structure of Business Group	In a business group, the Board of Commissioners of the parent company has overall responsibility on the business group and to ensure the establishment and implementation of clear governance practice related to the structure, business and risks of business group and entities. The Board of Commissioners and the Board of Directors must understand the business group organizational structure as well as the encountered risk.	The Board of Directors and Board of Commissioners of Bank Mandiri have knowledge and understanding of the core business and key risks of Bank Mandiri, as well as the entities within the Mandiri Group Financial Conglomerate, as evidenced by all members passing the Fit and Proper Test. A clear governance structure and mechanism have been established within the Mandiri Group Financial Conglomerate.

Principles	Explanation	Implementation In Bank Mandiri
Principle 6 Risk Management Function	The Bank must have the qualified. independent risk management function that has qualified resources with access to the Board of Commissioners.	Bank Mandiri performs the Risk Identification, Measurement, Monitoring, Control and Risk Management Information System through an Enterprise Risk Management (ERM) framework. Bank Mandiri continues to improve the capabilities and knowledge of all employees, especially in terms of risk management, by holding internal training. In addition, Bank Mandiri also routinely holds at least once a year socialization, discussion forums, and programs on risk management along with the internalization of the corporate culture. Bank Mandiri communicates risk management to the Board of Commissioners through the Risk Oversight Committee and the Integrated Governance Committee.
Prinsip 7 Identification of Risk Oversight and Control	Risks must be identified. monitored and controlled for all activities of the Bank. The quality of risk management infrastructure and internal control must be able to keep up with changes in the Bank's risk profile. external risk conditions and industry practice.	In managing Bank Mandiri's Risk Management. bankwide identification. measurement and risk assessment has been performed by periodically developing risk profiles. Risk measurement and assessment has been able to work well according to the established Risk Management Policy that is adjusted to the level of risk faced by Bank Mandiri.
Prinsip 8 Risk Communication	Effective risk governance implementation requires accurate risk communication in the Bank environment both between organizations and through reporting to the Board of Commissioners and the Board of Directors.	The Risk-Based Bank Rating (RBBR) assessment. both individual and consolidated. is submitted every semester to the Risk Management Committee (RMC) and the Integrated Risk Committee (IRC). In addition. the results of the RBBR assessment are reported to the Board of Commissioners through the Risk Monitoring Committee and the Integrated Governance Committee.
Prinsip 9 Compliance	The Board of Commissioners is responsible for overseeing management related to the Bank's compliance risk. The Board of Commissioners must determine the compliance function and provide approval for policies and processes for identification, assessment, monitoring and reporting, and providing advice on compliance risks.	The Board of Commissioners ensures the implementation of good corporate governance in every business activity and corporate governance policies. including the implementation of compliance. The compliance risk assessment in RBBR is reported periodically to the Board of Commissioners.
Prinsip 10 Internal Audit	The internal audit function must report independent assurance activities to the Board of Commissioners and must support the Board of Commissioners and the Board of Directors in encouraging the implementation of effective governance processes and long-term soundness of the Bank.	Conduct objective testing of evidence provide an independent assessment of the adequacy of internal control. risk management and governance processes within the organization. Internal Audit is directly responsible to the President Director and communicates with the Board of Commissioners through the Audit Committee.
Prinsip 11 Compensation	The Bank's remuneration structure must support the implementation of corporate governance and risk management.	The current remuneration structure of Bank Mandiri is in accordance with POJK No. 45/POJK.03/2015 on the implementation of Governance in the Provision of Remuneration for Commercial Banks.
Prinsip 12 Disclosure and Transparency	The implementation of governance from the Bank must be carried out transparently to Shareholders. Depositors. other relevant Stakeholders and Market Participants	Bank Mandiri consistently applied the principle of information transparency by providing accurate, up-to-date, and reliable access to information for all stakeholders. Bank Mandiri regularly updated its website, www. bankmandiri.co.id, to ensure the availability of the most current information for stakeholders. In addition, Bank Mandiri's information disclosure was carried out through the Annual Report, Sustainability Report, Public Expose, and other official communication channels.

CORPORATE GOVERNANCE STRUCTURE AND MECHANISM

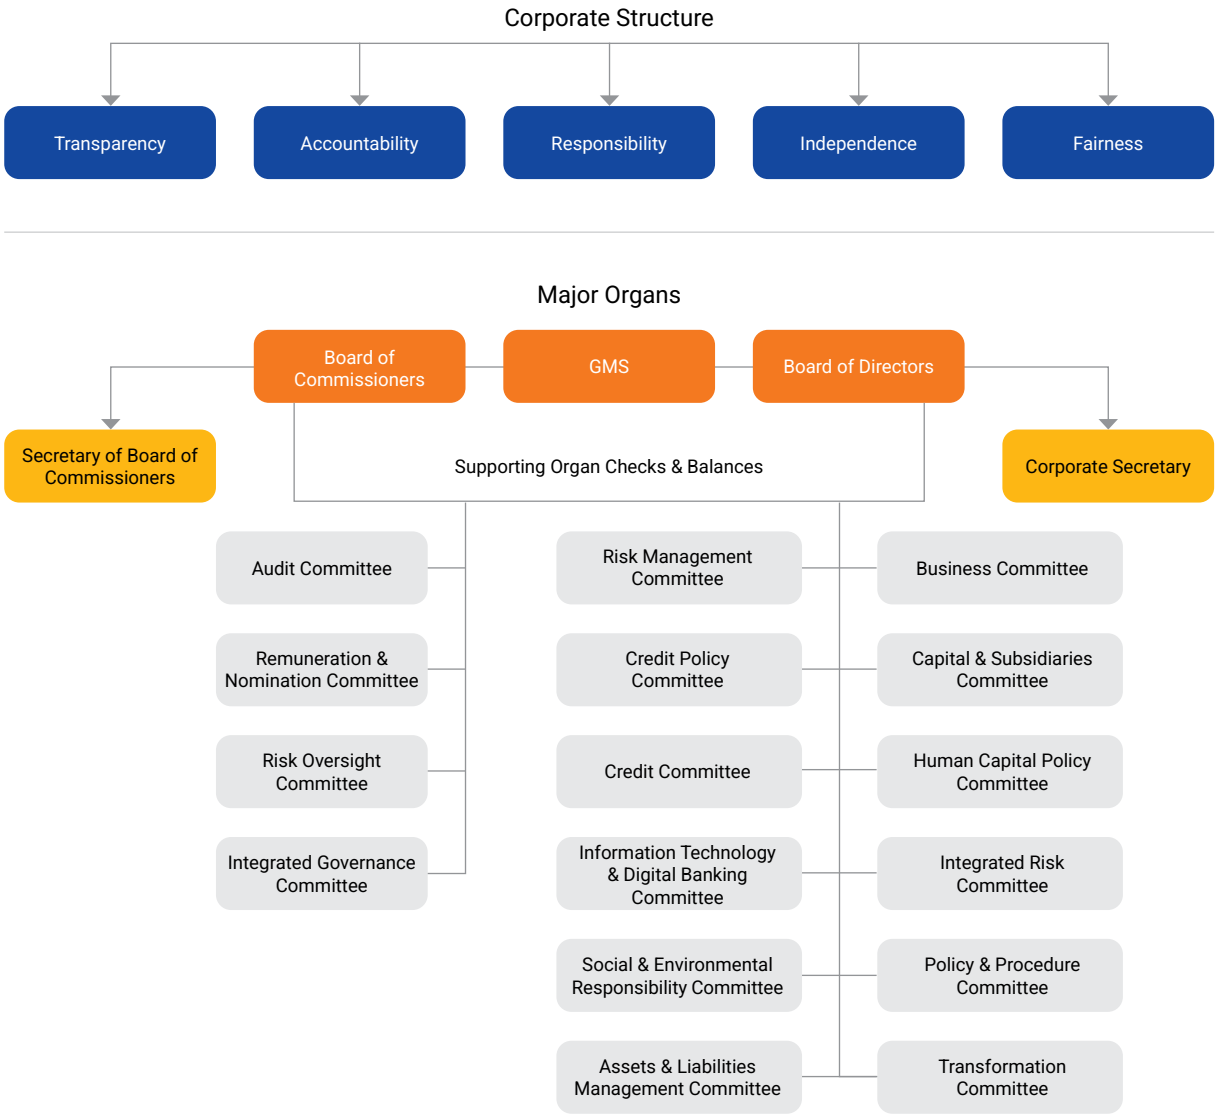
BANK MANDIRI GOVERNANCE FRAMEWORK

To ensure adherence to the highest standards of corporate governance. Bank Mandiri implements a governance framework in line with the Law of the Republic of Indonesia, including Law No. 40 of 2007 on Limited Liability Companies, as well as regulations from the Financial Services Authority (OJK). This governance framework encompasses three critical aspects: Governance Structure (and infrastructure), Governance Process, and Governance Outcome. Each of these components plays a vital role in ensuring the Bank's sustainability, accountability, and overall effectiveness in delivering long-term value to its stakeholders.

Bank Mandiri's governance framework reflect its commitment to sustainable business practices, regulatory compliance, and stakeholder engagement. Through continuous improvement of its governance mechanisms, the Bank ensures long-term success and builds a foundation for ethical and transparent growth, in line with the laws and regulations of the Republic of Indonesia.

GOVERNANCE STRUCTURE (AND INFRASTRUCTURE)

1. The Three Key Organs



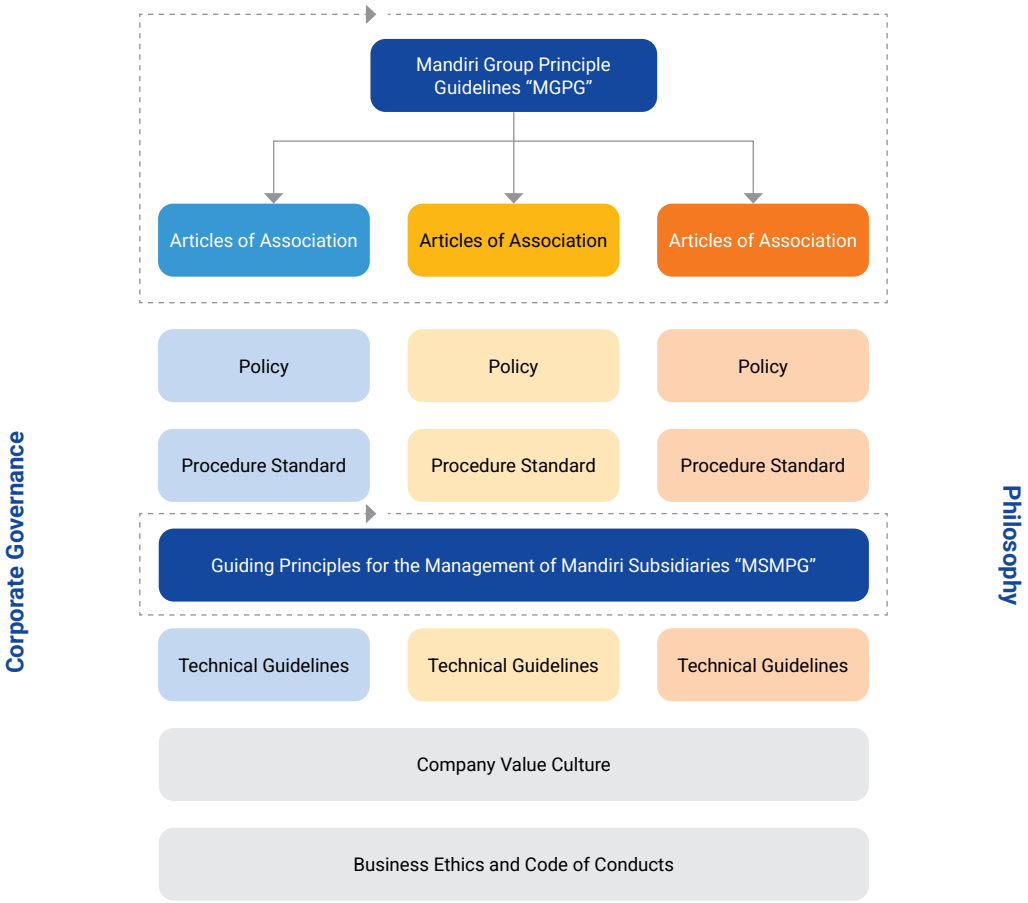
In accordance with Law No. 40/2007 on Limited Liability Companies, Bank Mandiri's governance structure consists of three primary organs:

a. General Meeting of Shareholders (GMS). The highest decision-making body, where shareholders exercise their rights and approve major decisions such as the appointment of members of the Board of Commissioners and Board of Directors, distribution of dividends, and amendments to the Articles of Association.

b. Board of Commissioners. Responsible for overseeing the management of the company and providing advice to the Board of Directors. The Board of Commissioners operates independently and is supported by committees such as the Audit Committee, Risk Oversight Committee, and Nomination and Remuneration Committee.

c. Board of Directors. Holds the executive function, responsible for managing the Bank's day-to-day operations and ensuring alignment with the company's strategic goals. The Board of Directors is supported by a comprehensive management infrastructure that ensures operational excellence across all divisions.

Bank Mandiri Governance Structure



2. Governance Infrastructure

Bank Mandiri's governance infrastructure includes:

a. Bank Mandiri Policy Architecture. A structured hierarchy of policies and guidelines that define how corporate governance principles are implemented throughout the Bank. This framework ensures consistency, accountability, and regulatory compliance across all functions and business units.

b. Mandiri Group Principles Guidelines. A guiding document for governance across the financial conglomeration, ensuring uniformity in policy execution and best practices within the group.

c. Committees and Supporting Bodies. Committees such as the Audit Committee, Risk Oversight Committee, and Integrated Governance Committee ensure checks and balances at every level. These committees are crucial for maintaining transparency, managing risks, and aligning with regulatory requirements.

Bank Mandiri also has a governance soft structure that serves as the foundation for operational implementation. based on the following regulations and policies:

1. Bank Mandiri's Articles of Association, approved by the Minister of Law of the Republic of Indonesia through notification acceptance letter No. AHU-AH.01.03-0113069 dated 25 April 2025 and registered in the Company Register No. AHU-0090215.AH.01.11 Year 2025 on 25 April 2025.
2. Bank Mandiri's Policy Architecture, updated and approved on 19 August 2021.
3. Mandiri Subsidiaries Management Principles Guideline (MSMPG), updated and approved on 23 July 2025.
4. Guidelines for the Rules of Procedure of the Board of Directors, through Board of Directors Decree No. KEP. DIR/020/2025 dated 17 April 2025.
5. Risk Management Policy, updated and approved on 1 October 2024.
6. Guidelines for the Rules of Procedure of the Board of Commissioners, through Board of Commissioners Decree No. KEP.KOM/007/2025 dated 1 December 2025.
7. Integrated Governance Guidelines, updated and approved by the Board of Commissioners on 25 March 2024.
8. Charter of the Integrated Governance Committee, through Board of Commissioners Decree No.KEP. KOM/009/2025 dated 16 December 2025.

9. Charter of the Audit Committee and Audit Committee Code of Ethics, through Board of Commissioners Decree No. KEP.KOM/011/2025 dated 16 December 2025.
10. Charter of the Risk Monitoring Committee, through Board of Commissioners Decree No. KEP. KOM/008/2025 dated 16 December 2025.
11. Charter of the Remuneration & Nomination Committee, through Board of Commissioners Decree No. KEP.KOM/010/20245 dated 16 December 2025.
12. Operational Policy, updated and approved on 1 October 2024.
13. Legal and Compliance, updated and approved on 18 December 2025.
14. The Anti-Money Laundering Standard, Prevention of Terrorism Financing, and Prevention of Proliferation of Weapons of Mass Destruction Policy (AML, CTF, and PPWMDP), updated and approved on 18 December 2025.
15. Risk Management Operating Standard Procedures, updated and approved on 8 January 2025.
16. Corporate Secretary Standard Procedures, updated and approved on 28 May 2025.
17. Procurement Operating Standard Procedures, updated and approved on 22 May 2025.
18. Standard Procedures for Work Plan and Budget (RKAP), Bank Business Plan (RBB), and Corporate Plan, updated and approved on 24 December 2025.

23. Internal Audit Standard Procedures, updated and approved on 14 January 2025.
24. Human Resources Standard Procedures, updated and approved on 1 November 2025.
25. Technical Operational Guidelines for Individual and Integrated Governance Self-Assessment, updated on 19 December 2025.

GOVERNANCE PROCESS

The governance process involves how decisions are made, how risks are managed, and how the company's objectives are achieved. Bank Mandiri follows a structured and transparent process to ensure the integrity and accountability of its operations.

1. Decision-Making Process

The decision-making process at Bank Mandiri is governed by the fundamental principles of Corporate Governance, guided by various prevailing laws and regulations. This ensures that:

a. General Meetings of Shareholders (GMS) are conducted annually with clear agendas, enabling shareholders to make informed decisions.
b. Board of Commissioners meetings are held regularly to evaluate the performance of the Board of Directors and provide strategic direction.
c. Board of Directors implements decisions and oversees operational execution with detailed reporting to the Board of Commissioners.

2. Risk Management

A cornerstone of the governance process at Bank Mandiri is a robust risk management system. The Risk Oversight Committee plays a key role in:

a. Identifying and mitigating risks across all levels of the Bank's operations.
b. Ensuring compliance with OJK regulations on risk management for financial institutions.
c. Monitoring credit, operational, market, and liquidity risks to safeguard the Bank's financial stability.

3. Policy Implementation and Compliance

Bank Mandiri employs a comprehensive compliance function that ensures adherence to OJK regulations, Bank Indonesia policies, the Anti-Money Laundering, Prevention of Terrorism Financing, and Prevention of Proliferation of Weapons of Mass Destruction Policy (AML, CTF, and PPWMDP). The Compliance Unit works closely with all business units to ensure the Bank operates within the legal and regulatory frameworks.

GOVERNANCE OUTCOME

The ultimate goal of Bank Mandiri's governance framework is to ensure sustainable and ethical business practices that lead to long-term value creation for all stakeholders. The governance outcomes can be categorized into several key areas:

1. Financial Performance and Sustainability

By maintaining a strong governance structure and process, Bank Mandiri has consistently delivered robust financial results, demonstrated by:

a. Sustainable growth in revenue and profitability, as reflected in its annual financial reports.

b. Effective cost management and operational efficiency, leading to enhanced shareholder value.

2. Accountability and Transparency

Through adherence to corporate governance principles and regulatory requirements, Bank Mandiri promotes transparency in all its financial disclosures and reporting. This is evident through:

a. Clear and timely reporting to shareholders during the GMS.
b. Publication of audited financial statements that provide a comprehensive view of the Bank's performance.
c. Regular communication with stakeholders. ensuring alignment of interests and clear understanding of the Bank's strategic direction.

3. Social Responsibility and ESG

Bank Mandiri's governance structure also supports the Bank's commitment to Environmental, Social, and Governance (ESG) goals. The Bank has implemented policies and initiatives aligned with sustainability and community empowerment, contributing to the broader Sustainable Development Goals (SDGs):

a. Focus on responsible lending to sectors aligned with sustainability objectives.
b. Implementation of environmental sustainability initiatives within its operations, such as reducing carbon emissions and promoting energy efficiency.
c. Active engagement in community development programs, reinforcing its social responsibility role.

4. Long-Term Value Creation

Through strong corporate governance, Bank Mandiri has positioned itself as a trusted financial institution that delivers consistent value to shareholders while balancing the needs of customers, employees, and the broader community. The governance framework enables:

a. Strategic decision-making that prioritizes long-term goals over short-term gains.
b. Resilience to external challenges, such as economic downturns or regulatory changes. by maintaining a well-managed risk profile.

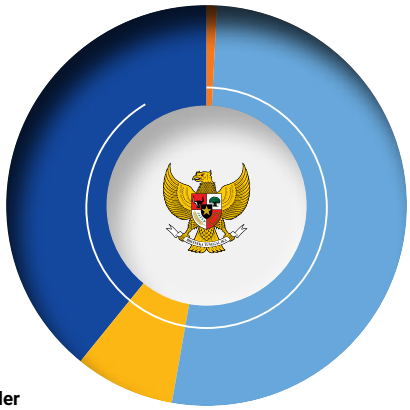
With a comprehensive governance framework, Bank Mandiri remains committed to sustainable business practices, long-term growth, and compliance with the laws and regulations in Indonesia.

MECHANISMS OF CORPORATE GOVERNANCE

Corporate governance mechanism is a process to implement governance principles supported by the adequacy of bank governance structure and infrastructure, producing outcomes compatible with the stakeholders' expectation. The process to implement corporate governance is inherent to the structure of corporate governance as follows.

Shareholders

Shareholder is an individual or a legal entity who lawfully owns one or more share in a Company. Shareholders are owners of the Company. Company's Share is a share on behalf of and is issued by the owners who are registered in the List of Shareholders and which consist of:



1. Series A Dwiwarna Share that may only be owned by the Republic of Indonesia.
2. Series B Share that may be owned by the Republic of Indonesia and/or the Citizens.

Shareholders' Rights

As a state-owned enterprise, the majority shareholding of Bank Mandiri was previously held by the Government of the Republic of Indonesia through the State Owned Enterprises Governance (BP BUMN). Pursuant to Government Regulation No. 15 of 2025 concerning the Additional State Equity Participation of the Republic of Indonesia into the Share Capital of PT Biro Klasifikasi Indonesia (Persero) which as of June 5, 2025, was renamed PT Danantara Asset Management (DAM) for the establishment of an Operational Holding, the Government transferred all of its 48.533.333.333 Series B shares in Bank Mandiri to DAM as part of the additional state equity participation. The transfer was executed under Deed No. 121 dated March 22, 2025. drawn up by Notary Jose Dima Satria. S.H.. M.Kn., and became effective on March 24, 2025.

Following the transfer. the Government of the Republic of Indonesia retains one Series A Dwiwarna share and continues to act as the controlling shareholder of Bank Mandiri. There are no indirect controlling shareholders, no individual ownership, and no shareholders acting on behalf of others.

PT Bank Mandiri (Persero) Tbk

Shareholder	
Republic of Indonesia - Series A Dwiwarna	0.00%
PT Danantara Asset Management (Persero) –Series B Common Shares	52.00%
Indonesia Investment Authority	8.00%
Public	40.00%

At the time of establishment, the state equity investment by the Republic of Indonesia to Bank Mandiri was undertaken based on Government Regulation No. 75 of 1998 on State Equity Investment of the Republic of Indonesia for the Establishment of Limited Liability Company in Banking Field dated 1 October 1998.

The equity investment was undertaken by altering state held shares to the ex-legacies of Bank Mandiri: Bank Bumi Daya, Bank Dagang Negara, Bank Ekspor Impor Indonesia and Bank Pembangunan Indonesia.

As the majority shareholder, the Government of the Republic of Indonesia currently holds 52% ownership, equivalent to 48.533.333.334 shares, which have been transferred to PT Danantara Asset Management (DAM) as part of the state equity participation under Government Regulation No. 15 of 2025. Out of the total shares, one share is a Series A Dwiwarna share, which remains directly owned by the Government of the Republic of Indonesia and grants special control rights over Bank Mandiri.

Series A Dwiwarna shareholder is entitled to the following privileges that other shareholders do not hold:

1. Right to approve the following matters in GMS:
   a. Approving the Amendment to the Company's Articles of Association.
   b. Approving capital change.
   c. Approving the appointment and dismissal of members of the Board of Directors and Board of Commissioners.
   d. Approval of merger, consolidation, acquisition, segregation, dissolution of the Company.
   e. Approving the remuneration of the Board of Directors or Board of Commissioners.
   f. Approving asset transfer and assurance which requires GMS approval as per the Articles of Association.
   g. Approving the investment and reduction to the percentage of capital investment at other company which requires GMS approval as per the Articles of Association.
   h. Approving the utilization of profit.
   i. Approving the non-operational investment and long-term funding which requires GMS approval as per the Articles of Association
2. Right to propose GMS agenda.
3. Right to request and access company data and documents.
4. Right to propose candidates of Board of Directors members and candidates of Board of Commissioners members.

In addition to the above privileges, certain actions of the Board of Directors with certain criteria must obtain written approval from the Board of Commissioners and Series Shareholders A Dwiwarna as stipulated in Article 12 paragraph (7) and parapgraph (8) Bank Mandiri's Articles of Association.

Rights of General Shareholders

Bank Mandiri Shareholders, both Holders of Series A Dwiwarna Share and Holders of Series B Share, have the same right in addition to the Special Right of Series A Dwiwarna Share above and as long as not regulated otherwise by the Company's Articles of Association, as follows:

1. The right to attend, express opinions, and vote in a GMS based on one share.
2. Each Shareholder has the right of 1 (one) vote/ share (one share one vote).
3. Obtain an explanation of the voting procedure before the GMS begins.
4. The voting mechanism is done by the polling method.
5. Opportunity to propose an agenda in GMS.
6. Opportunity to grant authority to another party if a shareholder is unable to attend the GMS.
7. Reveal practices to encourage involvement of Shareholders outside the GMS.
8. To propose questions in every agenda discussion and every decision of GMS agenda.

9. Opportunity to vote as agree, disagree, or abstain in every proposal of decision of GMS agenda.
10. Right to obtain information regarding the company in manners that are on time, correct, and regular, except for matters that are confidential.
11. Right to obtain part of the Company's profit that is allocated for Shareholder in the form of dividend and another distribution of profit, which is proportional to the number of owned shares.
12. Right to obtain comprehensive description and accurate information regarding procedure that needs to be executed in relation to the implementation of GMS.

Responsibilities of Shareholders

In addition to the rights and authorities, Bank Mandiri Shareholders as the capital owners also have responsibilities that must be fulfilled to the Company.

Controlling Shareholders

Their responsibilities are as follows:

1. Controlling shareholders must be able to:
    a. Consider the interests of minority shareholders and stakeholders pursuant to the applicable conditions and laws and regulations;
    b. In the event of alleged violation to the laws and regulations or as requested by relevant authority, names of shareholders and ultimate shareholders shall be disclosed to law enforcement authorities regarding the ultimate controlling shareholders, or as requested by relevant authority.

2. As for controlling shareholders with shares in several public companies, they have to be open with regard to accountability and relationship between public companies.

All Shareholders

The shareholders' responsibilities are as follows:

1. Distinguishing the ownership of the property of public company and personal property.
2. Distinguishing their functions as shareholders and members of Board of Commissioners or Board of Directors in the event that shareholders serve in one of those organs.
3. Shareholders who have particular interests are not allowed to vote.
4. Minority shareholders are responsible to exercise their rights effectively pursuant to the Articles of Association of the Company as well as the laws and regulations.

Policy of Relationship with Shareholders

As a Public Company, Bank Mandiri strives to provide accurate, periodic, and up-to-date information to Shareholders. Currently, communication activity to the Shareholders in Bank Mandiri is managed by the Corporate Secretary and Investor Relations. Pursuant to Article 5 of POJK No. 35/POJK.04/2014 concerning the Corporate Secretary of Issuers or Public Companies, one of the functions of Corporate Secretary is as a liaison between the Company and shareholders, OJK, and other stakeholders. The internal policy regulating the relationship between Bank Mandiri and Shareholders is the Policy and Standard Operating Procedure of Corporate Secretary which, among others, regulates the Corporate Communication Activity.

Equal Treatment to Shareholders

Pursuant to the regulations of the Capital Market, Bank Mandiri upholds equality principles for all shareholders (majority or minority). This commitment is reflected in the internal regulations as stated in the Bank Mandiri Operations Policy and Standard Operating of Bank Mandiri Corporate Secretary that are periodically reviewed, regulating equal rights for all shareholders to attain information transparency from Bank Mandiri, such as information on the company performance, financial information, and other information required by all shareholders.

Equal treatment to shareholders is also reflected in the implementation of the Company GMS. Each shareholder is entitled to propose the GMS agenda to the Company.

Shareholder Aspect

Bank Mandiri consistently positions its shareholders as strategic partners in supporting sound and sustainable business operations. As the majority shareholder. the Government of the Republic of Indonesia through PT Danantara Asset Management (DAM) demonstrates strong commitment and responsibility in strengthening the Bank's capital structure through support for capital planning and policies to ensure business continuity and financial resilience. This commitment is reflected in the approval of strategic initiatives that reinforce capital adequacy, liquidity, and the resolution of potential issues that may affect the Bank's stability.

In making strategic decisions. shareholders uphold good governance principles by refraining from intervention, personal gain, or any actions that may create conflicts of interest. Shareholders also do not intervene in the Bank's operational matters, including the appointment, replacement, and/or dismissal of

members of the Board of Directors, thereby maintaining the independence of the Bank's intermediation function in accordance with prudential principles.

Bank Mandiri has established clear and transparent dividend policies that are regularly reviewed and updated. These policies are communicated openly to all shareholders through various channels, including the Bank's official website. General Meetings of Shareholders (GMS), formal meetings, and other communication media. In accordance with OJK regulations on Bank Governance, the Financial Services Authority (OJK) has the authority to instruct or require the Bank to postpone, limit, or prohibit dividend distribution, or to convene a GMS to cancel dividend distribution when deemed necessary, taking into account internal and external conditions.

In implementing fair corporate governance practices, Bank Mandiri ensures the protection of the rights and interests of all shareholders, including minority shareholders. The Bank guarantees that shareholders are entitled to timely financial reports. voting rights in GMS, the right to express dissent on corporate actions, and the right to receive dividends as approved in the GMS in accordance with applicable laws and regulations. To further protect shareholder interests, Bank Mandiri has established a communication policy that facilitates consultation and active participation of shareholders in supporting the Bank's sustainability and long-term growth.

GENERAL MEETING OF SHAREHOLDERS

The General Meeting of Shareholders (GMS) embodies Bank Mandiri's commitment to transparent and participatory governance. It provides a platform for shareholders to actively shape the Bank's strategic direction and key corporate decisions. Each resolution made reflects a balance between shareholder interests, business sustainability, and the management's accountability in upholding public trust.

The General Meeting of Shareholders (GMS) serves as the highest decision-making forum within Bank Mandiri's corporate governance structure. Through the GMS, shareholders exercise their rights to provide strategic direction and make key decisions that ensure the Bank's sustainability. These decisions include fundamental matters such as the appointment and dismissal of members of the Board of Commissioners and the Board of Directors, approval of the annual financial statements, determination of dividend distribution, and amendments to the Articles of Association. The GMS thus ensures direct shareholder involvement in shaping the strategic direction and future of the Bank.

In addition, the GMS provides shareholders with the opportunity to express opinions and obtain relevant information about the Company, provided it aligns with the meeting agenda and applicable laws. It also functions as an accountability platform, where the Board of Directors and Board of Commissioners present their performance and responsibilities for the financial year.

The GMS is conducted in accordance with the principles of transparency, accountability, and fairness, ensuring that all shareholders are granted equal rights and access to information, as well as equitable participation in the decision-making process.

Legal Basis of GMS Implementation

Implementation of GMS in Bank Mandiri refers to the following regulations:

1. Law No. 40 of 2007 concerning Limited Liability Company.
2. POJK No. 15/POJK.04/2020 concerning the Plan and Implementation of General Meeting of Shareholders of a Public Company.
3. Financial Services Authority Regulation (POJK) No. 14 of 2025 concerning the Implementation of Electronic General Meetings of Shareholders, Bondholders' Meetings, and Sukukholders' Meetings.

The Company's GMS

The GMS consists of the Annual GMS (AGMS) and the Extraordinary GMS (EGMS). The AGMS must be held no later than six months after the end of the financial year. while the EGMS may be convened at any time when necessary, in accordance with prevailing laws and the Company's Articles of Association.

The AGMS is held annually to review the Company's performance in the previous fiscal year, approve financial statements. determine dividend distribution, and appoint or dismiss members of the Board of Directors and the Board of Commissioners. Meanwhile, the EGMS is convened to address urgent or exceptional matters outside the AGMS agenda, such as mergers, acquisitions, or capital restructuring. This flexibility enables the Bank to respond swiftly to strategic matters requiring shareholder approval.

In addition, Bank Mandiri may conduct GMS electronically in accordance with capital market regulations, ensuring efficiency, transparency, and alignment with technological advancements.

Pursuant to Article 20 of the Articles of Association, the Company may conduct the GMS electronically (hereinafter referred to as "e-GMS") by using the e-GMS provided by:

1. Depository and Settlement Institution appointed by regulators in Capital Market;
2. Provider of e-GMS, namely the party that provides and manages the e-GMS; or
3. Company; as specifically stipulated in the Capital Market regulations.

The GMS Authorities

The GMS has authorities stipulated by law, including:

1. Appoint and discharge members of the Board of Commissioners and/or the Board of Directors;

2. Determine remuneration for the Board of Commissioners and the Board of Directors;
3. Evaluate performance of the Board of Commissioners and the Board of Directors;
4. Ratify amendments to the Articles of Association.
5. Approve the annual report;
6. Determine allocations of profits including dividend distribution to shareholders;
7. Appoint public accountant;
8. Approve corporate actions in relation to the Company's stewardship.

The GMS resolutions are made based on the Company's long-term business interests. The GMS and/or shareholders cannot intervene the implementation of duties, functions and authorities of the Board of Commissioners and the Board of Directors notwithstanding GMS authorities in accordance with the Articles of Association as well as laws and regulations.

Rights of Shareholders in the GMS

Pursuant to the Company's Articles of Association, the following are the shareholders' rights in the GMS:
1. Shareholders, either alone or represented based on a proxy, are entitled to attend the GMS.
2. Shareholders who are entitled to attend the GMS are shareholders whose names are recorded in the Company's Register of Shareholders 1 (one) working day prior to the GMS invitations.
3. In the event of the second GMS and third GMS, the provisions for shareholders who are entitled to attend are as follows:
   a. for the second GMS, the shareholders who are entitled to attend are shareholders registered in the Company's Register of Shareholders 1 (one) working day before the invitations of the second GMS; and
   b. for the third GMS, the shareholders who are entitled to attend are shareholders registered in the Company's Register of Shareholders 1 (one) working day prior to the invitations of the third GMS.
4. In the event of a recall, the shareholders who are entitled to attend the GMS are shareholders whose names are recorded in the Company's Register of Shareholders 1 (one) working day prior to the GMS recall.
5. In the event that the invitations correction does not result in a recall, the shareholders who are entitled to attend follow the shareholder provisions as referred to in letter b above.

Process of GMS Implementation and Voting

Quorum Provision

The quorum provisions regarding the attendance and resolutions of GMS, in relation to matters that must be resolved, were executed as follows:
1. The meeting is attended by shareholders who represent more than 1/2 (one half) of the entire shares with valid voting rights, and resolutions are valid when agreed by more than 1/2 (one half) of the entire number of shares with voting rights which were present in the Meeting, unless the Law and/or Articles of Association of the Company determines a higher quorum.
2. In the event that presence quorum as specified is not achieved, the second GMS is valid and is entitled to make binding resolutions when attended by shareholders who represent minimum 1/3 (one third) of the entire shares with valid voting rights, and resolutions are valid when agreed by more than 1/2 (one half) of the entire number of shares with voting rights which were present in the Meeting, unless the Law and/or Articles of Association of the Company determines a higher quorum.

3. In the event that attendance rate of the second GMS as specified is not achieved, the third GMS can be held under the condition that it is valid and is entitled to make decisions when attended by shareholders of shares with valid voting rights, within a presence quorum and requirement to make decision that are determined by Financial Services Authority at the Company's request.

Decision Making Mechanisms

The decision-making mechanism in the meeting is conducted by deliberation to reach consensus. However if deliberation for consensus was not reached, then the decision making in the Meeting was conducted in a way voting. Voting is carried out verbally with shareholders who vote disagree or abstain being asked to submit the sound card. Voting is conducted transparently, except for the agenda of the change of management that is carried out by closed voting.

THE 2025 GMS' AND REALIZATIONS

In 2025, Bank Mandiri held 3 (three) GMS, namely the Annual GMS which was held on 25 March 2025 at the Plaza Mandiri Auditorium, Jakarta, and 2 (two) Extraordinary GMS which was held on 4 August 2025 at the Assembly Hall of Menara Mandiri, Jakarta, and 19 December 2025 electronically.

      7) Commissioner : Faried Utomo
      8) Commissioner : Arif Budimanta
      9) Commissioner : Muhammad Yusuf Ateh
      10) Commissioner : Tedi Bharata

7. Members of the Board of Directors and Board of Commissioners appointed as referred to in number 4 point 1), point 2), 5), as well as members of the Board of Commissioners who are assigned as Vice President Commissioner/Independent as referred to in number 3 point 2), can only carry out their duties after obtaining approval from the Financial Services Authority (OJK) for the Fit and Proper Test and fulfilling the applicable laws and regulations. In the event that the member of the Board of Directors or member of the Board of Commissioners of the Company is subsequently declared disapproved as a member of the Board of Directors or member of the Board of Commissioners in the Fit and Proper Test by the OJK, then the member of the Board of Directors or member of the Board of Commissioners of the Company shall be honorably discharged from the date of the decision of the OJK Fit and Proper Test results.
8. Members of the Board of Directors and Board of Commissioners appointed as referred to in point 4 who are still serving in other positions that are prohibited by laws and regulations to be concurrently held by members of the Board of Directors or Board of Commissioners of State-Owned Enterprises, then the person concerned must resign or be dismissed from the position.
9. Requested the Board of Directors to submit a written request to the Financial Services Authority for the implementation of Fit and Proper Test for the appointed members of the Board of Directors and Board of Commissioners as referred to in point 4 point 1), point 2), point 5), as well as members of the Board of Commissioners who are assigned as Vice President Commissioner/Independent as referred to in point 3 point 2).
10. To grant power of attorney with substitution right to the Board of Directors of the Company to state the resolutions of this GMS in the form of a Notarial Deed and to appear before a Notary or authorized official, and to make necessary adjustments or corrections if required by the competent authorities for the purpose of implementing the resolutions of the meeting.

Status: Has been realized

BOARD OF COMMISSIONERS

The Board of Commissioners of Bank Mandiri performs its oversight function with a strong focus on sound governance and sustainable growth. In an increasingly competitive and digitalized banking landscape, the Board ensures that every strategic decision and policy implemented by the Board of Directors aligns with the Bank's long-term vision, prudential principles, and regulatory compliance. Through objective supervision and constructive strategic guidance, the Board of Commissioners safeguards the balance between innovation, risk, and sustainability, ensuring that Bank Mandiri continues to advance as a leading financial institution in Indonesia.

The Board of Commissioners of Bank Mandiri performs its role grounded in prudential principles, professional ethics, and robust corporate governance. Each member is required to uphold high integrity, acquire deep expertise, and dedicate sufficient time to ensure effective oversight. The Board of Commissioners composition is thoughtfully structured to foster diverse perspectives and enable objective, independent, and timely decision-making. Through this approach, the Board of Commissioners ensures that every policy and strategic initiative remains aligned with the Bank's long-term vision and its unwavering commitment to sustainability.

BOARD OF COMMISSIONERS APPOINTMENT BASIS

Members of the Board of Commissioners of Bank Mandiri are appointed and dismissed by resolution of the GMS in accordance with applicable laws and regulations.

All members of the Board of Commissioners must have successfully passed the Fit and Proper Test and received approval from the Financial Services Authority (OJK). confirming that each member possesses the required integrity, competence, and financial reputation in line with regulatory standards. This process complies with OJK Regulation No. 27/POJK.03/2016 on the Fit and Proper Test for the Key Persons of Financial Institutions. which mandates OJK approval prior to the commencement of duties and responsibilities as a member of the Board of Commissioners.

BOARD OF COMMISSIONERS CHARTER

In carrying out its duties, the Board of Commissioners refers to a working guideline known as the Board of Commissioners Charter (BOC Charter), which was updated and ratified by the Decree of the Board of Commissioners No. KEP.KOM/007/2025 dated 01 December 2025. This Charter establishes structured and systematic work procedures. Serving as a reference for the Board of Commissioners, the BOC Charter is designed to guide in fulfilling the Board duties and responsibilities. The Charter is formulated in accordance with the Limited Liability Company Law, Capital Market Law, OJK Regulations, Minister of SOE Regulations, and the Company's Articles of Association.

The BOC Charter regulates the following matters:

1. Duties, Responsibilities and Authorities of the Board of Commissioners
2. Governance of Supporting Organs of the Board of Commissioners
3. Meetings of the Board of Commissioners
4. Working Mechanism
5. Others
6. Closing

BOARD OF COMMISSIONERS DUTIES AND RESPONSIBILITIES

In line with the BOC Charter, the duties, obligations, and responsibilities of the Board of Commissioners are clearly outlined to guide their activities, and ensure that the Bank operates within the prevailing laws and regulations. The following outlines the specific duties and obligations of the Board of Commissioners as defined in the Charter, as follows:

1. The Board of Commissioners has the duties to supervising the interests of the Company on the policies and management of the Board of Directors, providing advice to the Board of Directors, and being responsible for such supervision, in accordance with the aims and objectives of the Company as stipulated in the provisions of laws and regulations, articles of association, and resolutions of the GMS.
2. The Board of Commissioners shall carry out its duties, authorities and responsibilities in good faith and with prudential principles, and comply with the provisions of laws and regulations and the Articles of Association.
3. In conducting supervision, the Board of Commissioners shall direct, monitor, and evaluate the implementation of integrated governance, risk management, and compliance, as well as the Company's strategic policies, in line with the provisions of laws and regulations, Articles of Association, and/or GMS resolutions.
4. The Board of Commissioners shall receive and exercise the authority delegated and/or granted to the Board of Commissioners in accordance with the provisions of laws and regulations, Articles of Association, and/or GMS resolutions.
5. In carrying out supervision, the Board of Commissioners is prohibited from participating in decision making on the Company's operational activities, except:
    a. provision of funds to related parties, in line with POJK regarding the maximum limit of lending and large exposures for commercial banks; and
    b. other matters stipulated in the Company's Articles of Association or the provisions of laws and regulations.
6. Decision making on the Company's operational activities by the Board of Commissioners as referred to in point (5) is part of the supervisory duties by the Board of Commissioners so as not to negate the responsibility of the Board of Directors for the implementation of the Company's management.
7. In carrying out its supervisory and advisory duties as referred to in article (1), the Board of Commissioners shall be responsible to:
    a. Ensure the implementation of effective and sustainable good governance;
    b. Safeguard the interests of the Company with due regard to the interests of the Shareholders and being responsible to the GMS;
    c. Provide opinion and approval of the Company's Corporate Plan, Financial Conglomerate Corporate Plan, Company Work Plan and Annual Budget, Company Sustainable Financial Action Plan, as well as work plans and other strategic matters prepared by the Board of Directors in accordance with the provisions of laws and regulations and the Company's Articles of Association;
    d. Prepare the annual work plan and budget of the Board of Commissioners which is an integral part of the Company's Annual Work Plan and Budget;
    e. Approves the Annual Audit Plan and budget allocation, taking into account the recommendations of the Audit Committee.
    f. Follow the development of the Company's activities, provide opinions and suggestions to the GMS on issues deemed important and material to the Company.
    g. Report to the GMS for an indication of decline in the Company's performance with recommendations on the corrective measures that must be taken;
    h. Examine and review the periodic reports and Annual Report prepared by the Board of Directors and sign the Annual Report;
    i. Provide explanations, opinions and recommendations to the GMS regarding the Annual Report, if requested;
    j. Report the implementation of supervisory duties that have been carried out during the previous fiscal year to the GMS;
    k. Determine the Company's risk classification based on the level of risk intensity by taking into account the Company's size and complexity, as proposed by the Board of Directors.
    l. Ensure that the Company has and implements activity programs aimed at enhancing Financial Literacy and Financial Inclusion.
    m. Evaluate and decide on requests from the Board of Directors relating to transactions that require the approval of the Board of Commissioners, including proposed internal provisions that by regulation require the approval of the Board of Commissioners.
    n. Approve the policy on the write-off of loan principal determined by the Board of Directors and the plan for the utilization of the ceiling (limit) as approved by the GMS.
    o. Conduct active supervision and evaluation of at least:
        1) Follow-up of the Board of Directors on audit findings and recommendations from the Company's Internal Audit Unit, External Auditor, supervisory results of the Financial Services Authority and/or

supervisory results of other authorities and institutions;
2) Implementation of the compliance function;
3) The Company's Soundness Level;
4) Implementation of Risk Management and Capital Management in an integrated manner in accordance with the characteristics and complexity of the Financial Conglomeration business within the Company;
5) Implementation of internal control policies and procedures in the Bank's financial reporting process;
6) Effectiveness of Anti-Fraud Strategy (SAF) implementation and code of conduct implementation among others related to Fraud prevention for all levels of the organization;
7) Implementation of Anti-Money Laundering Program, Prevention of Financing of Terrorism, and Prevention of Financing of Proliferation of Weapons of Mass Destruction;
8) Implementation of Remuneration policy;
9) Information Technology (IT) strategic plan and IT governance;
10) Risk management policies and strategic plans related to cybersecurity, established in accordance with the Bank's risk appetite and risk tolerance;
11) Implementation of the Recovery Plan and Resolution Plan, including their enhancements and updates, as well as granting approval;
12) Implementation of the Company's Social & Environmental Responsibility Program (TJSL);
13) Implementation of Country Risk and Transfer Risk management strategies;
14) Implementation of capital participation activities and the management of Subsidiaries;
15) Implementation of the Employee Well-Being Policy (EWP) and reporting thereof to the Minister of State-Owned Enterprises (SOEs);
16) Structured Product activity plans, including granting approval;
17) Implementation of the Credit Restructuring Policy and the Write-Off Policy, as applicable;
18) Compliance with the implementation of Customer Protection.

p. Reporting to the Financial Services Authority no later than 5 (five) business days from the discovery of:
1) Violation of the provisions of laws and regulations in the area of finance, banking, and related to the Company's business activities; and/or
2) Circumstances or estimates of circumstances that may jeopardize the Company's business continuity.

q. Ensuring the implementation of the Internal Control System both individually and integrated. Specifically in the implementation of the Internal Control System, the Board of Commissioners is also responsible for:
1) Ensuring that the Board of Directors prepares and maintains an adequate, effective, and efficient Internal Control System;
2) Reviewing the effectiveness and efficiency of the Internal Control System based on information obtained from the Internal Audit Unit at least once a year; and
3) Appointing an independent quality controller from external parties to review the performance of the Internal Audit Unit, at least once every 3 (three) years.

r. In relation to the appointment of Public Accountant (AP) and Public Accounting Firm (KAP) that will perform audit services of the Company's Annual Financial Statements:
1) The Board of Commissioners through the Audit Committee conducts the procurement process of KAP candidates in accordance with the provisions on procurement of goods and services of the Company, and if necessary, may request the assistance of the Board of Directors in the procurement process; and
2) Propose to the GMS the appointment of AP and KAP that will audit the Company's Annual Financial Statements.

s. In relation to the convening of the GMS, in the event that there is a request from shareholders to the Board of Commissioners to convene a GMS due to the Board of Directors not convening the GMS, the Board of Commissioners shall be required to:
1) Announce the GMS to the shareholders no later than 15 (fifteen) days from the date of the request for the convening of the GMS; and
2) Submit the notification of the meeting agenda to the Financial Services Authority (OJK) no later than 5 (five) working days prior to the announcement of the GMS.

t. Carry out other obligations in the context of supervisory and advisory duties, as long as they do not conflict with laws and regulations, the Articles of Association, and/or the GMS Resolution.

8. The Board of Commissioners shall have a Code of Conduct that is binding for each member of the Board of Commissioners.
9. In order to carry out the activities of the President Commissioner, the President Commissioner has the duties and responsibilities to:
    a. Inviting the Board of Commissioners Meeting in writing which is submitted to all members of the Board of Commissioners by stating the agenda, date, time, and place of the meeting; and
    b. Coordinating and ensuring the implementation of duties and Meetings of the Board of Commissioners and Meetings of Committees of the Board of Commissioners in accordance with prevailing laws and regulations.

Duties and Responsibilities of President Commissioner

Based on the BOC Charter, the duties and responsibilities of the President Commissioner are as follows:

1. Inviting to the Board of Commissioners Meeting in writing, submitted to all members of the Board of Commissioners by stating the agenda, date, time and place of the meeting.
2. Coordinating and ensuring the implementation of duties and meetings of the Board of Commissioners and the Board of Commissioner's Committee Meeting in accordance with prevailing regulations.

Board of Commissioners Rights and Authorities

The rights and authorities of the Board of Commissioners are as follows:

1. Providing decisions on the actions of the Board of Directors as stipulated in the Company's Articles of Association.
2. Each Commissioner, collectively or individually at any time has the right to enter the buildings and areas or other places used or controlled by the Company and has the right to examine books, letters of evidence, inventories goods, examine and match the cash situation for verification and securities purposes as well as to know all actions taken by the Directors.
3. Actions in such cases as mentioned in point (2) shall be carried out in the capacity of the Board of Commissioners and shall be reported at the Board of Commissioners meeting on such actions.
4. If deemed necessary, the Board of Commissioners has the right to request the assistance of experts in carrying out their duties for a limited period at the Company's expense.
5. Each Commissioner has the right to request explanations from the Board of Directors as well as from all levels of management under their supervision, both within the Company and within members of the Financial Conglomerate. The Board of Directors shall be obliged to provide such explanations, either verbally or in writing, including but not limited to the realization of the work plan, financial condition, key risks, and follow-up actions on supervisory recommendations, in order to ensure accountability and the effective implementation of oversight.
6. Each Commissioner has the right to attend meetings held by the Directors or subordinate units without participating in the decision making.
7. The Board of Commissioners with the most votes at any time have the right to temporarily dismiss one or more members of the Board of Directors. if proven to be acting contrary to the Articles of Association or proven to have neglected their obligations or there is an urgent reason for the Company.
8. The temporary termination must be notified in writing to the person concerned along with the reasons for the action.
9. Within 90 (ninety) days after the date of the temporary dismissal, the Board of Commissioners is required to hold a General Meeting of Shareholders which will decide whether the relevant member of the Board of Directors will be permanently dismissed or returned to his position. where he is given the opportunity to attend and defend himself.
10. Approving the appointment and dismissal of the Corporate Secretary and Head of the Company's Internal Audit Unit which is proposed by the Directors and recommended by the Audit Committee.
11. Conducting other supervisory authorities as long as they do not conflict with the laws and regulations, the Articles of Association, and/or GMS Decree.

BOARD OF COMMISSIONERS OVERSIGHT DUTIES ASSIGNMENT

To enhance the effectiveness of the Board of Commissioners in fulfilling its functions and duties, specific roles have been assigned to each member. These assignments are made without diminishing the rights, obligations, responsibilities, or authority of any individual member in carrying out their roles. The assigned duties are as follows:

Name	Position	Assignments

Luky Alfirman	Commissioner	› Member of Remuneration and Nomination Committee › Member of Risk Monitoring Committee
Yuliot	Commissioner	› Member of Remuneration and Nomination Committee › Member of Risk Monitoring Committee

DECISION REQUIRING THE APPROVAL OF THE BOARD OF COMMISSIONERS

The decisions that require the approval of the Board of Commissioners are stipulated in the Company's Articles of Association and the Board of Commissioners Decree No. KEP.KOM/004/2020 dated 26 November 2020 concerning the Determination of the Limitations of Actions of the Board of Directors of PT Bank Mandiri (Persero) Tbk that must obtain written approval from the Board of Commissioners and Dwiwarna A Series Shareholders, and the GMS. The decisions that need to be approved by the Board of Commissioners include:

1. Releasing/transferring and/or pledging the Company's assets with criteria and values exceeding a certain amount determined by the Board of Commissioners, taking into account legislation in the capital market and banking sector for a nominal value of Rp200 billion to Rp500 billion.
2. Establishing cooperation with business entities or other parties, in the form of joint operations (KSO), business cooperation (KSU), licensing cooperation, Build-Operate and Transfer (BOT), Build-Owned Ownership (Build, Operate and Own/BOO) and other agreements having the same nature, the term of which or the value exceeds the value determined by the Board of Commissioners for a nominal of Rp200 billion to Rp500 billion and a period of 5-10 years.
3. Conducting capital participation, releasing capital participation including changes in capital structure with a certain value determined by the Board of Commissioners of other companies, subsidiaries and joint ventures that are not in the framework of saving receivables, by taking into account provisions in the Capital Market for a nominal value of Rp150 billion to Rp200 billion.
4. Establishing a subsidiary and/or joint venture of a certain value determined by the Board of Commissioners by taking into account legislation in the Capital Market for a nominal value of Rp150 billion to Rp200 billion.
5. Proposing representatives of the Company to become prospective members of the Board of Directors and Board of Commissioners of subsidiaries that make significant contributions to the Company and/or strategic values according to the Limits and/or criteria set by the Board of Commissioners.
6. Joining, merging, taking over, separation and dissolution of subsidiaries and joint ventures with a certain value determined by the Board of Commissioners by observing the laws and regulations in the Capital Market for a nominal value of Rp150 billion to Rp200 billion.

BOARD OF COMMISSIONERS TENURE

According to the Company's Articles of Association, members of the Board of Commissioners are appointed and dismissed by the GMS with the approval of the Series A Dwiwarna shareholder. Candidates for the Board of Commissioners are nominated by the Series A Dwiwarna shareholder, and such nominations are binding on the GMS.

The GMS resolution on the appointment or dismissal of Board members also specifies the effective date of the decision. If not expressly stated, the appointment or dismissal becomes effective upon the closing of the GMS, in accordance with applicable laws and regulations.

Each member of the Board of Commissioners serves a term starting from the date specified by the GMS and ending at the close of the fifth Annual GMS following their appointment, with a maximum term of five years. The GMS reserves the right to dismiss any member of the Board at any time before the end of their term. Upon completion of the term, members may be reappointed for one additional term, in accordance with capital market regulations.

Pursuant to SEOJK No. 14/SEOJK.03/2025, the dismissal or replacement of members of the Board of Commissioners of Bank Mandiri prior to the end of their term is carried out with due consideration to the best interests of the Bank and in compliance with prevailing laws and regulations. Such actions, including temporary suspension by the GMS, are subject to applicable authority and regulatory limitations. Decisions on dismissal or suspension may be based on personal reasons. performance considerations, regulatory or shareholder recommendations, or legal matters that may affect the ability of the member to perform their duties effectively.

CRITERIA FOR THE BOARD OF COMMISSIONERS MEMBERS

The Board of Commissioners shall meet the criteria as stipulated by OJK Regulation No. 33/POJK.04/2014 as follows:

1. Having good character, morals, and integrity;
2. Being competent in performing legal acts;
3. Within 5 (five) years prior to appointment or during the office, he/she:
    a. is never declared bankrupt;
    b. never becomes a member of the Board of Directors and/or member of the Board of Commissioners who is declared as guilty and causes a company to be declared as bankrupt;

3. The plan to dismiss a member of the SOEs Board of Commissioners/Supervisory Board prior to the end of his/her term of office must be notified in advance to the member of the Board of Commissioners/ Supervisory Board of SOEs concerned orally or in writing by the Minister.
4. In the event that the Minister does not give notice, the Minister by this Ministerial Regulation authorizes with the right of substitution to the Deputy to make such notification.
5. The Deputy may authorize the Sector Deputy Assistant and the Deputy Assistant to make such notices.
6. The decision to dismiss on grounds other than being found guilty by a court decision that has permanent legal force and resign is taken after the person concerned is given the opportunity to defend himself.
7. Self-defense may be given directly upon notification to the notifying official.
8. In the case of oral notification and self-defense. it is carried out face-to-face and evidenced by minutes signed by members of the Board of Commissioners/Supervisory Board of SOEs concerned and the notifying official.
9. If the member of the Board of Commissioners/ Supervisory Board of SOEs concerned is not willing to sign the minutes then the reason is stated in the minutes of the event.
10. In the event that notification is made at the GMS, self-defense is carried out at the GMS in accordance with the provisions of self-defense as stipulated in the law regarding limited liability companies.
11. In the process of dismissing members of the Board of Commissioners/Supervisory Board of SOEs, the Minister may request the consideration of the Deputy Minister, Deputy and/or Secretary of the Ministry.
12. The determination of the dismissal of members of the SOEs Supervisory Board is carried out by Ministerial Decree.
13. The determination of the dismissal of members of the SOEs Board of Commissioners can be done by Ministerial Decree as the GMS, GMS resolution, and circular decisions of all shareholders.
14. In the event that the determination of the dismissal of members of the Board of Commissioners/ Supervisory Board of SOEs is carried out by Ministerial Decree or circular decision of all shareholders, the Deputy processes the draft Ministerial Decree or the decision of all shareholders circularly.
15. In the event that the determination of dismissal of members of the SOEs Board of Commissioners/ Supervisory Board is carried out in the GMS offline and/or online and the Minister cannot attend the GMS in person, the Minister authorizes with the right of substitution to the Deputy Minister to attend and make decisions at the GMS.
16. The Deputy Minister may authorize the Assistant Deputy Sector to attend and make decisions at the GMS.
17. The Minister may authorize the Deputy and/ or Secretary of the Ministry to attend and take decisions at the GMS.
18. As long as the dismissal is still in process, the members of the Board of Commissioners/ Supervisory Board of SOEs concerned must continue to carry out their duties as they should.
19. The dismissal of members of the Board of Commissioners/Supervisory Board of SOEs can be processed simultaneously with the process of appointing members of the Board of Commissioners/Supervisory Board of the relevant SOEs.
20. The dismissal of members of the SOEs Board of Commissioners/Supervisory Board is effective from the date stipulated in the Ministerial Decree/ GMS/all shareholders circularly.

BOARD OF COMMISIONERS RESIGNATION MECHANISMS

The resignation mechanism of the Board of Commissioners based on the Articles of Association, are as follows:

1. A member of the Board of Commissioners has the right to resign from the position prior to the end of tenure by notifying in writing of the purpose to the Company.
2. The Company shall convene the GMS to resolve the resignation request of member of the Board of Commissioners at the latest 90 (ninety) days after the acceptance of the resignation letter.
3. The Company shall implement disclosure of information to the public and to convey to the OJK at the latest 2 (two) days after the acceptance of the resignation request from member of the Board of Commissioners.
4. Prior to the effective of the resignation, the said member of the Board of Commissioners remains to carry out the obligation to complete the duties and responsibilities according to the Articles of Association and the laws and regulations.
5. The resigning member of the Board of Commissioners may still be requested for responsibilities as a member of the Board of Commissioners until the date of the approval by the GMS.

6. The release of responsibilities to the resigning member of the Board of Commissioners shall be provided after the release from the Annual GMS.
7. In the event that the resignation of a member of the Board of Commissioners resulting in the reduction of numbers of member of the Board of Commissioners to less than 3 (three), such resignation shall be valid upon the GMS stipulation and a new member has been appointed, hence to meet the minimum requirement of member of the Board of Commissioners.

In accordance with SOE Minister Regulation No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises Article 70:

1. The position of a member of the Board of Commissioners/Supervisory Board of SOEs ends if:
   a. passed-away;
   b. his/her term of office expired;
   c. dismissed based on the decision of the GMS/Minister; and/or
   d. no longer meets the requirements as a member of the SOEs Board of Commissioners/Supervisory Board based on the provisions of the articles of association and laws and regulations, including concurrent positions that are prohibited.
2. The term of office ends as referred to in paragraph (1) point b including resigning from office.
3. In the event that the position of a member of the SOEs Board of Commissioners/Supervisory Board ends for reasons as referred to in paragraph (1) letter a, letter b, and letter d then:
   a. The Deputy shall convey information regarding the situation to the Minister and at the same time process the dismissal in accordance with the provisions of this Ministerial Regulation; and
   b. The expiration of the position of members of the SOEs Board of Commissioners/Supervisory Board is confirmed by a Ministerial decree or GMS.

POLICIES RELATED TO THE RESIGNATION OF THE BOARD OF COMMISSIONERS GETTING INVOLVED IN FINANCIAL CRIME

Bank Mandiri has in place the policy on resignation of member of the Board of Commissioners when involved in financial crime as stated in the Bank's Articles of Association, namely the tenure of the Board of Commissioners is ended upon the violations of laws and regulations and upon resignation.

Referring to the Article 14 paragraph (26) letter of the Bank's Articles of Association, the tenure of member of the Board of Commissioners is ended if no longer meet the requirements as member of the Board of Commissioners based on the Articles of Association and other laws and regulations. In the event that a member of the Board of Commissioners is resigning including if involved in the financial crime, hence a concerned member of the Board of Commissioners shall inform in writing regarding his/her intention to the Bank, and the Bank shall convene the GMS to take decision on the resignation of a member of the Board of Commissioners within 90 days after the acceptance of the resignation.

BOARD OF COMMISSIONERS AFFILIATIONS

Members of the Board of Commissioners of Bank Mandiri have no financial or familial relationships with other members of the Board of Commissioners, members of the Board of Directors, or the Controlling Shareholder (including the Ultimate Shareholder).

Affiliation refers to any relationship between members of the Board of Commissioners, the Board of Directors, and the Main/Controlling Shareholders that may arise from family ties, business interests, or professional associations. The disclosure of such affiliations is intended to ensure transparency and prevent potential conflicts of interest in the performance of the Board's supervisory duties.

The following are criteria of affiliate relationship among members of the Board of Commissioners:
1. Affiliations among members of the Board of Directors and Board of Commissioners.
2. Affiliations among the Board of Commissioners members; and
3. Affiliations among the Board of Commissioners members with Ultimate and/or Controlling Shareholders.

The affiliate relationships of the Board of Commissioners are illustrated in the following table:

BOARD OF COMMISSIONERS CONCURRENT POSITION

The concurrent positions of the Board of Commissioners have been regulated Based on SOE Minister Regulation No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises and OJK Regulation No. 17 of 2023 that has been ratified by SEOJK 14/SEOJK.03/2025 on the Implementation of Governance for Commercial Banks, as follows:

Concurrent Positions

1. The SOEs Board of Commissioners/Supervisory Board may concurrently serve as the Board of Commissioners in other business entities, provided that it refers to the provisions of sectoral laws and regulations.
2. The SOEs Board of Commissioners/Supervisory Board who concurrently serves as the Board of Commissioners in other business entities as referred to in paragraph (1) must meet the percentage of attendance at meetings of the SOEs Board of Commissioners/Supervisory Board for 1 (one) year of at least 75% (seventy-five percent) of attendance, as a requirement to obtain Tantiem/Performance Incentives/Special Incentives for those concerned.

Prohibition of Concurrent Positions

1. Members of the SOEs Board of Commissioners/Supervisory Board of are prohibited from holding concurrent positions as members of the Board of Commissioners/Supervisory Board of SOEs, except based on special assignment from the Minister.
2. Members of the Board of Commissioners/Supervisory Board are prohibited from holding concurrent positions as members of the Board of Directors at SOEs, other business entities or occupying positions that under laws and regulations are prohibited from concurrently holding the positions of members of the Board of Commissioners/Supervisory Board of SOEs, or positions that may cause a conflict of interest with the relevant SOEs, and sign a statement letter willing to resign from the position if elected as a member of the Board Commissioner/Supervisory Board of SOEs.
3. The term of office of members of the SOEs Board of Commissioners or the Supervisory Board who hold concurrent positions as referred to in poin (1) and poin (2), expires by law since other members of the SOEs Board of Commissioners/Supervisory Board concerned or members of the Board of Directors or GMS/ Minister become aware of the position conflict as intended.
4. Within a period of no later than 7 (seven) days from the date of known the position holder as referred to in paragraph (1) and paragraph (2), other members of the SOEs Board of Commissioners/Supervisory Board concerned or members of the Board of Directors of SOEs, must submit a notification to the GMS/Minister regarding the position dispute, for further termination of the process of determining dismissal.
5. Legal acts committed for and on behalf of SOEs by members of the SOEs Board of Commissioners/ Supervisory Board after they expire due to the law as referred to in paragraph (3) are invalid and become the personal responsibility of the members of the SOEs Board of Commissioners/Supervisory Board concerned.

6. The provisions referred to in paragraph (5) do not diminish the responsibility of the members of the Board of Commissioners/Supervisory Board of SOEs concerned for the losses of SOEs caused by the mistakes or negligence of the members of the Board of Commissioners/Supervisory Board of SOEs concerned in carrying out their duties.
7. If the members of the SOEs Board of Commissioners/Supervisory Board consist of 2 (two) members of the SOEs Board of Commissioners/Supervisory Board or more, the responsibilities as referred to in paragraph (6), jointly apply to each member of the SOEs Board of Commissioners/Supervisory Board.

In addition, members of the Board of Commissioners are prohibited from holding concurrent positions as follows:
1. As members of the Board of Directors, Board of Commissioners, Sharia Supervisory Board, or executive officers in financial institutions or companies, whether banking or non-banking;
2. As members of the Board of Directors, Board of Commissioners, Sharia Supervisory Board, or executive officers in more than 1 (one) non-financial institution or company, whether domiciled in Indonesia or abroad;
3. In functional positions within banking or non-banking financial institutions, whether domiciled in Indonesia or abroad;
4. In any other position that may create a conflict of interest in carrying out their duties as members of the Board of Commissioners; and/or
5. In other positions as regulated by applicable laws and regulations.

The following are exceptions to the prohibition on holding concurrent positions:
a. Members of the Board of Commissioners serving as members of the Board of Directors, Board of Commissioners, or executive officers performing supervisory functions in 1 (one) non-bank subsidiary controlled by the Bank;
b. Non-Independent Commissioners performing functional duties on behalf of the Bank's shareholder that is a legal entity in the Bank and/or a Financial Conglomeration (KUB); and/or
c. Members of the Board of Commissioners holding positions in non-profit organizations or institutions.

Provided that such positions do not interfere with the performance of their duties and responsibilities as members of the Board of Commissioners.

Furthermore, the Company's Articles of Association also regulates the concurrent position of the Board of Commissioners policy. The Board of Commissioners shall be prohibited from having concurrent positions as:

1. Member of the Board of Directors at SOEs. Regionally-Owned Enterprises, and private enterprises.
2. Committee of political party and/or candidate/ member of the House of Representative, House of Regional Representative, Regional People's House of Representative Level I and II, and/or candidate of regional head/ vice head.
3. Other positions pursuant to the applicable laws and regulations.
4. Concurrent positions that may cause a conflict of interest.

Bank Mandiri's Board of Commissioners has disclosed members' concurrent positions and does not have concurrent positions outside those permitted by applicable regulations and can cause conflict of interest which is prohibited by regulations.

The following table describes the concurrent position of the Board of Commissioners.

CONFLICT OF INTEREST POLICY

Referring to SEOJK No. 14/SEOJK.03/2025. Bank Mandiri applies the following Conflict of Interest Policy.

Bank Mandiri upholds integrity and objectivity in all operational and decision-making activities. Therefore, all members of the Board of Directors, Board of Commissioners, Bank Committees, Executive Officers, and employees must avoid any form of conflict of interest in performing their duties and responsibilities.

The Bank has established and implemented a Conflict of Interest Policy aimed at identifying, preventing, and managing potential conflicts that may arise from its business operations. The policy includes:

a. Mechanisms for preventing and handling conflicts of interest, binding all management and employees, including decision-making procedures and mitigation steps when potential conflicts are identified; and
b. Procedures for recording, documenting, and disclosing conflicts of interest in meeting minutes or other official records.

In cases where a conflict of interest arises. each member of the Board of Directors, Board of Commissioners. Bank Committees, Executive Officers, and employees is required to disclose the conflict transparently in the decision-making process and is prohibited from taking actions that could harm the Bank. Such disclosures are documented in meeting minutes, including the name of the related party, the nature of the conflict, and the rationale for the decision. The decision-making authority is adjusted according to the hierarchical level of the individual involved to ensure independence in the process.

As part of its sound governance practices. Bank Mandiri ensures that all transactions with related parties are conducted on an arm's-length basis and do not provide preferential treatment compared to similar transactions with other parties. Related parties include:

a. Entities or individuals that control or are controlled by the Bank, directly or indirectly, including controlling and ultimate shareholders;
b. The Bank's majority shareholders;
c. Entities affiliated with the Bank (subsidiaries, sister companies, subsidiaries of sister companies, or special-purpose entities established by the Bank or its affiliates);
d. Members of the Board of Directors, Board of Commissioners, and Executive Officers;
e. Parties with professional or business relationships with the Bank's management or its affiliated companies; and
f. Individuals with family relations up to the second degree with the Bank's controlling parties. management, or controlling shareholders, either vertically or horizontally.

Through this policy, Bank Mandiri ensures that all business activities and decisions are carried out professionally, transparently, and in the best interest of the Bank.

BOARD OF COMMISSIONER'S CONFLICTS OF INTEREST MANAGEMENT

The management of conflict-of-interest for the Board of Commissioners is regulated in the BOC Charter as follows:

1. Pursuant to laws and regulations, each Commissioner shall maintain the information by keeping it confidential including provisions on insider trading and other information that the Company has not disclosed to the public.
2. Each Commissioner shall disclose:
3. Ownership of shares in the Company and in other companies domestically or abroad.
4. Financial and family relationships with other members of the Board of Commissioners and members of the Board of Directors and their families.
5. Other information related to laws and regulations must be disclosed to the public.
6. The Board of Commissioners is prohibited from being involved in making decisions related to banking operational activities and/or making decisions that may cause conflicts of interest.
7. The Board of Commissioners in carrying out its duties. responsibilities and authority is prohibited from using the Company for personal. family. other companies or certain parties' interests in a manner that is contrary to the laws and regulations and the Company's code of ethics.

BOARD OF COMMISSIONERS SHARE OWNERSHIP

Based on SEOJK No. 14/SEOJK.03/2025 - XXIII.2. the Board of Commissioners has disclosed share ownership of 5% (five percent) or more, either in the Bank concerned or in other banks and/or companies, both domestically and internationally. The share ownership of Bank Mandiri's Board of Commissioners is described in the table below.

Board of Commissioners Share Ownership as of 31 December 2025

7.	Yuliot	Commissioner	Nil	Nil	Nil	Nil	Nil

DISCLOSURE OF SHARE OWNERSHIP OF MEMBERS OF THE BOARD OF DIRECTORS AND BOARD OF COMMISSIONERS

In line with POJK No. 4 of 2024 concerning Reports of Shareholding or Any Changes in Shareholding in Public Companies and Reports on the Pledging of Shares in Public Companies, the Bank has established a policy that requires members of the Board of Directors and Board of Commissioners to report to the OJK and notify the Bank of their ownership of voting rights over shares and any changes in ownership of voting rights over the Bank's shares. either directly or indirectly. no later than 5 (five) business days after the acquisition or any change in ownership of voting rights over those shares. The policy has been implemented in accordance with the regulations.

INDEPENDENT COMMISSIONERS

Independent Commissioners are members of the Board of Commissioners who have no financial, managerial, ownership, or family relationships with members of the Board of Directors, other Commissioners, or controlling shareholders, including the ultimate controlling shareholder, nor any relationship with the Bank that could affect their ability to act independently. Their primary role is to provide objective oversight and ensure that all strategic decisions are made in the best interests of all stakeholders, including minority shareholders. Through their independence, Independent Commissioners play a key role in maintaining integrity, transparency, and balance in the Bank's governance practices.

As of 31 December 2025, the composition of the Board of Commissioners of Bank Mandiri has taken into account the Bank's business complexity, characteristics, and supervisory needs to ensure effective and optimal oversight.

Criteria and Fulfillment of Independent Commissioner Requirements

The criteria for Independent Commissioners at Bank Mandiri are based on OJK Regulation No. 33/POJK.04/2014 concerning the Board of Directors and Board of Commissioners of Issuers or Public Companies and OJK Circular No. 14/SEOJK.03/2025 on the Implementation of Good Corporate Governance for Commercial Banks.

The fulfillment of requirements for prospective Independent Commissioners at Bank Mandiri is cumulative, ensuring that each appointed individual acquires sufficient integrity, competence, and independence. This approach is implemented to optimize the role of Independent Commissioners in providing objective, effective, and professional oversight, in line with good corporate governance principles and the complex supervisory needs of Bank Mandiri's operations.

Criteria for Independent Commissioner	Independent Commissioners		
	Zulkifli Zaini	Mia Amiati	Bintoro K. Pardewo
Shall not become the person who works. has the authority over. or has responsibility to plan. lead. control. or monitor the Bank's activities in the last 6 (six) months except for reappointment as an Independent Commissioner of Public Company for the next period.	✓	✓	✓
Shall not have shares either directly or indirectly in the Issuer or the Public Company.	X	✓	✓
Shall not have affiliate relationship with the Issuer or the Public Company. BOC member. BOD member. or majority shareholders of the Issuer or the Public Company.	✓	✓	✓
Shall not have any business relationship either directly or indirectly in the Issuer or the Public Company.	✓	✓	✓
Adequate and relevant knowledge in the field of banking in relation to the position as an Independent Commissioner; and	✓	✓	✓
Experience in the banking and/or financial sector.	✓	✓	✓

Independence of Independent Commissioners

Bank Mandiri Independent Commissioners are required to maintain full independence to ensure objective and impartial supervision. In compliance with SEOJK No. 14/SEOJK.03/2025, independence means that an Independent Commissioner has no financial, managerial, ownership, or family relationships with members of the Board of Directors, other Commissioners, members of the Sharia Supervisory Board (DPS), or controlling shareholders. including ultimate shareholders, and no other relationships with the Bank that could affect their ability to act independently.

In practice, Bank Mandiri ensures the independence of its Independent Commissioners through the following principles:

- **No financial relationships**, meaning the Commissioner does not receive income, loans, or financial assistance from the Bank's Directors, Commissioners, DPS, or controlling shareholders.
- **No managerial relationships**, meaning the Commissioner does not hold any position as Director, Commissioner, or Executive Officer in entities owned or controlled by the Bank or its controlling shareholders.
- **No ownership relationships**, meaning the Commissioner does not share ownership or control in any company with the Bank's Directors, Commissioners, DPS, or controlling shareholders.
- **No familial relationships**, meaning the Commissioner has no family ties up to the second degree, either vertically or horizontally, including in-laws, with any member of the Board of Directors, Board of Commissioners, DPS, or controlling shareholders.
- **No direct or indirect relationships with the Bank** that could compromise independence, such as owning more than 5% of the Bank's paid-up capital or engaging in financial or professional relationships that could influence decision-making (e.g., acting as a major debtor, depositor, or professional service provider).

By consistently enforcing these principles, Bank Mandiri ensures that its Independent Commissioners carry out their supervisory duties with integrity, impartiality, and professionalism, thereby reinforcing the Bank's commitment to transparent and accountable governance.

Fit and Proper Test for Independent Commissioners Candidate

As part of the integrity assessment and selection process. every prospective Independent Commissioner of Bank Mandiri is required to undergo a Fit and Proper Test conducted by the OJK. The submission for the Fit and Proper Test may be made by Bank Mandiri no earlier than 90 (ninety) days after the candidate enters the cooling-off period. in accordance with applicable OJK regulations.

Change of Position Status from Non-Independent Commissioner to Independent Commissioner

Any change in position status from Non-Independent Commissioner to Independent Commissioner within the Bank must first obtain approval from the OJK, in accordance with the OJK Regulation on the Fit and Proper Test for Key Persons of Financial Institutions.

To obtain such approval, the prospective Independent Commissioner is required to submit an Independence Statement Letter following the format provided in Appendix I of SEOJK No. 14/SEOJK.03/2025. which may be adjusted based on supervisory requirements. To ensure full independence. OJK may also request additional supporting documents, such as an Independence Statement from the Controlling Shareholder or other relevant declarations.

Dismissal and Replacement of Independent Commissioners

At Bank Mandiri, the dismissal or replacement of an Independent Commissioner is carried out prudently and in compliance with the OJK regulations. Any plan to dismiss or replace an Independent Commissioner before the end of their term must first obtain OJK approval before being decided at the GMS.

The request for approval must be submitted to OJK no later than 1 (one) month prior to the planned GMS, accompanied by supporting information and documents such as the reasons for dismissal. performance evaluations, health conditions, or potential risks to the Bank's operations. The proposal is prepared by the Remuneration and Nomination Committee and approved by the majority of the Board of Commissioners.

OJK reviews the proposal based on its supervisory data and evaluations, both onsite and offsite. If deemed appropriate, OJK will issue a letter of approval for the dismissal or replacement, allowing the Bank to proceed with the agenda at the GMS. If not approved, OJK will issue a written rejection, and the Bank is prohibited from including the dismissal or replacement in the GMS agenda.

Furthermore, Independent Commissioners who have not yet received OJK approval are not allowed to perform their duties, even if they have been approved and appointed by the GMS. Former Directors, Executive Officers, or other related parties may be appointed as Independent Commissioners after completing a cooling-off period of at least 1 (one) year, or 6 (six) months for former Presidents or officers previously responsible for supervision, in accordance with the OJK Regulation on Bank Governance.

Independent Commissioners may be reappointed by the GMS for a maximum of two consecutive terms. Any extension beyond two terms may be granted based on the recommendation of the Remuneration and Nomination Committee, taking into account performance results, independence assessments, and internal evaluations by the Board of Commissioners and the internal audit function.

Concurrent Positions of Independent Commissioners

Independent Commissioners are prohibited from holding concurrent positions as public officials, whether in structural or functional roles within government institutions. This policy aims to avoid potential conflicts of interest and to ensure that the position of Independent Commissioner is filled by individuals with the competence, experience, and full dedication required to perform effective oversight functions.

Bank Mandiri thoroughly reviews the profile and background of prospective Independent Commissioners before their nomination to the GMS and submission to the OJK, ensuring alignment with independence principles and the Bank's governance requirements.

The Bank's Independent Commissioner has signed the Statement certifying the fulfilment of criteria as well as independency of position in accordance with the criteria as set under the prevailing regulations and has been submitted to the OJK.

ORIENTATION PROGRAM FOR NEW COMMISSIONERS

Each newly appointed member of the Board of Commissioners participates in an orientation program designed to familiarize them with their roles, responsibilities, and the Bank's operational environment. The program aims to provide a comprehensive understanding of the Bank's vision, mission, core values, organizational structure, and business activities, including those of its subsidiaries. It also introduces key policies, procedures, and corporate governance practices implemented across the Bank Mandiri Group.

The orientation is conducted through presentations by relevant Directors and coordinated by the Corporate Secretary. In addition, new Commissioners receive a Board Manual outlining their duties and responsibilities, including the Articles of Association, Board of Commissioners Charter, Committee Charters, and other key governance documents. This ensures that each new Commissioner is equipped with the necessary foundation to perform their oversight role effectively and in accordance with sound governance principles.

In 2025, Bank Mandiri conducted an orientation program for newly appointed Commissioners, which covered the following topics:

BOARD OF COMMISSIONERS MEETING

The procedures and requirements for Bank Mandiri Board of Commissioners meetings are outlined in the BOC Charter and align with SEOJK No. 14/SEOJK.03/2025. The key provisions for these meetings are as follows:

Meeting Frequency: Meetings of the Board of Commissioners are held regularly at least once every 2 (two) months as part of the supervisory and strategic decision-making process.

Joint Meetings with the Board of Directors: The Board of Commissioners must hold joint meetings with the Board of Directors at least once every 4 (four) months.

Quorum Requirements: Meetings of the Board of Commissioners and Joint Meetings with the Board of Directors are held if attended by the majority of the Board of Commissioners' members.

Meeting Attendance: All members of the Board are required to attend physically at least twice a year, particularly for meetings concerning performance evaluation, strategic policy formulation, and the review of the Bank's Business Plan (RBB). If Non-Independent Commissioners are unable to attend in person, participation may be conducted through technological means such as teleconferencing.

Meeting Attendance via Technology: When Board of Commissioners meetings are conducted using technological means such as teleconferencing, the following requirements must be fulfilled:

a. Basis for holding the meeting, including the Bank's internal policies and official meeting minutes outlining the decision to hold the meeting virtually;
b. Recorded evidence of the meeting, which must be stored and managed in accordance with prevailing laws and/or the Bank's internal policies; and
c. Official meeting minutes, signed by all participants, whether attending physically or via teleconference.

In addition, inter-Commissioners meetings serve as a communication forum among members of the Board of Commissioners to support effective and orderly supervision. This forum may also be used to deliberate on and decide policies, actions, or solutions related to supervisory functions, including matters concerning Bank Mandiri's overseas branch offices (KCBLN).

Meeting Decision-Making: Decisions in meetings of the Board of Commissioners must first be made based on deliberation for consensus. If consensus cannot be reached. decisions are made by majority vote. All decisions of the Board of Commissioners are binding for all members of the Board of Commissioners.

Meeting Materials: All relevant materials for the Board of Commissioner' meetings must be distributed to participants no later than 5 (five) days prior to meeting. If a meeting is held outside the regular schedule, materials can be provided prior to the meeting.

Leadership: Meetings are chaired by the President Commissioner. If the President Commissioner is absent, the meeting will be chaired by a designated Commissioner.

Meeting Minutes: All Board of Commissioners meetings are fully documented in the form of meeting minutes, which are distributed to all Commissioners and maintained as part of the Bank's official records. Any dissenting of opinion expressed during meetings must be clearly recorded in the minutes, along with the reasoning and considerations behind such differing views. A copy of the signed meeting minutes, endorsed by all Commissioners present either physically or via teleconference, is distributed to all members of the Board of Commissioners. either directly or electronically.

Board of Commissioners Meetings Plan

IMPLEMENTATION OF DUTIES AND RESPONSIBILITIES OF THE BOARD OF COMMISSIONERS

Advisory Frequency and Procedures to the Board of Directors

The advisory role of the Board of Commissioners to the Board of Directors is executed through both formal and informal channels, ensuring comprehensive guidance and oversight. This two-pronged approach enables the Board of Commissioners to provide strategic advice and real-time consultation when needed.

Formal meetings serve as the primary platform for structured discussions and decision-making. These are divided into three key types:

1. The meetings of Supporting Committee of the Board of Commissioners, consisting of the Audit Committee Meetings, Risk Oversight Committee Meetings, Integrated Governance Committee Meetings and Remuneration and Nomination Committee Meetings.
2. Meeting of the Board of Commissioners (RAKOM), which is an internal meeting of the Board of Commissioners and/or by inviting the Director of the related field.
3. Meeting of the Board of Commissioners with the Board of Directors (RAKOMDIR), namely the Joint Meeting of the Board of Commissioners and the Board of Directors.

Informal advisory between the Board of Commissioners and the Board of Directors provides flexibility and immediacy in addressing emerging issues, or urgent matters or ongoing projects. hence enhancing the decision-making processes.

By combining formal meetings with informal consultations, the Board of Commissioners ensures that it provides well-rounded, continuous oversight and guidance to the Board of Directors, fostering a strong collaborative environment that supports the Bank's growth and governance objectives.

Board of Commissioners Supervisory on the Implementation of Corporate Strategy

Pursuant to OJK Regulation No. 5/POJK.03/2016 concerning the Bank Business Plans, the Board of Commissioners shall carry out supervision on the implementation of the Bank Business Plan that includes policies and management strategies. The results of the supervision are set forth in the Supervision Report on the Implementation of the Bank's Business Plan which is submitted to the Financial Services Authority every half year. In addition, the Board of Commissioners also submit Supervision Report on Performance and KPI Achievement quarterly to the Ministry of SOEs as Dwiwarna Series A Shareholders.

In 2025, the Board of Commissioners has prepared and submitted the following Supervision Report on the Implementation of the Bank's Business Plan:

No.	OJK	SOE Regulatory Agency
1.	Letter No. KOM/029/2025 dated 17 February 2025 concerning Bank Business Plan Supervision Report 2024 – 2026 of PT Bank Mandiri (Persero) Tbk Second Semester of 2024.	Letter No. KOM/017/2025 dated 5 February 2025 concerning Response to the Performance Report and Realization of Key Performance Indicators (KPI) of PT Bank Mandiri (Persero) Tbk until Quarter IV/2024.
2.	Letter No. KOM/097/025 dated 20 August 2025 concerning Bank Business Plan Supervision Report 2025 – 2027 of PT Bank Mandiri (Persero) Tbk Semester I of 2025.	Letter No. KOM/062/2025 dated 15 May 2025 concerning Response to Performance Report and Realization of Key Performance Indicators (KPI) of PT Bank Mandiri (Persero) Tbk until Quarter I/2025.
		Letter No. KOM/089A/2025 dated 31 July 2025 concerning Response to Performance Report and Realization of Key Performance Indicators (KPI) of PT Bank Mandiri (Persero) Tbk until Quarter II/2025.
		Letter No. KOM/119/2025 dated 31 October 2025 concerning Response to Performance Report and Realization of Key Performance Indicators (KPI) of PT Bank Mandiri (Persero) Tbk until Quarter III/2025.

Report on supervision of the implementation of the Bank's Business Plan submitted to OJK and Responses to the Achievement of the Bank's Performance and KPI submitted to SOE Regulatory Agency and PT Danantara Asset Management includes reports on:

1. Assessment of the Board of Commissioners regarding the implementation of the Bank Mandiri Business Plan in the form of evaluating both quantitative and qualitative aspects of the realization of the Business Plan.
2. The Board of Commissioners' assessment of the factors that affect Bank Mandiri's performance in general, particularly regarding capital. profitability, risk profiles, especially credit risk, market risk, and liquidity risk.
3. Assessment of the Board of Commissioners regarding efforts to improve the performance of Bank Mandiri, in the case that according to the assessment concerned the performance of the Bank as referred to in point 2 above has decreased.

The assessment of the Board of Commissioners in points 1-3 was also complemented with external factors assessment affecting the Bank's performance.

Board of Commissioners Duties Implementation

The Board of Commissioners has fulfilled its duties, obligations, and responsibilities by overseeing the Bank's policies and management in accordance with prevailing laws and regulations, the Bank's Articles of Association, and the annual Work Plan established at the beginning of the year.

These supervisory functions were carried out through a series of Board of Commissioners meetings. joint meetings with the Board of Directors, and joint evaluations with supporting committees under the Board of Commissioners. This collaborative approach ensures thorough oversight and effective evaluation of the Bank's management and strategic direction.

The following were implementation of duties of the Board of Commissioners during 2025:

1. Supervised the policies and management conducted by the Board of Directors during 2025, including oversight of the implementation of the 2025 Work Plan and Budget (RKAP), the 2025–2027 Bank Business Plan (RBB), the 2025–2029 Sustainable Finance Action Plan (RAKB), and the 2025 IT Strategic Plan.
2. Ensured that good governance was applied effectively and sustainably.
3. Actively monitored and evaluated at least the following:
    a. follow-up actions of the Board of Directors on audit findings and recommendations from the Company's Internal Audit Unit, External Auditors, supervision results from the Financial Services Authority (OJK), and/or supervision results from other authorities and institutions;
    b. implementation of compliance functions;
    c. Company›s soundness level;
    d. implementation of Risk Management and Capital Management on an integrated basis in accordance with the characteristics and complexity of the Financial Conglomerate's business within the Company;
    e. Implementation of internal control policies and procedures in the Bank's financial reporting process.
    f. effectiveness of the implementation of the Anti-Fraud Strategy (SAF) and the code of ethics, particularly regarding fraud prevention across all organizational levels;
    g. implementation of the Anti-Money Laundering Program, the Prevention of Terrorism Financing, and the Prevention of the Financing of the Proliferation of Weapons of Mass Destruction;
    h. implementation of the Remuneration Policy;
    i. Information Technology (IT) strategic plan and IT governance implementation for 2025;
    j. policies and strategic risk management plans related to established cybersecurity;
    k. Recovery Plan along with their updates, including granting approvals;
    l. implementation of the Company's Corporate Social and Environmental Responsibility (TJSL) Program.
    m. Implementation of the Country Risk and Transfer Risk management strategy;
    n. Implementation of equity participation activities and management of Subsidiaries;
    o. Implementation of the Employee Well-Being Policy (EWP) and reporting thereof to the Minister of State-Owned Enterprises;
    p. Planned activities related to Structured Products, including granting approvals;
    q. Implementation of the Credit Restructuring policy and Write-off policy in accordance with financial accounting standards; and
    r. Compliance with the implementation of Customer Protection.
4. Conducted periodic monitoring of Human Resources (Manpower Planning) aligned with the Corporate Plan, RBB, and the actual needs of long-term business development, particularly in IT, Credit, and Risk.
5. Conducted periodic monitoring of the implementation of various Corporate Actions by the Company and its Subsidiaries during 2025.
6. Conducted periodic monitoring of the performance and risk mitigation developments of Subsidiaries/ Sub-Subsidiaries, as well as synergy development, throughout 2025.
7. Provided direction, monitored the preparation, and granted approvals for proposals, including the 2026 RKAP, 2026–2028 RBB, 2026–2030 RAKB, the 2025 Recovery Plan Update.
8. Followed the development of the Company's activities, provided opinions and advice to the Board of Directors on issues deemed important and material for the Company's management, including those related to the internal and external audit findings during 2025.
9. Proposed the appointment of a Public Accountant (AP) and/or Public Accounting Firm (KAP) to audit the Consolidated Financial Statements ending 31 December 2025, to the 2025 Annual GMS.
10. Reviewed the audits conducted by the KAP on the 2024 Financial Statements of Bank Mandiri.
11. Reviewed the talent pool and each proposed candidate for the Board of Directors and Board of Commissioners to be submitted at the GMS.
12. Periodically evaluated the performance of the Board of Directors during 2025 and reviewed the KPI achievements of the Board of Directors and the Board of Commissioners.

13. Reviewed and made decisions on each proposal/action from the Board of Directors requiring written approval from the Board of Commissioners as stipulated by prevailing laws and the Articles of Association.
14. Ensured that the Board of Directors developed and maintained an adequate, effective, and efficient Internal Control System (SPI) and assessed the effectiveness and efficiency of SPI based on information obtained from the Audit Committee and the Internal Audit Unit.
15. Approved proposals for the dismissal and appointment of the Corporate Secretary and Chief Audit Executive (CAE).
16. Approved the proposal Annual Audit Plan (AAP) and Budget Allocation for the Internal Audit Unit for 2026.
17. Submitted supervisory reports and recommendations for improvements regarding the realization of the RBB, which were then forwarded to the OJK every semester and to the Ministry of SOEs every quarter.
18. Held 31 (thirty-one) Board of Commissioners Meetings and 12 (twelve) Joint Meetings with the Board of Directors to discuss specific aspects of concern to the Board of Commissioners.

Board of Commissioners Recommendations and Decisions

Throughout 2025, the Board of Commissioners provided strategic guidance and policy recommendations to strengthen good corporate governance practices and ensure the Bank's sustained performance. Every recommendation and decision made by the Board focused on enhancing operational performance, ensuring regulatory compliance, and promoting sustainable growth across all business areas.

In carrying out its role, the Board of Commissioners exercised its supervisory and advisory functions through various forums and coordination meetings with the Board of Directors and supporting committees, as follows:

1. **Board of Commissioners Meetings:** A regular meeting to review and discuss critical aspects of the Company's performance, strategic direction, and risk management. These meetings provided a formal platform for Commissioners to evaluate the financial reports, operational plans, and compliance with governance practices.
2. **Joint Meetings with Committees Under the Board of Commissioners:** The meeting between the Board of Commissioners and its supporting Committees in ensuring that specific areas of governance were deeply analyzed.
3. **On-site Visits with Committees Under the Board of Commissioners:** The Board of Commissioners with its committees, conducted on-site visits to various operational units, to attain first-hand insights into the Bank's operational challenges and opportunities.

During 2025, the Board of Commissioners issued 34 (thirty-four) approval letters and 12 (twelve) decrees, among others the approval of funding to related parties, approval of corporate actions, as well as other approvals under the authority of the Board of Commissioners as stipulated in the Articles of Association and prevailing regulations. Some of the agreements were as follows.

As stipulated in the Decision of the OJK Board of Commissioners No. KEP-18/D.02/2021 on the Indonesian National Qualification Framework in Banking Risk Management and OJK Circular No. 28/SEOJK.03/2022 on Risk Management Certification for Human Resources in Commercial Banks. Bank Executives (specifically the Board of Commissioners and Board of Directors) are required to hold a Risk Management Certificate issued by a Professional Certification Institution. with the following classifications:

No.	Position	Level	Validity
1.	Commissioner	Minimum Level 6	3 years
2.	Independent Commissioner	Minimum Level 6	3 years
3.	President Director or Director	Level 7	3 years

Risk Management Certification Refreshment Program

Bank Mandiri implements a Risk Management Certification Refreshment Program to maintain and enhance the competence of certificate holders in the field of banking risk management. The program aims to ensure that all relevant executives remain up to date with the latest developments in risk management practices and are able to apply them effectively in the Bank's operations.

This program is conducted in compliance with applicable regulatory and certification standards. ensuring the continued competence and professionalism of Bank Mandiri's personnel in managing risk effectively.

The refreshment program is carried out in compliance with the following provisions:
1. conducted periodically at least once within 1 (one) year after the issuance of the Risk Management Certificate.
2. the program's activities may include in-house training, seminars, dissemination of regulations from relevant authorities, workshops, e-learning, and/or work portfolios related to the Bank risk management.

The refreshment program can be utilized to extend the validity period of the Risk Management Certificate, provided the following criteria are met:
1. the refreshment program is conducted periodically at least once within 1 (one) year.
2. the refreshment program is in the field of Bank risk management.
3. the refreshment program and its organizer are recognized by the Professional Certification Institution (LSP) in the banking sector.

The following is the list of Bank Mandiri's Board of Commissioners who have successfully passed risk management certification:

BOARD OF COMMISSIONERS PERFORMANCE ASSESSMENT

Board of Commissioners Performance Assessment Procedure

The performance assessment of the Board of Commissioners is conducted collegially through a self-assessment method. The assessment results are presented to the GMS as part of the supervisory duty report. During the GMS, shareholders review and approve the report, granting full release and discharge (*acquit et decharge*) to the Board of Commissioners and Board of Directors for the execution of their supervisory and management duties during the financial year.

This procedure ensures transparency, accountability, and supervisory effectiveness, allowing the performance of the Board of Commissioners to be assessed based on its contribution to achieving strategic goals and upholding good corporate governance.

Procedures of Performance Self-Assessment of the Board of Commissioners

Board of Commissioners Performance Assessment Criteria and Results

The performance assessment of the Board of Commissioners is evaluated based on Key Performance Indicators (KPIs) set at the beginning of the year. These KPIs serve as benchmarks to ensure that the Board fulfills its oversight role effectively and adds strategic value to the Company. The assessment encompasses four critical areas:

1. **Planning:** This aspect focuses on the Board's proactive role in establishing and aligning the Bank's strategic direction. It includes setting clear objectives, ensuring risk management plans are in place, and reviewing the Bank's annual work plan to support sustainable growth.
2. **Supervision and Advisory:** The Board's effectiveness in monitoring management activities and providing timely, strategic advice is measured. The Board ensures that corporate governance principles are upheld and offers insights on operational improvements.
3. **Reporting:** This covers the Board's accountability to stakeholders through regular, transparent reports. It involves the quality and timeliness of information provided to the shareholders about the Bank's progress and any significant developments.
4. **Business Dynamics:** This aspect measures the Board's adaptability to changing market and regulatory conditions. The Board is expected to address emerging challenges and opportunities that may impact the Bank's performance. providing strategic adjustments when necessary.

The following summarizes the achievements of the Board of Commissioners' KPIs for 2025, reflecting their commitment to the core areas and contribution to advancing the Bank's goals.

Assessors

In 2025, the Board of Commissioners conducted a self-assessment to evaluate its performance. This self-assessment process allowed the Board to critically review its effectiveness in fulfilling its roles and responsibilities, ensuring alignment with the Bank's strategic objectives and adherence to good governance principles.

PERFORMANCE ASSESSMENT OF THE COMMITTEES UNDER THE BOARD OF COMMISSIONERS AND ASSESSMENT BASIS

Implementation and Performance Assessment of Committees

In carrying out its supervisory and advisory functions, the Board of Commissioners is supported by 4 (four) committees under its coordination. These committees serve as advisory bodies providing in-depth analysis, recommendations, and strategic input to assist the Board in decision-making and oversight activities.

The committees established by the Board of Commissioners of Bank Mandiri are as follows:

1. Audit Committee, which assists in ensuring the reliability of financial statements, the effectiveness of internal controls, and compliance with applicable regulations;
2. Nomination and Remuneration Committee. which provides recommendations on remuneration policies and the nomination process for members of the Board of Directors and Board of Commissioners;
3. Risk Monitoring Committee. which supports the Board in overseeing the effectiveness of the Bank's risk management and adequacy of risk control policies; and

4. Integrated Governance Committee, which ensures consistent implementation of good corporate governance across all entities within the Bank Mandiri Financial Conglomerate.

The Board of Commissioners conducts an annual assessment of each committee's effectiveness based on their work program implementation and achievement of objectives as outlined in their respective plans. In 2025, the evaluation concluded that all committees had performed their mandates effectively and in alignment with Bank Mandiri's strategic direction.

Furthermore, communication and coordination between the Board of Commissioners and all committees remain consistent and productive, with regular discussions on key issues relevant to the Bank's operations. This strong synergy ensures that each committee's recommendations are integrated into the decision-making process, thereby strengthening efficient, transparent, and accountable oversight.

Audit Committee

The Audit Committee held 23 (twenty-three) meetings covering 26 (twenty-six) topics in 2025 and has effectively supported the Board of Commissioners in fulfilling its oversight responsibilities, which encompassed key areas such as monitoring internal and external audit functions, providing a structured and comprehensive approach to reviewing audit processes, assessing risk management practices, and enhancing transparency in financial reporting, as well as verifying adherence to relevant laws and regulations. The details information on the Audit Committee activities is presented in the sub-chapter of Audit Committee in the Corporate Governance Chapter of this Annual Report.

Remuneration and Nomination Committee

The Remuneration and Nomination Committee held 14 (fourteen) meetings covering 15 (fifteen) topics in 2025, during which it has provided the Board of Commissioners with recommendations and proposals for candidates who met the qualifications to serve as Members of the Board of Commissioners and the Board of Directors, for submission to the GMS. The proposals were included drafting nomination policies, setting criteria, and defining qualifications for potential candidates, which aligned with the Bank's strategic objectives. In addition to identifying suitable candidates for the Board of Commissioners, the Committee also supported the Board in gathering and analyzing data on potential Board of Directors candidates, sourced from senior executives one level below the Board of Directors.

The Remuneration and Nomination Committee also assisted the Board of Commissioners in establishing an appropriate remuneration system for the Board of Directors and Board of Commissioners. This included designing a comprehensive package consisting of payroll/honorarium, benefits and allowances, and a bonus (tantiem) plan for 2025. The details information on the Remuneration and Nomination Committee activities is presented in the sub-chapter of Remuneration and Nomination Committee in the Corporate Governance Chapter of this Annual Report.

Risk Oversight Committee

The Risk Oversight Committee held 33 (thirty-three) meetings covering 41 (forty-one) topics in 2025 and has effectively supported the Board of Commissioners by providing key insights and input on the evaluation of risk management practices implemented by the Board of Directors. The Committee reviewed and assessed various risk areas, ensuring that each area was managed in line with the Bank's risk appetite and regulatory requirements. The details information on the Risk Oversight Committee activities is presented in the sub-chapter of Risk Oversight Committee in the Corporate Governance Chapter of this Annual Report.

Integrated Governance Committee

The Integrated Governance Committee held 3 (three) meetings covering 41 (forty-one) topics in 2025, which was focused on conducting comprehensive reviews and analyses of governance issues impacting the Bank. The Committee examined policies, practices, and compliance matters, and providing recommendations. The details information on the Integrated Governance Committee activities is presented in the sub-chapter of Integrated Governance Committee in the Corporate Governance Chapter of this Annual Report.

ORGAN AND COMMITTEES UNDER THE BOARD OF COMMISSIONERS

The commitment to good corporate governance is reflected in the ability of the Board of Commissioners of Bank Mandiri to carry out its supervisory and strategic advisory functions in a structured, efficient, and accountable manner, supported by the Secretariat of the Board of Commissioners and its synergistic supporting committees.

BOARD OF COMMISSIONERS' ORGAN AND COMMITTEES

As part of the implementation of good corporate governance, the Board of Commissioners of Bank Mandiri is supported by the Secretariat of the Board of Commissioners and several supporting committees established to enhance the effectiveness of the Board's supervisory and strategic advisory functions.

Legal Basis for Establishment

The establishment of the Secretariat and Committees under the Board of Commissioners of Bank Mandiri refers to the following regulations:

- OJK Regulation No. 55/POJK.04/2015 on the Establishment and Implementation Guidelines for Audit Committees;
- OJK Regulation No. 34/POJK.04/2014 on the Nomination and Remuneration Committees of Issuers or Public Companies;
- OJK Regulation No. 18/POJK.03/2014 on the Implementation of Integrated Governance for Financial Conglomerates;
- OJK Regulation No. 17 of 2023 on the Governance Practices for Commercial Banks;
- OJK Circular No. 14/SEOJK.03/2025 on the Governance Practices for Commercial Banks;
- Minister of SOEs Regulation No. PER-2/MBU/03/2023 on Governance Guidelines and Significant Corporate Actions for SOEs; and
- Minister of SOEs Regulation No. PER-3/MBU/03/2023 on the Organs and Human Resources of SOEs.

Secretariat of the Board of Commissioners

To support the effective execution of its supervisory duties, the Board of Commissioners is assisted by the Secretariat of the Board of Commissioners, led by the Secretary to the Board of Commissioners.

Committees under the Board of Commissioners

In carrying out its supervisory functions, the Board of Commissioners of Bank Mandiri is currently supported by 4 (four) main committees, namely:

1. Audit Committee
2. Remuneration and Nomination Committee
3. Risk Oversight Committee
4. Integrated Governance Committee

These committees play a key role in providing in-depth analysis, recommendations, and strategic input to assist the Board of Commissioners in performing comprehensive oversight.

In addition to these main committees, and in accordance with OJK Circular No. 14/SEOJK.03/2025, the Board may establish additional committees based on the Bank's needs and business complexity, such as the Sustainable Finance Monitoring Committee, to broaden oversight scope and strengthen effective corporate governance practices.

Independent Parties of the Board of Commissioners' Committees

In carrying out its supervisory functions, the Board of Commissioners of Bank Mandiri is supported by independent parties within each committee to maintain objectivity and integrity in decision-making, Independent parties are individuals external to the Bank who have no affiliations such as in financial, managerial, ownership, or familial relationships with members of the Board of Directors, the Board of Commissioners, or controlling shareholders that could affect their independence.

Former members of the Board of Directors or Executive Officers may serve as independent parties after completing a minimum six-month cooling-off period, except for those who previously held supervisory roles for at least one year.

Bank Mandiri ensures full compliance with independence requirements by verifying supporting documents. including personal integrity statements. The committee chair may concurrently serve as chair of only one other committee within the Bank, while independent members may serve on other committees as long as they meet the required competency, independence, and ethical standards.

SECRETARY TO THE BOARD OF COMMISSIONERS

The Secretary to the Board of Commissioners of Bank Mandiri serves as a vital liaison between the Board of Commissioners, the Board of Directors, and stakeholders. As an independent function, the Secretary to the Board of Commissioners is appointed from an external party and ensures effective communication, well-coordination, and accurate and professional management of governance processes and documentation.

The Secretary to the Board of Commissioners of Bank Mandiri is responsible for carrying out secretarial functions and supporting the effective implementation of the Board of Commissioners' duties and responsibilities. Pursuant to the Minister of SOEs Regulation No. PER-3/MBU/03/2023 on the Organs and Human Resources of State-Owned Enterprises, the Board of Commissioners is required to establish a Secretariat led by the Secretary to the Board of Commissioners to ensure the efficiency of administrative, coordination, and documentation activities in performing its supervisory function.

Duties and Responsibilities

Based on the Decree of the Board of Commissioners No. KOM/007/2025 dated 1 December on the Board of Commissioners Charter, the Secretary to the Board of Commissioners has the following duties and responsibilities:

- Prepare meetings, including briefing sheets for the Board of Commissioners;
- Develop minutes of meetings of the Board of Commissioners in line with the Articles of Association;
- Administer the Board of Commissioners' documents, both incoming letters, outgoing letters, minutes of meetings and other documents;
- Prepare the draft work plan and budget for the Board of Commissioners;
- Prepare draft reports of the Board of Commissioners; and
- Carry out other duties of the Board of Commissioners.

Profile of Secretary to the Board of Commissioners

The Secretary to the Board of Commissioners is currently held by Raden Mas Wiratmoko Prasidhanto who was appointed based on the Decree of the Board of Commissioners No. KOM/006/2025 dated 14 August 2025 concerning the Dismissal and Appointment of the Secretary of the Board of Commissioners of PT Bank Mandiri (Persero) Tbk.

- Head of Audit & Risk Management PT CIMB Niaga (1990 – 2007)

Audit Committee Charter

In carrying out its duties, the Audit Committee of Bank Mandiri is guided by the principles, responsibilities, and procedures set forth in the Audit Committee Charter. The Charter was last updated on 16 December 2025, pursuant to Board of Commissioners Decree No. KEP.KOM/011/2025 concerning the Audit Committee Charter and Code of Ethics of the Audit Committee of PT Bank Mandiri (Persero) Tbk.

The Charter serves as a key framework that ensures the Audit Committee performs its supervisory functions professionally, transparently, and accountably, in alignment with best practices and the corporate governance standards applied across Bank Mandiri.

The Audit Committee Charter includes:
1. General Purpose
2. Basic Regulations
3. Duties. Responsibilities and Authority
4. Composition. Structure. Membership Requirements and Tenure
5. Meetings
6. Reports and Recommendations
7. Handling of Complaints/Reporting Regarding Alleged Violations on Financial Reporting
8. Performance Evaluation
9. Closing

Duties and Responsibilities of the Audit Committee

Duties and responsibilities of the Audit Committee are regulated in the Audit Committee Charter as follows:

1. Financial Statements
   a. Monitoring and reviewing:
      1) Credibility and objectivity of the Company's financial statements and information to be issued to external parties and regulatory institutions, including follow-up of complaints and/or notes of impropriety against the reports during the Audit Committee review period.
      2) Implementation of internal control policies and procedures in the Company's financial reporting process.
      3) Compliance of the Financial Statements with financial accounting standards and OJK regulations regarding the recording of financial transactions.
      4) Audit Reports related to the Company's Financial Statements.
      5) The Company's Work Plan and Budget as well as the Company's Long-Term Plan.
      6) Complaints relating to the accounting and financial reporting process of the Company.
      7) The financial reporting process audited by the External Auditor.
   b. Ensure of a satisfactory evaluation procedure for all information released by the Company.
   c. Conducting periodic meetings with relevant work units and Auditors (Internal and External) to request additional information and clarification in accounting and finance.
   d. Monitoring and evaluating the appropriateness of the implementation of financial policies of the Company and Financial Services Institutions (FSIs) within the Financial Conglomeration.
   e. Provide recommendations to the Board of Commissioners on matters that support the effectiveness and accuracy of the financial reporting process of the Company and FSIs within the Financial Conglomeration.
2. Internal Control
   a. Internal Control Process and System Monitoring and reviewing:
      1) The Company's standardized internal control system in accordance with applicable best practices.
      2) Audit reports of the Internal Audit Unit and External Auditors that audit the Company to ensure that internal control has been properly implemented.
      3) Implementation of the Board of Directors' follow-up on the findings of the Internal Audit Unit, public accountants and the results of regulatory supervision.
      4) The adequacy of internal control in the Financial Services Institutions within the Financial Conglomerate.
   b. Internal Audit
      1) To monitor, review and assess:
         › Audit Plan, Scope and Budget of the Internal Audit Unit.
         › Implementation of internal audit activities and results as well as the effectiveness of internal audit implementation.
         › Performance of the Internal Audit Unit.
         › Audit Result Reports, particularly significant findings and ensuring the Board of Directors takes the necessary corrective actions quickly to address control weaknesses, fraud, compliance issues with policies, laws and regulations, or other issues identified and reported by the Internal Audit Unit.
         › Suitability of the implementation of the Internal Audit policies of the Company and FSIs in the Financial Conglomeration.
         › Implementation of other Internal Audit Unit functions in accordance with the provisions of laws and regulations, articles of association, and/or decisions of the GMS/ Minister of SOEs.
      2) Ensure that the Internal Audit Unit works objectively, independently, and upholds integrity in carrying out its duties.
      3) Request assistance from the Internal Audit Unit to conduct special audits/ investigations if there are audit findings and/or information relating to violations of prevailing laws and regulations and provide input deemed necessary in the implementation of the audit.
      4) Ensure that the Internal Audit Unit communicates with the Board of Directors, Board of Commissioners, External Auditors, and Regulators.
      5) Provide recommendations to the Board of Commissioners regarding:
         › Appointment and dismissal of the Head of the Company's Internal Audit Unit proposed by the Board of Directors.
         › Audit Plan, Scope, and Budget of the Internal Audit Unit.
         › Provision of annual remuneration for the Internal Audit Unit as a whole and as a performance awards.
         › Corrective actions to address control weaknesses, fraud, compliance issues with policies and laws and

regulations or other issues identified and reported by the Internal Audit Unit.
- Improvement of the management control system and its implementation.

6) Conduct communication/meetings with the Internal Audit Unit (periodically or as needed) to discuss matters including the following:
   - Realization of the Annual Audit Plan and Budget of the Internal Audit Unit.
   - Significant audit findings and no further Internal Audit recommendations.
   - Other matters that require clarification or explanation.

c. External Audit
   1) Monitoring, reviewing, and assessing the effectiveness of audit implementation by AP and/or KAP.
   2) Ensure the objectivity and independence of AP, KAP, and KAP insiders.
   3) Provide recommendations on:
      - Appointment of Public Accountant (AP) and Public Accounting Firm (KAP) that will audit the Company's financial statements to the Board of Commissioners to be submitted to the General Meeting of Shareholders (GMS). In preparing the recommendation, the Audit Committee may consider:
      - Independence of AP, KAP, and KAP human resources;
      - Audit scope;
      - Audit service fees;
      - Expertise and experience of AP, KAP, and Audit Team from KAP;
      - Audit methodologies, techniques, and tools used by KAP;
      - The benefits of new perspectives that will be obtained through the replacement of AP, KAP, and Audit Team from KAP;
      - Potential risks of using audit services by the same KAP consecutively for a long period of time; and
      - The result of evaluation on the implementation of audit services on annual historical financial information by AP and KAP in the previous period, if any.
      - In the event that the AP and/or KAP that has been decided by the GMS cannot complete the audit services on annual historical financial information during the professional assignment period, the appointment of a replacement of AP and/or KAP shall be carried out by the Board of Commissioners after obtaining approval from the GMS by taking into account the recommendations of the Audit Committee.
      - Termination of AP and KAP.
   4) Review and ensure that:
      - Bank Mandiri has a standardized procedure and is in accordance with the prevailing rules/regulations in the implementation of KAP selection.
      - The process of KAP selection is in accordance with standardized procedures.
   5) The Audit Committee evaluated the implementation of audit services on annual historical financial information by AP and/or KAP. The evaluation is conducted through:
      - Compliance of audit implementation by AP and/or KAP with applicable audit standards.
      - Adequacy of field work time.
      - Assessment of the scope of services provided and the adequacy of the audit.
      - Recommendations for improvement provided by the AP and/or KAP.
   6) Communicating periodically with KAP who is auditing Bank Mandiri to discuss matters that need to be communicated. including the following:
      - Progress of inspection implementation.
      - Important findings.
      - Changes in accounting and financial regulations/rules from authorized institutions.
      - Adjustments made based on the examination results.
      - Constraints/obstacles encountered in the implementation of the audit.
   7) Reviewing and monitoring:
      - All significant findings from the examination results of the External Auditor and other auditing institutions.
      - The auditee's follow-up to the results of the audit conducted by the external auditor.
   8) Providing an independent opinion in the event of a difference of opinion between the Board of Directors and the AP and/or KAP on the services provided.
   9) Specifically for the procurement of non-audit services that will invite KAP who is auditing the Company's financial statements in the current year and its affiliates, and based on Management's review there is no conflict of interest.

Management must submit a proposal for approval to the Audit Committee regarding the partners invited to the procurement of consulting services.

3. Compliance
   Monitoring and reviewing:
   a. The Company's compliance with laws and regulations, both internal and external, relating to the Company's business activities.
   b. Audit reports related to the Company's compliance with internal and external regulations issued by the Internal and External Audit Unit.
   c. Suitability of audit implementation by the Public Accounting Firm with applicable audit standards.
   d. Potential conflict of interest of the Company.
4. Conducting periodic meetings with relevant work units to discuss matters within the scope of its supervision.
5. Prepare the Audit Committee Charter and review it as needed at least every 2 (two) years.

Audit Committee Authority

The Audit Committee has the authority to:

1. Communicate directly with employees, including the Board of Directors, parties that implement the internal audit function, risk management, and other parties at the Public Accountant Firm that audits the Company for information, clarification and requests for documents and reports needed.
2. Access all relevant information about the Company related to the implementation of its duties and functions, including records or information about employees, funds, assets, and other resources belonging to the Company.
3. Obtaining reports on the audit results of the Internal Auditor and External Auditor, as well as other supervisory/auditors.
4. Assign the Internal Auditor and/or External Auditor to conduct a special audit/investigation, if there is a strong suspicion of fraud, violation of law and violation of prevailing laws and regulations.
5. Obtain input and/or advice from external of the Company relating to its duties.
6. Involve independent parties from external of the Committee members as necessary to assist in the performance of its duties (if required).
7. Perform other authorities granted by the Board of Commissioners.

Audit Committee Tenure

The tenure of members of the Audit Committee as members of the Board of Commissioners must not be longer than the tenure of the Board of Commissioners as stipulated in the Articles of Association and can be re-elected for the next 1 (one) period. Whereas the tenure of the Audit Committee members from Non-Commissioner Independent Parties is the latest 3 (three) years and can be extended 1 (one) time during 2 (two) years of tenure by not eliminating the rights of the Board of Commissioners to terminate at any time.

Audit Committee Reporting

The Audit Committee is required to prepare periodic reports to the Board of Commissioners regarding the activities of the Audit Committee, at least once in 3 (three) months. The Audit Committee is also required to submit a report to the Board of Commissioners on each assignment and or for each identified problem requiring the attention of the Board of Commissioners.

The Audit Committee also prepares audit evaluation results on the annual historical financial information by the External Auditors at the latest 6 (six) month after the fiscal year ends or at any time if necessary.

Performance Evaluation Mechanism and KPI Achievements

The performance evaluation mechanism of the Audit Committee of Bank Mandiri is conducted periodically to assess the effectiveness of its duties and responsibilities. The evaluation encompasses two key aspects: the general performance assessment mechanism and the achievement of Key Performance Indicators (KPI).

In general, the Audit Committee's performance is evaluated annually by the Board of Commissioners, taking into account the results of self-assessment, the realization of work programs, and the quality and effectiveness of recommendations provided to the Board of Directors and the Board of Commissioners. The assessment also considers the Committee's level of coordination, meeting attendance, and contribution to enhancing governance, internal control, and regulatory compliance.

Throughout 2025, the Audit Committee effectively carried out its duties in line with the 2025 Audit Committee Work Plan. The KPI achievements were assessed based on the successful realization of work programs, the quality of recommendations, and effective communication with the Board of Commissioners, Board of Directors, and relevant work units.

The evaluation concluded that the Audit Committee successfully met its KPI targets. The recommendations provided were relevant and value-adding, strengthening oversight quality, internal control systems, and regulatory compliance. Furthermore, consistent and constructive communication throughout the year enhanced coordination between the Board of Commissioners and management, ensuring timely and effective resolution of key strategic issues.

Audit Committee Remuneration

The remuneration of Audit Committees for the Independent Non-Commissioners is regulated by the Decree of the Board of Commissioners No. KEP.KOM/004/2025 dated 28 May 2025 on the Remuneration of Supporting Organs of the Board of Commissioners of PT Bank Mandiri (Persero) Tbk and regulated in the Letter of Assignment of member of the Committee under the Board of Commissioners issued by Bank Mandiri.

4.	Bonus/Tantiem	Not provided
5.	Facilities	
	- Transportation Allowance	Not provided
	- Health	Provided as per the Bank Internal Rules
	- Employment	Provided as per the Bank Internal Rules
	- Business Trips	As per Bank Mandiri's Employee rules/equivalent to Group Head

Audit Committee Activity Report 2025

Throughout 2025, the Audit Committee of Bank Mandiri effectively carried out its duties and responsibilities in line with the Audit Committee Charter, upholding independence and based on the 2025 Audit Committee Work Plan approved by the Board of Commissioners, ensuring that the functions were executed in compliance with prevailing regulations and governance standards.

The Audit Committee work plan 2025 is divided into 2 (two) activities, namely Mandatory/Regular and Non-Regular as follows:

1. Mandatory/Regular, which includes review of Financial Statements, implementation of audits by Public Accountant Firms, implementation of Compliance, Internal Audit, review of Corporate Work Plans & Budget and Bank Business Plans, results and improvement of findings of supervisory authority, as well as other internal activities of the Audit Committee.
2. Non-Regular, which includes the concern and focus of the Audit Committee on certain issues, especially on business and loans, IT and operations, as well as GRC.

The following were activities of the Audit Committee during 2025:

1. Held 23 (twent-three) Audit Committee Meetings covering 26 (twenty-six) agenda, including preparing the Meeting Minutes.
2. Conducted 49 (fourty-nine) Internal Discussions, Discussions with relevant Work Units, and Joint Discussions with the Risk Monitoring Committee, including preparing and documenting the Discussion Minutes.

3. Reviewed financial reports and information, both in-house/unaudited and audited, to be published.
4. Reviewed over 17 (seventeen) Reports/ Proposals/ Recommendations from the Board of Directors requiring written approval from the Board of Commissioners and prepared recommendations, including proposals for the appointment of Public Accountants (AP) and Public Accounting Firms (KAP) to audit the 2025 Consolidated Financial Statements, RKAP & RBB proposals and their revisions, as well as the Annual Audit Plan and Internal Audit Budget for 2026.
5. Prepared 4 (four) Quarterly Reports on the Committee›s activities, which were submitted to the Board of Commissioners.
6. Compiled a Report on the Evaluation of Audit Services on the Annual Historical Financial Information of Bank Mandiri for the 2024 Financial Year by KAP Rintis, Jumadi, Rianto & Rekan (PwC).
7. Conducted 4 (four) Site Visits, including preparing the Site Visit Reports, to Region XI – Bali & Nusa Tenggara (14 June 2025), Mandiri Digital Tower - Jakarta (30 July 2025), Region VII – Semarang (17 November 2025), and Region IV – Jakarta Thamrin (19 November 2025).
8. Developed the Audit Committee Work Plan for 2026.
9. All Committee members participated in at least one competency development activity related to Banking/Audit.

Audit Committee Work Plan 2026

At the end of 2025, the Audit Committee has prepared a work plan 2026 and has obtained the approval from the Board of Commissioners. The Audit Committee work plan 2026 is divided into 2 (two) activities, which are: Mandatory/Regular and Non-Regular as follows:

1. Mandatory/Regular, which includes review of Financial Statements (including the implementation of Internal Control over Financial Reporting (ICoFR)), Public Accountant (AP) and Public Accounting Firm (KAP), Compliance, Internal Audit, Corporate Work Plan & Budget (RKAP) and Bank Business Plan (RBB), as well as other Internal Audit Committee activities.
2. Non-Regular, which includes the concern and focus of the Audit Committee on certain issues, particularly related to strengthening business performance, credit management, liquidity and banking book management, safeguarding the digital ecosystem, operational excellence, and governance, risk, and compliance (GRC).

The work plan serves as one of the KPIs used to assess the effectiveness of the Audit Committee›s performance during 2026.

Statement of the Audit Committee on the Effectiveness of Internal Control and Risk Management Systems

The Audit Committee of Bank Mandiri concluded that the Bank's internal control and risk management systems are effective and adequate. This is reflected in the strong performance of key control functions, including Internal Audit, Risk Management, Compliance, and Financial and Operational Controls. The effective implementation of these systems demonstrates Bank Mandiri's commitment to maintaining a sound control environment, mitigating risks, ensuring regulatory compliance, and safeguarding assets, thereby supporting sustainable business growth.

REMUNERATION AND NOMINATION COMMITTEE

The Remuneration and Nomination Committee of Bank Mandiri serves a strategic role in supporting the Board of Commissioners to ensure that the nomination, performance management, remuneration policy, and leadership development processes are conducted ethically, accountably, transparently, and sustainably. Through its function, the Committee ensures that Bank Mandiri's strategic-level governance aligns with the Bank's long-term objectives, corporate values, and the principles of good governance.

Purpose of Establishment

Pursuant to the Remuneration and Nomination Committee Charter, Bank Mandiri Remuneration and Nomination Committee was established by the Board of Commissioners to assist in carrying out its supervisory and strategic advisory functions related to nomination, performance management, remuneration, and leadership development for both the Board of Commissioners and the Board of Directors. The establishment of this Committee aims to ensure that all processes regarding selection, performance assessment, and compensation determination are conducted objectively, transparently, and in alignment with Bank Mandiri's strategic direction.

The Committee plays a key role in fostering a governance framework that promotes integrity-driven leadership, sustainable performance, and a competitive and equitable remuneration structure. It also ensures that all policies and decisions adhere to the principles of good governance. Through its role, the Committee supports the Board of Commissioners in maintaining a balance between short-term priorities and long-term objectives, while enhancing Bank Mandiri's competitiveness and sustainability.

Legal Reference

The establishment of the Remuneration and Nomination Committee refers to:

Performance Evaluation Mechanism and KPI Achievements

The Remuneration and Nomination Committee of Bank Mandiri undergoes regular performance evaluations to assess the effectiveness of its duties and responsibilities in supporting the Board of Commissioners' supervisory function. The evaluation is based on the implementation of the Committee's Work Plan, the quality of recommendations, and the effectiveness of coordination and communication with the Board of Commissioners. Board of Directors, and relevant work units.

Throughout 2025, the Committee successfully executed all programs outlined in the 2025 Remuneration and Nomination Committee Work Plan. The achievement of Key Performance Indicators (KPI) was reflected in the relevance and quality of the Committee's recommendations, which served as a key consideration for the Board of Commissioners in making strategic decisions, particularly concerning nomination, remuneration, and leadership development policies.

Moreover, consistent communication between the Committee, the Board of Commissioners, and the Board of Directors throughout the year enhanced coordination on strategic issues and ensured timely and effective follow-up on recommendations. The evaluation results confirmed that the Remuneration and Nomination Committee performed optimally and contributed significantly to strengthening governance and supporting Bank Mandiri's sustainable performance.

Committee Remuneration

The remuneration of members of the Remuneration and Nomination Committee who are Independent Non-Commissioners is governed by the Board of Commissioners Decree No. KEP.KOM/034/2025 dated 28 May 2025 concerning the Remuneration of Supporting Organs of the Board of Commissioners of PT Bank Mandiri (Persero) Tbk, and is further stipulated in the respective assignment letters appointing them as Committee members under the Board of Commissioners, as issued by Bank Mandiri.

2.	Post-Employment Compensation	Not provided
3.	Holiday Allowance	In accordance with Bank Mandiri employee stipulation
4.	Bonus/Tantiem	Not provided
5.	Facilities	
	- Transportation Allowance	Not provided
	- Health	Provided as per the Bank's Internal rules
	- Employment	Provided as per the Bank's Internal rules
	- Business Trips	In accordance with Bank Mandiri employee stipulation/equivalent to Group Head

BOARD OF DIRECTORS SUCCESSION POLICY

Bank Mandiri's succession policy for the Board of Directors is guided by the Minister of SOE Regulation No. PER-3/MBU/03/2023 regarding the Organs and Human Resources of State-Owned Enterprises. One of the core duties of the Remuneration and Nomination Committee is to develop a comprehensive nomination system for the selection of members of the Board of Commissioners and/or Directors. This nomination system forms an integral part of the Company's Good Corporate Governance Policy and serves as a key reference for the Board of Commissioners and the GMS in determining the appropriate processes for the nomination and remuneration of the Board of Commissioners and/or Directors. This system aims to ensure transparency, merit-based selection, and alignment with regulatory requirements.

Basic Principles

Requirements for Board of Directors and Board of Commissioners.

1. Candidates for Directors and Commissioners must meet the requirements determined in the Company's Articles of Association and the applicable laws and regulations.
2. Candidacy and Candidate Proposal for Board of Directors and Board of Commissioners.
3. Candidates for Directors and Commissioners are proposed through a selection by taking into account the set requirements.

Succession Management

In accordance with SOE Minister Regulation No. PER-3/MBU/03/2023 Article 30, the basis for Succession Management of Directors of State-Owned Enterprises. is as follows:

1. Succession management is the process of selecting SOE Directors from the Talent Pool of the Ministry of SOEs or other sources determined by the Minister.
2. Succession management is carried out by the Ministry of SOEs through the Fit and Proper Test mechanism by the Succession Committee and/or considering the results of Assessments from Professional Institutions.

Pursuant to Law No. 1 of 2025, the Ministry of State-Owned Enterprises has been transformed into the SOE Regulatory Agency. Nonetheless, Minister of SOEs Regulation No. PER-3/MBU/03/2023 on the Organs and Human Resources of State-Owned Enterprises remains effective until 31 December 2025.

Procedures

In the Nomination function, the Bank Mandiri Remuneration and Nomination Committee performs the following procedures:

1. Develop the composition and process of nominating the Directors and/or Commissioners.
2. Formulate policies and criteria of nominating process of candidates of Directors and/or Commissioners.
3. Identify candidates who meet the criteria.
4. Assist the performance assessment of the Board of Directors and/or Board of Commissioners.
5. Develop capacity building programs for the Directors and/or Commissioners.
6. Review and propose candidates that fulfils the requirements as Commissioners and/or prospective Directors to the Board of Commissioners for submission to the GMS.
7. The selection process is carried out prior to the tenure ends or is requested by the Board of Commissioners. or if there is a vacancy.

Requirements and Criteria

The requirements and criteria for candidates of Board of Directors and/or Commissioners are in accordance with the Company's Articles of Association and other applicable provisions. which are as follows:

1. The person eligible as a member of the Board of Directors and/or Commissioners is an individual with legal capacity and has never been declared bankrupt or convicted which cause bankruptcy of a company, or an individual who has never been sentenced for criminal offense which harm the State treasury within 5 (five) years prior to his/her appointment, one or the other by taking into account the prevailing laws and regulations.
2. Does not have family relations to third degree, both horizontally or vertically nor by marriage (in laws) with other Directors or Commissioners.
3. Does not listed in the banking blacklist as determined by bank supervisory authorities.
4. Has good integrity, in the sense of:
    a. Having good character and morals.
    b. Complying with prevailing laws and regulations.
    c. Having high commitment to the development of sound bank operations.
    d. Deemed fit and proper to be a member of Board of Directors and/or Commissioners.
5. Integrity assessment is conducted by evaluating the candidates in the sense that they have never done any of the following:
    a. Banking manipulation and practices that deviate from banking regulations.
    b. Actions categorized as non-fulfilment of commitments to Bank Indonesia or Government.
    c. Actions categorized as beneficial to Owner, Management, Employees, and or other parties that may detrimental or reduce bank's profit.
    d. Actions categorized as violation of the provisions related to banking prudential principles.
    e. Actions by Management and Executives categorized as not independent.
6. Fulfil the competence criteria, in the sense of having:
    a. Adequate knowledge in Banking.
    b. Experience and expertise in Banking and or Financial Institution.
    c. Ability to perform strategic management for the development of sound Banks.
    d. The ability to perform strategic management to develop a sound Bank
7. Other than the above criteria, the following additional criteria are also required:
    a. Having leadership skill supported by knowledge in economics, accounting and law.
    b. For the Board of Commissioners, require having experience in banking or other financial institution supervisory.
    c. For the Board of Directors, require having at least 3 (three) years' experience as Senior Management in banking or other financial institutions.

The candidates for the Board of Directors may be proposed by the Board of Commissioners following a thorough assessment, and if deemed eligible, the candidates can be recommended to the Minister of SOEs. Nominees for the position of Director must fulfill both formal and additional requirements as stipulated by the Regulation of the Minister of State-Owned Enterprises PER-3/MBU/03/2023 on the Organs and Human Resources of State-Owned Enterprises, and OJK Regulation No. 33/POJK.04/2014 regarding the Board of Directors and Board of Commissioners of Issuers or Public Companies. Moreover, all candidates must successfully pass the Fit and Proper Test conducted by the OJK.

Since 2021, Bank Mandiri submitted a list of top talent employees at the BoD-1 level to the Ministry of SOEs. The Ministry of SOEs will then evaluate the list and assign an accredited institution to conduct the talent assessment for prospective Directors. Candidates who receive a positive recommendation from the Assessor Service Company are reported by the Remuneration and Nomination Committee to the Board of Commissioners for consideration as nominees for submission to the GMS.

Remuneration and Nomination Committee Activities in 2025

Throughout 2025, the Remuneration and Nomination Committee of Bank Mandiri effectively carried out its duties and responsibilities as outlined in the Remuneration and Nomination Committee Charter. The Committee provided recommendations and nominations of qualified candidates for the Board of Commissioners and Board of Directors to the Board of Commissioners for submission to the GMS. These recommendations were developed through a structured process that included formulating policies, criteria, and qualification standards aligned with the Company's strategic direction. The Committee also assisted the Board of Commissioners in identifying and evaluating potential candidates from the executive talent pool one level below the Board of Directors, ensuring leadership continuity that is both capable and ethical.

In addition to its nomination duties, the Committee supported the Board of Commissioners in formulating an appropriate remuneration framework for both the Board of Directors and the Board of Commissioners. This included determining salary/honorarium structures, benefits and allowances packages, and bonus (tantiem) systems for 2025. The objective was to ensure a competitive, fair, and performance-based compensation system aligned with industry standards and the Company's strategic objectives, while fostering accountability and motivation across leadership levels at Bank Mandiri.

2026 Work Plans of the Remuneration and Nomination Committee

At the end of 2025, the Remuneration and Nomination Committee of Bank Mandiri prepared the 2026 Work Plan. which has been approved by the Board of Commissioners. The work plan outlines key activities grouped into four main focus areas: nomination function, remuneration function, discussion of specific strategic issues, and internal committee activities.

This work plan serves as a guideline for the Committee's activities throughout 2026 and forms part of the KPI used to evaluate the Committee's effectiveness in supporting the Board of Commissioners. With a structured and measurable plan, the Committee aims to further strengthen governance in nomination, remuneration, and leadership development, in alignment with Bank Mandiri's long-term strategic objectives.

RISK OVERSIGHT COMMITTEE

The Risk Oversight Committee of Bank Mandiri plays a vital role in ensuring that every business decision is made prudently and in line with the Bank's risk profile. Through independent and in-depth oversight, the Committee supports the Board of Commissioners in maintaining the balance between business growth and risk control. ensuring the Bank's long-term sustainability and stability.

Purpose of Establishment of the Risk Oversight Committee

Pursuant to the Risk Oversight Committee Charter, the Risk Oversight Committee of Bank Mandiri was established by the Board of Commissioners to support its supervisory function, particularly in providing strategic guidance and advice to the Board of Directors regarding the implementation of risk management across all business lines. The primary purpose of this Committee is to ensure that the Bank's risk management framework, policies, procedures, and methodologies remain strong, effective, and aligned with the complexity of the Bank's operations.

The Committee also ensures that all business activities are conducted within acceptable risk limits, maintaining a balance between risk control and value creation. Through its role, the Risk Oversight Committee assists the Board of Commissioners in ensuring that Bank Mandiri's strategies and operations remain well-governed, sustainable, and aligned with the Bank's long-term objectives.

Legal Basis of Establishment

The establishment of the Committee is guided by and refers to the prevailing laws and regulations as well as banking best practices in Indonesia. such as:

1. SOE Minister Regulation No. PER-2/MBU/03/2023 on Guidelines for Governance and Significant Corporate Activities of State-Owned Enterprises.
2. SOE Minister Regulation No. PER-3/MBU/03/2023 on Organs and Human Resources of State-Owned Enterprises.
3. POJK No. 17/POJK.03/2014 on the Implementation of Integrated Risk Management for Financial Conglomerates.
4. POJK No. 30 of 2024 concerning Financial Conglomerate and Financial Conglomerate Holding.
5. POJK No. 17 of 2023 on Governance Practices for Commercial Banks.
6. SEOJK No. 14/SEOJK.03/2025 on Governance Practices for Commercial Banks.
7. Bank Mandiri Articles of Association and its amendments.
8. Board of Commissioners Decree No. KEP. KOM/012/2025 dated 30 December 2025 on the Membership Composition of the Audit Committee, Risk Oversight Committee, Integrated Governance Committee and Remuneration and Nomination Committee of PT Bank Mandiri (Persero) Tbk.
9. Decree of the Board of Directors No. KEP. KOM/012/2025 dated 30 December 2025 on Membership Structure of the Committee due to changes of the structure based on the Board of Directors Decree No. KEP.DIR/060/2025 dated 29 August 2025.

Structure, Membership and Profile of the Risk Oversight Committee

Risk Oversight Committee Independence

All members of the Risk Oversight Committee who are independent parties do not have any financial, managerial, shareholding, or familial ties with the Board of Commissioners, the Board of Directors, and/or the Controlling Shareholders. Moreover, there are no affiliations or relationships with the Bank that could compromise independence or affect ability to perform the duties independently. This ensures that the Committee operates with objectivity and integrity, providing oversight and fostering strong risk governance in line with the principles of Good Corporate Governance.

Performance Evaluation Mechanism and KPI Achievements

The Risk Oversight Committee of Bank Mandiri undergoes regular performance evaluations to assess the effectiveness of its duties and responsibilities in supporting the Board of Commissioners' supervisory function. The evaluation considers the implementation of the Committee's Work Plan, the quality and effectiveness of recommendations, and the level of communication and coordination with the Board of Commissioners, Board of Directors, and relevant work units.

Throughout 2025, the Risk Oversight Committee successfully executed all programs outlined in the 2025 Risk Oversight Committee Work Plan. The achievement of Key Performance Indicators (KPI) was reflected in the Committee's success in providing relevant and value-added recommendations that strengthened the Bank's risk governance framework. These recommendations served as key inputs for the Board of Commissioners in strategic decision-making related to risk management initiatives proposed by the Board of Directors.

Furthermore, consistent and constructive communication between the Committee, the Board of Commissioners, and the Board of Directors throughout the year enhanced coordination on key risk issues and ensured timely and effective follow-up actions. The evaluation results demonstrated that the Risk Oversight Committee played an active role in maintaining a balance between risk control and business objectives, thereby reinforcing Bank Mandiri's resilience and long-term sustainability.

Risk Oversight Committee Remuneration

The remuneration of the Risk Oversight Committee of Independent Non-Commissioners is regulated in the Decree of the Board of Commissioners No. KEP.KOM/004/2025 dated 28 May 2025 concerning Remuneration of Supporting Organs of the Board of Commissioners of PT Bank Mandiri (Persero) Tbk and regulated in the Letter of Assignment as a member of the Committee under the Board of Commissioners issued by Bank Mandiri.

6. Conducted 4 (four) site visits, including the preparation of Site Visit Reports, to Region XI – Bali & Nusa

Tenggara (14 June 2025), Mandiri Digital Tower - Jakarta (30 July 2025), Region VII – Semarang (17 November 2025), and Region IV – Jakarta Thamrin (19 November 2025).
7. Prepared a Risk Oversight Committee Work Plan for 2025.
8. All members of the Committee have participated in at least 1 (one) competency development activity related to Banking / Risk Management.

Risk Oversight Committee Work Plans for 2026

At the end of 2025, the Risk Oversight Committee has prepared a 2026 work plan and has obtained approval from the Board of Commissioners.

The 2026 Risk Oversight Committee work plan is divided into 2 (two) activities, namely Mandatory/Regular and Non-Regular as follows:

1. Mandatory/Regular, which includes review of Risk Profile Reports, Bank Soundness Reports, Debtor Reports with Limits above Rp3 Trillion, Wholesale Debtor Reports Watchlist Category, Stress Test Results, Anti-Fraud Strategy Realization Reports, Realization of Company Work Plans & Budgets (RKAP) in 2025 and Bank Business Plans (RBB) in 2025-2027, Sustainable Finance Action Plan (RAKB), implementation of Compliance, management of 8 (eight) types of Bank Risk, and Internal Activities of the Risk Oversight Committee.
2. Non-Regular, which includes matters that are the concern and focus of the Risk Oversight Committee, including business and credit, operations & IT, and GRC.

The work plan is one of KPIs that serves as a basic of performance effectiveness assessment of the Risk Oversight Committee in 2026.

INTEGRATED GOVERNANCE COMMITTEE

The Integrated Governance Committee of Bank Mandiri plays a vital role in ensuring consistent governance practices across all entities within the Financial Conglomerate. Through its oversight and strategic advisory functions, the Committee supports the Board of Commissioners in maintaining alignment between governance, risk management, and compliance, thereby reinforcing Bank Mandiri's integrity and sustainable business performance across the group.

Purpose of Establishment of the Integrated Governance Committee

Pertaining to the Integrated Governance Committee Charter, the Integrated Governance Committee of Bank Mandiri was established to assist the Board of Commissioners in overseeing the implementation of good governance across all entities within the Bank Mandiri Financial Conglomerate. The Committee ensures that the application of integrated governance is conducted in accordance with the Integrated Governance Guidelines, including monitoring the effectiveness of the Board of Directors' duties and responsibilities across all Financial Service Institutions (LJK) within the group.

In addition, the Committee provides strategic advice and recommendations to the Board of Directors regarding the implementation, continuous evaluation, and improvement of integrated governance policies, ensuring alignment between governance practices, risk management, and compliance across all entities within the Bank Mandiri Financial Conglomerate.

Integrated Governance Committee Appointment Basis

The establishment of the Integrated Governance Committee refers to the prevailing laws and regulations as well as banking best practices in Indonesia, as follows:

1. SOE Minister Regulation No. PER-3/MBU/03/2023 on Organs and Human Resources of State- Owned Enterprises.
2. SOE Minister Regulation No. PER-2/MBU/03/2023 on Guidelines of Governance and Significant Corporate Activities of State-Owned Enterprises.
3. POJK No. 33/POJK.04/2014 on the Board of Directors and Board of Commissioners of Issuers or Public Companies.
4. POJK No. 18/POJK.03/2014 dated November 18. 2014 on the Implementation of Integrated Governance for Financial Conglomerates.
5. POJK No. 30 of 2024 concerning Financial Conglomerate and Financial Conglomerate Holding.
6. POJK No. 17/2023 on Governance Practices for Commercial Banks.
7. SEOJK No. 15/SEOJK.03/2015 on Integrated Governance Practices for Financial Conglomerates.
8. SEOJK No. 14/SEOJK.03/2025 on Governance Practices for Commercial Banks.
9. Bank Mandiri Articles of Association and amendments.
10. Board of Commissioners Decree of the Board of Commissioners No. KEP.KOM/012/2025 dated 30 December 2025 on the Composition of Audit Committee Membership. Risk Oversight Committee. Integrated Governance Committee and Remuneration and Nomination Committee of PT Bank Mandiri (Persero) Tbk.
11. Board of Directors Decree No. KEP.DIR/062/2025 dated 29 August 2025 on Determination of Membership of the Integrated Governance Com

Structure, Membership and Profile of the Integrated Governance Committee

The Integrated Corporate Governance Committee membership consists of at least:

1. An Independent Commissioner who acts as President Commissioner of the Company and serves as Chairman of one of the committees in the Company, as chairman and concurrently member.
2. Independent Commissioner representing and appointed from Financial Services Authority in the Financial Conglomeration, as a member.
3. At least one Non-Commissioner Independent Party, as a member.
4. Member of the Sharia Supervisory Board of Bank Syariah Indonesia, as a member of the Independent Commissioner.
5. Membership in the Integrated Governance Committee representing and appointed from the Financial Conglomeration in accordance with the needs of the Financial Conglomeration.
6. Other committee members who are not members of the Board of Commissioners, are not members of the Integrated Governance Committee, but may be assigned to assist the duties of the Integrated Governance Committee.
7. Membership of Independent Commissioners. Non-Commissioners of Independent Parties, and members of the Sharia Supervisory Board in the Integrated Governance Committee of the Financial Conglomeration is not counted as concurrent positions.

8. The number and composition of members of the Integrated Governance Committee are adjusted to the needs of the Financial Conglomeration, as well as the efficiency and effectiveness of the implementation of the duties of the Integrated Governance Committee by taking into account at least the representation of each financial services sector.

Integrated Governance Committee Charter

In carrying out its duties and responsibilities, the Integrated Governance Committee of Bank Mandiri refers to the Integrated Governance Committee Charter, last updated on 31 May 2024, pursuant to Board of Commissioners Decree No. KEP.KOM/009/2024. The Charter serves as the main guideline outlining the scope of responsibilities, roles, authorities, reporting mechanisms, and meeting procedures. It ensures that the Committee performs effective oversight of integrated governance implementation, remains aligned with regulatory standards, and supports Bank Mandiri's commitment to the principles of good corporate governance.

The Integrated Governance Committee Charter regulates the following:
1. General Purpose
2. Basic Regulations
3. Duties. Responsibilities and Authority
4. Composition. Structure. Membership Requirements and Tenure
5. Meetings
6. Reports

7. Performance Evaluation
8. Closing

Duties and Responsibilities of Integrated Governance Committee

The following are duties and responsibilities of the Integrated Governance Committee:

1. Evaluating the implementation of Integrated Governance at least through an assessment of the adequacy of internal control and the implementation of an integrated compliance function.

    a. Assessment of the Adequacy of Integrated Internal Control
        - Evaluating the Company and its Subsidiaries adherence to implement a standard integrated internal control system in accordance with the best practices by reviewing the enforcement of Integrated Governance Guidelines in the Company.
        - Monitoring and evaluating the effectiveness of the implementation of integrated internal control by reviewing the Periodic Report and Audit Report issued by the Integrated Internal Audit Unit.
        - Holding periodic meetings with the Integrated Internal Audit Unit to discuss matters related to the integrated internal control system.
        - Holding periodic meetings with the Integrated Risk Management Unit to discuss matters related to integrated risk management.
        - Monitoring and evaluating the implementation of follow-up by the Board of Directors of the Company and Subsidiaries on the findings of the Integrated Internal Audit Unit, Public Accountant Firm, and the oversight results of the OJK regarding the weaknesses in the system and implementation of integrated internal control.
        - Implementation of Integrated Compliance Function

    b. Monitoring and evaluating the Company and its Subsidiaries compliance with the prevailing laws and regulations in the Capital Market and the OJK, Bank Indonesia, and other regulations relating to banking, insurance, securities and financing businesses through coordination with the Integrated Compliance Unit.
        - Monitoring the implementation of compliance periodic reports and audit reports relating to compliance with internal and external regulations issued by the Integrated Compliance Unit and external auditors.
        - Holding periodic meetings with the Integrated Compliance Unit to discuss matters relating to the Company and its Subsidiaries compliance with internal and external regulations.
        - Monitoring and evaluating the implementation of follow-up by the Board of Directors of the Company and Subsidiaries on the findings of the Integrated Compliance Unit, Public Accountant Firm, and the oversight results of the OJK regarding the weaknesses in the system and implementation of the integrated compliance function.
        - In conducting the assessment, the Integrated Governance Committee obtained information on evaluation of the internal audit implementation and the compliance function of each LJK from members of the Board of Commissioners of each LJK who are members of the Integrated Governance Committee.

2. Providing recommendations to the Bank's Board of Commissioners to refine the Integrated Governance Guidelines according to the needs of at least every 2 (two) years.

Integrated Governance Committee Authority

The Integrated Governance Committee has the authority to implement the following matters:

1. Providing opinions to the Bank's Board of Commissioners regarding the implementation of Integrated Governance through the assessment of the adequacy of internal control and the implementation of the integrated compliance function.
2. Communicate with work units for functions including internal audit, legal and compliance, finance and risk management. human resources, and aspects of business operational functions that are needed, to obtain information, clarification and request the necessary reports in an integrated manner.
3. Access documents, data, records, or information about employees, funds, assets and other company resources related to the performance of their duties.
4. Exercise other powers granted by the Board of Commissioners.

Reporting of Integrated Governance Committee

The Integrated Governance Committee shall prepare periodic reports to the Bank's Board of Commissioners regarding the activities of the Integrated Governance Committee, at least once in 6 (six) months. The Integrated Governance Committee shall prepare a report to the Bank's Board of Commissioners on each assignment given and/or for any issues identified that require the attention of the Bank's Board of Commissioners.

Independence of Integrated Governance Committee

Members of the Integrated Governance Committee do not hold any shares, either directly or indirectly, in Bank Mandiri or any of its subsidiaries. They also do not have any affiliation or association with Bank Mandiri, its subsidiaries, or with any members of the Board of Commissioners and the Board of Directors of Bank Mandiri or its subsidiaries. Additionally, they maintain no relationships, whether financial, managerial, or business-related, with the ultimate shareholders of Bank Mandiri and its subsidiaries. This ensures that the Committee members remain fully independent, free from any potential conflicts of interest, and are able to carry out oversight duties with objectivity.

Performance Evaluation Mechanism and KPI Achievements

The performance evaluation of the Integrated Governance Committee is conducted periodically to assess the effectiveness of the Committee's duties and responsibilities in supporting the Board of Commissioners' supervisory function over the implementation of integrated governance across all entities within the Financial Conglomerate. The assessment covers the achievement of the Committee's Work Plan, the quality and relevance of recommendations provided, and the effectiveness of coordination and communication with the Board of Commissioners, Board of Directors, and relevant work units.

Throughout 2025, the Committee successfully executed all activities in accordance with the 2025 Integrated Governance Committee Work Plan. The achievement of Key Performance Indicators (KPI) was reflected in the Committee's ability to deliver relevant and value-added recommendations that enhanced the effectiveness of integrated governance. These recommendations served as key inputs for the Board of Commissioners in making strategic decisions related to governance and compliance policies across entities.

Moreover, consistent and effective communication between the Committee, the Board of Commissioners, and the Board of Directors throughout 2025 strengthened coordination in addressing key governance issues and ensured timely follow-up on recommendations. This approach contributed to reinforcing integrated governance and maintaining alignment with Bank Mandiri's long-term strategic direction.

Remuneration of Integrated Governance Committee

The remuneration of the Integrated Governance Committee of the Non-Commissioner Independent party is regulated in the Decree of the Board of Commissioners No. KEP.KOM/010/2025 dated 16 December 2025 on the Remuneration of Supporting Organs of the Board of Commissioners of PT Bank Mandiri (Persero) Tbk and regulated in the Letter of Assignment of a member of the Committee under the Board of Commissioners issued by Bank Mandiri.

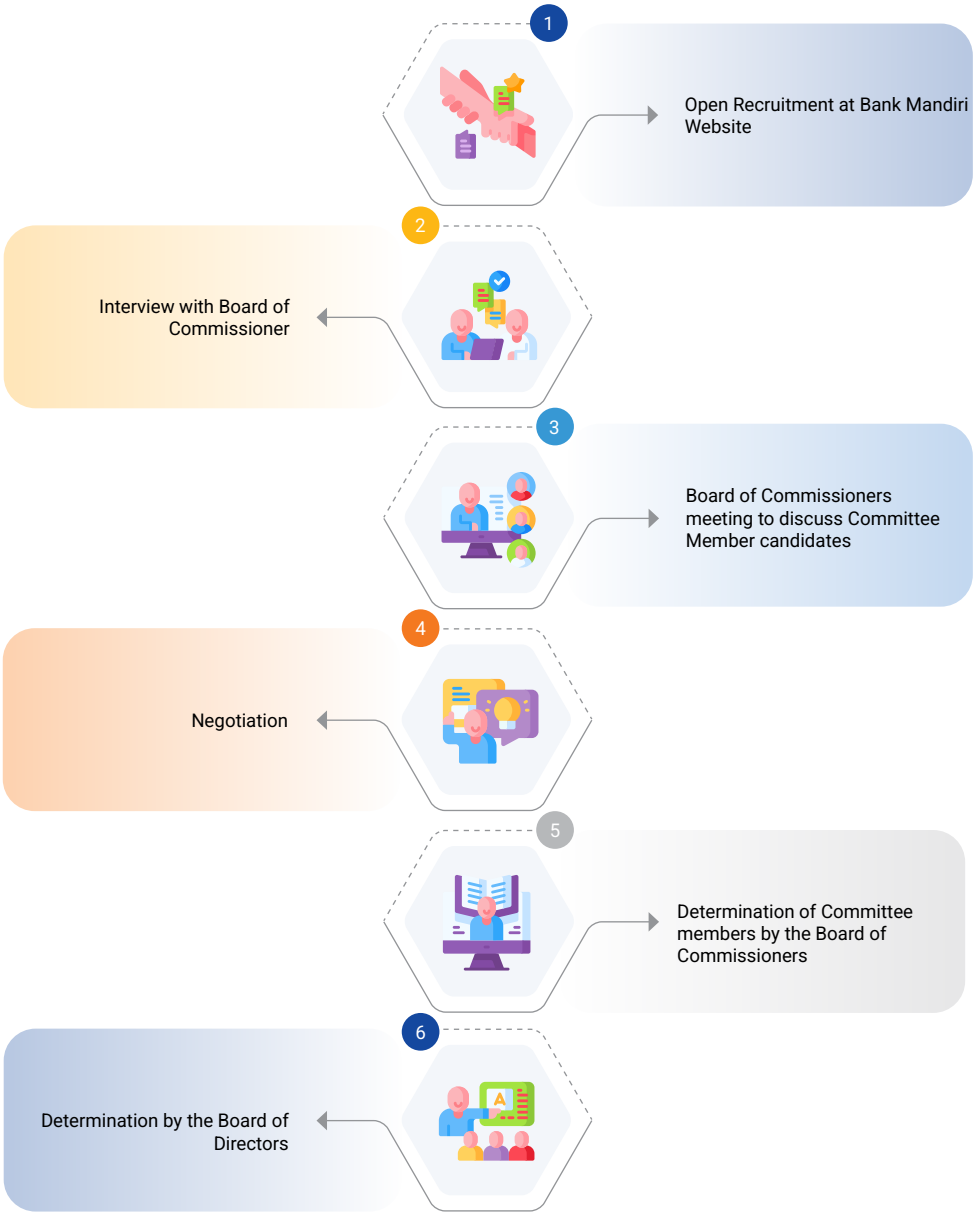
Integrated Governance Committee Activities Report in 2025

The Integrated Governance Committee of Bank Mandiri effectively performed its duties in accordance with the Committee Charter and applicable independence principles, ensuring objective oversight free from conflicts of interest. All 2025 activities were conducted in line with the Committee Work Plan approved by the Board of Commissioners.

The following are the activities of the Committee in 2025:
1. Held 2 (two) meetings, including to develop Meeting Minutes.
2. Held 6 (six) internal discussions and discussions with related Units.
3. Evaluated the adequacy of the implementation of integrated internal control, integrated compliance, and integrated risk management, as well as providing recommendations of future improvements.



2026 Work Plans of the Integrated Governance Committee

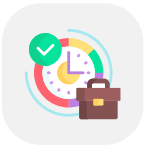
At the end of 2025, the Integrated Governance Committee has prepared the 2026 work plans and has obtained the approval of the Board of Commissioners.

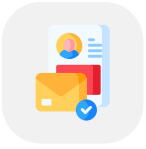
The Committee 2025 work plans are divided into 2 (two) activities, which are Mandatory/Regular and Non-Regular, as follows:
1. Mandatory/Regular, includes the review of Duties Implementation Reports of Integrated Governance Committee Unit, Integrated Risk Management Unit, and Integrated Internal Audit Unit.
2. Non-Regular, includes matters of concern and focus of the Integrated Governance Committee as well as the Board of Commissioners related to Mandiri Group.

REPLACEMENT PROCEDURES OF COMMITTEES UNDER THE BOARD OF COMMISSIONERS

The following chart illustrates the procedures for replacing Committee members under the Board of Commissioners from Independent Parties.

DIVERSITY POLICY OF THE BOARD OF COMMISSIONERS AND DIRECTORS





Bank Mandiri upholds a diversity policy for its Board of Commissioners and Board of Directors, emphasizing balance in age, gender, education, and professional experience. This diversity fosters objective, innovative decision-making aligned with good corporate governance principles.

Policies on Diversity of the Board of Commissioners

The Bank Mandiri's Articles of Association regulated the diversity of the Board of Commissioners in accordance with the Attachment to SEOJK No. 32/SEOJK.04/2015 on Public Companies' Governance Guideline and POJK No. 17 of 2023 concerning Implementation of Governance for Commercial Banks.

The selection and appointment process for the Board of Commissioners considers a range of criteria, including age, gender, educational background, professional experience, integrity, dedication, and a strong understanding of the Company's management issues. Moreover, the candidates shall have the necessary knowledge and expertise relevant to Bank Mandiri's needs and being able to dedicate sufficient time to perform duties effectively, in compliance with prevailing laws and regulations. Currently, the composition of the Board of Commissioners meets these criteria, encompassing diverse age groups, gender representation, educational qualifications, and relevant experience.

In 2025, the diversity of the Board of Commissioners is evident in its composition, showcasing a balanced mix of educational backgrounds, work experience, age, and gender, as illustrated in the table below:

Aspect		Keterangan
	Education	Members of the Board of Commissioners of Bank Mandiri have diverse educational backgrounds, including Law, Economics, Accounting, Finance, Management, Civil Engineering, and Public Administration.
	Competency and Work Experience	The members of the Board of Commissioners have extensive professional experience across banking, finance, energy, government, sports, and law, reflecting diverse and relevant competencies for the Bank's business activities.
	Age	The age of members of the Board of Commissioners ranges from 55 to 69 years as of December 2025.
	Gender	The composition of the Board of Commissioners includes both male and female executives. reflecting Bank Mandiri's commitment to gender diversity in leadership.

Further information on the diversity composition of the Board of Commissioners is presented in the Chapter 3 Company Profile of this Annual Report.

Board of Directors Diversity Policy

The OJK recommendations, as outlined in the Attachment of SEOJK No. 32/SEOJK.04/2015 on Governance Guidelines for Public Companies and POJK No. 17 of 2023 on Governance for Commercial Banks, emphasize that the composition of the Board of Directors should reflect diversity. The diversity of the Board of Directors is defined as a mix of characteristics, both at the organizational and individual levels. tailored to meet the needs of a Public Company. This diverse composition is achieved by considering expertise, knowledge, and experience that align with the specific roles and responsibilities of each Board member, ensuring the effective pursuit of the Company's objectives.

The consideration of diverse characteristics is applied during the nomination and appointment process. whether for individual members or the Board as a whole. The diversity requirements specified in SEOJK No. 32/SEOJK.04/2015 and POJK No. 17 of 2023 have been integrated into the Company's Articles of Association. The appointment of the Board of Directors takes into account integrity, dedication, a thorough understanding of Company management issues, knowledge or skills relevant to the Company's needs, and the capacity to dedicate sufficient time to fulfill their duties. These criteria align with prevailing laws and regulations.

While the diversity policy focuses on knowledge and expertise according to the scope of the Board of Directors' duties. Bank Mandiri has not yet established formal diversity policies related to age and gender, as the primary consideration is fulfilling the specific needs of the Company.

In 2025, the composition of the Board of Directors reflects diversity in terms of educational background, work experience, age, and gender, as detailed in the table below:

Aspect		Description
	Education	Members of the Board of Directors of Bank Mandiri have diverse educational backgrounds, including Economics, Accounting, Management. Finance, Law, Information Technology, Civil Engineering, Agriculture, and Business Administration, from both domestic and international universities.
	Competency and Work Experience	The Board of Directors has extensive professional experience in banking, finance, technology, government, and insurance, having held various strategic positions within Bank Mandiri Group and other financial institutions, demonstrating strong managerial and leadership capabilities.
	Age	The age of the members of the Board of Directors ranges from 43 to 60 years old as of December 2025.
	Gender	The composition of the Board of Directors reflects gender diversity with representation of both female and male executives. demonstrating Bank Mandiri's commitment to equality in strategic leadership.

Further information on the diversity composition of the Board of Directors is presented in the Chapter 3 Company Profile of this Annual Report.

GOVERNANCE IN PROVIDING REMUNERATIONS

Bank Mandiri implements a remuneration policy grounded in prudence and good governance, ensuring compensation that is fair, competitive, and compliant with regulations. The policy promotes prudent risk-taking and supports the Bank's long-term sustainable performance.

BANK MANDIRI REMUNERATION POLICY

The Remuneration Policy is implemented on a bank-wide basis as part of the application of good corporate governance. The policy upholds prudential principles and regulatory compliance, and is designed to ensure fair and competitive compensation aligned with the Bank's long-term objectives, while supporting prudent risk-taking.

Bank Mandiri's Remuneration Policy refers to POJK No. 45/POJK.03/2015 Article 28 paragraph (2) point b and SEOJK Letter No. 40/SEOJK.03/2016 Section IV on Remuneration Policy, under which the scope applies to the Board of Commissioners, the Board of Directors, and Employees. This policy is stipulated in a Joint Decree of the Board of Commissioners and Board of Directors dated 20 March 2018, which applies to the Board of Directors and Board of Commissioners, as well as in the Human Resources Standard Procedures applicable to Employees. The policy serves as a reference framework for determining remuneration that balances performance, risk, and business sustainability, and generally regulates:

1. The remuneration framework, which at a minimum sets out remuneration bands aligned with organisational levels and positions, including the structure of remuneration components.
2. The procedures for determining remuneration, which are applied consistently to the Board of Directors, the Board of Commissioners, and Bank employees.

Bank Mandiri's remuneration policy also refers to the following regulations:

1. SOE Minister Regulation No. PER-3/MBU/03/2023 on the Organization and Human Resources of State-Owned Enterprises.
2. SOE Minister Regulation No. PER-2/MBU/03/2023 on Guidelines for Governance and Significant Corporate Activities of State-Owned Enterprises.
3. POJK 17 of 2023 on Governance Practices for Commercial Banks.
4. SEOJK No. 14/SEOJK.03/2025 on Governance Practices for Commercial Banks.
5. OJK Regulation No.45/ POJK.03/2015 on the Implementation of Governance in Providing Remuneration for Commercial Banks.
6. SEOJK No. 40/SEOJK.03/2016 on the Implementation of Governance in Providing Remuneration for Commercial Banks.
7. The Company's Articles of Association.

Process for Formulating the Remuneration Policy

In accordance with POJK No. 45/POJK.03/2015 Article 28 paragraph (2) point b and SEOJK No. 40/SEOJK.03/2016 Chapter IV paragraph (2) point b. Bank Mandiri discloses the process for formulating the Remuneration Policy, which includes the following:

a. Review of the background and objectives of the Remuneration Policy

Bank Mandiri's remuneration policy is established as a Bank-wide policy to attract, retain, and motivate competent talent across all organisational levels, including employees, executive officers, the Board of Directors, and the Board of Commissioners. The policy is formulated by considering the Bank's financial capability, workforce dynamics, and cost effectiveness, to support the sustainable achievement of Bank Mandiri's business objectives.

b. Implementation of a review of the previous year's Remuneration Policy, including improvements

As part of the formulation process, Bank Mandiri conducts a review of the remuneration policy implemented in the previous year to ensure its continued relevance to internal and external developments. The results of this review serve as the basis for refining the remuneration policy where necessary, in line with the Bank's strategy, performance, and risk profile.

In conducting the review and formulating the remuneration policy, Bank Mandiri takes into account, among others:

1. Financial performance and reserve fulfilment in accordance with prevailing laws and regulations.
2. Remuneration practices within comparable industries based on the Company's business activities and scale.
3. The duties. responsibilities, and authorities of the Board of Directors and/or the

Board of Commissioners in relation to the achievement of the Company's objectives and performance.

4. Performance targets or outcomes of individual members of the Board of Directors and/or the Board of Commissioners to ensure alignment between results achieved and remuneration received.
5. An appropriate balance between fixed and variable remuneration components.
6. The Bank's long-term objectives and strategic direction.

c. Mechanisms to ensure the independence of remuneration for employees in control units

To safeguard the independence of control functions, Bank Mandiri ensures that remuneration for employees in control units, including risk management, compliance, and internal audit functions, is determined independently from the performance of the business units they oversee. Such remuneration is not linked to the results of the supervised units, thereby supporting effective control functions and sound governance practices.

Remuneration Policy Scope, Indicators, and Implementation

Bank Mandiri applies a Remuneration Policy as a strategic framework to provide fair and competitive rewards, taking into account the Bank's financial capacity, workforce dynamics, and cost efficiency. The policy is designed to support business objectives while maintaining a balance between performance, risk, and sustainability.

The remuneration structure aims to attract. retain, and motivate top talent, enhancing employee engagement in achieving the Bank's vision and mission. In addition to covering the Board of Commissioners and Board of Directors. the policy will also apply to employees classified as Material Risk Takers (MRT), identified through qualitative and quantitative assessments.

In determining the remuneration for employees.,Executives, Directors and Commissioners.,the Remuneration and Nomination Committee has several considerations, including:

1. Benchmarking results of employee remuneration, executives, members of the Board of Directors and members of the Board of Commissioners with similar industries (peer group).
2. The size and complexity of the firm's operations.
3. Remuneration consists of standardized salaries/ honorariums and benefits, namely Annual Holiday Allowances (THR), official housing, official vehicles, health facilities and utilities and other benefits. Meanwhile. performance-based remuneration is a bonus/incentive for employees and bonuses for the Board of Directors and the Board of Commissioners.

In general, Bank Mandiri's remuneration strategy is guided by the Manpower Law and Financial Services Authority Regulations. The total reward strategy for the long term is that the Bank has a strong competitive value against the market, namely:

1. Strive for the general position of the Bank at 75 (seventy-five) percentiles.
2. Especially for top talent and critical jobs. it can be positioned up to 90 (ninety) percentiles.

Scope and Implementation of the Remuneration Policy By Business Unit, Region, and Subsidiaries or Overseas Branches

In accordance with POJK No. 45/POJK.03/2015 Article 28 paragraph (2) point b and SEOJK No. 40/ SEOJK.03/2016 Chapter IV paragraph (2) point c, the scope of Bank Mandiri's Remuneration Policy covers the regulation and implementation of remuneration across business units, regions, as well as subsidiaries or overseas branches.

In line with Bank Mandiri's Human Capital policy. remuneration implementation takes into account organisational characteristics, job structures, and workforce conditions within each business unit and operational region. To address differences in cost of living across regions. the Company provides cost-of-living adjustments in the form of a Premium Allowance. The Premium Allowance is applied selectively and subject to periodic review as necessary, taking into consideration developments in regional cost-of-living levels and the Company's financial capability.

For Subsidiaries. remuneration policies are formulated and established independently by each Subsidiary as part of their Human Capital management, while taking into account business characteristics, operational scale, organisational structure, and applicable regulatory requirements. This approach ensures alignment between remuneration policies, human capital management strategies, and sustainable performance across the Bank Mandiri Group.

Remuneration Policy Implementation

Pursuant to POJK No. 45/POJK.03/2015 and SEOJK No. 14/SEOJK.03/2025, Bank Mandiri has implemented a remuneration governance framework that considers financial stability, risk management, short- and long-term liquidity needs, and potential future earnings.

1. The Company may defer variable remuneration (Malus) or reclaim paid variable remuneration (Clawback) from executives classified as Material Risk Takers (MRT). based on the following conditions:

a. The Company applies Malus and/or Clawback in specific circumstances related to variable remuneration. considering factors such as:
b. The extent of financial or non-financial losses incurred by the Company.

2. The employee's direct or indirect involvement in the losses incurred.
3. A portion of the variable remuneration must be deferred, with the percentage determined by the Company, subject to the following criteria:
   a. This policy applies to officials classified as MRT, with the following criteria:
   b. Causing financial or non-financial losses to the Bank.
   c. Engaging in fraud, violating laws, unethical behavior, and/or falsifying records.
   d. Deliberately violating the Bank's policies, regulations, and procedures.
   e. Causing a significant negative impact on the Bank's capital not attributed to changes in economic or industry conditions.
4. In the implementation of MRT remuneration, Bank Mandiri adheres to OJK regulations, the Ministry of SOEs regulations, and the Company's remuneration policies.

The Board of Commissioners of Bank Mandiri established the Remuneration and Nomination Committee to support its oversight function related to remuneration and nomination policies for the Board of Directors and Board of Commissioners. The Committee is responsible for formulating a comprehensive remuneration system that serves as a guideline for the Board of Commissioners and the GMS in determining appropriate compensation. Further details on this Committee are provided in the Remuneration and Nomination Committee section of the Corporate Governance chapter of this report.

Determination of Material Risk Takers

The determination of Material Risk Takers (MRT) at Bank Mandiri is conducted through a structured approach aligned with the Bank's risk management framework. MRT designation considers the positions, roles, and levels of responsibility of individuals who have a significant influence on the Bank's key risk profile.

MRT determination is carried out using the following methods:

1. **Qualitative approach,** which assesses the scope of responsibilities and authorities that may have a significant impact on the Bank's risk profile, in line with the risk profile evaluation determined by the Company.
2. **Quantitative approach,** which involves comparative analysis of variable remuneration awarded to MRTs and non-MRT employees, taking into account performance outcomes and the level of risk inherent in the relevant positions.

All members of the Board of Commissioners and Directors of Bank Mandiri are material risk takers. There are 36 (thirty-six) members of the Board of Directors and the Board of Commissioners who served during the 2025 financial year, including Directors and Commissioners whose term of office ends at the 2025 Annual GMS.

Remuneration Associated with Risks

In determining remuneration, Bank Mandiri applies the principle of prudence to promote prudent risk taking and ensure long-term business sustainability. The determination of variable remuneration is based on performance measurement that takes into account various types of risks, aligned with the Bank's scale and business complexity. In formulating its policy, the Bank also considers the type, impact, and changes in risk factors as key elements in developing a balanced remuneration strategy.

Performance Measurement Related to Remuneration

Bank Mandiri determines remuneration based on a comprehensive performance assessment covering individual, business unit, and overall Bank performance. Reviews ensure alignment between compensation and results, including verification of agreed Key Performance Indicators (KPI). If performance targets are not achieved. variable remuneration may be adjusted according to the level of achievement, ensuring fair alignment between reward, performance, and risk.

In practice, the Bank's remuneration strategy considers performance outcomes and budget capacity. As part of its total rewards program. Bank Mandiri provides benefits including base salary, annual adjustments, holiday allowance (THR), annual and extended leave every three years, and health coverage for employees and their families, encompassing inpatient and outpatient care, maternity, dental, medical check-ups, eyewear, and retiree health programs.

Remuneration Adjustment Related to Performance and Risk

Bank Mandiri provides variable remuneration tied to performance and risk, which includes bonuses. rewards. performance incentives. or other equivalent forms. These variable remuneration components may be provided in the form of cash, shares, or share-based instruments issued by Bank Mandiri. However. in the case of the Board of Commissioners, variable remuneration is granted exclusively in cash to prevent any potential conflicts of interest during the execution of their supervisory duties.

External Consultant Services

To assess the competitiveness of the Bank's remuneration relative to market conditions, Bank Mandiri participates in the Annual Salary Survey conducted by an independent and reputable third-party organization. The results serve as a key reference for adjusting Bank Mandiri's remuneration strategy. The proposed adjustments are then submitted for review and approval at the Board of Directors Meeting.

REMUNERATION DETERMINATION PROCEDURES FOR THE BOARD OF COMMISSIONERS AND DIRECTORS

The determination of remuneration for the Board of Commissioners and Directors is carried out with the following procedures:

1. The Remuneration and Nomination Committee holds a review on remuneration for the Board of Commissioners and Directors.
2. The Committee coordinates with Human Capital Director and Executives as well as related unit to develop the remuneration proposal.
3. The Committee coordinates with the Risk Management Unit in establishing policies on variable remuneration.
4. Based on the review, the Committee draws up recommendation on remuneration for submission to the Board of Commissioners and Directors.
5. The Board of Commissioners presents the proposal and recommendation reviewed by the Remuneration and Nomination Committee to the General Meeting of Shareholders to obtain approval.
6. The proposal and recommendation of the Board of Commissioners may be in the form of:
    a. Approval on the element and amount of the remuneration; or
    b. Approval of authority for the Board of Commissioners to determine the element and amount of the remuneration.

Indicators for Determining Remuneration of the Board of Commissioners and the Board of Directors

Referring to the Minister of SOEs Regulation No. PER-3/MBU/03/2023 on the Organs and Human Resources of State-Owned Enterprises, the determination of remuneration for the Board of Commissioners and the Board of Directors considers the following key indicators:

a. The Company's financial condition and capacity.
b. The scale of the Company's business activities.
c. The level of business complexity.
d. Inflation levels.
e. Other relevant factors, provided that they do not conflict with applicable laws and regulations.

REMUNERATION AND FACILITIES FOR THE BOARD OF COMMISSIONERS AND DIRECTORS

Remuneration Structure of Members of the Board of Commissioners and Directors

By taking into account the prevailing remuneration stipulations, the remuneration for the Board of Commissioners and Board of Directors is provided in the form of:

BOARD OF DIRECTORS TENURE

In reference to stipulations of the Bank's Articles of Association, BOD Charter, and POJK No. 17 of 2023 and SEOJK No. 14/SEOJK.03/2025, the term of office of the Board of Directors is as follows:

1. The Board of Directors members are appointed for the tenure effective as of the GMS closing or other dates specified by the GMS and ends after the closing of the 5th (fifth) Annual GMS after the appointing date, on the condition of no more than 5 (five) years, by considering the applicable laws and regulations including the Capital Market, without reducing the GMS rights to dismiss the Board of Directors members at any time before the tenure ends.
2. The dismissal is effective after the closing of the GMS, unless defined otherwise by the GMS.
3. After the tenure ends, the Board of Directors members can be reappointed by the GMS for another tenure.
4. The Bank may also stipulate specific provisions regarding the fulfilment of Board of Directors positions. If the term of office of a Director has ended and a successor has not yet been appointed by the GMS, the Director concerned shall continue to exercise their authorities and responsibilities until a new successor is appointed by the GMS. This provision is governed in the Bank's Articles of Association.

CRITERIA OF THE BOARD OF DIRECTORS

The candidates of the Board of Directors members are individuals who when appointed or during the tenure meet the following requirements:

1. Having good ethics, morals and integrity.
2. Eligible to conduct legal actions.
3. Within 5 (five) years prior to appointment or during the office, he/she:
   a. Has never been declared bankrupt.
   b. Has never been a member of the Board of Directors and/or Board of Commissioners found guilty of causing a Company bankrupt.
   c. Has never been sentenced of crime for causing the loss of the country and/or relating to financial sector.
   d. never becomes a member of the Board of Directors and/or member of the Board of Commissioners who, during his/her tenure:
      › has failed to hold Annual GMS.
      › whose accountability as member of Board of Directors and/or Board of Commissioners has been declined by GMS or has never provided accountability report as member of Board of Directors and/or Board of Commissioners to GMS.
      › has caused a company that has license, approval, or registration from FSA not to fulfil its obligation to deliver Annual Report and/or financial report to the OJK.
   e. Has the commitment to comply with the laws and regulations.
   f. Has the knowledge and/or expertise in the area required by the Company.

INDEPENDENCE OF PRESIDENT DIRECTOR

The President Director of Bank Mandiri is independent from the Bank's controlling shareholder. This independence is fulfilled as the individual has no financial. managerial, ownership, or familial relationship with the controlling shareholder.

Fit & Proper Test Approval

To obtain approval from OJK in accordance with the fit and proper test requirements, the President Director of Bank Mandiri has submitted the required independence statement as attached.

BOARD OF DIRECTORS CONCURRENT POSITIONS POLICY

The provisions for concurrent positions for the Board of Directors are regulated in the following:

1. No. PER-3/MBU/03/2023 concerning the Organization and Human Resources of State-Owned Enterprises, members of the Board of Directors are prohibited from holding concurrent positions as:
   g. Member of the Board of Directors in State-Owned Enterprises, Regional-Owned Enterprises, Private-Owned Enterprises.
   h. Member of the Board of Commissioners in State-Owned Enterprises.
   i. Other structural and functional positions in central and/or regional government agencies/ institutions.
   j. Political party administrators and/or legislative candidates/members; and/or candidate for regional head/deputy regional head.
   k. Positions that may cause conflicts of interest and/or other positions in accordance with the provisions in the legislation.

2. OJK Regulation No. 17 of 2023 and SEOJK No. 14/2025 regarding the Governance Implementation for Commercial Banks:
   Members of the Board of Directors are prohibited from holding concurrent positions:
   a. as members of the board of directors, board of commissioners, sharia supervisory board, or as executives in any bank, company, and/or other institution;
   b. in functional roles within financial institutions or non-bank financial institutions, whether domestic or overseas;

c. in any position that may give rise to a conflict of interest in carrying out their duties as members of the Board of Directors; and/or
d. in any other position as regulated by applicable laws and regulations.

The following are not considered concurrent positions for members of the Board of Directors:
a. being responsible for overseeing the Bank's investments in its subsidiaries;
b. performing functional duties as members of the Board of Commissioners in non-bank subsidiaries controlled by the Bank;
c. being responsible for the oversight of the pension fund or serving as members of the pension fund supervisory board owned by the Bank;
d. acting as an interim or substitute director; and/or
e. holding positions in non-profit organisations or institutions, provided that such roles do not interfere with the execution of their duties and responsibilities as members of the Board of Directors.

BOARD OF DIRECTORS NOMINATION AND SELECTION PROCESS

Pursuant to the Articles of Association, members of the Board of Directors are appointed and dismissed by the GMS. for a period of 5 (five) years effective from the date of GMS appointment. Members of the Board of Directors whose office terms are expired may be reappointed by the GMS.

The procedure for the appointment of Bank Mandiri Board of Directors refers to OJK Regulation No. 33/ POJK.04/2014 concerning the Board of Directors and Board of Commissioners of Issuers or Public Companies, OJK Regulation No. 17 of 2023 regarding the Implementation of Governance for Commercial Banks, and SOE Minister Regulation No. PER-3/MBU/03/2023 concerning Organs and Human Resources of State-Owned Enterprises. The following are procedures of the Board of Directors' appointment:

1. Origin of prospective SOE Board of Directors/Board of Directors candidates come from:
   a. Former BUMN Director.
   b. BUMN Board of Commissioners/Supervisory Board.
   c. Structural Officers and Government Functional Officers.
   d. Another source.
2. The GMS/Minister may appoint candidates proposed by the Succession Committee as members of the Board of Directors of SOEs.
3. For certain SOEs, the appointment of an individual as a member of the SOE Board of Directors may be made after passing the Fit and Proper Test (UKK) according to sectoral regulations.
4. In the event the appointment of SOE Board of Directors members is made before the UKK according to sectoral regulations, the SOE Board of Directors is authorized to carry out actions, duties, and functions as members of the SOE Board of Directors from the date they pass the UKK according to sectoral regulations.
5. SOE Board of Directors members as referred to in point (3) have a term of office effective from the date determined by the GMS/Minister.

6. In the event certain SOE Board of Directors members fail the UKK according to sectoral regulations, the GMS/Minister may dismiss such SOE Board of Directors members, taking into account sectoral regulations.
7. The appointment of an individual as a member of the SOE Board of Directors may be made through:
   a. Decision of the Minister as the GMS/owner of capital if all shares/capital of the SOEs are owned by the State; or
   b. Decision of the GMS or decision of all shareholders by circular resolution, if not all shares are owned by the State.
8. For Public Companies, the curriculum vitae of candidates for appointment as members of the BUMN Board of Directors proposed to be appointed in the RUPS must be available and announced during the holding of the RUPS before the decision is made regarding the appointment of such individuals as members of the SOE Board of Directors.
9. Prior to being appointed as a member of the SOE Board of Directors, the individual concerned must sign a letter of resignation from other positions prohibited from being held concurrently with the position of SOE Board of Directors member effective from the date they are appointed as a member of the SOE Board of Directors.
10. In the event the individual concerned does not resign within the time frame as stipulated in the laws and regulations, their position as a member of the BUMN Board of Directors ends at that time.
11. In the event the appointment decision is made by the Minister or decision of all shareholders by circular resolution, the Deputy processes the delivery of the Decision Letter to the selected SOE Board of Directors member after the Decision is determined.
12. In the process of delivering the Decision Letter, the Deputy is assisted by the high-level official responsible for legal affairs. Assistant Deputies, and Sector Assistant Deputies.
13. After the delivery of the Decision Letter is carried out, all documents are handed over to the Deputy for administration.
14. In the event the appointment will be determined in the GMS, the submission of the UKK results to the Minister is accompanied by a letter of appointment for the candidate and a power of attorney to attend and make decisions in the GMS.
15. After the GMS is held, all documents related to the appointment of SOE Board of Directors members are handed over to the Deputy for administration.
16. The administrative process by the Deputy as referred to in paragraphs (12) and (14) includes documentation of the appointment and assessment process.
17. Board members commence their duties effectively from the date specified in the Minister's Decision/ GMS/decision of all shareholders by circular resolution.
18. The format of the statement letter related to the appointment and dismissal of the Board of Directors as stated in Annex IV is an integral part of SOE Minister Regulation No. PER-3/MBU/03/2023.

The process of nominating and selecting the Board of Directors is carried out through the proposal of the members of the Board of Directors to the GMS by taking into account the recommendations of the Board of Commissioners and the Remuneration and Nomination Committee. Prior to the discussion on the appointment and dismissal of the Board of Directors in the GMS, information was provided on the profiles of new and reappointed candidates for the Board of Directors.

INTERIM DIRECTOR APPOINTMENT

Bank Mandiri appoints an interim director (acting director) for each directorate in accordance with regulatory requirements, ensuring no conflicts of interest and alignment with the three lines of defence framework. Interim directors must come from within the Bank, typically from existing Board members. In specific circumstances permitted by law, the Board of Commissioners may assume this role while adhering to Good Corporate Governance principles and submitting a conflict-of-interest declaration. The Bank is not allowed to appoint interim directors from outside the organisation or from positions below the Board of Directors. The interim assignment may last up to six months and may be extended with OJK approval. Any extension request must be submitted no later than one month before the interim period ends and must include the justification, estimated timeline for appointing a permanent director, and information on potential candidates when available.

MECHANISM OF RESIGNATION AND DISMISSAL OF THE BOARD OF DIRECTORS

Resignation and dismissal mechanism for the Board of Directors is regulated by the Articles of Association as follows:

1. The GMS may dismiss the Board of Director's members at any time by stating its reasons.
2. The dismissal of a member of the Board of Directors is called for if, based on the factual circumstance, the said members:
   a. Is unable/inadequate to fulfil the obligations as agreed in the management contract;
   b. Is unable to perform duties appropriately;

c. Violates the provisions of the Articles of Association and/or the applicable laws;
d. Engages in actions that detrimental to the Company and/or country;
e. Conduct actions that violate ethics and/or propriety that should be valued by member;
f. Is declared guilty by the Court's decision with permanent legal force;
g. Resigns;
h. Other reasons deemed appropriate by the GMS for the interests and objectives of the Company.

3. The dismissal by the reasons aforementioned is conducted after the person(s) concerned in the event of dismissal is given the opportunity to raise defense, excluding the dismissal specified in the provisions of points f and g.
4. The dismissal due to reasons as referred to in point letter d and f are considered dishonorable discharge.
5. Among the Board of Director's members and between the Board of Directors' members and the Board of Commissioners' members, there shall not be any blood relationship of three generations, either vertical or horizontal in the family tree, including the familial relationship arising from marriage.
6. In the event that such condition prevails, the GMS has the authority to dismiss one of the members.
7. A member for the Board of Directors may resign from his/her position before his/her term of office expires. In the event that a member of the Board of Directors resigns, the said member shall submit a written request for resignation to the Company.
8. The Company must hold the GMS to decide on the resignation request of a member of the Board of Directors no later than 90 (ninety) days after receiving the letter of resignation.
9. The Company is obliged to provide information transparency to the public and submit it to the Financial Service Authority no later than 2 (two) working days after:
   a. The approval of the resignation application from a member of the Board of Directors.
   b. The achievement of the GMS results.
10. Before the resignation is effective, the concerned member of the Board of Directors shall assume responsibility to complete the duties and the responsibilities in accordance with the Articles of Association and the applicable laws.
11. The resigning member will be released from any responsibility after obtaining discharge of duty from the annual GMS.
12. A member of the Board of Directors is dismissed if:
    a. The resignation has been in effect;
    b. Passed away;
    c. The tenure has expired;
    d. Dismissed by the decision of GMS;
    e. Declared bankrupt by a Commercial Court which has a permanent legal force or under the auspices based on a Court's decision; or
    f. No longer fulfilling the requirements as a member of the Board of Directors based on the provisions of the Articles of Association and the applicable laws.
13. For the member of the Board of Directors dismissed before or after the term of office, unless unable to resume the position due to passing, the concerned member shall therefore be held responsible for their actions that have been rejected by the GMS;
14. The Board of Director's members may at any time be temporarily dismissed by the Board of Commissioners if they conduct actions contrary to the Articles of Association or there are indications of actions that harm the Company or neglect the obligations or there are crucial explanations for the Company, by paying attention to the following provisions:
    a. Temporary dismissal shall be notified in written to the said member along with the rationale, then forwarded to the Board of Directors;
    b. The notification as referred to in the letter "a" shall be submitted no later than 2 (two) working days after the temporary dismissal is effective;
    c. The member who is subject to temporarily dismissal has no authority to conduct the Company's management for the sake of the Company in relation with the purposes and objectives of the Company or to represent the Company either within or outside the Court;
    d. Within a period of at most 90 (ninety) days after the temporary dismissal has been done, the Board of Commissioners shall organize the GMS to revoke or reinforce the temporary dismissal;
    e. With the lapse of the period of holding the GMS as referred to in letter d or the GMS is unable to make a decision, the temporary dismissal will be cancelled;
    f. The limitation of authority as stated in point c shall be effective since the effective date of temporary dismissal by the Board of Commissioners until:
       › there is a decision of the GMS which reinforces or revokes the temporary dismissal in letter d; or
       › the due date as stated in letter d has passed.
    g. In the GMS as referred to in letter d, the member of concerned shall be given an opportunity to raise defenses;
    h. Temporary dismissal cannot be extended or re-established by the same rationale if the temporary dismissal is declared void as referred to in letter e;

i. In the event that the GMS revokes the temporary dismissal or circumstances as referred to in letter e prevail, the concerned member shall remain to perform his/her tasks;
j. If the GMS outcome reinforces the decision of the temporary dismissal, then the member is dismissed permanently;
k. If the member who is subjected to temporary dismissal does not attend the GMS after being summoned in written, the member shall be considered to have neglected his/her rights to defend himself/herself in the GMS and agree to the GMS decision.
l. The Company is obliged to conduct information transparency to the public and submit it to the Financial Services Authority regarding:
   - The decision of temporary dismissal; and
   - The results of GMS either to revoke or reinforce the temporary dismissal decision as referred to in letter "d", or any information regarding the cancellation of the temporary dismissal by the Board of Commissioners due to the absence of the GMS until the due date as referred to in letter e of this article, no later than 2 (two) working days from such happening.

DISMISSAL OR REPLACEMENT OF MEMBERS OF THE BOARD OF DIRECTORS

Pursuant to SEOJK No.14/2025, the dismissal or replacement of members of the Board of Directors at Bank Mandiri is carried out by prioritising the Bank's best interests and business continuity, dismissal, including temporary suspension, is executed under the authority of the Board of Commissioners in accordance with applicable regulations. Any early dismissal or replacement of the President Director or the Director overseeing the compliance function requires prior approval from OJK before being submitted to the GMS. Requests must be submitted at least one month before the planned GMS and include the justification, supporting documents, and the profile of any proposed replacement. The Nomination Committee prepares the supporting documentation, which must be approved by the majority of the Board of Commissioners, OJK will assess the plan and may approve or reject it. If OJK rejects the plan but the GMS has already proceeded, the Bank must convene another GMS to revoke the decision. OJK also retains the authority to evaluate dismissals, replacements, or resignations of Directors.

POLICIES RELATED TO RESIGNATION OF THE BOARD OF DIRECTORS DUE INVOLVEMENT IN FINANCIAL CRIMES

Bank Mandiri has in place the policy on resignation of member of the Board of Directors when involved in financial crime as stated in the Bank's Articles of Association.

Referring to the Article 14 paragraph (26) letter f of the Bank's Articles of Association, the tenure of member of the Board of Directors is ended if no longer meet the requirements as member of the Board of Directors based on the Articles of Association and other laws and regulations, including involvement in financial crime. In the event that a member of the Board of Directors is resigning including if involved in the financial crime, thus a concerned member of the Board of Directors shall inform in writing regarding his/her intention to the Bank, and the Bank shall convene the GMS to take decision on the resignation of a member of the Board of Directors within 90 days after the acceptance of the resignation.

MANAGEMENT OF THE BOARD OF DIRECTORS CONFLICT OF INTEREST

The management of conflicts of interest for the Board of Directors is regulated under the Bank Mandiri Policy Architecture. Bank Mandiri Policy Architecture serves as a hierarchy/structure of policies providing fundamental framework and governance for formulation of policies and implementation of the Bank's activities. In addition, relevant provisions are also stipulated in the Board of Directors Work Guidelines and Code of Conduct. The management of conflicts of interest of the Board of Directors includes, among others:

1. The Board of Commissioners, the Board of Directors, and Executives shall commit to prevent any forms of conflict of interest.
2. In the event that the Board of Directors member(s) has a personal Interests in a transaction, contract or contracts proposed in which one of the parties is the Bank, the interest shall be mentioned in the Board of Directors Meeting and the concerned Board of Directors member has no authority to take a vote.
3. Periodically, at least 1 (once) in a year, every member of the Board of Commissioners, the Board of Directors and the Executives are required to make a statement regarding conflict of interests with the Bank activities.
4. Members of the Board of Commissioners, the Board of Directors and the Executives are prohibited from having concurrent positions as specified in the applicable regulations.

BOARD OF DIRECTORS AFFILIATIONS

Affiliation refers to the relationships that may exist between members of the Board of Directors, the Board of Commissioners, and the Main or Controlling Shareholders of the Company. These relationships can arise from family ties. business interests, or professional associations. By identifying and disclosing potential affiliations, the Company can proactively mitigate conflicts of interest, ensure fair decision-making, and uphold the trust of stakeholders. These relationships may take the form of:

- Family relationship due to marriage and descent to the second degree either horizontal or vertical.
- Management or oversight relationship with Main/Controlling Shareholder.
- Share ownership by each member of the Board of Directors and Board of Commissioners to the Main/ Controlling Shareholders as legal entity.

The Board of Directors of Bank Mandiri have no financial relations, management relations, shareholding and/or family relations with other members of the Board of Commissioners, the Board of Directors and/or Controlling Shareholders or relation with the Bank, which helps in carrying out their tasks and responsibility independently.

The affiliations of the Board of Directors are shown in the following table:

SHAREHOLDING OF THE BOARD OF DIRECTORS

In accordance with Article 32(a) POJK No. 17 of 2023 and point XXIII No. 2 of SEOJK No. 14/SEOJK.03/2025, the Board of Directors has disclosed any share ownership of 5% (five percent) or more of paid-up capital, including the type and number of shares held in:

a. the Bank;
b. other banks;
c. non-bank financial institutions; and
d. other companies.

whether domiciled in Indonesia or overseas.

Share Ownership Through MSOP/ESOP

For Bank Mandiri, share ownership by the President Director or the Director overseeing the compliance function through Management Stock Option Program (MSOP) or Employee Stock Option Program (ESOP) does not affect their independence, provided the shares are granted as part of the controlling shareholder's policy, are not intended for trading, and are supported by a declaration stating they will continue to act independently while in office. MSOP/ESOP share ownership below 5% of paid-up capital is also not considered an ownership relationship. The assessment of family relationships follows the regulatory definition up to the second degree, both vertically and horizontally, If the controlling shareholder is a legal entity, family relationship assessments refer to the individual's relationship with the ultimate controlling shareholder of that entity.

The share ownership of Bank Mandiri's Board of Directors is described in the table below.

Board of Directors Shares Ownership as of 31 December 2025

ORIENTATION PROGRAM FOR THE NEW BOARD OF DIRECTORS

Bank Mandiri conducts an Orientation Program for newly appointed members of the Board of Directors to provide a comprehensive understanding of the Bank's strategic and operational framework. The program ensures that new Directors possess sufficient knowledge of their roles and responsibilities, enabling them to contribute effectively to the Bank's growth and governance practices.

Main aspects of the program are as follows:

1. The Company's strategy, policies, and work plan, providing insight into current goals and future directions.
2. The Company's core values, vision, and mission, ensuring alignment with the organization's purpose.

3. Duties, responsibilities, and authorities of the Board of Directors as outlined in the Articles of Association and in compliance with prevailing regulations in Indonesia.
4. Policies related to Corporate Governance, emphasizing ethical and effective management.
5. Facilities and resources available to support the Board of Directors in executing their duties.
6. Other relevant programs tailored to the specific needs of the Company and its Directors.

The Orientation Program is administered by the Corporate Secretary. who ensures that all materials, presenters, and supporting sessions are delivered in a structured and timely manner. Throughout 2025, Bank Mandiri conducted the Orientation Program for newly appointed Directors, providing a comprehensive range of topics that equipped them with the insight and readiness needed to assume their roles and perform effectively from the outset.

RISK MANAGEMENT CERTIFICATION

As stipulated in Financial Services Authority Circular No. 28/SEOJK.03/2022 concerning Risk Management Certification for Commercial Bank Human Resources. Bank Management (Board of Commissioners and Board of Directors) must have a Risk Management Certificate issued by a Professional Certification Body, with the following classification:

No.	Position	Level	Validity
1.	Commissioner	Minimum Level 1	4 years
2.	Independent Commissioner	Minimum Level 2	4 years
3.	President Director and Directors of the Bank with assets > Rp10 trillion	Level 5	2 years

After the certificate expires, a mandatory Refreshment Program must be taken regularly, at least:
1. Once every year for certificate levels 1 and 2; or
2. Once every year for certificate levels 3. 4, and 5.

In Bank Mandiri, as a bank with a total asset of > Rp10 trillion, the entire members of its Board of Directors are holders of Risk Management Certificate Level 5. This certification is also part of OJK's fit and proper test requirements. The Risk Management Certificates of the Board of Directors are as follows.

BOARD OF DIRECTORS MEETINGS

The policies and requirements for Bank Mandiri Board of Directors meetings are outlined in the BOD Charter and align with POJK No. 33/POJK.04/2014, POJK No. 17 of 2023, and SEOJK No. 14/SEOJK.03/2025. The key provisions for these meetings are as follows:

1. **Frequency of Meetings:** The Board of Directors is required to hold meetings at least once a month. Additional meetings may be convened as necessary upon the request of one or more Directors or based on a written request from the Board of Commissioners.
2. **Joint Meetings with the Board of Commissioners:** The Board of Directors is required to hold joint meetings with the Board of Commissioners at least once every 4 (four) months to ensure alignment on strategic and operational matters.
3. **Quorum Requirements:** A Board of Directors meeting is considered valid and authorized to make binding decisions if more than 2/3 (two-thirds) of the total members are present or represented by proxy.
4. **Representation at Meetings:** A Director may be represented by another Director during a meeting, provided that a formal proxy is granted. However, a Director may only represent one other Director.
5. **Meeting Scheduling:** The Board of Directors is encouraged to schedule meetings for the following year before the end of the current fiscal year, ensuring effective planning and organization.
6. **Meeting Materials:** All relevant materials for the Board of Directors meetings shall be distributed to participants no later than five working days prior to the meeting, if a meeting is held outside of the regular schedule, materials can be provided immediately prior to the meeting.
7. **Remote Meetings:** Board of Directors meetings may also be conducted remotely through teleconferencing. video conferencing, or other electronic means, provided that all participants can interact in real time, including through audio and visual engagement.
8. **Chairing and Documentation:** The President Director chairs the meetings. If the President Director is unavailable, the Vice President Director serves as the chair. In the absence of both, the chairperson role is assigned to a Substitute Director as per the Board's decision. If no substitute is available, the longest-serving Director or, in the case of equal tenure, the oldest Director by age presides over the meeting. All meetings are documented **in the form of minutes, which are distributed to all Directors and recorded in the Company's official records.**
9. **Circular Resolution:** The Board of Directors may make valid decisions without physically convening a meeting through a Circular Resolution. This method requires that all members of the Board of Directors are notified and provide written approval of the proposed resolution. Decisions made through this process hold the same legal standing as those made in formal meetings.

Board of Directors Meetings Plan

The following Board of Directors' meeting plan for 2025, including key agendas, has been uploaded to the Bank Mandiri website, ensuring transparency and accessibility for stakeholders.

Annual Strategy Review

The Board of Directors conducts a comprehensive review of the annual strategy at the end of each year to ensure the Company's readiness for the year ahead. In 2025, this process was carried out through Board meetings that refined the work plan to remain aligned with the Company's strategic priorities and objectives.

Corporate Strategy Evaluation

The Company's strategy is evaluated regularly to ensure alignment with its Vision, Mission, and evolving business landscape. This evaluation involves the Board of Directors and Bank Mandiri executives through structured discussion forums for the preparation of the Corporate Work Plan and Budget (RKAP), the Long-Term Corporate Plan (RJPP), and the Sustainable Finance Action Plan (RAKB).

These discussions assess performance achievements, review sustainability initiatives, and determine business direction to navigate challenges and capture emerging opportunities. The integration of RAKB ensures that sustainable finance principles are embedded in the Company's strategy in line with regulatory requirements and support long-term environmental, social, and governance (ESG) objectives.

The RKAP is formulated based on the RJPP and incorporates the RAKB through a collaborative, cross-functional process before being submitted to the Board of Commissioners for approval. This approach ensures that the Company's strategy remains aligned with its long-term goals while advancing responsible and sustainable business practices.

PERFORMANCE ASSESSMENT OF THE COMMITTEE UNDER THE BOARD OF DIRECTORS AND ASSESSMENT BASIS

Throughout 2025, the Executive Committees under the Board of Directors fulfilled their mandates in overseeing the Bank's operational and strategic areas. Each committee played a critical role in ensuring the effective execution of strategies, the achievement of operational goals, and the consistent application of governance frameworks. The performance assessment highlights the significant contribution of the Executive Committees in supporting effective management and the achievement of Bank Mandiri's strategic objectives throughout 2025. Below is the performance summary of each committee during 2025:

Assets & Liabilities Management Committee (ALCO)	Assets & Liabilities Management Committee (ALCO) has effectively carried out its duties, supporting the Board of Directors in among others managing asset and liability strategies, setting interest rates, and maintaining liquidity, as well as monitoring the financial indicators within the Recovery Plan. In 2025, ALCO held 26 (twenty six) meetings and 2 (two) circular decisions focusing on its work plan and critical issues.
Business Committee	Business Committee (BC) has effectively carried out its duties, supporting the Board of Directors in shaping the Company's integrated business strategy, overseeing product and activity management, and optimizing marketing strategies for Wholesale and Retail Banking. In 2025, the Committee conducted 9 (nine) meetings addressing key agenda items and issues.
Capital & Subsidiaries Committee	The Capital and Subsidiaries Committee (CSC) has carried out its duties effectively in supporting the Board of Directors, particularly in managing the Company's capital and overseeing Subsidiaries. These duties include formulating capital management strategies, recommending corporate actions, determining Subsidiary management strategies including capital injections and divestments, proposing the appointment and/or dismissal of members of the Board of Directors and/or Board of Commissioners of Subsidiaries, as well as determining remuneration for members of the Board of Directors and/or Board of Commissioners of Subsidiaries. The CSC held 23 (twenty-three) meetings throughout 2025.
Human Capital Policy Committee	Human Capital Policy Committee (HCPC) has effectively carried out its duties, supporting the Board of Directors in among others devising the Company's human capital strategies, organizational development, and strategic directions for Human Capital Information Systems. The Committee conducted 14 (Fourteen) meetings in 2025 as per its work plan.
Information Technology & Digital Banking Committee	The Information Technology & Digital Banking Committee (ITDC) has effectively carried out its duties in supporting the Board of Directors in decision-making related to the IT Strategic Plan, IT Development Plan, and strategic IT initiatives within its authority. In 2025, ITDC held 5 (five) decision-making sessions.
Integrated Risk Committee	Integrated Risk Committee (IRC) has effectively fulfilled its duties in supporting the Board of Directors by overseeing the implementation of Integrated Risk Management across the Group. IRC ensured the adequacy of risk identification, measurement, and monitoring processes, as well as the alignment of risk management policies and strategies. Throughout 2025. IRC convened 4 (four) online meetings and gave 1 (one) circular recommendations.
Policy & Procedure Committee	The Policy & Procedure Committee (PPC) has effectively carried out its duties in supporting the Board of Directors, including regulating corporate policies through Mandiri Group Regulations, policies, or procedures, and granting authority to corporate officials on an ex-officio basis. In 2025, PPC issued a total of 37 (thirty-seven) decisions, with 1 (one) decision made through meeting and 36 (thirty-six) decisions made through circular decisions.
Risk Management Committee	Risk Management Committee (RMC) has effectively carried out its duties, supporting the Board of Directors in the implementation of effective risk management process and system by ensuring the adequacy of the implementation of identification, measurement, risk monitor, and the determination of risk management policy and strategy. In 2025, the Committee approved 13 (thirteen) decisions through 8 (nine) meetings and 4 (four) circular
Credit Policy Committee	Credit Policy Committee Category A (CPC A) is a committee established to assist the Board of Directors in formulating credit policies, overseeing policy implementation, monitoring the development and condition of the credit or financing portfolio, and providing recommendations for corrective actions. In 2025. CPC A approved 1 (one) circular decision. Credit Policy Committee Category B (CPC B) is a committee established to assist the Board of Directors in reviewing and/or evaluating matters related to Management Limits and in establishing Management Limits in accordance with its decision-making authority. In 2025, CPC B approved 5 (five) decisions through 4 (four) meetings and 1 (one) circular decision.
Transformation Committee	Transformation Committee (TFC) has effectively carried out its duties, supporting the Board of Directors in among others overseeing the Bank's transformation initiatives, ensuring alignment with strategic objectives. The Committee held 2 (two) meetings in 2025.
Credit Committee	Credit Committee/Credit Committee Meeting (RKK) has effectively carried out its duties, supporting the Board of Directors in among others managing loan disbursement decisions within its authority limits. In 2025, the Committee has made 3,123 loans decisions, consisting of 1,013 in the Corporate segment, 1,775 in the Commercial segment, 64 in the SAM segment, and 271 in the SME segment.
Komite Tanggung Jawab Sosial dan Lingkungan	Social & Environmental Responsibility Committee (SERC) has effectively carried out its duties, supporting the Board of Directors in among others mapping and preparing the Company's Social & Environmental Responsibility Program (TJSL). The Committee held 2 (two) meetings in 2025. focusing on work plan execution and priority issues.

BOARD OF DIRECTORS EXECUTIVE COMMITTEES

The Board Committees of Bank Mandiri serve as a governance foundation that ensures every strategic decision is made with clarity, discipline, and full alignment with regulatory expectations. Through strong analytical support and well-grounded recommendations, these committees enhance the Bank's management effectiveness and reinforce consistent strategy execution across the organisation.

In carrying out its management responsibilities, the Board of Directors of Bank Mandiri is supported by the Corporate Secretary and a set of Board Committees that provide analysis, advice, and recommendations on strategic and operational policies. These committees, established through Board Decree No. KEP.DIR/027/2025 dated 20 May 2025 and In line with SEOJK No. 14/2025. These Committees form an integral part of the Bank's governance structure to ensure that strategy execution is effective, well-controlled, and aligned with regulatory requirements.

The Board Committees do not have the authority to represent or act on behalf of the Bank in entering into agreements or signing contracts with third parties. Any action undertaken on behalf of the Bank must only be carried out by authorised parties as stipulated in the Bank's Articles of Association.

ASSETS & LIABILITIES MANAGEMENT COMMITTEE

The Assets & Liabilities Manegement Committee (ALCO) is established to assist the Board of Directors in carrying out functions related to setting strategies for managing assets and liabilities, determining interest rates, and maintaining liquidity, as well as other matters related to the Company's asset and liability management. Moreover, during periods of significant financial stress or financial and economic crises, ALCO is responsible for monitoring and executing or activating the Recovery Plan.

Credit Policy Committee Charter

Pursuant to POJK No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks article 75 and SEOJK No. 14/SEOJK.03/2025, Chapter VI, Point 16 concerning the Implementation of Good Corporate Governance for Commercial Banks stated that the Bank must have guidelines and committee work rules, wherein for the Risk Management & Credit Policy committee has been regulated in Board of Directors Decree No. KEP. DIR/029/2025, consisting of: purpose of establishment, duties, responsibilities, and authority, structure and membership, meetings, quorum, decision making, performance evaluation mechanisms, and review periods for committee guidelines and rules of procedure.

Credit Policy Committee Duties and Responsibilities

1. Category A – Credit Policy

The CPC – Category A's duties, authorities, and responsibilities are:

a. Monitoring and evaluating the development and quality of the overall credit or financing portfolio.
b. Overseeing the implementation of Credit Policies, formulating solutions in case of obstacles or challenges in their implementation, conducting periodic reviews of Credit Policies, and providing recommendations to the Board of Directors when changes or improvements are necessary.
c. Monitoring and evaluating the accuracy of the exercise of credit decision-making authority, the credit granting process, the development, and the quality of credits granted to related parties and certain large debtors.
d. Monitoring and evaluating the accuracy of the implementation of the Legal Lending Limit (LLL) provisions, compliance with laws and regulations related to credit granting, and the resolution of problematic loans as set out in the Credit Policies.
e. Ensuring and evaluating the Bank's efforts in meeting the adequacy of loan loss provisions.
f. Submitting periodic written reports and providing recommendations for corrective actions to the Board of Directors, with copies to the Board of Commissioners, regarding the results of oversight on the implementation and execution of Credit Policies and the monitoring and evaluation of the items mentioned above.
g. Providing input to the Board of Directors in the formulation and/or adjustment/improvement of the Bank's Credit Policies, especially concerning the formulation of prudential principles in lending, for subsequent approval by the Board of Commissioners.

2. Category B – Credit Policy

The CPC – Category B's duties, authorities, and responsibilities are as follows:

a. Discussing and/or evaluating agendas related to Management Limits with the following scope:

Type	Maximum Master Limit	Decision-Making Authority	
Tier A	Up to a maximum of 90% of the Legal Lending Limit (LLL)	All Limit Proposals	Board of Directors Meeting
Tier B	Up to a maximum of 70% of the Legal Lending Limit (LLL)	Master Limit Proposal at 60%-70% of Legal Lending Limit (LLL)	Board of Directors Meeting
		Master Limit Proposal at <60% of Legal Lending Limit (LLL)	CPC – Category B
Tier C	Up to a maximum of 50% of the Legal Lending Limit (LLL)	All Limit Proposals	CPC –Category B

b. Determining Management Limits.

Performance Implementation in 2025

In fulfilling its duties and responsibilities, CPC convenes meetings at least once (1) a year or as deemed necessary upon the request of one or more members comittee, the Board of Directors, or a written proposal from relevant work units regarding matters to be discussed. These meetings are coordinated with the Committee Secretary.

In 2025, the CPC Category A provided approvals through 1 (one) circular mechanism, while CPC Category B approved 5 (five) agenda through 4 (four) committee meetings and 1 (one) circular mechanism, with the following details:

No.	Meeting Date	Meeting Agenda	Committee	Quorum Attendance (%)	Remark
1	28 July 2025	Revision of the Credit Policy (KPKD) to align with regulatory provisions of POJK No. 26 of 2024 on the Expansion of Banking Business Activities.	CPC Category A	100%	Circular
2	6 January 2025	Approval of Master Limit proposal for Corporate Banking segment	CPC Category B	100%	Committee Meeting

Transformation Committee Charter

Pursuant to POJK No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks article 75 and SEOJK No. 14/SEOJK.03/2025, Chapter VI, Point 16 concerning the Implementation of Good Corporate Governance for Commercial Banks stated that the Bank must have guidelines and committee work rules, wherein for the Transformation Committee has been regulated in the Board of Directors Decree No. KEP.DIR/038/2025, consisting of: purpose of establishment, duties, responsibilities, and authority, structure and membership, meetings, quorum, decision making, performance evaluation mechanisms, and review periods for committee guidelines and rules of procedure.

Duties, Responsibilities and Authorities

The following are Transformation Committee duties, responsibilities and authority:

Duties and Responsibilities:

1. Provide guidance on transformation proposals, including but not limited to initiatives/projects to be implemented and managed by the transformation unit in alignment with the Bank's business strategy.
2. Ensure that the implementation of transformation initiatives/projects proceeds according to the established transformation plan.
3. Address and resolve strategic issues related to transformation management.

Authorities:

1. Define strategic direction for the development of the Bank's transformation efforts.
2. Determine the initiatives/projects to be implemented and managed by the transformation unit in alignment with the Bank's business strategy.
3. Approve organizational adjustments within units and appointments of officers performing transformation functions, in accordance with organizational change authorities.

Performance Implementation in 2025

In fulfilling its duties and responsibilities, TFC convenes meetings at least 3 (three) times a year. Additional meetings may be held at anytime as needed at the request of one or more members of the committee, at the request of the Board of Directors, or based on a written proposal from a relevant unit. Such requests shall include discussion materials and be coordinated with the Committee Secretary.

Throughout 2025, the Transformation Committee has carried out its duties, responsibilities, and authorities by making 2 (two) decisions, detailed as follows:

No.	Date	Agenda & Decision	Attendance
1	29 April 2025	Akselerasi Eksekusi Strategi Tabungan Tahun 2025	Meeting quorum with 100% attendance rate
2	24 June 2025	Update Game Plan Retail Banking 2025: Driving Profitable Growth through Prudent Retail Banking and Ecosystem Orchestration	Meeting quorum with 100% attendance rate

Transformation Committee Works Plan in 2026

1. Evaluation of the 2025 Transformatio
2. Establishment of Strategic Transformation Priorities.
3. Harmonization of Transformation Initiatives with Business Strategy.
4. Resolution of Strategic Transformation Issues.
5. Adjustment of Organizational Structure and Transformation Capabilities.

CREDIT COMMITTEE/RAPAT KOMITE KREDIT

The Credit Committee/Rapat Komite Kredit (RKK) is established to assist the Board of Directors in making decisions regarding lending activities. These include new loans, additional loans, loan reductions, and/or loan extensions managed by the Business Unit, in line with the established limits of authority. This also covers decisions related to the determination or modification of loan structures.

Credit Committee Membership and Structure

The RKK was established based on a Board of Directors Decree on the Executive Committee, as last amended by Board of Directors Decree No. KEP.DIR/027/2025 dated 20 May 2025.

The composition of RKK members is determined based on the Four Eyes Principle, ensuring a proportional balance between representatives holding business authority and those holding credit risk authority. To support its implementations, the Credit Committee is equipped with a Committee Secretary.

Credit Committee Charter

Bank Mandiri has established a Credit Committee Charter, which is stipulated in the Standard Credit Procedures specific to each business segment.

The Credit Committee Charter defines key aspects such as the duties, responsibilities, and authorities of the Credit Committee. The Charter also governs the Committee's structure and membership, ensuring proportional representation of both business functions and credit risk functions.

Credit Committee Duties and Responsibilities

In carrying out its functions, the Credit Committee has the duties and responsibilities as set forth in the Loans Procedure Standards per segment as follows:

1. Credit Committee
   The Credit Committee shall recommend and/or terminate the loans (new, addition, reduction, and/or renewal) managed by the Business Unit in accordance with the authority limit, including the credit structure determination/amendment.
2. Credit Committee – Restructuring
   a. Credit Committee – Restructuring is authorized to recommend and or decide as authorized by:
   b. Restructuring and completion of loans for Collectability 3, 4, 5 and collectability 1 and 2 post restructuring which is still managed by the Credit Recovery Unit.
   c. Restructuring of collectability Credits 1 and 2 category watch lists.
   d. Recovery/settlement of loans extraction tables, including deciding the acquired assets (AYDA).
   e. Write-off the book and remove credit charges.
3. The authority and responsibility for loans decision is attached by individual and not by position where each authority holder for loan decision is mutually independent and taken the same authority in the decision or refusal of a loan proposal.
4. The authority to terminate loans is utilized in accordance with the applicable lending and procedures.
5. The extension of loans period can only be done after the proportional distribution of debtor transactions has been carried out to the debtor's operating account at Bank Mandiri. If the distribution of debtor transactions to the operating account has not been carried out proportionally, then the extension of loan facility must be submitted and requested the approval from the Credit Committee/Credit Restructuring Committee according to the limit of authority by informing the condition.

Credit Committee Duties Implementation in 2025

In 2025, the Credit Committee has made 3,123 loans decisions, consisting of 1,013 in the Corporate segment, 1,775 in the Commercial segment, 64 in the SAM segment, and 271 in the SME segment.

Credit Committee Works Plan in 2026

The Credit Committee has set the 2026 works plan, among others, to provide recommendations and/or approval of lending (new, additional, decrease, and or renewal) managed by the Business Unit in accordance with the authority of limit, including the determination/change of loans structure.

SOCIAL & ENVIRONMENTAL RESPONSIBILITY COMMITTEE (TJSL)

The Social & Environmental Responsibility Committee (TJSL) is established to support the Board of Directors in coordinating across work units and functions to achieve the following objectives: formulating goals and guidelines for implementing the Bank Mandiri TJSL (Social and Environmental Responsibility) Program, mapping and preparing the TJSL Program, and assisting the Board of Directors in evaluating its implementation.

Social & Environmental Responsibility Committee Structure and Memberships

Based on the Decree of the Board of Directors No. KEP.DIR/031/2025 dated 22 May 2025 on the Social & Environmental Responsibility Committee (SERC), the structure and membership of the SERC are as follows:

Social & Environmental Responsibility Committee Member Structure

Social & Environmental Responsibility Committee Charter

Pursuant to POJK No. 17 of 2023 concerning the Implementation of Governance for Commercial Banks article 75 and SEOJK No. 14/SEOJK.03/2025, Chapter VI, Point 16 concerning the Implementation of Good Corporate Governance for Commercial Banks stated that the Bank must have guidelines and committee work rules, wherein for the Social & Environmental Responsibility Committee has been regulated in the Board of Directors Decree No. KEP.DIR/031/2025, consisting of: purpose of establishment, duties, responsibilities, and authority, structure and membership, meetings, quorum, decision making, performance evaluation mechanisms, and review periods for committee guidelines and rules of procedure.

Duties, Responsibilities and Authorities

The following are the Social & Environmental Responsibility Committee duties, responsibilities and authority:

Duties and Responsibilities:

1. Coordinate across work units/divisions to define goals and implementation guidelines for Bank Mandiri's Social and Environmental Responsibility (TJSL) Program;
2. Conduct mapping and preparation of the TJSL Program; and
3. Assist the Board of Directors in evaluating the implementation of the TJSL Program.

Authorities:

1. Determine and coordinate the work units responsible for implementing Bank Mandiri's TJSL Program, ensuring that the program meets its established targets; and
2. Request data and information related to the TJSL Program.

Performance Implementation in 2025

In fulfilling its duties and responsibilities, SERC convenes meetings at least 2 (two) times a year. Additional meetings may be held at anytime as needed at the request of one or more members of the committee, at the request of the Board of Directors, or based on a written proposal from a relevant unit. Such requests shall include discussion materials and be coordinated with the Committee Secretary.

In 2025, the Social & Environmental Responsibility Committee has carried out its duties, responsibilities, and authorities by making 2 (two) decisions, detailed as follows:

No.	Meeting Date	Meeting Agenda	Quorum Attendance (%)
1	19 December 2025	TJSL Performance Reporting in 2025	100
2	29 December 2025	Approval of the 2026 Social and Environmental Responsibility Program and Budget Plan	100

Social & Environmental Responsibility Committee Work Plans for 2026

1. Mapping and compiling Bank Mandiri's TJSL Program.
2. Evaluating the implementation of Bank Mandiri's TJSL Program.

CORPORATE SECRETARY

The Corporate Secretary ensures that Bank Mandiri's strategic information is communicated accurately. timely. and in full compliance with regulations. Through effective coordination between internal governance bodies and stakeholders. this function strengthens trust and reinforces the Bank's reputation.

The Corporate Secretary serves a strategic role in ensuring that Bank Mandiri operates in full compliance with legal requirements, banking regulations, and Good Corporate Governance principles. This function ensures that all material information is disclosed to stakeholders, including shareholders, supervisory authorities, analysts, capital market participants, and the public, in an accurate, complete, and timely manner. The Corporate Secretary also coordinates the Bank's strategic communications, ensuring consistent and transparent messaging that supports the Bank's reputation as a trusted financial institution.

As the primary liaison between the Bank's internal governance bodies, the Board of Directors. Board of Commissioners, and committees, and external parties such as the Financial Services Authority. Bank Indonesia, government institutions, shareholders, and the public, the Corporate Secretary plays a critical role in facilitating information flow and governance processes. The Corporate Secretary reports to the Board of Directors and is appointed in accordance with Board decisions and regulatory requirements. At Bank Mandiri, this function is carried out by the Corporate Secretary Group, led by an executive at the Senior Vice President level or above, ensuring effective execution, professionalism, and alignment with banking governance standards.

Legal References of Appointment

The establishment, appointment and implementation of functions and duties of Corporate Secretary refer to:

1. Law No. 16 of 2025 on the fourth amendment of Law No. 19 of 2022 of State-Owned Enterprises.

INTERNAL AUDIT

Internal Audit provides independent and structured assurance to ensure effective governance. risk management. and internal control. This role supports consistent compliance across all business units and subsidiaries of Bank Mandiri.

In carrying out its duties. Internal Audit is granted full. unrestricted. and unobstructed access to all records. data. physical assets. and personnel relevant to its audit assignments. This level of access is essential to conducting comprehensive evaluations. At the same time. Internal Audit is responsible for maintaining the confidentiality and integrity of all information obtained during the audit process. in line with professional standards and the audit code of ethics.

Internal Audit operates independently and objectively. led by the Chief Audit Executive who reports directly to the President Director and the Board of Commissioners through the Audit Committee. The Chief Audit Executive is appointed and dismissed by the President Director with the approval of the Board of Commissioners and is reported to the Financial Services Authority. Serving as the third line of defense. Internal Audit continues to strengthen internal control quality across all lines of defense by advancing audit methodologies. leveraging data analytics. and applying modern audit tools to enhance the effectiveness and efficiency of the audit process.

Active Roles and Oversight of the Board of Directors and Board of Commissioners to the Internal Audit

Members of the Board of Directors of Bank Mandiri are responsible for ensuring that an adequate internal control framework is in place to identify. measure. monitor. and control all risks faced by the Bank. The Board of Directors must also ensure that the Internal Audit Unit (SKAI) receives complete access to information related to business developments. initiatives. projects. products. operational changes. and identified risks. In addition. the Board of Directors is responsible for ensuring the timely and optimal follow-up of all Internal Audit findings and recommendations. and for providing the Chief Audit Executive with the necessary resources and budget to execute the annual audit plan effectively.

The Board of Commissioners of Bank Mandiri is responsible for ensuring that the Board of Directors establishes and maintains an effective and efficient internal control system. The Board of Commissioners reviews the effectiveness of the internal control system at least once a year based on information provided by Internal Audit and appoints an independent external quality assessor to review the performance of Internal Audit. taking into account recommendations from the Audit Committee.

In carrying out the internal audit function. Bank Mandiri conducts communication with the OJK at least once a year. either virtually or in person. This communication is led by the Chief Audit Executive and covers discussions on risk areas identified by both OJK and Internal Audit. the Bank's risk mitigation measures. the status of follow-up actions on identified weaknesses. findings and recommendations from internal audits conducted during the year. and the Bank's annual audit plan.

Bank Mandiri follows up on all recommendations provided by OJK to enhance the effectiveness and efficiency of the internal audit function. The implementation of internal audit function. including structure. authority. and principal duties of Internal Audit. as well as other operational aspects. complies fully with the OJK regulations on the implementation of internal audit functions at commercial banks.

Auditor Code of Ethics

The Internal Auditors of Bank Mandiri are required to be professional and obey the established code of ethics. The Bank Mandiri Internal Auditor's code of ethics are as follows:

1. **Integrity**
   Internal Auditors demonstrate integrity in their work and behavior.
2. **Objectivity**
   Internal Auditors maintain an impartial and unbiased attitude when performing internal audit activities and making decisions.
3. **Competency**
   Internal Auditors must possess and apply the knowledge. skills. and abilities to fulfill their roles and responsibilities successfully.
4. **Exercise Due Professional Care**
   Internal Auditors apply due professional care in planning and performing internal audit activities.
5. **Confidentiality**
   Internal Auditors use and protect information appropriately.

Internal Audit Capacity Building

The Internal Audit competency development is presented in the Profile Chapter of this Annual Report.

Information System of Internal Audit

To improve the effectiveness of audit implementation and provide a full picture to the Management regarding the audits. the audit activities consisting of planning. implementation. reporting and monitoring stages are carried out using an application called the Audit Management Information System (SIMANIS) which is carried out internally as a system of recording and monitoring the results of audits and investigations. The SIMANIS application had been applied since 21 February 2020 and. is constantly developed to improve from previous versions.

Audit Methods

Internal Audit applies a risk-based audit (RBA) methodology for internal audit activities by focusing on high-risk areas. The application of this methodology is in accordance with the needs of the Company. regulatory and best practices.

The application of a RBA methodology requires good cooperation between Internal Audit and the Operational Risk Management Unit and the Client.

The following is the grand design of risk-based audit application at Bank Mandiri:

Internal Audit Work Programs

In 2025. Internal Audit prepared an audit plan consisting of 41 (forty-one) assignment subjects. which include Thematic Audits. General Audits. Mandatory Audits. Subsidiary Audits. and Consulting. These assignments are carried out by three work units in Internal Audit. namely the Wholesale & Corporate Center Audit Group Unit. Retail Audit Group. and Information & Technology Audit Group. The details of the assignment subjects are presented in the following chart.

Audit Activities in 2025

The dynamic development of the internal audit methodology encouraged the Company's Internal Audit unit to be more responsive and proactive. With this change, the audit plan which was originally static had become more dynamics, adapting to the conditions and needs of the Company. In 2025, audit activities were carried out based on the previously prepared audit plan hence the audit results will be followed up and used as material to make continuous improvements in the Company.

PUBLIC ACCOUNTANT

External audit ensures that Bank Mandiri's financial statements are prepared with the highest standards of transparency and integrity, providing independent assurance to stakeholders on the accuracy and reliability of the Bank's financial information.

Referring to POJK No. 37/POJK.03/2019 and SEOJK No. 9/SEOJK.03/2020 on Transparency and Publication of Conventional Commercial Bank Reports, as well as SEOJK 14/2025 on Commercial Banks Governance, Bank Mandiri implements an external audit process that is independent, professional, and fully aligned with regulatory standards. The Bank appoints public accountants and/or Public Accounting Firms (KAP) that meet the required competency and independence criteria, and ensures that the audit is conducted in accordance with the Public Accountants Professional Standards and the approved audit scope.

In line with these regulations. the appointment of the KAP is carried out in line with OJK provisions governing the use of public accountant services in the financial services sector, and is approved by the Board of Commissioners based on recommendations from the Audit Committee. Through this mechanism, Bank Mandiri ensures that the external audit is conducted objectively and effectively, covering the issuance of an opinion on the fairness of the financial statements. an evaluation of internal control effectiveness, and a review of areas previously examined by Internal Audit.

Appointment of Public Accountant

Pertaining to the resolution of the Annual GMS dated 25 March 2025, the Meeting has agreed to appoint Public Accounting Firm Purwanto Susanti dan Surja (formerly Purwantono, Sungkoro & Surja (a member firm of Ernst & Young Global Limited)) which will audit the Company's Consolidated Financial Statements, Micro and Small Business Funding Program (PUMK) Financial Statements, and other reports for 2025 Financial Year.

The following are Public Accountant Firm appointment stages for Fiscal Year 2025 Financial Statements:

1. The Board of Commissioners requests the Board of Directors to appoint a Public Accountant (AP) and a Public Accounting Firm (KAP).
2. The Procurement Team for the Public Accounting Firm (KAP) for the 2025 Financial Statements, appointed by the Board of Directors, carried out the procurement process in accordance with POJK Number 9 of 2023 on the Use of Public Accountants and Public Accounting Firms in Financial Services Activities and other relevant regulations.
3. Following the evaluation of technical and financial aspects of the proposals submitted by participating Public Accounting Firms, the Board of Directors submitted the procurement results to the Board of Commissioners through the Audit Committee.
4. The Audit Committee provided recommendations to the Board of Commissioners regarding the procurement results as the basis for proposing the appointment of the Public Accounting Firm at the Annual GMS on 25 March 2025.
5. The Public Accounting Firm was formally appointed at the Annual GMS on 25 March 2025.
6. Bank Mandiri subsequently communicated the appointment decision from the Annual GMS to all participating Public Accounting Firms.

Bank Mandiri applies the principles of Professional Ethics in carrying out the determination of External Auditors. which are:

1. Professional responsibility
2. Public interests
3. Integrity
4. Objectivity
5. Professional competence and prudence
6. Confidentiality
7. Professional behaviour
8. Technical standard.

Relationship among Bank Mandiri, Public Accountants, and Regulators

Bank Mandiri maintains transparent and collaborative relationships with Public Accountants and regulators, while fully adhering to all prevailing laws and regulatory requirements. To ensure the quality of the external audit process, the Audit Committee, together with Internal Audit, oversees the audit work performed by the Public Accounting Firm.

Prior to the audit commencement, the Public Accountant presents the audit plan to the Audit Committee, including the methodology, testing approach, and sample coverage. This information is also shared with Internal Audit to facilitate proper coordination. Throughout the audit process, regular discussions are held to review progress, preliminary findings, and other key matters, including issues related to the effectiveness of internal controls.

The Audit Committee continuously monitors the performance of the Public Accountant through meetings attended by relevant members of the Board of Directors. These meetings also address the follow-up actions taken by the Bank in response to findings reported by the Public Accounting Firm. This strong coordination ensures that the audit process is thorough, effective, and produces comprehensive insights that support improved governance quality.

INTERNAL CONTROL SYSTEM

The Internal Control System ensures that every process within Bank Mandiri operates securely. systematically. and in alignment with governance principles. enabling effective risk management and reliable achievement of the Bank's strategic objectives.

Bank Mandiri's Internal Control System (ICS) is established by the Board of Directors and approved by the Board of Commissioners as a continuous mechanism to protect assets. enhance compliance. reduce potential losses and irregularities. and strengthen the overall effectiveness of the organisation. The ICS is embedded across all levels of the Bank as part of its risk management process to identify events that may affect operations. manage risks within the defined risk appetite. and provide reasonable assurance in achieving the Bank's strategic objectives. The implementation of the ICS refers to Bank Mandiri's Internal Control Policy (KICN).

Control Objectives

The objectives of effective ICS implementation are grouped into 4 (four) main objectives as follows:

1. **Compliance Objectives**
   To ensure that all business activities of the Bank have been carried out in accordance with the prevailing laws and regulations. both the provisions issued by the Government. the Banking Supervisory Authority. the Capital Market Authority as well as the Bank's internal policies. provisions. and procedures.

2. **Purpose of Information**
   To provide accurate. complete. timely and relevant information needed in making appropriate and accountable decisions. including financial and non-financial reporting needed by internal and external parties of the Bank.

3. **Operational Objectives**
   To increase effectiveness and efficiency in using assets and other resources and protect the Bank from the risk of losses including those caused by fraud events.

4. **Risk Culture Objectives**
   To identify weaknesses and assess deviations early and reassess the reasonableness of existing policies and procedures within the Bank on an ongoing basis.

Management Oversight and Control Culture

The control environment reflects the commitment. conduct. and oversight of Bank Mandiri's Board of Directors and Board of Commissioners in ensuring that operations align with governance principles. The Board of Commissioners oversees the effectiveness of the Internal Control System and encourages improvements where needed. while the Board of Directors establishes internal control policies. strategies. and procedures and monitors their adequacy. Both governing bodies foster strong ethics. integrity. and an organisational culture that emphasises the importance of internal controls across the Bank.

Supervision by management is carried out through the establishment of a control culture through the stipulation of policies and practices of human resources. as follows:

1. Bank has written policies and procedures regarding human resources. including recruitment. career path. payroll and remuneration system. as well as employee coaching and development.
2. The Bank evaluates the performance. competence and application of cultural values by employees on a regular basis. the results of which become the basis for employee assignment and placement.
3. The Bank has an adequate organizational structure and reflects the field of duties and responsibilities established in accordance with applicable regulations.
4. The Bank has a written policy regarding the provisions and procedures for changing the organizational structure.
5. The management of the Bank is carried out by referring to the principles of Good Corporate Governance.
6. The Bank's decision-making is determined in the Board of Directors meeting.
7. The decision-making process is carried out in a bottom-up and top-down manner.
8. The Bank establishes policies aimed at preventing opportunities to commit irregularities or violations of the precautionary principle.
9. The Bank applies the principle of transparency hence employees can communicate to the relevant management about any issues that occur in the Bank's operational activities.

10. The entire process of recruitment. development and career path is carried out taking into account the competence of employees.
11. Management assigns and places employees based on job exposure. level of knowledge. ability. mastery of technical competence and application of behavior and results of employee performance assessment.
12. The Board of Directors establishes a corporate culture that reflects the values underlying the conduct of the entire Bank's levels.
13. All levels of the Bank are required to have integrity and uphold ethical values.
14. Management becomes a role model. always increases the engagement level of all employees and has a high personal commitment to the development of a sound Bank.
15. Management is obliged to improve an effective risk culture and ensure that it is inherent at every level of the organization.

For the oversight of the Board of Directors and control culture. the Bank sets strategies & objectives as requirements for an effective event identification. risk assessment and risk response process. consisting of:

1. Strategic Objectives. the high-level targets and in line with the Bank's vision and mission.
2. Operational Objectives. the derivative goals and strategic objectives at the operational level (activities. work units and others).

The Bank has standard procedures for targets setting in accordance with the vision. mission and risk appetite.

Risk Recognition and Assessment

The Board of Directors identifies events that may influence Bank Mandiri's ability to execute its strategies and achieve its objectives. This includes recognising events that may create risks requiring assessment and response. as well as opportunities that may support strategic development. In doing so. the Board considers all aspects of the organisation to ensure a comprehensive view of potential events.

Risk assessment is carried out through several activities. from identifying and analysing to measuring risks. across all processes that may pose potential losses to the Bank. Bank Mandiri has a written risk management policy established by the Board of Directors and approved by the Board of Commissioners as the foundation for effective risk management. The assessment covers both quantitative and qualitative risks. as well as risks that can be controlled and those that cannot.

The risk assessment methodology forms the basis for developing a risk profile that is periodically updated. Based on the results. the Bank determines whether a particular risk should be accepted. mitigated. or avoided by adjusting business activities. When new risks arise or existing risks remain uncontrolled. the internal control system must be reviewed through continuous evaluation of changes in conditions and the effectiveness of existing controls.

Following the assessment. the Board of Directors determines the appropriate risk response. including mitigation measures and enhancements to internal controls. to ensure that Bank operations remain secure and aligned with strategic objectives.

Control and Separation of Functions Activities

Control activities include control activities and segregation of duties. with the following description:

1. Control Activities

Control activities engage all levels of the Company. which includes planning. setting policies and procedures. implementing controls and early verification processes to ensure that policies and procedures have been consistently adhered to. and are activities that cannot be separated from every function or activity of the Bank on a daily basis. Control activities are implemented at all levels of functions according to the Bank's organizational structure. which includes:

a. Top Level Review
   The Board of Directors regularly requests reports and explanations from Unit Heads to review performance against targets. This review enables the Board to promptly identify issues. including control weaknesses. financial reporting errors. or potential fraud.

b. Functional Review
   The review is carried out by Internal Audit during examinations or regulatory reporting by assessing the risk evaluations prepared by the Risk Management Unit. analysing operational and financial data by verifying transactions against risk reports. and reviewing each unit's work plan and budget to identify significant deviations and determine necessary corrective actions.

c. Control of information systems
The Bank ensures transaction accuracy and compliance with authorization procedures. implements IT controls to maintain system and data confidentiality and integrity. and applies information system controls covering data center operations. system procurement and maintenance. servers. workstations. networks. and application controls to ensure reliable transaction processing and effective audit procedures.

d. Physical controls
Physical asset controls are implemented to ensure the security of the Bank's assets. including safeguarding records and documentation. restricting access to applications. and conducting periodic asset appraisals.

e. Documentation
The Bank properly documents all policies. procedures. systems. and work standards. updates them regularly to reflect current operations. and ensures their availability to internal auditors. external auditors. and supervisory authorities. The Internal Audit Unit evaluates the accuracy and completeness of these documents during routine and non-routine audits.

2. Segregation of Duties

a. The separation of functions is intended for everyone in his/her position to not have the opportunity to commit and hide errors or deviations in the performance of his/her duties at all levels of the organization and all steps of operational activities.

b. The organizational structure is made by separating the functions of recording. audit. operational and non-operational (segregation of duties). hence to create a system of dual control. dual custody and avoid duplication of work in every activity and avoid conflicts of interest.

c. In implementing segregation of duties. the Bank allocates key tasks to multiple individuals to reduce the risk of data manipulation or asset misuse. This separation applies not only to front and back-office activities but also to fund approval and disbursement. management of customer and owner accounts. transaction recording. customer information delivery. credit documentation review and monitoring. activities that may create conflicts of interest. and maintaining the independence of the risk management function.

d. Directors and Employees have an adequate job description that contains functions. duties. authorities and responsibilities.

e. The Board of Directors and Employees are prohibited from concurrently holding positions in the Bank's internal environment that can cause conflicts of interest.

Accountancy. Information and Communication Systems

1. Accounting System

The Bank applies an accounting system based on written policies that comply with generally accepted accounting principles. covering the methods and recording processes used to identify. classify. analyse. book. and report all transactions. This system must be implemented consistently. including monthly reconciliations between accounting data and the management information system. with proper documentation. Each unit is required to record transactions promptly and accurately. ensure alignment with the general ledger. clear suspense accounts. and use standard forms or working papers equipped with appropriate security features and adequate documentation.

2. Information

The Bank implements an information system capable of generating reports on business activities. financial condition. risk management. and compliance to support the Board of Directors and Board of Commissioners. Internal controls ensure reliable information across all functional activities. particularly high-risk areas. with secured data. monitoring by internal auditors. and adequate contingency programs. The Bank also ensures effective information security to maintain the confidentiality. integrity. and availability of all managed data.

3. Communication

The Bank maintains a communication system that delivers information to all stakeholders. both internal and external. including regulators. external auditors. shareholders. and customers. The Internal Control System ensures effective communication

channels so that management and employees understand and comply with applicable policies and procedures. Management also ensures that information on policies. risk exposures. transactions. and operational performance is accessible to relevant stakeholders as needed.

Monitoring Activities and Correcting Deficiencies

The Board of Directors continuously monitors the effectiveness of Internal Control System. including IT security and usage. with the Board of Commissioners ensuring proper oversight. Key risks are regularly evaluated by Business Units. Compliance. Risk Management. and Internal Audit to assess the adequacy of the ICS amid internal or external changes. Any weaknesses identified by relevant units or other parties are promptly reported to Management. and material issues are escalated to the Board of Commissioners for corrective action.

Compliance with SEOJK No. 35/SEOJK.03/2017 on Internal Control Standard Guidelines for Commercial Banks

Bank Mandiri's Internal Control System comprises five interconnected components applied across the organisation to support the Bank's objectives. following regulatory requirements and international internal control practices. namely:

1. Oversight by Management and a Control Culture
2. Risk Identification and Assessment
3. Control Activities and Separation of Functions
4. Accounting. Information. and Communication Systems
5. Monitoring Activities and Deviation Correction Actions

Evaluation of Internal Control System Implementation

The Board of Directors ensures the implementation of a reliable and effective Internal Control System and fosters a strong risk-aware culture across the organisation. while Internal Audit periodically evaluates and enhances the system through reviews of business units and subsidiaries. Evaluation results are reported to the Board of Directors for follow-up and monitoring. with the Board of Commissioners. through the Audit Committee. reviewing these outcomes. Based on the 2025 assessment. Bank Mandiri's ICS is considered adequate.

Effectiveness of Internal Control System

The effectiveness of Bank Mandiri's Internal Control System relies on the integration of its five interrelated components. which must be consistently applied across the organisation. Management is responsible for ensuring that the ICS operates reliably and effectively while fostering a strong risk-aware culture at all organisational levels.

Internal Audit continuously evaluates and enhances the effectiveness of the ICS by reviewing operational processes to support the achievement of corporate objectives. Evaluation results are submitted to Management for follow-up and monitoring. Overall. Management considers the ICS to be effective. while recognising the need for ongoing improvements in line with the Bank's growing scale and business complexity.

INTERNAL CONTROL OVER FINANCIAL REPORTING

Bank Mandiri is consistently committed to implementing effective Internal Control over Financial Reporting (ICOFR) to ensure that the financial information and reporting are valid, accurate, transparent, and in compliance with applicable regulations as well as accounting standards.

As part of the Bank's commitment to enhancing good corporate governance, Bank Mandiri has implemented Internal Control over Financial Reporting (ICOFR) to ensure that the financial information and reporting is valid, accurate, transparent, and in compliance with applicable regulations as well as accounting standards.

In its implementation, Bank Mandiri refers to OJK Regulation No. 15 of 2024 concerning the Integrity of Bank Financial Reporting. As part of compliance with this regulation, the Bank has established internal policies that serve as guidelines for all Bank personnel in implementing ICOFR, which, among others, stipulate prohibitions for all Bank personnel from engaging in actions that may cause financial information and financial statements to materially misrepresent the actual condition.

The ICOFR activities include, among others:
1. Determination of materiality and scope of ICOFR for 2025
2. Preparation of Business Process Mapping (BPM) and Risk Control Matrices (RCM) documentation
3. Implementation of control design evaluation (Test of Design Effectiveness/TOD) and Test of Operational Effectiveness (TOE).

To ensure that ICOFR activities are conducted consistently, the Bank has designated the Compliance Group as a Special Work Unit responsible for carrying out bank-wide oversight functions, including monitoring the implementation of ICOFR in Subsidiaries.

Internal Control Report on the Bank's Financial Reporting Process

In 2025, the Bank commenced the systematic implementation of Internal Control over Financial Reporting (ICOFR) in accordance with OJK Regulation No. 15 of 2024 concerning the Integrity of Bank Financial Reporting and the Regulation of the Minister of State-Owned Enterprises of the Republic of Indonesia Number PER-2/MBU/03/2023 concerning Guidelines on Corporate Governance and Significant Corporate Activities of State-Owned Enterprises, to ensure that all information presented in the financial statements for the year ended 31 December 2025 is reliable, free from material misstatement, and in accordance with applicable accounting principles. This initiative is also undertaken to strengthen governance and internal controls in order to maintain the integrity, reliability, and consistency of financial information, as well as to mitigate risk of errors in the financial reporting process.

The Board of Directors of Bank Mandiri is responsible for the implementation and maintenance of internal control over the Bank's financial reporting. Based on the results of the ICOFR effectiveness assessment in accordance with applicable regulations and available information, the Board of Directors of Bank Mandiri has concluded that the implementation of ICOFR for the financial statements for the year ended 31 December 2025 was **effective**.

The implementation of ICOFR inherently has limitations and therefore cannot fully prevent or detect misstatements in the financial reporting process. Accordingly, Bank Mandiri continuously conducts evaluations and ongoing enhancements to ensure that the effectiveness of ICOFR is maintained in line with the Bank's operations and/or evolving regulatory requirements in the future.

COMPLIANCE FUNCTION

Bank Mandiri's Compliance Function ensures that every business activity aligns with regulatory requirements. strengthens operational integrity. and safeguards the Bank from risks that may impact long-term sustainability.

As Bank Mandiri's business grows and technology advances rapidly, the Bank faces increased challenges in managing compliance risks. These challenges necessitate preventive measures to minimize violations of internal regulations and applicable laws.

With all transactions now technology-driven, Bank Mandiri is required to act swiftly and collaboratively to enhance its systems and strategies to meet societal needs effectively. Proper and timely management of compliance risks, in alignment with the latest risk management practices, helps to mitigate risks at an early stage. Addressing these exposures requires a robust compliance function to prevent fraud and potential financial losses to the Company.

Bank Mandiri implements its compliance function by referring to OJK Regulation No. 46/POJK.03/2017 on the Implementation of the Compliance Function for Commercial Banks. Bank Mandiri has established compliance policies and standard procedures that outline the roles and responsibilities of the Compliance Unit (SKK) in performing its compliance functions.

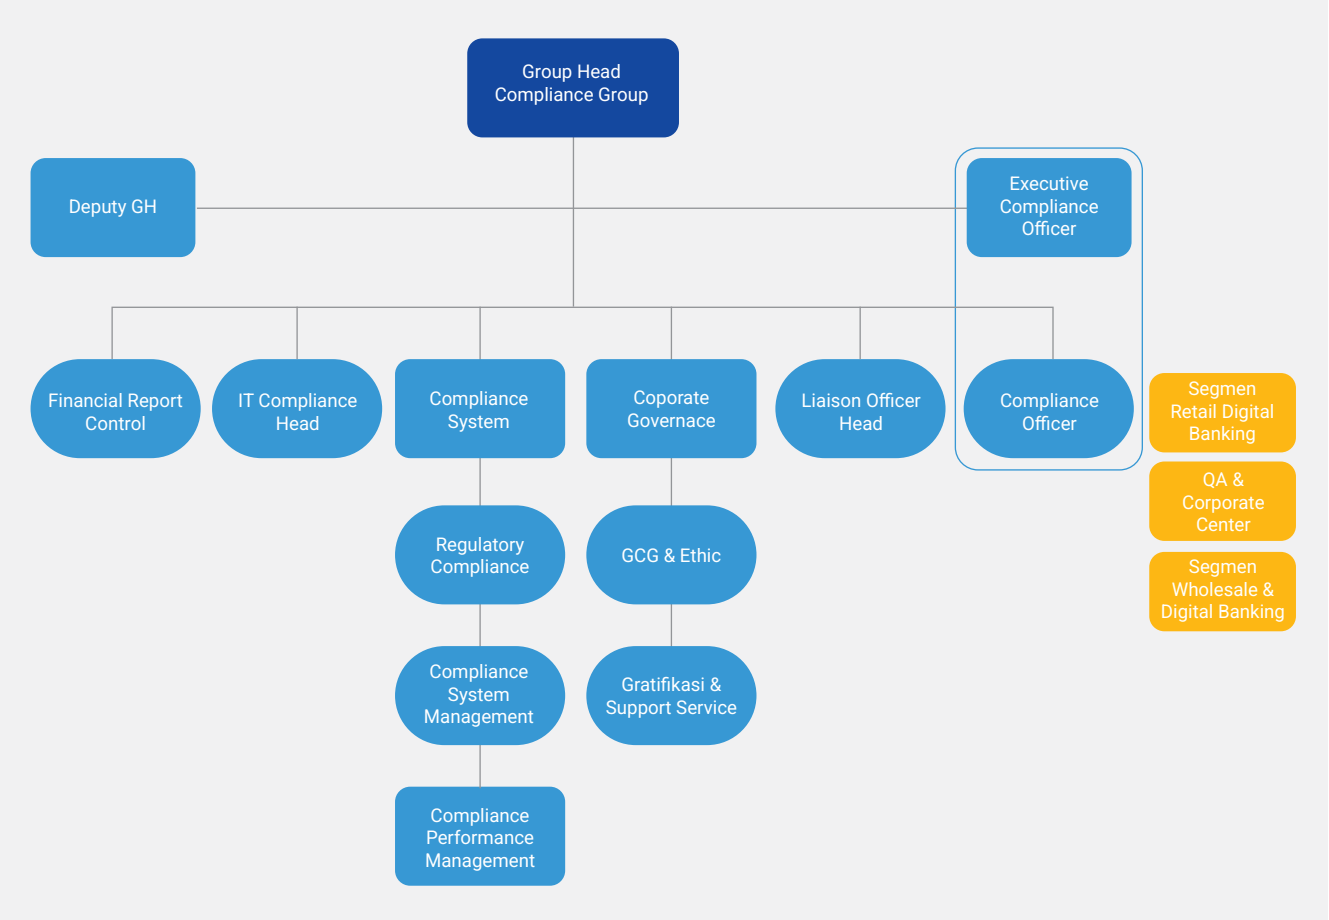
Organizational Structure of Compliance Functions

Organizations that carry out compliance functions are regulated in Bank Mandiri's Compliance Policy which is further elaborated in detail in the Standard Compliance Procedures. The organization consists of:

1. Director in charge of the Compliance Function
2. Compliance Unit

Director In Charge of the Compliance Function

The Director who oversees the Company's Compliance Function is Mrs. Eka Fitria as Human Capital and Compliance Director.



Compliance Unit

The Compliance Group serves as the Work Unit responsible for the Compliance Function (SKK) at Bank Mandiri. This unit reports directly to the Director overseeing the Compliance Function. In its capacity as the Compliance Unit. the Compliance Group fulfills the following requirements:

1. Independence.
2. Understanding the applicable provisions and laws and regulations.
3. Not performing other duties outside of the Compliance Function.
4. Have a high commitment to implement and develop a Compliance Culture.

In line with OJK Regulation No. 18/POJK.03/2014 on the Implementation of Integrated Governance for Financial Conglomerates. the Compliance Group also serves as the Integrated Compliance Unit (SKKT). Its role includes monitoring and evaluating the implementation of compliance functions across all Financial Services Institutions (LJK) that are part of the Mandiri Group financial conglomerate.

To effectively execute its compliance functions, the Compliance Group is structured into 5 (five) departments and 3 (three) functional units of Compliance Officers, organized as follows:

Profile of Head of Compliance Function

The Bank's Compliance Unit is led by the Head of Compliance Unit. The appointment and/or dismissal of the Head of Compliance Unit refers to the Bank's Compliance Policy and is reported to the Regulator.

Bank Mandiri has appointed Juliser Sigalingging as Group Head of Compliance & AML-CFT based on Board of Directors Decree No. KEP.DIR/HC.459/2020 dated 4 March 2020 concerning the Appointment and Designation of Employee Positions. Since October 2025, he has served as Group Head of Compliance following the separation of the AML-CFT function into a dedicated group.

Age : 54 Years old

Citizenship : Indonesian

Domicile : Jakarta

Educational Background

- Bachelor degree in Accounting Economics from University of Sumatera Utara (1996).
- Master degree in Financial Management from University of Satyagama (2000).

- Group Head Compliance Group (2025)
- Group Head of Compliance & AML CFT Group (2020).
- Chief Auditor of retail audit group (2015).
- PIC Chief Auditor of Retail Audit Group (2015).

Compliance Functions Duties and Responsibilities

The duties and responsibilities of the Compliance Group Head in carrying out compliance functions. in general are as follows:

1. Developing measures to support the creation of a Compliance Culture in all business activities of the Bank at every level of the organization.
2. Identifying. measuring. monitoring. and controlling Compliance Risk by referring to Financial Services Authority regulations regarding the Implementation of Risk Management for Commercial Banks.
3. Carrying out assessment and evaluation on the effectiveness. adequacy and suitability of policies. stipulations. systems and procedures of the Bank with the prevailing laws and regulations.
4. Reviewing and/or providing recommendations to update and refine the policies. regulations. systems and procedures of the Bank to be in accordance with Bank Indonesia regulations and prevailing laws and regulations.
5. Making efforts to ensure the policies. stipulations. systems and procedures. as well as the Bank's business activities are in accordance with the OJK regulations and prevailing laws and regulations.

Compliance Policies and Standard Procedures

Bank Mandiri has established comprehensive compliance policies and standard procedures to guide all employees in fostering a strong Compliance Culture. These policies ensure that the Bank's activities consistently align with prevailing laws and regulations and adhere to the principle of prudence. To maintain their relevance and effectiveness, the compliance policies and standard procedures are reviewed periodically, at least once a year, in accordance with the Bank's needs and any updates to relevant laws and regulations.

Bank Mandiri Compliance Policy

Bank Mandiri's Compliance Policy serves as a comprehensive guide for all employees to uphold and implement a strong Compliance Culture within the organization. The policy includes key components such as General Policy, Organizational Structure, Authority and Responsibility, Compliance Risk Management, Reporting, and Monitoring.

In addition. the Compliance Policy defines fundamental Compliance Principles. which consist of:

1. The Company always complies with prevailing laws and regulations and applies the principle of prudence in carrying out all its activities (mandatory).
2. The Board of Commissioners and Board of Directors are role models based on honesty and integrity hence the implementation of compliance becomes the Company's culture (starts from the top).
3. All levels of the Company are fully responsible for carrying out compliance in each of their respective activities.

Bank Mandiri Standard Compliance Procedures

The Standard Compliance Procedures provide in detailed the Compliance Policy. as a practical guide to implement the Compliance Function. The procedures cover key aspects such as Organization, duties, and responsibilities; Governance and compliance work programs; Execution of compliance functions; Compliance tools; Enhance the effectiveness of compliance functions; Identification and management of compliance risks; Mitigation strategies for compliance risks; as well as Collaboration between the Compliance Unit (SKK) and other key units. including Internal Audit Unit (SKAI) and Risk Management Unit (SKMR), particularly operational risk management.

The compliance function is implemented through Compliance Assurance Services (CAS), which include Supervisory services, Review/examination services, Consultation services, and Regulatory services.

Bank Mandiri Compliance Technical Guidelines

The Compliance Technical Guidelines outline the operational procedures and technical work processes in implementing compliance function. as a detailed elaboration of the Standard Compliance Procedures.

To support the implementation of the integrated compliance function. Bank Mandiri has established the Mandiri Group Principle Guideline (MGPG) and the Mandiri Subsidiary Management Principles Guideline (MSMPG). These guidelines serve as a framework for ensuring effective and consistent compliance practices across the financial conglomerate.

As the Main Entity. Bank Mandiri requires all financial institutions within the Financial Conglomerate to adopt compliance policies aligned with Bank Mandiri's Compliance Policy. These policies are tailored to meet the specific regulatory requirements of each industry within the respective Financial Services Institutions (LJK). For Overseas Units. the compliance policies are adjusted to adhere to the laws and regulations applicable in the local jurisdiction.

Compliance Strategy 2025

To support the achievement of Bank Mandiri's vision in 2025, Bank Mandiri has established a compliance strategy so as to minimize the possibility of compliance risks and improve the compliance culture in each of the Bank's activities.

Compliance Function Work Programs in 2025

To support the improvement of the Compliance Culture, the following were efforts made by the Company:

1. Strengthening Compliance Infrastructure and Function Systems
2. Improvement of Compliance Culture
3. Improvement of Human Resources (HR) Competence
4. Improvement of Awareness of Compliance Culture
5. Compliance Risk Management
6. Implementation of Governance
7. Strengthening Integrated Governance
8. Reward & Punishment in the Implementation of Compliance Functions

Compliance Work Plan Implementation in 2025

1. **Strengthening Compliance Function Infrastructure and Systems**

   The compliance infrastructure and systems currently in place at Bank Mandiri will be strengthened as follows:

   a. Reviewing and refining compliance policies, guidelines, and technical instructions.
   b. The management of digitalized and end-to-end integrated regulations is facilitated through the Integrated Policy and Procedure System (IPPS), which includes Policy & Procedure Corner (Popcorn) as a module for publishing and disseminating internal and external regulations.
   c. To drive the implementation of the code of conduct and support the Anti-Fraud Strategy (SAF) program, the Bank has also established a whistleblowing policy and reporting mechanism known as the Whistleblowing System - Letter to CEO (WBS-LTC). The WBS-LTC aims to detect irregularities and/or acts or indications of fraud within Bank Mandiri, promote awareness and concern among all employees, and enhance the company's reputation in the eyes of stakeholders.

2. **Improvement of Compliance Culture**

   As part of fostering a compliance culture, Bank Mandiri conducted a compliance testing program in Q3 2025 for all employees across the organization.

3. **Improvement of Human Resources (HR) Competence**

   To improve the quality of human resources and implement competency standards in compliance, the Bank will conduct a Compliance Certification program at the national level, which will be attended by all employees of the Compliance Unit and Compliance Unit in the Work Unit.

4. **Improvement of Awareness of Compliance Culture**

   As an effort to increase employee awareness on the importance of a Compliance Culture that can have an impact on compliance risk, the Bank conducts an awareness improvement program through the creation of a list of report obligations.

5. **Compliance Risk Management**

   Compliance risk management is carried out regularly to minimize the occurrence of compliance risks. The compliance risk management process that has been carried out are:

   a. Analysis of new provisions as a basis for preparing compliance risks and conducting prudential meetings with relevant work units to discuss the fulfilment of obligations for new regulations.
   b. Socialization of new provisions resumes to all employees through electronic media.

6. **Implementation of Governance**
   As a form of Bank Mandiri's commitment and consistency in implementing Governance to maintain business continuity, Bank Mandiri makes continuous improvements to the implementation of Governance. To improve the implementation of Governance continuously, Bank Mandiri conducts a Governance self-assessment – bank only based on POJK No. 17 of 2023 and SEOJK No. 14/ POJK.03/2025 concerning the Implementation of Governance for Commercial Banks.

7. **Strengthening Integrated Governance**
   The synergy of compliance with financial institutions in the Bank Mandiri Financial Conglomerate covers several subjects, including compliance risk management, and the implementation of Integrated Governance
   a. In relation to the integrated compliance risk management process, the Bank will hold a discussion forum on the compliance risks of each Financial Conglomerate, and monitor the implementation of the Financial Conglomerate compliance function in the Financial Conglomerate through regular quarterly reporting.
   b. In relation to the implementation of Integrated Governance, Bank Mandiri conducts a self-assessment of the implementation of Integrated Governance based on OJK Regulation No. 18/POJK.03/2014 and OJK Circular Letter No. 15/SEOJK.03/2015 concerning the Implementation of Integrated Governance for Financial Conglomerates. This self-assessment is conducted twice a year (in the June and December periods) and involves all entities within the Bank Mandiri Financial Conglomerate.
   c. In relation to the implementation of Integrated Governance, Bank Mandiri urges Financial Service Institutions in Financial Conglomerate to participate in Good Corporate Governance assessment activities by independent parties, namely The Indonesian Institute for Corporate Governance (IICG) with the aim of improving the application of the principles of Good Corporate Governance in the Financial Conglomerates of Bank Mandiri.

8. **Reward & Punishment in the Implementation of Compliance Functions**
   In order to develop the compliance function, the Internal Control Score (ICS) parameter has been prepared as one of the components of the performance assessment of Bank Mandiri's work units related to the implementation and role of the compliance function in each work unit. The evaluation is expected to improve the quality of compliance culture implementation and compliance risk management in minimizing risks that may occur due to non-compliance with prevailing regulations.

Evaluation of Compliance Function Effectiveness

The effectiveness of the Compliance Function is evaluated annually by the Compliance Director using the Annual Work Plan, KPIs, and non-KPI programs to support continuous improvement. KPI assessment covers four key areas: Financial, Customer, Internal Business, and Development. Based on the 2025 evaluation, the Compliance Function demonstrated strong performance in meeting regulatory requirements and internal standards.

Compliance Indicators in 2025

In 2025, Bank Mandiri established several compliance indicators to monitor, evaluate, and enhance compliance performance, as follows:

1. **Risk Profile**
   This indicator assesses the potential losses that the Bank may face from inherent Compliance Risk. Individually, the level of inherent Compliance Risk is categorized as low over a certain future period, while the quality of Compliance Risk Management implementation is considered adequate. In the event that minor weaknesses are identified, such weaknesses can be addressed through normal business activities. For 2025, the following can be conveyed:
   - Bank Mandiri's Inherent Compliance Risk is at Level 2 (Low to Moderate)
   - The Quality of Compliance Risk Management Implementation at Bank Mandiri is at Level 2 (Satisfactory)

2. **Compliance Testing Program**
   In order to build a culture of compliance, the Bank conducted a compliance testing program from 8 September to 19 September 2025, which was subsequently extended from 22 September to 30 September 2025. The program involved employees across all levels of the organization and was aimed at increasing employee awareness of applicable regulations and provisions.

IMPLEMENTATION OF ANTI-MONEY LAUNDERING, COUNTER-TERRORISM FINANCING, AND PREVENTION OF THE WEAPONS OF MASS DESTRUCTION PROGRAMS PROLIFERATION FINANCING

Bank Mandiri is committed to safeguarding financial system integrity through risk-based AML, CTF, and CPF programs. reinforced by advanced technology and consistent oversight across the organisation.

Bank Mandiri proactively responds to the rapid advancement of innovation and digitalization in the financial services sector through a digital-based business transformation program. The digital transformation forms an integral part of the Bank's long-term, bank-wide "Game Changing Technology" business strategy, aimed at improving competitiveness, operational efficiency, and service quality for customers.

Aligned with digital transformation, cybercrime threats such as account hacking, online gambling activities, and online fraud have also increased and may exploit banking services. Bank Mandiri balances its digital transformation by upholding prudential principles, security, and confidentiality, including strengthening risk mitigation to prevent the misuse of banking services for Money Laundering (ML), Terrorism Financing (TF), and/or the Financing of the Proliferation of Weapons of Mass Destruction (PFWMD).

The strengthening of Anti-Money Laundering (AML), Counter-Terrorism Financing (CTF), and Counter-Proliferation Financing of Weapons of Mass Destruction (PFWMD) programs is carried out in alignment with regulations, risk management practices, the Bank's Business Plan, and international best practices. Bank Mandiri's vision, "To become your preferred financial partner," is realized through a range of strategic initiatives across Procedures and Processes, Systems and Technology, and Human Resource development. This integrated approach is designed to enhance the effectiveness and optimization of the AML, CTF, and PFWMD programs, while ensuring the Bank's transaction monitoring and processing systems consistently meet both national and global compliance standards.

In 2025, Bank Mandiri once again reaffirmed its commitment to integrity in the implementation of AML, CTF, and PFWMD through the achievement of the **Highest Rating** in the **2025 Financial Integrity Rating on Money Laundering and Terrorism Financing** for the Core Capital-Based Bank Group 4 category, with a score of 9.55 (rated "**Very Good**"). This score exceeded the aggregate score of National Commercial Banks at 8.95 and the aggregate score of all National Reporting Entities (500 reporting entities) at 8.03.

In addition, Bank Mandiri also received various other awards, attaining the **highest rating** in **the 2025 Effectiveness Index Assessment of the AML–CTF Regime Performance,** recording a score of 8.56 (rated "Effective"), surpassing the national aggregate score of 6.53 (rated "Fairly Effective"). These achievements underscore Bank Mandiri's commitment and consistent efforts in implementing the AML, CTF, and PFWMD regimes in an effective and sustainable manner.

Bank Mandiri's commitment to integrity and performance effectiveness in implementing the AML, CTF, and PFWMD programs is demonstrated through its active participation in various strategic forums and regulatory coordination initiatives. These include serving as a drafting team member and key respondent in the National and Sectoral Risk Assessments; acting as a Subject Matter Expert in the Tactical Hub Project – Public–Private Partnership for the development of operational alerts on criminal offences; and providing analysis-based insights to enhance the quality of policies.

Bank Mandiri has also demonstrated a significant contribution through its support for national strategic programs that are a focus of monitoring by the Indonesian Financial Transaction Reports and Analysis Center (PPATK) and the Mutual Evaluation Review (MER) process by the Financial Action Task Force (FATF). In addition, Indonesia's success in becoming a full member of the FATF in October 2023 has strengthened Bank Mandiri's commitment to consistently and sustainably support the AML, CFT, and PFSPM regime Collectively, these achievements and contributions strengthen Bank Mandiri's role in advancing the AML, CTF, and PFWMD framework in Indonesia, enhance stakeholder confidence, and reflect the Bank's active participation in raising both national

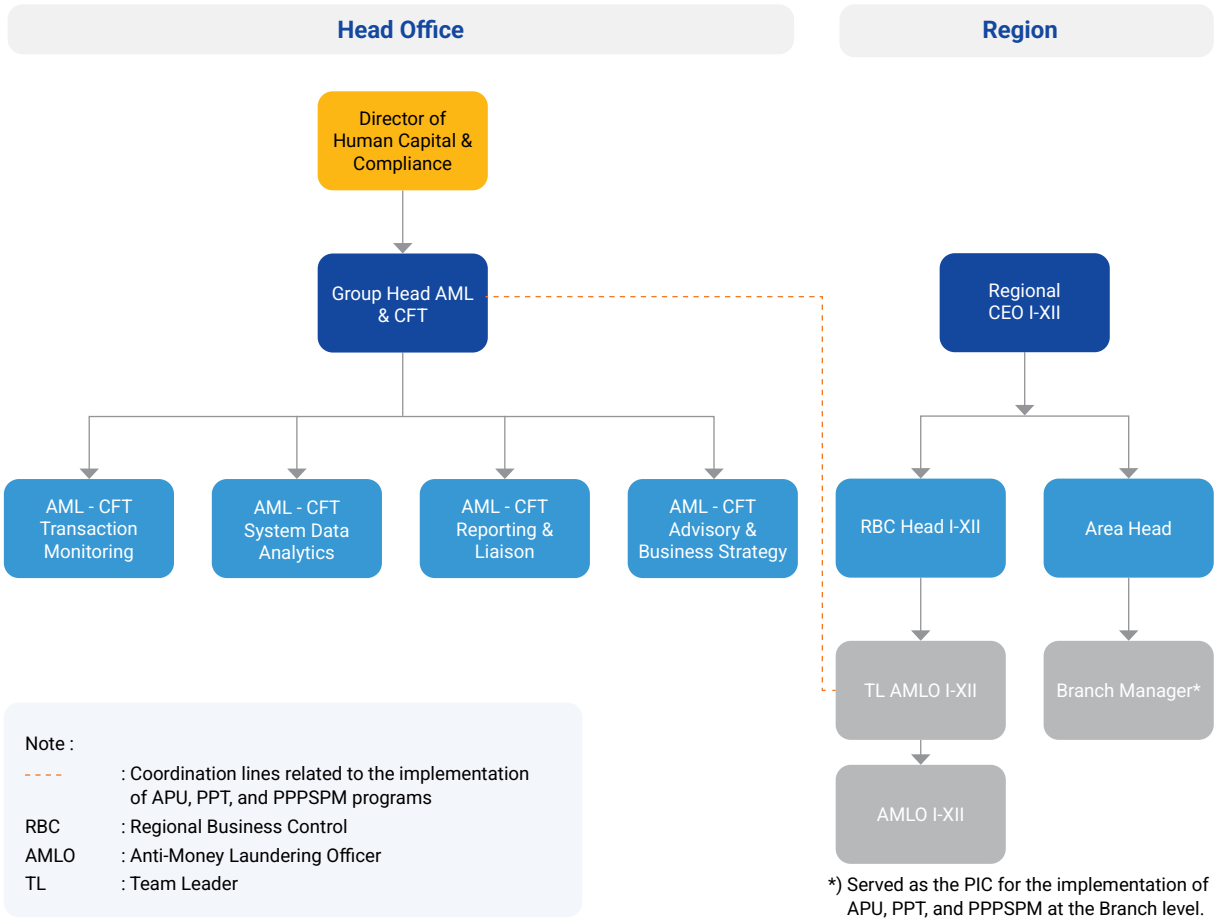
and global integrity standards.

AML. CTF. and PFWMD Organizational Structure

Bank Mandiri has established governance bodies that assign strategic oversight and management of the AML, CTF, and PFWMD programs to the Board of Directors and the Board of Commissioners. These bodies are responsible for ensuring the effective implementation of the AML, CTF, and PFWMD programs, including the management of strategic issues and matters of concern to regulators and/or stakeholders. Oversight of the AML, CTF, and PFWMD implementation is exercised through deliberations in meetings of the Board of Directors and the Board of Commissioners.

In 2025, Bank Mandiri undertook an organizational reorganization by establishing a dedicated AML & CFT Group, which was previously integrated within the Compliance Unit. The formation of the AML & CFT Group reflects Bank Mandiri's commitment and contribution to strengthening the implementation of the AML, CTF, and PFWMD programs in Indonesia. The AML & CFT Group now operates as a specialized unit reporting directly to the Director in charge of the Compliance Function. This organizational enhancement is intended to ensure independence and sharpen the Bank's focus on oversight, risk management, and compliance in the implementation of AML, CTF, and PFWMD programs, while also serving as a strategic response to emerging threats.

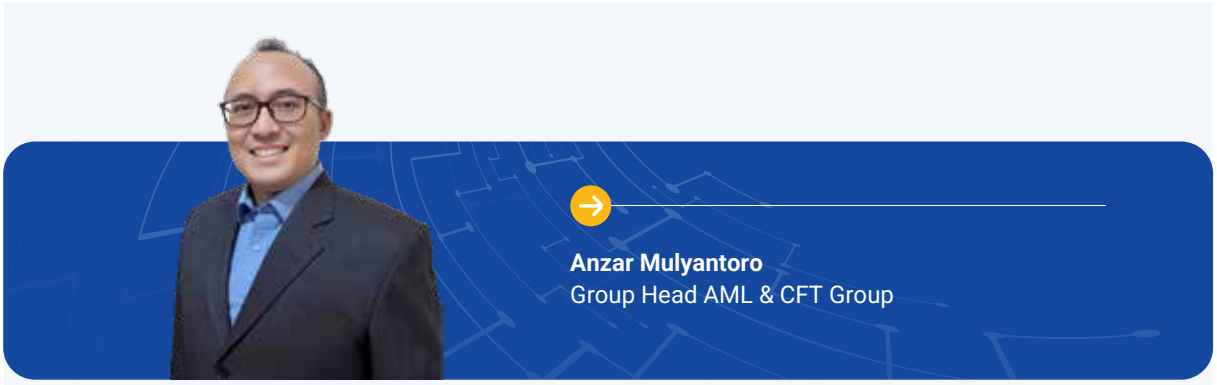
The establishment of the AML & CFT Group was also intended to sharpen roles and responsibilities in mitigating the misuse of Bank Mandiri's services by perpetrators of money laundering, terrorism financing, and the financing of the proliferation of weapons of mass destruction. In addition, the formation of the AML & CFT Group serves to strengthen oversight of the effectiveness of the AML, CTF, and PFWMD programs across all members of Bank Mandiri's Financial Conglomeration.



AML & CFT Group is led by Group Head AML & CFT in charge of carrying out supervision on AML, CTF, and PFWMD programs implementation at Bank Mandiri and the Mandiri Group Financial Conglomeration. Bank Mandiri has also appointed Anti-Money Laundering Officers (AMLOs) in each region across Indonesia (Regions I to XII), who act as the primary safeguards and subject matter experts for the implementation of the AML, CTF, and PFWMD programs at the regional level. In addition, Bank Mandiri designates Branch Managers as the persons in charge (PICs) for the implementation of the AML, CTF, and PFWMD programs at each branch.

In carrying out the oversight function over the adequacy of the implementation of the AML, CFT, and PFSPM Program in the Region, AMLO actively coordinates with the AML & CFT Group in aligning the implementation of the applicable AML, CFT, and PFSPM policies and procedures, as well as AMLO's standard work processes in supervising the implementation of AML, CFT, and PFSPM in the Region.

In addition, AMLO periodically submits monthly reports on the implementation of its duties and responsibilities in supervising AML, CFT, and PFSPM in the Region to the AML & CFT Group. Such reports include, among other things, follow-up actions on the results of Suspicious Financial Transaction indication analyses, the implementation of both onsite and on-desk Branch reviews, as well as initiatives to enhance AML, CFT, and PFSPM awareness at the Branch level.



In order to enhance the competencies of AMLOs located in the Regions and Overseas Branch Offices, the AML & CFT Group also periodically organizes training and attachment programs. These programs are focused on improving the quality of suspicious transaction analyses, as well as strengthening understanding of the applicable regulations and the latest trends and typologies.

The organizational structure for the AML, CTF, and PFWMD framework is illustrated as follows:

Profile of the Head of the Special Work Unit (UKK) for AML, CFT & PPFWMD

The UKK for AML, CFT & PPFWMD of Bank Mandiri is led by a Head of UKK for AML, CFT & PPFWMD (Group Head AML & CFT). Bank Mandiri has appointed Anzar Mulyantoro as Group Head AML & CFT based on Board of Directors Decree No. KEP.DIR/HC.1598/2025 dated 27 October 2025 on the Definitive Appointment of Employee Positions.

Anzar Mulyantoro
Group Head AML & CFT Group

Age : 48 Years Old

Citizenship : Indonesian

Domicile : Jakarta

Educational Background
Master of Management in Financial Management, Universitas Gadjah Mada (2007)

Professional Background
- Group Head AML & CFT (2025)
- Deputy Group Head Compliance & AML-CFT Group (2023)

Dutis and Responsibilities of AML, CFT & PPFWMD

In ensuring the effectiveness and adequacy of AML, CFT & PPFWMD Program implementation, the AML & CFT Group generally has the following duties and responsibilities:

1. Ensuring that policies and procedures related to AML, CFT & PPFWMD are developed, evaluated, and updated in alignment with prevailing regulations.
2. Ensuring appropriateness of development methodology and updating of Individual Risk Assessment (IRA) for money laundering, terrorism financing, and/or proliferation financing risks within the Bank.
3. Overseeing effectiveness of AML, CFT & PPFWMD Program implementation across the Bank Mandiri Financial Conglomeration.
4. Ensuring that the preparation and submission of AML, CFT & PPFWMD reports to regulators are carried out in a complete, accurate, timely manner and in line with established criteria.
5. Ensuring continuous enhancement of transaction monitoring systems and supporting systems for AML, CFT & PPFWMD Program implementation.
6. Ensuring effective management of working relationships, coordination, and communication with regulators, law enforcement agencies, and/or relevant authorities in AML, CFT & PPFWMD Program implementation.

Policies and Procedures for the Implementation of the AML. CTF. and PFWMD Programs

Bank Mandiri has established policies and procedures for the implementation of the AML, CTF, and PFWMD programs that are aligned with prevailing laws and regulations as well as international best practices. To maintain their relevance and effectiveness, these policies and procedures are reviewed periodically, at least once a year, taking into account the Bank's needs and developments in applicable regulations, with the details as follows:

1. AML, CTF, and PFWMD Policy

The AML, CTF, and PFWMD Policy serves as the Bank's guiding framework for the implementation of the AML, CTF, and PFWMD programs at a high-level, strategic, and long-term perspective. This policy governs key aspects, including organizational structure and authority; policy compliance and consistency; prudential principles; customer acceptance and Walk-In Customers (WIC); customer monitoring; implementation of the AML, CTF, and PFWMD programs across the branch network and subsidiaries; Know Your Employee; whistleblower protection; training; and reporting.

2. AML, CTF, and PFWMD Standard Procedures

The AML, CTF, and PFWMD Standard Procedures provide guidance for all parties within Bank Mandiri in implementing the AML, CTF, and PFWMD programs. These Standard Procedures, among others, govern the following aspects:

a. The determination of duties, responsibilities, and authorities of the Board of Directors, the Board of Commissioners, and the dedicated AML, CTF, and PFWMD Special Work Unit.
b. The implementation of Know Your Customer (KYC) for prospective customers, existing customers, Walk-In Customers (WIC), and Beneficial Owners (BO) as the basis for customer identification, monitoring, and risk management.
c. The implementation of the AML, CTF, and PFWMD programs in the provision of high-risk products and services, as well as in the use of supporting professional services.
d. The refusal of business relationships, transactions, and/or the termination of business relationships.
e. AML, CTF, and PFWMD reporting obligations to regulators and/or competent authorities.
f. Document administration and record-keeping.
g. The implementation of the AML, CTF, and PFWMD programs in overseas branches and financial conglomeration members.
h. Management information systems.
i. Human resources and training.

Implementation of the AML, CTF, and CPF Work Program in 2025

Throughout 2025, Bank Mandiri implemented a series of AML, CTF, and PFWMD work programs, with the following achievements:

1. **Policies and Procedures**
   a. Review and update of AML, CTF, and PFWMD policies and procedures.
   b. Update of the risk assessment for Money Laundering, Terrorism Financing, and/or Proliferation Financing (Individual Risk Assessment/IRA).
   c. Enhancement of customer data quality through customer data updating initiatives.
   d. Integrated evaluation and monitoring of the AML, CTF, and PFWMD programs application across the domestic and overseas branch network as well as members of the Financial Conglomeration.
   e. Identification, review, and assessment of ML, TF, and/or PFWMD risks related to the development of new technology-based products and existing products.
